

# POPULATION HEALTH MANAGEMENT (CERT)

## Graduate Certificate in Population Health Management

**Unit:** School of Public Health and Information Sciences (<https://louisville.edu/sphis/>)

**Department:** Health Management & Systems Sciences (<https://louisville.edu/sphis/departments/hmss/>)

Program Webpage ([https://louisville.edu/online/programs/certificate-programs/online-graduate-certificate-in-population-health-management/?utm\\_source=SPHIS-website-referral](https://louisville.edu/online/programs/certificate-programs/online-graduate-certificate-in-population-health-management/?utm_source=SPHIS-website-referral))

Academic Plan Code(s): PHM\_CGRO

The graduate certificate in Population Health Management provides students the foundational competencies of Population Health Management: governance and management of healthcare organizations, public health, health policy, and population health management.

Those interested in the possibility of pursuing the the Master of Science in Health Administration (MSHA) may use this program as a stepping stone towards completion of the MSHA degree. University policy states that, "Upon approval of the graduate program, students may apply the coursework from no more than one certificate program towards a graduate degree program." (See the Graduate Catalog, General Policies, Procedures and Requirements (<https://catalog.louisville.edu/graduate/general-policies-procedures-requirements/#text>) - **Transfer of Credit.**)

This program is available in an online (<https://louisville.edu/online/programs/certificate-programs/online-graduate-certificate-in-population-health-management/>) format only.

## Competencies

The successful student is able to demonstrate:

- Communication
- Innovative Thinking
- Interpersonal Understanding
- Organizational Awareness
- Self-Confidence
- Community Orientation
- Public Health Methods
- Analytic Thinking
- Collaboration
- Impact and Influence
- Information Seeking
- Financial Management

Prior to graduation, students in the program will have demonstrated these competencies by completing the curriculum.

## Admission Requirements

Applicants must have completed a baccalaureate degree from an accredited institution with a minimum of 2.75 GPA on a 4.0 scale.

Application requirements are submitted to the Graduate School and include:

- Graduate application (<https://louisville.edu/graduate/futurestudents/apply-materials/application/>) submitted to the Graduate School
- Official transcripts indicating conferral of a bachelor's degree from an accredited institution.
  - Transcripts from institutions outside of the United States will require a foreign credential evaluation.
- Curriculum vitae or resume
- One-page personal statement written by the applicant that is a clear, substantive description of his or her goals in public health and healthcare management.
- Application fee
- Students whose primary language is not English must show English language proficiency by attaining one of the following:
  - TOEFL score of 79 or higher (after conversion for test type)
  - IELTS test score of 6.5 or higher
  - Duolingo English test score of 105 or higher
  - Demonstration of a degree award from an acceptable English language institution, as formally documented by an appropriate institutional official.

For specific information about the degree program or the application process, students should contact the HMSS Program Coordinator ([sphishms@louisville.edu](mailto:sphishms@louisville.edu)).

## Application Deadline

Applications are accepted for the Fall semester. Preferred, to facilitate processing, application deadlines are August 1st. There are no Spring or Summer admissions.

## Program Information

This certificate includes twelve (12) credit hours of required coursework.

### Academic Standing

To maintain good academic standing in the Certificate in Population Health Management program, students must maintain a cumulative GPA of 3.0 or higher for all coursework in the program. A student must be in good academic standing in order to receive the degree.

Any Certificate in Population Health Management student with a program cumulative GPA below 3.0 will be placed in probationary status. Any student who remains in probationary status for two consecutive terms may be considered for dismissal from the program.

Code	Title	Hours
PHMS 505	Governance and Management of Healthcare Organizations	3
PHMS 520	Foundations of Public Health in Health Management	3
PHMS 610	Health Policy and Analysis	3
PHMS 509	Health Finance and Financial Management	3
<b>Minimum Total Hours</b>		<b>12</b>

If a student chooses to pursue the Master of Science in Health Administration (MSHA) degree at any time after enrolling in or completing the Certificate program, then all coursework completed within the preceding three years with a grade of B or better may be applied towards the coursework for the MSHA degree.

MSHA graduates or currently enrolled MSHA students are not intended to be eligible to receive their certificate as the CAHME-accredited degree is appropriate and sufficient development and credentialing.

Formerly enrolled MSHA students may apply for certificate admission and utilize previously earned credits (grades of B or higher) toward certificate completion.

### **Accreditation**

The School of Public Health and Information Sciences is accredited by the Council on Education for Public Health (CEPH).

The University of Louisville is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).

For more information, see the School of Public Health and Information Sciences accreditation webpage (<http://louisville.edu/sphis/accreditation/>).
