

ACCEPTANCE AND REGISTRATION

Acceptance and Registration Information

Applications should not be submitted until all minimum requirements have been satisfied or evidence has been provided that they will be satisfied before the date for which admission is requested. Acceptance to the School of Medicine is contingent upon satisfactory completion of all requirements and conditions of admission. Acceptance may be withdrawn for failure to maintain high scholastic or behavioral standards during the remainder of premedical training.

The Office of Medical Student Affairs (502) 852-5192 handles registration.

Immunization Standards

All students in the School of Medicine must show evidence of immunity to certain infectious diseases. In addition, the tuberculin skin test, required annually, must be current. Matriculants must provide evidence of immunization or immunity to these infectious diseases. Compliance with the immunization program is required by the start of the first semester of medical school.
