

NURSE PRACTITIONER - APRN (POST-GRADUATE CERTIFICATE)

Post-Graduate Certificate in Nurse Practitioner (APRN)

Unit: School of Nursing (<https://louisville.edu/nursing/>)

Academic Plan Code(s): NUPRCNPAGA, NUPRCNPAGP, NUPRCNPFNP, NUPRCNPPSY, NUPRCNPNNP, NURSCPGPAC

Program Information

The post-graduate APRN certificate program prepares registered nurses for eligibility and licensure for national certification in an advanced practice specialty. Students will progress through a specialized curriculum that focuses on the student's area of interest. Registered nurses holding a Master of Science degree in nursing or a terminal degree (e.g., PhD, EdD, DNP) are eligible to apply.

Six specialties are available:

- Adult Gerontology Acute Care Nurse Practitioner
- Adult Gerontology Primary Care Nurse Practitioner
- Family Nurse Practitioner
- Psychiatric/Mental Health Nurse Practitioner
- Neonatal Nurse Practitioner
- Pediatric Acute Care Nurse Practitioner

Please see Certificate Requirements tab for specific requirements for each specialty.

Admissions Criteria

A holistic review process is used when considering applications for admission. The holistic review considers multiple criteria for admissions, including the applicant's professional career goals, academic capabilities, grade point averages, work experience, leadership, and community engagement.

Only registered nurses holding a Master of Science degree in nursing or a terminal degree (e.g., PhD, EdD, DNP) are eligible to apply. To be considered for admission to the post graduate APRN certificate program, the following items must be submitted:

To the Graduate School

- University of Louisville Graduate Admission Application (<https://graduate.louisville.edu/admission/apply/>) with the application fee.

1. **Official Transcripts** representing all college course work. Graduate program degree in nursing must be from a regionally accredited institution and a CCNE-, ACEN-, or NLN-accredited nursing program. Recommended graduate cumulative grade point average of 3.0 on a 4.0 scale.
2. Applicants who have attended a college or university outside of the United States are also required to submit a course-by-course evaluation of their transcripts through World Education Services (<https://www.wes.org/>) (WES) or Educational Credential Evaluators (<https://www.ece.org/>) (ECE). Recommended graduate cumulative grade point average of 3.0 on a 4.0 scale.

3. **Two letters of recommendation** from individuals who can speak to your academic and/or professional capabilities and potential. Recommendations should be requested from former faculty members, current or immediate past employers, or other nursing/health professionals. Recommendations must have been completed within the last year.
4. **Current resume or curriculum vitae (CV)** including RN license number.
5. **Unencumbered RN license** from a US state board of nursing. (Prior to clinicals a RN license in the state of Kentucky or a compact state is required).
6. Upload a goal statement addressing the following: describe your reasons for applying to the selected track including your short and long term goals, your motivation for choosing your selected specialty, and explain your professional growth and development which has specifically prepared you for the specialty for which you have applied.
7. Students for whom English is not their primary language must show **English Proficiency** (<https://louisville.edu/graduate/futurestudents/application-directions/>).
8. Students offered admission will need to submit a Criminal Background check through the third-party vendor Castlebranch which will need to be approved prior to enrollment.

Additional requirements for acute care specialties:

Neonatal specialty: Minimum of one year of RN clinical experience in a Level III or Level IV NICU required prior to admission. All NNP applicants must have the equivalent of two years of full-time RN clinical experience (within the last 5 years) in Level III and/or IV NICU inpatient settings before beginning clinical courses.

Adult-Gerontology Acute Care specialty: One year of RN experience in the ICU or one year of RN experience in any area and a commitment to complete one year of RN clinical practice in an ICU before beginning clinical courses. Applicants that do not have one year of RN experience at the point of application, but will complete one year prior to beginning clinical courses, will satisfy the work requirement.

Pediatric Acute Care specialty: One year of RN experience in an acute care setting or one year of RN experience in any area and a commitment to complete one year in an acute care setting before beginning clinical courses.

Prerequisite Requirements

Code	Title	Hours
Core Courses		
NURS 740	Advanced Pharmacology ¹	3
NURS 741	Advanced Pathophysiology	4
NURS 742	Advanced Physical Assessment ¹	3
Minimum Total Hours		10

Advanced Practice Registered Nurse (APRN) Specialty Requirements

Minimum clinical hour requirements: APRNs seeking an additional specialty will complete a minimum of 504 population-specific clinical hours. All other students will be required to complete a minimum of 672 patient care clinical hours and 84 professional role clinical hours. Pediatric acute care nurse practitioner specialty requires a minimum of 588 clinical hours if there is no documentation of well-child care in

primary certification. 1 credit hour of clinical coursework is equivalent to 84 clinical clock hours.

A program of study for postgraduate applicants will be created based upon a gap analysis of all official college transcripts and professional credentials.

A minimum grade point average of 3.0 is required in all course work to meet graduation requirements.

Adult Gerontology Acute Nurse Practitioner

Academic Plan Code(s): NUPRCNPAGA

The patient population of the adult-gerontology acute care nurse practitioner practice includes the entire spectrum of adults including adolescents, adults, and aging adults. Acute care nurse practitioners work in the intensive care unit (ICU), progressive care unit (PCU), other hospital units and specialty provider's offices.

NURS 841	Clinical Seminar II	1
NURS 842	Clinical Practicum in the Advanced Practice Role (84 clinical hours) ^{2, 5}	1
Minimum Total Hours		30

Pediatric Acute Care Nurse Practitioner

Academic Plan Code(s): NURSCPGPAC

The pediatric acute care nurse practitioner (PACNP) is educationally prepared to provide advanced nursing care to meet the specialized needs of infants, children, adolescents, and young adults with complex, acute, critical, and chronic health conditions, including the delivery of acute care services, as delineated in the acute care nurse practitioner competencies. PACNPs work in hospital-based pediatric acute care areas, pediatric intensive care units, pediatric cardiac intensive care units, emergency departments, and pediatric specialty practices that manage acutely ill patients.

Minimum Total Hours		31

¹ Course not required for Neonatal specialty.

² Course not required for APRNs seeking a second specialty.

³ Course not required for APRN with PNP or FNP certification and evidence of previous coursework.

⁴ This course contains population specific patient care clinical hours. These hours should be considered direct patient care clinical hours.

⁵ This course contains 84 advanced practice professional role clinical hours. These hours should not be considered direct patient care clinical hours.

Graduates from the APRN certificate program are eligible for national certification in an advanced practice specialty upon graduation; however, educational preparation does not guarantee professional licensure. If you have questions regarding Kentucky APRN licensure, please contact the Kentucky Board of Nursing (<https://kbn.ky.gov/advanced-practice-registered-nurse/Pages/default.aspx>). For APRN licensure questions in other states, please contact the respective state board of nursing (<https://ncsbn.org/contact-bon.htm>).
