# UNDERGRADUATE

This catalog is applicable to students who enroll at the University of Louisville beginning Summer 2025 through Spring 2026. The University catalog is the official source for all degree program and academic requirements as well as institutional policies and procedures. It is the document of authority for all students. The program requirements listed in the catalog supersede any information which may be contained in the bulletin of any school or department.

The University of Louisville is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). To review UofL's official SACSCOC institutional disclosure, visit the Institutional and Professional Accreditation (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcatalog.louisville.edu%2Fundergraduate%2Fabout%2Finstitutional-professional-accreditation%2F&data=05%7C02%7Ckrista.young%40louisville.edu%7C1bbcd0c849f646c484cc08ddf070dc96%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638931089710368865%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=ASE2%2FRIRzdg5QdHh0ETVPoxQOQ7jEqqwyAUpYnT8Dbc%3D&reserved=0) catalog page.

The University of Louisville reserves the right to change programs of study, academic policies, academic requirements, fees, course information, procedures for the confirmation of degrees, or the announced academic calendar and related deadlines without prior notice.

The provisions of this publication do not constitute an express or implied contract between the University of Louisville and any member of the student body, faculty, or general public.

The University of Louisville is committed to and will provide equality of educational and employment opportunity for all persons regardless of race, sex, age, color, national origin, ethnicity, creed, religion, diversity of thought, disability, genetic information, sexual orientation, gender, gender identity and expression, marital status, pregnancy, or veteran status – except where sex, age, or ability represent bona-fide educational or employment qualifications or where marital or veteran status are statutorily defined eligibility criteria for Federal or State benefit programs. If responses from the unit staff are unsatisfactory, inquiries or complaints about illegal discrimination including sexual harassment or handicap access can be made to Employee Relations and Compliance (https://louisville.edu/hr/employeerelations/) by calling (502) 852–6258.

*The Redbook* is the official statement of the organizational structure, the rules of governance and procedures, and university-wide policies of the University of Louisville. If there is any conflict between the policies, procedures or other statements contained within this catalog, *The Redbook* shall govern. A copy of *The Redbook* is available electronically.

Additional policies and information covering students can be found in the Student Handbook (http://louisville.edu/dos/students/studentpoliciesandprocedures/student-handbook/).

Admissions criteria for many of the colleges and schools are reviewed periodically. Students should contact their anticipated unit or the Office of Admissions for information on the requirements in effect at the time of admission.

Students should check with their academic advisor concerning the Cardinal Core or General Education Requirements in effect at the time of their admission.

# About the University of Louisville

Founded in 1798 as one of the nation's first city-owned, public universities, the University of Louisville (UofL) is a vital ecosystem that creates thriving futures for students, our community and society.

As one of only 102 universities in the United States to earn recognition by the Carnegie Foundation as both a Research 1 and Community Engaged university, we are uniquely positioned to impact lives in areas of student success and research and innovation, while our dynamic connection with our local and global communities provides unparalleled opportunities for students and citizens both.

Located just south of the heart of Kentucky's largest city, UofL's Belknap Campus is home to eight of the university's 12 academic schools and colleges: the College of Arts and Sciences, the College of Business, the College of Education and Human Development, the J.B. Speed School of Engineering, the Graduate School, the Brandeis School of Law, the School of Music and the Kent School of Social Work and Family Science. The Health Sciences Center is located in downtown Louisville's medical complex and is home to the schools of Medicine, Nursing, Dentistry and Public Health and Information Sciences, along with University of Louisville Hospital and UofL Health - Jewish Hospital. The UofL Health enterprise includes eight hospitals, four medical centers, the Frazier Rehab Institute, Brown Cancer Center and nearly 200 physician practice locations. Shelby Campus, located in eastern Louisville, is home to several university centers, as well as the Shelbyhurst office park for business and technology endeavors.

## Redefining student success

At UofL, we prepare today's students to be tomorrow's leaders, whatever their passions may be. UofL's more than 24,000 students study in 12 schools and colleges offering undergraduate degrees in more than 70 fields, master's degrees in over 80 areas, and doctoral and professional degrees in more than 35 disciplines. UofL is a producer of top scholars, including over 170 Fulbright Scholarships awarded since 2003 – more than all other Kentucky four-year public institutions combined.

An active student body enriches the educational experience at UofL. As of fall 2024, students of color represent over 34% of student enrollment. Kentucky residents account for a majority of UofL's student population; however more than 26% of our students are from all other U.S. states and territories and we have a growing population of international students. This dynamic tapestry of perspectives helps our Cardinal Community fuel positive change.

Beyond academics, UofL invests in the whole student, providing support and resources that allow for transformative, purpose-driven and engaged learning. We are committed to ensuring access to higher education for all, including increasing the availability of financial aid for low-income and first-generation college students and providing additional support and resources for underrepresented populations. UofL is recognized among the nation's best institutions for African American, LatinX and LGBTQ+ students. We also have been repeatedly designated a military friendly school. By striving for a more accessible campus community, UofL aims to change the course of future generations while preparing students for the careers, workplaces and complex challenges of tomorrow.

## Research and innovation powerhouse

At UofL, we don't only push for progress among our students. We also harness the power of innovation to better our community and beyond. The university aims to advance health, empower communities and engineer the future economy through discoveries that will build a better world. In 2024, the university received $188 million in competitive research funding.

Research has long been a cornerstone of UofL, where undergraduates and graduate students work side by side with experts in their fields. The university is a leader in manufacturing and technology, and it has earned international acclaim for groundbreaking breakthroughs in medicine, including transplantation, cancer research, cardiac care and spinal cord research. Across our three campuses, faculty and student researchers are driven by impact, pushing boundaries in scholarship and creative activity and aided by leading-edge computer systems and laboratories focusing on high-demand fields including bioengineering, nanotechnology and artificial intelligence. With the belief it takes only one spark to ignite world-changing innovation, we are not only creating, but applying knowledge that improves lives.

## Premier metropolitan university

With an alumni network more than 170,000 strong, the magnitude of Cardinal achievements is felt across the world. At home, the university is an anchor institution for the city and state, one of Louisville's largest employers and contributes significantly to the cultural and intellectual life of the community. The city serves as a classroom for UofL students, who benefit from internships and co-ops with businesses including local startups and global corporations. Access to powerful partnerships with GE, Yum! Brands, UPS, Humana and other top employers improves students' educational experience, giving them the opportunity to apply their knowledge toward real-world projects and issues.

Our students, faculty and staff also engage in service with a purpose, setting out to impact the economic, social and cultural health and well-being of communities while empowering students to make a difference. In 2024, university members give back by participating in more than 19,900 instances of engaged teaching, research, and service. For more than a decade, UofL's Signature Partnership initiative has worked to enhance historically underserved areas of the city and is recognized as a national model for community engagement.

UofL's dedication to student success and research that benefits the local and global community earned its recognition as one of the Top 100 public universities in the nation, according to 2024 rankings from U.S. News and World Report. Through the university's approach to education, innovation and connection, Cardinals make impacts that make a difference, shaping a better future for all.

## 2025-2026 Academic Calendars by Term

## Summer 2025

### Summer 2025 Term I

| | | |
|---|---|---|
| Classes start | May 5 | Monday |
| Last day to drop/add | May 6 | Tuesday |
| Last day to withdraw | May 15 | Thursday |
| Last day of classes | May 23 | Friday |
| Last day to apply for degree | July 7 | Monday |
| Degree date | August 8 | Friday |

### Summer 2025 Term II

| | | |
|---|---|---|
| Classes start | May 27 | Tuesday |
| Last day to drop/add | May 29 | Thursday |
| Last day to withdraw | June 16 | Monday |
| Juneteenth holiday | June 19 | Thursday |
| Last day of classes | July 1 | Tuesday |
| Last day to apply for degree | July 7 | Monday |
| Degree date | August 8 | Friday |

### Summer 2025 Ten-Week Term

| | | |
|---|---|---|
| Classes start | May 27 | Tuesday |
| Last day to drop/add | May 30 | Friday |
| Juneteenth holiday | June 19 | Thursday |
| Independence Day holiday | July 4 | Friday |
| Last day to apply for degree | July 7 | Monday |
| Last day to withdraw | July 9 | Wednesday |
| Last day of classes | August 6 | Wednesday |
| Degree date | August 8 | Friday |

### Summer 2025 Term III

| | | |
|---|---|---|
| Classes start | July 7 | Monday |
| Last day to apply for degree | July 7 | Monday |
| Last day to drop/add | July 9 | Wednesday |
| Last day to withdraw | July 25 | Friday |
| Last day of classes/ degree date | August 8 | Friday |

### J.B. Speed School of Engineering Summer 2025 Term

| | | |
|---|---|---|
| Classes start | May 12 | Monday |
| Last day to drop/add | May 15 | Thursday |
| Memorial Day holiday | May 26 | Monday |
| Juneteenth holiday | June 19 | Thursday |
| Last day to withdraw | June 24 | Tuesday |
| Independence Day holiday | July 4 | Friday |
| Last day to apply for degree | July 7 | Monday |
| Last day of classes | July 21 | Monday |
| Final exam period | July 22-26 | Tuesday - Saturday |
| Degree date | August 8 | Friday |

### Kent School of Social Work Summer 2025 Term

| | | |
|---|---|---|
| Classes start | May 5 | Monday |
| Last day to drop/add | May 8 | Thursday |
| Memorial Day holiday | May 26 | Monday |
| Juneteenth holiday | June 19 | Thursday |
| Last day to withdraw | June 20 | Friday |
| Independence Day holiday | July 4 | Friday |
| Last day to apply for degree | July 7 | Monday |
| Last day of classes | July 21 | Monday |
| Degree date | August 8 | Friday |

### School of Nursing Summer 2025 Term

| | | |
|---|---|---|
| Classes start | May 19 | Monday |
| Last day to drop/add | May 22 | Thursday |
| Memorial Day holiday | May 26 | Monday |
| Juneteenth holiday | June 19 | Thursday |
| Last day to withdraw | June 26 | Thursday |
| Independence Day holiday | July 4 | Friday |
| Last day to apply for degree | July 7 | Monday |
| Last day of classes | July 28 | Monday |
| Degree Date | August 8 | Friday |

### School of Nursing APRN/DNP Summer 2025 Term

| | | |
|---|---|---|
| Classes Begin | May 14 | Wednesday |
| Last day to drop/add | May 19 | Monday |
| Memorial Day holiday | May 26 | Monday |
| Juneteenth holiday | June 19 | Thursday |
| Independence Day holiday | July 4 | Friday |
| Last day to withdraw | July 7 | Monday |
| Last day to apply for degree | July 7 | Monday |
| Last day of classes | August 8 | Friday |
| Degree Date | August 8 | Friday |

## Fall 2025

| | | |
|---|---|---|
| **Regular Full-Term Courses** | | |
| Classes start | August 18 | Monday |
| Last day to drop/add | August 22 | Friday |
| Last day to withdraw | October 17 | Friday |
| Last day to apply for degree | November 14 | Friday |
| Last day of classes | December 1 | Monday |
| Reading day | December 2 | Tuesday |
| Final examinations | December 3-9 | Wednesday - Tuesday |
| **First Half-Term Courses** | | |
| Classes Start | August 18 | Monday |
| Last day to drop/add | August 20 | Wednesday |
| Last day to withdraw | September 16 | Tuesday |
| Last day of classes/ final exam (if needed) | October 8 | Wednesday |
| Last day to apply for degree | November 14 | Friday |
| **Second Half-Term Classes** | | |
| Classes start | October 9 | Thursday |
| Last day to drop/add | October 13 | Monday |
| Last day to withdraw | November 6 | Thursday |
| Last day to apply for degree | November 14 | Friday |
| Last day of classes/ final exam (if needed) | December 1 | Monday |
| **Holidays, Degree Date, and Commencement** | | |
| Labor Day holiday | September 1 | Monday |
| Fall break | October 6-7 | Monday - Tuesday |
| Thanksgiving break | November 26-30 | Wednesday - Sunday |
| Degree date | December 12 | Friday |
| December commencement | December 12 (subject to venue availability) | Friday |

## Winter 2025-26

| | | |
|---|---|---|
| Classes Start | December 15 | Monday |
| Last day to drop/add | December 16 | Tuesday |
| Holiday (no classes) | December 25 | Thursday |
| Last day to withdraw | December 26 | Friday |
| Last day of classes | January 5 | Monday |
| Final exam (if needed) | January 6 | Tuesday |

## Spring 2026

| | | |
|---|---|---|
| **Regular Full-Term Courses** | | |
| Classes start | January 7 | Wednesday |
| Last day to drop/add | January 13 | Tuesday |
| Last day to withdraw | March 6 | Friday |
| Last day of classes | April 22 | Wednesday |
| Reading day | April 23 | Thursday |
| Final examinations | April 24-30 | Friday - Thursday |
| **First Half-Term Courses** | | |
| Classes Start | January 7 | Wednesday |
| Last day to drop/add | January 9 | Friday |
| Last day to withdraw | February 5 | Thursday |
| Last day of classes/ final exam (if needed) | February 25 | Wednesday |
| Last day to apply for degree | April 14 | Tuesday |
| **Second Half-Term Classes** | | |
| Classes start | February 26 | Thursday |
| Last day to drop/add | March 2 | Monday |
| Last day to withdraw | April 2 | Thursday |
| Last day to apply for degree | April 14 | Tuesday |
| Last day of classes/ final exam (if needed) | April 22 | Wednesday |
| **Holidays, Degree Date, and Commencement** | | |
| Martin Luther King holiday | January 19 | Monday |
| Spring break | March 9-15 | Monday - Sunday |

| | | |
|---|---|---|
| Degree date | May 9 | Saturday |
| Spring commencement | May 9 (subject to venue availability) | Saturday |

Note: The University reserves the right to change the announced academic calendar without prior notice.

## Policy on Work-Restricted Religious Holy Days

Federal law and University policy prohibit discrimination on the basis of religious belief. It is the policy of the University of Louisville to accommodate students, faculty, and staff who observe religious work-restricted holy days. Students who observe work-restricted religious holy days must be allowed to do so without jeopardizing their academic standing in any course. Faculty are obliged to accommodate students' request(s) for adjustments in course work on the grounds of religious observance, provided that the student(s) make such request(s) in writing during the first two (2) weeks of term.

Deans and department chairs must investigate and resolve student complaints arising from alleged faculty failure to make reasonable accommodation under these guidelines.

A calendar of typical work-restricted holy days is available through the university's calendars pages (https://louisville.edu/calendars/).

# Academic Freedom

Academic institutions in a democratic society exist for the pursuit of truth, the development and conservation of knowledge, the transmission of learning, and the enhancement of the general well-being of such society. Free inquiry and free expression are indispensable to the attainment of these goals. The University of Louisville is, therefore, committed to protecting the academic freedom of all members of the University community.

Freedom to learn and freedom to teach are inseparable facets of academic freedom. Students have a right to their own views on matters of opinion, rather than fact, and a right to express those views in appropriate ways without fear of arbitrary reaction or improper disclosure of such opinions outside the classroom.

Teachers are entitled to full freedom in research, publication, academic evaluation, and classroom expression. Academic freedom carries the corresponding responsibilities to be thoroughly prepared and well informed in their fields of knowledge and to be scrupulous in distinguishing between personal and professional judgments and between fact and opinion.

Membership in the academic community imposes on students, faculty, staff, administrators, and trustees of the University an obligation to adhere to standards of academic honesty, to respect the dignity of others, to acknowledge their right to express differing opinions, and to foster and defend intellectual honesty, freedom of inquiry and instruction, and free expression both on and off the campus.

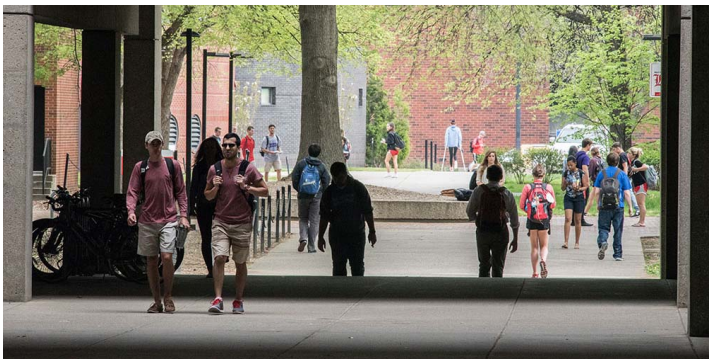
# Americans with Disabilities Act



## Americans with Disabilities Act

The University of Louisville (UofL) is committed to providing equal opportunity for persons with disabilities. This commitment includes complying with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. UofL strives to maintain a barrier-free, welcoming environment for all qualified persons with disabilities.

The university's ADA Coordinator will monitor compliance and assists unit heads in meeting equal opportunity obligations. The ADA coordinator is located in Grawemeyer Hall:

**ADA Coordinator**
Grawemeyer 202
(502) 852-0769
https://louisville.edu/ada (https://louisville.edu/ada/)

The Disability Resource Center staff (502-852-6938) will assist the University community by serving as an information resource center and coordinating support services for students with disabilities. No otherwise qualified individual with a disability shall, solely by reason of such disability, be excluded from participation in, be denied benefits of, or be subjected to discrimination in university programs. The President, Board of Trustees, Student Government, Faculty and Staff Senates affirm UofL's long standing and continuing commitment to Equal Opportunity for persons with disabilities.

### Formal Student ADA Complaint Procedure

The university has a continuing responsibility to monitor and maintain its compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) and their implementing regulations. Internal student complaints alleging non-compliance with the ADA and/or Section 504 should follow the university's complaint procedure (https://louisville.edu/disability/students/formal-complaint-procedure/).

The university's formal complaint procedure provides for prompt and equitable resolution of complaints.
Complaints should be directed to the UofL ADA Coordinator at (502) 852-0769 or adacoord@louisville.edu.

### Filing a Formal Complaint of Disability Discrimination

A complaint must be filed in writing with the Coordinator. The complaint should contain the name and address of the person filing it and a brief description of the alleged violation. Upon receipt of the written complaint,

the Coordinator or his designee shall acknowledge receipt within five workdays.

A complaint should be filed within 180 days after the complainant becomes aware of the alleged violation; however, a complaint filed after that point may be investigated in accordance with this procedure as necessary, in the judgment of the ADA Coordinator, to ensure the university's compliance with the ADA and/or Section 504.

An investigation, as may be appropriate, shall follow a filing of complaint. The Coordinator's office shall conduct the investigation. This University complaint procedure involves an informal but thorough investigation, affording all interested persons and their representatives, if any, an opportunity to submit information relevant to a complaint.

Following completion of the investigation, a written determination as to the validity of the complaint and a description of the resolution, if any, shall be issued by the Coordinator's office and a copy forwarded to the complainant and any individually-named respondent within 60 days of the date the complaint was filed. Should extenuating circumstances (e.g., unavailability of key witnesses, family emergency of investigative staff, etc.) prevent completion of the investigation and determination process within 60 days, the complainant and any individually-named respondents will be timely notified in writing, and will be kept apprised of the status of the Coordinator's handling of the complaint through resolution. In all disputes arising under Section 504 or the ADA the proper standard of proof is preponderance of the information (i.e., more likely than not that the violation alleged in the complaint is true).

The Coordinator's Office shall maintain the files and records relating to the complaints filed.

### Requesting Reconsideration of a Determination

The complainant (and any individually named respondent, as appropriate) may request a reconsideration if dissatisfied with the Coordinator's determination. The request for reconsideration should be made in written or electronic form within 15 workdays to the Coordinator's Office.

Requests for reconsideration must present information showing that:

- The original determination applied the incorrect standard or applied the applicable standard incorrectly to the facts of the case; or
- New information that might affect the outcome of the determination but was not available to the Coordinator at the time of the original determination is now available and should be considered.

The Coordinator shall, barring extenuating circumstances that preclude a more timely response (in which case the complainant shall be updated as to the status of the reconsideration request), rule upon the request for reconsideration within 15 workdays after receipt of the request.

An Internal ADA complaint does not preclude other remedies.

The right of a person to a prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies such as the filing of a discrimination complaint with the responsible federal department or agency. Use of this complaint procedure is not a prerequisite to the pursuit of other remedies, nor does one's pursuit of outside remedies preclude one's filing a complaint pursuant to this procedure.

These rules shall be construed to protect interested persons, to meet appropriate due process standards, and to assure that the university complies with the ADA, Section 504, and their implementing regulations.

# Drug-Free Schools and Campuses

# Drug-Free Schools and Campuses

## Drug-Free Schools and Crime Awareness, Campus Security Information Report 1993, and Communities Act Amendments of 1989

### Purpose and Goal

The University of Louisville is committed to protecting the safety, health and wellbeing of all students, faculty, and staff and other individuals in our workplace. As a recipient of federal grants and contracts, the university gives this notice to students, faculty, and staff that it is in compliance with the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V Subtitle D) and the Drug-Free Schools and Communities Act Amendment of 1989. Students, faculty and staff are herein notified of the standards of conduct that will be applicable while on university property, business, and/or at university-sponsored activities. This policy is incorporated and is a part of the official University of Louisville Policies and Procedures.

This policy recognizes that student, faculty, and staff involvement with alcohol and other drugs can be very disruptive, adversely affect the quality of work or academic performance of student, faculty, and staff, pose serious health risks to users and others, and have a negative impact on productivity and morale.

As a condition of employment or enrollment, the university requires that students, faculty, and staff adhere to a strict policy regarding the use and possession of drugs and alcohol. The university encourages students, faculty, and staff to voluntarily seek help with drug and alcohol problems.

### Prohibited Behaviors

Under university regulations, federal law, state law, and, in some instances, local ordinance, students, faculty, and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on university property, on university business and/or at university-sponsored activities. Under this policy, students, faculty and staff are required to abide by state laws concerning alcoholic beverages.

Kentucky law (https://apps.legislature.ky.gov/) (KRS 244.085 (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=50405)) states that, if one is under the age of 21, it is unlawful to:

- Possess or consume alcoholic beverages,
- Misrepresent one's age for the purpose of purchasing alcoholic beverages, or
- Use a fake ID in an attempt to purchase alcoholic beverages.

It is unlawful for anyone of any age to:

- Procure any alcoholic beverages for anyone under 21 years of age,
- Drink or be intoxicated in a public place (Public Intoxication KRS 525.100 (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=19929))

University campuses and buildings are considered as public places for purposes of these laws, except for a facility licensed to serve alcoholic beverages, and a facility used as a private residence, unless university regulations state otherwise. Ordinances of the Greater Louisville area parallel the state laws.

The specifically defined standards of conduct, the disciplinary procedures, and the appropriate sanctions are detailed in the Code of Student Conduct (p. 101), Personnel Policies and Procedures (PER-5.01), Staff Handbook (Disciplinary Action, page 8.2) and *The Redbook*.

In addition, it is a violation of state law to operate a motor vehicle while under the influence of any substance that may impair one's driving ability (drugs or alcoholic beverages).

Prescription and over-the-counter drugs are not prohibited when taken in standard dosage and/or according to a physician's prescription. Any student, faculty, and staff taking prescribed or over-the-counter medications will be responsible for consulting the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with job or academic performance.

The illegal or unauthorized use of prescription drugs is prohibited. It is a violation of our drug-free workplace to intentionally misuse and/or abuse prescription medications. Appropriate disciplinary action will be taken if job or academic performance deterioration and/or other accidents occur.

## Consequences for Violating This Policy

Under university regulation, students who violate this standard of conduct are subject to student conduct action from a warning to expulsion from the University. Students who reside in university housing are subject to further conduct action that may vary from a warning to termination of their housing contract.

## Notice of Drug-Related Conviction

In compliance with the Federal Drug-Free Workplace Act of 1988, any employee shall notify the immediate supervisor if the employee is convicted of a criminal drug offense occurring in the workplace or while on university business within five days of the conviction. The university shall take appropriate sanction and remedies in accordance within its policies. The provisions of this section are applicable to students who are employees of the university. If the employee is under a federal contract or grant, the university shall notify the contracting or granting agency of the conviction and of its actions. This section of this policy is also applicable to students who receive a Pell grant (federal grant).

## Health Risks

The scope and impact of health risks from alcohol and drug use are both alarming and well documented, ranging from mood-altering to life- threatening, with consequences that extend beyond the individual to family, organizations and society at large. The university, therefore, conducts regular programs to educate its students, faculty, and staff that consumption and use of drugs may alter behavior, distort perception, impair thinking, impede judgment, and lead to physical or psychological dependence.

Alcohol and/or drug use may lead to the deterioration of physical health by causing or contributing to various health conditions including but not limited to fatigue, nausea, personal injury, insomnia, pathological organ damage, some forms of cancer, pancreatitis, heart attack, respiratory depression, birth defects, convulsions, coma, and even death. Alcohol and drug use may also result in deterioration of mental health by causing or contributing to various conditions such as increased aggression, hallucinations, depression, disorientation, and psychosis.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse.

Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and intellectual disabilities. In addition, research indicates that children of alcoholic parents are at greater risk than other children of becoming alcoholics.

## Training, Counseling, and Resources

The University of Louisville is committed to the overall health and well-being of students, faculty, and staff and encourages a compassionate university.

## Required online sexual assault prevention training programs

Consistent with federal law, UofL requires, as a condition of course registration, that all incoming students complete online sexual assault prevention training. Emails are sent to each student's UofL email account (beginning about 5 weeks before their first semester begins) to provide specific directions for accessing the training program. There is no fee for this program.

The university also recommends an online alcohol awareness training that is available. There is no fee for this program.

Visit the Title IX (https://louisville.edu/titleix/) website for more information.

## Kentucky Medical Amnesty Law

KRS 244.992 (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=42516) Medical amnesty for persons reporting an alcohol overdose:

(1) A person shall be immune from prosecution for the criminal offenses identified in subsection (2) of this section if:

(a) A law enforcement officer has contact with the person because the person:

1. Requests emergency medical assistance for himself or herself or another person;
2. Acts in concert with another person who requests emergency medical assistance; or
3. Appears to be in need of emergency medical assistance and is the individual for whom the request is made

See KRS 244.992 for full text.

## Good Samaritan Consideration

The health and safety of our students is of the highest priority. At times, students may need immediate medical or other professional assistance. However, students may be reluctant to get help because of concerns that their own behavior may be a violation of the Code of Student Conduct (p. 101). Although policy violations cannot be overlooked, the University will consider the positive impact of reporting an incident when determining the appropriate response for policy violations.

Continuous efforts are made to make students, faculty, and staff aware of programs that provide information and professional services on matters related to the abuse of alcohol and drugs.

The Building Resilience In Campus Community (BRICC) Coalition**,** Counseling Center, Health Promotion Office, The PEACC Center, and the University of Louisville Police Department provide a number of programs and workshops using a tiered approach: a) primary prevention in the form of awareness, skill-building, and risk-reduction for all students and b) targeted presentations for specific high-risk populations.

The University Counseling Center is committed to assisting students with their mental health, personal development, and academic development. Because substance use is often connected to other personal/psychological issues, students coming to the Counseling Center with alcohol and substance use concerns are provided with support, appropriate therapeutic interventions, and referrals when necessary.

# History of the University

On April 3, 1798, eight men declared their intention to establish the Jefferson Seminary in Louisville and called upon their fellow citizens to join them in pledging funds for land, buildings, and teachers. Occurring a few weeks after the Kentucky legislature had chartered this academy and several others in the new state, this event marked the beginning of an advanced level of education for the young people of a frontier settlement barely two decades old. Near the end of the eighteenth century these early Louisvillians took the first steps on a journey that would link them with succeeding generations to the modern University of Louisville.

Jefferson Seminary struggled. It did not open until the fall of 1813, and in 1829 it closed. The Louisville Medical Institute (LMI), chartered in 1833, opened in 1837, and the Louisville Collegiate Institute (LCI) was chartered the same year. In 1840 LCI was renamed Louisville College and in 1844 it inherited the portion of the estate of Jefferson Seminary designated for the use of higher education in Louisville. LMI attracted large enrollments and prospered financially, but the college had difficulty remaining open. Proponents of grass roots democracy wanted to divert a portion of the medical school's resources to the college. They won a partial victory in 1846, when the Kentucky legislature created the University of Louisville proper, combining the medical school, the college and a newly created law school. Although there was now a common board of trustees, each division retained financial autonomy, and the college did not survive.

During the 19th century most of the professors in UofL's medical and law schools were drawn from the ranks of local physicians and attorneys who considered teaching a part-time vocation. By the 1880s and 1890s, however, the university felt pressure from educational reformers who not only believed schools should employ full-time instructors but who also advocated well-enforced national standards for academic training. In 1907 this trend contributed to the revival of the liberal arts college, which had been all but forgotten during the second half of the century. A much more vibrant university added new programs – the Graduate School (1915), School of Dentistry (1918), Speed Scientific School (1925), University College (1928-1982), Louisville Municipal College for Negroes (1931-1951), School of Music (1932) and Kent School of Social Work (1936) – conformity to accreditation guidelines became increasingly important. Expanded academic programs and the adherence to higher educational standards led to the appointment of full-time administrators before America's entry into World War I.

World War II and the postwar era brought major changes to UofL. Shortly after the war, a movement began to close the all-black Louisville Municipal College and desegregate the university on all levels. This was accomplished in 1950 and 1951. In 1953 the School of Business was created. Perhaps the most dramatic development of the postwar period was the movement of tax-paying citizens from the city to the suburbs. Because UofL was municipally funded, this caused a damaging drain on the school's revenue. As early as 1965, a governor's task force suggested the possibility of the university's joining the state system of higher education, which it did in 1970.

Since the late 1960s the university has added several new academic units, including the School of Education (1968), the School of Justice Administration (1969), the School of Nursing (1979), and the College of Urban and Public Affairs (1983). In 1992 the latter school was eliminated and its functions distributed to other units. In the same year the School of Justice Administration moved to the College of Arts and Sciences, and the Kent School of Social work joined the Division of Allied Health to form the new College of Health and Social Services. In 1996 the functions of the College of Health and Social Services were realigned

resulting in a separate Kent School of Social Work and a School of Allied Health Sciences. By 1999 Allied Health had given way to the School of Public Health and Information Sciences. In 2001 the School of Education became the College of Education and Human Development, and in 2003 the Speed Scientific School was renamed the J.B. Speed School of Engineering.

All of these schools have won their share of national acclaim. So too have UofL's athletic programs, with multiple NCAA Division I men's basketball championships; competitive football and baseball programs; and top-flight women's basketball and volleyball teams, among others. During "The Year of the Cardinal," in 2013, the Louisville Cardinals became the first university ever to win a BCS Bowl game, place both men's and women's basketball teams in the NCAA Final Four and reach the College World Series.

One of the nation's first city-owned, public universities, UofL has a long history of dedication to the needs of the Louisville urban area. In 2007, the university reaffirmed that mission through implementation of its Signature Partnership initiative, which formalizes its commitment to improving the lives of residents of some of Louisville's most disadvantaged neighborhoods. In 2019, the university's presence in West Louisville was expanded to include a newly remodeled building in the Portland neighborhood, dedicated to additional space for the College of Arts & Sciences' Fine Art and Anthropology programs.

The university continues to grow and innovate to meet the changing needs of the commonwealth. New academic programs and innovative forms of instruction further UofL's place in helping meet the needs of students and of the 21st-century economy. Expanded and improved campus facilities include new housing options, the Student Rec Center, updates to the Floyd Street corridor, expansion and remodeling of the Student Activity Center, expanded and updated facilities on the Health Sciences Campus and the Belknap Academic Building – over 150,000 square feet of new space including new state-of-the-art classrooms and laboratories, group study areas, gathering spaces, and a Student Success Center – which opened in fall 2018.

After celebrating its 225th anniversary in 2023, UofL remains uniquely positioned to create a thriving future for Louisville, for Kentucky and for the world.

*For more information, see Dwayne D. Cox and William J. Morison, The University of Louisville (Lexington: University Press of Kentucky, 2000). Content provided by University Archives & Record Center and the Office of Communications and Marketing.*

# Institutional and Professional Accreditation

## Institutional Accreditation

The University of Louisville is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) (https://www.sacscoc.org/) to award associate, baccalaureate, masters, educational specialist, doctorate, and first-professional (D.M.D., J.D. MD) degrees. The University of Louisville also may offer credentials such as certificates and diplomas at approved degree levels.

Questions about the accreditation of the University of Louisville may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (sacscoc.org (http://sacscoc.org/)).

*SACSCOC should be contacted only for accreditation-related reasons. The UofL accreditation liaison should be consulted before any inquiries are made to SACSCOC. Contact the Office of Academic Planning & Accountability with any questions at* 502-852-6169.

# Disclosures

**State Authorization for Distance Education Activities**

The University of Louisville participates in the State Authorization Reciprocity Agreements (SARA). SARA allows member states and participating institutions to offer distance education in other member states and some U.S. territories so long as the institution adheres to SARA's quality and consumer protection standards.

Except for California, all U.S. states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands are members of SARA. Although California is not a SARA member, UofL is not subject to the regulations of the California Bureau of Private Postsecondary Education due to our out-of-state public institution status. Therefore, the University of Louisville can offer programs to individuals located in California without seeking additional institutional authorization. More information on SARA can be found here (https://nc-sara.org/).

Although the University of Louisville is authorized to offer distance education in other SARA member states, program-specific considerations may affect program availability. These restrictions are typically due to state licensing board requirements or other state agency requirements and often impact the availability of field placements in these locations. Participation in SARA does not exempt the University from these requirements.

Prospective and current students should keep in mind that licensing and authorization requirements vary by state and that relocating during the course of a program to another state could impact whether that student can continue in the program and/or meet the eligibility requirements of that state. Please contact your program to check for authorization and licensure eligibility requirements before you relocate during the course of a program.

If you are considering a program that leads to licensure or certification, it is essential to understand that although a given program may be authorized to be offered in your state, this does not indicate or guarantee your eligibility for professional licensure or certification in that state. Please review the Professional Licensure section for further information.

For more information on online program availability in your state, please visit the State Authorization Regulations page (https://louisville.edu/online/About-Us?tab=state-auth (https://louisville.edu/online/About-Us/?tab=state-auth)) of the UofL online programs website.

# Professional Licensure Information

Depending on your program, you may be interested in pursuing professional licensure or certification following graduation. Professional licensure refers to an official process, usually administered at the state level, that is required by law for an individual to practice a specific profession. Licensure may require formal postsecondary education, passage of a licensure examination, and/or completion of qualifying work experience.

All of the University of Louisville's programs designed to lead to professional licensure meet the educational requirements for licensure in the state of Kentucky. To determine whether our programs meet educational requirements for licensure in other U.S. states and territories, please review our publicly available professional licensure disclosures at https://louisville.edu/oapa/licensure-information (https://louisville.edu/oapa/licensure-information/) for on-campus programs and at https://louisville.edu/online/About-Us?tab=disclosures (https://louisville.edu/online/About-Us/?tab=disclosures) for online programs.

The University of Louisville makes every effort to ensure information about educational requirements for programs is current; however, licensure requirements are always subject to change. Licensure information is reviewed and updated annually during the fall term. Changes in state requirements after the review period could impact the University of Louisville's determination of whether the program meets educational requirements in a particular state.

Students should always check with their state licensure board to confirm licensure requirements. Separate from educational requirements, state licensure boards may require applicants to complete professional examinations, background checks, years of professional experience, state-specific topical trainings, etc.

Prospective and current students should keep in mind that because licensing and authorization requirements vary by state, relocating during the course of a program to another state could impact whether a student meets eligibility requirements. Students should notify their program advisor and check authorization and licensure eligibility requirements before relocating to another state during the course of a program.

## Complaint Procedures

Students enrolled in online programs who have complaints, grievances, or concerns regarding courses taken at the University of Louisville should contact the University's Student Advocate in the Dean of Students office (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Fstudent.louisville.edu%2Fdean-students%2Fcare-advocacy%2Fdean-students-student-advocate&data=05%7C02%7Clisa.horn%40louisville.edu%7C302a34a99231480f33a308dd868699f7%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638814635175750626%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=YeQqK2sFGJeYxc5%2Buqa7P3yG587LGXhPrbIvNqUy9cY%3D&reserved=0) to have the issues resolved in an expeditious, fair, and amicable manner.

The University's Student Complaint Procedure is outlined in detail on the Dean of Students website (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Fstudent.louisville.edu%2Fdean-students%2Fcomplaints-grievances&data=05%7C02%7Clisa.horn%40louisville.edu%7C302a34a99231480f33a308dd868699f7%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638814635175764363%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=REED%2BPQtW716OkV9ySrRwdzLK8X%2Bmvzq2ub8YdMZjBI%3D&reserved=0). Students should first seek to resolve their complaints through informal discussion and administrative channels. This is the same process for all students enrolled at University of Louisville.

In the unlikely event that the issue is not resolved internally at the University of Louisville, students enrolled in online programs may file complaints with other agencies. The process will depend upon where a student resides and can be found at the Online Student Resource Page. (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Flouisville.edu%2Fonline%2Fresources%2Fenrolled-students%2F%23complaint&data=05%7C02%7Clisa.horn%40louisville.edu%7C302a34a99231480f33a308dd868699f7%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638814635175777708%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=p03h13YHbNxFSSKW%2FD4HyKHuVZ2965Lpowf5nQt8tpY%3D&reserved=0)

# Leadership

**T. Gerard (Gerry) Bradley, Dr.med.dent., President, University of Louisville**
T. Gerard (Gerry) Bradley became the 20th permanent president at the University of Louisville on March 26, 2025.

## Board of Trustees

In accordance with the statutory authority of the Commonwealth of Kentucky and implemented in the By-Laws of the Board of Trustees and the governmental procedures for the university, the Board of Trustees is the governing body of the University of Louisville. Within the limits set by the Federal and State Constitution and federal and state law, the Board shall actively engage in policy making, be responsible for aiding the university to perform at a high level of excellence, adopt an annual budget and ensure that the financial resources of the university are sufficient to provide a sound educational program, and periodically evaluate the university's progress in implementing its missions, goals and objectives. It selects the President of the university; upon recommendation of the President, it makes all appointments to the faculty and all appointments of individuals in administrative capacities who serve at the pleasure of the Board.

The Board of Trustees grants all degrees conferred by the university.

More information on the Board of Trustees, including current membership can be found on the Board of Trustees website (https://louisville.edu/president/boards-commissions/board-trustees/).

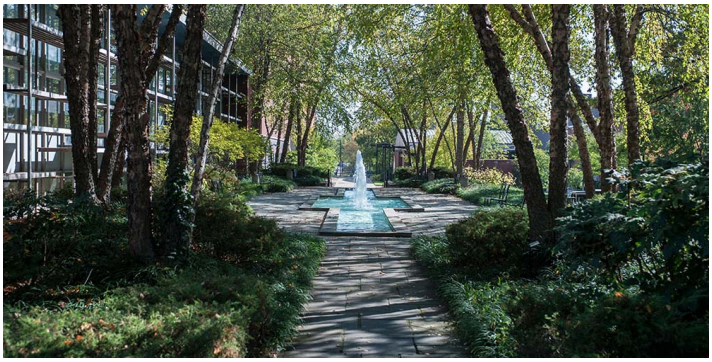
# Mission Statement



The University of Louisville pursues excellence and inclusiveness in its work to educate and serve its community through:

1. teaching diverse undergraduate, graduate, and professional students in order to develop engaged citizens, leaders, and scholars;
2. practicing and applying research, scholarship and creative activity; and
3. providing engaged service and outreach that improve the quality of life for local and global communities.

The University is committed to achieving preeminence as a nationally recognized metropolitan research university.

**Revised University Mission Statement (effective 1/22/26):**

**Mission Statement**

The University of Louisville's mission is to educate and serve the public through transformative teaching, innovative research, and engaged partnerships — advancing knowledge and improving quality of life and health across Kentucky's communities.

**Vision Statement**

The University of Louisville is where excellence and opportunity converge to drive transformative progress in health and societal well-being.

# Admission to the University of Louisville

## Admission Standards

The University of Louisville subscribes to a selective admission policy. Admission for freshman applicants is based on:

1. High school grades,
2. ACT or SAT scores, and
3. Successful completion of the required pre-college curriculum.

The University of Louisville's schools and colleges has implemented test optional practices and policies for students applying for admission. This allows most freshman applicants, as well as transfer applicants with fewer than 24 credit hours, the option to be considered for admission without submission of ACT or SAT scores. The Office of Admissions can evaluate most applicants for admission without the use of ACT or SAT test scores, reviewing the rigor of high school course work, high school grades, specific high school courses as well as, in some circumstances, a written essay or placement testing.

Enrollment in the freshman class is limited. Within the limits of space availability, the University will endeavor to accommodate all eligible applicants. However, the number of freshman applications exceeds the number of spaces available in the entering class. For this reason, the selective and competitive admission requirements may exceed the minimum eligibility requirement.

The University of Louisville's minimum eligibility admission policy requires any applicant to have graduated from an accredited high school or received a high school equivalency certificate, have completed the pre-college curriculum, possess a grade point average (GPA) of 2.5, and have achieved at least one of the following:

- The applicant has earned a composite ACT score of not less than 20 or an SAT-I score of not or less than 940 (CR+M); or
- The applicant has completed the UofL enhanced pre-college curriculum (PCC) with a minimum GPA of 2.5 on a 4.0 scale. The enhanced PCC consists of an additional two pre-college courses in mathematics, social studies, or science. These two courses may be taken in any combination within the three disciplines. The courses must be at or above the level of prescribed PCC; or
- The applicant ranks in the top 15% of the applicant's high school graduating class upon completing seven or eight semesters in high school.

Freshman applicants who do not meet the selection requirements may have their admission decisions deferred. Admission will be offered first to those applicants with the strongest records and offers will continue until the class is filled. Some factors that are considered during this review are: number and scope of college preparatory, honors and AP classes; strength of senior year schedule; and evidence of marked improvement over time in applicant's academic career. The overriding concern will always be for the student's potential to be successful in meeting the academic expectations at the University.

Students should refer to the individual academic unit admission policies, included in this catalog, for additional admission requirements. Students should be cautioned about the distinction between undergraduate and graduate classifications when applying for admission to the University. For fee purposes, determination of "undergraduate" or "graduate" is based on the school or enrollment unit to which a student is admitted, and not on the level of courses taken.

### Minimum Admission Standards for Public Universities in Kentucky (Pre-College Curriculum)

The Kentucky Council on Postsecondary Education is charged with establishing minimum college admissions criteria for Kentucky public institutions. The guidelines are established according to 13 KAR 2:020. For more information see https://cpe.ky.gov/ourwork/admissions.html (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Fcpe.ky.gov%2Fourwork%2Fadmissions.html&data=05%7C02%7Clisa.horn%40louisville.edu%7C50f6d3852db24adf4a2008dd81b1b987%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638809322509306772%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=EZOlZ6FXnfmgxPi0tF48m%2BYi0tAxwkiIQGeWxJ%2BLLG8%3D&reserved=0).

# Applying for Admission

Listed below are the admissions procedures for the various populations and classifications of students.

### Entering Freshman Students

Priority application deadlines are as follows:

- Fall Term: February 15
- Spring Term: November 1
- Summer Term: April 1

First-time freshmen applications and credentials received after the priority application deadlines listed above will be reviewed on a space available basis.

Students who have never attended any college should seek admission by the following steps:

1. Submit the online application (http://louisville.edu/admissions/apply/) for admissions.
2. Pay the application fee (payable by credit card or electronic check) or request a fee waiver (https://louisville.edu/admissions/apply/i-am-a-first-time-freshman/fee/).
3. Send the university a copy of the high school transcript via:
   a. Exchange websites such as Parchment or National Student Clearinghouse **(preferred method)**
   b. Email to: adetran@louisville.edu **(preferred method)**
   c. Postal services to: Office of Admissions, Dept. AO, University of Louisville, Louisville, KY 40292
4. Request that test scores from ACT (the American College Testing Program) or SAT (College Board) be sent to the university if they are not posted on the high school transcript.

Students will be notified of their admissibility to the university after receipt of this information.

### Early Admissions

Students who apply for admission as a regular student, but do not plan to graduate from high school prior to enrolling in college, are considered early admissions applicants. In addition to submitting an application, high school transcript and ACT or SAT scores, early admissions applicants must submit a statement of motivation for beginning college prior to high school graduation, a letter of recommendation from their high school counselor, and a letter of endorsement from their parent/guardian. Early admissions applicants must also complete an interview with an admissions counselor. Students admitted under this status should be aware that they are not eligible to receive federal or state aid without high school diploma or GED.

### Transfer Students

Transfer students are encouraged to apply earlier to allow ample time for evaluation of transcripts, advising, orientation, and registration.

Application Deadline: Transfer applications received at least six weeks prior to the beginning of a term will be given priority. Students transferring from another institution should take the following steps in seeking admission to the university:

1. Submit the application online (http://louisville.edu/admissions/apply/) and pay the application fee (payable by credit card or electronic check) or request a fee waiver (https://louisville.edu/admissions/apply/i-am-a-first-time-freshman/fee/).
2. Request that the registrar of each institution previously attended forward to the university an official transcript of all work completed or in progress. *Failure to declare previous attendance at another institution may result in disciplinary action.*
3. Students transferring with fewer than 24 transferable semester hours are required to take the ACT or SAT test if they have not done so previously, and submit a high school transcript. Students with fewer than 24 transferable semester hours are reviewed using admission requirements for both new freshmen and transfer students.

All transfer students to the University of Louisville are required to participate in the Transfer Orientation Program. There is a fee for the Transfer Program.

For further Orientation Program information, go to louisville.edu/newcards.

## Evaluation of Transfer Credit

For admission as a transfer student, applicants must submit official transcripts from all institutionally accredited post-secondary institutions previously attended. The University of Louisville will determine a transfer GPA based upon the coursework completed at previous institutions. The University of Louisville does not transfer in technical or developmental coursework. Courses completed on a quarter system (or another system not based on semester hours) will be converted to semester hours. A student is required to complete 30 of his/her last 36 semester hours at the University of Louisville.

Official transcripts showing all undergraduate work and degrees awarded at every institutionally accredited college/university previously attended must be furnished by the degree-seeking applicant. Credits earned at another institutionally accredited postsecondary higher education institution may be transferred to the University of Louisville. The Transfer Credit Practices report published by the American Association of Collegiate Registrars and Admissions Officers (AACRAO) will be the reference used for the evaluation of such credits.

The postsecondary educational institutions must be accredited by a United States Department of Education (USDE) recognized institutional accreditor (https://www.ed.gov/laws-and-policy/higher-education-laws-and-policy/college-accreditation/institutional-accrediting-agencies#RegionalInstitutional/#RegionalInstitutional).

Applicants who have earned transfer credit from a postsecondary institution that does not hold institutional accreditation recognized by the U.S. Department of Education may request consideration of that credit through a formal petition. To initiate this review, applicants must submit the Undergraduate Transfer Appeal Form (https://louisville.edu/admissions/apply/transfer/services/course-credit/transfer-credit-appeal-form/).

A course-by-course evaluation is required for all foreign college transcripts. We recommend using the services of World Education Services (https://www.wes.org/) or Educational Credential Evaluators (https://www.ece.org/). We also accept evaluation services form any current member of the National Association of Credential Evaluation Services (https://www.naces.org/).

Additional information regarding transfer credit can be located on the Admissions website. (https://louisville.edu/admissions/apply/transfer/services/course-credit/)

## ULtra: The University of Louisville Transfer Program

ULtra is a service for students who choose, or who are advised by UofL Admissions, to begin their academic career at JCTC, ECTC (or any KCTCS institution) before transferring to UofL to complete a Bachelor's degree. These students are encouraged to complete an Associates' degree before transfer, but may transfer after completing 24 college credit hours with a minimum cumulative GPA of 2.0 (GPA requirements for some degree programs may be higher.). ULtra is located on the JCTC Downtown campus and on the ECTC Campus. They provide transfer-specific advising and admissions for UofL degree programs, connections to UofL, mentoring and assistance with the transfer process. Students interested in ULtra can learn more about programs, transfer coursework and opportunities by visiting louisville.edu/ultra (http://louisville.edu/ultra/).

For more information, please contact:

JCTC
(502) 213-4538
ultra@louisville.edu
John T. Smith Library, 2nd Floor

ECTC
(270) 706-8585
Robbins University Center

## Re-enrolling Students

If a student has a break in enrollment of two or more calendar years, that student must apply for readmission to an enrollment unit, and if admitted, will be subject to catalog requirements in effect at the time of readmission. Students who were not enrolled during the immediate past semester, but were enrolled within the last two calendar years, and who wish to continue in the school and program in which they were last registered are eligible to re-enroll. They need to complete the request to re-enroll form at the advising center of their academic unit or at the Registrar's Office. Students completing the re-enrollment process are eligible for early registration for the term in which they wish to return. Students whose last enrollment status was visitor, high school visitor, suspended or who were dismissed, must reapply. Students last enrolled in University College, Allied Health or Transitional Studies must also reapply through the Office of Admissions since these units are no longer in existence.

## Visitors

Visiting students are those individuals who are pursuing a degree from another institution, but who plan to enroll at the University of Louisville for one semester. Submit the application online (http://louisville.edu/admissions/apply/) and pay the application fee (payable by credit card or electronic check) for each semester you plan to attend.

Applicants to the Speed School of Engineering or College of Business must also include transcripts.

## High School Visitors

A student in the 11th or 12th grade and who wants to take one or more college courses prior to graduating from high school will be considered a high school visitor. These students must submit an application, application fee, and high school transcript. Students who have not completed the first part of their junior year should contact the Office of Admissions for information concerning additional requirements for admission.

## Active Duty/Reservists - Application Fee Waiver & Priority Registration

Students who are currently serving members of the U.S. Armed Forces, in the National Guard, or in the Reserves in the U.S. Army, U.S. Navy, U.S. Air Force, U.S. Marine Corps, or the U.S. Coast Guard are eligible to receive an application fee waiver and priority registration. More information is available through the Center for Military-Connected Students (https://louisville.edu/military-connected-students/).

## International Student Applicants

There are essentially three areas of concern for international applicants. They are:

1. Successful completion of a strong, quality academic program.
2. Proficiency in the English language.
3. Ability to demonstrate financial resources.

Students who are not U.S. citizens or immigrants will need to submit an admissions application to the Office of Admissions and financial documents to the International Center. The application provides information concerning the student's academic background and educational goals. First-time freshmen applicants and transfer applicants with less than 24 hours are not required to submit ACT or SAT scores, unless applying to the School of Music or Speed School of Engineering. Applications should be received by the Office of Admissions well in advance of the desired enrollment date in order to allow adequate time for processing. International student applicants should refer to the following list of application priority deadlines:

- Fall Semester: May 1
  Term begins late August
- Spring Semester: November 1
  Term begins early January
- Summer Semester: April 1
  Various terms begin in May, June and July

When all required credentials have been submitted, the application will be reviewed by the Office of Admissions. Once an admissions decision has been made, the student will be notified.

International students applying to undergraduate programs will need to submit official transcripts of records from all secondary schools, universities, colleges, or professional schools attended. International applicants with transcripts that are not in English, in addition to submitting official copies of native language records, must also submit a notarized, verbatim translation in English prepared by an appropriate university or government official. The records must show both the degree granted and all coursework taken during the course of study. Applicants who are submitting transcripts from outside the United States must verify their records by submitting them to one of the following organizations: World Education Services (https://www.wes.org/) (WES), Educational Credential Evaluators (https://www.ece.org/) (ECE), and other NACES approved evaluators found here **https://www.naces.org/members.** It is the applicant's responsibility to pay all charges for the evaluation. An application for evaluation and a brochure describing ECE's or WES's procedures, services and fees is available upon request from the Office of Admissions.

## Continuing Studies

Continuing Studies is a non-degree granting unit that admits adult students who want to take courses on a part-time basis for personal enrichment or professional development. Students can earn college credit, but are not admitted into a degree program. In order to be eligible to apply to Continuing

Studies, students must be at least 22 years old and have a high school diploma or high school equivalency certificate issued by a state department of education.

Continuing Studies students may enroll for a maximum of 8 hours in any semester or summer session. Students are required to maintain a 2.0 grade point average. Continuing Studies students are not eligible to receive state or federal financial aid.

Students may remain in Continuing Studies until they accumulate 24 credit hours. Students with 24 credit hours must apply for admission and be accepted by a degree-granting unit of the University if they wish to continue their course work.

### University Orientation Programs

All new freshmen under the age of 20 admitted to the University of Louisville are required to participate in the Summer Orientation program during the months of May, June and July. Orientation is a two-day overnight program where new students will have the opportunity to interact with other new and current students, meet with an academic advisor, register for fall classes and be introduced to faculty and staff from across campus. Information regarding summer orientation is sent via email in the February prior to your enrollment. Please note it is mandatory that new freshmen attend an orientation program. Students must register for summer orientation on their New Cards Gateway. There is a fee for summer orientation. New freshman starting school in the Spring semester are invited to participate in a one day program.

Orientation for transfer students is optional. Students entering on-line programs can participate in on-line modules geared to introduce them to services and programs at the University of Louisville.

Students admitted as post-baccalaureates, visitors, readmits, or intra-university transfers are not required to attend an orientation program.

### Post-Baccalaureate Admissions

Students who hold at least a bachelor's degree and plan to enroll for undergraduate courses, but are not pursuing a second undergraduate degree are considered to be post-baccalaureate applicants. These students need to submit an official transcript certifying at least a bachelor's degree, an on-line application (https://louisville.edu/admissions/apply/) and any applicable application fee.

## Online Courses and Programs

UofL offers more than 60 degrees and certificates fully online and a vast array of online courses across multiple colleges. Our online degrees are consistently competitively ranked by U.S. News and World Report, for upholding high standards for teaching and learning. UofL is a military-friendly institution and offers a special tuition rate for undergraduate and most graduate programs to active-duty service members, Coast Guard and qualifying members of the Reserve Component and National Guard.

University of Louisville's online courses are developed and taught by the same UofL faculty teaching on campus. Delivered through a user-friendly online learning platform, Blackboard, our courses allow students and instructors to interact, network and collaborate on class assignments and team projects, exchange thoughts and ideas, or share experiences.

Visit louisville.edu/online (http://louisville.edu/online/) to learn more about our online programs. For a complete list of online courses available at UofL, visit hal.louisville.edu (http://hal.louisville.edu/) (select "Distance Education" in the "Location" field). For undergraduate and graduate online tuition rates, visit louisville.edu/bursar (http://louisville.edu/bursar/) (select "Tuition and Fees").

**Services for Students**

Students enrolled in online courses and programs have access to various student support services available at a distance, including academic advising, writing support through the Virtual Writing Center, online tutoring through REACH, Library services, career services, and tech support. Visit louisville.edu/online/current (http://louisville.edu/online/current/) for more information.

**Services for Faculty**

Faculty have access to instructional design and technology support through the Delphi Center for Teaching and Learning. Instructional designers help faculty build their online courses according to Quality Matters™ design principles. In addition, the Delphi Center provides faculty development for teaching online with its flagship program, Delphi U. Faculty have the option of taking this program in-person (in May only) or may choose the online option taught either in an instructor-led or self-paced format. One-on-one consultations and department-wide trainings are also available. Visit louisville.edu/delphi/resources (http://louisville.edu/delphi/resources/) for more information.

# College Readiness Standards

## Foreign Language Placement

The study of a foreign language is encouraged and required by some university majors. Students may choose to begin with the first semester in a new language or may choose to determine placement in language studies.

To determine placement, students may complete an online placement test (http://louisville.edu/modernlanguages/placement-exam/) in Spanish, French, German or Russian, available at all times. Language exams can be taken on any computer with an Internet connection.

The Office of Testing Services administers the placement tests for Latin only (louisville.edu/testing/foreign-language-placement (http://louisville.edu/testing/foreign-language-placement/)).

First-time, first-year students must take a language exam before May 15 each academic year to register for a language course section during Freshman Summer Orientation. To receive course credit for foreign language, see the Extramural Examinations tab on the Alternative Coursework page (p. 62).

If a student has significant experience in a language other than Spanish, French, German, Russian or Latin, the student should contact the Department of Classical and Modern Languages for information on placement or exemption at (502) 852-6686. Information may also be found online (http://louisville.edu/modernlanguages/language-waivers/waiver-though-testing/).

## Kentucky Administrative Regulation 13 KAR 2:02 (College Readiness Guidelines)

The Commonwealth of Kentucky has regulations for college readiness standards in writing, college reading, and mathematics. Admitted, degree-seeking students below 24 credit hours, and a GPA of at least a 2.00 on a 4.0 scale, who do not achieve the college readiness standards on the ACT sub-scores in writing, college reading, and mathematics or SAT equivalents or the Next-Gen ACCUPLACER placement exams (reading and mathematics) are required by state mandate to complete interventions during their first college year.

Interventions may include the following:

- Enrollment in ENGL 101 and/or an appointment at the University Writing Center.
- GEN 105, which is a corequisite College Reading course linked to entry-level content courses.
- GEN 103 or GEN 104, intervention mathematics course.
- Supplemented MATH 105 or Supplemented MATH 111.

## College Writing Placement

The college readiness standard in writing is an ACT Writing sub-score of 18. Students with ACT Writing sub-scores below college readiness will register for ENGL 101 during their first college year.

If these students experience difficulty during ENGL 101, they will be encouraged to use the resources of the University Writing Center for supplemented support.

## College Reading Placement

The state-wide, college readiness standard in college reading is an ACT Reading sub-score of 20. All first-year, degree-seeking students admitted with reading deficiencies are required to participate in placement testing and course registration as determined by their placement test results. Transfer students with 24 or more credit hours at the 100 level or above in general education courses with a 2.0 GPA are exempt from reading placement requirements.

Students with an ACT Reading sub-score of less than 20 (or an SAT Critical Reading score of less than 480) MUST take the Next-Gen ACCUPLACER exam.

GEN 105 provides an intervention for college reading. Students who enroll in this course will receive 2 hours each week of supplemented instruction in college reading, critical thinking, and study strategies. Students receive 2 hours of college credit (elective credit only) for GEN 105.

## Mathematics Placement

The college readiness standard in mathematics is an ACT Mathematics sub-score of 19. The university determines placement in all entry-level mathematics based on the highest ACT mathematics sub-score. If a student scores above an ACT Mathematics sub-score of 20 or higher, placement will be in a credit-bearing course.

Otherwise, the following sub-scores in mathematics determine placement:

· Students with ACT sub-score of 0–18 are required to complete the Next-Gen ACCUPLACER exam in mathematics. Placement will result in GEN 103, GEN 104, or an entry-level college mathematics course.

· Students with an ACT sub-score of 19–24, but less than the score required for a desired entry-level mathematics course, should complete the Next-Gen ACCUPLACER exam.

· All Engineering students who score below 27 on the ACT mathematics sub-score are required to take the Next-Gen Accuplacer exam before summer orientation. Placement in the correct level of mathematics is determined by your Accuplacer score. Specific information is available online at https://engineering.louisville.edu/admissions/undergraduateadmissions/test-optional/.

Students with ACT sub-score of 25–26 who need MATH 205 (https://catalog.louisville.edu/search/?P=MATH%20205) have the following options: enroll in the prerequisite MATH 190 (https://catalog.louisville.edu/search/?P=MATH%20190) or complete the CLEP Pre-calculus exam.

Students with ACT sub-score of 21–22 whose majors require MATH 111 (https://catalog.louisville.edu/search/?P=MATH%20111) are strongly encouraged by their advisors to enroll in a Supplemented Section of MATH 111 (https://catalog.louisville.edu/search/?P=MATH%20111). If a section is unavailable, students are encouraged to enroll in GEN 104 (https://catalog.louisville.edu/search/?P=GEN%20104).

Students with ACT sub-score of 19 will initially be placed in Special Topics in College Mathematics, which is GEN 103 (for those needing MATH 105 (https://catalog.louisville.edu/search/?P=MATH%20105) for their major) or GEN 104 (https://catalog.louisville.edu/search/?P=GEN%20104) (for those needing MATH 109 (https://catalog.louisville.edu/search/?P=MATH%20109), MATH 111 (https://catalog.louisville.edu/search/?P=MATH%20111), or MATH 151 (https://catalog.louisville.edu/search/?P=MATH%20151)). Students may take the Next-Gen ACCUPLACER for possible higher placement. Advisors working with students who have this sub-score are obliged to enroll students in the appropriate intervention course.

## Placement and University Testing Services

All information regarding placement testing can be obtained from:

**Office of Testing Services**
Davidson Hall, Room 310
Louisville, KY 40292
(502) 852-6606
louisville.edu/testing (http://louisville.edu/testing/)

Students may direct questions and concerns to this office.

Students are encouraged to visit the testing website (http://louisville.edu/testing/placement-testing-math-reading/) to obtain information on the options to complete placement testing. The math and/or reading Accuplacer exam may be taken at the Office of Testing Services on campus, remotely at another institution throughout the country, via Zoom (contact the Testing Office), or virtually at home, 24/7 through a virtual testing company.

**First-year students MUST complete all placement testing PRIOR to their Freshman Summer Orientation each year to enable registration for class during their session.**

The Admissions Office notifies first-year students if placement testing is required in college reading and mathematics.

## Speed School of Engineering Mathematics Placement:

Mathematics courses for Engineering Programs are taught within the J.B. Speed School of Engineering. The majority of incoming freshmen start in one of three courses, ENGR 181, ENGR 100, or ENGR 101. Information on placement into each of these courses can be found here (https://engineering.louisville.edu/admissions/undergraduateadmissions/accuplacer/).

# Admission to the College of Arts and Sciences

**College of Arts and Sciences**
Gardiner Hall, Second Floor
University of Louisville
Louisville, KY 40292

Phone: (502) 852-6490
Email: asdean@louisville.edu
Website: louisville.edu/artsandsciences (https://louisville.edu/artsandsciences/home/)
Social: Facebook (https://www.facebook.com/UofLCAS/), Twitter (https://twitter.com/UofLCAS/), Flickr (http://www.flickr.com/photos/artsandsciences/)

## Matriculation

Students are admitted to the College of Arts and Sciences on either a matriculated or non-matriculated basis. High school visitors, visiting students from other institutions, auditors, post-baccalaureate students, and students admitted as special students are considered non-matriculated. All other students are considered matriculated. Students planning to earn degrees from the College of Arts and Sciences must be matriculated in order for the credits they have earned to apply toward their degrees.

Students admitted on a non-matriculated basis will be notified by the Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. Students admitted on a matriculated basis remain matriculated until they graduate, transfer to another college, or are dismissed.

Transfer students who left their last institution in good standing and who have a standing of at least 2.0 on a 4.0 scale may, upon presentation of transcripts and satisfactory test scores (if applicable), request matriculation at the time of applying for admission.

## Entering Arts & Science Freshmen Students

Admission for a normal course load is granted to students meeting the following requirements:

- Graduation from an accredited high school with a grade point average of 2.5 or better, or successful completion of the General Education Development (GED) tests.
- Completion of the State of Kentucky's Pre-College Curriculum (detailed in the Admission section (p. 18) of this catalog).
- A composite ACT score at or above the national mean.

Persons with deficiencies in the above areas may be eligible for admission under certain conditions:

1. Exceptionally gifted students who have completed three years of high school may be admitted by action of the College's Admissions and Appeals Committee, provided recommendations from high school counselors and teachers, previous academic records, test scores, and personal interviews indicate the ability to succeed in college-level work.
2. Students with pre-college curriculum deficiencies are, in general, not admissible if they lack two courses in one area or three courses overall. Exceptions are made if the student has a score of 22 (enhanced) or better on the appropriate ACT subtest. Other exceptions must be approved by the College's Admissions and Appeals Committee. Students admitted by action of the Admissions and Appeals Committee will be required to enroll in courses to remove pre-college curriculum deficiencies. All deficiencies must be removed by the time the student completes twenty-four (24) semester hours of degree credit. Deficiencies may be removed by successfully completing courses outlined in the Pre-College Curriculum detailed in the Admission section (p. 18) of this catalog.
3. Students who have a high school grade point average between 2.25 and 2.49 may be admitted if the composite ACT score is 23 or above.
4. Students who have a composite ACT score of 18-19 may be admitted if the high school grade point average is 3.0-3.25 or above.
5. A student whose ACT College Reading score is lower than 20 or whose SAT I verbal score is lower than 470 must participate in the state-mandated Supplemented Study Program in College Reading. During the first semester of enrollment, such students must register for one section of a non-mathematics Cardinal Core course offered with a supplemented college reading course (GEN 105). Specific courses in the supplemented program vary each semester and will be listed in the Schedule of Courses.
6. Students who graduated from an unaccredited high school may be admitted upon satisfactory completion of such examinations as the College faculty may require. For further information, consult the Admissions Office.
7. The College of Arts and Sciences does admit students on a case-by-case basis who have not taken the ACT or SAT. These students MUST take the ACCUPLACER test to determine math and reading placement.

## Conditional Admission

Students who do not qualify for automatic admission or who cannot remedy deficiencies as prescribed in 1-5 above may be admitted in conditional status if they meet the university's minimum admission standards.

1. Students admitted in conditional status whose ACT College Reading Scores are 18 or below or whose SAT I Verbal Scores are 430 or below, must participate in the state-mandated Supplemented Study Program in College Reading. During their first semester of enrollment, they must register for one section of a non-mathematics Cardinal Core course offered with supplemented study hours each week. Specific courses in the supplemented program vary each semester and will be listed in the Schedule of Courses.

2. Students admitted in conditional status must register for required developmental courses immediately following matriculation and must continue to do so until all deficiencies have been removed.
3. Students admitted in conditional status must be advised prior to registration each semester until removed from conditional status.

Students will be removed from conditional status when the following requirements have been met:

1. Successful completion of GEN 100 Student Success Center First Year Experience or GEN 101 Arts & Sciences First Year Experience;
2. Successful completion of all required developmental courses;
3. A grade point average of 2.0 or better on all college level courses; or
4. Completion of 24 degree applicable hours with a GPA of 2.0 or above.

Students not meeting the requirements for admission may be admitted on a non-matriculated basis as special students by consent of the Dean or by action of the Admissions and Appeals Committee. Special students must pay the regular fees. Special students may not become candidates for degrees except by subsequently satisfying the requirements for admission on a matriculated basis.

# High School Visitors

The College offers qualified high school students the opportunity to earn college credits by enrolling in selected freshman-level courses (i.e., courses at the 100- or 200-level). The program is open to high school seniors and, in exceptional cases, to juniors. In order to be admitted as a high school visitor, a student must submit an application, a high school transcript showing minimum grade point average of 3.0, test scores on the ACT or SAT in the top 70th percentile. and a recommendation letter from his or her high school counselor or principal. High school visitors may enroll in one or two courses each semester and may earn a maximum of 24 college credits. All grades earned by high school visitors will be recorded on an official university transcript.

# Transfer Students

Students who seek admission to the College with credit for work taken at another institution or in another college or school of the University of Louisville are transfer students. Such applicants may be admitted in good standing, admitted in special status, or denied admission.

Admission in good standing requires:

- A grade point average of 2.0 or better on a 4.0 point scale based on all work attempted, excluding developmental courses (see “Transfer Students” in the Admission section (p. 18) of this catalog);
- Good standing at the institution of last attendance, including eligibility to return to that institution;
- Full disclosure of previous attendance in another school or college of this University and/or any other post-secondary institution.

Transfer students with fewer than twenty-four (24) acceptable credits must submit high school transcripts and ACT scores and must meet the requirements for freshmen.

## Admission in Special Status

Transfer students not meeting the above criteria may be admitted only in special status by action of the Admissions and Appeals Committee. Such students are subject to the following guidelines:

- Remain in special status with limited load as specified by the Admissions and Appeals Committee for a minimum of 24 semester hours.
- Maintain a minimum 2.0 semester grade point average for the first 24 semester hours attempted in courses applicable to an Arts and Sciences degree.

A student will be removed from special status after 24 semester hours if his/her cumulative grade point average is 2.0 or above.

A transfer student admitted in special status will be suspended if his/her semester grade point average is lower than 2.0 at the end of any semester.

Students ineligible for admission in the College because of disciplinary action in another institution or another school of this University may be ruled eligible for admission to the College by the dean; students who violate the full disclosure requirement will be referred to the Admissions and Appeals Committee for determination of a mandatory withdrawal from the College for a period stipulated by the committee.

## Additional Transfer Requirements

To be eligible for a degree from the College of Arts and Sciences, students transferring from a four-year institution must complete at least 30 hours of work applicable to the degree as a student enrolled in the College, including 30 of the final 36 hours and a minimum of 12 credits in the declared major. Students transferring course work from a two-year college are cautioned that a maximum of 60 semester hours of credit from a two-year college may be applied toward the minimum hours required for a baccalaureate degree. The remaining semester hours of the minimum 121 hours required for the baccalaureate degree must be completed at a four-year institution. If a student has earned more than 60 semester hours at a two-year institution, the additional work may, if equivalent, be applied toward fulfillment of general education or other requirements, but will not be applied toward earned hours.

Students must complete at least 50 semester hours of course work numbered 300 or higher. Work from a two-year or community college usually will not apply to this requirement. For this reason, students planning to transfer to this College from a community college or a two-year college are advised to complete the lower-level portion of the College’s Cardinal Core requirements and the foreign language series prior to transferring. Courses offered at the 300 level or higher at another institution may not be equivalent to College courses numbered 300 or higher. If a course is accepted in transfer at the 300, 400, or 500 level, however, it will be counted towards the 50 semester hour requirement mentioned above. Students who have transferred to the College should meet with an academic counselor of the Arts and Sciences Advising Center for assistance in evaluating their records for transfer credit.

## Transfer Credit Evaluation

The College recognizes appropriate course work done at other accredited universities and colleges and accepts that work according to the principles set forth in the American Association of Collegiate Registrars and Admissions Officers Transfer Credit Practices and state law. Transfer work that is college-level, academic in nature, and earned at appropriately accredited institutions will be accepted as credit toward

degree, consistent with policies in effect for resident students. Transfer students must be aware that majors and/or programs may require a minimum grade of a C or better for major admission and certain degree requirements.

Work graded on a pass/fail basis as "Pass" will not count toward fulfillment of general education requirements, the language requirement, or requirements specified in the student's major program.

Courses that meet general education requirements may be transferred under course equivalencies established in the Office of Transfer Services. In cases where no equivalency is established, the Office of Transfer Services will direct students to the university academic department, school or college where similar courses are offered for evaluation of transfer credits. Students may also work with advisors in A&S to assist in this process.

Transfer students who wish to major in creative art will be required to submit portfolios before they can take 300-level creative art classes (consult the Department of Fine Arts (http://louisville.edu/art/Undergraduate/)).

## Foreign Students

Foreign students who have a secondary school record sufficient to predict college success and who demonstrate proficiency in the English language will be admitted to the College of Arts and Sciences. Refer to the Admission section (p. 18) of this catalog for more information about International student admission requirements.

## Auditors

Persons not eligible for admission to the College, or not seeking admission for the purpose of taking courses for credit, may receive permission to take courses as auditors. All persons who audit classes must pay the regular fees. Persons whose enrollment in the College was limited to audited courses may not change to a credit basis for any course they are auditing unless they have reapplied for admission to the College and have been admitted prior to the deadline for change of status from audit to credit. Regularly-enrolled students may also enroll in classes as auditors. Permission of instructor is required to enroll as an auditor. Students may not enroll in audit status during the early registration period (See Auditing Courses (p. 67)).

## Pre-Unit Students

Students seeking admission to another academic unit of the university who do not satisfy all of that unit's entrance requirements may be admitted to the College of Arts and Sciences as a pre-unit student. Students admitted as pre-unit students are administratively housed in the College until they satisfy all of their intended academic unit's intra-unit transfer requirements. Persons admitted as pre-unit students should consult their desired unit's section of the catalog and/or website for more information about these transfer requirements. Pre-unit students are to be advised in A&S advising in accordance with College policy until they successfully transfer into another unit.

# Admission to the College of Business

**College of Business**
Harry Frazier Hall
University of Louisville
Louisville, KY 40292

Phone: (502) 852-7439
Email: business@louisville.edu
Website: louisville.edu/business (http://louisville.edu/business/)
Social: Facebook (https://www.facebook.com/UofLBiz/), X (https://twitter.com/uoflbiz/)

## Admission to the College of Business

Students are admitted to the College of Business on either a degree-seeking or non-degree-seeking basis. High school visitors, visiting students from other institutions, auditors, post baccalaureate students, and students admitted as special students are considered non-degree seeking. They will be notified by the Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. All other students are considered degree-seeking.

Students planning to earn degrees from the College of Business must be degree-seeking in order for the credits they have earned to apply toward their degrees. Students remain in a degree-seeking status until they graduate, transfer to another college or university, or are suspended/dismissed.

Freshman admission to the College of Business BSBA, BSE, or ECON BA programs is granted to those meeting the following requirements:

**Either**

1. An ACT composite score of 25 or above (SAT 1200 or above), a high school GPA of 3.0 or above, and an ACT Mathematics score of 22 or above (SAT 540 or above)

**or**

2. An ACT composite score of 22, 23 or 24 (SAT 1100-1190), a high school GPA of 3.3 or above, and an ACT Mathematics score of 22 or above (SAT 540 or above)

Freshman admission to the College of Business BBA program is granted to those meeting the following requirements:

ACT composite of 23 (SAT equivalent 1130); ACT Math of 22 (SAT equivalent 540); High School GPA 2.75

**Test Optional**

The College of Business also admits students who have not taken the ACT or SAT on a case by case basis.

Students who are admitted as test optional for admission purposes MUST take the ACCUPLACER test to determine math and reading placement.

### Transfer Students

Students who seek admission to the College with credit for work taken at another institution, or in another college or school in the University of Louisville, are transfer students. Such applicants may be admitted in good standing, in conditional status, or denied admission.

## Internal Transfers

### Admission in Good Standing

Students with transferable college credit hours must have both:

Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and completion of MATH 111 College Algebra - QR (or equivalent) or MATH 180 Elements of Calculus - QR for admission to the BSBA, BSE, or ECON BA programs.

Earned a 2.5 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission) for admission to the BBA program.

## External Transfers

**Admission in Good Standing to the BSBA, BSE, or ECON BA Programs**
Students must have the following:

• A grade point average of 2.8 or better on a 4.0 scale based on all work attempted for college credit. (If previously enrolled at UofL, GPA will be calculated only on UofL work attempted for college credit.) (See "Transfer Students" in the Admission section (p. 18) of this catalog);

• Good standing in the institution of last attendance, including eligibility to return to that institution;

• Full disclosure of previous attendance in another school or college of UofL and/or any other post-secondary institution.

Transfer applicants to the College of Business with less than 24 transferable credits from another accredited institution will be required to submit college transcripts, a final high school transcript, and ACT or SAT scores. In addition to meeting the 2.8 transfer college GPA, they must meet all new freshmen requirements for COB applicants with the following exception. Students meeting the high school GPA and composite ACT or SAT requirements, but not meeting the math score requirement can be admitted if they have successfully completed a college math class at the college algebra level or higher.

Transfer applicants to the College of Business with 24 or more transferable credits from accredited institutions must have a 2.8 college GPA and have completed the following course:

MATH 111 College Algebra - QR (or equivalent) or MATH 180 Calculus

**Admission in Good Standing to the BBA Program**
Students must have the following:

• A grade point average of 2.5 or better on a 4.0 scale based on all work attempted for college credit. (If previously enrolled at UofL, GPA will be calculated only on UofL work attempted for college credit.) (See "Transfer Students" in the Admission section (p. 18) of this catalog);

• Good standing in the institution of last attendance, including eligibility to return to that institution;

• Full disclosure of previous attendance in another school or college of UofL and/or any other post-secondary institution.

Transfer applicants to the College of Business with less than 24 transferable credits from another accredited institution will be required to submit college transcripts, a final high school transcript, and ACT or SAT scores. In addition to meeting the 2.5 transfer college GPA, they must meet all new freshmen requirements for COB applicants.

### Other Applicants

Students whose last attendance at UofL resulted in academic suspension must petition for readmission. (See section covering College of Business policy on Academic Status.) Students who were suspended from another institution and/or another fully accredited Business program must petition for admission. Students ineligible for admission in the College because of disciplinary action in another institution or another school of this University may be ruled eligible for admission to the College by petitioning to the College of Business Undergraduate Studies Committee. Students who violate the full disclosure requirement will be referred to the COB Undergraduate Studies Committee for determination of a mandatory withdrawal from the College for a period stipulated by the committee.

### Additional Transfer Requirements

To be eligible for a degree from the College of Business, students transferring must:

- Complete at least 30 of the final 36 semester hours applicable to the degree as a student enrolled in the University of Louisville.
- Complete a minimum of 12 credit hours in the declared major at UofL.
- Complete at least 48 hours of coursework numbered 300 or higher. Work from a two-year or community college will not apply to this requirement. For this reason, students planning to transfer to this College from a community college or two-year college are advised to complete only the lower level portion of the College's general education requirements prior to transferring.
- Complete 60 hours at a four-year institution.
- Must earn a 2.0 University GPA and a 2.0 GPA in the major.

Students who have transferred to the College must meet with an academic advisor of the COB Reinhardt Academic Center for assistance in evaluating their records for transfer credit.

The College of Business recognizes appropriate coursework done at other accredited universities and colleges and accepts that work according to the principles set forth in the American Association of Collegiate Registrars and Admissions Officers Transfer Credit Practices Guide and state law. Transfer work that is college level, academic in nature, and earned at appropriately accredited institutions will be accepted and posted as credit earned (i.e., with no grade) consistent with policies in effect for resident students. Students must be aware that majors and/or programs may require a minimum of a B-minus or better for certain degree requirements. Students admitted to the COB from other fully accredited institutions will receive credit for academic courses, but the applicability of transfer credit toward a business degree will be

determined by the COB Undergraduate Studies Committee. Courses will be evaluated not only based on content but also as to level. Course level is determined by lower division (numbered 100-299) and upper division (numbered 300-499). A transfer business course must have been taken at the same level as the equivalent course at the University of Louisville to meet degree requirements. Junior and senior level transfer business courses must come from an AACSB accredited institution to fulfill business major degree requirements.

Courses that meet general education requirements may be transferred under course equivalencies established in the Office of Transfer Services. In cases where no equivalency is established, the Office of Transfer Services will direct students to the university academic department, school or college where similar courses are offered for evaluation of transfer credits.

# Other Admissions

## Visiting Students

Visiting students from other institutions who wish to take courses in the College of Business may enroll in non-degree seeking status and must follow the procedure outlined in this catalog (p. 18). Visiting students are not eligible for COB co-ops and must meet all prerequisite requirements.

College of Business students will be allowed to visit other colleges or universities only with written permission of the Reinhardt Academic Center (Frazier Hall, room 024).

Considerations include academic standing (students must be in good academic standing), residency requirement, course equivalency, and number of course credit hours. Total course load cannot exceed 18 hours. Failure to follow these guidelines may result in loss of credit.

## Auditors

Persons not eligible for admission to the College, or not seeking admission for the purpose of taking courses for credit, may request permission to take courses as auditors. Permission of the Department Chair is required to enroll as an auditor. All persons who audit classes must pay the regular fees. Persons whose enrollment in the College was limited to audited courses may not change to a credit basis for any course they are auditing. Regularly enrolled students may also enroll in classes as auditors. Students may not enroll in audit status during the early registration period.

# Admission to the Dental Hygiene Program

School of Dentistry

Office of Student Affairs and Admissions
501 South Preston Street Room 234
Louisville, Kentucky 40292

Phone: (502) 852-5081
Email: dhygiene@louisville.edu
Website: louisville.edu/dentistry/degrees/hygiene (http://louisville.edu/dentistry/degrees/hygiene/)

# Admission Requirements

The School of Dentistry offers the Bachelor of Science in Dental Hygiene.

Admission into the Dental Hygiene program is a tiered process: Lower and Upper Divisions. Students apply to the UofL Lower Division to complete general education and program pre-requisite courses on the Belknap Campus. Students must apply to the Dental School Upper Division to complete the professional component of the Bachelor of Science Dental Hygiene Degree Program on the HSC Campus.

All applicants should refer to the information included in the University of Louisville catalog relative to general admission policies. Admission to the Lower Division does not guarantee admission to the Upper Division. Admission to the Upper Division is competitive.

Visit our website (http://louisville.edu/dentistry/degrees/hygiene/) for more information. (http://louisville.edu/dentistry/degrees/hygiene/)

# Admission to the Lower Division

Students may be admitted directly to the UofL Dental Hygiene Program Lower Division (pre-professional) if the minimum admission standards and university deadlines are met. Applications must be submitted to the Office of Undergraduate Admissions and are available online. Students admitted to the Lower Division may also qualify for the program's Guaranteed Early Admission to the Professional Program. Information regarding early admission and general admission standards are found below and online (http://louisville.edu/dentistry/degrees/hygiene/).

## Admission in Good Standing

There are three options to meet admissions standards to UofL Lower Division in good standing. To be admitted in good standing, beginning freshmen and transfer applicants with less than 24 hours must meet the following requirements:

- Minimum cumulative high school grade point average of 2.8 along with a minimum ACT Composite of 21 (SAT 1060)
- Minimum cumulative high school grade point average of 3.0 along with a minimum ACT Composite of 20 (SAT 1030)
- Test Optional admissions to lower division requirements are a minimum high school grade point average of 2.8 and a comprehensive review of high school transcript, including grades and course curriculum rigor.
  a. Factors considered: completion of Algebra II, grades earned in other math classes, honors classes.

## University of Louisville Students Changing Majors

Students who have completed at least one semester in another college/school of the University earning a grade point average of at least 2.8, and have a cumulative grade point average of 2.8 or above for all college coursework may apply to the Lower Division Program in Dental Hygiene. They must complete an online change major application (https://louisville.edu/provost/iut/) in ULink.

Students admitted through this process must be advised before registering for courses in their first semester in the dental hygiene lower division pre-professional curriculum.

### Transfer Students

Transfer applicants with 24 credit hours or more must have a college cumulative grade point average of 2.8 or higher to be admitted to the Lower Division in good standing. Students transferring into the Lower Division must submit ACT or SAT scores when applying.

### Transfer Grade Acceptance

The University of Louisville recognizes appropriate course work completed at other accredited universities and colleges and accepts that work according to the principles set forth in the American Association of Collegiate Registrars and Admissions Officers Transfer Credit Practices and state law. Transfer credit hours that are college-level, academic in nature, and earned at appropriately accredited institutions will be accepted and posted as credit hours earned (i.e., with no grade or quality points) and will be accepted as credit toward degree, consistent with program requirements in the Dental Hygiene Program. All graded transfer credit hours, however, will be used for Upper Division admission purposes.

### Transfer Equivalency Determination

Courses that meet general education and program requirements may be transferred under course equivalencies established in the Office of Transfer Services. It is the student's responsibility to read the catalog, student handbooks, and official notices (e.g., University of Louisville School of Dentistry Dental Hygiene Program website and emails) to be informed about credits, requirements, and to abide by the regulations of the University and the School of Dentistry.

## Early Admission to the Upper Division

Each year, the dental hygiene admissions committee may reserve space in each dental hygiene upper division cohort for offers of early admission. Matriculation is conditional upon the successful completion of program prerequisites and maintenance of specific academic criteria given at time of conditional acceptance. Students must still complete admission requirements of the upper division, including completion of the DHCAS application to the upper division. Students forfeiting their conditional offer of early admission may still apply for admission to the upper division with the traditional competitive applicant pool. Students interested in early admission to the upper division are encouraged to contact the program academic counselor for more details on how to apply.

## Admission to the Upper Division

Admission to the Upper Division is competitive. Admission to the Lower Division does not guarantee admission to the Upper Division. To be considered for admission, applicants meeting the below minimum requirements may be eligible to apply. Advising to evaluate applicant readiness is encouraged for all students and required for freshman students. Applicants meeting the minimum academic requirements are not guaranteed admission to the program.

### Course Requirements

- Minimum 2.8 cumulative GPA (based on all college courses completed at accredited post-secondary institutions, as listed on all official transcripts).
- Have completed or be in the process of completing 55 credit hours of degree applicable courses, including specified general education and program pre-requisites. Students must have courses completed prior to the start of the professional program. Transfer students are encouraged to review course equivalency for verification.
- Earn a C or higher in required science courses (including Nutrition). Science courses (including Nutrition) must have been completed within the last 10 years at the time of application to Upper Division.

### Additional Admission Requirements

- Dental Hygiene Professional Application through the ADEA Dental Hygiene Centralized Application Service (DHCAS), available online at adeadhcas.org (http://www.adeadhcas.org/).
- Application deadline is **January 15** and only complete applications, including all required materials, will be reviewed for admission.
- Required DHCAS materials include:
  - ACT/SAT Scores
  - Documentation of at least 20 hours of dental hygiene observation
  - Response to personal statement(s) addressed within application
  - Letters of recommendation submitted directly from recommender including two (2) from instructors, one of whom must be science, and one (1) from a personal/work/community reference.
  - Official transcripts from all previously attended institutions
  - All applicants are required to complete Casper as part of the application. Casper consists of an online assessment of non-cognitive skills and interpersonal characteristics. Casper will complement the other tools that we use for applicant screening. In implementing Casper, we are trying to further enhance fairness and objectivity in our selection process. To complete Casper, visit Acuity Insights (https://acuityinsights.app/) to create an account and complete the following assessments:
    - Casper - 60-90 minute online, open-response situational judgment test (SJT)

### University Application Requirements for Admission

1. Transfer students not currently enrolled in UofL must also complete the UofL undergraduate application, specifying dental hygiene (DHL) as a major selection (if admitted, transfer students will be moved to DHU).
2. UofL students not enrolled in DHL must submit a change major form (https://louisville.edu/provost/iut/), specifying DHL for the designated Fall semester.
3. UofL DHL students need only submit application through DHCAS.
4. TOEFL scores for applicants whose first language is not English. Because command of the English language is essential for successful professional school study, non-native English speaking applicants, regardless of citizenship, must demonstrate their English proficiency through the Test of English as a Foreign Language (TOEFL). Preference is given to candidates with a minimum score of 100 and with listening and speaking section scores at 26 or above. The institution code for submitting TOEFL scores to the UofL School of Dentistry is **5933.** Students who have graduated from a high school in which English is the primary language and/or has completed a minimum of 30 credit hours in a fully accredited U. S. college or university qualify for a waiver of the TOEFL requirement.

Applicants **must** comply with the minimum technical standards (http://louisville.edu/dental/hygiene/admission/upper/Minimum%20Technical%20Standards%20Form.pdf) for admission and matriculation with

or without accommodation and the immunization requirements for all Health Sciences students. Compliance with the immunization requirements for all Health Sciences students is **mandatory**.

Immunizations requirements have been established to safeguard the health and well-being of patients, students and all health care workers and can be found on the Campus Health website (http://louisville.edu/campushealth/information/immunizations/health-professional-students/).

### Upper Division Transfers from Another Dental Hygiene Professional Program

The University of Louisville School of Dentistry considers Upper Division Dental Hygiene transfer students (coming from professional study in another dental hygiene program) on a case-by-case basis. Only individuals who are in good standing at their present dental hygiene school (or were in good standing when they left) are considered to be eligible as a transfer student. Upper Division transfers students will be required to meet with the program director for academic review and recommendation.

# Admission to the College of Education and Human Development

**College of Education and Human Development**
Woodford R. and Harriett B. Porter Building
University of Louisville
Louisville, KY 40292

Phone: (502) 852-5597
Email: edadvise@louisville.edu
Website: louisville.edu/education (http://louisville.edu/education/)
Social: Facebook (https://www.facebook.com/uoflcehd/)

## Admission Requirements

Students are admitted to the College of Education and Human Development on either a degree-seeking or non-degree seeking basis. High school visitors, visiting students from other institutions, auditors, those pursuing undergraduate certificates only, and post baccalaureate students are considered non-degree seeking. Non-degree seeking students will be notified by the Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. All other students are considered degree-seeking.

Students planning to earn degrees from the College of Education and Human Development should submit an application for admission to the Undergraduate Admissions Office of the University and must meet the University minimum standards for admission. Students must apply for readmission if they do not enroll in classes for two or more years, and they must follow the catalog requirements in place at the time of readmission.

Students applying to College of Education and Human Development with less than 24 credit hours are admitted in good standing with the following additional requirements:

- ACT composite score of 21 or above (test optional)
- (If college credit has been earned) a cumulative college grade point average (based on degree applicable credits) of 2.25 or above

Students applying with less than 24 credit hours who do not meet the above criteria may be admitted in conditional status subject to University admission guidelines for new Freshmen.

Students applying with 24 credit hours or more are admitted in good standing if their cumulative grade point average is 2.25 or above. Students admitted in good standing must maintain a University of Louisville cumulative grade point average of 2.25 or above to remain in good standing status. Students applying with 24 credit hours or more are admitted in conditional status if their cumulative grade point average is 2.00 to 2.24. Students admitted in conditional status who earn a University of Louisville semester grade point average of 2.25 or above will be placed in good standing. Students admitted in conditional status who earn a University of Louisville semester grade point average less than 2.25 will be placed in academic warning status.

### Admission in Special Status

Students whose cumulative college grade point average (based on degree applicable credits) is below 2.00 may petition the College of Education and Human Development Standards and Admissions Committee for consideration for admission in Special Status. Conditions for admission in special status and continuance in special status will be decided by the College of Education and Human Development Standards and Admissions Committee based upon a student's academic background and circumstances.

### Transfer Students

A student transferring from another institution should take the following steps in seeking admission:

1. Complete an undergraduate application and submit to the Admissions Office, University of Louisville, for admission to the College of Education and Human Development. Undergraduate applications are available online (https://admissions.louisville.edu/ugrd/).
2. Request that official transcripts from each institution previously attended be sent to the Admissions Office, University of Louisville. **Please note:** A student who fails to declare previous attendance at another institution may be dismissed.
3. Schedule an appointment with the CEHD Academic Advising Office to have an official degree audit prepared.

## Additional Program Requirements

### Organizational Leadership and Learning program

Applicants applying for admission to Organizational Leadership and Learning must meet the following criteria, in addition to the admission standards listed above.

Prior extensive and documented work experience, or equivalent experiences as determined by the program faculty, or technical coursework in a training area or occupation is required.

For the BS in Organizational Leadership and Learning with a track in Career and Technical Education, applicants must have completed requirements for a professional license. This program is designed for Kentucky certified teachers in Career and Technical Education to earn their Rank 1 certification.

### Teacher Education programs

Students who plan to pursue an undergraduate teacher education program should meet with an academic advisor in the College of Education and Human Development to discuss the application process and admission to the program.

All candidates must submit a complete teacher education application to the College of Education and Human Development by the deadlines specified for each program. For more information: louisville.edu/education/degrees (http://louisville.edu/education/degrees/).

Admission to teacher education programs is competitive. The admissions committee will assess the qualifications of each applicant and his/her potential for success in the program.

# Admission to the Kent School of Social Work and Family Science

**Kent School of Social Work and Family Science**
Oppenheimer Hall
University of Louisville
Louisville, KY 40292

Phone: (502) 852-6402
Email: bswkent@louisville.edu
Website: louisville.edu/kent (http://louisville.edu/kent/)

# Admission Requirements

Persons interested in admission to the Kent School should contact the BSW Program. We encourage potential applicants to consult the BSW page on the Kent School website (http://louisville.edu/kent/academics/bachelor-of-science-in-social-work/). If you wish to discuss the application process, you may contact the BSW Program.

Kent School seeks mature students with a demonstrated ability to work with people, emotional stability, good interpersonal skills, and the ability to perform well academically. To ensure that entering students meet these standards, the faculty has established the following guidelines.

Once students are accepted by University of Louisville's Admission Office and declare a major as Social Work, they are admitted to the University as lower division students. However, admission to lower division does not guarantee admission to the upper division Social Work Program.

# Criteria for Admission to the Lower Division Social Work Program

### Admission in Good Standing

To be admitted to the lower division, beginning freshmen must meet the following requirements:

### High School Students – automatic admission with ACT/SAT scores:

- Graduation from an accredited high school, have a GED or equivalent by petition (for example, home school educations)
- High school GPA of 2.5 or higher
- Composite ACT score of not less than 20 or SAT not less than 1030

### High School Students – minimum requirements without ACT/SAT scores:

- Graduation from an accredited high school, have a GED or equivalent by petition (for example, home school educations)
- High school GPA of 2.5 or higher
- Comprehensive review of high school transcript, including grades and courses particularly college preparatory courses

### Transfer Students

Transfer applicants with 24 hours or more must have a college grade point average of 2.5 or higher to be admitted in good standing. Transfer students without these may apply for conditional admissions.

### Change of Major (Intra-University Transfer) Students

Students who have completed at least one semester in another school of the university with a cumulative grade point average of 2.5 may apply for an intra-university transfer (change major) to the Lower Division Bachelor of Social Work Program. They must complete an online Change Major form that can be found on Ulink. Students admitted through this process must be advised before registering for courses in their first semester in the lower division curriculum.

Students with a minimum of a 2.0 GPA may apply for conditional admission to the Lower Division through intra-university transfer.

### Conditional Admission

Students who meet University minimum academic standards may be conditionally admitted (see Undergraduate Catalog, Admission to the University of Louisville (https://catalog.louisville.edu/undergraduate/admission/)).

# Criteria for Admission to the Upper Division Social Work Program

Prior to application for admission to the Social Work Program, students must have:

- Earned 45 semester hours of college credit;
- A minimum cumulative GPA of 2.5 on a four-point scale.

After completion of 45 hours of college credit, students may be considered for admission to the Social Work Program. Admission to the upper division Social Work Program is conducted without discrimination on the basis of race, color, gender, age, creed, ethnic or national origin, disability, or sexual orientation.

### Current UofL Students

Requires internal application from Kent School. Must meet application requirements and deadlines for acceptance to Upper Division as posted: Bachelor of Social Work Admissions — Raymond A. Kent School of Social Work and Family Science (louisville.edu) (https://louisville.edu/kent/admissions-1/bsw-admissions/). Late applications may be accepted on a case-by-case basis, please contact the BSW Department for approval to apply late (BSWKent@louisville.edu).

### Transfer Students

- Complete the application process for admissions to the University of Louisville prior to applying for Upper Division. Make certain that you indicate Social Work as your major on the application. Once students are accepted by University of Louisville's Admission Office, they are admitted to the University as lower division Social Work students. However, admission to lower division does not guarantee admission to the upper division Social Work Program.

Transfer admissions website: louisville.edu/admissions/apply/transfer (https://louisville.edu/admissions/apply/transfer-applicants/).

**How do I know if my coursework will transfer?** Click here for information on transfer coursework (http://louisville.edu/admissions/apply/transfer/services/course-credit/transfer-evaluation-system-tes/)**. (http://louisville.edu/admissions/apply/transfer/services/course-credit/transfer-evaluation-system-tes/)**

Qualified transfer students new to UofL may be accepted to the upper-division after the posted deadline on a case-by-case basis, please contact the BSW Department for approval to apply late: BSWKent@louisville.edu

# Admission to the School of Music

**School of Music**
University of Louisville
Louisville, KY 40292

Phone: (502) 852-6907
Email: gomusic@louisville.edu
Website: louisville.edu/music (https://louisville.edu/music/)
Social: Facebook (http://www.facebook.com/uoflmusic/)

### Admission Requirements

Every prospective School of Music student must successfully audition and submit the following before a formal admission recommendation is made:

1. A completed application for admission to the University of Louisville, including the application fee
2. A completed School of Music Application for Financial Aid (optional)
3. Official high school/college transcript
4. ACT and SAT scores are optional for students. Students who apply without ACT/SAT test scores will be considered if they demonstrate strong high school grades in a rigorous high school curriculum. A UofL admissions counselor may request additional materials, such as a resume that displays involvement outside the classroom, letters of recommendation or a personal essay to demonstrate a student's ability to succeed at the University of Louisville. You can learn more about applying to UofL without test scores on our Standardized & Optional Test Information page (https://louisville.edu/admissions/apply/standardized-test-submission-options/).
5. Test of English as a Foreign Language (TOEFL). If English is not your native language, you must verify your English proficiency by submitting official, satisfactory scores (550 or higher for paper-based test, 213 or higher for computer-based test, or 79-80 on the internet-based test), or a score of 6.5 on the IELTS exam, or by successful completion of the Intensive English as a Second Language (IESL) program at the University of Louisville.
6. Although each student must play or sing a performance audition for the School of Music, applicants to the BM program with emphasis in Composition must also submit a portfolio of work that includes the following: three or four samples of original compositions, along with recordings of the same works, if possible. Evidence of experience using various instrumental and/or vocal combinations is helpful.
7. In addition to the instrumental/voice audition, the successful music theory applicant will submit a portfolio containing three items: a) an essay of 500 words or more about a piece of music, which can be an analysis, a set of program notes, or a description of what you like about the piece; and b), one of the following: a composition (either stylistic or original; please send score and recording), a melody harmonization for four voices, a figured bass realization, or a 2-voice mixed species counterpoint example; and c), a short essay (100-200 words) detailing why you want to study music theory. Students who have questions about what to submit in the portfolio should feel free to ask questions before submitting.
8. Because the field of Music Therapy requires the therapist to sing to patients/clients, a demonstration of functional vocal ability must accompany the application of all non-voice principle majors. Applicants must submit a video recording of themselves singing two solo songs of contrasting styles. These songs do not need to be memorized, can be very simple, and may be accompanied by an instrument or sung *a cappella*. The video must be sent via YouTube for evaluation by the faculty. Please email the YouTube/video links to gomusic@louisville.edu by February 27.

Students admitted on probation/conditionally must be in good standing after one or two semesters (as indicated in the acceptance letter), or they will be dismissed and not allowed to continue pursuing a degree in music.

All recommendations are pending the student meeting minimum admission requirements of the School of Music (https://louisville.edu/admissions/apply/program-specific-admissions-criteria/) (2.5 GPA and 20 ACT or 1030 SAT; 2.75 GPA for those without ACT/SAT scores, and

comprehensive review of high school transcript including grades and courses).

**Note:** Admission to Teacher Education requires 21 ACT. Students must apply to Teacher Education in the second semester of their sophomore year (February 1application deadline). Failure to be admitted to Teacher Education will delay a student's ability to take advanced classes in music education and teacher education.

## Prerequisite Training in Applied Music

Audition requirements can be found at: louisville.edu/music/apply/undergraduate/audition-dates-requirements (http://louisville.edu/music/apply/undergraduate/audition-dates-requirements/)

Instrumental requirements: louisville.edu/music/apply/undergraduate/audition-dates-requirements/instrumental-undergraduate-audition-requirements (http://louisville.edu/music/apply/undergraduate/audition-requirements/)

Jazz requirements: louisville.edu/music/apply/undergraduate/audition-dates-requirements/jazz-studies-undergraduate-audition-requirements (http://louisville.edu/music/apply/undergraduate/audition-requirements/jazz-studies-undergraduate-audition-requirements/)

Voice requirements: louisville.edu/music/apply/undergraduate/audition-dates-requirements/voice-undergraduate-audition-requirements (http://louisville.edu/music/apply/undergraduate/audition-dates-requirements/voice-undergraduate-audition-requirements/)

## All Applied Music Fields

If the qualifying entrance examinations indicate that an entering student has not reached the minimum level of achievement in required music fields (or in certain theoretical courses), the student will be required to take appropriate courses without credit until the proper level is attained.

---

**Instrumental (non-Jazz) Undergraduate Audition Requirements**

***Bassoon***
All prospective bassoon students should be prepared to play 2-3 works of contrasting styles. You may be asked to play scales and to sight-read.

***Cello***
All prospective cello students should be prepared to play 2 or 3 contrasting pieces. Suggested repertoire consists of the following:

- a movement of a concerto;
- a movement of solo Bach;
- an etude; or
- a solo piece or sonata.

***Clarinet***
All prospective clarinet students should be prepared to play 2 works, or movements of works, of contrasting styles. Scales are not required, but you will be asked to sight-read.

***Double Bass***
All prospective bass students should be prepared to play 2-3 contrasting solo selections, standard orchestral excerpts, and major and minor scales. You may also be asked to sight-read.

***Euphonium***
All prospective euphonium students should be prepared to perform 2 or 3 selections in contrasting styles from solo literature or etudes. These selections should demonstrate both expressive and technical dimensions of the student's playing. Major scales and sight reading may also be asked.

***Flute***
All prospective flute students should be prepared to play 2 pieces of contrasting styles for the audition, for a total of 8-10 minutes of music. You should be prepared to sight-read and play a few scales.

***French Horn***
All prospective horn students are required to play 2 pieces of contrasting styles, scales, and to sight-read.

***Guitar***
All prospective guitar students must display the following:

- Completion of Aaron Shearer's *Classic Guitar Technique, Vol. 1* or a comparable classic guitar method;
- Preparation of at least 3 contrasting pieces preferably from different historical periods (i.e. Renaissance, Baroque, Classical/Romantic, 20$^{th}$ Century/Contemporary); one of the pieces should be etudes by such composers as Aguado, Brouwer, Carcassi, Guiliani, Sor, Tárrega, or Villa-Lobos;
- Knowledge of applicable technical studies: Guiliani's *120 Right Hand* Studies, Segovia's Diatonic Major and Minor Scales, Carlevaro's School of Guitar; and have sufficient sight-reading abilities.

***Harp***
All prospective harp students should be prepared to play 2 pieces of contrasting styles, for a total of 12-15 minutes of playing.

***Oboe***
All prospective oboe students should be prepared to play 2-3 works of contrasting styles, such as a Handel Sonata or pieces of comparable difficulty. Students may be asked to play scales and to sight-read.

***Organ***
To enter the four-year degree program in organ, the student should have completed sufficient piano study to be able to play Bach *Inventions*, Mozart sonatas, Beethoven sonatas, and compositions by Mendelssohn, Grieg, Schubert, and Schumann.

***Percussion***
Students should perform works in the following categories that accurately represent their current level of achievement. There may be possible sight-reading on all instruments (keyboards, timpani, snare drum).

Required:

- One 2-Mallet and/or 4-Mallet keyboard work (with or without piano accompaniment);
- Two snare drum works (rudimentary and orchestral);
- One Timpani work (2, 3, or 4 Drums); and
- Snare Drum Rudiments.

Optional:

- One multiple percussion work; or
- Drum Set: various styles (Jazz, Bossa Nova, Afro, Cuban, etc.).

***Piano***
To be admitted as an undergraduate piano student, students should:

- Be able to play all major and minor scales and arpeggios correctly at a moderately rapid tempo;
- Have the skills to sight read compositions of moderate difficulty; and
- Have already studied such compositions as Bach *Inventions*, classical sonatas, and works by such composers such as Mendelssohn, Chopin, Schumann, Debussy, Bartok, and Kabalevsky.

At the audition, students will be expected to play three pieces of contrasting styles including:

- Bach *Two* or *Three Part Invention* or suite movement;
- Movement of a classical sonata; and
- Romantic, Impressionistic, or Twentieth/Twenty-first Century work.

They will also be asked to present:

- Scales and arpeggios in any major or minor key; and
- Sight reading of an intermediate level work.

Students must bring to the audition a Repertoire List including works studied in the past five years.

***Saxophone***
All prospective students should be prepared to play 2-3 works, or movements of works, of contrasting styles. Students may be asked to play major and minor scales and to sight-read.

***Trombone***
Tenor Trombone: proficiency in major scales, 2 octaves; 1 Rochut Melodious Etude; Morceau Symphonique by Guilmant or Concertino by David.

Bass Trombone: proficiency in major scales, 2 octaves; 1 Rochut Melodious Etude, Vol. 1; pick 1 solo from Patrick McCarty Sonata, Lebedev Sonata, or Telemann Fantasies.

***Trumpet***
All prospective students are required to play 2 pieces of contrasting styles, scales, and to sight-read.

***Tuba***
All prospective students should perform 2-3 selections in contrasting styles from solo literature or études. These selections should demonstrate both expressive and technical dimensions of the student's playing. Major scales and sight-reading may also be asked.

***Viola***
All prospective students should be prepared to play:

- One 3-octave scale (the student may choose the key);
- One movement from the Bach *Unaccompanied Cello Suites*; and
- One movement from the standard viola literature that best demonstrates the student's ability.

***Violin***
To enter the degree program in violin performance, the student should be able to perform:

- A movement of any Bach Sonata or Partita;
- A movement of any Mozart Concerto; and
- A movement of any Romantic Violin Concerto.

To enter any other degree program, the student should be prepared to perform:

- Two movements of contrasting styles, one of which should be a movement of unaccompanied Bach.

**Instrumental (Jazz Studies) Undergraduate Audition Requirements**

***Major Instrument Requirements***
All scale and chord possibilities can be found in any Aebersold volume, Aebersold Summer Jazz Workshop handout, or contact the school for material. A jazz experience at University of Louisville is geared toward achieving a greater proficiency in ensemble playing. Your primary performing opportunities will be in jazz ensemble and combo. Solo performance is a desirable goal and may also be studied.

***All Instruments (except Drums, where noted)***

Scales – All 12 keys in at least two octaves

- Major/Dominant/Minor (Dorian preferred)
- Blues scales (not for bass)

Chords/Arpeggios: Major/Dominant/Minor

Play the following: all selections can be found in Aebersold Volume 54 "Maiden Voyage"

- Blues in either Bb or F;
- A tune of your choice: melody and improvisation (good choices include *Autumn Leaves, Summertime, Maiden Voyage, Satin Doll)*;
- A jazz transcription if possible by a master performer on your instrument; and
- Optional: a classical selection of your choice, length not important.

Sight-reading: Melody and improvise basic chord progression

***Piano***

- One hand voicings
- Right hand guide tones/Left hand root
- Three and/or four notes rootless voicings (guides and one or two color tones) in either right or left hand
- Sight-reading
- Basic chord progression: Right hand voicings/left hand root
- Melody and improvisation with or without voicings

***Guitar***

- Two voicings for all root position seventh chords (one voicing from sixth string and another off or fifth string)
- Sight-reading
- Melody and improvise basic chord progression
- Comp through progression

***Bass***

- Sight-reading
- Basic chord progression
- Demonstrate: 2 beat/walking/Latin

***Drum Set***

- Demonstrate the following styles in either 32 or 12 bar form: Swing/ Bossa Nova/Rock (any style)/Afro-Cuban
- Be able to play time in either 32 or 12 bar form: 4/4, 3/4, 6/8
- Demonstrate the ability to play with brushes
- Trade: 8's over a 32 bar tune/ 4's over a 12 bar blues

**Voice Undergraduate Audition Requirements**

Be prepared to sing at least 2 songs in the classical style, from memory, in contrasting styles and moods. Usually this means one is in a moderate or slow tempo, which shows your ability to sustain good vocal tone, and one is in a livelier mood, which demonstrates articulation and vocal flexibility. The songs you choose should be memorized from printed music and must be accompanied by piano. Songs may have either English or foreign texts. You should get advice on appropriate selections and, if possible, vocal training from a competent and knowledgeable voice teacher in preparation for the audition.

In addition to singing 2 songs, you will be asked to sing at sight a short musical example. There may also be a tonal memory evaluation in which you will sing back a few brief sequences of intervals that have been played on the piano. These are diagnostic exercises that help in assessing your level of musical security and independence. Note: vocal auditions may be video recorded.

## Community College Transfer Limits Policy

For bachelors' degrees, students must present at least sixty (60) semester credit hours earned at four-year institutions. Students must also meet residency requirements.

## Special Students

Students sixteen years of age or over who have not satisfied the requirements for admission as candidates for degrees may, by special consent of the Dean, be admitted upon payment of the regular fees. Such special students cannot become candidates for degrees until they have satisfied admission requirements for the degree desired.

## Re-enrolling Students

If a student has a break in enrollment of two or more calendar years, that student must apply for readmission to the School of Music, and if admitted, will be subject to catalog requirements in effect at the time of readmission. Students who have not taken applied music for one or more calendar years must re-audition in their major applied area. Bachelor of Arts students who have completed their applied music requirements are exempt, unless they plan to continue applied music study.

Students who were not enrolled during the immediate past semester, but were enrolled within the last two calendar years, and who wish to continue in the school and program in which they were last registered, are eligible to re-enroll. They need to complete a re-enrollment form at the School of Music or the Registrar's Office.

Students completing the re-enrollment process are eligible for early registration for the term in which they wish to return. Students whose last enrollment status was visitor, high school visitor, conditional, or who were dismissed, must reapply. Students last enrolled in University College or Transitional Studies must also reapply through the Office of Admissions since those units are no longer in existence.

## Transfer Grade Acceptance

The University of Louisville recognizes appropriate course work done at other accredited universities and colleges and accepts that work according to the principles set forth in the American Association of Collegiate Registrars and Admissions Officers Transfer Credit Practices and state law.

Transfer work that is college-level, academic in nature, and earned at appropriately accredited institutions will be accepted and posted as credit earned (i.e., with no grade) and will be accepted as credit toward degree, consistent with policies in effect for resident students. Students must be aware that majors and/or programs may require a minimum of a C or better for certain degree requirements. Individual units or programs may set higher standards in accepting transfer grades, which supersede those indicated here.

The School of Music does not accept transfer grades below a C. No credit is transferred for applied music or theory. Advanced standing for applied music may be awarded at a jury. Advanced standing for theory is awarded by examination. Music history credits are evaluated for transfer by the Music History faculty. Recital Attendance credits may be transferred. Principal ensemble credits may be transferred, but not to exceed one per semester. Those with Recital Attendance transfer credits or documented ensemble experiences or courses will be evaluated on an individual basis by the Dean's Office.

## Transfer Equivalency Determination

Transfer equivalencies are determined by the instructional unit or the "best fit" unit as determined by the Office of the University Provost. Courses that meet general education requirements may be transferred under course equivalencies established in the Office of Transfer Services. In cases where no equivalency is established, the Office of Transfer Services will direct students to the university academic department, school, or college where similar courses are offered for evaluation of transfer credits.

# Admission to the School of Nursing

**School of Nursing**
Health Sciences Campus, K-Wing
555 South Floyd Street
Suite 3019
University of Louisville
Louisville, Kentucky 40202

Phone: (502) 852-8300
Website: louisville.edu/nursing (https://louisville.edu/nursing/)

# Admission Requirements

Admission to the School of Nursing is a two-level process for the traditional degree program: lower division and upper division. Students must be admitted to the lower division to be eligible to apply to the upper division. Admission to the lower division does not guarantee admission to the upper division. Admission to the upper division of the degree program is selective.

# Admission to the Lower Division

Students may be admitted directly to the School of Nursing's lower division (pre-professional) if the minimum admission standards and university deadlines are met. Admission applications must be submitted to the Office of Undergraduate Admissions. Applications are available online through the university's website. Admission to the lower division (pre-professional) does not guarantee admission to the upper division (professional curriculum).

Freshmen and transfer students with fewer than 24 hours of college credit must submit an official high school transcript or GED scores and official transcripts from all outside college course work, if applicable.

If the transfer applicant applies to the university as a test optional applicant, they are admissible to lower division if they meet all of the following requirements:

1. Has completed 12-23 credit hours at an accredited post-secondary institution. Dual credit courses do not fulfill this requirement.
2. Has a minimum college grade point average of 3.0 (excluding dual credit courses).
3. Has completed College Algebra or higher with a C or better (C- in not accepted).

There are three options to meet admissions standards:

1. Minimum cumulative high school grade point average of 3.0 along with a minimum ACT Composite of 22 (SAT 1100) and minimum ACT Math sub-score of 22 (SAT 540).
2. Minimum cumulative high school grade point average of 3.0 along with minimum Accuplacer Math QRAS test score of 263; and Reading test score of 250.
3. Test Optional admissions requirements are a minimum high school grade point average of 3.5; completion of 4 years of high school English with a minimum English grade point average of 3.0; and a rigorous high school math curriculum. Must earn all A and B grades in math courses. Must include one of the following math courses during junior or senior year: AP Calculus; AP Pre-Calculus; Dual Credit College Algebra; Dual Credit Pre-Calculus; Dual Credit Calculus.

All documents are submitted to the Office of Admissions. Mail to or request mailing to:

**The Office of Admissions**
Dept. AO
University of Louisville
Louisville, KY 40292.

**Transfer Students with More Than 24 Hours of College Credit**
For admission into the lower division, applicants must have a minimum cumulative college grade point average of 2.8 (on a 4-point scale) in all undergraduate college course work. Students who are admitted into the upper division nursing program with a prior failure (C- or below) in a nursing course at another institution are required to enroll in a Student Success course during their first semester enrolled in upper division.

- Submit all official transcripts from all outside college coursework to the Office of Admissions. Mail to or request mailing to:

  **The Office of Admissions**
  Dept. AO
  University of Louisville
  Louisville, KY 40292.

## University of Louisville Students Changing Majors

Students who are enrolled at the University of Louisville in another major may apply to the School of Nursing. They must complete an online change of major form through their ULink account. Students admitted through this process must be advised before registering for courses in their first semester in the lower division nursing program.

To be eligible for admission into the lower division of the nursing major, a change of major student must meet the following criteria:

1. Minimum 2.8 cumulative undergraduate GPA from all colleges attended.
2. 12 hours completed at UL.
3. Does not have 2 or more NURS prefix failures (C- or below) from previous institutions.
4. Was not previously dismissed from a Nursing program.
5. No more than one failure with a grade below C, in the following courses: ENGL 101, ENGL 102, MATH 111, BIOL 257. BIOL 258, BIOL 260, BIOL 2
   or CHEM 105. This applies only to UL courses and not transfer course work.

# Admission to the Upper Division

## Traditional BSN Degree

Admission to the upper division is selective. Traditional BSN students must be admitted to the lower division of the degree program to be eligible to apply to the upper division of the degree program.

Students admitted to the upper division professional nursing curriculum will be required to meet all clinical compliance requirements prior to entering any clinical facilities.

To be considered for admission, applicants must:

- Have completed the lower division (pre-professional) curriculum or be in the last semester of completion (see Degree Programs- Nursing).
- Have earned a minimum cumulative undergraduate grade point average of 2.8. The cumulative grade point average for admission to upper division nursing is calculated based on all course work completed at accredited post-secondary institutions. Transfer credit and transfer GPA are determined by the Office of Adult & Transfer Services in the Office of Undergraduate Admissions.
- Have earned a minimum lower division (pre-professional) program grade point average of 3.0. The lower division program grade point average is based on required lower division curriculum course work as determined by the nursing faculty.
- Earn a C or higher in required sciences, math, English, and nursing courses. Science courses must have been completed within the last 10 years. Students must submit an exemption request for acceptance of sciences taken prior to the last 10 years to the School of Nursing Office of Student Services. Consideration will only be given to those with experience in the science in which exception is being requested. Transfer credit for science courses taken prior to the last 10 years will be evaluated on an individual basis. There can be no outstanding incomplete grades prior to beginning nursing courses.

Students admitted as a first-time University of Louisville freshman will have 0.2 points added to their program grade point average for ranking during review of upper division applications.

## Applying to the Upper Division, Traditional BSN

To apply to the upper division, a student must:

- Submit a University of Louisville Undergraduate Application if new to UofL or submit an online change of major form if already enrolled in a school other than the School of Nursing at UofL.
- Submit a written essay, narrative, or short story describing your personal qualities and how they fit you for a career in nursing, your perception of the nursing field and what influenced you to select nursing as a career
- Submit a certified criminal background check. Details on the School of Nursing website.
- Complete the interview process (if requested).
- Applications and credentials must be received by the deadlines posted on the School of Nursing website https://louisville.edu/nursing/academics/bsn/louisville/admissions (https://louisville.edu/nursing/academics/bsn/louisville/admissions/)

**NOTE: An unsatisfactory background check may prevent a student from being admitted into the program and/or licensed as a registered nurse. Questions regarding licensing should be addressed with the Kentucky Board of Nursing.**

The appropriate undergraduate committees will evaluate applicants for acceptance to an upper division clinical cohort. The committee decision will be communicated to the applicant in writing. Admissions are contingent on successful completion of the lower division (pre-professional) curriculum. Accepted students will receive a letter of agreement stating the anticipated start date, the conditions for accepting the space, and consequences of failing to keep the space. The letter of agreement must be signed and returned within 10 working days of receipt to assure a space in the upper division clinical cohort. All qualified students who meet admission criteria but are not accepted into the requested upper division clinical cohort due to space constraints should meet with their advisor.

## Guaranteed Early Admission (GEA) Native College Freshmen

The Guaranteed Early Admission (GEA) program is available to first year University of Louisville freshmen. Forty spaces are reserved in upper division each academic year for first year, full time college freshmen who enter the University of Louisville in the Fall semester. First year college freshmen apply upon completion of their first year of college for a guaranteed admission to a specific upper division cohort. These spaces are awarded based on the student's competitive application. Transfer students are not eligible.

To be considered as a first-year freshman for guaranteed admission to the upper division, an applicant must:

- Successfully complete NURS 101 with a minimum grade of B.
- Successfully complete the first year of full-time coursework with a minimum 3.25 GPA.
- Complete two required science courses (CHEM 105 and BIOL 102 or their equivalent) with minimum grades of B.

Application requirements:

- An essay of 500 words or less describing your interest in a career in nursing.
- School of Nursing Application for GEA available on SON website https://louisville.edu/nursing/early/guaranteed-early-admission (https://louisville.edu/nursing/early/guaranteed-early-admission/)
- Deadline is April 1 each year.

To maintain GEA status:

- Accept a start date to begin upper division courses for a specific semester.
- Maintain a minimum cumulative college GPA of 3.0 each semester of enrollment in the lower division.

**Direct Admission Program for High School Seniors**

The Direct Admissions program is available to high school seniors that plan to enroll as first-time freshman at the University of Louisville and major in nursing. A limited number of spaces are reserved each academic year. These spaces are awarded based on the student's competitive application. Students apply while enrolled in their senior year of high school.

To be considered as a high school senior for direct admission into upper division, an applicant must meet the following requirements:

- Minimum high school grade point average of 3.5 on a 4.0 scale (unweighted)
- Minimum ACT composite score of 25 or SAT 1200
- Minimum Math ACT sub-score of 25 or SATM 590

Application Requirements:

- An essay of 500 words or less describing your interest in a career in nursing.
- School of Nursing Direct Admit application, available on the School of Nursing website.
- Deadline is November 15th of student's senior year of high school.

To Maintain Direct Admit Status:

- Accept a specific spring semester upper division start date. If an earlier start date is determined possible by the nursing academic advisor in the first semester of enrollment at UofL, a fall upper division semester start date may be approved by request.
- Maintain a minimum cumulative GPA of 3.0 each academic year of enrollment in lower division.
- No repeats of required science or nursing courses: BIOL 102, CHEM 105, BIOL 260, BIOL 261, BIOL 264, BIOL 265, BIOL 257, BIOL 258.
- Must complete a minimum of 6 science courses, with labs, during freshman year of college: BIOL 102, CHEM 105, BIOL 260, BIOL 264, BIOL 257, BIOL 258.

**Admission to Lower Division Accelerated BSN (Prerequisite Coursework)**

Students wanting to complete prerequisite coursework at the university apply to the lower division portion of the program by submitting an application for admission to the Office of Undergraduate Admissions (https://louisville.edu/admissions/) along with college transcripts from all previously attended colleges.

To be admitted the School of Nursing to complete professional/prerequisite coursework, Accelerated Bachelor of Science in Nursing

applicants must have a minimum college cumulative grade point average of 2.4.

Students may be admitted directly to the School of Nursing to complete professional/prerequisite coursework if the minimum admission standards and university deadlines are met. All prerequisite coursework must be completed prior to starting the Program/Major portion of the program. A minimum grade of C is required in all prerequisite science coursework.

Science courses must have been completed within the last 10 years. Students must submit an exemption request to the School of Nursing, Office of Student Services for review for acceptance of sciences taken prior to the last 10 years. Consideration will only be given to those with experience in the science in which exception is being requested. Transfer credit for science courses taken prior to the last 10 years will be evaluated on an individual basis. There can be no outstanding incomplete grades prior to beginning upper division nursing coursework.

Admission to the Lower Division does not guarantee admission to the Program/Major portion of the program.

**Admission to the Accelerated BSN Program Upper Division**

Admission to the Accelerated BSN Program is selective. To be considered for admission, applicants must:

1. have earned a bachelor's degree in another field from a postsecondary institution that is institutionally accredited by an agency recognized by the U.S. Department of Education (USDE) (https://www.ed.gov/laws-and-policy/higher-education-laws-and-policy/college-accreditation/institutional-accrediting-agencies#RegionalInstitutional/#RegionalInstitutional)
2. successfully complete all prerequisite requirements prior to beginning the Accelerated BSN coursework
3. have earned a *recommended* minimum cumulative undergraduate grade point average of 2.8 The cumulative grade point average for admission consideration to the Program/Major of nursing is calculated based on all course work completed at accredited post-secondary institutions. Transfer credit and transfer GPA is determined by the Office of Transfer Articulation in the Office of Undergraduate Admissions.
4. have earned a *recommended* program grade point average of 3.0. The program grade point average is based on required prerequisites as determined by the nursing faculty

Admissions are contingent on successful completion of the prerequisite coursework. Accepted students will receive a letter of agreement stating the anticipated start date, the conditions for accepting the space, and consequences of failing to meet admission conditions.

**Admissions Process for Accelerated BSN**

1. Submit all admissions materials to NursingCAS (https://nursingcas2022.liaisoncas.com/applicant-ux/#/login)
2. Official transcripts representing all college coursework.
3. Applicants who have attended a college or university outside the United States are required to submit an evaluation of their transcript through World Education Services (https://www.wes.org/) (WES) or Educational Credential Evaluators (https://www.ece.org/) (ECE).
4. Within the Nursing CAS application applicant must be prepared to answer questions regarding your short- and long-term nursing goals, leadership experience, community engagement, and healthcare experience/exposure. For details and guidance regarding the questions visit the School of Nursing (https://louisville.edu/nursing/academics/bsn/accelerated/admissions/) webpage.
5. Students for whom English is not their primary language must show English Proficiency (https://louisville.edu/graduate/futurestudents/application-directions/)
6. Submit a certified criminal background check. Details on the School of Nursing website.

**NOTE: An unsatisfactory background check may prevent a student from being admitted into the program and/or licensed as a registered nurse. Questions regarding licensing should be addressed with the Kentucky Board of Nursing.**

A holistic review process is used when considering applications for admissions. The holistic review considers multiple criteria for admissions, such as: the applicant's professional career goals, academic capabilities, and grade point averages.

# Additional Transfer Student Information

## Awarding of transfer credit

A student may earn college credit through a variety of mechanisms. Therefore, students seeking advanced standing through transfer of credit should seek advice from the Office of Student Services, School of Nursing, as soon as possible. Individual evaluations include:

1. Courses from accredited colleges and universities.
2. CLEP examinations.
3. Advanced Placement examinations.
4. Portfolio documentation, RN-BSN program only. Students in the RN-BSN program will receive 30 college credits from the university after successful completion of the portfolio course.
5. General Education Block Certifications by accredited Kentucky institutions are recognized.
6. The School of Nursing has a ten-year limit on science courses. Transfer credit for science courses taken prior to the last 10 years will be evaluated on an individual basis.
7. Other transfer courses are evaluated on an individual basis for currency and equivalency to required courses in the nursing curriculum. Science, English, and nursing courses taken at another college or university must have been passed with a grade of C or better to be transferred into the nursing curriculum.

**Transfer Policy for Students Transferring from Other Schools of Nursing**

Applicants transferring from other schools of nursing will submit complete course syllabi and appropriate supporting documents to the School of Nursing Office of Student Services. These documents must be submitted at least six weeks prior to the application deadline. Syllabi and supporting documents will be reviewed by selected faculty and Office of Student Services staff for the purpose of evaluating course equivalency to University of Louisville courses. Course equivalency must be confirmed prior to admissions. When courses are approved, they become the course of record for that academic year. Nursing courses that have been approved for equivalency will remain equivalent for varying periods of time depending on the course. Nursing courses must be satisfactorily completed at an NLN- or CCNE-accredited nursing program to be considered as equivalent and transfer into the upper division curriculum.

A student who has previously failed two nursing courses at any school of nursing, or was dismissed from a school of nursing, will not be eligible for admission to the pre-licensure BSN programs. If a student has a previous nursing course failure, it will be considered the first failure by the University of Louisville pre-licensure BSN programs. One additional failure of a nursing course at the University of Louisville will result in dismissal from the program.

### International Student Applicants

Please refer to the university guidelines printed in this catalog regarding International Student Applicants.

# Admission to the School of Public Health and Information Sciences

**School of Public Health and Information Sciences**
Public Health Undergraduate Affairs
Strickler Hall, Room 126A
Louisville, KY 40292

Phone: (502) 852-5559
Email: publichealth@louisville.edu
Web: louisville.edu/sphis (https://louisville.edu/sphis/)
Social: Facebook (http://www.facebook.com/SPHIS/), X (http://twitter.com/ulsphis/), LinkedIn (http://www.linkedin.com/groups/?gid=4451132&trk=hb_side_g)

## Admissions Requirements

Students are admitted to the School of Public Health and Information Sciences on either a degree seeking or non-degree seeking basis. High school visitors, visiting students from other institutions, auditors, post baccalaureate students, and continuing studies students are considered non-degree seeking. All other students are considered degree seeking. Applicants will be notified by the University's Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. Students planning to earn degrees from the School of Public Health and Information Sciences must be degree-seeking in order for the credits they have earned to apply toward their degrees. Students remain in a degree-seeking status until they graduate, transfer to another college or university, or are suspended/dismissed.

## Entering First-Year Students and Transfer Students with fewer than 24 credit hours

Admission is granted to students meeting the following requirements:

### Good Standing

1. Must meet minimum university admissions requirements
2. One of the following:
   a. Graduation from accredited high school
   b. Successful completion of General Education Development (GED) tests
3. High school GPA of 2.5 or higher
4. ACT/SAT score of 20/1030 or higher (optional)
5. College GPA of 2.0 (if applicable)

### Conditional Admission

Students who meet University minimum academic standards may be conditionally admitted (see Undergraduate Catalog, Admission to the University of Louisville (p. 18)).

## Transfer Students with 24 credit hours or more

### Good Standing

Must meet minimum university admissions requirements including a 2.0 cumulative college GPA (includes UofL GPA).

### Conditional Admission

Petition approved by Public Health Appeals Committee.

# Admission to the J.B. Speed School of Engineering

**J.B. Speed School of Engineering**
J.B. Speed Building, Suite 221
University of Louisville
Louisville, Kentucky 40292

Phone: (502) 852-6281
Email: speed@louisville.edu
Web: engineering.louisville.edu (https://engineering.louisville.edu)
Social: Facebook (http://www.facebook.com/pages/JB-Speed-School-of-Engineering/196728607016722/), Flickr (http://www.flickr.com/photos/UofL_SpeedSchool/), Twitter (https://twitter.com/UofLSpeedEng/), YouTube (https://www.youtube.com/user/univoflouisville/)

## Admission Requirements

Students apply for admission to the J.B. Speed School of Engineering by completing a University of Louisville undergraduate application.

The application and detailed directions are located online (http://louisville.edu/admissions/apply/).

Students are admitted to the J.B. School of Engineering on either a degree seeking or non-degree seeking basis. High school visitors, visiting students from other institutions, auditors, post baccalaureate students, and continuing studies students are considered non-degree seeking. All other students are considered degree seeking. Applicants will be notified by the University's Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. Students planning to earn degrees from the J.B. Speed School of Engineering must be degree-seeking in order for the credits they have earned to apply toward their degrees. Students remain in a degree-seeking status until they graduate, transfer to another college or university, or are suspended/dismissed.

## Freshmen Students

Admission requirements vary between the different schools in the university. A student is eligible for admission to the academic programs of the J.B. Speed School of Engineering upon the basis of courses taken in high school, grade-point average, and, when possible, test scores achieved on either the ACT or SAT. Considered for admission to the J.B. Speed School of Engineering for entering freshman students will be based on the following requirements.

- High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, all Speed School programs require successful completion of either Calculus or pre-calculus in high school. BS in Engineering programs also require completion of Chemistry in high school.

### Students with ACT / SAT Scores

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale OR
- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

### Students without ACT / SAT Scores

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

## Transferring to Engineering BS degree programs

Students with less than 12 transferable semester hours are considered in a similar fashion as freshmen students and must meet the admissions requirements for new freshmen and have a minimum college grade point average of 2.8.

Students with 12-23 transferable semester hours will have a minimum college grade point average of 2.8 (including UofL GPA), Reading ACT of at least 20, or Accuplacer Reading of at least 244, or successful completion of ENGL 101 or equivalent and at least B-minus grades in each of the following courses: ENGR 100 (or equivalent) OR MATH 190 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 100 (or equivalent) OR MATH 190 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

## Transferring to Applied Science degree programs

Applied Science programs include the Bachelor of Arts in Computer Science and the Bachelor of Science in Applied Engineering.

Students with less than 12 transferable semester hours are considered in a similar fashion as freshmen students and must meet the admissions requirements for new freshmen and have a minimum college grade point average of 2.8.

Students with 12-23 transferable semester hours will have a minimum college grade point average of 2.8 (including UofL GPA), Reading ACT of at least 20 or successful completion of ENGL 101 or equivalent and at least B-minus grade in College Algebra (MATH 111 or equivalent).

Students with 24 or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grade in College Algebra (MATH 111 or equivalent).

**All applicants meeting admissions criteria will be reviewed by the J.B. Speed School of Engineering Admissions for decision.**

Transfer students must be admitted to the J.B. Speed School of Engineering by October 1 to enroll in the following Spring semester or May 15 to enroll in the following Fall semester.

In addition to the minimum grade requirements for College Algebra or Pre-Calculus and General Chemistry I, the J.B. Speed School of Engineering requires a minimum D-minus grade for any transferred course to be accepted as credit toward a degree. A transfer student must earn at least sixty semester hours applicable toward the baccalaureate degree at a fully accredited four-year college or university. Thirty of the last thirty-six semester hours must be earned at the University of Louisville and at least 25 percent of the degree program hours must be earned at University of Louisville.

## Admission Status

Successful applicants who satisfy all J.B. Speed School of Engineering requirements will be granted unconditional admission with a Good Standing status. If there is a deficiency in academic qualifications, successful applicants will be admitted to the College of Arts and Sciences in a pre-engineering curriculum.

## Mathematics Placement

Mathematics courses for Engineering Programs are taught within the J.B. Speed School of Engineering. The majority of incoming freshmen start in one of two courses, ENGR 100 or ENGR 101. Information on placement into each of these courses can be found here (https://engineering.louisville.edu/admissions/undergraduateadmissions/accuplacer/).

## Good Standing

Freshmen students (and transfer students with less than 24 hours) who satisfy all requirements will be granted unconditional admission into their selected Department with a Good Standing status.

Applicants who do not meet high school curriculum requirements for the J.B. Speed School of Engineering or are below grade point average or test score requirements, but still satisfy university admission requirements, will be admitted to Arts and Sciences in a pre-engineering curriculum. The pre-engineering curriculum prepares students for

the mathematics and sciences courses in the J.B. Speed School of Engineering curriculum. Students who complete the pre-engineering curriculum with at least B-minus grades in in each of the following courses: MATH 111 (or equivalent) or MATH 190 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent) and have a cumulative grade point average above 2.8 will be considered for an intra-university transfer to the J.B. Speed School of Engineering.

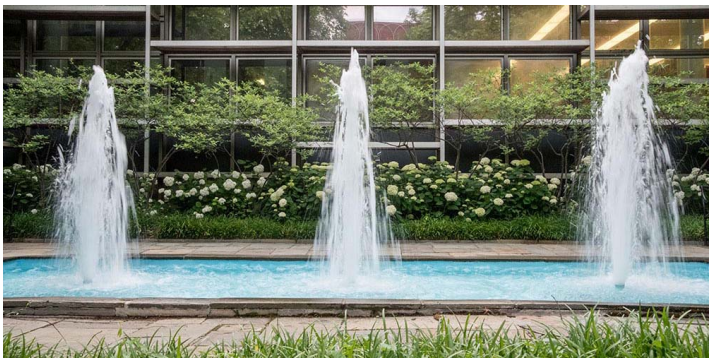
### Readmission

If a student has a break in enrollment of two or more calendar years, the student must apply for readmission by completing a University of Louisville undergraduate application. If admitted, the student will be subject to catalog requirements in effect at the time of readmission.

### Non-degree Students

High school visitors, visiting students from other institutions, auditors, post baccalaureate students, and continuing studies students wishing to take courses offered by the J.B. Speed School of Engineering must complete a University of Louisville undergraduate application. Upon admission, students should contact the engineering advising office for further instructions. Students must show documentation of meeting prerequisites and have permission of the relevant department chair, which will be facilitated by the advising office. All grades earned by non-degree students will be recorded on an official University transcript.

# Campus Maps



## Campus Maps

Go to Campus Maps (https://louisville.edu/parking/campus-maps/) to view a current maps of the University of Louisville's campuses.

Go to University Parking and Transportation Services (https://louisville.edu/parking/) for information on UofL employee and student parking, as well as visitor parking.

Take a virtual tour (https://louisville.university-tour.com/main-belknap-campus/) of the main, Belknap campus or the Health Science Center campus.

### Smoke-Free Campuses

All UofL campuses become smoke- and tobacco-free in 2010. Tobacco products include the use of cigarettes, e-cigarettes, cigars, pipes, smokeless tobacco, vaporizers, hookahs, and similar type products.

All campus community and visitors are expected to adhere to the policy. Thank you for helping to make our campus experience healthy and enjoyable for all.

# Academic Support

## University Libraries

The University of Louisville Libraries (https://cardmaillouisville-my.sharepoint.com/personal/c0durb01_louisville_edu/Documents/library.louisville.edu) provide a dynamic, innovative environment designed to support student success at both the undergraduate and graduate levels by integrating state-of-the-art technology with expert faculty and staff. The University Libraries consist of:

- Ekstrom (Main) Library,
- Archives and Special Collections,
- The Margaret Bridwell Art Library,
- The Louis Brandeis Law Library,
- The Dwight Anderson Memorial Music Library, and
- The Kornhauser Health Sciences Library.

Each library offers versatile, modern spaces equipped with advanced technologies designed to support collaborative research, group projects, and individual study. Many study and meeting rooms are available for online reservations to accommodate diverse needs. Ekstrom Library, open 24/5 during the semester, is a central space for student life and houses a Starbucks. Other libraries publish up-to-date hours on the University Libraries' website.

The University Libraries provide a wide range of in-person and virtual services, including specialized assistance for researchers at all levels, book borrowing, and course reserves. Additionally, in-house resources like the Writing Center, Digital Media Suite, and the Resources for Academic Achievement (REACH) Center provide peer tutoring and academic coaching to support student learning. Equipped with professional-grade technology, these spaces empower students to create and produce high-quality digital and print content while also supporting their academic development.

The Libraries' digital and print collections are curated to meet the needs of the university's academic programs. In addition to traditional print books and journals, the collections feature extensive digital resources, including streaming media, e-books, e-journals, and specialized collections such as student publications and open educational resources. Interlibrary loan services facilitate users' access to materials available outside the University Libraries' holdings.

More information about library facilities, services, and materials can be found at the University Libraries' website (https://library.louisville.edu/home/).

## Information Technology Services

Information Technology Services (ITS) offers numerous technology and computing solutions in support of University of Louisville's teaching, research and service missions. Serving students, faculty and staff, ITS maintains campus wired and wireless networks and delivers enterprise administrative and academic applications. More information concerning ITS can be found at louisville.edu/its (http://louisville.edu/its/).

UofL's ULink services is the university's most popular website: ulink.louisville.edu (https://ulink.louisville.edu/). ULink is a secure portal to all necessary campus information and services, including the administrative student environments where you can check your class schedule, tuition balance, grades and much more. Most changes to personal information, technology accounts and email addresses are done through ULink. Tutorial videos (https://louisville.edu/its/ulink/ulink-upgrade/) are available for assistance. To access ULink, everyone must use UL2FCTR (a Duo product), our second factor of authentication tool that is separate from your username and password. Students and employees must enroll in and use UL2FCTR (Duo) (https://louisville.edu/its/ul2fctr/) to access most UofL systems (Blackboard, email, student system and more).

Everyone in the UofL community has an Microsoft Outlook university email as part of an entire Windows Office365 system. Enrolled students have options for online and downloadable O365 (on up to 5 devices – phone, tablet, laptop or desktop) including applications such as Outlook, Word, PowerPoint, Excel, Teams and more plus 50GB of OneDrive storage. See outlook.office365.com (https://outlook.office365.com/) for details and login.microsoftonline.com (https://login.microsoftonline.com/) for more about O365 accounts. To claim your email account or change your password to all UofL systems, you must do so through our Identity Management System at identity.louisville.edu (https://identity.louisville.edu). Find more info in our knowledge base article (https://uofl.atlassian.net/l/cp/KrBB2Q1a/).

The ITS HelpDesk assists the UofL community daily with regard to technology questions and issues. Need help changing your password, for example? The ITS HelpDesk can be reached at helpdesk.louisville.edu (https://louisville.edu/its/get-help/its-helpdesk/) for online assistance (chat, incident tickets, self-help) or call (502) 852-7997 to talk to someone. Additionally, ITS provides free, 1:1 walk-in technology help for students, faculty and staff. The iTech Connect team, located in the lower level of the Miller IT Center on Belknap campus can troubleshoot various technology problems like wireless connections, antivirus protection and digital device management. See helpdesk.louisville.edu (https://louisville.edu/its/get-help/its-helpdesk/) for hours and details.

ITS maintains the university's extensive networking, including a 200 gigabit campus backbone network and a high-speed intercampus fiber network. Wireless service is universally available for University of Louisville students, faculty and staff and guests across all campuses. Eduroam is our preferred wi-fi but we ask that you use our on-boarding application (uofl.edu/setupwireless (https://uofl.edu/setupwireless/)) to access best options for secure wireless.

ITS offers secure, unlimited data storage free for faculty, staff and students via CardBox. A CardBox account lets you synchronize and backup all of your personal files plus collaborate, securely share and edit easily with other UofL users. See louisville.edu/its/cardbox (https://louisville.edu/its/cardbox/) for information on how to sign-up for an account.

Another great resource ITS makes available for everyone at UofL is free access to the Adobe Creative Cloud suite of products. With this collection of 20+ desktop and mobile apps for photography, video, audio and web design, you can discover new ways to create and collaborate. The Adobe Creative Cloud (https://louisville.edu/adobe/) includes access to industry-leading software applications including Photoshop (https://www.adobe.com/products/photoshop.html), Illustrator (https://www.adobe.com/products/illustrator.html), InDesign (https://www.adobe.com/products/indesign.html), Acrobat Pro DC (https://acrobat.adobe.com/us/en/acrobat/acrobat-pro-cc.html), and Premiere Rush (https://www.adobe.com/products/premiere-rush.html) among others. Installation instructions, tutorials and support can be found on ITS Adobe Creative Cloud Support (https://louisville.edu/its/adobe-support/).

For discounted and free software, sign-in to louisville.onthehub.com (http://louisville.onthehub.com/) with your UofL userID and password. Also free to UofL students, faculty and researchers, MATLAB is transformative software for mathematicians, scientists and engineers. Users will find new ways to express computational mathematics, experiment with how to deploy algorithms, visualize complex data sets, and so much more. Check out the information on our portal UofL.edu/matlab (https://www.mathworks.com/academia/tah-portal/university-of-louisville-31448597.html).

# REACH (Resources for Academic Achievement)

Resources for Academic Achievement (REACH) is the university's centralized academic support unit for undergraduate students. REACH conducts multiple services and programs from the Belknap Academic Classroom Building (BACB), Ekstrom Library, and the J.B. Speed School Academic & Leadership Center.

These academic support services and retention programs offer students the opportunity to better prepare and adapt to college life and to improve their academic skills and performance in college courses. REACH's mission statement, values statement, goals, and annual reports are available on the REACH website (https://reach.louisville.edu/).

**ARTS & SCIENCES, HUMANITIES, & MUSIC SUPPORT**

**The Learning Resource Center (BACB 248 and 250)**

**Scheduled Tutoring** offers students small group tutoring sessions each week for many 100-, 200-, and some 300-level courses. These sessions provide guided study and review of course material. Tutoring sessions are scheduled for 60-minute recurring, weekly sessions. Online tutoring sessions are also available, and scheduled drop-in hours are available for select science lab courses, select languages, and other courses. Find more information on scheduling on the REACH website (https://reach.louisville.edu/tutoring/tutor-scheduled.html)

**Peer Assisted Learning (PAL)** provides weekly class and exam review sessions for specific courses that are historically difficult for students. PAL facilitators work closely with the faculty of these courses to integrate *how to learn with what to learn*. PAL is voluntary and free, with sessions designed to assist small and large groups of students. Find more information about Peer Assisted Learning (http://reach.louisville.edu/tutoring/tutor-PAL.html) on the REACH website.

**Individual Tutoring** is available for students who have documented physical or learning disabilities and need accommodated tutoring sessions. Documentation must be provided to REACH from the Disability Resource Center at the time of a student's request. Students receive individualized tutoring and additional tutoring time in scheduled onsite or online appointments each week. Find more information on tutoring on the REACH website (http://reach.louisville.edu/tutoring/)

**Language Conversation Tables** offer students opportunities to practice speaking a new language. Tables vary each semester, but may include Spanish, French, Arabic, ASL, German, and others. These sessions offer additional practice to prepare for the classroom and real-world scenarios. Available tables and meeting schedules are available on the REACH website (https://reach.louisville.edu/tutoring/tutor-conversations.html).

**Academic Coaching** helps students who want to improve their academic and self-management skills, such as time management, organization, test taking, study skills, and life skills. Students develop personalized goals and work with our coaches to develop self-advocacy and become independent, life-long learners. Learn more on our website (https://reach.louisville.edu/programs/academic-coaching/).

**Special Topics in Supplemented College Reading (GEN 105 ) (BACB 248)** helps first-time, first-year, and transfer students with less than 24 credit hours who are admitted to the university with identified college reading deficiencies. Under Kentucky state law, identified students are required to register for a section of GEN 105 (2 credit hours) in their first college semester. Find more information on GEN 105 on the REACH website (http://reach.louisville.edu/courses/gen105.html).

**The Hackademic Series**, available to all UofL students, are workshops that help students develop effective academic strategies and skills (e.g., mindset, brain functions and neurolearning, developing grit, time management, studying smarter, note-taking, textbook reading, test-taking, preparing for finals, and becoming a disciplined student). The Hackademic Series is offered both online and on-site (https://reach.louisville.edu/workshops/hackademics/). All first-year students can find these interactive, online modules in their Blackboard Organizations (named the Online Hackademic Series by REACH).

**SmartCards** provides invaluable, online financial success resources through fun, interactive, and dynamic content. You'll receive a personalized plan with recommendations on content to help you with financial decision making. Explore the wide array of content on our website (https://reach.louisville.edu/workshops/smartcards/).

**Graduate Exam Preparation Workshops** are offered through our partnership with The Princeton Review. Workshops and free, full-length practice tests are available for the GRE, GMAT, LSAT, MCAT, DAT, and OAT. Interested students may also receive tutoring for CLEP (https://louisville.edu/testing/clep/), a national testing program designed to help students earn college credit for selected general education courses. Workshop registration is required (https://reach.louisville.edu/workshops/graduateexams/).

## MATHEMATICS SUPPORT

**The Math Resource Center (MRC, BACB 241)** offers drop-in and online tutoring to students enrolled in most 100- and 200-level university mathematics courses, including Special Topics in College Mathematics courses (GEN 103 and GEN 104). Resources include knowledgeable tutors, a mini-computer lab for mathematics software, and web-based instruction. Find more information on mathematics tutoring on the REACH website (https://reach.louisville.edu/tutoring/tutor-drop-in.html).

**Special Topics in College Mathematics** (GEN 103 and GEN 104) are three credit hour intervention courses in mathematics that are offered through REACH Math Resources. These courses are designed for students who are not eligible to take the mathematics or quantitative reasoning course required for their intended major/program (due to ACT or SAT math sub-scores or math placement test scores). GEN 103 (for non-STEM majors) or GEN 104 (for STEM majors) are computer-based courses that focus on pre-algebra and algebra topics--such as linear equations and factoring--and utilize an online homework, tutorial, and assessment program. Successful completion of GEN 103 and/or GEN 104 is required for students to progress to the mathematics and/or quantitative reasoning courses required for their program. More information on intervention coursework is available on the REACH website. (http://www.reach.louisville.edu/courses/)

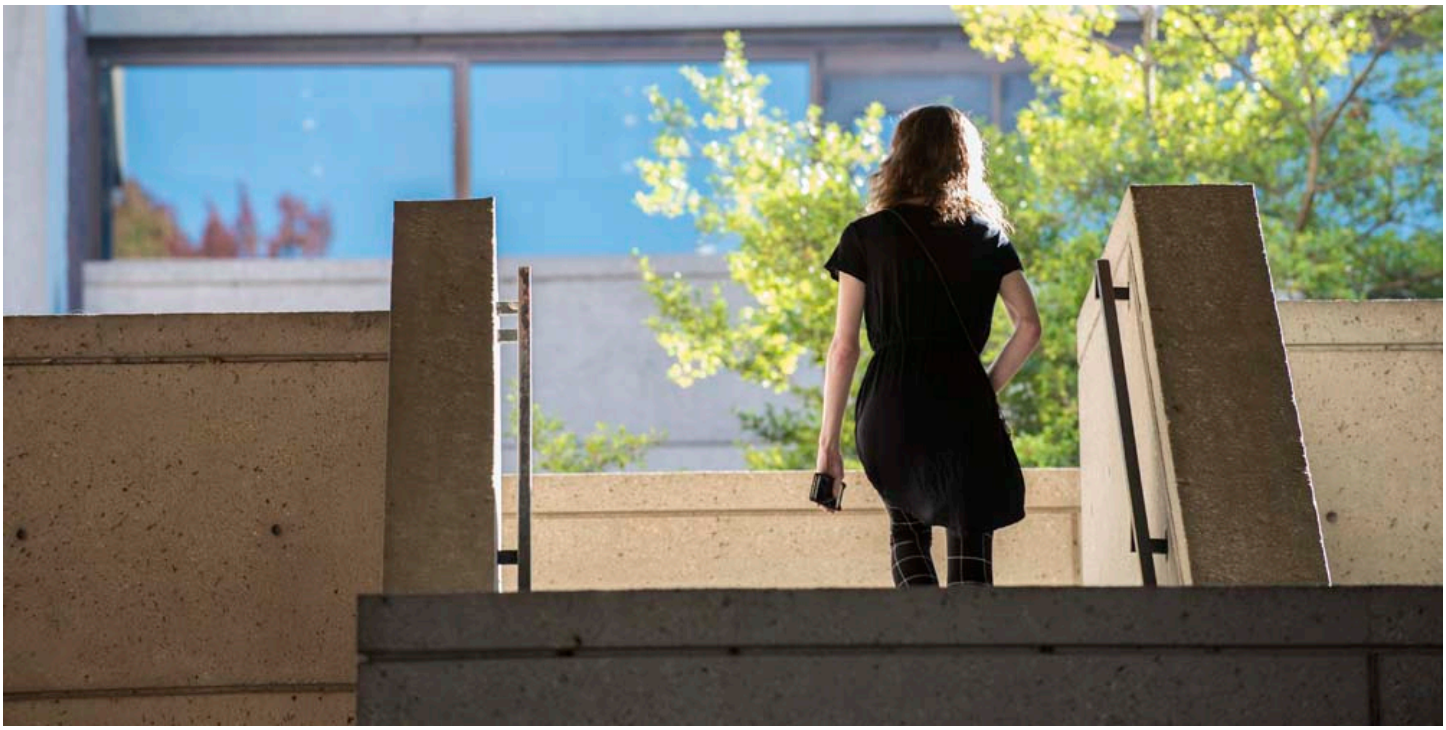
**The Math Xcelerator Program (https://reach.louisville.edu/programs/math/xcelerator/)** offers students who place into GEN 103 or GEN 104 a free, three-week intensive review during the summer. Students qualify if their ACT math sub-score is between 0-18, SAT math sub-score is between 0-490, or their Accuplacer score is between 200-262. Successful completion of the program reduces the amount of intervention coursework for the fall semester.

**The Speed Calculus Preview Program** is a fee-based summer program designed for all first-year engineering students (additionally, some students will be referred to this program based on their standardized test scores). This program provides an advanced algebra review to help students prepare for calculus in the J.B. Speed School of Engineering.

## COLLEGE OF BUSINESS & ENGINEERING SUPPORT Ekstrom Tutoring Center (first floor Learning Commons, Ekstrom Library) and the J.B. Speed School Academic & Leadership Center (2nd floor, new Speed academic building)

Our satellite tutoring centers offer scheduled tutoring and test reviews for select College of Business courses (Ekstrom Library location) as well as targeted Speed School of Engineering courses (Academic & Leadership Center). Additionally, we help students understand the most common technologies used on campus including Microsoft Office Suite products, Blackboard, ULink, email, and basic computer operations. More information is available on the REACH website. (https://reach.louisville.edu/tutoring/crc/)

# Student Resources



## Americans with Disabilities Act

The University of Louisville (UofL) is committed to providing equal opportunity for persons with disabilities. This commitment includes complying with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. UofL strives to maintain a barrier-free, welcoming environment for all qualified persons with disabilities.

The university's ADA Coordinator will monitor compliance and assists unit heads in meeting equal opportunity obligations. The ADA coordinator is located in Grawemeyer Hall:

**ADA Coordinator**
Grawemeyer 202
(502) 852-0769
https://louisville.edu/ada (https://louisville.edu/ada/)

The Disability Resource Center staff (502-852-6938) will assist the University community by serving as an information resource center and coordinating support services for students with disabilities. No otherwise qualified individual with a disability shall, solely by reason of such disability, be excluded from participation in, be denied benefits of, or be subjected to discrimination in university programs. The President, Board of Trustees, Student Government, Faculty and Staff Senates affirm UofL's long standing and continuing commitment to Equal Opportunity for persons with disabilities.

### Formal Student ADA Complaint Procedure

The university has a continuing responsibility to monitor and maintain its compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) and their implementing regulations. Internal student complaints alleging non-compliance with the ADA and/or Section 504 should follow the university's complaint procedure (https://louisville.edu/disability/students/formal-complaint-procedure/).

The university's formal complaint procedure provides for prompt and equitable resolution of complaints.
Complaints should be directed to the UofL ADA Coordinator at (502) 852-0769 or adacoord@louisville.edu.

### Filing a Formal Complaint of Disability Discrimination

A complaint must be filed in writing with the Coordinator. The complaint should contain the name and address of the person filing it and a brief description of the alleged violation. Upon receipt of the written complaint, the Coordinator or his designee shall acknowledge receipt within five workdays.

A complaint should be filed within 180 days after the complainant becomes aware of the alleged violation; however, a complaint filed after that point may be investigated in accordance with this procedure as necessary, in the judgment of the ADA Coordinator, to ensure the university's compliance with the ADA and/or Section 504.

An investigation, as may be appropriate, shall follow a filing of complaint. The Coordinator's office shall conduct the investigation. This University complaint procedure involves an informal but thorough investigation, affording all interested persons and their representatives, if any, an opportunity to submit information relevant to a complaint.

Following completion of the investigation, a written determination as to the validity of the complaint and a description of the resolution, if any, shall be issued by the Coordinator's office and a copy forwarded to the complainant and any individually-named respondent within 60 days of the date the complaint was filed. Should extenuating circumstances (e.g., unavailability of key witnesses, family emergency of investigative staff, etc.) prevent completion of the investigation and determination process within 60 days, the complainant and any individually-named respondents will be timely notified in writing, and will be kept apprised of the status of the Coordinator's handling of the complaint through resolution. In all disputes arising under Section 504 or the ADA the proper standard of proof is preponderance of the information (i.e., more likely than not that the violation alleged in the complaint is true).

The Coordinator's Office shall maintain the files and records relating to the complaints filed.

### Requesting Reconsideration of a Determination

The complainant (and any individually named respondent, as appropriate) may request a reconsideration if dissatisfied with the Coordinator's determination. The request for reconsideration should be made in written or electronic form within 15 workdays to the Coordinator's Office.

Requests for reconsideration must present information showing that:

- The original determination applied the incorrect standard or applied the applicable standard incorrectly to the facts of the case; or
- New information that might affect the outcome of the determination but was not available to the Coordinator at the time of the original determination is now available and should be considered.

The Coordinator shall, barring extenuating circumstances that preclude a more timely response (in which case the complainant shall be updated as to the status of the reconsideration request), rule upon the request for reconsideration within 15 workdays after receipt of the request.

An Internal ADA complaint does not preclude other remedies.

The right of a person to a prompt and equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies such as the filing of a discrimination complaint with the responsible federal department or agency. Use of this complaint procedure is not a prerequisite to the pursuit of other remedies, nor does one's pursuit of outside remedies preclude one's filing a complaint pursuant to this procedure.

These rules shall be construed to protect interested persons, to meet appropriate due process standards, and to assure that the university complies with the ADA, Section 504, and their implementing regulations.

## Athletic Academic Services (AAS)

Athletic Academic Services (AAS) provides academic support for all students engaged in the university's intercollegiate athletic programs, monitoring their academic performance as well as their progress toward graduation. AAS collaborates with the Committee on Academic Performance (CAP) and the Faculty Athletic Representative (FAR), Professor Krista Wallace-Boaz (krista.wallace-boaz@louisville.edu), as well as academic unit advisors, in order to foster a close relationship with the faculty and academic units. Services include academic support, counseling, tutoring, objective based study halls, career services, computer services, accommodative services for student-athletes with learning disabilities, and referrals to a variety of university resources. The office also provides advising for several Registered Student Organizations which encourage student-athletes to participate in campus and community leadership opportunities and initiatives.

AAS can be accessed at gocards.com (https://gocards.com/sports/academic-services/).

## Campus Health Services

### Student Medical and Mental Health Services

The Campus Health Service provides medical and mental health services to undergraduate, graduate and professional students. Services include primary care, psychiatric, counseling services, travel medicine and nutritional consults as well as allergy injections, immunizations, sports physicals and diagnostic testing.

Although all students are encouraged to call for appointments, walk-in and same day appointments are generally available at both locations. Charges for medical services are applied to the student's insurance and/or health fees. Students are responsible for any balance not covered by insurance or fees. Psychiatric services are covered through student fees.

There are two Campus Health Center locations that serve health needs of our students. The centers are located at:

**Belknap Campus**
Cardinal Station
215 Central Ave. Suite 110
(502) 852-6479

**Health Sciences Center**
Health Care Outpatient Center (HCOC)
410 E. Chestnut St. Suite 110
(502) 852-6446

## Health Insurance and Health Fees

All students enrolled for at least six hours are charged the Primary Care Health Fee (PCHF) which can be waived within thirty days of the first day of class with proof of health insurance. The fee entitles students to basic services at the health centers such as examinations and allergy injections. This fee is not health insurance and does not provide for specialty care, hospitalization, x-ray or laboratory services. The PCHF fee can be waived within 30 days of the first day of classes of each semester by submitting proof of health insurance or can be used as a supplement to the student's active insurance.

All students enrolled in a program of study that requires them to train in the University's affiliated teaching hospitals such as the MD, DMD, Dental Hygiene, Audiology, and Speech Pathology programs are required to carry major medical insurance and pay a non-waivable Health Professionals Health Fee (HPHF). Students in these programs are charged for the university-sponsored insurance plan but may waive it with proof of alternate coverage. Waiver information will be sent to the student's UofL e-mail account from Academic Health Plans (AHP) in mid-July for the Fall semester and mid-November for the Spring semester. You are not eligible to submit a waiver prior to receiving communication from AHP. An approved waiver must be on file for the current term prior to the supplied deadline for fee to be waived.

For additional information about Campus Health Fees, contact the Insurance Advocate via email at stuins@louisville.edu or visit the Campus Health website (http://louisville.edu/campushealth/information/fees/primary-care-health-fee/).

**Campus Insurance Advocate**
Cardinal Station
215 Central Ave. Suite 110
(502) 852-6519

## Office of Health Promotion and Education

Health Promotion, a division of Campus Health Services, provides a variety of wellbeing programs, services, and resources including yoga, chair massage, stress resilience workshops, drop-in guided meditations, flash nap workshops, free & anonymous HIV testing, sexual health and consent workshops, safer sex supplies, healthy eating on campus, cooking workshops, and U-fit coaching.

**Office of Health Promotion and Education**
**Campus Health Services**
Student Activities Center
2100 South Floyd Street, room W309
(502) 852-5429

Additional information can be found on the Campus Health Services Office of Health Promotion website (http://www.louisville.edu/healthpromotion/).

# PEACC—Sexual Assault and Domestic Violence Center

## Prevention, Education, and Advocacy on Campus and in the Community

The PEACC Center believes that every student has the right to live, learn, and love free of violence and fear. PEACC provides services and programs that address power based personal violence such as dating violence, stalking and sexual assault. Students who have been directly impacted by personal violence can access free and confidential support, resources and referrals, and a survivor's network. Services are confidential to the limits provided by law.

In addition, the PEACC Center aims to prevent power-based personal violence by offering training, community discussions, art and activism projects, and awareness events.

**The PEACC Center**
Student Affairs
2100 South Floyd Street
Student Activities Center, Room 309-H

For more information about the PEACC Center's programs and events please call (502) 852-2663 or visit student.louisville.edu/peacc (https://student.louisville.edu/peacc/).

## University Housing and the Resident Experience

Be at the center of the Cardinal experience as a resident of UofL University Housing and the Resident Experience.

More than a place to rest your head, UofL's housing program offers a community-like atmosphere that supports students as they successfully transition from high school to college. It's a place where everyone can belong and make life-long connections to their peers. University Housing promotes a safe, convenient, inclusive and healthy living-learning environment, providing opportunities that engage students, facilitate student and faculty connections and encourage student success.

Total facilities include 11 residence halls on Belknap Campus and three affiliated apartment properties bordering Belknap Campus (please see First-Year Live-on Policy (https://louisville.edu/housing/info/policies/firstyear/) and Second-Year Residential Requirement (https://louisville.edu/housing/info/policies/Second-Year-Residential-Requirement/) for more information).

The residence halls and apartment complexes are home to more than 6,000 students from Louisville, across the country and around the globe. Staffed by a team of professionals with expertise in student learning and development, we strive to make sure learning doesn't stop in the classroom. We emphasize healthy lifestyles and provide programs that facilitate student engagement and personal growth.

Housing is one of the largest employers of students on campus, with more than 175 part-time student employees assisting in resident experience, and other services and programs that support our campus communities and help them thrive. The dynamic combination of professional staff, student leaders, and residents helps make UofL a vibrant campus with something to offer every individual.

For information, please contact the University Housing office:

Website: louisville.edu/housing (https://louisville.edu/housing/)
Phone: (502) 852-6636
Email: housing@louisville.edu

## Career Centers at UofL

UofL is committed to making sure every student is ready for their post-graduation career. There are three career centers on campus to help undergraduate students find success. Students are encouraged and supported to expand their major and career options by engaging in career related experiences offered through their career center.

There are three career centers serving undergraduate students include:

- College of Business - Ulmer Career Center (https://business.louisville.edu/career-support/) (serving business majors)
- Speed School of Engineering - Career Services & Cooperative Education (https://engineering.louisville.edu/academicresources/careerservices/) (serving engineering majors)
- University Career Services (https://louisville.edu/career/resources/students/) - (serving undergraduates from Arts & Sciences, Dentistry, Education & Human Development, Social Work, Music, Nursing, and Public Health and Information Sciences plus Exploratory majors)

Students will want to log into Cardinal Careers (https://cardinalcareers-csm.symplicity.com/students/) to complete their profile. Students are then able to search all positions (full-time, internships, Federal Work-Study, part-time jobs on and off campus, and mentored research). Through Cardinal Careers, students can schedule appointments with their career coach and sign up for career-related events including career fairs, employer information sessions, and workshops.

Please visit the University Career Center's (http://louisville.edu/career/) website for more information.

## Counseling Center

The mission of the Counseling Center is to provide services and programs that support the psychological well-being, holistic development, and retention of University of Louisville students. The Counseling Center provides short-term individual, group/workshop, and couples counseling,

outreach, urgent consultation, and psychological testing for currently enrolled students (psychiatric/medication services are provided by Campus Health).

Our clients seek services for a variety of areas of concern, including psychological, personal/social, academic, and career issues.

There is a sliding fee for psychological testing, but all other services are covered by your student fee. Services are confidential to the limits provided by law.

We are committed to diversity in the provision of services and in supporting the University community, while honoring the unique needs and concerns of all students.

**UofL Counseling Center**
Student Activity Center (SAC), Suite W204 (Second floor)
louisville.edu/counseling (http://louisville.edu/counseling/)
(502) 852-6585

The Counseling Center is accredited by the International Association of Counseling Services (http://www.iacsinc.org/faqs.html) (IACS).

The Center is open Monday–Friday from 8:30 am–5:00 pm, and we provide urgent consultations on a walk-in basis from 9:00 am–4:30 pm. We honor all University holidays, closings, and delayed starts.

For more information, including descriptions of our current groups and workshops, please call us or visit our website (http://louisville.edu/counseling/).

# Disability Resource Center

In recognition of disability as an important part of the diversity of our community, the Disability Resource Center fosters an inclusive campus climate through education, service, collaboration, and outreach to the University of Louisville community. We provide support for students with documented disabilities by promoting equal access to all programs and services. Accommodations and support services are individualized, depending on the needs of each student.

The Disability Resource Center also offers an academic coaching program for students with disabilities. Peer coaches work with participating students one-on-one each week to provide support in meeting the demands of college coursework and staying organized.

Students are strongly encouraged to make early contact with the Disability Resource Center to assure adequate time to implement support services. Please visit louisville.edu/disability (http://louisville.edu/disability/) for more information, and feel free to contact us with questions at askdrc@louisville.edu or (502) 852-6938.

# Drug-Free Schools and Campuses

## Drug-Free Schools and Crime Awareness, Campus Security Information Report 1993, and Communities Act Amendments of 1989

### Purpose and Goal

The University of Louisville is committed to protecting the safety, health and wellbeing of all students, faculty, and staff and other individuals in our workplace. As a recipient of federal grants and contracts, the university gives this notice to students, faculty, and staff that it is in compliance with the Drug-Free Workplace Act of 1988 (Pub. L. 100-690, Title V Subtitle D) and the Drug-Free Schools and Communities Act Amendment of 1989. Students, faculty and staff are herein notified of the standards of conduct that will be applicable while on university property, business, and/or at university-sponsored activities. This policy is incorporated and is a part of the official University of Louisville Policies and Procedures.

This policy recognizes that student, faculty, and staff involvement with alcohol and other drugs can be very disruptive, adversely affect the quality of work or academic performance of student, faculty, and staff, pose serious health risks to users and others, and have a negative impact on productivity and morale.

As a condition of employment or enrollment, the university requires that students, faculty, and staff adhere to a strict policy regarding the use and possession of drugs and alcohol. The university encourages students, faculty, and staff to voluntarily seek help with drug and alcohol problems.

### Prohibited Behaviors

Under university regulations, federal law, state law, and, in some instances, local ordinance, students, faculty, and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on university property, on university business and/or at university-sponsored activities. Under this policy, students, faculty and staff are required to abide by state laws concerning alcoholic beverages.

Kentucky law (https://apps.legislature.ky.gov/) (KRS 244.085 (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=50405)) states that, if one is under the age of 21, it is unlawful to:

- Possess or consume alcoholic beverages,
- Misrepresent one's age for the purpose of purchasing alcoholic beverages, or
- Use a fake ID in an attempt to purchase alcoholic beverages.

It is unlawful for anyone of any age to:

- Procure any alcoholic beverages for anyone under 21 years of age,
- Drink or be intoxicated in a public place (Public Intoxication KRS 525.100 (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=19929))

University campuses and buildings are considered as public places for purposes of these laws, except for a facility licensed to serve alcoholic beverages, and a facility used as a private residence, unless university regulations state otherwise. Ordinances of the Greater Louisville area parallel the state laws.

The specifically defined standards of conduct, the disciplinary procedures, and the appropriate sanctions are detailed in the Code of Student Conduct (p. 101), Personnel Policies and Procedures (PER-5.01), Staff Handbook (Disciplinary Action, page 8.2) and *The Redbook*.

In addition, it is a violation of state law to operate a motor vehicle while under the influence of any substance that may impair one's driving ability (drugs or alcoholic beverages).

Prescription and over-the-counter drugs are not prohibited when taken in standard dosage and/or according to a physician's prescription. Any student, faculty, and staff taking prescribed or over-the-counter medications will be responsible for consulting the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with job or academic performance.

The illegal or unauthorized use of prescription drugs is prohibited. It is a violation of our drug-free workplace to intentionally misuse and/or abuse prescription medications. Appropriate disciplinary action will be taken if job or academic performance deterioration and/or other accidents occur.

## Consequences for Violating This Policy

Under university regulation, students who violate this standard of conduct are subject to student conduct action from a warning to expulsion from the University. Students who reside in university housing are subject to further conduct action that may vary from a warning to termination of their housing contract.

## Notice of Drug-Related Conviction

In compliance with the Federal Drug-Free Workplace Act of 1988, any employee shall notify the immediate supervisor if the employee is convicted of a criminal drug offense occurring in the workplace or while on university business within five days of the conviction. The university shall take appropriate sanction and remedies in accordance within its policies. The provisions of this section are applicable to students who are employees of the university. If the employee is under a federal contract or grant, the university shall notify the contracting or granting agency of the conviction and of its actions. This section of this policy is also applicable to students who receive a Pell grant (federal grant).

## Health Risks

The scope and impact of health risks from alcohol and drug use are both alarming and well documented, ranging from mood-altering to life-threatening, with consequences that extend beyond the individual to family, organizations and society at large. The university, therefore, conducts regular programs to educate its students, faculty, and staff that consumption and use of drugs may alter behavior, distort perception, impair thinking, impede judgment, and lead to physical or psychological dependence.

Alcohol and/or drug use may lead to the deterioration of physical health by causing or contributing to various health conditions including but not limited to fatigue, nausea, personal injury, insomnia, pathological organ damage, some forms of cancer, pancreatitis, heart attack, respiratory depression, birth defects, convulsions, coma, and even death. Alcohol and drug use may also result in deterioration of mental health by causing or contributing to various conditions such as increased aggression, hallucinations, depression, disorientation, and psychosis.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse.

Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described. Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and intellectual disabilities. In addition, research indicates that children of alcoholic parents are at greater risk than other children of becoming alcoholics.

### Training, Counseling, and Resources

The University of Louisville is committed to the overall health and well-being of students, faculty, and staff and encourages a compassionate university.

### Required online sexual assault prevention training programs

Consistent with federal law, UofL requires, as a condition of course registration, that all incoming students complete online sexual assault prevention training. Emails are sent to each student's UofL email account (beginning about 5 weeks before their first semester begins) to provide specific directions for accessing the training program. There is no fee for this program.

The university also recommends an online alcohol awareness training that is available. There is no fee for this program.

Visit the Title IX (https://louisville.edu/titleix/) website for more information.

### Kentucky Medical Amnesty Law

KRS 244.992 (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=42516) Medical amnesty for persons reporting an alcohol overdose:

(1) A person shall be immune from prosecution for the criminal offenses identified in subsection (2) of this section if:

(a) A law enforcement officer has contact with the person because the person:

1. Requests emergency medical assistance for himself or herself or another person;
2. Acts in concert with another person who requests emergency medical assistance; or
3. Appears to be in need of emergency medical assistance and is the individual for whom the request is made

See KRS 244.992 for full text.

### Good Samaritan Consideration

The health and safety of our students is of the highest priority. At times, students may need immediate medical or other professional assistance. However, students may be reluctant to get help because of concerns that their own behavior may be a violation of the Code of Student Conduct (p. 101). Although policy violations cannot be overlooked, the University will consider the positive impact of reporting an incident when determining the appropriate response for policy violations.

Continuous efforts are made to make students, faculty, and staff aware of programs that provide information and professional services on matters related to the abuse of alcohol and drugs.

The Building Resilience In Campus Community (BRICC) Coalition**,** Counseling Center, Health Promotion Office, The PEACC Center, and the University of Louisville Police Department provide a number of programs and workshops using a tiered approach: a) primary prevention in the form of awareness, skill-building, and risk-reduction for all students and b) targeted presentations for specific high-risk populations.

The University Counseling Center is committed to assisting students with their mental health, personal development, and academic development. Because substance use is often connected to other personal/psychological issues, students coming to the Counseling Center with alcohol and substance use concerns are provided with support, appropriate therapeutic interventions, and referrals when necessary.

- Building Resilience in Campus Community (BRICC) Coalition: (502) 852-3442; louisville.edu/bricc (http://louisville.edu/bricc/)

## International Center

The International Center is comprised of Education Abroad, Faculty and Staff, International Travel, the International Student and Scholar Services (ISSS) office, the Passport Place @ UofL, and Global Initiatives.

The International Center develops and promotes global efforts that are inclusive of the campus and local community in conjunction with the internationalization goals of the University. The center focuses on increasing international students and scholars at UofL; providing programming that serves this vital population; expanding cultural competency through increasing the number of students participating in education abroad programs; facilitating student and faculty international research and travel efforts; and providing quality services in support of these and other global initiatives.

If you are an international student or scholar, email isss@louisville.edu. If you are a student interested in studying abroad, email edabroad@louisville.edu. If you are interested in applying for a U.S. Passport, email passportoffice@louisville.edu. If you are interested in information about international travel, email fasit@louisville.edu.

# Student Involvement

## Get Involved at the University of Louisville: Your Path to a Vibrant Campus Experience

**Explore Your Options**
At the University of Louisville, opportunities to get involved are as diverse as our campus community. With over 400 student organizations, countless volunteer opportunities, campus-wide events and traditions, a robust fraternity and sorority life, and an engaging international service-learning program, there's truly something for everyone. No matter your interests, passions, or goals, you'll find a meaningful way to connect, contribute, and thrive at UofL.

**Why Get Involved?**
Being involved is a cornerstone of the Cardinal experience. Students who engage in activities outside of the classroom often perform better academically, build lasting friendships, enhance time management skills, reduce stress, and increase their likelihood of graduating. Beyond these immediate benefits, involvement also prepares you for your future career by developing essential leadership and teamwork skills—allowing you to make the most of your time at UofL.

**When to Get Started**
The choice is yours! Many students dive into involvement opportunities within their first few days on campus to establish connections and build community right away. Others take a more measured approach, waiting a few weeks, months, or even a semester to settle into their academic routine. While either approach is valid, we recommend exploring involvement within your first six weeks to maximize your experience.

**We're Here to Help**
The Office of Student Involvement, led by a dedicated team of student leaders and professional staff, is ready to support you. Whether you're looking for a club that matches your interests or need guidance on where to start, we're here to help you find your place and make your mark at UofL. **Embrace the Cardinal Spirit—Get Involved Today!**

**Commuter and Transfer Initiatives (CTI)**
The Commuter and Transfer Initiatives (CTI) (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Flouisville.campuslabs.com%2Fengage%2Forganization%2Fcti&data=05%7C02%7Clisa.horn%40louisville.edu%7C150ecdc01ed64be2d81508dd54f24e8c%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638760121864379254%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=F92YrO%2FEgYaIPpNSg05hlqQHVI9qoWZSD%2BYygx7D26I%3D&reserved=0) from the Office of Student Engagement (https://student.louisville.edu/involvement/) is dedicated to offering resources and opportunities for our commuter and transfer students to become involved! Whether in the immediate campus area or driving in from another part of Louisville, becoming engaged and connected with the University community through programs and services is a key factor to aid in your success as a cardinal. CTI aims to help our commuter and transfer students connect with all UofL student organizations, campus events, service projects, leadership development, and much more!

CTI invites you to visit the Commuter Student Lounge located on the 2nd Floor of the Student Activities Center (SAC). This lounge features a printer, community fridge, microwave, vending machine, and additional amenities. The SAC provides a welcoming and supportive environment where students can access information, advocacy, or simply study and unwind. Moreover, the SAC also hosts CTI's free locker rentals (found on the 3rd floor) and the RecRe Boxes, where students can rent board games, phone/laptop chargers, tool kits, and much more!

For further details, feel free to visit us in the Student Activities Center Room (https://louisville.edu/sac/) W310, call us at (502) 852-6697, or explore EngageUofL. (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Flouisville.campuslabs.com%2Fengage%2F&data=05%7C02%7Clisa.horn%40louisville.edu%7C150ecdc01ed64be2d81508dd54f24e8c%7Cdd246e4a54344e158ae391ad9797b209%7C0%7C0%7C638760121864401530%7CUnknown%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWUsIlYiOiIwLjAuMDAwMCIsIlAiOiJXaW4zMiIsIkFOIjoiTWFpbCIsIldUIjoyfQ%3D%3D%7C0%7C%7C%7C&sdata=VGpcsA9YCzJYKVEH1oQs8X7PVnx1RmtTyk4dLwthh0Y%3D&reserved=0)

## Off-Campus Student Services

The Office of Student Involvement (https://louisville.edu/involvement/) is committed to providing resources and opportunities for our commuting and off-campus cardinals. Whether in the immediate campus area or driving in from another part of Louisville, becoming engaged and connected with the University community through programs and services is a key factor to aid in your success as a cardinal. Opportunities exist within student organizations, campus events, service projects, leadership development and so much more.

Please visit the Off-Campus and Commuter Student Lounge located on the 2nd Floor of the Student Activities Center. The Student Activities Center provides students with a friendly, supportive environment where they can come for information, advocacy, or to study and relax.

For more information, stop by and see us in the Student Activities Center (https://louisville.edu/sac/) Room W310, give us a call at (502) 852-6691 or check out EngageUofL (http://louisville.edu/engage/).

## Testing Services

This office serves as a national and university testing agency.

Office Location:

**Testing Services**
Davidson Hall, Room 308-310
Louisville, KY 40292

Email testing@louisville.edu or call (502) 852-6606 for more information.

Campus testing includes: UofL faculty make-up exams; ACCUPLACER placement exams (Math/Reading); credit by exam (CLEP) and Correspondence exams. The ACT and SAT are also administered through Testing Services.

## Title IX Director's Office

The University strives to provide a safe environment and is committed to keeping the health and well-being of the campus community in the forefront of our thinking. Title IX Director ensures that every person affected by the University's operation, including faculty, staff, and students, is aware of their legal rights under Title IX and that the school and all its employees, through its policies, procedures and practices, complies with its legal obligations. Specifically, the Title IX Director oversees the University's preventive education about, and response to, sexual misconduct including sexual harassment (includes quid pro quo and hostile environment); sexual assault; domestic violence; dating violence; and stalking.

The Title IX Director's contact information is:

**Tim Beam, Title IX Director**
Grawemeyer Hall, Suite 202
2301 S. Third Street
Louisville, KY 40208
(502) 852-1198

Email: titleix@louisville.edu

Webpage: https://louisville.edu/titleix (https://louisville.edu/titleix/) (policies)

# Financial Information

## Financial Settlement

### Continuing Registration

Tuition and fees are due on, or before, the designated due date for the semester. Payment Due Dates are noted on the Bursar website (http://louisville.edu/bursar/). Payment may be made by paper check, money order, or financial aid credit. All electronic check (ACH) or Credit Card payments (transaction fee applies) may only be remitted electronically via ULink. Payments also may be made by mail or at the Office of the Bursar.

For Payment Option information visit: louisville.edu/bursar (http://louisville.edu/bursar/)

Failure to receive a Statement of Account will not relieve the student of the responsibility for making financial settlement by the designated due date. Registrations which are not financially settled by the designated due date will be placed on financial hold and affected students will not be permitted to add or swap classes until their student account is financially settled.

The due dates are listed on the Bursar's website (http://louisville.edu/bursar/) (Payment Due Dates).

### Regular Registration

Students should be prepared to fully settle financial obligations by the last day to drop/add for the semester. Failure to fully settle financial obligations may result in financial penalties.

### Financial Settlement Options

Due dates, payment information, and payment plan options for specific semesters are updated regularly on the Bursar's website (http://louisville.edu/bursar/).

Please address your questions to the Bursar's Office by email at bursar@louisville.edu.

### Financial Penalties

Students whose accounts are not paid by established semester deadlines may be subject to financial penalties. Students with unpaid account balances will be placed on Financial Hold by the Bursar's Office. Students placed on Financial Hold become ineligible for further registration and transcripts may not be released until the student account is paid in full.

A late payment fee of $100.00 may be assessed when student accounts are not paid by the last day to drop/add.

A student whose payment is not honored by the bank on which it was drawn may be assessed a return payment fee. If restitution is not made within 10 days of notification, the student may be subject to course cancellation and/or legal action.

Debtors who do not make satisfactory payment arrangements on their past due accounts may have their accounts placed with a collection agency. Students will be responsible to reimburse the University for the fees of any collection agency, which may be based on a percentage of the delinquent account balance (to a maximum of 40 percent of the delinquent account balance), and will also be liable for all reasonable attorneys' fees and costs and expenses incurred by the University in its collection efforts. The University of Louisville, or associated vendor partners, may also report to the credit bureau organization(s) any information regarding any unpaid obligation.

### Withdrawal Policy

The effective withdrawal date is the date on which the withdrawal is processed in the Student Records System. This date is used in calculating any applicable tuition reduction.

More information on withdrawals can be found in the Course Registration Policies (p. 71) section of the undergraduate catalog.

### Tuition Reduction

When a student officially withdraws from the University or from any course, or courses, for which hourly tuition rates apply, tuition and student activity fee charges will be adjusted according to the tuition reduction schedule. The full amount of tuition/fee charges for the semester will be due unless the withdrawal occurs during the tuition reduction period. The tuition reduction schedule for each semester is available on the Registrar's website (https://student.louisville.edu/registrar/registration/calendars/).

This policy applies to all tuition and student activity fees except for nonrefundable deposits. Course fees, special fees, and laboratory fees are reduced only with the 100% adjustment.

### Financial Aid Recipients

Determinations regarding refunds of resulting credit balances will be based on regulations governing the financial aid awarded to the student. Federal regulations mandate that students have the right to cancel all or a portion of an EFT loan.

To request cancellation of all or a portion of your loan, contact the Financial Aid Office in writing:

**Financial Aid Office**
University of Louisville
Louisville, KY 40292

## Office of Student Financial Aid

The Office of Student Financial Aid serves prospective students, current students, and their parents with financial aid questions and needs.

Website: louisville.edu/financialaid (http://louisville.edu/financialaid/)
Email: finaid@louisville.edu
Call center: (502) 852-5511
Campus location: 110 Houchens Building, Belknap Campus

## Website

On the Student Financial Aid website (http://www.louisville.edu/financialaid/), visitors can access the following:

- Term-specific information on aid disbursement, residual funds, and financial aid advances;
- Financial aid news and upcoming important dates;
- Aid application and processing instructions;
- Award sources and types;
- UofL and outside scholarship postings;
- Consumer information.

## Email Service Account

Send your email questions to finaid@louisville.edu. For specific account information, current students must email the office from their UofL account.

## Call Center

Contact the call center at (502) 852-5511 from 9:00 a.m. to 4:00 p.m. Monday through Friday. On Thursdays, the call center opens at 11:00 a.m.

This service is intended to assist prospective students, current students, and parents with their general financial aid questions. We ensure students' privacy by not disclosing account-specific information. Current students should have their student ID number ready when calling.

## Office Hours

The Student Financial Aid Office provides walk-in counseling to both current and prospective students Monday, Tuesday, Wednesday, and Friday from 9:00 a.m. to 4:30 p.m.

On Thursdays, the office and call center are open from 11:00 a.m to 4:30 p.m.

Check the Student Financial Aid Office website (http://louisville.edu/financialaid/) for special hours during the August and January class registration periods.

# In-State or Out-of-State Tuition

## Initial Determination and Deadline to Appeal

The initial determination of residency status is made during the admission process. Once admitted, students will continue to be billed at the resident or nonresident rate each semester for the duration of their enrollment, unless an appeal has been approved by the Residency Appeals Office. A status may be appealed by filing an affidavit and documentation with the Registrar's office no later than 30 calendar days after the first day of classes of the term for which a determination of residency status is requested. Academic calendars are available on the university web site and with the Offices of Admission.

Pursuant to the residency regulation, 13 KAR 2:045 (https://apps.legislature.ky.gov/Law/KAR/013/002/045.pdf#xml=https://appslegislaturekygov/LRCSiteSessionSearch/dtSearch/dtisapi6dll?cmd=getpdfhits&u=1a702ce5&DocId=5428&Index=E%3a%5cProduction%5cDTSearch%5cDTSearchIndex%5cKY_Administrative_Reg&HitCount=10&hits=c+d+e+f+10+11+12+13+14+15+&SearchForm=&.pdf), an institution may set other deadlines for submission of other information required by the institution in a determination of residency status. Information packets are available from the residency website (http://www.louisville.edu/residency/).

Special procedures may apply to students entering a University of Louisville professional program (DMD, JD, or MD). Please contact the office of admissions within your professional school for details on residency determination and appeal processing.

*Statutory reference: Sections 13 and 14 of 13 KAR 2:045. Effective February 21, 2007.*

## Applications for Change in Residency Status and Appeals

Application for change in residency classification for purpose of tuition and fee assessment by a student enrolled in or an applicant to a program at the University of Louisville ("University") shall be made in writing to the residency appeals officer for initial consideration along with such information forms as the residency appeals officer may specify. The application for a change in residency classification must be filed no later than thirty (30) calendar days after the first day of classes of the academic term for which the change is requested. Appeals of residency determinations shall be based on administrative regulations promulgated by the Kentucky Council on Postsecondary Education. A written appeal of the decision of the residency appeals officer must be postmarked no later than fourteen calendar days from the date of receipt of notification of the residency appeals officer's written decision.

The Residency Review Committee is appointed by the executive vice president and provost (or designee) and shall be composed of four faculty and/or staff members and one student. The chairperson shall be elected by the committee. The faculty and/or staff members normally shall have staggered two-year appointments; the student member shall have a one-year appointment. The committee shall have authority to establish procedural rules and schedule meetings. A quorum shall consist of three members, and a quorum shall be necessary for committee action.

The Residency Review Committee shall consider appeals from applicants whose initial request for change in residency status has been denied by the residency appeals officer based upon the applicant's written appeal and the file in that matter to the extent provided by the Family Educational Rights and Privacy Act, 1974 (FERPA). The applicant shall be notified in writing as to the committee's decision.

If the decision of the committee is adverse to the applicant, the applicant may request a formal hearing by submitting a written request to the executive vice president and provost (or designee). This request must be postmarked no later than fourteen (14) calendar days from the date of receipt of notification of the committee's written decision.

The executive vice president and provost (or designee) shall appoint a hearing officer from outside the University to preside over formal residency hearings. Formal hearings shall be arranged based on a timely request from the applicant. The formal hearing shall provide for due process, including notice of hearing, examination of the information on which the University decision is based, and the right of an applicant to be represented by legal counsel and to present information and testimony in support of a claim of Kentucky residency. Hearing procedures will be consistent with 13 KAR 2:045 (https://apps.legislature.ky.gov/Law/KAR/013/002/045.pdf#xml=https://appslegislaturekygov/LRCSiteSessionSearch/dtSearch/dtisapi6dll?cmd=getpdfhits&u=1a702ce5&DocId=5428&Index=E%3a%5cProduction%5cDTSearch%5cDTSearchIndex

%5cKY_Administrative_Reg&HitCount=10&hits=c+d+e+f+10+11+12+13+14+15+&SearchForm=&.pdf).

The hearing officer shall make a report with findings of fact and a recommendation to the executive vice president and provost (or designee) with a copy to the applicant. The executive vice president and provost (or designee) will decide the appeal on the record on behalf of the University and the Board of Trustees and will notify the applicant in writing within thirty days of receipt of the hearing officer's report. In the event the decision of the executive vice president and provost (or designee) is not in accord with the recommendation and findings of the hearing officer's report, a written explanation will be provided to the applicant.

### Council on Postsecondary Education Administrative Regulation

Relates to: KRS Chapter 13B, 164.020, 164.030, 164A.330(6).

### Necessity, Function, And Conformity

KRS 164.020(8) (https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=53677) requires the Council on Postsecondary Education to determine tuition and approve the minimum qualifications for admission to a state-supported postsecondary education institution and authorizes the council to set different tuition amounts for residents of Kentucky and for nonresidents. This administrative regulation establishes the procedure and guidelines for determining the residency status of a student who is seeking admission to, or who is enrolled at, a state-supported post-secondary education institution.

# University-Wide Academic Policies

Clinking on the links listed below allows access to pages detailing broader areas of academic policy as well as individual pages devoted to specific policies.

***These policies are effective for Academic Year 2025-2026 (starting with the Summer 2025 semester).*** Students enrolled in a term before this effective semester should consult with an advisor in their enrollment unit (http://louisville.edu/advising/centers/) if they feel that they are disadvantaged by any change from previous policies.

Previous catalogs are available via the archive page of this catalog (https://catalog.louisville.edu/undergraduate/archive/).

## Course Registration Policies (p. 57)

# Course Registration Policies

Information on policies regarding course registration and academic coursework at the University of Louisville can be found on this page or by clicking on the following links to topic-specific pages:

- Academic Advising (p. 61)
- Alternative Coursework (p. 62)
- Auditing Courses (p. 67)
- Course Load (p. 67)
- Instructional Delivery (p. 68)
- Pass/No Credit (p. 69)
- Registration (p. 69)
- Repeating Courses (p. 70)
- Undergraduate and Graduate Courses (p. 70)
- Withdrawals (p. 71)

***These policies are effective for Academic Year 2025-2026 (starting with the Summer 2025 semester).*** Students enrolled in a term before this effective semester should consult with an advisor in their enrollment unit (http://louisville.edu/advising/centers/) if they feel that they are disadvantaged by any change from previous policies.

Previous catalogs are available via the archive page of this catalog (https://catalog.louisville.edu/undergraduate/archive/).

# Academic Advising

Academic Advising at the University of Louisville is a collaborative, student-centered process that empowers students to explore their goals and navigate their educational journey. Partnering with faculty, administrators, staff, and students, advisors provide relevant curricular information, connect students to campus and community resources, and encourage holistic development. Rooted in a responsive, caring, and proactive approach, advising helps students achieve success within and beyond the classroom.
More information about academic advising can be found within the University-Wide Policies section (p. 56) of this Undergraduate Catalog.

## Flight Plan

Flight Plan is a university-wide initiative that assists students in staying on course to graduate in four years or in the timeframe of their choice. Students learn about majors and how they connect to careers and then select a Flight Plan that meets their interests and their level of skills.

## Athletic Academic Services

This office provides academic support for all students involved in the University's intercollegiate athletic programs. The academic performance of all student-athletes is monitored during the semester as well as their progress toward graduation. A liaison is maintained with the faculty through close collaboration with the Committee on Academic Performance (CAP) and Faculty Athletic Representative (FAR) – Krista Wallace-Boaz (kbwall01@louisville.edu).

Services offered include academic counseling, tutoring, objective based study hall, career services, computer services, accommodative learning services for student-athletes with learning challenges, and referral to other university offices to ensure that student-athletes are informed about other available resources. The office also advises several Registered Student Organizations which provide opportunities for student-athletes to get involved on campus and in the community. Additional information can be found online (https://gocards.com/?path=acadservices).

# Alternative Coursework

In addition to the traditional course offerings, the University of Louisville may award academic credit through alternative means. Such opportunities do not require the customary classroom attendance and participation and include extramural examinations, conference work, independent studies, internships, cooperative education, field experiences, and clinical rotations. Each of these experiences requires the approval of the enrollment unit and not all are available in every unit, so students should consult with the advising office for availability and requirements. The most common alternatives for earning credit outside of traditional coursework are independent study and internships.

Many units offer independent study courses, which provide the opportunity for the student, under the supervision of a sponsoring faculty member, to pursue individualized study related to research or practice that is not included in regular courses in the curriculum. Students must present a written plan to their department that includes the purpose, rationale, activities planned, and expected learning outcomes, and the plan must be approved by the instructor, department chair, and unit dean and submitted to the registrar. A title for this individualized study course will be assigned by the supervising faculty member and will appear on the student's academic record. Before applying for an independent study, students should have at least 30 semester hours and a 3.0 GPA.

Internships, cooperative education, field experiences, and clinical rotations give students the opportunity to earn academic credit for workplace experiences that support the educational goals of the student's academic discipline, and thus students should consult with their academic advisor to determine the requirements within their units. Approved opportunities range from full to part-time, temporary to permanent, paid to non-paid. In some programs, internships, cooperative education, field experiences, and clinical rotations are required to satisfy degree requirements.

# Auditing Courses

Audited courses do not earn credit, although the transcript will indicate that the course was taken as an audit. Because audit status is offered only on a space available basis, students may not register for a class in an audit status during early registration, nor may a student change

from graded to audit status during that period. Students may register for classes in audit status during regular registration and then only with the written approval of the instructor of the course. Not all instructors allow auditors. Work expectations of auditors can vary across courses and instructors, and the specific work expectations that will warrant the audit designation on the transcript should be confirmed with the instructor facilitating the course. Auditors who do not fulfill the work expectations may be withdrawn from the course with a grade of W noted on the transcript.

Students who have registered in audit status will not receive credit for the course unless their registration has been changed officially from audit to credit by the published deadline for such a change. Students are allowed to change from audit to grade status or from grade status to audit status at any time from the beginning of regular registration through the last day to add a class with approval from the course instructor. Students are advised that such approval is the instructor's prerogative, subject to completion of course prerequisites, and that audit status may have implications for financial aid eligibility. Any change of status must be submitted on a Drop/Add and Grade Type Change Form and turned in to the Registrar's Office by the deadline. Students admitted to the unit as Auditors are not eligible to take courses for credit and may not change their class registration from audit to credit.

Students are cautioned that auditing a class cannot substitute for taking the course for credit if that course is part of the credit hour requirement for graduation, including both college-wide and major requirements. Any required course taken as audit must be retaken for credit in order to be counted toward a degree. Students are advised to consult with their academic advisor to determine if registration in audit status is appropriate. Students may enroll for credit in any course which was taken for audit, in a semester subsequent to the semester when the course was audited, provided those students have been admitted to the unit on a basis that confers eligibility to take courses for credit. If students take a course for both audit and credit, the transcript will show both entries.

## Course Load

All baccalaureate degree programs require at least 120 credit hours, but more may be required in some programs. A typical schedule in the fall and spring semesters is 15 semester hours, but may vary by semester and program from 12 to 18 hours. Some programs also have planned summer loads.

Students may need to prove full-time/half-time status in order to be eligible for dependent insurance and to defer repayment of some loans, among other reasons. Definitions of full-time/half-time are defined according to federal government regulations for financial aid recipients. Students will be certified as full-time if registered for 12 or more hours in any semester, including summer. Cooperative internships also qualify for full-time status in some units. For half-time status, students must be registered for a minimum of 6 hours during any semester, including summer.

Students in good standing typically may take no more than 18 hours in the fall and spring semesters. Under special circumstances, students who have completed a minimum of 30 hours at UofL and who have a cumulative grade point average of at least 3.0 may request permission through their advising center to take an overload. For the summer semester students are limited to 4 hours in the three-week summer session and 7 hours during each of the five-week summer sessions. For the winter session, students are limited to 4 hours. Typically, there are no overloads for summer and winter, though overload approvals may vary by unit. Permissions are handled by procedures determined by the Dean's office in each unit, and some units may accept petitions for course overloads above those listed above.

Students on academic warning or probation and students admitted in conditional status are limited to 14 hours during the fall and spring semesters and to a total of 10 semester hours during the summer sessions. See unit-specific policies for possible further restrictions.

# Instructional Delivery

## Standard Course Delivery Modalities

The university offers the following course modalities:

**In-Person Courses:** Instruction whereby both students and faculty are expected to meet in person in an assigned room at assigned times as found in the schedule of classes; final exams are also regulated by the published schedule. In-person courses may be offered on campus or at a SACSCOC-approved off-campus instructional site. Field experience, practicum, internship, or co-op courses may require meeting at local placement sites.

**Online Courses:** Online courses are conducted via the internet and provide educational access by separating learners and instructors by distance and/or time. Online courses will have no required in-person, on-campus activities including no required in-person exam proctoring. Students who *request* in-person proctoring at a location convenient to the student may be approved by the instructor. A university-licensed and supported learning management system (LMS, e.g., Blackboard) is provided and required for the offering of the university's online courses. Participating faculty must ensure that instructional time is accounted for, meets the SACSCOC minimum contact hour requirements and complies with the U.S. federal regulation on regular and substantive interaction.

- **Online, Asynchronous:** 100% online instruction where no synchronous activities, including assessments, may be required. Instructors and students are expected to engage in learning activities via the approved university system for delivering online education (Blackboard).
- **Online, Synchronous:** 100% online with *any* required synchronous class meetings, including assessment, in addition to any asynchronous expectations. All required synchronous meetings must be published in the schedule of classes before registration. Final exams are regulated by the published schedule.

**Blended Learning Courses:** Blended learning courses combine the affordances of instructional components from in-person classroom experiences and online experiences. The meeting pattern of required synchronous sessions (in-person and/or online) must be consistent across the semester and must be published in the schedule of classes. The in-person class meeting reduction is off-set by designed online learning experiences that support learning objectives and take approximately the same amount of time as the reduced class meetings. These online learning experiences may be:

- completely asynchronous (i.e., no "same time" class meetings),
- completely synchronous (i.e., requiring "same time" class meetings via the internet), or

- primarily asynchronous with some synchronous options or requirements.

# Standard Program Delivery Modalities

University of Louisville strives to provide flexibility in course and program delivery wherever possible. In any given term, many programs offer some classes that are available in an in-person, online, or blended modality.

Students who are seeking a specific modality for courses in a program should review the schedule of classes carefully. Programs that can be completed entirely online will be identified on the Overview tab of the academic program's catalog page. However, unless the program's overview in the catalog indicates that it can be completed entirely online, UofL programs reserve the right to offer some courses in a single modality (i.e., only online, only blended, or only in-person). Unless specifically stated on the Overview tab of an academic program's catalog page that a program may be completed entirely through a single modality, students should expect their program to be completed through courses offered in various modalities.

## Pass/No Credit

Undergraduate students in good academic standing may enroll in one undergraduate course each term on a pass/no credit basis, provided that the course is not used to meet a credential (degree, minor, certificate) programmatic requirement, a general education requirement, a foreign language requirement, or a prerequisite requirement for admission to a degree program. Student elections to pass/no credit grade types will not be visible to instructors who will report a letter grade on the final grade rosters. Students are strongly encouraged to talk with their advisors to make sure the class they want to take pass/no credit is not needed to meet any degree requirements.

Courses taken Pass/No Credit are not included in the student's GPA calculation. Credit hours will be given if a Pass (P) grade is recorded. No letter-grade equivalent for a P grade will be assigned or reported.

No changes from letter grade to pass/no credit, or vice versa, may be made after the university deadline to withdraw from a course.

This policy will not apply to courses taught only on a pass-fail basis, such as some internship and field experience courses.

## Registration

Students may register for courses during the priority early registration period before the beginning of the semester. A student's first opportunity is based on classification and alphabetic rotation. The early registration period is then followed by regular and late registration. The registration calendar for any term is published online by the office of the registrar. Initial registration and any later registration changes are usually completed by students through the registration link of the ULink online portal.

Initial registration must be completed by the date announced by the registrar, typically the fifth day of classes. Students may make adjustments to their course schedule until the end of the first week for regularly scheduled fall and spring courses. For summer courses and courses with atypical duration, the last date to adjust schedules is specified by the registrar in the official registration calendar. This last day to adjust schedules is referred to as the last day to drop/add.

Students may add courses to their schedules until the last day to drop/add. No signature or other authorization is required if the added course is open for enrollment, if students meet all course prerequisites, and if such additional courses do not raise the students' credit#hours for the term above the maximum allowed by the students' enrollment unit or academic standing. If the addition increases the tuition cost for the semester, the additional payment must be settled with the university bursar by the last day to drop/add.

Students can place their names on the waitlist for a course that is closed. Students are automatically moved from the waitlist to registration in the course as spaces open until the end of the first week of classes. Students may add their names to the waitlist until the third day of classes for regularly scheduled fall and spring courses, and the first day of classes for summer courses.

Students may drop a course from their schedule until the last day of drop/add. Courses that are dropped during the regular registration period are not listed on the transcript. Students should consider how dropping a course will affect their Flight Plan status, their progress toward their degree and their financial aid eligibility. Students who stop attending a class but fail to complete the drop process, regardless of the date when they stopped attending the course, will be given the grade of F for the course.

Students who wish to enroll in concurrent courses at another institution should consult their academic advisor before registration to ensure proper enrollment and recording of courses. Students in good standing who have earned a minimum of twelve hours may be able to cross register at other universities in the Kentuckiana Metroversity consortium. Cross registration is permitted on a space-available basis at the discretion of the member institutions. The combined program of work in all institutions may not exceed the maximum course load permitted for students at the University of Louisville. Failure to follow these guidelines may result in loss of credit or in ineligibility to transfer the credits from the other schools toward the requirements for graduation.

## Repeating Courses

Students are allowed to repeat a course only once, with the most recent grade counting for grade point average calculation and towards degree requirements. Students are advised to weigh carefully the trade-off between 1) possibly improving their academic standing by repeating a course and earning a higher grade, and 2) the investment of time and money in repeating courses.

Students may petition to repeat a course more than once through a process determined by each academic unit.

Although all grades are displayed on the official transcript, repeated courses cannot receive double credit in hours required for the degree and count only once toward graduation.

This policy only applies when the repeated course is the same course at as the original and is taken again at UofL. If a student repeats an equivalent course at another institution, the UofL program requirement can be satisfied with an appropriate transfer grade, but the transfer grade will not be included in the UofL GPA calculation and the original UofL grade will not be removed from the UofL GPA calculation.

Students may only receive federal and state financial aid funds one time for retaking previously passed coursework. Students should speak with a financial aid advisor about the impact on financial aid before making the decision to repeat a course that was previously passed.

## Undergraduate and Graduate Courses

Students must have completed the proper prerequisites to register for any course. It is the student's responsibility to know the prerequisites for a course by checking the course description section of the online university undergraduate catalog. While some of these courses are open to all students enrolled in the University of Louisville, many are restricted to students in certain programs.

The dean's office in each unit reserves the right to administratively withdraw students from courses based on academic policies.

The units also reserve the right to cancel without prior notice any courses listed in the Schedule of Classes, and to cancel any course that does not have an adequate enrollment at a reasonable time during the registration period for the semester. The university attempts to provide all courses required for graduation frequently enough to ensure that no student's degree will be delayed by course unavailability, but the university cannot guarantee that such delay will not occur.

University of Louisville undergraduate students typically take courses at the 100 through 400 level. Courses numbered below the 100 level are not used in calculations of earned hours or the university grade point average. Courses numbered at the 100 and 200 level are primarily for freshmen and sophomores, and such courses generally contain introductory or basic material. Courses numbered at the 300 and 400 level are primarily for juniors and seniors, and such courses generally contain advanced undergraduate material.

Courses at the 500-level may be open to both advanced undergraduate and graduate students. Courses numbered at the 600-level and above are for graduate students only. Undergraduate students requesting to enroll in a 500-level course for graduate credit or in a 600-level course may do so **only with special permission of the instructor in the course and the dean of the student's enrollment unit, be registered for at least one undergraduate course, have earned at least 60 credit hours of coursework at the undergraduate level, and have a cumulative GPA of at least 3.0**. A maximum of nine (9) credit hours of graduate coursework may be applied to the undergraduate degree. Such graduate level courses will satisfy requirements toward the undergraduate degree and therefore cannot be used for subsequent graduate credit.

In rare cases, undergraduate students at the University of Louisville who are within six (6) semester hours of completing the baccalaureate requirements and who are enrolled in a graduate course may obtain graduate credit at the University of Louisville. This can only occur if the course has not been used to satisfy part of the baccalaureate requirements, and if the chair of the department involved and the unit dean approve.

### Accelerated Bachelor's/Master's Option

Undergraduate students will follow the departmental process to apply for admission to the accelerated program before beginning their final 30 credits of **the bachelor's program**. Only exceptional students who meet all admissions requirements will be eligible for admission to accelerated programs; those who are admitted will be allowed to enroll in graduate coursework in their final 30 hours of the undergraduate program. Students who meet the program guidelines for successful completion of the graduate coursework as an undergraduate may then apply for admission to the master's program.

Students applying for admission to a 30-hour to 35-hour master's program may take a maximum of nine (9) credit hours as an undergraduate which will count toward both the bachelor's and the master's degree; those applying to a 36-hour or more master's program may take a maximum of twelve (12) credit hours that will count toward both the bachelor's and the master's degrees (the guiding principle is that no more than one-third of a student's coursework may be double-counted for two different degrees at different levels).

Graduate credits taken while in a bachelor's program must be transferred to the student's graduate record after the student has completed one semester as a graduate student.

See specific programs for further requirements for applying to an accelerated program.

## Withdrawals

Students may *withdraw* from courses after the drop/add period up until the withdrawal deadline. A grade of W (withdrawal) will be posted to students' transcripts. The hours count as attempted hours but do not count as earned hours, and the grade will have no effect on the students' grade point averages. Students withdraw by using the registration link of the ULink online portal. No signature or other authorization is required if the change is made by the withdrawal deadline, but students should consult with academic and/or financial aid advisors to understand how withdrawing from a course will affect their academic plan status, their progress toward their degree, and their financial aid eligibility.

The withdrawal deadline for each semester is specified in the official registration calendar. The deadline typically occurs shortly after mid-term. Students who stop attending class without withdrawing will be given the grade of F for the course.

Students who make a *complete withdrawal* from all courses for a particular semester should contact their academic advisor to seek alternative solutions and/or to improve the possibility of returning to the university at a later date. A complete withdrawal must be processed in accordance with the procedures established by the academic unit.

In exceptional circumstances, students may petition for a *late withdrawal* after the withdrawal deadline. Students who intend to continue in other courses during the semester must petition the course *instructional unit* (the academic unit in which the course is taught). Students who intend to withdraw from all courses for which they are registered (*late complete withdrawal*) must petition their *enrollment unit* (the academic unit in which they are enrolled for their degree work). Proper documentation of the exceptional circumstances must accompany the petition for a late complete withdrawal. The enrollment unit shall request and consider all instructors' recommendations in deciding on the petition for a late complete withdrawal. Students should contact the advising office in the appropriate unit for guidance in the petition process.

## Compassionate Withdrawal

Students may request and be considered for a *compassionate withdrawal* when extraordinary circumstances prevent students from continuing in classes or completing academic requirements. If students are gravely incapacitated, the request may come from the student's spouse, family or legal surrogate. The office of the dean of students will gather necessary documentation to show that the situation is incapacitating. Such situations cover both physical and mental health issues, serious illness or injury, and extraordinary personal reasons. The office of the dean of students will review and evaluate the compassionate withdrawal request and take follow#up action to refer the case to the appropriate officer (e.g., unit dean) for review and decision. The Office of the Dean of Students will coordinate the process with the unit dean's designee.

An academic withdrawal of any type does not remove a student's financial responsibility for his/her educational expenses. Students are responsible for payment of any outstanding charges including, but not limited to tuition, fees, parking, housing and other expenses, after the academic withdrawal is granted. The Office of the Dean of Students will assist with the identification and completion of all necessary business processes.

## Withdrawal Effective Date

The effective withdrawal date is the date on which the withdrawal is processed in the student records system. This date is used in calculating any applicable tuition reduction. When students officially withdraw from any course or courses for which hourly rates apply, tuition will be adjusted at the following ratios for regularly scheduled fall and spring classes:

| | | |
|---|---|---|
| 0% charge/100% credit | Drop during first week of semester | 100% fees |
| 50% charge/50% credit | Withdrawal during second or third week of semester | 0% fees |
| 75% charge/25% credit | Withdrawal during fourth week of semester | 0% fees |
| 100% charge/0% credit | Withdrawal after fourth week of the semester | 0% fees |

Summer courses and some fall and spring semester courses vary in length and the percentage of refunds is modified. Refund deadlines for special terms and courses are listed in the online Registration Information (https://louisville.edu/registrar/registration/).

Course fees (as opposed to tuition) are refundable only with 100% credit.

# Academic Advising

## University Policies: Academic Advising

Each undergraduate unit at the university has full-time academic advisors available to assist students in planning the completion of their degree program and in navigating UofL resources. Some of the units at the University offer faculty advising and mentoring as well.

While academic advisors will make every effort to guide students throughout their education, students are ultimately responsible for developing a familiarity with and adhering to university, unit, and departmental policies and procedures. Students are expected to meet regularly with an advisor who will assist them with staying on their Flight Plan (http://louisville.edu/flightplan/) for graduation.

More information about academic advising and resources, including links to the unit advising centers, can be found at the Undergraduate Advising website (http://louisville.edu/advising/).

Academic advising assists students with, among other things, the following:

- Choosing a major and developing a plan and timeline for graduation.
- Selecting appropriate courses and making schedule changes.
- Navigating course repeats and withdrawals.
- Addressing academic difficulties in coursework and issues related to academic standing.
- Making referrals to campus resources.
- Navigating university policies and procedures.
- Processing transfer credit evaluations and degree audits.

Some students may not register for classes until their advising requirement has been satisfied. The following categories of students are required to meet with an advisor each semester in order to register for courses:

- Students with less than 30 earned credit hours applicable to the degree.
- Transfer students (external and internal) upon initial admission and in their first semester.
- Students who earn a cumulative GPA below their unit's good standing GPA.
- Students who have a break in enrollment of two or more consecutive years.
- Students who are undecided.

- Students who are seeking admission into another enrollment unit.
- Students who are required to be advised by individual academic units.

Visiting and post-baccalaureate students are not required to meet with an advisor in order to register for courses in the subsequent semester.

# Unit-Specific Policies: Academic Advising

In addition to the university-wide policies regarding Academic Advising, students may be subject to the unit-specific requirements listed below.

More information about academic advising and resources, including links to the unit advising centers, can be found at the Undergraduate Advising website (http://louisville.edu/advising/).

## College of Arts & Sciences

In addition to the university requirements, academic advising is required for the following students enrolled in the College of Arts & Sciences:

- Returning students who have sat out for a period of one semester or longer, and
- Students with 45 or more earned hours who have not formally applied for and been accepted into a major program.

Students who have been accepted to a major are highly encouraged to meet with faculty in their field of study. The College of Arts & Sciences also provides pre-professional advising for students interested in careers in law and in health-related fields.

## College of Business

All business students are recommended to schedule an appointment with their advisor at the Reinhardt Academic Center periodically; Equine majors must contact the advisor within that discipline.

## College of Education and Human Development

All students entering degree and/or teacher certification programs must schedule an appointment to meet with an academic counselor in Education Advising and Student Services to have an official program sheet prepared. This includes both internal and external transfer students who have been admitted to the College of Education and Human Development as well as new freshmen.

## Raymond A. Kent School of Social Work and Family Science

Social Work majors are required to meet with their assigned advisor until completion of the first 90 hours of educational requirements.

After 90 hours, it is highly suggested that students meet with academic advising to set up a degree check appointment. Students are encouraged to speak with full time faculty members to discuss questions about the profession of Social Work.

## School of Music

Advising is required for all music students until they have completed all prerequisites for Upper Division courses. (See the Upper Division statement in the School of Music Unit Section and in the music degrees outlined in the undergraduate catalog.)

## School of Nursing

Freshmen and transfer students with less than 28 hours are required to be advised prior to registration. All new students are required to be advised regardless of credit hours.

Students who are out of sequence in their upper division program of study must meet with their advisor to revise their program of study and submit a School of Nursing space available form.

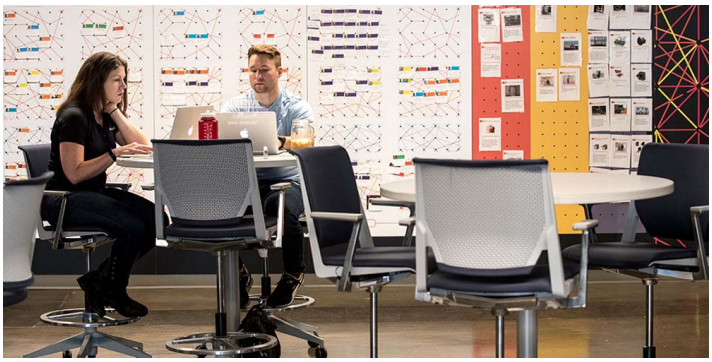
## School of Public Health and Information Sciences

A student is assigned an academic advisor on matriculation and is required to meet with that advisor every semester. The student is responsible for scheduling these required advisory meetings.

## J. B. Speed School of Engineering

All BS and MEng students are required to be advised by their academic counselor each semester.

# Alternative Coursework



# University Policies: Alternative Coursework

In addition to the traditional course offerings, the University of Louisville may award academic credit through alternative means. Such opportunities do not require the customary classroom attendance and participation and include extramural examinations, conference work, independent studies, internships, cooperative education, field experiences, and clinical rotations. Each of these experiences requires the approval of the enrollment unit and not all are available in every unit, so students should consult with the advising office for availability and requirements.

The most common alternatives for earning credit outside of traditional coursework are independent study and internships:

## Independent Studies

Many units offer independent study courses, which provide the opportunity for the student, under the supervision of a sponsoring faculty member, to pursue individualized study related to research or practice that is not included in regular courses in the curriculum. Students must present a written plan to their department that includes the purpose, rationale, activities planned, and expected learning outcomes, and the plan must be approved by the instructor, department chair, and unit dean and submitted to the registrar. A title for this individualized study course will be assigned by the supervising faculty member and will appear on the student's academic record.

Before applying for an independent study, students should have at least 30 semester hours and a 3.0 GPA.

## Internships, Cooperative Education, Field Experiences, Clinical Rotations

These courses give students the opportunity to earn academic credit for workplace experiences that support the educational goals of the student's academic discipline. Students should consult with their academic advisor to determine the requirements within their units. Approved opportunities range from full- to part-time, temporary to permanent, paid to non-paid.

In some programs, internships, cooperative education, field experiences, and clinical rotations are required to satisfy degree requirements.

# Unit-Specific Policies

In addition to the university-wide policies regarding Alternative Coursework, students may be subject to the unit-specific requirements listed below.

## College of Arts and Sciences

**Conference Work**

Conference work refers to completion of course requirements through satisfactory performance on all regularly scheduled writing assignments and examinations, including the final examination. Students enrolled for conference work are excused from regular class attendance. However, the following requirements apply:

- The instructor excuses the students from all participation except for the writing assignments and examinations;
- The waiver must be given at the beginning of the semester;
- The students must be enrolled for credit in the courses; and
- The students must pay the regular fees for credit courses.

Students who satisfactorily complete the requirements for conference work receive the same semester hours as though they attended the class regularly, and their grade will be determined by performance on the writing assignments and examinations.

**Credit by Examination**

Extra-curricular examinations allow students to fulfill course requirements by meeting criteria established and evaluated by a special examining committee. These examinations are customarily taken by students whose work outside of college classes has given them knowledge equivalent to that of students who have completed the classes.

The requirements for such an examination are:

- Students must first obtain the approval of the chair of the department in which they propose to earn credit through examination, specifying why credit by examination would be justified in their programs.
- Students must obtain an application for credit by examination from the College Advising Center and return the completed form to the Center.
- Students must pay one half the regular fees for the course.
- A faculty committee must agree to serve as examiners. The committee will consist of a regular instructor for the course, who chairs the committee, and two additional examiners, one of whom must be from outside the Division.
- Students must take both a written and an oral examination.
- Students must submit to the chair of the committee any evidence of achievement, in addition to the written and the oral examinations, which the chair requires.
- Students must be enrolled concurrently in the College for a minimum of 6 semester hours of regular course work.

Credits earned by conference work or by examination are counted in the student's regular load, which must not exceed 18 semester hours per semester. (See Course Load).

**Cooperative Internships**

The College will award academic credit for eligible work experiences that qualify under the College's Internship Policy. To qualify for enrollment in a cooperative internship course for credit, each student is required to present:

- Either 45 credit hours, including 9 in the unit in which credit is sought, or 60 credit hours, including 6 in the unit in which credit is sought;
- A minimum grade point average of 2.5 for all coursework taken; and
- A completed Application for Enrollment in Cooperative Internship Form.

Transfer students must have completed one full semester of work (i.e., 12 hours) at the University of Louisville.

A maximum of twelve credits of Internship (including hours earned in GEN 301) may apply toward the 121 hours required for the degree.

For information about internships, contact the chair of the department of the major.

**Independent Study**

Students may, with permission of the Departmental or Divisional Chair and the Dean, register for Independent Study in a particular department. The student must have an overall grade point average of 3.0, a grade point average of 3.5 in the department, and at least 18 semester hours' credit in that department unless otherwise waived by the department. Independent Study consists of a minor research project conducted under the direction of a faculty member. Students obtain forms for Independent Study from their department. The completed forms with required signatures must be turned in at registration. Credits earned through Independent Study are counted in the regular load, which must not exceed 18 credit hours per semester.

## College of Business

**Awarding of Credit for Non-Traditional Work**
The College of Business does not award credit for work experience, noncredit courses or internships, independent studies, or co-ops taken at another academic institution.

**Correspondence Courses**
The College of Business does not offer courses by correspondence, nor does it grant credit for business courses taken by correspondence.

**Cooperative Education**
The COB faculty and employers structure individually appropriate practical experiences that build professional competence, apply academic principles, and help evaluate career options.

COB majors may earn either three (3) or six (6) hours of academic credit through the Co-op program, as specified in each major's Degree Program section of this catalog. One hour of academic credit is given for each 75 hours of approved work. Students can be considered full-time during a semester in which they are registered for three (3) Co-op credit hours. Students register for credit during the semester in which the majority of the work takes place. Start dates for COB Co-op are flexible. Co-op evaluations are graded on a Pass/Fail basis. Deadlines for each semester are posted in the COB Ulmer Career Management Center.

Under certain circumstances a student may be eligible to take an approved internship or Co-op for no academic credit. Such an internship or Co-op will appear on the transcript without any academic credit. Contact the Ulmer Career Center for details.

All majors are encouraged to plan in advance for Co-op, which is typically taken during the junior and/or senior years. Computer Information Systems majors register for Co-op as a graduation requirement and usually work full-time for six (6) months prior to graduation.

International students must validate work authorization eligibility through the International Center prior to working with the COB Ulmer Career Management Center.

Approved COB Co-op may be paid or non-paid. Students may work full-time, alternating semesters of Co-op with semesters of campus academics. Or, students may work part-time, in order to parallel workplace and classroom experiences. Employment arrangements are between students and employers while the COB provides structure, guidance, and evaluation for educational components. Program requirements include the following:

- Be enrolled in good standing in the College of Business
- Maintain a 2.0 cumulative university GPA.
- Have completed prerequisite courses established by each major area of study.
- Work in positions that are approved for credit in the educational discipline of the student's major. These positions must be current level-appropriate experiences that can be characterized as new learning and/or new responsibilities. Credit is not given for past employment experience or continuing employment that does not offer new employment challenges.

Apply for COB Co-op on the Ulmer Career Center website: business.louisville.edu/careers (http://www.business.louisville.edu/careers/).

Business minors (other than Management) do not have the option for Co-op credit.

## College of Education & Human Development

**Course by Conference**
Under certain circumstances, a student may complete a course on an individual basis with an instructor. This is called a course by conference. Course by conference forms are available in the Education Advising and Student Services office. Signatures of the instructor, department chairperson, and dean are required on the form.

**Independent Study**
Credit may be earned by independent study with the permission of the dean, department chairperson, and instructor. Independent study forms are available in the Education Advising and Student Services office.

**Statement on Student Teaching/Field Experience**
In all phases of the Developmental Teacher Preparation Model, candidates participating in field and clinical experiences must abide by all policies, rules, and regulations of the University and the assigned school. Failure to abide by standards of conduct and performance established by the faculty may result in removal from the program. Electronic documentation of 200 hours of diverse and approved field experiences is required prior to student teaching.

Student teaching requires a minimum 15-week clinical experience in school setting(s) related to the teaching certificate a teacher candidate is seeking. Teacher candidates work with a cooperating teacher and University supervisor participating in the work of teaching. Evaluation is based on Kentucky Teacher Performance Standards and Professional Code of Ethics.

## Speed School of Engineering

**Independent Study Courses**
Engineering students should have at least 30-semester hours and a University GPA of 3.0 as well as a 2.5 GPA in their Speed School courses before applying for an independent study. Students must obtain approval from the instructor, department chair, and Associate Dean for Academic Affairs.

**Cooperative Education**
The principal purpose of the J.B. Speed School of Engineering is to give the student a thorough, well-balanced training in engineering and applied science as preparation for entry into the profession of engineering. The Engineering Office of Co-op and Career Development assists each student in obtaining a suitable cooperative work assignment in their chosen industry or research field, at locations throughout the US and occasionally abroad. During each co-op assignment, students work full-time and receive a salary from their employer

**Engineering Cooperative Education**
In order to qualify for the Bachelor of Science degree, students must successfully complete three engineering co-ops.

**Eligibility for Co-op**
Co-op eligibility is dependent upon the student's admission to an academic department, being in good academic standing within Speed School, and upon completion of pre- and co-requisites for the Co-op Seminar (288) and co-op rotations (289, 389, 489). Students must be

enrolled in the Co-op Seminar (288) in a semester preceding their first cooperative work assignment. In addition, transfer students must have completed at least one semester of full-time coursework in Speed School including the Co-op Seminar (288) before their first co-op.

A student may lose their eligibility for co-op for any of the following reasons:

- Academic Warning or Probation,
- Disciplinary Probation,
- Employer Termination,
- Unauthorized Change of Co-op Employer,
- Actions that reflect negatively on the J.B. Speed School of Engineering,
- Unprofessional conduct (not attending scheduled interviews, not responding to Co-op office enquiries, etc.), or
- Unsatisfactory Co-op Employer Performance Review.

If a student loses their Co-op eligibility, they must submit a petition to re-enter Co-op.

**Student Responsibilities**
Students will alternate Co-ops with semesters of full-time class work.

Students are required to register for the Co-op prior to the beginning of each work term.

Students are expected to work the dates of Co-op designated by the Engineering Office of Co-op and Career Development Office.

Unless specifically approved by the Co-op coordinator, all Co-op work terms will be conducted with the same employer and in alternating semesters.

Students are employees of the company or organization while they are on Co-op and are subject to employer rules and regulations. Students are expected to maintain the highest performance and behavioral standards while on Co-op.

If a student is terminated from cooperative employment or otherwise disciplined for any reason, it must be immediately reported by the student to the Co-op coordinator. A student who is terminated for any reason other than the employer's business conditions will receive an F grade in Co-op and, in addition, may be subject to academic sanctions as well as disciplinary action in accordance with the Code of Student Conduct.

The university is not liable for any accident or injury involving a Co-op student. However, it is the responsibility of the student to see that any serious accident or injury is reported, at the earliest opportunity, to the Co-op coordinator. Students are required to sign and abide by the policies and procedures set forth in the Cooperative Education Student Agreement provided in the Co-op seminar.

**Salary**
In general, students are classified as temporary full-time employees and are paid on an hourly basis while on Co-op. Pay rates vary according to employer and location.

**Length of Employment**
In order to be eligible to receive the Bachelor of Science degree, all candidates must have completed three cooperative semesters.

**Course Enrollment During Co-op**
In general, academic coursework is not allowed during the Co-op work period. In some instances, with approval, a student may enroll for academic coursework not exceeding four semester hours during any Co-op period. Approval will be given only for academic coursework that is taken outside normal working hours (8:00 – 5:00) and which does not interfere with the co-op work assignment. Permission to take a course must be obtained prior to the beginning of the co-op period. Request forms are available from the Engineering Office of Student Success.

**Evaluation and Academic Credit**
Co-op students are graded on a pass/fail basis and earn one semester hour of credit for each completed co-op, for a total of three semester hours. At the conclusion of a co-op semester, each student is evaluated by the appropriate employer representative. The report will be reviewed and approved by the co-op coordinator and faculty in the student's major department.

**Advanced Standing Credit**
Advanced Standing credit for co-op may be awarded upon approval of the department chair, the Director of Co-op and Career Development and the Associate Dean for Academic Affairs. Students who performed full-time work of a technical nature before entering Speed School and students who have had military experience are eligible. A letter is required from the employer verifying the dates and the nature of the employment. In the case of military experience, veterans may submit a copy of their separation form in lieu of the employer's letter. Students who participate in ROTC or military summer camp may receive credit for one co-op (1 hour).

Forms for advanced standing credit are available from the Engineering Office of Co-op and Career Development. Part-time work or work performed subsequent to entering Speed School will not qualify for advanced standing credit. If the work, however, was comparable to a co-op assignment and was performed during a semester in which the student was enrolled for no more than four semester hours, then the student may be eligible, upon approval, for back registration. The student must pay tuition for the one credit hour of coursework, as well as the co-op course fee, and will be expected to fulfill normal course requirements for co-op, including submission of a co-op report and employer evaluation.

**Employment Opportunities**
Securing a co-op position is affected by general economic conditions and particular employer specifications. Therefore, the University cannot guarantee employment. However, every effort will be made to assist students in finding cooperative assignments appropriate to their specialization and personal preference. Students who obtain their own co-op employment must have the approval of the cooperative education coordinator and are subject to the policies and procedures stated herein and the Cooperative Education Student Agreement.

**Waiver Policy**
When a student experiences extreme difficulty in obtaining a suitable co-op position, that student may seek an administrative waiver from the department chair and the Director of Career Development. Waiver recipients are required to complete a minimum of three semester hours of additional courses for each cooperative period waived. The three semester hours must be in addition to courses required for the baccalaureate degree and must be approved by the department chair.

**International Students Exemption**
A student who holds a student visa is exempt from the mandatory cooperative education requirement. Student visa holders are required

to complete a minimum of three semester hours of additional courses for each co-op. The three semester hours must be in addition to courses required for the baccalaureate degree and must be approved by the department chair.

**Graduate Career Employment**
Graduating students and alumni should register with the Engineering Co-op and Career Development Office for job search assistance. On-campus interviews, individual counseling, and group information sessions are conducted throughout the year.

# External Examinations

## Advanced Placement Examinations of the College Board

In accordance with Kentucky Senate Bill 74, the University of Louisville awards credit for scores of 3 or higher on all Advanced Placement Examinations of the College Board. A higher score may be required to receive credit for specific courses within certain disciplines. Elective credit will be awarded for Advanced Placement Examinations not listed or for scores of 3 when a higher score is required for specific course credit. Scores should be submitted to the Office of Admissions as soon as they are available.

Advanced placement scores and course equivalencies are available from the Office of Admissions.

For more information go to: louisville.edu/admissions/apply/test-credit/ap-credit (http://louisville.edu/admissions/apply/test-credit/ap-credit/)

## College-Level Examination Program of the College Board

UofL awards credit on the basis of the College Level Examination Program (CLEP) administered by the College Board. CLEP examinations may be taken at any national test center, including the University of Louisville Testing Service. Prior arrangements with the testing center must be made, and there is a fee for the general examination and for each subject examination. A CLEP Bulletin of Information for candidates may be obtained from most testing centers, or visiting their website: https://clep.collegeboard.org/

Scores obtained should be sent to the Office of Admissions.

Areas of study, the amount of credit allowed, and minimum scores are determined by the Office of Admissions and the academic programs. Credit earned through CLEP does not count as credit earned in residence at the University of Louisville. For more information go to louisville.edu/admissions/apply/test-credit/clep-credit (http://louisville.edu/admissions/apply/test-credit/clep-credit/)

## International Baccalaureate

The university awards academic credit to entering freshmen who have completed the International Baccalaureate (IB) Program. Credit will be awarded for most IB Higher or Standard Level exams completed with a 5 or higher.

Scores and course equivalencies are available from the Office of Admissions.

For more information go to louisville.edu/admissions/apply/test-credit/ib-credit (http://louisville.edu/admissions/apply/test-credit/ib-credit/)

## Foreign Language Advanced Standing

Students who wish to continue the study of a foreign language begun in high school must take placement examinations in order to be placed at the appropriate level. To receive university credit for language study completed at the high school level, the placement examination is required before attempting university language study.

The placement exam is administered online and can be completed at modernlanguages.louisville.edu/spanishfrenchexam.php (http://modernlanguages.louisville.edu/spanishfrenchexam.php).

The placement tests may not be used to earn credit if the student already has received college- or university-level credit in that language elsewhere or has enrolled in a course in that language at this university.

When a student places into a course numbered higher than 121, credit toward graduation will be awarded for those elementary or intermediate courses by-passed only if the student completes successfully the language class into which s/he is placed.

A student placing in the 300 level will receive 12 hours of P/Pass credit for courses numbered 121, 122, 123, or 221 (depending on the language) upon successful completion of a 300-level class in the language[1]. Any credit earned by placement testing will be posted on the student's record only after completion of a regular semester of full-time study (or 12 semester hours) at the University of Louisville. Students should not enroll for credit in a course they have successfully bypassed through examination.

A student who has earned college credit for work done in high school may choose whether to use that credit -or- the credit earned through the placement examination program described above. These regulations also apply to Metroversity students.

For foreign students whose previous academic work has been in a language other than English, the foreign language requirement for graduation will be waived automatically. No credit will be granted for 100- or 200-level language courses to any student for whom that course is his/her native language. Students may obtain credit for courses in linguistics, culture or literature numbered 300 or above in their native language by extramural examination or by taking the courses.

For information about placement examinations in American Sign Language, contact:

American Sign Language and Interpreting Studies (https://louisville.edu/languages/american-sign-language/)
300 Robbins Hall
Louisville, KY 40292
(502) 852-4607

[1] Eighteen hours of credit by placement are available in Spanish for students who test into SPAN courses 321, 322, or 355.

# Auditing Courses

Audited courses do not earn credit, although the transcript will indicate that the course was taken as an audit. Because audit status is offered only on a space-available basis, students may not register for a class in an audit status during early registration, nor may a student change from graded to audit status during that period.

Students may register for classes in audit status during regular registration and then only with the written approval of the instructor of the course. Not all instructors allow auditors. Work expectations of auditors can vary across courses and instructors, and the specific work expectations that will warrant the audit designation on the transcript should be confirmed with the instructor facilitating the course. Auditors who do not fulfill the work expectations may be withdrawn from the course with a grade of W noted on the transcript.

Students who have registered in audit status will not receive credit for the course unless their registration has been changed officially from audit to credit by the published deadline for such a change. Students are allowed to change from audit to grade status or from grade status to audit status at any time from the beginning of regular registration through the last day to add a class with approval from the course instructor. Students are advised that such approval is the instructor's prerogative, subject to completion of course prerequisites, and that audit status may have implications for financial aid eligibility.

Any change of status must be submitted on a Drop/Add and Grade Type Change Form and turned in to the Registrar's Office by the deadline. Students admitted to the unit as Auditors are not eligible to take courses for credit and may not change their class registration from audit to credit.

Students are cautioned that auditing a class cannot substitute for taking the course for credit if that course is part of the credit hour requirement for graduation, including both college-wide and major requirements. Any required course taken as audit must be retaken for credit in order to be counted toward a degree. Students are advised to consult with their academic advisor to determine if registration in audit status is appropriate. Students may enroll for credit in any course which was taken for audit, in a semester subsequent to the semester when the course was audited, provided those students have been admitted to the unit on a basis that confers eligibility to take courses for credit. If students take a course for both audit and credit, the transcript will show both entries.

# Course Load

## University Policies: Course Load

All baccalaureate degree programs require at least 120 credit hours, but more may be required in some programs. A typical schedule in the fall and spring semesters is 15 semester hours, but may vary by semester and program from 12 to 18 hours. Some programs also have planned summer loads.

Students may need to prove full-time/half-time status in order to be eligible for dependent insurance and to defer repayment of some loans, among other reasons. Definitions of full-time/half-time are defined according to federal government regulations for financial aid recipients. Students will be certified as full-time if registered for 12 or more hours in any semester, including summer. Cooperative internships also qualify for full-time status in some units. For half-time status, students must be registered for a minimum of 6 hours during any semester, including summer.

Students in good standing typically may take no more than 18 hours in the fall and spring semesters. Under special circumstances, students who have completed a minimum of 30 hours at UofL and who have a cumulative grade point average of at least 3.0 may request permission through their advising center to take an overload. For the summer semester students are limited to 4 hours in the three-week summer session and 7 hours during each of the five-week summer sessions. For the winter session, students are limited to 4 hours. Typically, there are no overloads for summer and winter, though overload approvals may vary by unit. Permissions are handled by procedures determined by the Dean's office in each unit, and some units may accept petitions for course overloads above those listed above.

Students on academic warning or probation and students admitted in conditional status are limited to 14 hours during the fall and spring semesters and to a total of 10 semester hours during the summer sessions.

## Unit-Specific Policies

In addition to the university-wide policies regarding Course Load, students may be subject to the unit-specific requirements listed below. If there are no unit-specific policies below, students from those units will be governed by the university-wide policies.

### College of Arts and Sciences

Students with less than 30 hours at UofL and a cumulative grade point average of at least 3.5 may petition to take more than 18 hours. Students

with a 3.0 grade point average at the University of Louisville may petition to take up to nine hours in a five-week session, but are still limited to a maximum of 18 hours in the summer semester.

## College of Business

Full-time status in the COB can also be met by being registered for 3 credit hours of approved COB Co-op in a given semester. Co-op credit hours count toward the total hours taken. All COB students considering COB Co-op should evaluate course loads in terms of individual needs and plan accordingly with the assistance of an academic advisor. Other academic course load during a Co-op semester should be severely limited. Students should check with their financial aid lending institution when considering the impact of COB Co-op on financial planning for semesters involving co-op work.

Students on academic warning and probation are also restricted to no more than one course per summer or winter term.

**The following policies apply only to the Bachelor of Business Administration (BBA/BBAO) program students:**
Provided students meet the current enrollment requirements, they are limited to a maximum of 15 credit hours per semester. Students in the BBA/BBAO program desiring to take more than 15 credit hours but up to a maximum of 18 credit hours must have earned a minimum cumulative GPA of 2.7 and completed a minimum of 15 credit hours at UofL. Students wishing to enroll in more than 18 credit hours must have completed a minimum of 30 credit hours at UofL, earned a minimum cumulative GPA of 3.0, and must file a petition with the BBA Program Director for approval.

*Note: The College of Business reserves the right to administratively withdraw students from courses based on academic policies.*

## College of Education & Human Development

The maximum load for the summer semester is 15 semester hours.

## Kent School of Social Work and Family Science

Students are limited to 3 semester hours in the three-week summer session, 6 semester hours during each of the five-week summer sessions, and 12 semester hours during the Kent School summer session. The total number of semester hours during the summer session is limited to 12. Similarly, students are limited to 3 semester hours in winter term.

Students on academic warning and probation and students admitted on limited load are limited to 14 hours during the fall and spring semesters, a total of 10 semester hours during the summer session and 3 semester hours in winter term.

## School of Music

Overload students in the School of Music may not exceed 20 credit hours per fall or spring semester. A petition will be required for each semester of overload request.

School of Music students on probation are limited to a maximum of 14 credit hours per semester and students admitted in conditional status to a maximum of 14 credit hours. No overloads will be approved while a student remains in such status.

## School of Public Health and Information Sciences

Students with a UofL and a cumulative grade point average of at least 3.0 may petition to take more than 18 hours during a given semester.

## Speed School of Engineering

Students may take a maximum of 18 credit hours each fall and spring semester and 13 credit hours in the summer term. In special circumstances during fall and spring semesters, students may register for 19 credit hours with permission from the Associate Dean for Academic and Student Affairs.

Students on either academic warning or academic probation status are limited to no more than 13 credit hours during fall and spring semesters and 7 credit hours during the summer term.

# Instructional Delivery

## Standard Course Delivery Modalities

The university offers the following course modalities:

**In-Person Courses:** Instruction whereby both students and faculty are expected to meet in person in an assigned room at assigned times as found in the schedule of classes; final exams are also regulated by the published schedule. In-person courses may be offered on campus or at a SACSCOC-approved off-campus instructional site. Field experience, practicum, internship, or co-op courses may require meeting at local placement sites.

**Online Courses:** Online courses are conducted via the internet and provide educational access by separating learners and instructors by distance and/or time. Online courses will have no required in-person, on-campus activities including no required in-person exam proctoring. Students who *request* in-person proctoring at a location convenient to the student may be approved by the instructor. A university-licensed and supported learning management system (LMS, e.g., Blackboard) is provided and required for the offering of the university's online courses. Participating faculty must ensure that instructional time is accounted for, meets the SACSCOC minimum contact hour requirements and complies with the U.S. federal regulation on regular and substantive interaction.

- **Online, Asynchronous:** 100% online instruction where no synchronous activities, including assessments, may be required. Instructors and students are expected to engage in learning activities via the approved university system for delivering online education (Blackboard).
- **Online, Synchronous:** 100% online with *any* required synchronous class meetings, including assessment, in addition to any asynchronous expectations. All required synchronous meetings must be published in the schedule of classes before registration. Final exams are regulated by the published schedule.

**Blended Learning Courses:** Blended learning courses combine the affordances of instructional components from in-person classroom

experiences and online experiences. The meeting pattern of required synchronous sessions (in-person and/or online) must be consistent across the semester and must be published in the schedule of classes. The in-person class meeting reduction is off-set by designed online learning experiences that support learning objectives and take approximately the same amount of time as the reduced class meetings. These online learning experiences may be:

- completely asynchronous (i.e., no "same time" class meetings),
- completely synchronous (i.e., requiring "same time" class meetings via the internet), or
- primarily asynchronous with some synchronous options or requirements.

## Standard Program Delivery Modalities

University of Louisville strives to provide flexibility in course and program delivery wherever possible. In any given term, many programs offer some classes that are available in an in-person, online, or blended modality.

Students who are seeking a specific modality for courses in a program should review the schedule of classes carefully. Programs that can be completed entirely online will be identified on the Overview tab of the academic program's catalog page. However, unless the program's overview in the catalog indicates that it can be completed entirely online, UofL programs reserve the right to offer some courses in a single modality (i.e., only online, only blended, or only in-person). Unless specifically stated on the Overview tab of an academic program's catalog page that a program may be completed entirely through a single modality, students should expect their program to be completed through courses offered in various modalities.

# Pass/No Credit

Undergraduate students in good academic standing may enroll in one undergraduate course each term on a pass/no credit basis, provided that the course is not used to meet a credential (degree, minor, certificate) programmatic requirement, a general education requirement, a foreign language requirement, or a prerequisite requirement for admission to a degree program. Student elections to pass/no credit grade types will not be visible to instructors who will report a letter grade on the final grade rosters. Students are strongly encouraged to talk with their advisors to make sure the class they want to take pass/no credit is not needed to meet any degree requirements.

Courses taken Pass/No Credit are not included in the student's GPA calculation. Credit hours will be given if a Pass (P) grade is recorded. No letter-grade equivalent for a P grade will be assigned or reported. No changes from letter grade to pass/no credit, or vice versa, may be made after the university deadline to withdraw from a course.

This policy will not apply to courses taught only on a pass-fail basis, such as some internship and field experience courses.

# Registration

Students may register for courses during the priority early registration period before the beginning of the semester. A student's first opportunity is based on classification and alphabetic rotation. The early registration period is then followed by regular and late registration. The registration calendar for any term is published online by the office of the registrar. Initial registration and any later registration changes are usually completed by students through the registration link of the ULink online portal (https://ulink.louisville.edu/).

Initial registration must be completed by the date announced by the registrar, typically the fifth day of classes. Students may make adjustments to their course schedule until the end of the first week for regularly scheduled fall and spring courses. For summer courses and courses with atypical duration, the last date to adjust schedules is specified by the registrar in the official registration calendar. This last day to adjust schedules is referred to as the last day to drop/add.

Students may *add* courses to their schedules until the last day to drop/add. No signature or other authorization is required if the added course is open for enrollment, if students meet all course prerequisites, and if such additional courses do not raise the students' credit#hours for the term above the maximum allowed by the students' enrollment unit or academic standing. If the addition increases the tuition cost for the semester, the additional payment must be settled with the university bursar by the last day to drop/add.

Students can place their names on the *waitlist* for a course that is closed. Students are automatically moved from the waitlist to registration in the course as spaces open until the end of the first week of classes. Students may add their names to the waitlist until the third day of classes for regularly scheduled fall and spring courses, and the first day of classes for summer courses.

Students may *drop* a course from their schedule until the last day of drop/add. Courses that are dropped during the regular registration period are not listed on the transcript. Students should consider how dropping a course will affect their progress toward their degree and their financial aid eligibility. Students who stop attending a class but fail to complete the drop process, regardless of the date when they stopped attending the course, will be given the grade of F for the course.

Students who wish to enroll in concurrent courses at another institution should consult their academic advisor before registration to ensure proper enrollment and recording of courses. Students in good standing who have earned a minimum of twelve hours may be able to cross-register at other universities in the Kentuckiana Metroversity consortium. Cross registration is permitted on a space-available basis at the discretion of the member institutions. The combined program of work in all institutions may not exceed the maximum course load permitted for students at the University of Louisville. Failure to follow these guidelines may result in loss of credit or in ineligibility to transfer the credits from the other schools toward the requirements for graduation.

# Repeating Courses

Students are allowed to repeat a course only once, with the most recent grade counting for grade point average calculation and towards degree requirements. Students are advised to weigh carefully the tradeoff between 1) possibly improving their academic standing by repeating a course and earning a higher grade, and 2) the investment of time and money in repeating courses.

Students may petition to repeat a course more than once through a process determined by each academic unit.

This policy only applies when the repeated course is the same course at as the original and is taken again at UofL (this excludes courses taken through the Metroversity program). If a student repeats an equivalent course at another institution, the UofL program requirement can be satisfied with an appropriate transfer grade, but the transfer grade will not be included in the GPA calculation and the original UofL grade will not be removed from the GPA calculation.

Although all grades are displayed on the official transcript, repeated courses cannot receive double credit in hours required for the degree and count only once toward graduation.

Students may only receive federal and state financial aid funds one time for retaking previously passed coursework. Students should speak with a financial aid advisor about the impact on financial aid before making the decision to repeat a course that was previously passed.

# Undergraduate and Graduate Courses

## Course Numbering

University of Louisville undergraduate students typically take courses at the 100 through 400 level. Courses numbered below the 100 level are not used in calculations of earned hours or the university grade point average. Courses numbered at the 100 and 200 level are primarily for freshmen and sophomores, and such courses generally contain introductory or basic material. Courses numbered at the 300 and 400 level are primarily for juniors and seniors, and such courses generally contain advanced undergraduate material.

Courses at the 500-level may be open to both advanced undergraduate and graduate students. Courses numbered at the 600-level and above are for graduate students only. Undergraduate students requesting to enroll in a 500-level course for graduate credit or in a 600-level course may do so **only with special permission of the instructor in the course and the dean of the student's enrollment unit, be registered for at least one undergraduate course, have earned at least 60 credit hours of coursework at the undergraduate level, and have a cumulative GPA of at least 3.0**. A maximum of nine (9) credit hours of graduate coursework may be applied to the undergraduate degree. Such graduate level courses will satisfy requirements toward the undergraduate degree and therefore cannot be used for subsequent graduate credit.

In rare cases, undergraduate students at the University of Louisville who are within six (6) semester hours of completing the baccalaureate requirements and who are enrolled in a graduate course may obtain graduate credit at the University of Louisville. This can only occur if the course has not been used to satisfy part of the baccalaureate requirements, and if the chair of the department involved and the unit dean approve.

**Accelerated Bachelor's/Master's Option**

Undergraduate students will follow the departmental process to apply for admission to the accelerated program before beginning their final 30 credits of **the bachelor's program**. Only exceptional students who meet all admissions requirements will be eligible for admission to accelerated programs; those who are admitted will be allowed to enroll in graduate coursework in their final 30 hours of the undergraduate program. Students who meet the program guidelines for successful completion of the graduate coursework as an undergraduate may then apply for admission to the master's program.

Students applying for admission to a 30-hour to 35-hour master's program may take a maximum of nine (9) credit hours as an

undergraduate which will count toward both the bachelor's and the master's degree; those applying to a 36-hour or more master's program may take a maximum of twelve (12) credit hours that will count toward both the bachelor's and the master's degrees (the guiding principle is that no more than one-third of a student's coursework may be double-counted for two different degrees at different levels).

Graduate credits taken while in a bachelor's program must be transferred to the student's graduate record after the student has completed one semester as a graduate student.

See specific programs for further requirements for applying to an accelerated program.

### Prerequisites

Students must have completed the proper prerequisites to register for any course. It is the student's responsibility to know the prerequisites for a course by checking the course description section of the online university undergraduate catalog. While some of these courses are open to all students enrolled in the University of Louisville, many are restricted to students in certain programs.

### Administrative Withdrawal and Course Cancellations

The dean's office in each unit reserves the right to administratively withdraw students from courses based on academic policies.

The units also reserve the right to cancel without prior notice any courses listed in the Schedule of Classes, and to cancel any course that does not have an adequate enrollment at a reasonable time during the registration period for the semester. The university attempts to provide all courses required for graduation frequently enough to ensure that no student's degree will be delayed by course unavailability, but the university cannot guarantee that such delay will not occur.

## Withdrawals

Students may *withdraw* from courses after the drop/add period up until the withdrawal deadline. A grade of W (withdrawal) will be posted to students' transcripts. The hours count as attempted hours but do not count as earned hours, and the grade will have no effect on the students' grade point averages. Students withdraw by using the registration link of the ULink online portal. No signature or other authorization is required if the change is made by the withdrawal deadline, but students should consult with academic and/or financial aid advisors to understand how withdrawing from a course will affect their academic plan status, their progress toward their degree, and their financial aid eligibility.

The withdrawal deadline for each semester is specified in the official registration calendar. The deadline typically occurs shortly after mid-term.

Students who stop attending class without withdrawing will be given the grade of F for the course.

Students who make a *complete withdrawal* from all courses for a particular semester should contact their academic advisor to seek alternative solutions and/or to improve the possibility of returning to the university at a later date. A complete withdrawal must be processed in accordance with the procedures established by the academic unit.

In exceptional circumstances, students may petition for a *late withdrawal* after the withdrawal deadline. Students who intend to continue in other courses during the semester must petition the course *instructional unit* (the academic unit in which the course is taught). Students who intend to withdraw from all courses for which they are registered (*late complete withdrawal*) must petition their *enrollment unit* (the academic unit in which they are enrolled for their degree work). Proper documentation of the exceptional circumstances must accompany the petition for a late complete withdrawal. The enrollment unit shall request and consider all instructors' recommendations in deciding on the petition for a late complete withdrawal. Students should contact the advising office in the appropriate unit for guidance in the petition process.

### Compassionate Withdrawal

Students may request and be considered for a *compassionate withdrawal* when extraordinary circumstances prevent students from continuing in classes or completing academic requirements. If students are gravely incapacitated, the request may come from the student's spouse, family or legal surrogate. The office of the dean of students will gather necessary documentation to show that the situation is incapacitating. Such situations cover both physical and mental health issues, serious illness or injury, and extraordinary personal reasons. The office of the dean of students will review and evaluate the compassionate withdrawal request and take follow#up action to refer the case to the appropriate officer (e.g., unit dean) for review and decision.

The Office of the Dean of Students will coordinate the process with the unit dean's designee. An academic withdrawal does not remove a student's financial responsibility for his/her educational expenses. Students are responsible for payment of any outstanding charges including, but not limited to tuition, fees, parking, housing and other expenses, after the academic withdrawal is granted. The Office of the Dean of Students will assist with the identification and completion of all necessary business processes.

### Withdrawal Effective Date

The effective withdrawal date is the date on which the withdrawal is processed in the student records system. This date is used in calculating any applicable tuition reduction. When students officially withdraw from any course or courses for which hourly rates apply, tuition will be adjusted at the following ratios for regularly scheduled fall and spring classes:

| Tuition Charge/Credit | Withdrawal Date | Fees Refunded |
|---|---|---|
| 0% charge/100% credit | Drop during first week of semester | 100% fees |
| 50% charge/50% credit | Withdrawal during second or third week of semester | 0% fees |
| 75% charge/25% credit | Withdrawal during fourth week of semester | 0% fees |

| | | |
|---|---|---|
| 100% charge/0% credit | Withdrawal after fourth week of the semester | 0% fees |

Summer courses and some fall and spring semester courses vary in length and the percentage of refunds is modified. Refund deadlines for special terms and courses are listed in the online Registration Information (https://louisville.edu/registrar/registration/).

Course fees (as opposed to tuition) are refundable only with 100% credit.

# Student Success Policies

Information on policies related to student success at the University of Louisville can be found on this page or by clicking on the following links to topic-specific pages:

- Academic Forgiveness (p. 76)
- Academic Fresh Start (p. 76)
- Academic Standing (p. 77)
- Class Attendance and Excused Absence (p. 81)
- Dean's List and Scholars (p. 83)
- Final Examinations (p. 83)
- Grading (p. 83)
- Incompletes (p. 84)

***These policies are effective for Academic Year 2025-2026 (starting with the Summer 2025 semester).*** Students enrolled in a term before this effective semester should consult with an advisor in their enrollment unit (http://louisville.edu/advising/centers/) if they feel that they are disadvantaged by any change from previous policies.

Previous catalogs are available via the archive page of this catalog (https://catalog.louisville.edu/undergraduate/archive/).

## Academic Forgiveness

Academic Forgiveness allows currently enrolled students or students who are eligible to re-enroll without seeking readmission to request the adjustment of their records for one or more continuous entire semesters of previous college work. If the appropriate committee within the students' enrollment unit or the unit in which they seek to re-enroll finds there are extenuating circumstances that warrant such action, the committee may rule the students eligible for academic forgiveness. The committee will approve petitions only if future academic success seems plausible, with the expectation that such forgiveness should typically have a positive effect on persistence toward eventual graduation.

Forgiveness will only be applied to the record after the successful completion of at least 12 hours after the last term for which forgiveness is to be requested. The 12 hours should be in degree applicable courses with the necessary semester grade point average designated by their enrollment unit. After these 12 hours have been attempted, students may petition the appropriate committee for academic forgiveness, designating the semester or consecutive sequence of semesters to which the forgiveness process is to apply. If approved, all course grades and credit hours for the forgiven semesters will be voided. Students may not be granted academic forgiveness more than once.

The voided grades and credit hours will not be considered for degree requirements or quality-point computations, but will remain on the students' transcript. Academic actions, such as probation or dismissal, recorded at the end of the voided terms, will also remain. While forgiven course grades are removed from the calculation, the course work does remain a part of the students' permanent record and the forgiven work may be considered for financial aid, NCAA purposes, and may be evaluated if applying for honors or graduate study.

Academic forgiveness is an internal policy. The University of Louisville cannot guarantee how the work will be viewed by another university should students choose to transfer. Students considering this option are strongly encouraged to consult with their academic advisor for guidance.

## Academic Fresh Start

Students who are re-admitted to the university after an absence of two or more years may request a Fresh Start. Students must take at least 30 hours of course work at the University after re#admission and before graduation for Fresh Start to be applicable. Students are eligible for only one Fresh Start. Students who have earned a baccalaureate degree from the University are not eligible for Fresh Start.

If the Fresh Start is approved by the university, students resume an academic program with no cumulative grade point average from the prior enrollment. All courses taken remain on the permanent record. Courses with passing grades are counted for credit and may be used to satisfy program requirements.

Students may be required to retake courses from academic terms covered by Fresh Start if the content-currency or major-GPA rules of a degree program, department or unit so dictate. Students will be notified at the time of application for the Fresh Start of any additional requirements to be fulfilled in remedying these conditions.

Although Fresh Start affects cumulative grade point average, it has no impact on earned and attempted hours. All courses taken at the university will still be used for financial aid. Financial aid recipients will still have to adhere to the Satisfactory Academic Progress (SAP) policy administered by the Student Financial Aid Office. Students who are granted a Fresh Start are not automatically cleared of any SAP issues. If interested in submitting a SAP appeal, students should contact the Student Financial Aid Office.

Courses taken under the repeat-to-replace option during the period covered by a Fresh Start will be subject to the university repeat policy. Financial aid for repeat courses is calculated according to federal regulations.

For the purposes of scholastic action and advising, students are initially assigned to the same academic standing as when they last attended the university. Thereafter, students are subject to the conditions of probation,

suspension and dismissal that govern all students. GPA calculations for graduation honors follow the rules established by the students' enrollment unit.

While the UGPA calculation restarts after Fresh Start is applied, all previous course work remains a part of the students' permanent record and may be considered for financial aid, or NCAA purposes, and may be evaluated if applying for honors or graduate study.

Fresh Start is an internal policy. The University of Louisville cannot guarantee how the work will be viewed by another university should students choose to transfer. Students considering this option are strongly encouraged to consult with their academic advisor for guidance.

## Academic Standing

Decisions involving academic warning, probation, suspension, dismissal and readmission are made by each academic unit. These decisions are based on the university's undergraduate grade point average (UGPA) and the program grade point average (PGPA). The unit notifies students after the end of each semester if their status changes. Notifications of such academic actions are officially made through the student's university email account.

Undergraduate students are in good standing when they have a cumulative UGPA of at least 2.00 and a cumulative PGPA greater than the program requirement. Each unit determines their own program requirements.

After the first 12 degree-applicable semester hours at the University, students who have either a cumulative UGPA below 2.00, or a cumulative PGPA below the program requirement, will be placed on academic warning. Such students will be notified and strongly encouraged to seek assistance from their advising center.

In any semester subsequent to an academic warning, students whose cumulative UGPA falls below 2.00, or cumulative PGPA falls below the program requirement, will be placed on academic probation for the next semester of enrollment. Academic probation is considered a serious warning that students are making unsatisfactory progress toward completion of the academic requirements for a particular degree program. Students on academic probation may be ineligible to hold office in campus organizations, to go out on co-op, internship, or clinical assignments, or to represent the school or the University in any official capacity.

Students on academic probation shall be removed from that standing at the end of the first subsequent semester in which they achieve a cumulative UGPA of at least 2.00 and a cumulative PGPA greater than the program requirement. Such students will return to good standing. Students on academic probation shall be placed on academic suspension at the end of the first subsequent semester in which their semester UGPA falls below 2.00, or semester PGPA falls below the program requirement.

Students on academic suspension are not permitted to enroll for at least one program semester. During this period, individuals should seriously reexamine their previous accomplishments in terms of their chosen career objectives. After one semester, students who believe that a reasonable opportunity for future successful performance exists may petition the unit's committee for re-admittance. The petition must be received no later than July 1 for readmission for the fall semester, November 1 for the spring semester, and May 1 for the summer terms.

Students who are granted reinstatement will be readmitted on academic probation. Readmission of suspended students is not guaranteed.

Students will not be reinstated more than twice; the third suspension is an academic dismissal. Students academically dismissed can only return through special permission from the enrollment unit. Students who are suspended or dismissed are eligible to apply for admission to another unit and may be admitted if they meet minimum unit admission standards. Students admitted to another unit may not enroll in any courses in the unit from which they were dismissed, with the exception of courses needed to complete general education or other degree requirements offered only by the unit from which they were dismissed.

## Class Attendance and Excused Absence

Students shall not be penalized for an excused absence.

The academy requires student participation in the learning process, measurement of student progress, and the fulfillment of basic course requirements. Faculty members will provide students in their classes with clear syllabi, including attendance requirements and dates for required assessments, activities or field experiences. Except where prior notification is required (major religious holidays and University sponsored trips), students missing any graded work due to an excused absence bear the responsibility of informing the instructor about their excused absence within one week following the period of the excused absence, and of making up the missed work. The instructor shall give the student an opportunity to make up the work and/or exams missed due to an excused absence, and shall do so, if feasible, during the semester in which the absence occurred.

The instructor shall provide the student with an opportunity to make up the graded work (e.g., quiz, exam, homework, etc.). The make up work may take a form other than the work accomplished during the missed time period but must provide equal opportunity to demonstrate mastery of course content and be counted equally in final grade calculations.

- Students, as required by the course syllabus, should submit documentation from an official entity (e.g. health care provider) to their course instructors to excuse their absence(s).
- If the reason for the absence involves a religious observance or a University sponsored trip, the student must inform the instructor prior to the trip when possible.
- Students missing any graded work due to an excused absence bear the responsibility of informing their Instructor about their excused absence as soon as possible, and must do so within one week following the period of the excused absence.
- Students are responsible for material covered or work assigned in any class for which they have been provided an excused absence.
- Some experiential learning that involves third party sites or partners (ex: clinical experiences) may not be feasible to make up during the same semester. In these cases, a student should be awarded an Incomplete (I) grade and allowed to complete the required experiential component during the following semester.

**Excused Absences Requiring Prior Notification**

University Sponsored Activities

For students acting as official representatives of the university or participating in university- sanctioned events or activities. These include but are not limited to student government congresses, intercollegiate

athletic and debate contests, music competitions, academic meetings, and conferences. The deans, the student government association, or faculty sponsors of recognized student organizations may petition the provost to designate other specific events as university sanctioned. When feasible, the student must notify the Instructor of Record prior to the occurrence of such absences, but in no case shall such notification occur more than one week after the absence. Instructors of Record may request formal notification from appropriate university personnel to document the student's participation in such activities.

Major Religious Holidays

Students who observe work-restricted religious holy days must be allowed to do so without jeopardizing their academic standing in any course. Faculty are obliged to accommodate students' request(s) for adjustments in course work on the grounds of religious observance, provided that the student(s) make such request(s) in writing at least two (2) weeks prior to anticipated absence. See the University Policy on Work-Restricted Religious Holy Days. (https://louisville.edu/calendars/work-restricted-religious-holy-days/) A calendar of work-restricted religious holy days is published each year by the Office of Institutional Equity.

**Excused Absences with Post-absence Notification**

Illness

Illness of the student or serious illness of a member of the student's household (permanent or campus) or immediate family shall be considered an excused absence. The Instructor of Record shall have the right to request appropriate verification if so noted in the syllabus. The term "illness" includes mental as well as physical illness. The standard of verification for illness that an instructor requires shall be equally stringent for physical and mental illness. For example, if a note from University Health Services that the student sought care from a health provider is considered to be acceptable verification, then a note from the Counseling Center that student has sought care shall likewise be considered to be acceptable verification.

Death in Family

The death of a member of the student's household (permanent or campus) or immediate family. The Instructor of Record shall have the right to request appropriate verification if so noted in the syllabus. For the purpose of this rule, immediate family is defined as spouse or child or parent (guardian) or sibling (all of the previous include steps, halves and in-laws of the same relationship); and grandchild or grandparent.

**Excused Absences for Other Long-term Commitments:**

Pregnancy, Childbirth, or Related Conditions

The benefits and services provided to students affected by pregnancy shall be no less than those provided to UofL students with temporary medical conditions. Pregnancy in and of itself is not considered a disability; however, some conditions arising from pregnancy (e.g. hypertensive preeclampsia, gestational diabetes) may constitute disabilities that necessitate reasonable academic, and/or extracurricular accommodations. Students with pregnancy-related disabilities, like any other student with a disability, are entitled to academic adjustments or auxiliary aids and services in accordance with the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504), and may seek assistance from the Disability Resource Center (DRC) in that regard.

Students with new parenting responsibilities who wish to remain engaged in their coursework while adjusting their academic responsibilities may request reasonable academic modifications appropriate to their circumstances through an interactive process initiated by the student with the Dean of Students (DOS) office (SAC-W301, (502) 852-5787, advocate@louisville.edu).

See the Student Pregnancy Accommodation Policy (https://louisville.edu/policies/policy-and-procedure-library/policies-and-procedures/index_policies/) in the UofL Policy and Procedures Database.

Military Duties

Military Duties are an acceptable cause for an excused absence.

*Short absences (less than 30 days)*

Military students (including those in the Reserves or the National Guard) may have required military activities which cause the student to be absent from class for a short period of time (typically 2-3 weeks once a year).

- Once a student is aware of a call to duty, the student shall provide a copy of the military

  orders to the Center Military Connected Students (CFMCS) at milconstu@louisville.edu. (milconstu@louisville.edu) The student shall also provide the CFMCS with a list of their courses and instructors.
- On behalf of the student, the CFMCS will notify each instructor of record via Department Letterhead as to the known extent of the absence.
- The Instructor of Record shall not penalize the student's absence in any way and to the extent possible shall provide accommodations and timeframes so that the student can make up missed assignments, quizzes, and tests in a mutually agreed upon manner.

*Long Absences (30 days or more)*

In the case of a longer activation or deployment, the student should consult with their academic advisor and the Center Military Connected Students (CFMCS) for coordination with instructors to determine the best course of action based on the length of absence and percentage of the term completed. See the Military Program Integrity Policy in the UofL Policy and Procedures Database; specifically the sections on Withdraw Requirements, Readmission Requirements, and Termination of Readmission Eligibility.

Jury Duty or Subpoena for Court Appearances

The University respects the need for all citizens to serve on a jury when called to duty. If a student serves as a juror, class absences will be considered excused when the student provides advance notice to the instructor, the instructor acknowledges the request and the student provides written verification of jury selection and proof of service.

Any potential student juror may notify the court of conflicts or undue hardship and request an excuse from service. The individual student must make the decision as to whether jury service will present an undue hardship and then take the affirmative action to request to be excused from service, and may need to provide a written explanation to the court. If a student does not request to be excused and is selected to serve, the

student may miss a prolonged period of time resulting in the inability to complete the academic requirements of classes.

## Dean's List and Scholars

Students who complete twelve or more graded credits in one semester are eligible for the Dean's List and designation as a Dean's Scholar. The following distinctions are made:

Dean's List: UGPA 3.5 and above, with no grades of I, X, U, or C-minus or below

Dean's Scholar: UGPA = 4.0, with no grades of I, X, or U

Developmental courses (courses below 100 level) and grades of P are not prohibited in Dean's List or Dean's Scholar qualifications but cannot be used to meet the graded-credits minimum requirement. Any petitions arising from unusual circumstances (such as part-time status) should be filed with the students' advising center within two weeks of the beginning of the next term of enrollment.

## Final Examinations

For courses offered the full length of the term, comprehensive final examinations must be administered only on the date and time prescribed in the university final exam schedule. For courses offered less than the full length of the term (e.g. 5 week or 8 week Fall/Spring courses), comprehensive final exams may be given on the last day of class.

Comprehensive examinations may not be given on the last regular day of class or during the reading period. No mandatory activities or assessments of any kind may be scheduled during the reading period. Examinations which cover a limited portion of the coursework may be given during the last regular class period. Longer final cumulative assessment instruments may be assigned at any time but must be completed by the date and time prescribed in the university final exam schedule. Students must be notified of the type of examinations to be given in the course as well as each examination's percentage of the course grade. This information, along with scheduled dates and times, should be included in the course syllabus.

A student with more than two final examinations scheduled on any one date or for whom two examinations have been scheduled for the same time should speak with their instructors about possible alternate examination times. If no resolution can be found, the student should consult with their unit Dean who will ensure that the student's examination for the class with the lowest total enrollment is rescheduled. Students must request this rescheduling from the appropriate instructor in writing at least two weeks prior to the scheduled examination.

Comprehensive final exams in distance education (fully online) courses may be given at any time during the university final exam period. Online final exams in distance education courses should be conducted asynchronously.

### Grading

The university awards letter grades that are translated into quality points to determine a grade point average. The "+/-" ("plus/minus") grading system may be used by instructors to help students understand their performance more accurately. Under this system, quality points are assigned as follows:

| | | |
|---|---|---|
| A+ = 4.0 | A = 4.0 | A- = 3.7 |
| B+ = 3.3 | B = 3.0 | B- = 2.7 |
| C+ = 2.3 | C = 2.0 | C- = 1.7 |
| D+ = 1.3 | D = 1.0 | D- = 0.7 |

F = 0.0

The grade A+ is given for extraordinary work and appears on the transcript with the "plus" qualification, but it awards no additional quality points.

The grade F means not passing and earns neither semester hours toward graduation nor quality points; however, the number of semester hours attempted is computed into the point standing, so that an F has a negative effect on the point standing. All missing grades change to failing grades one year after the completion of the semester in which the course was taken.

Other letter grades, all of which do not enter into the point standing, include the following:

AU means Audit.

I means Incomplete Work.

P means Passing.

NC means No Credit.

S and U mean Satisfactory and Unsatisfactory.

W means Withdrew.

X means No Basis for Grade.

For a course taken on a pass-fail or pass/no credit basis a grade P is given for achievement equivalent to the standards for the grades A through D in the same course and earns the designated number of semester hours toward graduation. For courses using S and U, an S will earn semester hours, but those hours may not be counted toward the minimum number of hours required for graduation or a degree. The grade X is available only for graduate level courses for which the work is not yet finished due to the nature of the study.

The university's undergraduate grade point average (UGPA) is determined by dividing the total number of quality points earned by the total number of semester hours attempted with earned grades. The UGPA takes into account all undergraduate course work taken at the university, except that courses numbered below the 100 level will not be used in the earned hours or UGPA calculations. Grades and quality points earned at other institutions are also not incorporated into the UGPA.

A program GPA is calculated by including only those courses used to satisfy degree requirements. Courses for which transfer credit has been awarded are not included in the calculation. The program GPA is used for determination of honors and satisfaction of degree requirements.

### Incompletes

Students unable to complete course work because of conditions beyond their control may be granted the grade I, which stands for Incomplete, so that the work can be completed after the end of the semester. Such conditions include hospitalizations, death in immediate family, and prolonged sickness. The grade I may not be used solely to extend the available time in a semester for students who fall behind for reasons under their control.

The grade I may be assigned at the discretion of the course instructor if all of the following conditions are met:

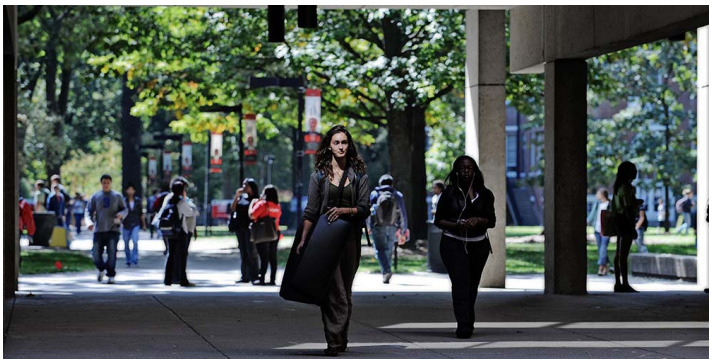
The majority of the course work was completed prior to the end of the semester;
The student is in good standing to pass the course upon successful completion of the remaining work;
The final portion of the course work could not be completed for reasons beyond the student's control.

If requested to do so, the student must supply the instructor with documentation of the extenuating circumstances. The instructor is encouraged to provide to the student a written statement of the expectations and requirements for completing the course work.

Students must complete the course work no later than the last day of classes for the next regular fall or spring semester. If the work is completed by the deadline, the instructor submits a change of grade from I to the letter grade earned. The change of grade form must be submitted by the instructor to the registrar's office by the last day to submit grades for the semester when the student's completed coursework was due. Failure of the student to complete the work by the deadline will result in an automatic change of grade from I to F unless the dean's office grants an extension.

Students may not graduate with an I grade on the transcript. Students with an incomplete should not register again for the course. An I carries no quality points until it is changed to a letter grade.

## Academic Forgiveness



Academic Forgiveness allows currently enrolled students or students who are eligible to re-enroll without seeking readmission to request the adjustment of their records for one or more continuous entire semesters of previous college work. If the appropriate committee within the students' enrollment unit or the unit in which they seek to re-enroll finds there are extenuating circumstances that warrant such action, the committee may rule the students eligible for academic forgiveness. The committee will approve petitions only if future academic success seems plausible, with the expectation that such forgiveness should typically have a positive effect on persistence toward eventual graduation.

Forgiveness will only be applied to the record after the successful completion of at least 12 hours after the last term for which forgiveness is to be requested. The 12 hours should be in degree applicable courses with the necessary semester grade point average designated by their enrollment unit. After these 12 hours have been attempted, students may petition the appropriate committee for academic forgiveness, designating the semester or consecutive sequence of semesters to which the forgiveness process is to apply. If approved, all course grades and credit hours for the forgiven semesters will be voided. Students may not be granted academic forgiveness more than once.

The voided grades and credit hours will not be considered for degree requirements or quality-point computations, but will remain on the students' transcript. Academic actions, such as probation or dismissal, recorded at the end of the voided terms, will also remain. While forgiven course grades are removed from the calculation, the course work does remain a part of the students' permanent record and the forgiven work may be considered for financial aid, NCAA purposes, and may be evaluated if applying for honors or graduate study.

Academic forgiveness is an internal policy. The University of Louisville cannot guarantee how the work will be viewed by another university should students choose to transfer. Students considering this option are strongly encouraged to consult with their academic advisor for guidance.

## Academic Fresh Start

Students who are re-admitted to the university after an absence of two or more years may apply for a Fresh Start (https://student.louisville.edu/registrar/registration/student-forms/fresh-start-application/), i.e., may request that the university reset the student's cumulative grade point average earned during the period of previous residency.

If the Fresh Start is approved by the university, students resume an academic program with no cumulative grade point average from the prior enrollment. All courses taken remain on the permanent record. Courses with passing grades are counted for credit and may be used to satisfy program requirements.

Students must take at least 30 hours of coursework at the University after re#admission and before graduation for Fresh Start to remain on their official transcript. Students are eligible for only one Fresh Start. Students who have earned a baccalaureate degree from the University are not eligible for Fresh Start.

Students may be required to retake courses from academic terms covered by Fresh Start if the content-currency or major-GPA rules of a

degree program, department or unit so dictate. Students should consult the Undergraduate Catalog and their advisor at the time of readmission for any possible additional requirements to be fulfilled in remedying these conditions.

Although Fresh Start affects cumulative grade point average, it has no impact on earned and attempted hours. All courses taken at the university will still be used for financial aid. Financial aid recipients will still have to adhere to the Satisfactory Academic Progress (SAP) policy administered by the Student Financial Aid Office. Students who are granted a Fresh Start are not automatically cleared of any SAP issues. If interested in submitting a SAP appeal, students should contact the Student Financial Aid Office.

Courses taken under the repeat-to-replace option during the period covered by a Fresh Start will not be counted against the repeats allowed under university policy. Financial aid for repeat courses is calculated according to federal regulations.

For the purposes of scholastic action and advising, students are initially assigned to the same academic standing as when they last attended the university. Thereafter, students are subject to the conditions of probation, suspension and dismissal that govern all students. GPA calculations for graduation honors follow the rules established by the students' enrollment unit.

# Academic Standing

# University Policies: Academic Standing

Decisions involving academic warning, probation, suspension, dismissal and readmission are made by each academic unit. These decisions are based on the university's **undergraduate grade point average** (UGPA) and the **program grade point average** (PGPA). The unit notifies students after the end of each semester if their status changes. Notifications of such academic actions are officially made through the student's university email account.

Undergraduate students are in **good standing** when they have a cumulative UGPA of at least 2.00 and a cumulative PGPA greater than the program requirement. Each unit determines their own program requirements.

## Academic Warning, Academic Probation, and Academic Suspension

After the first 12 attempted degree-applicable semester hours at the University, students who have either a cumulative UGPA below 2.00, or a cumulative PGPA below the program requirement, will be placed on **academic warning**. Such students will be notified and strongly encouraged to seek assistance from their advising center.

In any semester subsequent to an academic warning, students whose cumulative UGPA falls below 2.00, or cumulative PGPA falls below the program requirement, will be placed on **academic probation** for the next semester of enrollment. Academic probation is considered a serious warning that students are making unsatisfactory progress toward completion of the academic requirements for a particular degree program. Students on academic probation may be ineligible to hold office in campus organizations, to go out on co-op, internship, or clinical assignments, or to represent the school or the University in any official capacity.

Students on academic probation shall be removed from that standing at the end of the first subsequent semester in which they achieve a cumulative UGPA of at least 2.00 and a cumulative PGPA greater than the program requirement. Such students will return to good standing. Students on academic probation shall be placed on **academic suspension** at the end of the first subsequent semester in which their semester UGPA falls below 2.00, or semester PGPA falls below the program requirement.

Students on academic suspension are not permitted to enroll for at least one program semester and must withdraw from any courses for the semester in which the suspension is applied. During this period, individuals should seriously reexamine their previous accomplishments in terms of their chosen career objectives and seek help to improve their academic performance.

## Readmission/Reinstatement

After one semester, students who believe that a reasonable opportunity for future successful performance exists may petition the unit's committee for re-admittance. The petition must be received no later than published deadline in their unit. Students who are granted reinstatement will be readmitted on academic probation. Readmission of suspended students is not guaranteed.

Students will not be reinstated more than twice; the third suspension is an academic dismissal. Students academically dismissed can only return through special permission from the enrollment unit.

Students who are suspended or dismissed are eligible to apply for admission to another unit and may be admitted if they meet minimum unit admission standards. Students admitted to another unit may not enroll in any courses in the unit from which they were dismissed, with the exception of courses needed to complete general education or other degree requirements offered only by the unit from which they were dismissed.

# Unit-Specific Policies

In addition to the university-wide policies regarding Academic Standing, students may be subject to the unit-specific requirements listed below.

## College of Arts and Sciences

*Warning, Probation, Suspension, and Readmission*

Students on Academic Warning are limited to enrollment for 13 credit hours in a fall or spring semester and 10 credit hours for the summer terms.

The enrollment of students on Academic Probation will continue to be limited to a maximum of 13 semester hours in a fall or spring semester and 10 credit hours for the summer terms. Students on probation also may be subject to specified course registration requirements, or other actions deemed appropriate by the College. Students who are admitted to the College conditionally who have a grade point average below 2.0 at the end of their first semester of enrollment at the University of Louisville will be placed on Academic Probation.

Students on Academic Suspension and will be required to sit out at least one semester: students suspended after a fall semester must sit out the following spring semester; students suspended after a spring semester must sit out the following summer and fall semesters; and students suspended after a summer semester must sit out the following fall semester. Students must sit out at least one calendar year after any subsequent suspension.

## College of Business

*Warning, Probation, Suspension, Dismissal, and Readmission*

College of Business students on academic warning or probation are subject to load limitations (see the Course Load section of this catalog) or other actions deemed appropriate by the COB. The records of students on Academic Probation will be evaluated at the end of the probationary semester with one of the following outcomes:

1. Students whose GPA for the probationary semester is 2.5 or above, but whose University GPA remains below 2.0 will be retained on Probation.
2. Students whose University GPA is still below 2.0 and who earned a semester grade point average below 2.5 will be placed on Academic Suspension and will be suspended from the COB. Suspended students are withdrawn from all 300- and 400-level COB courses.
3. Readmission of suspended students into the COB is not guaranteed.

For readmission, students must submit a written petition addressed to the College of Business Undergraduate Studies Committee and an academic plan form.

## College of Education and Human Development

*Academic Warning, Probation, Suspension, Dismissal and Readmission*

CEHD students on Academic Warning may enroll in no more than 14 hours in a semester (10 hours during the summer).

CEHD students on Academic Probation will continue to be limited to enroll in no more than 14 semester hours in a semester (10 hours during the summer). Students on Academic Probation must earn a 2.5 grade point average in the academic probation semester to continue on Academic Probation.

Students on Academic Probation whose cumulative grade point average is below 2.25 and who earn a semester grade point average below 2.5 will be placed on Academic Suspension and will be required to sit out from the CEHD at least one semester. The student may apply to another unit. Students suspended after a spring semester must sit out the following summer and fall semesters.

Students who are suspended the third time from the College of Education and Human Development are academically dismissed. A student who has been dismissed from the College of Education and Human Development may apply for readmission after one full year.

Readmission of suspended or dismissed students is not guaranteed. Conditions of readmission will be up to the discretion of the College of Education Standards and Admissions Committee.

## Kent School of Social Work and Family Science

*Lower Division:* A cumulative GPA of 2.0 or above is required to remain in Good Standing. If a student's cumulative GPA falls below 2.0, then the student will be given a warning and will be required to meet with the BSW Advising Team for planning and oversight. If in the following semester the student's cumulative GPA remains less than a 2.0, the student will be placed on probation. A cumulative GPA of 2.0 or above in the following semester will be required to return to Good Standing. Students will be placed on suspension following probation if the cumulative GPA remains below 2.0. Students must sit out at least one semester excluding summer when suspended. Students will not be reinstated more than twice; the third suspension is an academic dismissal. Students academically dismissed can only return through special permission from the enrollment unit.

*Upper Division*: If a student gets a failing grade in an upper division social work foundation/core course they will need to meet with their BSW Advisor. Students may also be referred for an academic review if they are in jeopardy of dismissal from the program for any other reason (e.g. professional performance). A cumulative GPA of 2.5 or above is required to remain in Good Standing. If a student's cumulative GPA falls below 2.5, then the student will be given a warning and will be required to meet with the BSW Advising Team for planning and oversight. If in the following semester the student's cumulative GPA remains less than a 2.5, the student will be placed on probation. A cumulative GPA of 2.5 or above in the following semester will be required to return to Good Standing.

Students will be placed on suspension following probation if cumulative GPA remains below 2.5 for three consecutive semesters. Students must sit out at least one semester excluding summer when suspended. Students may apply to another unit. Students will not be reinstated more than twice; the third suspension is an academic dismissal. Students academically dismissed can only return through special permission from the enrollment unit.

Academic and Professional Standards Review Committee is intended to ensure that the context surrounding the incidents that lead to the academic review are well understood before any recommendations are made.

The BSW Program will notify students at the end of each semester if academic reviews are needed. Any faculty person may recommend a review for any students who appear to have engaged in inappropriate conduct in violation of the National Association of Social Workers Code of Ethics, or the Code of Students Rights and Responsibilities.

## School of Music

The School of Music follows university-wide policies, except that students are in good standing when they have a minimum cumulative grade point average of 2.5.

Undergraduate students on Academic Probation are:

- limited to fourteen (14) semester hours,
- may have specified course registration requirements, and
- may require intrusive advising interventions as deemed appropriate by their enrollment unit.

A student on probation whose cumulative grade point average is still below 2.5 and who earned a semester grade point average below 2.5 may petition for continuation of probation. The petition describing the student's plan of action to return to good standing must be submitted to the Associate Dean of the School of Music.

Students who are conditionally admitted enter the university on Academic Warning and are limited during their first semester to a fourteen-hour credit load. Their admission letter will indicate whether they have one or two semesters to achieve academic good standing. A one-semester conditional period will require students to achieve no less than a 2.5 cumulative GPA by the end of the first semester, or they will be suspended from the School of Music. A two-semester conditional period will require students to achieve no less than a 2.5 cumulative GPA at the end of the first semester, or they will be placed on Academic Probation. If they do not achieve academic good standing by the end of the first year (i.e., end of the second semester) they will be suspended from the School of Music.

## School of Nursing

**Lower Division Progression and Dismissal (Traditional BSN)**

Good standing in the School of Nursing is a minimum UofL cumulative grade point average (GPA) of 2.8 for the Traditional BSN program.

Students who, after the first semester at UofL, have a UofL cumulative GPA below 2.8 will be placed on Academic Warning. They will be notified that their achievement is below expectations and strongly encouraged to seek assistance.

In any semester after being placed on Academic Warning, a student whose UofL cumulative GPA continues to be below 2.8 will be placed on Academic Probation for the next semester (including summer) in which the student enrolls. Students on Academic Probation are notified that their achievement is below expectations and are subject to course and/or credit hour limitations, specified course registration requirements, or other intrusive advising interventions as deemed appropriate by the School of Nursing.

Students on Academic Probation will have their records evaluated at the end of the probationary semester with one of the following outcomes:

1. Student whose UofL cumulative GPA is above 2.8 will be restored to good standing.
2. Student whose UofL cumulative GPA is still below 2.8 but hwo earned a semester GPA at or above 2.8 will be maintained on probation.
3. Student whose UofL cumulative GPA is still below 2.8 and who earned a semester GPA below 2.8 will be placed on Academic Suspension and will be required to sit out a least one semester.

Lower division students must earn a grade of "C" or above in the courses (or their equivalents) listed below. These courses may be repeated one time. Students who do not pass the course on a second attempt will need to petition to determine if they can remain in the lower division.

| Code | Title | Hours |
|---|---|---|
| ENGL 101 | Introduction to College Writing - WC | 3 |
| ENGL 102 | Intermediate College Writing - WC | 3 |
| BIOL 257 | Introduction to Microbiology - S | 3 |
| BIOL 258 | Introduction to Microbiology Laboratory - SL | 1 |
| BIOL 260 | Human Anatomy & Physiology I | 3 |
| BIOL 261 | Human Anatomy & Physiology II | 3 |
| BIOL 264 | Human Anatomy and Physiology I Laboratory | 1 |
| or BIOL 265 | Human Anatomy and Physiology II Laboratory | |
| CHEM 105 | Chemistry for Health Professionals - S | 4 |
| MATH 111 | College Algebra - QR | 3 |

If a student does not pass any of the non-nursing courses in the table above on the second attempt, they will be subject to dismissal from Lower Division.

If dismissed from the program, the student has the right to file a petition with the School of Nursing BSN Academic Affairs Committee to be reinstated to the program. If the petition is denied, dismissal from the program is permanent.

If dismissed from the School of Nursing, an official UofL undergraduate application to the Office of Admissions is required to continue or return to the university in accordance with university guidelines. Readmission of dismissed students is not guaranteed. Students who are granted reinstatement will be readmitted on probation. No student will be reinstated more than twice; the third suspension is Academic Dismissal.

Students who are dismissed by the School of Nursing are eligible to request a transfer to another unit and may be admitted if they meet the minimum admission standards of that unit.

**Upper Division Progression and Dismissal (Traditional & Accelerated)**

For Traditional and Accelerated BSN, good standing in the Upper Division for the pre-licensure BSN program is a minimum UofL cumulative GPA of 2.0.

Students admitted to the Upper Division of Nursing must earn a “C” or above in all required nursing courses.

Students who earn less than a “C” in a required nursing course are allowed to repeat the course up to one time before being placed on academic probation.

A student who wishes to repeat a nursing course should submit a Space Available form to the Office of Student Services, School of Nursing for approval. Once permission is granted, the student will be allowed to repeat the course on a space available basis.

A student will be placed on probation if they earn 2 nursing failures in required nursing courses. This includes either of the following:

1. The student earns a grade below a "C" in any two required nursing courses.
2. The student earns a grade below a "C" in a required nursing course and earns below a "C" upon repeating the course.
   a. Students who earn a grade below "C" in two required nursing courses, or a second attempt at a nursing course will be placed on academic probation. The student will be required to complete a student success course.
   b. Successful completion of the student success course with a grade of "C" or higher is required for students on probation prior to progressing to the next semester course sequencing.
   c. Students may not enroll in the course in which they earned the second nursing failure unless **one** of the following criteria have been met:
      i. The student successfully completes the student success course with a passing grade of "C" or higher.
      ii. The student is concurrently enrolled in the student success course.
         1. Successful completion of the student success course with a passing grade of "C" or higher is required for students on probation prior to progressing to the next semester course sequencing. Probationary status will be removed once students successfully complete the repeat nursing course and the student success course. Students may not progress to subsequent semester sequencing until the probation is removed.

If a student does not pass the student success course with a grade of "C" or higher, the student will incur a nursing failure for the student success course. If a student has a third nursing failure while on probation after being on probationary status, the student will be subject to program dismissal.

If dismissed from the program, the student has the right to file a petition with the School of Nursing BSN Academic Affairs Committee to be reinstated into the program.

If the petition is approved, the student will be permitted to repeat the course in which the third failure was accrued.

The student will be returned to probationary status and 2 a.  from above will once again apply.

If the petition is denied, the dismissal is permanent.

Students who are dismissed by the School of Nursing are eligible to request a transfer to another unit and may be admitted if they meet the minimum admission standards of that unit. Students who apply for admission to another unit may not enroll in any courses in the School of Nursing.

**RN-BSN Progression and Dismissal**

RN-BSN students must maintain a minimum UofL cumulative GPA of 2.0.

Students enrolled in the RN-BSN program must earn a minimum grade of "C" in all required nursing courses.

Students who earn less than a “C” in two required nursing courses are dismissed from the program.

If dismissed an official U of L undergraduate application to the Office of Admissions is required to continue or return to the university in accordance with university guidelines.  Readmission of dismissed students is not guaranteed. Students who are granted reinstatement will be readmitted on probation. No student will be reinstated more than twice; the third suspension is an Academic Dismissal.

Students who are dismissed by the School of Nursing are eligible to request a transfer to another unit and my be admitted if they meet the minimum admission standards of that unit. Students who apply for admission to another unit may not enroll in any courses in the School of Nursing.

## Speed School of Engineering

A program GPA is calculated by including only those courses used to satisfy degree requirements. Courses for which transfer credit has been awarded are not included in either GPA calculation.

Students have the responsibility to know their current status. The University routinely notifies students when their status changes, but such notification may not be possible before the beginning of the semester.

*Good Standing*

The Speed School of Engineering follows university-wide policies, except that students are in good standing when they have a minimum cumulative university GPA and PGPA of 2.25.

*Academic Warning*

Students on Academic Warning are limited to enrollment for 13 credit hours (7 credit hours during the Speed School summer term). A student placed on Academic Warning will have the following semester to raise the cumulative university GPA to at least 2.25. If that does not occur, the student will then be placed on Academic Probation.

*Academic Probation*

In any semester subsequent to that described in Academic Warning above, an undergraduate student who has less than a 2.25 cumulative university GPA will be placed on Academic Probation for the next semester in which the student enrolls.  Students on Academic Probation are notified that their achievement is below expectations and are subject to course and/or credit hour limitations. During a semester on Academic Probation, no student may enroll in more than 13 credit hours (7 credit hours during the Speed School summer term).  Students on Academic Probation will have their records evaluated at the end of the probationary semester with one of the following outcomes:

- Students whose cumulative university GPA and semester GPA are both at or above 2.25 will be restored to good standing in the Speed School.
- Students whose cumulative university GPA is still below 2.25 but who earned a semester GPA of at least 2.5 will be maintained on probation.
- Students whose cumulative university GPA is still below 2.25, and who earned a semester GPA at or above 2.25 but below 2.5, may petition for continuation on probation. The petition describing the student’s plan of action to return to good standing must be submitted to the school’s Standards and Admissions Committee. Students who do not submit a petition will be placed on Academic Suspension.

- Students whose cumulative university GPA and semester GPA are both below 2.25 will be placed on Academic Suspension and will be required to sit out at least one semester.

## School of Public Health and Information Sciences

Any SPHIS student on academic warning or probation may not enroll in more than 13 credit hours in the fall/spring semesters or 10 credit hours in the summer semester.

**Academic Warning Policy:**

- Traditional BS/BA/Any SJHE track students
  - Student is place on warning if University GPA is less than 2.0.
  - NOTE: Students must have attempted at least 12 credit hours of degree-applicable work at UofL to be placed on academic warning. Warning status is assigned only once, at the first sign of academic difficulty, not each time a student's University GPA drops below 2.0.
- BS-PH Pre-H Track students
  - Student is placed on warning if University GPA is less than 2.8.

**Academic Probation Policy**

- Traditional BS/BA/Any SJHE track students
  - Student is place on probation if University GPA is less than 2.0, following a semester of academic warning.
  - Students on Academic Probation whose University GPA is less than 2.0, but semester earned GPA is above 2.0 will remain on academic probation stataus.
  - Students on Academic Probation who acheive a University GPA of 2.0 or above will be placed in good standing.
- BS-PH Pre-H Track students
  - Student is placed on probation if University GPA is less than 2.8, following a semester of academic warning.

**Academic Suspension Policy**

Student is placed on suspension if both semester GPA and University GPA are less than 2.0 (2.8 for pre-health track students), following a semester/semesters of academic probation.

- First suspension consequences: Students must sit out the spring term following a fall suspension, the summer and fall terms following a spring suspension, or the fall term following a summer suspension.
- Second suspension consequences: Students must sit out at least three consecutive terms, including summer, following suspension.
- Third suspension consequences: A student is not reinstated more than twice. A third suspension results in academic dismissal from the program.
- Requirements for re-entry following a suspension (readmitted students are admitted in probation status): Students must petition for readmission through the Office of Admissions. **Readmission of suspended students is not guaranteed**.

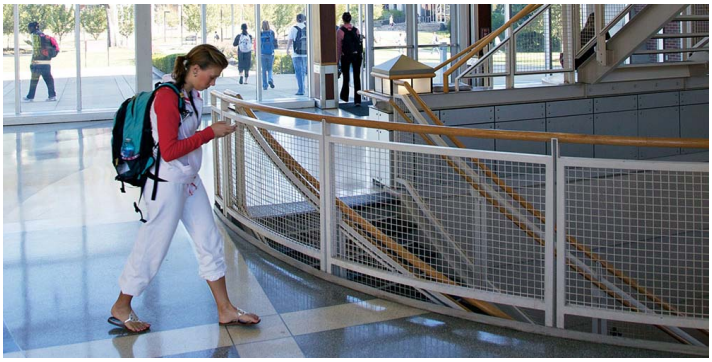
**NOTE:** The following deadlines apply for petitioning for readmission: July 1st for the fall semester, November 1st for the spring semester, and May 1st for the summer term.

**Dismissal Policy**
**Program Dismissal:**

Students who are suspended the third time from the School of Public Health and Information Sciences are academically dismissed. A student who has been dismissed from the School of Public Health and Information Sciences must remain out of school for one full year and should use that time for reorientation to further study in college or other career decisions. If a student thus dismissed is admitted to any other college or university, the credits earned while in attendance during the semester that the student should be out of school will not apply toward a degree granted by the School of Public Health and Information Sciences.

**Pre-Health Track Dismissal:**
Students are only allowed two attempts to complete Track Core courses with a "C" or higher. Students who do not maintain a grade of "C" or higher in Track Core courses will be dismissed from the track and admitted back to the PHBS general track.

# Class Attendance and Excused Absence



**Class Attendance and Excused Absence**

Students shall not be penalized for an excused absence.

The academy requires student participation in the learning process, measurement of student progress, and the fulfillment of basic course requirements. Faculty members will provide students in their classes with clear syllabi, including attendance requirements and dates for required assessments, activities, or field experiences. Except where prior notification is required (major religious holidays and University sponsored trips), students missing any graded work due to an excused absence bear the responsibility of informing the instructor about their excused absence within one week following the period of the excused absence, and of making up the missed work. The instructor shall give the student an opportunity to make up the work and/or exams missed due to an excused absence, and shall do so, if feasible, during the semester in which the absence occurred.

The instructor shall provide the student with an opportunity to make up the graded work (e.g., quiz, exam, homework, etc.). The make up work may take a form other than the work accomplished during the missed time period but must provide equal opportunity to demonstrate mastery of course content and be counted equally in final grade calculations.

- Students, as required by the course syllabus, should submit documentation from an official entity (e.g. health care provider) to their course instructors to excuse their absence(s).
- If the reason for the absence involves a religious observance or a University sponsored trip, the student must inform the instructor prior to the trip when possible.

- Students missing any graded work due to an excused absence bear the responsibility of informing their Instructor about their excused absence as soon as possible, and must do so within one week following the period of the excused absence.
- Students are responsible for material covered or work assigned in any class for which they have been provided an excused absence.
- Some experiential learning that involves third party sites or partners (ex: clinical experiences) may not be feasible to make up during the same semester. In these cases, a student should be awarded an Incomplete (I) grade and allowed to complete the required experiential component during the following semester.

**Excused Absences Requiring Prior Notification**

University Sponsored Activities

For students acting as official representatives of the university or participating in university- sanctioned events or activities. These include but are not limited to student government congresses, intercollegiate athletic and debate contests, music competitions, academic meetings, and conferences. The deans, the student government association, or faculty sponsors of recognized student organizations may petition the provost to designate other specific events as university sanctioned.

When feasible, the student must notify the Instructor of Record prior to the occurrence of such absences, but in no case shall such notification occur more than one week after the absence. Instructors of Record may request formal notification from appropriate university personnel to document the student's participation in such activities.

Major Religious Holidays

Students who observe work-restricted religious holy days must be allowed to do so without jeopardizing their academic standing in any course. Faculty are obliged to accommodate students' request(s) for adjustments in course work on the grounds of religious observance, provided that the student(s) make such request(s) in writing at least two (2) weeks prior to anticipated absence. See the University Policy on Work-Restricted Religious Holy Days. (https://louisville.edu/academics/calendars/work-restricted-religious-holy-days/) A calendar of work-restricted religious holy days is published each year by the Office of Institutional Equity.

**Excused Absences with Post-absence Notification**

Illness

Illness of the student or serious illness of a member of the student's household (permanent or campus) or immediate family shall be considered an excused absence. The Instructor of Record shall have the right to request appropriate verification if so noted in the syllabus. The term "illness" includes mental as well as physical illness. The standard of verification for illness that an instructor requires shall be equally stringent for physical and mental illness. For example, if a note from University Health Services that the student sought care from a health provider is considered to be acceptable verification, then a note from the Counseling Center that student has sought care shall likewise be considered to be acceptable verification.

Death in Family

The death of a member of the student's household (permanent or campus) or immediate family. The Instructor of Record shall have the right to request appropriate verification if so noted in the syllabus. For the purpose of this rule, immediate family is defined as spouse or child or parent (guardian) or sibling (all of the previous include steps, halves and in-laws of the same relationship); and grandchild or grandparent.

**Excused Absences for Other Long-term Commitments:**

Pregnancy, Childbirth, or Related Conditions

The benefits and services provided to students affected by pregnancy shall be no less than those provided to UofL students with temporary medical conditions. Pregnancy in and of itself is not considered a disability; however, some conditions arising from pregnancy (e.g. hypertensive preeclampsia, gestational diabetes) may constitute disabilities that necessitate reasonable academic, and/or extracurricular accommodations. Students with pregnancy-related disabilities, like any other student with a disability, are entitled to academic adjustments or auxiliary aids and services in accordance with the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504), and may seek assistance from the Disability Resource Center (DRC) in that regard.

Students with new parenting responsibilities who wish to remain engaged in their coursework while adjusting their academic responsibilities may request reasonable academic modifications appropriate to their circumstances through an interactive process initiated by the student with the Dean of Students (DOS) office (SAC-W301, (502) 852-5787, advocate@louisville.edu).

See the **Student Pregnancy Accommodation Policy** in the UofL Policy and Procedures (https://louisville.edu/policies/policy-and-procedure-library/policies-and-procedures/index_policies/) Database.

Military Duties

Military Duties are an acceptable cause for an excused absence.

*Short absences (less than 30 days)*

Once a student is aware of a call to duty which result in a temporary absence (less than 30-days) the student shall reach out to their instructors to determine if an accommodation can be made. If an accommodation cannot be reached, the student will reach out to the Center Military Connected Students (CFMCS) at milconstu@louisville.edu. They will provide a copy of their military orders and will identify the course and faculty member they were unable to come to accommodation with. The CFMCS will then reach out to the identified instructor(s) to attempt to come to an accommodation. If that effort is unsuccessful, the CFMCS will elevate the issue to the appropriate Department Chair, and College leadership.

*Long Absences (30 days or more)*

In the case of a longer activation or deployment, the student should consult with their academic advisor and the Center Military Connected Students (CFMCS) for coordination with instructors to determine the best course of action based on the length of absence and percentage of the term completed.

See the Military Program Integrity Policy in the UofL Policy and Procedures Database; specifically the sections on Withdraw Requirements, Readmission Requirements, and Termination of Readmission Eligibility.

Jury Duty or Subpoena for Court Appearances

The University respects the need for all citizens to serve on a jury when called to duty. If a student serves as a juror, class absences will be considered excused when the student provides advance notice to the instructor, the instructor acknowledges the request and the student provides written verification of jury selection and proof of service.

Any potential student juror may notify the court of conflicts or undue hardship and request an excuse from service. The individual student must make the decision as to whether jury service will present an undue hardship and then take the affirmative action to request to be excused from service, and may need to provide a written explanation to the court. If a student does not request to be excused and is selected to serve, the student may miss a prolonged period of time resulting in the inability to complete the academic requirements of classes.

# Dean's List and Scholars

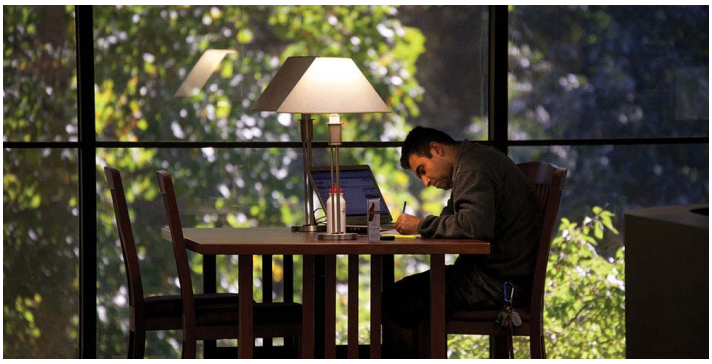
Students who complete twelve or more graded credits in one semester are eligible for the Dean's List and designation as a Dean's Scholar.

The following distinctions are made:

- Dean's List: UGPA of 3.5 and above, with no grades of I, X, U, or C-minus or below
- Dean's Scholar: UGPA equal to 4.0, with no grades of I, X, or U

Developmental courses (courses below 100 level) and grades of P are not prohibited in Dean's List or Dean's Scholar qualifications but cannot be used to meet the graded-credits minimum requirement. Any petitions arising from unusual circumstances (such as part-time status) should be filed with the students' advising center within two weeks of the beginning of the next term of enrollment.

# Final Examinations



For courses offered the full length of the term, comprehensive final examinations must be administered only on the date and time prescribed in the university final exam schedule. For courses offered less than the full length of the term (e.g. 5 week or 8 week Fall/Spring courses), comprehensive final exams may be given on the last day of class.

Comprehensive examinations may not be given on the last regular day of class or during the reading period. No mandatory activities or assessments of any kind may be scheduled during the reading period. Examinations which cover a limited portion of the coursework may be given during the last regular class period. Longer final cumulative assessment instruments may be assigned at any time but must be completed by the date and time prescribed in the university final exam schedule. Students must be notified of the type of examinations to be given in the course as well as each examination's percentage of the course grade. This information, along with scheduled dates and times, should be included in the course syllabus.

A student with more than two final examinations scheduled on any one date or for whom two examinations have been scheduled for the same time should speak with their instructors about possible alternate examination times. If no resolution can be found, the student should consult with their unit Dean who will ensure that the student's examination for the class with the lowest total enrollment is rescheduled. Students must request this rescheduling from the appropriate instructor in writing at least two weeks prior to the scheduled examination.

Comprehensive final exams in distance education (fully online) courses may be given at any time during the university final exam period. Please note, online final exams in distance education courses should be conducted asynchronously.

# Grading

The university awards letter grades that are translated into quality points to determine a grade point average. The "+/-" ("plus/minus") grading system may be used by instructors to help students understand their performance more accurately. Under this system, quality points are assigned as follows:

| Grades | Quality Points |
|---|---|
| A+ | 4.0 (see below) |
| A | 4.0 |
| A- | 3.7 |
| B+ | 3.3 |
| B | 3.0 |
| B- | 2.7 |
| C+ | 2.3 |
| C | 2.0 |
| C- | 1.7 |
| D+ | 1.3 |
| D | 1.0 |
| D- | 0.7 |
| F | 0.0 (see below) |

The grade A+ is given for extraordinary work and appears on the transcript with the "plus" qualification, but it awards no additional quality points.

The grade F means not passing and earns neither semester hours toward graduation nor quality points; however, the number of semester hours attempted is computed into the point standing, so that an F has a negative effect on the point standing. All missing grades change to failing grades one year after the completion of the semester in which the course was taken.

Other letter grades, all of which do not enter into the point standing, include the following:

**AU** means Audit.

**I** means Incomplete Work.

**NC** means No Credit.

**P** means Passing.

**S** and **U** mean Satisfactory and Unsatisfactory.

**W** means Withdrew.

**X** means No Basis for Grade.

For a course taken on a pass-no credit basis a grade P is given for achievement equivalent to the standards for the grades A through D in the same course and earns the designated number of semester hours toward graduation. For courses using S and U, an S will earn semester hours, but those hours may not be counted toward the minimum number of hours required for graduation or a degree. The grade X is available only for graduate level courses for which the work is not yet finished due to the nature of the study.

The university's undergraduate grade point average (UGPA) is determined by dividing the total number of quality points earned by the total number of semester hours attempted with earned grades. The UGPA takes into account all undergraduate course work taken at the university, except that courses numbered below the 100 level will not be used in the earned hours or UGPA calculations. Grades and quality points earned at other institutions are also not incorporated into the UGPA.

A program GPA is calculated by including all 200+ level courses with the course index of the degree program. In degree programs cases in which a program has fewer than 30 credit hours of 200+ level courses with the program index (e.g. interdisciplinary degrees, general studies degree, individualized studies degree), the program GPA will be calculated using the grades from all 300+ level courses taken. Courses for which transfer credit has been awarded are not included in the calculation. The program GPA is used for determination of accolades and satisfaction of degree requirements.

# Incompletes

Students unable to complete course work because of conditions beyond their control may request the grade I, which stands for Incomplete, so that the work can be completed after the end of the semester. Such conditions include hospitalizations, death in immediate family, and prolonged sickness. The grade I may not be used solely to extend the available time in a semester for students who fall behind for reasons under their control.

The grade I may be assigned at the discretion of the course instructor if all of the following conditions are met:

- The majority of the course work was completed prior to the end of the semester;
- The student is in good standing to pass the course upon successful completion of the remaining work;
- The final portion of the course work could not be completed for reasons beyond the student's control.

If requested to do so, the student must supply the instructor with documentation of the extenuating circumstances. The instructor is encouraged to provide to the student a written statement of the expectations and requirements for completing the course work.

Students must complete the course work no later than the last day of classes for the next semester (excluding summer sessions). If the work is completed by the deadline, the instructor submits a change of grade from I to the letter grade earned. The change of grade form must be submitted by the instructor to the registrar's office by the last day to submit grades for the semester when the student's completed coursework was due. Failure of the student to complete the work by the deadline will result in an automatic change of grade from I to F unless the dean's office grants an extension.

Students may not graduate with an I grade on the transcript. Students with an incomplete should not register again for the course. An I carries no quality points until it is changed to a letter grade.

# Graduation Policies

Information on policies related to degree requirements and graduation at the University of Louisville can be found on this page or by clicking on the following links to topic-specific pages:

- Catalog Year (p. 86)
- General Education: Cardinal Core Requirements (p. 86)
- Graduation and Degree Requirements (p. 95)
- Graduation with Academic Honors (p. 97)
- Residency Requirements (p. 98)

***These policies are effective for Academic Year 2025-2026 (starting with the Summer 2025 semester).*** Students enrolled in a term before this effective semester should consult with an advisor in their enrollment unit (http://louisville.edu/advising/centers/) if they feel that they are disadvantaged by any change from previous policies.

Previous catalogs are available via the archive page of this catalog (https://catalog.louisville.edu/undergraduate/archive/).

## Catalog Year

The university issues a catalog annually in conjunction with the start of the summer term, and the degree requirements stated in the annual issue apply to all students who matriculate during that year. These

requirements constitute the "catalog year" for those students and set their degree requirements as long as they are enrolled without a break of more than two calendar years. In other cases, a student may elect to follow the requirements of a later catalog year. The student's advisor will assist in identifying the need and benefit of such an election. The advisor must record this election in the student's permanent record.

Students may petition for a variance from the stated degree requirements of their catalog year. Any variance must be approved by the dean or unit advising director (for unit and major degree requirements) or the provost (for General Education or Cardinal Core requirements).

Students readmitted after an absence of two or more calendar years must reapply for admission. If readmitted, they are subject to the catalog year requirements in force at the time of their readmission.

## General Education: Cardinal Core Requirements

Beginning in summer 2018, all students are required to meet the requirements of the Cardinal Core general education program. Students who matriculated to the university before summer 2018 should consult with their advisors about transitioning from the previous general education program to Cardinal Core.

The Cardinal Core program at the University of Louisville prepares students to do the advanced work needed for their baccalaureate degrees and prepares them to contribute to society throughout their lives through their professional work and civic engagement. The program emphasizes the development of key intellectual skills relevant to any career path: critical thinking, quantitative reasoning, effective communication, and the understanding of historical, social, and cultural perspectives. Students will develop skills and acquire knowledge in the content areas of arts and humanities, historical perspectives, oral communication, quantitative reasoning, social and behavioral sciences, natural sciences, written communication, and the competency areas of United States and global perspectives. Upon completion of the program, students will be prepared to analyze complex problems and evaluate possible courses of action in an environment characterized by multiple perspectives and the need for sustainable solutions.

For detailed information, please refer to the General Education: Cardinal Core (https://catalog.louisville.edu/undergraduate/general-education-requirements/) page in this catalog.

## Graduation and Degree Requirements

The conferring of degrees by the University of Louisville is conditional upon completion of all requirements in the opinion of the unit faculty and dean, regardless of the students' participation in commencement. Students are strongly urged to run preliminary degree audits on a regular basis so that possible deficiencies in degree requirements can be identified early.

The baccalaureate degree (Bachelor's of Arts, Business Administration, Fine Arts, Music, Science, or Social Work) is the undergraduate degree offered by UofL. It is awarded to students who have completed both university-wide requirements and the requirements of the selected degree program. The following university-wide requirements apply to all baccalaureate degrees; the student must:

- Complete an online degree application by the specified date at the beginning of the semester of graduation.
- Complete an application for and be accepted for admission into a major program.
- Satisfy all Cardinal Core requirements.
- Complete all required courses and program requirements listed in the degree program section of this catalog.
- Have a cumulative university GPA of at least 2.00, or higher if specified by the program.
- Have a cumulative program GPA of at least 2.00, or higher if specified by the program.
- Complete a minimum of 120 hours applicable to the program, or more if required by the program.
- Complete at least 60 hours at an accredited four-year institution.
- Complete at least 25-percent of the total credit hours required for the degree in residence at the University of Louisville.
- Complete 30 of the last 36 hours in residence at the University of Louisville.
- Have neither missing nor outstanding I or X grades.
- Satisfy any additional requirements specified by the major program and unit.
- Be discharged of all financial obligations to the University.
- Be formally recommended for the baccalaureate degree by the unit faculty and dean and approved by the Board of Trustees.

To be awarded a second bachelor's degree type, students must earn a minimum of thirty additional semester hours in the program. For students pursuing two degree types simultaneously, these thirty hours will be added to the minimum total of semester hours needed for the degree requiring the least number of hours. No additional hours, beyond the specific degree program requirements for both majors, are necessary for two majors within the same degree type.

Students who want to take a minor must apply for admission to the minor program after acceptance into a major program. The coursework requirements for a minor are prescribed by a department or unit and consist of at least 18 semester hours. Satisfactory completion of coursework required for a minor will be certified as completion of the minor, and will be shown on the student's transcript only if the student's application has been accepted by the department or program offering the minor. Most minor programs are open to students from all units.

## Graduation with Academic Accolades

Baccalaureate degree students who have earned a minimum of 60 hours of letter-graded (i.e., not Pass/No Credit) degree credit in residence at the University of Louisville will be eligible for consideration to graduate with academic accolades. Students who have re-entered the university under the fresh-start policy must have earned at least 60 letter-graded credit hours since their return to be considered for academic accolades.

There are three categories of academic accolades upon graduation from a Baccalaureate degree program: recognition based on GPA, recognition based on successful completion of the University Honors or Honors Scholars program, and successful completion of a unit or department recognition program such as a thesis or project.

- Criteria for University academic accolades based on GPA:
  - **Cum Laude**: 3.50 undergraduate grade point average
  - **Magna Cum Laude**: 3.75 undergraduate grade point average
  - **Summa Cum Laude**: 3.90 undergraduate grade point average.
  - This recognition will appear on the student's transcript and diploma.
- Criteria for academic accolades based on successful completion of the University Honors or Honors Scholars program:
  - Students admitted to the University Honors program may be eligible to graduate with **University Honors**. Students in the University Honors program who maintain a 3.35 cumulative UofL GPA, successfully complete three 3-credit Honors courses within their first four (full-time) semesters in the Honors program, and who successfully complete a minimum of 15 credit hours of Honors courses, will earn the recognition of **University Honors** on their transcript.
  - Students admitted to the University Honors Scholars program may be eligible to graduate as a **University Honors Scholar**. Students in the University Honors Scholars program who maintain a 3.50 cumulative UofL GPA and complete an Honors-approved academic plan, focused on interdisciplinary Honors seminars and including a minimum of 24 credit hours in Honors coursework, will earn the recognition of **University Honors Scholar** on their transcript and diploma.
- Criteria for academic accolades based on successful completion of a degree program recognition requirement such as a thesis or project:
  - Some degree programs allow students to graduate with Distinction upon successful completion of a thesis, paper, or project. These students will earn the recognition of **<Program Degree> Distinction** on their transcript and diploma.

A student may earn academic accolades from more than one of the above categories.

### Residency Requirements

Students earning baccalaureate degrees are required to complete at least 25 percent of the total credit hours required for the degree (including Cardinal Core credit hours) at the University of Louisville. Students earning baccalaureate degrees are also required to complete 30 of their last 36 semester hours at the University of Louisville. Courses taken in a study abroad program **approved prior to the study abroad experience** will be counted as hours in residency. Additionally, transfer students must take a minimum of 12 credit hours in their major at the University.

# Catalog Year

The university issues a catalog annually in conjunction with the start of the summer term, and the degree requirements stated in the annual issue apply to all students who matriculate during that year. These requirements constitute the "catalog year" for those students and set their degree requirements as long as they are enrolled without a break of more than two calendar years. In other cases, a student may elect to follow the requirements of a later catalog year. The student's advisor will assist in identifying the need and benefit of such an election. The advisor must record this election in the student's permanent record.

Students may petition for a variance from the stated degree requirements of their catalog year. Any variance must be approved by the dean or unit advising director (for unit and major degree requirements) or the provost (for General Education or Cardinal Core requirements).

Students readmitted after an absence of two or more calendar years must reapply for admission. If readmitted, they are subject to the catalog year requirements in force at the time of their readmission.

# General Education: Cardinal Core Requirements

## Cardinal Core Purpose

Through the Cardinal Core program you will explore multiple areas of knowledge in new ways and develop core skills that will enable you to succeed in any degree program and prepare you to live and work in a dynamic, global society.

## Cardinal Core Overview

The Cardinal Core program at the University of Louisville prepares students to do the advanced work needed for their baccalaureate degrees and prepares them to contribute to society throughout their lives through their professional work and civic engagement. The program emphasizes the development of key intellectual skills relevant to any career path: critical thinking, quantitative reasoning, effective communication, and the understanding of historical, social, and cultural perspectives.

Students develop skills and acquire knowledge in the content areas of arts and humanities, historical perspectives, oral communication, quantitative reasoning, social and behavioral sciences, natural sciences, written communication, and the competency area of perspectives in the United States and globally. Upon completion of the program, students are prepared to analyze complex problems and evaluate possible courses of action in an environment characterized by multiple perspectives and the need for sustainable solutions.

Students should demonstrate proficiency (through coursework or external credit) in the three skills areas (written communication, oral communication, and quantitative reasoning) before completing the first 30 degree-applicable credit hours earned at the University of Louisville. Within 60 hours, the student should have completed 21 hours of Cardinal Core courses.

The Cardinal Core program requires a minimum of 31 credit hours from approved course categories as outlined in the table below. Students must complete a minimum of 12 hours in the skills courses, a minimum of 19 hours in the disciplinary perspectives courses, and within the 31 hours, students must accumulate 6 hours in U.S./global perspectives credit.

Academic advisors can guide students in the selection of courses.

## Cardinal Core Content Areas and Required Credit Hours

| Area | Hours |
|---|---|
| **Skills** | |
| Written Communication (WC) | 6 |
| Oral Communication (OC) | 3 |
| Quantitative Reasoning (QR) | 3 |
| **Disciplinary Perspectives** | |
| Arts & Humanities (AH)[1] | 6 |
| Social & Behavioral Sciences (SB)/Historical Perspective (SBH)[2] | 6 |
| Natural Sciences/Natural Sciences Lab (S, SL, B)[3] | 7 |
| **Perspectives** | |
| U.S. Perspectives (P1), 3 hours | |
| Global Perspectives (P2), 3 hours | |
| The Perspectives requirement does not add hours to the total Cardinal Core Program. Requirements will be met by taking courses in other Cardinal Core categories that also carry the P1 or P2 designation. | |
| **Total Hours Required** | **31** |

1 Students must take at least 2 courses from different disciplines to satisfy the Arts & Humanities (AH) requirement.
2 Students must take at least 2 courses from different disciplines—with a minimum of 3 hours in Historical Perspectives (SBH) coursework —to satisfy the Social & Behavioral Sciences (SB) and Historical Perspectives (SBH) requirement.
3 Students must take a lecture and lab in a single discipline and an additional 3 hours in a second discipline to satisfy the Natural Sciences (S, SL, B) requirement.

NOTE: Students may take only one dual content area course (OC, WC, QR, SB, SBH, AH, S, SL, B). Perspectives attributes (P1, P2) are not included in this restriction. Taking a dual content course allows a student to meet two Cardinal Core distribution requirements while only earning 4 hours toward the overall Cardinal Core required total of 31 hours. These students will need to take an additional Cardinal Core elective in any category to bring their total overall Cardinal Core course credits up to 31 hours.

For a list of approved Cardinal Core courses, please visit the Cardinal Core website (http://louisville.edu/provost/ger/).

# Cardinal Core Content Areas

## Written Communication

*Written communication is the ability to develop and express ideas, opinions, and information in appropriate written forms. To fulfill this requirement, students will complete a substantial amount of writing, including several texts that go through the writing process.*

**Requirement:** 6 hours (WC). The first 3 hours must be a writing course in or credit approved by the Department of English.

## Oral Communication

*Oral communication is the ability to convey ideas, emotions, and information through speech.*

**Requirement:** 3 hours (OC)

## Quantitative Reasoning

*Quantitative reasoning is concerned with solving real-world problems through mathematical methods.*

**Requirement:** 3 hours in quantitative reasoning (QR)

**Disability Resource Center Assistance with QR Requirement**
A student who believes that his or her inability to complete a course that fulfills the quantitative reasoning Cardinal Core requirement is a result of a disability should contact the Disability Resource Center (DRC), which will outline the process for documenting such a disability, explain what courses can be substituted if a disability is diagnosed, and will make clear to the student that such a substitution will make it impossible to take classes for which Cardinal Core quantitative reasoning courses are prerequisite, thus greatly limiting the majors the student can elect. All such courses of action must be approved by the provost.

## Arts and Humanities

*Arts and humanities are concerned with understanding of art, music, theatre, literature, philosophy, and religious thought.*

**Requirement:** 6 hours in the arts and/or humanities (AH), with at least two courses from different disciplines.

## Social and Behavioral Sciences

*Social and behavioral sciences are concerned with understanding human behavior, human interactions, human environment, and the related social structures and forms.*

*Historical perspective (SBH) is concerned with understanding change over time. Courses addressing this requirement cover a broad body of historical knowledge and compare different societies and cultures.*

**Requirement:** 6 hours (SB): At least two courses from different disciplines and 3 hours must be in Historical Perspective (SBH).

## Natural Sciences

*Natural sciences are concerned with understanding the laws of nature and the physical world.*

**Requirement:** 7 hours: lecture (S) and lab (SL) or combined lecture and lab (B) in a single discipline; an additional 3 hours in a second discipline.

## Competency in Perspectives

*Perspectives refers to the difference that differences make. All courses in diversity will examine the ways in which components of identity and social and material stratification positively or negatively affect life experiences, opportunities, and sense of belonging in national or global contexts.*

Students must take 6 hours in perspectives, with 3 hours in U.S. perspectives (P1) and 3 hours in global perspectives (P2). The perspectives requirements will be met by taking courses in other Cardinal Core categories that also carry the P1 or P2 designation. This requirement, therefore, does not add hours to the total Cardinal Core program.

- **U.S. Perspectives**
  *Courses in U.S. perspectives (P1) will broaden students' understanding of how the experiences and opportunities of individuals and groups in the United States are shaped by the various historical, cultural and social structures and processes of stratification.*

  **Requirement:** 3 hours
- **Global Perspectives**
  *Courses in global perspectives (P2) will broaden students' understanding of how the experiences and opportunities of individuals and/or groups in non-U.S. societies are shaped by the various historical, cultural and social structures and processes of stratification locally or globally.*

  **Requirement:** 3 hours

**Petitions for Perspectives (P) Credit**
Students may receive one perspectives credit by petitioning the Cardinal Core Curriculum Committee under the following claims.

**Perspectives (P) Credit for Study Abroad Courses**
Students may petition for perspectives (P) credit for coursework undertaken as part of a study-abroad program prior to participation. Courses not previously approved for Cardinal Core credit will not be accepted for perspectives (P) credit even if they are part of a university-approved study-abroad program. Petitions must be submitted to the committee through the Cardinal Core website.

Detailed instructions are available on the Cardinal Core website (http://louisville.edu/provost/ger/diversity/).

**Perspectives (P) Credit for Transfer Courses**
A student may petition the Cardinal Core Curriculum Committee to evaluate transfer courses identified by the Admissions Office as not equivalent to any existing approved perspectives (P) course. The student requesting the evaluation must provide a catalog course description and a syllabus of the course.

Information on submitting a petition for transfer credit is available on the Cardinal Core website (http://louisville.edu/provost/ger/diversity/).

**Perspectives (P) Credit for Military Experience**
A student may petition for perspectives (P) credit based on military experience. The petition must include an essay identifying which form of perspectives (P) credit is requested, describing and explaining how the experience met the learning outcomes of the perspectives (P) competency.

Petitions must be submitted to the committee. Detailed instructions (including specifications of the essay, criteria for assessment of the essay, submission deadlines, and limits on the petition period) are available on the Cardinal Core website (http://louisville.edu/provost/ger/diversity/).

**Only one perspectives credit (P1 or P2) may be earned by petition.**

# Cardinal Core Guidelines

These rules provide guidelines and available options for student course selection for completion of the Cardinal Core (general education) requirements (effective summer 2018). In alignment with university policy, the requirements, rules, policies, and the associated course listing for Cardinal Core in this catalog are for summer 2025 through spring 2026 and apply to all students enrolled in the university during this period.

Questions concerning these guidelines can be addressed to gecc@louisville.edu for the consideration of the committee.

## Course Substitutions and Appeals

Students, departments, and units may not attempt to substitute for a Cardinal Core approved course any University of Louisville course not on the Cardinal Core approved list. The Cardinal Core Curriculum Committee will not accept any appeal for such consideration.

## Transfer Students and Cardinal Core

**Kentucky General Education Transfer Policy**
Students who transfer between Kentucky's public institutions of higher education may qualify for certification of coursework meeting the Kentucky General Education Transfer Policy.

**General Education Category Certified**
Students who have completed some but not all of the five categories in the core component will be "category certified" for purposes of transfer. Individuals in this situation must fulfill all of the remaining general education requirements of the receiving institution that have not been satisfied through category certification. Students will still be required to complete 6 hours in courses designated perspectives (P), with 3 hours in U.S. perspectives (P1) and 3 hours in global perspectives (P2).

## Statewide General Education Core Categories

**General Education Core Certified**

Students who have completed all of the categories – the core component – with a minimum of 30 unduplicated credit hours will be "core certified" for purposes of transfer. A student admitted to the university as core certified is considered to have met all general education requirements of the institution with the exception of the Perspectives competency. Students will still be required to complete 6 hours in courses designated perspectives (P), with 3 hours in U.S. perspectives (P1) and 3 hours in global perspectives (P2).

**General Education Fully Certified**

Students who have completed a general education program, with a minimum of 30 unduplicated semester credit hours or the equivalent (may include an approved SACSCOC justification for fewer hours) which includes the core component and all additional institutional-specific general education courses, will be "General Education Fully Certified" for purposes of transfer. If the receiving institution's general education program requires a sum of hours that is less than the total the student has taken at the sending institution, the excess hours will be accepted for transfer by the receiving institution and evaluated for application toward degree requirements. There may be graduation requirements beyond general education requirements that a student will need to complete (e.g., senior year capstone experiences).

**AA/AS Credit for General Education**

Students who graduate from Kentucky public institutions with AA (Associate of Arts) or AS (Associate of Science) degrees will be deemed

to be General Education Fully Certified. Students who present a transcript showing completion of an AA or AS degree from an institution that is institutionally accredited by an agency recognized by the U.S. Department of Education (USDE) (https://www.ed.gov/laws-and-policy/higher-education-laws-and-policy/college-accreditation/institutional-accrediting-agencies#RegionalInstitutional/#RegionalInstitutional), but not covered under the Kentucky Public Transfer Policy, will be considered for General Education Core Certification. Transcripts for such consideration must show completion of at least one transferable course in each of the Cardinal Core content areas at the University of Louisville: Written Communication, Oral Communication, Quantitative Reasoning, Arts and Humanities, Social and Behavioral Sciences (including Historical Perspective), and Natural Sciences.

### General Education Requirements for Second-degree Students

For students already holding a baccalaureate degree but in residence to complete a second baccalaureate, the Cardinal Core requirements shall be considered fulfilled by the first baccalaureate degree.

## Cardinal Core Assessment

Assessment of student learning outcomes is a national expectation in higher education and the expectations are calls for increased accountability. The Cardinal Core Curriculum Committee (CCCC) will conduct a systematic assessment of the Cardinal Core program for achievement of the student learning outcomes. In particular, the university-wide general education assessment program evaluates student performance in the key intellectual skills of the Cardinal Core program: critical thinking, quantitative reasoning, effective communication, and the understanding of historical, social, and cultural perspectives. This process evaluates the effectiveness of the general education program and recommends changes for its improvement, as required by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) accreditation principles.

## Cardinal Core Courses

# Graduation and Degree/Certificate Requirements

## University Policies: Graduation and Degree/Certificate Requirements

The conferring of degrees by the University of Louisville is conditional upon completion of all requirements in the opinion of the unit faculty and dean, regardless of the students' participation in commencement.

Students are strongly urged to run preliminary degree audits on a regular basis so that possible deficiencies in degree requirements can be identified early.

### Bachelor's Degree Requirements

The baccalaureate degree (arts, business administration, fine arts, music, science, or social work) is the undergraduate degree offered by the university. It is awarded to students who have completed both university-wide requirements and the requirements of the selected degree program. The following university-wide requirements apply to all baccalaureate degrees. The student must:

- Complete an online degree application by the specified date at the beginning of the semester of graduation.
- Complete an application for and be accepted for admission into a major program.
- Satisfy all Cardinal Core requirements.
- Complete all required courses and program requirements listed in the degree program section of this catalog.
- Have a cumulative university GPA of at least 2.00, or higher if specified by the program.
- Have a cumulative program GPA of at least 2.00, or higher if specified by the program.
- Complete a minimum of 120 hours applicable to the program, or more if required by the program.
- Complete at least 60 hours at an accredited four-year institution.
- Complete at least 25% of the total credit hours required for the degree in residence at the University of Louisville.
- Complete 30 of the last 36 hours in residence at the University of Louisville.
- Have neither missing nor outstanding I or X grades.
- Satisfy any additional requirements specified by the major program and unit.
- Be discharged of all financial obligations to the University.
- Be formally recommended for the baccalaureate degree by the unit faculty and dean and approved by the Board of Trustees.

### Undergraduate Program GPA

Undergraduate students must meet a minimum university cumulative GPA requirement and a minimum Program GPA requirement to qualify for graduation. The Program GPA is determined by calculating the grades from all 200+ level courses taken within the course index of the degree program (e.g. all 200+ level CHEM courses are used to calculate the Program GPA for BA/BS in Chemistry students). For cases in which a program has fewer than 30 credit hours of 200+ level courses within the program index (e.g. interdisciplinary degrees, general studies degree, individualized studies degree), the Program GPA will be calculated using the grades from all 300+ level courses taken. Students who entered the university before summer 2025 will have their Program GPA calculated using the method outlined above. In cases where a student's Program GPA is below the unit minimum, the Program GPA will be calculated using the method in place before summer 2025 and the student will be allowed to graduate if Program GPA under the prior method of calculation is above unit's minimum threshold.

### University Cumulative GPA

Undergraduate students must meet a minimum university cumulative GPA requirement and a minimum Program GPA requirement to qualify for graduation. The university's undergraduate cumulative grade point average, or university's undergraduate grade point average (UGPA), is determined by dividing the total number of quality points earned by the total number of semester hours attempted with earned grades. The UGPA takes into account all undergraduate course work taken at the university, except that courses numbered below the 100 level will not be used in the earned hours or UGPA calculations. Grades and quality points earned at other institutions are also not incorporated into the UGPA.

### Second Baccalaureates

To be awarded a second bachelor's degree type, students must earn a minimum of thirty additional semester hours in the program. For students pursuing two degree types simultaneously, these thirty hours will be added to the minimum total of semester hours needed for the degree requiring the least number of hours.

### Undergraduate Certificate Requirements

The undergraduate certificate is a credential offered by the university below the baccalaureate degree. It is awarded to students who have completed the requirements of the selected certificate program. The following university-wide requirements apply to all undergraduate certificates. The student must:

- Complete an application for and be accepted for admission into a certificate program.
- Complete all required courses and program requirements listed in the certificate requirements section of this catalog.

- Have a cumulative *university* GPA of at least 2.00 or higher if specified by the program.
- Have a cumulative *program* GPA of at least 2.00 or higher if specified by the program.
- Complete the minimum credit hours applicable to the certificate program as specified in this catalog with no more than 30% of the total required credit hours being shared with another certificate program. The limit on shared credits between certificates is rounded to the next highest whole credit hour.
- Complete at least 50% of the total credit hours required for the certificate in residence at the University of Louisville, including the completion of the culminating experience (e.g., exit exam, thesis, capstone project, capstone course, etc.).
- Have neither missing nor outstanding I or X grades.
- Satisfy any additional requirements specified by the certificate program and unit.
- Be discharged of all financial obligations to the University.
- Complete a certificate application by the specified date at the beginning of the semester of graduation.
- Be formally recommended for the certificate by the unit faculty and dean and approved by the Board of Trustees.

## Minors

Students who want to take a minor must apply for admission to the minor program after acceptance into a major program. The course work requirements for a minor are prescribed by a department or unit and consist of at least 18 semester hours. Most minor programs are open to students from all units.

Satisfactory completion of course work required for a minor will be certified as completion of the minor, and will be shown on the student's transcript only if the student's application has been accepted by the department or program offering the minor.

# Unit-Specific Policies

In addition to the university-wide policies regarding Graduation and Degree Requirements, students may be subject to the unit-specific requirements listed below.

## College of Arts and Sciences

**Minimum Hours**

Each student must earn a minimum of 121 semester hours of credit (unless a higher minimum is specified in a program of study). At least 50 of the total semester hours, whether required or elective, must be earned in courses numbered 300 or higher. A student who earns duplicate credit for courses will be required to complete more hours.

**Departmental Learning Outcomes Assessment**

Completion of a baccalaureate degree also requires students to submit work to the department of the major for the department's learning outcomes measurement. Details about the specific requirements and deadlines of an individual department are available in the department office. Students are advised to make themselves aware of these requirements as early as possible in their academic careers.

**Requirements for Minors**

The course work requirements for a minor consist of 18-23 semester hours. Students may elect a major and a minor in the same department only if there is more than one degree program in that department and if the major and minor are in two different programs of the department. Students are cautioned that completion of the major, which is required for all degrees, and completion of the minor, which is optional, may require the student to complete more than the 121 semester hours minimum required for a baccalaureate degree. Courses required for the minor may be used to fulfill other degree requirements.

## College of Business

**Minimum Hours**

Each student must earn a minimum of 120 semester hours of credit. Required hours exclude non-academic credits (all remedial course work including Reading, English, and Math courses numbered 100 or below). Students pursuing a second bachelor's degree must be admitted to the College of Business in degree status, must earn a minimum of 30 hours beyond their last degree and fulfill all program and GPA requirements of the second degree.

GPA

- 2.0 cumulative grade point average
- 2.0 expanded grade point average in the major. All courses taken to fulfill the required courses in the major will be used for the major GPA calculation, including transfer courses.

**Upper-Level Hours**

At least 48 of the total semester hours, whether required or elective, must be earned in courses numbered 300 or higher. Note that the number of the course, not the student's classification, determines whether or not a course is senior-level.

## Kent School of Social Work

Kent students participating in commencement will receive a generic letter stating that they have met the requirements of the BSW degree. This letter is an official letter that can be given to employers, for possible employment benefits. Students not attending commencement will NOT receive such a letter. Official degrees take up to six weeks to show on student transcripts. No personal letters for licensure or employment purposes can be given to students. These letters can also not be given before commencement due to specific university restrictions. Students should plan licensure exams or employment dates to accommodate this six-week delay after commencement to get an official transcript showing a degree.

## School of Music

**Minimum Hours and Point Standing**

To be recommended for a degree or minor in Music, the student must have completed the prescribed number of hours in the courses taken and must have a 2.5 grade point average.

## School of Nursing

In addition to all university policies, the following are the requirements for graduation for the pre-licensure BSN program;

- Completion of all BSN program requirements
- "C" or better in all required nursing courses

A candidate for the Bachelor of Science in Nursing in the RN-BSN program must have satisfactory completion of the required BSN courses and earned a minimum university and program grade point average of 2.0. A minimum letter grade of "C" is required in all nursing courses (NURS).

## J.B. Speed School of Engineering

**Graduation and Degree Requirements**

Degree requirements for all BS degrees granted by the J.B. Speed School of Engineering will be based upon the course requirements that are in effect at the time of admission to the School of Engineering. If an applicant has been admitted several times, the degree requirements in effect at the most recent time of admission will apply.

The following graduation and degree requirements apply to all BS engineering degrees. The student must:

- Have credit for each of the three cooperative education work terms
- Have a cumulative university GPA of at least 2.25 and have a cumulative program GPA of at least 2.25

**Second Bachelor's Degree**

In addition to the requirements set by the university, satisfaction of the requirements for co-op must have approval of both departments.

# Graduation with Academic Accolades

# University Policies: Graduation with Academic Accolades

Baccalaureate degree students who have earned a minimum of 60 hours of letter-graded (i.e., not Pass/No Credit or Pass/Fail) degree credit in residence at the University of Louisville will be eligible for consideration to graduate with academic accolades. Students who have re-entered the university under the fresh-start policy must have earned at least 60 letter-graded credit hours since their return to be considered for academic accolades.

Commencement programs will list eligible students as "Candidates for Honors" based on their having earned both undergraduate and program grade point averages of 3.5 or higher prior to the semester preceding graduation. Final determination of a student's eligibility to graduate with academic honors will be based on the student's standing upon completion of the degree.

There are three categories of academic accolades upon graduation from a Baccalaureate degree program: recognition based on GPA, recognition based on successful completion of the University Honors or Honors Scholars program, and successful completion of a unit or department recognition program such as a thesis or project.

Minimum criteria for University academic accolades based on GPA:

- **Cum Laude**: 3.50 undergraduate grade point average
- **Magna Cum Laude**: 3.75 undergraduate grade point average
- **Summa Cum Laude**: 3.90 undergraduate grade point average.

Note: This recognition will appear on the student's transcript and diploma.

Students who were admitted to the University Honors program may be eligible to graduate as an Honors Scholar.

- Students in the University Honors program who maintain a 3.35 cumulative UofL GPA, successfully complete three 3-credit Honors courses within their first four (full-time) semesters in the Honors program, and who successfully complete a minimum of 15 credit hours of Honors courses, will earn the recognition of **University Honors** on their transcript.
- Students in the University Honors Scholars program who maintain a 3.50 cumulative UofL GPA and complete an Honors-approved academic plan, focused on interdisciplinary Honors seminars and including a minimum of 24 credit hours in Honors coursework, will earn the recognition of **University Honors Scholar** on their transcript and diploma. Students who earn this distinction are awarded a medal and recognized at an awards ceremony prior to university commencement.

In addition to these minimum criteria, some degree programs allow students to graduate with Distinction upon successful completion of a thesis, paper, or project. These students will earn the recognition of **<Program Degree> Distinction** on their transcript and diploma.

A student may earn academic accolades from more than one of the above categories.

# Unit-Specific Policies

In addition to the university-wide policies regarding Graduation with Academic Honors, students may be subject to the unit-specific requirements listed below.

## College of Arts & Sciences

Students may graduate With Highest Distinction upon completion of the A&S Senior Thesis. Students are required to have a GPA of 3.5 in order to initiate the thesis.

Students may graduate With Distinction upon successful completion of a departmental honors program.

## College of Business

In determining eligibility for graduation with College Distinction, the College takes into consideration not only the university cumulative grade

point average (which must be at least 3.5), but also an "expanded major grade point average" which is calculated using all courses taken to fulfill the required courses in the major including transfer courses.

Students pursuing a double major must have the appropriate minimum GPAs in both majors to receive their degree with distinction, high distinction, or highest distinction.

Alternatively, students may graduate with highest distinction with a thesis project and the following GPA requirements: 1) a minimum of 3.75 University and program GPA at the beginning of the semester in which the student plans to graduate, and 2) the 3.75 minimum university and program GPA must be maintained through the final semester prior to graduation. With this path, students must write a thesis in their major, according to the following procedures:

1. Prior to the beginning of the student's final semester, he or she must contact the discipline Department Chair and initiate a request to be a candidate for graduation with highest honors.

2. The Chair will establish an Honors Committee of three faculty members. In consultation with the Honors Committee, the Chair will prepare a schedule of activities to help the candidate complete the thesis in a timely manner.

3. The Honors Committee will consult with the candidate and agree on a topic. The candidate will prepare the thesis according to the general requirements set up by the Honors Committee.

4. The candidate will submit the final draft of the thesis by the deadline set out in the initial schedule of activities. The Honors Committee will review the thesis on the basis of grammatical accuracy, substantive contribution, and response to the Committee's input. If the Committee chooses, it may conduct an oral examination of the candidate.

5. After reviewing the thesis, the Honors Committee will forward a positive or negative recommendation and a copy of the thesis to the Chair. To be acceptable, the thesis must be approved by all three members of the Honors Committee with the concurrence of the Chair. A candidate may appeal a negative decision to the COB Undergraduate Studies Committee. The thesis, along with the recommendations of the Honors Committee and Chair, will be forwarded to the Associate Dean for Undergraduate Programs no less than three weeks before the end of the semester in which the candidate is to graduate. It will be retained there in either a public or confidential file, as designated by the candidate. The discipline advisor will also be notified of the decision as the responsible party for notifying the Registrar's Office.

**Honors Scholar in Business**

To graduate as an Honors Scholar in Business, a COB student must complete at least 24 hours of honors courses with at least 18 hours in the COB; at least 12 hours at the 300 level or above; and at least two upper-level seminar courses (or one seminar plus a senior thesis), at least one of which must be non-business. The student's final university GPA must be 3.5 or higher.

### Kent School of Social Work and Family Science

In determining eligibility for graduation with Distinction from the Kent School of Social Work and Family Science, Kent takes into consideration not only the university cumulative grade point average (which must be at least 3.5), but also the Program GPA, which is calculated using the grades from all 200+ level courses with the course index of the degree program (e.g. all 200+ level BSW courses).

Minimum criteria for Kent School academic accolades based on GPA:

- With Distinction: 3.50 Social Work program grade point average
- With High Distinction: 3.75 Social Work program grade point average
- With Highest Distinction: 3.90 Social Work program grade point average

Note: This recognition will appear on the student's transcript and diploma.

## Residency Requirements

Students earning baccalaureate degrees are required to complete at least 25 percent of the total credit hours required for the degree (including Cardinal Core credit hours) at the University of Louisville. Students earning baccalaureate degrees are also required to complete 30 of their last 36 semester hours at the University of Louisville.

Additionally, transfer students must take a minimum of 12 credit hours in their major at the University of Louisville.

## Student Records, Rights and Responsibilities

Information on policies related to student records, student rights and student responsibilities at the University of Louisville can be found on this page or by clicking on the following links to topic-specific pages:

- Academic Grievances (p. 100)
- Classification of Students (p. 100)
- Code of Student Conduct (p. 101)
- Code of Student Rights and Responsibilities (p. 101)
- Religious Days and Observances (p. 102)
- Student Records (p. 102)

***These policies are effective for Academic Year 2025-2026 (starting with the Summer 2025 semester).*** Students enrolled in a term before this effective semester should consult with an advisor in their enrollment unit (http://louisville.edu/advising/centers/) if they feel that they are disadvantaged by any change from previous policies.

Previous catalogs are available via the archive page of this catalog (https://catalog.louisville.edu/undergraduate/archive/).

## Student Rights and Responsibilities

### Academic Grievances

The academic grievance procedure is designed to provide fair means of dealing with student complaints regarding a specific action or decision made by the faculty or a faculty member.

*"Students who believe they have been treated unfairly, discriminated against, or have had their rights abridged may initiate a grievance"*

(The Redbook, Section 6.8.1).

Detailed information on how to submit and pursue a grievance can be found on the D (https://student.louisville.edu/dean-students/complaints-grievances/)ean of Students website (https://student.louisville.edu/dean-students/complaints-grievances/).

## Code of Student Conduct

The University's Code of Student Conduct is the University's policy regarding non-academic discipline of students and student organizations. Academic discipline of students is not covered by the Code, but rather falls within the authority of the individual academic units of the University.

Students are responsible for reading and abiding by the Code of Student Conduct.

The Code of Student Conduct can be found on the Dean of Students website (https://louisville.edu/dos/students/studentrightsandresponsibilities/).

## Code of Student Rights and Responsibilities

The Code of Student Rights and Responsibilities is set forth in writing to provide students general notice of their rights and responsibilities at the University of Louisville. Further rights and responsibilities are set forth in other University rules and policies, including the Code of Student Conduct, Student Handbook, Residence Hall contracts, graduate and undergraduate catalogs and academic unit websites. It is the students' responsibility to be aware of all University rules and policies; students should check with the Dean of Students Office and with their academic units if they have any questions about the purposes or intent of these policies.

The Code of Student Rights and Responsibilities contains statements regarding the following:

- Admission and Financial Aid
- Class Rights and Responsibilities
- Academic Dishonesty
- Discipline Procedures for Academic Dishonesty
- Freedom of Expression
- Student Press
- University Facilities
- Use of University Name and Insignia
- Campus Residence Facilities
- FERPA/Privacy Guidelines
- Recognized Student Organizations
- Promulgation of University Rules Affecting Students

The Code of Student Rights and Responsibilities can be found on the Dean of Students website (https://louisville.edu/dos/students/studentrightsandresponsibilities/).

## Work-Restricted Religious Observances/Holy Days

Federal law and university policy prohibit discrimination on the basis of religious belief. It is the policy of the University of Louisville to accommodate students, faculty, and staff who observe religious work-restricted holy days.

Students who observe work-restricted religious holy days must be allowed to do so without jeopardizing their academic standing in any course. Faculty are obliged to accommodate students' request(s) for adjustments in coursework on the grounds of religious observance, provided that the student(s) make such request(s) in writing (2) weeks prior to the anticipated absence.

Deans and department chairs must investigate and resolve student complaints arising from alleged faculty failure to make reasonable accommodations under these guidelines.

Faculty and staff supervisors are directed to accommodate requests for absence for work-restricted religious holy days, unless it would cause an undue hardship. Further, whether the holy days are work-restricted or not, supervisors of faculty and staff should be sensitive to requests for accommodations.

**Definition of Religious Observance/Work-restricted Holy Day**

> A recognized denominational sacred or holy day that is observed by persons or groups who are required—through a set or system of religious beliefs, laws/doctrines, tenets, canons or theology—to restrict or limit work and/or physical or mental activity directed toward the production or accomplishment of something; toil; labor.

This definition may include academic endeavors (e.g., examinations, classroom activities and research, or out-of-classroom learning experiences).

There is a distinction between religious holy days, sectarian holidays, and ethnic holidays and festivals which are routinely celebrated in the United States of America—e.g., Christmas, New Year's Day, etc., and religious work-restricted holy days which are based upon religious tenets, laws, and/or doctrine—i.e., Yom Kippur, portions of Ramadan, or a work-restricted Sabbath.

Individuals who observe and/or follow these religious work-restricted holy days are not permitted to engage in day-to-day occupations, work, or attend school, including taking examinations or performing other routine commitments. Observances/practices vary from culture to culture within and across denominations.

# Student Records

## Privacy of Student Records (FERPA)

The University of Louisville hereby notifies students concerning the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records and to provide guidelines for the correction of inaccurate or misleading information. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office, Department of Education, concerning alleged failures by the institution to comply with the act.

The University has adopted a policy which explains the procedures to be used by the University for compliance with the provisions of the act and the regulations adopted pursuant thereto. Copies of the policy and other FERPA information can be obtained online here (https://louisville.edu/counsel/ferpa-1/notification-of-students-privacy-rights-under-ferpa/). Questions concerning the Family Educational Rights and Privacy Act may be referred to the office of University Council.

## Student Information System

The Student Information System (SIS) is the electronic system that is used to register students and record their grades. It is from this system that transcripts are produced for students completing coursework at the university beginning with the 1982 fall semester.

## Classification of Students

Undergraduate students are admitted to an undergraduate enrollment unit and classified as follows:

- **Full-time students:** students who are registered for 12 or more semester hours in a regular school session.
- **Part-time students:** students who are registered for fewer than 12 semester hours in a regular school session.
- **Regular students:** students who have satisfied the admissions requirements for the academic unit in which they are enrolled. Special students: students who do not satisfy the admissions requirements for the academic unit in which they are enrolled, but who are admitted by special consent.
- **Visiting students:** students regularly enrolled in other institutions who desire to register in one of the academic units of the University for one semester. Visiting students must be in good standing in their regular college or university.
- **Post-baccalaureate:** students holding baccalaureate degrees and taking further undergraduate work.
- **Auditors:** students enrolled in a class or classes on a noncredit basis.
- **Freshmen:** students who have fewer than 30 semester hours of credit.
- **Sophomores:** students who have 30 or more, but fewer than 60 semester hours of credit.
- **Juniors:** students who have 60 or more, but fewer than 90 semester hours of credit.
- **Seniors:** students who have 90 or more semester hours of credit but have not received baccalaureate degrees.

## Change of Address

Students requiring address changes during and between terms can make the adjustments via the web through Ulink. Under the heading “Personal Information”, select “home and mailing addresses”, then select “edit.”

Students may also go directly to the registrar’s office, Houchens building (RM# 31), and submit their new address in person. Address changes will also be accepted by calling the registrar’s office at (502) 852–6522. Verification of student personal identification number will be required.

## Email Notification

The University will use the University email system to remind students of some academic and financial deadlines as well as notification of canceled courses. Students are expected to check campus email regularly and are responsible for the information conveyed through University email.

# Academic Grievances

The academic grievance procedure is designed to provide fair means of dealing with student complaints regarding a specific action or decision made by the faculty or a faculty member.

> “Students who believe they have been treated unfairly, discriminated against, or have had their rights abridged may initiate a complaint or grievance within one year from the event.”
> *The Redbook*, Section 6.8.1

Detailed information on how to submit and pursue a grievance can be found in *The Redbook*, Section 6.8.1, and on the Student Grievance Officer's website (https://student.louisville.edu/dean-students/complaints-grievances/).

# Classification of Students

Undergraduate students are admitted to an undergraduate enrollment unit and classified as follows:

- **Full-time students:** students who are registered for 12 or more semester hours in a regular school session.
- **Part-time students:** students who are registered for fewer than 12 semester hours in a regular school session.
- **Regular students:** students who have satisfied the admissions requirements for the academic unit in which they are enrolled.
- **Special students:** students who do not satisfy the admissions requirements for the academic unit in which they are enrolled, but who are admitted by special consent.
- **Visiting students:** students regularly enrolled in other institutions who desire to register in one of the academic units of the University for one semester. Visiting students must be in good standing in their regular college or university.

- **Post-baccalaureate:** students holding baccalaureate degrees and taking further undergraduate work.
- **Auditors:** students enrolled in a class or classes on a noncredit basis.
- **Freshmen:** students who have fewer than 30 semester hours of credit.
- **Sophomores:** students who have 30 or more, but fewer than 60 semester hours of credit.
- **Juniors:** students who have 60 or more, but fewer than 90 semester hours of credit.
- **Seniors:** students who have 90 or more semester hours of credit but have not received baccalaureate degrees.

# Code of Student Conduct

## Code of Student Conduct

The University's Code of Student Conduct (https://student.louisville.edu/code-student-conduct/) ("The Code") is the University's policy regarding non-academic discipline of students and student organizations. Academic dishonesty is not covered by this Code but rather falls within the authority of the individual academic units of the University. Students have the responsibility to follow all regulations outlined in this policy.

The primary purpose for the Code in the university setting is to respond to incidents of non-academic misconduct in a way that is developmentally sound and which creates an environment in which all members of the academic community can live, work, and learn together. The Code is designed to provide educational guidance to those choosing to develop into good citizens and, at the same time, to respond appropriately to behavior which may be inconsistent with university policies.

Criminal and civil codes are undesirable models for student conduct codes. Unlike society, the University of Louisville is a voluntary association of scholars who demand and deserve a positive and special learning environment, as well as an approach for enforcing the community's standards. The University of Louisville is a community dedicated to the principles of free expression in which diverse views are encouraged and embraced. Opinions that may be unpopular and/or contrary to the University's values and objectives, but do not otherwise violate policy, will not result in sanctions from the University.

The University's Code of Student Conduct is set forth in writing in order to give students general notice of non-academic prohibited conduct. The Code should be read broadly and is not designed to define non-academic misconduct in exhaustive terms. The Vice President for Student Affairs (VPSA) or designee is the final authority in defining and interpreting the Code of Student Conduct and conduct procedures. The University reserves the right to amend the Code of Student Conduct at any time.

The Code (https://student.louisville.edu/code-student-conduct/) can be found at the Dean of Students website (https://student.louisville.edu/dean-students/). Contact the Dean of Students Office in SAC W301 by email (dos@louisville.edu) or by phone at (502) 852-5787.

# Code of Student Rights and Responsibilities

## Code of Student Rights and Responsibilities

The Code of Student Rights and Responsibilities is set forth in writing to provide students with general notice of their rights and responsibilities at the University of Louisville. Further rights and responsibilities are set forth in other University rules and policies, including the Code of Student Conduct, Student Handbook, Residence Hall contracts, graduate and undergraduate catalogs, and academic unit websites. It is the students' responsibility to be aware of all University rules and policies; students should check with the Dean of Students Office and with their academic units if they have any questions about the purposes or intent of these policies.

The Code of Student Rights and Responsibilities (https://student.louisville.edu/dean-students/policies/code-rights-and-responsibilities/) is located on the Dean of Students website (https://louisville.edu/dos/).

**Student Handbook**

Other policies and information for students can be found in the online Student Handbook (https://student.louisville.edu/dean-students/policies/student-handbook/).

**Student Advocacy and Support**

The Student Advocate helps students navigate educational, personal, and other campus obstacles that impact successful completion of their academic goals. The Student Advocate links students with appropriate University and community resources and follows through to assist with student concerns while collaborating with faculty and staff in the best interest of the students.

At times, students may experience a variety of issues that impact their ability to be academically successful, such as illness, death of an immediate family member, accident, critical issues such as sexual assault, harassment, domestic violence, or other emergency situations. The Student Advocate works with students and their families to resolve issues by identifying options and strategies and offering information and guidance. During difficult times, students should be empowered with the

resources to make informed decisions and take a proactive role in the problem resolution process.

While the academic and non-academic complaint processes (https://student.louisville.edu/dean-students/complaints-grievances/) differ, both types of complaints should be submitted through the Complaint Form (https://cm.maxient.com/reportingform.php?UnivofLouisville&layout_id=10) to initiate the appropriate process. Submitting this form is the first step for both academic and non-academic-related matters.

The Student Advocate is in the Dean of Students Office, SAC W301. For assistance, please email the Student Advocate (advocate@louisville.edu) or call (502) 852-5787 to schedule an appointment.

**Student Grievance Officer**
Students who have complaints, grievances, or concerns regarding courses taken at the University of Louisville or other University policies or services will be referred to the Student Grievance Officer to have the issues resolved in an expeditious, fair, and amicable manner. Students should first seek to resolve their complaints through informal discussion and administrative channels. The same resources are provided to on-campus and off-campus students.

The Student Grievance Officer (https://student.louisville.edu/dean-students/complaints-grievances/) is responsible for informing students of their rights and obligations under the University's Student Grievance Procedures (https://student.louisville.edu/dean-students/complaints-grievances/). The Student Grievance Officer will seek to resolve informally as many grievances as possible. Students with academic complaints will be referred to the Student Grievance Officer as appropriate.

# Religious Days and Observances

## Work-Restricted Religious Observances/Holy Days

Federal law and university policy prohibit discrimination on the basis of religious belief. It is the policy of the University of Louisville to accommodate students, faculty, and staff who observe religious work-restricted holy days.

Students who observe work-restricted religious holy days must be allowed to do so without jeopardizing their academic standing in any course. Faculty are obliged to accommodate students' request(s) for adjustments in coursework on the grounds of religious observance, provided that the student(s) make such request(s) in writing (2) weeks prior to the anticipated absence.

Deans and department chairs must investigate and resolve student complaints arising from alleged faculty failure to make reasonable accommodations under these guidelines.

Faculty and staff supervisors are directed to accommodate requests for absence for work-restricted religious holy days, unless it would cause an undue hardship. Further, whether the holy days are work-restricted or not, supervisors of faculty and staff should be sensitive to requests for accommodations.

**Definition of Religious Observance/Work-restricted Holy Day**

> A recognized denominational sacred or holy day that is observed by persons or groups who are required—through a set or system of religious beliefs, laws/doctrines, tenets, canons or theology—to restrict or limit work and/or physical or mental activity directed toward the production or accomplishment of something; toil; labor.

This definition may include academic endeavors (e.g., examinations, classroom activities and research, or out-of-classroom learning experiences).

There is a distinction between religious holy days, sectarian holidays, and ethnic holidays and festivals which are routinely celebrated in the United States of America—e.g., Christmas, New Year's Day, etc., and religious work-restricted holy days which are based upon religious tenets, laws, and/or doctrine—i.e., Yom Kippur, portions of Ramadan, or a work-restricted Sabbath.

Individuals who observe and/or follow these religious work-restricted holy days are not permitted to engage in day-to-day occupations, work, or attend school, including taking examinations or performing other routine commitments. Observances/practices vary from culture to culture within and across denominations.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the office of University Counsel.

### Student Information System

The Student Information System (SIS) is the electronic system that is used to register students and record their grades. It is from this system that transcripts are produced for students completing coursework at the university beginning with the 1982 fall semester.

### Change of Address

Students requiring address changes during and between terms can make the adjustments via the web through Ulink. Under the heading "Personal Information," select "home and mailing addresses," then select "edit."

Students may also go directly to the registrar's office, room 31, Houchens building, and submit their new address in person. Address changes will also be accepted by calling the registrar's office at (502) 852–6522. Verification of student personal identification number will be required.

### Email Notification

The university will use the university email system to remind students of some academic and financial deadlines as well as notification of cancelled courses. Students are expected to check campus email regularly and are responsible for the information conveyed through university email.

# Financial Aid

## Office of Student Financial Aid

The Office of Student Financial Aid serves prospective students, current students, and their parents with financial aid questions and needs.

Website: louisville.edu/financialaid (http://louisville.edu/financialaid/)
Email: finaid@louisville.edu
Call center: (502) 852-5511
Campus location: 110 Houchens Building, Belknap Campus

### Website

On the Student Financial Aid website (http://www.louisville.edu/financialaid/), visitors can access the following:

- Term-specific information on aid disbursement, residual funds, and financial aid advances;
- Financial aid news and upcoming important dates;
- Aid application and processing instructions;
- Award sources and types;
- UofL and outside scholarship postings;
- Consumer information.

### Email Service Account

Send your email questions to finaid@louisville.edu. For specific account information, current students must email the office from their UofL account.

### Call Center

Contact the call center at (502) 852-5511 from 9:00 a.m. to 4:00 p.m. Monday through Friday. On Thursdays, the call center opens at 11:00 a.m.

This service is intended to assist prospective students, current students, and parents with their general financial aid questions. We ensure students' privacy by not disclosing account-specific information. Current students should have their student ID number ready when calling.

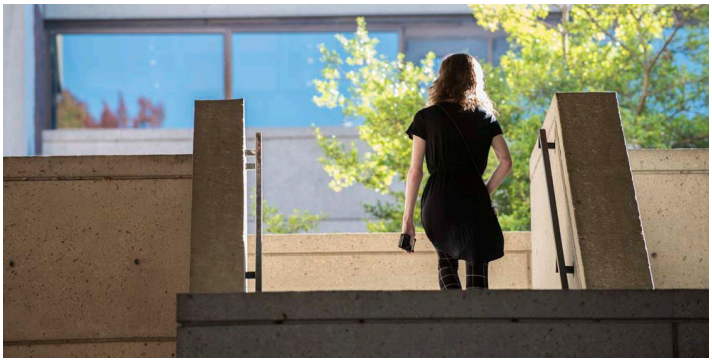
### Office Hours

The Student Financial Aid Office provides walk-in counseling to both current and prospective students Monday, Tuesday, Wednesday, and Friday from 9:00 a.m. to 4:30 p.m.

On Thursdays, the office and call center are open from 11:00 a.m to 4:30 p.m.

Check the Student Financial Aid Office website (http://louisville.edu/financialaid/) for special hours during the August and January class registration periods.

# Financial Settlement



## Financial Settlement

### Continuing Registration

Tuition and fees are due on, or before, the designated due date for the semester. Payment Due Dates are noted on the Bursar website (http://louisville.edu/bursar/). Payment may be made by paper check, money order, or financial aid credit. All electronic check (ACH) or Credit Card payments (transaction fee applies) may only be remitted electronically via ULink. Payments also may be made by mail or at the Office of the Bursar.

For Payment Option information visit: louisville.edu/bursar (http://louisville.edu/bursar/)

Failure to receive a Statement of Account will not relieve the student of the responsibility for making financial settlement by the designated due date. Registrations which are not financially settled by the designated due date will be placed on financial hold and affected students will not be permitted to add or swap classes until their student account is financially settled.

The due dates are listed on the Bursar's website (http://louisville.edu/bursar/) (Payment Due Dates).

### Regular Registration

Students should be prepared to fully settle financial obligations by the last day to drop/add for the semester. Failure to fully settle financial obligations may result in financial penalties.

### Financial Settlement Options

Due dates, payment information, and payment plan options for specific semesters are updated regularly on the Bursar's website (http://louisville.edu/bursar/).

Please address your questions to the Bursar's Office by email at bursar@louisville.edu.

### Financial Penalties

Students whose accounts are not paid by established semester deadlines may be subject to financial penalties. Students with unpaid account balances will be placed on Financial Hold by the Bursar's Office. Students placed on Financial Hold become ineligible for further registration and transcripts may not be released until the student account is paid in full.

A late payment fee of $100.00 may be assessed when student accounts are not paid by the last day to drop/add.

A student whose payment is not honored by the bank on which it was drawn may be assessed a return payment fee. If restitution is not made within 10 days of notification, the student may be subject to course cancellation and/or legal action.

Debtors who do not make satisfactory payment arrangements on their past due accounts may have their accounts placed with a collection agency. Students will be responsible to reimburse the University for the fees of any collection agency, which may be based on a percentage of the delinquent account balance (to a maximum of 40 percent of the delinquent account balance), and will also be liable for all reasonable attorneys' fees and costs and expenses incurred by the University in its collection efforts. The University of Louisville, or associated vendor partners, may also report to the credit bureau organization(s) any information regarding any unpaid obligation.

### Withdrawal Policy

The effective withdrawal date is the date on which the withdrawal is processed in the Student Records System. This date is used in calculating any applicable tuition reduction.

More information on withdrawals can be found in the Course Registration Policies (p. 71) section of the undergraduate catalog.

### Tuition Reduction

When a student officially withdraws from the University or from any course, or courses, for which hourly tuition rates apply, tuition and student activity fee charges will be adjusted according to the tuition reduction schedule. The full amount of tuition/fee charges for the semester will be due unless the withdrawal occurs during the tuition reduction period. The tuition reduction schedule for each semester is available on the Registrar's website (https://student.louisville.edu/registrar/registration/calendars/).

This policy applies to all tuition and student activity fees except for nonrefundable deposits. Course fees, special fees, and laboratory fees are reduced only with the 100% adjustment.

### Financial Aid Recipients

Determinations regarding refunds of resulting credit balances will be based on regulations governing the financial aid awarded to the student. Federal regulations mandate that students have the right to cancel all or a portion of an EFT loan.

To request cancellation of all or a portion of your loan, contact the Financial Aid Office in writing:

University of Louisville
Louisville, KY 40292

# Academic Unit Information

The University of Louisville has nine colleges and schools that offer degree programs at the undergraduate level:

College of Arts and Sciences (p. 105)

College of Business (p. 107)

College of Education and Human Development (p. 110)

J.B. Speed School of Engineering (p. 112)

Kent School of Social Work and Family Science (p. 117)

School of Dentistry (p. 119)

School of Music (p. 121)

School of Nursing (p. 124)

School of Public Health and Information Sciences (p. 126)

The Graduate School, Louis D. Brandeis School of Law, and the School of Medicine only offer credentials at the graduate and/or professional levels.

## About

We believe that an excellent education in the liberal arts and sciences is the best preparation for life and work in a world of increasing diversity and ever-accelerating change. Our graduates become informed and critical thinkers, creative problem-solvers, and confident communicators.

Our students learn by doing: they conduct research and express their creativity, include ethical considerations in their thinking, and experience the world from the perspectives of other cultures. The College brings the heritage of the intellectual tradition to bear on the challenges of the future.

The mission of the College of Arts & Sciences is to improve life in the Commonwealth and particularly in the greater Louisville urban area, creating knowledge through its research, sharing knowledge through its teaching, and guiding all its students to realize their potential.

## Majors and Degrees

The College of Arts & Sciences has three divisions: natural and physical sciences, social and behavioral sciences, arts and humanities. Each division contains departments that offer programs in specific disciplines, and the College also has a number of interdisciplinary programs. Most departments offer programs leading to the master's degree, and several departments offer doctoral degrees.

### Advising Services

The College of Arts & Sciences Center for Advising and Student Services, also referred to as A&S Advising, consists of a team of professional advisors, peer advisors, and support staff who assist students throughout their academic career. Advising in the College of Arts & Sciences is a partnership tailored to the individual student each interaction with a student as an opportunity to impact change. To make an appointment call our office at 502-852-5502 or schedule online through Cardsmart.

### Academic Integrity

In accordance with the Code of Student Rights and Responsibilities (https://louisville.edu/dos/students/codeofconduct/), academic dishonesty is prohibited at the University of Louisville. Academic dishonesty is defined by the Code of Student Conduct. Its definition pertains to but is not limited to cheating, fabrication, falsification, multiple submission, plagiarism, and complicity. It is the student's responsibility to maintain high standards of ethical conduct, and intellectual integrity and to be familiar with the definition of academic dishonesty. The Dean's office works to ensures that the **Academic Integrity Procedures*** for the College of Arts and Sciences are followed appropriately and that disciplinary actions are applied uniformly and equitably across the school commensurate with the type and circumstances of the violation.

### Student Grievance

Students who wish to pursue grievances of any kind may consult with the Student Grievance Officer or the Associate Dean for Undergraduate Education in the College of Arts and Sciences who will apprise the student of the policies and procedures regarding grievances. Detailed information on how to submit and pursue a grievance can be found on the Dean of Students website. (https://louisville.edu/dos/help/studentgrievance/)

## About

The College of Business was founded in 1953. Our business degree programs are accredited by AACSB International - The Association to Advance Collegiate Schools of Business. Our accountancy program is one of a select group with additional AACSB accreditation. Our equine industry program is the only one in the world housed in an AACSB accredited college. Our Global MBA, offered in partnership with Akademie Wuerth Business School in Germany, is accredited by the Foundation for International Business Administration Accreditation (FIBAA).

Louisville is a great place to study business, because it's where most business in Kentucky happens. Our students, graduates and faculty interact with businesses in Louisville, elsewhere in Kentucky and the United States, as well as in Europe, Asia-Pacific and Central America—all regions where we have graduates. Our Louisville campus includes students from more than 100 countries, almost all 50 states and all 120 Kentucky counties.

Each year we serve approximately 1900 undergraduate students and 300 graduate students with about 80 full-time faculty. We are nationally recognized as a metropolitan research institution and the leading entrepreneurial business college in the region.

We educate future corporate, public and non-profit sector leaders, and entrepreneurs determined to start their own business or help re-invent an existing corporation. Many of our graduates stay in this region and help it prosper; others are spread across the nation and the world.

Our students have access to a great variety of grants, scholarships and financial aid, including scholarships for international travel.

To enhance teaching and learning, our students and faculty also have access to highly sophisticated university-based telecommunications and computer information systems.

The modern, well-furnished College of Business building is located on the University of Louisville's Belknap Campus near the downtown business district. It houses comfortable, technologically advanced classrooms, a large auditorium, a variety of attractive meeting rooms, advising services housed in the Reinhardt Academic Center, and the Ulmer Career Management Center, which provides advanced career services to College of Business students and alumni for life.

Many of our graduate and undergraduate programs are highly ranked in national and international listings of excellence. See the current rankings (http://business.louisville.edu/rankings/) at the College of Business website.

Or, please see our full website (https://business.louisville.edu/) for a complete listing of our ratings, accreditation, and other noteworthy achievements.

### College of Business Administration

The complete and up-to-date organizational chart for the college (https://business.louisville.edu/about/leadership-admin/) is located on the Business website.

## Faculty and Departmental Information

The complete and up-to-date list of departments and faculty (https://business.louisville.edu/faculty-and-staff-directory/) is located on the Business website.

# About the Program

## Advising Services

The College of Business employs a staff of professional advisors in the Reinhardt Academic Center (https://louisville.edu/advising/centers/business/) to assist students in the development of meaningful educational plans. We take our mission very seriously. We are committed to helping you in the development of a rewarding program of study and a challenging educational plan.

We encourage you to take responsibility for your own learning, and are available to assist you in appropriate course selection, interpreting policies and procedures and monitoring your academic performance and progress toward degree completion. At the end of your coursework, we will conduct a degree check verifying that all program requirements have been completed--and then on to graduation! The academic counselors at the advising center are also available to refer you to appropriate university resources including tutoring, counseling and career services.

**Undecided Students**

Students who enrolled as an Undecided BSBA must chose a major within their first 45 earned hours. Students who reach 45 earned hours and are still undecided will receive an advising hold and will not be permitted to register until they have chosen a major.

## Academic Forgiveness & Fresh Start

Academic Forgiveness and Fresh Start policies allow students to request the adjustment of their records for one or more entire semesters of previous college work, provided certain criteria are met. Students should see the Academic Forgiveness and the Fresh Start (p. 76) policy.

## Student Academic Rights and Responsibilities

Every student is expected to be thoroughly familiar with the University's Code of Student Rights and Responsibilities and Student Conduct (p. 98).

Every student is responsible for reading the academic policies in the Undergraduate Catalog and official announcements of the College of Business and for abiding by such regulations. Specifically, every student is responsible for knowing the grade point averages and program requirements needed for graduation. Students are encouraged to see a COB academic advisor to clarify any questions or concerns.

Along with preparing for and attending class, each student has the responsibility to promote high academic standards. Students are expected to cooperate in all classes with faculty members to achieve an optimal learning environment. Inappropriate classroom behavior may result in the student being withdrawn from the course, and potentially assigned academic penalties. Inappropriate classroom behavior will be dealt with in the same manner as academic dishonesty.

## Academic Dishonesty

The COB has a strong policy of academic discipline for action against students who commit academic dishonesty or conduct themselves inappropriately in the classroom. A proven case of academic dishonesty will normally result in the student being denied admission to or dismissed from the COB.

Academic dishonesty is defined by the Code of Student Conduct. Its definition pertains to but is not limited to cheating, fabrication, falsification, multiple submission, plagiarism, and complicity. It is the student's responsibility to maintain high standards of ethical conduct, and intellectual integrity and to be familiar with the definition of academic dishonesty.

As evidence of the seriousness with which the COB regards these matters, academic dishonesty allegations are handled in accordance with COB Procedures for Dealing with Academic Dishonesty.

**Procedures for Dealing with Academic Dishonesty**

1. When an academically dishonest event is discovered, it is the faculty member's responsibility to determine the appropriate course of action, the associated academic penalty, and to inform the student in a timely fashion of the academic dishonesty allegation. It is the faculty member's responsibility to determine the academic penalty and if an informal or a formal course of action is required. Academic penalties are imposed by the faculty member. The severity of academic penalty is commensurate with the academically dishonest event, and include penalties such as:
   a. Resubmission of an alternative assignment or test
   b. F grade on the assignment/test
   c. F for the course grade
2. In cases where an academically dishonest event is deemed inadvertent or inconsequential, the faculty member may choose to resolve the academically dishonest event informally with the student. The informal discourse between the faculty member and the student should address the seriousness in how the COB views academic dishonesty, inform the student that it is their responsibility to know what constitutes academic dishonesty, and inform the student that any future academic dishonesty will not be tolerated. Academic penalties in this case should not have a material impact on the student's final grade in the class.
3. In cases where an academically dishonest event requires a material academic penalty, such as assigning an F for a major assignment/test, the faculty member may resolve the matter directly with the student. In this case within a timely and reasonable period, the faculty member must inform the student of the academic dishonesty allegation and present to the student a letter stating the allegation, documenting any associated evidence, and detailing the academic penalty. The faculty member must inform the student that the letter will be placed on permanent file in the COB's Dean's Office, and that any subsequent academic dishonesty will likely result in administrative penalties, (see 4f). If the student agrees to the terms of the letter as evidenced by the student's signature on the letter, the faculty member shall forward a copy of the letter to the Department Chair. The Department Chair shall deliver the letter to the Dean's Office and review the academic dishonesty file to determine if the student has committed any previous acts that may require further administrative penalties. The Department Chair shall report to the Dean of the COB if further action is needed.
4. When procedures outlined in the preceding paragraph are inappropriate, insufficient or unacceptable to either the faculty

member or the student the following formal procedures provide due process.

a. Except under extraordinary circumstances, within ten school days of informing the student of the alleged academic dishonesty event, the faculty member will prepare a written statement that describes and documents the academic dishonesty allegation. The statement must include all supporting evidence, and the faculty member's recommended academic penalties. The faculty member's statement is to be submitted to the Faculty Co-Chair of the Undergraduate Studies Committee, (hereafter referred to as Co-Chair).
b. Except under extraordinary circumstances, within fifteen school days of receiving the faculty member's statement, the Co-chair will provide to the student through registered mail a letter detailing the academic dishonesty allegation. This correspondence will include notice that a hearing to investigate the academic dishonesty allegation is to be scheduled at the earliest possible convenience for all persons involved.
c. The hearing will be organized and administered by the Co-chair. The Co-chair will appoint a hearing committee, which will consist of the Co-chair plus two COB faculty members that are currently serving on the Undergraduate Studies Committee. The student may be assisted at the hearing by an academic student advisor of his/her choosing. A request for student advisor assistance must be made through written communication to the Co-chair.
d. The student may waive the right to the hearing by admitting to the charge of academic dishonesty in a signed written statement delivered to the Co-chair of the Undergraduate Studies Committee prior to the date of the hearing.
e. At the hearing, the faculty member and the student will each be provided an opportunity to present oral testimony, written evidence, and any other evidence. The burden of establishing the student's guilt is the responsibility of the faculty member making the allegation.
f. Except under extraordinary circumstances, within fifteen school days of the hearing, the hearing committee will render a decision on the academic dishonesty allegation and produce a written report of its findings. The Co-chair will notify the student and faculty member in writing of the hearing committee's findings. If the student is found to be guilty of the allegation, academic penalties will be imposed, and if appropriate, administrative penalties will be recommended. The hearing committee's decisions on academic penalties are final. All guilty findings will be placed on file under academic dishonesty events with the COB Dean's Office. In the case of a guilty finding the Co-chair will review the file of academic dishonesty events to determine if this is a first or a repeat offense. A repeat offense will likely result in a recommendation for administrative penalties. Administrative penalties in the case of suspension or expulsion from the COB are imposed by the Dean of the COB, or by the Provost in the case of suspension or expulsion from the University.
g. In the case of recommended administrative penalties, the Dean of the COB shall review the hearing committee's report and issue a decision regarding imposing COB administrative penalties and whether any University-wide penalties will be recommended to the Provost. Except under extraordinary circumstances, within 15 school days of receiving the hearing committee's report, the Dean of the COB shall notify the student, the faculty member originating the academic dishonesty allegation, and the Co-chair of the hearing committee of its decision. The Dean of the COB shall forward any recommended University-wide penalties to the Provost.
h. If the student fails to appear before the hearing committee, the hearing will be held in the student's absence and a final decision rendered. If the faculty member making the allegation of academic dishonesty fails to appear, the charges will be dropped. Unforeseen and uncontrollable events that prevent an individual's appearance at the hearing will be considered prior to making a final decision.
i. i. In the case where multiple students are involved with the academic dishonesty allegation, each student will be dealt with individually, but the composition of the hearing committee will remain the same for all students involved with the alleged event. j. Any student who believes the processing or final disposition of a charge of academic dishonesty was unfair may initiate a grievance under the Academic Grievance Procedure as defined in the Academic Policies and Procedures of the Undergraduate Catalog.

### Student Grievances

Students who wish to pursue grievances of any kind may consult with the Student Grievance Officer or the Associate Dean for Undergraduate Programs in the College of Business who will apprise the student of the policies and procedures regarding grievances. Detailed information on how to submit and pursue a grievance can be found on the Dean of Students website (https://student.louisville.edu/dean-students/complaints-grievances/).

## About the College

The College of Education and Human Development (CEHD), established in 1968 as the School of Education, is a college whose mission is to promote and strengthen the professional development of individuals concerned with education and human resource development in a variety of urban settings such as schools, colleges and universities, private and corporate organizations, and government agencies. This is done by conducting research, providing service, and preparing teachers, administrators, training and development specialists, and professionals in sport management, mental and physical health, and student affairs. In 2000, the name was changed to the College of Education and Human Development, to more accurately reflect the College's mission and programs. As an urban institution, the College is particularly concerned with improving the education and quality of life for persons of all ethnic and cultural backgrounds. The administration, faculty, and staff are committed to working with other university personnel and practitioners in carrying out this mission.

As one of five Commonwealth Centers of Excellence and the only one in education, the College of Education and Human Development offers programs, which are:

- Based upon established knowledge bases that incorporate urban and global perspectives as well as current understanding of best professional practice;
- Consistent with the philosophical standards and ethical practices of relevant professional associations;
- Available to qualified individuals without regard to ethnicity, age, religion, gender, sexual orientation, disability, or national origin;
- Future oriented and open to change on the basis of inquiry and experimentation as well as the needs and expectations of those we serve;
- Rooted in the assumption that members of our faculty and staff are continuing learners who model the practices they teach, including the use of current information technologies; focused upon collaborative approaches to address the concerns of those we serve.

## Structure

The College of Education and Human Development provides courses and other experiences designed to prepare professionals in school and non-school settings. It offers curricula leading to the Bachelor of Science degree in Elementary Education, Middle and Secondary Education, Exercise Physiology, Sport Administration, and Organizational Leadership and Learning.

The College of Education and Human Development also offers minors in Exercise Physiology, Sport Administration, Athletic Coaching, Healthcare Leadership, Leadership and Talent Development, Counseling and Human Relations, and Name, Image and Likeness in Sport, to support the degree programs of students both within the College of Education and Human Development and those pursuing a degree through another college/school at the University. Undergraduate Certificates are also offered in Healthcare Leadership, Human Resource Leadership, and Culture, Equity,

and Opportunity in the Workplace, which are open to both those in other degree programs at the university, or can be pursued in a non-degree status, for those only seeking a certificate.

## College of Education and Human Development Administration

The complete and up-to-date list of Education leadership and administration (https://louisville.edu/education/about/administration/) is located on the CEHD website.

## Faculty and Departmental Information

The complete and up-to-date list of departments and faculty is located on the CEHD website (https://louisville.edu/education/).

## Academic Advising

Academic advising is located in Room 140 of the Porter Education Building and is open Monday through Friday, 8:00 am to 4:30 pm. Our academic advising office provides prospective and current students with excellent academic advising, consistent and accurate program information, and services related to registration, financial aid, and admissions.

Please call (502) 852-5597 or email edadvise@louisville.edu to schedule an undergraduate advising appointment, to ask questions concerning enrollment and student services, or information regarding application to one of many programs offered by the College of Education and Human Development.

# About the Programs

## Academic Grievance Procedure

The College of Education and Human Development follows the procedures for academic grievances (p. 100) found in this catalog and as published in *The Redbook*, Chapter 6, Article 8. Any student considering filing such a grievance should consult with the Student Grievance Officer or the Associate Dean for Student Success and Academic Affairs in the College of Education and Human Development, who will apprise the student of the policies and procedures regarding grievances.

Students of the College of Education & Human Development can contact Assistant Dean for Undergraduate Student Services and Enrollment Management, Dr. Dylan Naeger, (502) 852-5050, for questions, concerns, and reports of student conduct, complaints, and grievances.

## Statement of Policy and Procedures with Respect to Academic Integrity

A primary goal of the College of Education and Human Development is to educate students who will serve their community with competence and integrity. To this end, the faculty considers academic honesty on the part of students of paramount importance. At another level, the trust existing between faculty and students must not be tainted with suspicion of dishonesty. Academic dishonesty is defined in the Code of Student Rights and Responsibilities. In the event that a student believes the following procedures for handling allegations of academic dishonesty have resulted in an error, that student may seek counsel from the Student Grievance Officer.

## Procedures for Dealing with Breaches of Academic Integrity

1. A faculty member who believes that a student has committed an act of academic dishonesty shall, after checking with the clearinghouse to determine if the student has been found guilty of such acts previously, prepare a written statement that specifies the charge and that proposes the penalties to be imposed on the student. The proposed penalties shall be described as either:
   a. Academic penalties, which are penalties associated with the class in question, such as resubmission of or alternate assignments, F on the assignment, F for the course, etc.; or
   b. Administrative penalties, which are suggested penalties to be imposed by the Dean or Provost, such as suspension or expulsion from the College of Education and Human Development or the University.
2. The faculty member shall meet with the student in person and in private, at which time the faculty member shall:
   a. Explain the basis for the allegation;
   b. Give the student a copy of the written statement of the charge and proposed penalties; and
   c. Give the student a copy of these procedures.
3. The student shall either admit or deny the charge of academic dishonesty in writing no later than one week after the meeting with the faculty member. If the student does not meet this deadline, the student will be deemed to have denied the charge.
4. If the student admits the charge, any proposed academic penalties shall be implemented by the faculty member. The faculty member shall then forward the Statement of Charges and proposed administrative penalties, if any, the student's admission of guilt, and a statement of the academic penalties imposed, if any, to the Dean.

   The Dean shall review the documents and shall issue a decision, within 15 school days, regarding whether any administrative sanctions shall be imposed on the student by the College of Education and Human Development, and whether any University-wide administrative sanctions will be recommended to the Provost. The Dean shall notify the student, the faculty member, the department chair, and the Associate Dean of this decision. The Dean shall forward any recommended University-wide administrative sanctions to the Provost.
5. If the student denies the charge, the faculty member shall forward the statement of the charge and proposed penalties to the department chair, or, if the department chair is the faculty member making the allegation, to the Associate Dean. The department chair or the Associate Dean shall schedule a hearing.

   Notice of the hearing shall either be hand-delivered or sent by Registered U.S. Postal Service to the student, at the address listed with the Registrar's Office, and to the faculty member via inter-office mail. The notice should be sent at least 10 school days prior to the hearing. The notice should state the time, date and place of the hearing and contain a copy of the original statement of the allegations.

   At the hearing, the professor and the student will each be provided an opportunity to present oral testimony and written evidence. The burden of establishing the student's guilt rests with the professor, who must do so by a preponderance of the evidence. A student may be assisted at the hearing by an advisor of his/her choosing. However, that person will not be permitted to speak on behalf of the student at the hearing. If the student fails to appear after proper

notice, the hearing will be held in the student's absence and a final decision rendered.

After the hearing, the chair or the Associate Dean, as appropriate, will render a decision. Decisions of academic penalties will be final. Additional administrative-penalties recommended will be forwarded to the Dean with all materials submitted at the hearing, including a brief, written statement of reasons for the finding.

The Dean will consider the recommendation. Within 10 school days, the Dean will make a decision and notify the student, the professor, and the department chair or Associate Dean of the final action taken in the case. Notice of the decision will also be sent to the Office of the Provost. If the Dean's decision is not timely, the recommendation is voided and the action is dismissed.

### Instructional Modification

Students with disabilities, who need reasonable modifications to complete assignments successfully and otherwise satisfy course criteria, are encouraged to meet with the instructor as early in the course as possible to identify and plan specific accommodations. Students may be asked to supply a letter from the Disability Resource Center or other documentation, which will assist in planning modifications.

### Student Teaching/Field Experiences

In all phases of the Developmental Teacher Preparation Model, candidates participating in field and clinical experiences must abide by all policies, rules, and regulations of the University and the assigned school. Failure to abide by standards of conduct and performance established by the faculty may result in the removal from the program. Student teaching requires a minimum 15-week clinical experience in school setting(s) related to the teaching certificate a teacher candidate is seeking. Teacher candidates work with a cooperating teacher and University Supervisor participating in the work of teaching. Placement in student teaching is contingent upon the applicant's successful completion of required program coursework and assessments, and faculty recommendation. Evaluation is based on Kentucky Teacher Standards and Professional Code of Ethics.

### Academic Forgiveness & Fresh Start

Academic Forgiveness policies allow students to request the adjustment of their records for one or more continuous semesters of previous college work, provided certain criteria are met. Additional information on Academic Forgiveness and Fresh Start policies can be found in this catalog (p. 72).

## Undergraduate Programs

- Athletic Coaching (Minor) (p. 641)
- Climate, Equity, and Opportunity in the Workplace (CERT) (p. 701)
- Counseling and Human Relations (Minor) (p. 650)
- Elementary Education (BS) (p. 271)
- Exercise Physiology (BS) (p. 291)
- Exercise Physiology (Minor) (p. 656)
- Healthcare Leadership (CERT) (p. 705)
- Healthcare Leadership (Minor) (p. 662)
- Human Resource Leadership (CERT) (p. 706)
- Leadership and Talent Development (Minor) (p. 671)
- Middle/Secondary (High School) Education (BS) (p. 366)
- Organizational Leadership and Learning (BS) (p. 504)
- Organizational Leadership and Learning, Track in Healthcare Leadership (BS) (p. 507)
- Sport Administration (BS) (p. 599)
- Sport Administration (Minor) (p. 694)
- Sport Media (Minor) (p. 695)

# Continuing Studies

## About the Program

Continuing Studies is a non-degree status that allows students to take up to 24 credits. Credits may be transferred to an academic program at UofL, if the student is admitted to a degree program. Continuing Studies students fully participate in all aspects of courses including assignments, discussions and exams. Students may enroll in any open course for which they meet prerequisites.

**Continuing Studies students are not eligible for financial aid.**

Applying for admission as a Continuing Studies student is also an option if you:

- Are at least 22 years of age with a high school diploma or GED and have not attended college
- Want to begin your college career as a part-time student and do not need financial aid
- Want to take undergraduate courses for personal/professional development

**Application Steps for Continuing Studies**

1. Search the Schedule of Classes (http://hal.louisville.edu/) to find courses of interest, noting the academic department and instructor.
2. Complete UofL's Take Flight Application (https://apply.louisville.edu/register/applynow/) and pay the non-refundable application fee of $30.

If you are 65+ and a Kentucky resident, please view our Donovan Scholars (https://louisville.edu/admissions/apply/non-degree-applicants/senior-citizen-students/) page for more information.

# J.B. Speed School of Engineering

**J.B. Speed School of Engineering**
J.B. Speed Building, Suite 221
University of Louisville

Louisville, KY 40292

# About

The mission of the J.B. Speed School of Engineering is to serve the university, the Commonwealth of Kentucky, and the engineering profession by providing high-quality educational programs to all students; engaging in research and scholarship that will extend knowledge; and assisting the economic development of the regional, state, and national economies through technology transfer.

The Speed Scientific School was established as part of the University of Louisville in September 1924 as a result of a $250,000 endowment from the James Breckenridge Speed Foundation. James Breckenridge Speed (1844–1912) was a descendant of the prominent Speed family and an industrial pioneer in the City of Louisville. An illustrious business leader, he oversaw the establishment of Louisville's street railway system, developed and operated large coal interests in Kentucky and was president of the Louisville Cement Company and the Ohio Valley Telephone Company. These industries, in which he maintained an active interest until his death in 1912, were a nucleus around which the City of Louisville and its greater metropolitan area grew to their present industrial stature. It is fitting that his memory be perpetuated in an engineering school bearing his name.

A pioneer class of 72 students started in Fall 1925 in chemical, civil, electrical, and mechanical engineering. The newly renovated Brigman Hall served as the main engineering building until 1942. Upon its inception, the Speed Scientific School offered a four-year Bachelor of Science degree based on a quarter plan, with alternating quarters of coursework and cooperative industry experience in the sophomore and junior years. To this day, the cooperative education program has been a mainstay of the curriculum and Speed School remains as one of the few engineering schools with a mandatory program.

The engineering campus continued to grow through the generosity of Dr. William S. Speed and Mrs. Olive Speed Sackett, the children of James Breckenridge Speed and benefactors of his foundation, and Mrs. Virginia Speed, his wife. They made additional grants toward the erection of the James B. Speed Building (1942), Frederic M. Sackett Hall (1948), and William S. Speed Hall (1958). The Institute of Industrial Research (1946) was also constructed during this period and was later renovated to become the Laura Kersey Library, named after the first Speed School librarian. Kersey Library was again renovated in 2009 and is now the Duthie Center for Engineering.

The Speed School campus continued its growth on the south side of Eastern Parkway. The Chemical Engineering Building was built in 1967 and renamed in 1975 to honor Robert C. Ernst, who served as the third Dean of Speed School. The Vogt Building, a computerized engineering design center, was built in 1989 to honor Henry Vogt, whose family continues to play an important role in Speed School. Speed School then spread to the other side of Eastern Parkway with the construction of the New Academic Building in 1996. This building was later dedicated to Paul B. Lutz, an outstanding engineering faculty member and benefactor. Lutz Hall houses several research labs and centers and is home to the bioengineering program, the newest of the degree programs. In the 1970s the school had also added degree programs in computer engineering and industrial engineering. The newest addition to the Speed campus is the Shumaker Research Building (2006), housing a world-class cleanroom facility and numerous engineering research efforts.

In 2004, the J.B. Speed Scientific School officially changed its name to the J.B. Speed School of Engineering, reflecting its emphasis on engineering. It is also simply referred to as Speed School by those familiar with the school.

A formal definition of engineering was approved in 1979 by the Engineers Council for Professional Development, now known as the Engineering Accreditation Commission of ABET (https://www.abet.org), the accrediting board for engineering and technology programs. This definition still applies today:

> *"Engineering is the profession in which knowledge of the mathematical and natural sciences gained by study, experience, and practice is applied with judgment to develop ways to utilize, economically, the materials and forces of nature for the benefit of mankind."*

Students of engineering should graduate with knowledge of engineering sciences and design, experience working in teams, have strong written and oral communication skills, and be well-versed on the impact of solutions in a global, economic, environmental, and social context. In particular, engineers have a duty to society to understand and abide by their discipline's Codes of Ethics. The preamble of the National Society of Professional Engineers (NSPE) Code of Ethics for Engineers states:

> *"Engineering is an important and learned profession. As members of this profession, engineers are expected to exhibit the highest standards of honesty and integrity.*
>
> *Engineering has a direct and vital impact on the quality of life for all people. Accordingly, the services provided by engineers require honesty, impartiality, fairness, and equity, and must be dedicated to the protection of the public health, safety, and welfare. Engineers must perform under a standard of professional behavior that requires adherence to the highest principles of ethical conduct."*

# Structure

The original engineering programs are structured such that students will complete a program consisting of a combined eleven semesters (eight of academic work and three co-operative internships) in Departmental Studies to complete the Bachelor of Science degree, which may be followed by a fifth year in Graduate Studies for the Master of Engineering degree. To complete both programs in five years, Speed School students have a full course load during the summer semesters. These curriculum are designed as integrated five-year programs, with a cooperative education component, culminating in the Master of Engineering (MEng) degree. The Bachelor of Science and Master of Engineering programs are both accredited by the Engineering Accreditation Commission (EAC) of ABET (http://www.abet.org/). Additionally, the BS CSE degree is also accredited by the Computing Accreditation Commission (CAC) of ABET (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Computer Science and Similarly Named Computing Programs.

The Engineering Fundamentals Department teaches engineering mathematics courses and other introductory engineering courses. The department focuses on creating a positive and supportive environment that helps students succeed in their studies and finalize their selection

of engineering major. Departmental faculty strive to achieve excellence in teaching while introducing students to the engineering profession and providing them with fundamental engineering skills through a common set of core courses that begin in the freshman year. The department houses Speed School's Center for Teaching and Learning Engineering (CTLE) that fosters the development, evaluation and adoption of innovative teaching methods, both traditional and technology enabled.

The Bachelor of Arts in Computer Science (BA CS) program is structured to include eight semesters of academic work and two semesters of internship experience (during Summer semesters). Included within the planned hours of the program, are 30 credit hours designated as "Other Area of Study". These hours allow BA CS students a high degree of flexibility to pursue other interests, but it is highly encouraged that some or all of these hours be used toward the completion of a Minor.

### Speed School Administration

The complete and up-to-date list of Speed leadership (http://engineering.louisville.edu/about/administration/) is located on the Speed School website.

### Faculty and Departmental Information

The complete and up-to-date lists of departments (http://engineering.louisville.edu/academics/departments/) and faculty also are located on the Speed School website.

### Advising Services

Upon admittance to the J.B. Speed School of Engineering, students will be assigned an academic counselor. The academic counselors introduce students to a range of services provided by the J.B. Speed School of Engineering and will guide and support students as they advance through the engineering curriculum.

The J.B. Speed School of Engineering staffs professional academic counselors dedicated to:

- Assisting students in selecting appropriate required and elective courses
- Helping students determine choice of major
- Assisting students who are experiencing academic difficulties in their courses
- Maintaining complete and accurate files on each advisee in order to monitor progress toward career goals
- Assisting students to identify opportunities for engagement

All BS and MEng students are required to be advised by their academic counselor each semester. Students will be unable to register for classes until cleared by their academic counselor. Academic counselors are located in the Engineering Office of Student Success, located in the lower level of the J.B. Speed Building.

For further information about academic advising in the School of Engineering, call (502) 852-8084 or email the Advising Office (http://louisville.edu/cgi-bin/uofl.mail?name=ssadvise).

## About the Programs

### Engineering Programs

The engineering programs of the University of Louisville are offered through the J.B. Speed School of Engineering. The typical undergraduate program of study covers a period of four calendar years spanning eleven semesters, which includes three summer semesters. Study includes both academic course work and three semesters of cooperative work experience with industry, wherein a student is provided with conditions similar to those encountered in engineering practice.

Upon successful completion of undergraduate study and cooperative education, the student receives the Bachelor of Science degree in one of seven areas of specialization (see Programs of Study tab).

Students completing requirements for the Bachelor of Science degree at the J.B. Speed School of Engineering and achieving the required grade point average are encouraged to complete the requirements for the Master of Engineering (MEng) degree, if available in their field. The five-year BS plus MEng programs at the University of Louisville includes one year of graduate study beyond the four years of undergraduate studies.

Additionally, the Kentucky State Board of Licensure for Professional Engineers and Land Surveyors allows a student of the J.B. Speed School of Engineering who has completed 105 semester hours in an engineering curriculum to sit for the Fundamentals of Engineering examination as part of the requirements for registration as a Professional Engineer in Kentucky. The Bachelor of Science and Master of Engineering programs are both accredited by the Engineering Accreditation Commission (EAC) of ABET (http://www.abet.org/). Additionally, the BS CSE degree is also accredited by the Computing Accreditation Commission (CAC) of ABET (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Computer Science and Similarly Named Computing Programs.

Students with a Bachelor of Science degree from another accredited program who come to the J.B. Speed School of Engineering to pursue an advanced degree normally enter into a Master of Science (MS) or doctoral (PhD) program. In addition to the previously mentioned seven areas of specialization, a master's program in Engineering Management is also offered by the Industrial and Systems Engineering Department. The Master of Science and Doctor of Philosophy degrees are available in all areas of specialization except for bioengineering which offers a PhD in Interdisciplinary Studies: Specialization in Translational Bioengineering. Information about these degrees and other advanced degrees awarded by the University of Louisville may be obtained from the Graduate Catalog (https://catalog.louisville.edu/graduate/programs-study/).

The conferring of degrees by the University of Louisville is conditioned upon timely completion of all requirements in the opinion of the Dean and faculty and issuance of appropriate formal documents by the Registrar, regardless of participation in commencement.

### Applied Science Programs

The J.B. Speed School of Engineering currently offers one Applied Science Program, the Bachelor of Arts in Computer Science (BA CS). The BA CS program includes eight semesters of academic work and two semesters of internship experience (during Summer semesters). Included within the planned hours of the program, are 30 credit hours designated as "Other Area of Study". These hours allow BA CS students a high degree of flexibility to pursue other interests, but it is highly encouraged that some or all of these hours be used toward the completion of a Minor. Many sectors are currently in need of workers who both possess Computer Science skills and have expertise related to the field of application. The BA CS program, with an accompanying Minor in such fields, is designed to fulfill this need.

### Accreditation

The agency responsible for the accreditation of educational programs leading to degrees in engineering is the Engineering Accreditation

Commission (EAC) of ABET (https://www.abet.org). The purpose of accreditation is to identify those institutions which offer professional programs in engineering and demonstrate that the programs meet specified criteria. Accreditation of engineering programs began in 1932 and the University of Louisville's engineering programs have been continuously accredited from this time.

The program must have documented student outcomes that support the program educational objectives. Attainment of these outcomes prepares graduates to enter the professional practice of engineering. Student outcomes are outcomes (1) through (7), plus any additional outcomes that may be articulated by the program.

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

All undergraduate Engineering programs at Speed School demonstrate that these outcomes are attained through an assessment process documented with the Engineering Accreditation Commission (EAC) of ABET (https://www.abet.org). The BS CSE degree program is also accredited by the Computing Accreditation Commission (CAC) of ABET (https://www.abet.org).

The Engineering Accreditation Commission (EAC) of ABET (https://www.abet.org) accredits programs at either the basic or advanced level. The curriculum requirements specify subject areas appropriate to engineering but do not prescribe specific courses. The program curriculum must provide adequate content for each area, consistent with the student outcomes and program educational objectives, to ensure that students are prepared to enter the practice of engineering. The general basic (baccalaureate) level curricular content:

- a minimum of 30 semester credit hours (or equivalent) of a combination of college-level mathematics and basic sciences with experimental experience appropriate to the program.
- a minimum of 45 semester credit hours (or equivalent) of engineering topics appropriate to the program, consisting of engineering and computer sciences and engineering design, and utilizing modern engineering tools.
- a broad education component that complements the technical content of the curriculum and is consistent with the program educational objectives.
- a culminating major engineering design experience that 1) incorporates appropriate engineering standards and multiple constraints, and 2) is based on the knowledge and skills acquired in earlier course work.

The general criteria for advanced level (master's) programs are:

- Fulfillment of basic level (baccalaureate) criteria.
- Fulfillment of program criteria appropriate to the masters level specialization area.
- One year of study beyond the basic level.

The University of Louisville is currently the only university in the country with programs having both baccalaureate- and master's-level accreditation. The accredited programs are the Bachelor of Science (BS) and Master of Engineering (MEng) programs in Bioengineering, Chemical Engineering, Civil Engineering, Computer Science and Engineering, Electrical Engineering, and Mechanical Engineering.

## Code of Student Conduct

The Code of Student Conduct is the University's policy regarding non-academic discipline of students. The general responsibility for non-academic discipline of all students enrolled in the University of Louisville shall be vested in the Office of the Vice President for Student Affairs. The Dean of Students Office has been delegated the responsibility of administering the Code of Student Conduct. The Code of Student Conduct is available online (https://student.louisville.edu/code-student-conduct/).

## Code of Student Rights and Responsibilities

The Code of Student Rights and Responsibilities is set forth in writing in order to give students general notice of certain of their rights and responsibilities at the University of Louisville. Further rights and responsibilities are set forth in other University rules and policies, including the Code of Student Conduct and academic unit bulletins. The Code of Student Rights and Responsibilities is available online (https://student.louisville.edu/dean-students/policies/code-rights-and-responsibilities/).

## Student Classroom Conduct

Students are expected to cooperate with all instructors to achieve an optimal learning environment. Conduct that disrupts such an environment will be dealt with and may result in the student being withdrawn from the course and/or facing additional academic penalties.

## Academic Dishonesty

A primary goal of the School of Engineering is to educate people who will serve the engineering community with competence and integrity. Academic dishonesty is a serious offense at the J.B. Speed School of Engineering (SSoE) because it undermines the bonds of trust and honesty between members of the community and defrauds those who may eventually depend upon our knowledge and integrity. Students are expected to recognize and to uphold standards of intellectual integrity. The School of Engineering assumes, as a minimum standard of conduct in academic matters, that the student is honest; credit for courses is given and received on the assumption and condition that all work submitted represents the student's own efforts. Academic dishonesty is defined in the Code of Student Rights and Responsibilities. It is the student's responsibility to become familiar with the Code.

In accordance with the Code of Student Rights and Responsibilities, academic dishonesty is prohibited at the University of Louisville.

1. An instructor who believes a student has committed an act of academic dishonesty will notify the student. This notification will include an explanation of the basis for the allegation and the academic penalties. Academic penalties are penalties associated with the class in question, such as re-submission of alternate assignment, F on the assignment, F for the course, etc. The student will have 10 school days to notify the instructor whether the student accepts or does not accept the academic penalties. Failure to notify the instructor within 10 school days will be interpreted as an acceptance of the academic penalty.

2. If the student accepts the instructor's academic penalties the following actions will occur:

- The instructor implements the academic penalties.
- The instructor notifies the department chair and SSoE Associate Dean of Undergraduate Affairs of the incident and imposed penalties within 10 school days of receiving the student's notification of accepting the penalties.
- The SSoE Associate Dean for Undergraduate Affairs will review the documents within 10 school days of receipt and issue a decision regarding whether any administrative sanctions will be imposed on the student by the J.B. Speed School of Engineering, and whether any University-wide sanctions will be recommended to the Provost. Administrative penalties may include suspension or expulsion from the J.B. Speed School of Engineering or the University of Louisville. The Dean will notify the student, the instructor and the Department Chair of this decision. The Dean will forward any recommended University-wide sanctions to the Provost.

3. If the student does not accept the instructor's academic penalties, the following actions will occur:

- The department chair, or, if the department chair is the instructor making the allegation, the SSoE Associate Dean of Undergraduate Affairs will meet with the student in a timely manner.
- At the meeting, the student will be provided an opportunity to present oral testimony and written evidence. The burden of establishing the student's guilt rests with the instructor, who must do so by a preponderance of the evidence. After the meeting, the department chair or the Associate Dean, as appropriate, will render a decision within 10 school days of meeting with the student and submit written documentation of the incident and decision to the SSoE Associate Dean of Undergraduate Affairs.
- If the student fails to appear at the meeting a final decision will be rendered by the department chair or SSoE Associate Dean of Undergraduate Affairs.
- The SSoE Associate Dean for Undergraduate Affairs will review the documents within 10 school days of receipt and issue a decision regarding whether any administrative sanctions will be imposed on the student by the J.B. Speed School of Engineering, and whether any University-wide sanctions will be recommended to the Provost. Administrative penalties may include suspension or expulsion from the J.B. Speed School of Engineering or the University of Louisville. The Dean will notify the student, the instructor and the Department Chair of this decision. The Dean will forward any recommended University-wide sanctions to the Provost.

As per the University of Louisville Code of Student Rights and Responsibilities (https://student.louisville.edu/dean-students/policies/code-rights-and-responsibilities/), an academic unit that determines that a student is guilty of academic dishonesty may impose any academic punishment on the student that it sees fit, including suspension or expulsion from the academic unit. A student has no right to appeal the final decision of an academic unit. However, a student who believes that they have been treated unfairly, have been discriminated against, or have had their rights abridged by the academic unit may file a grievance with the University Student Grievance Committee. The University of Louisville Student Complaint and Grievance Procedures are detailed here (http://louisville.edu/provost/redbook/contents.html/chap6.html#ART68). An academic unit that suspends or expels a student from the academic unit because the student has been found guilty of academic dishonesty may recommend to the University Provost in writing that the student also be suspended or expelled from all other programs and academic units of the University. Neither the student nor the academic unit shall have the right to appeal the Provost's decision. However, a student who believes that they have been treated unfairly, has been discriminated against, or has had their rights abridged by the issuance of a decision by the Provost may file a grievance with the University Student Grievance Committee.

### Student Complaints

If a student has a complaint about courses, grades, deficiencies, or decisions made by faculty members, advisors, department chairs, directors, etc., they should use the procedure outlined below.

- The student should first discuss the matter with the person involved and attempt to resolve the complaint through informal discussion.
- If there is no resolution, the student should discuss the matter with that person's supervisor or immediate superior in the department or office, who should attempt to mediate a resolution.
- If there is no resolution as the result of these discussions, the student should write to the appropriate department chair or director specifying the nature of the concern, with a copy of the letter to the Associate Dean for Undergraduate Affairs.
- If the student is unable to obtain a resolution through these procedures, he or she may request the Student Grievance Office to attempt informal mediation of the problem.

A student wishing to file a formal complaint should do so with the Dean of Students Office. See procedure here: https://student.louisville.edu/dean-students/complaints-grievances (https://student.louisville.edu/dean-students/complaints-grievances/).

Email: bswkent@louisville.edu
Website: louisville.edu/kent (http://louisville.edu/kent/)

# About the Kent School

The Kent School of Social Work & Family Science is comprised of five, degree awarding programs (BSW, MSSW, MSCFT, PHD, DSW), the Field Education Program, & the Center for Family & Community Well-Being. The Kent School is a community in which faculty, students and staff collaborate to promote excellence in professional social work and couple and family therapy (MFT) by addressing complex social problems through education, research and service. As part of its mission to be inclusive, the Kent School of Social Work and Family Science is dedicated to promoting inclusivity in all its endeavors, including service, research, teaching, practice, policies, and climate.

**Structure**

The Kent School administrative, faculty, staff and programmatic offices are located in several buildings across the Belknap and Shelby campuses. Kent School Administration, the Business Center, as well as the BSW and MSSW Program offices are located in Oppenheimer Hall, the Field Education Program is located in Strickler Hall, while the doctoral Programs (Ph.D., DSW) are located in Patterson Hall. The MSCFT Program is located on Shelby campus in Burhans Hall.

## Kent School Administration

The complete and up-to-date list of Kent School leadership (https://louisville.edu/kent/about/faculty-1/) is located on the Kent School website.

## Faculty and Departmental Information

The complete and up-to-date list of Kent School faculty (http://louisville.edu/kent/about/faculty-1/) is located on the Kent School website.

**BSW Program Information**

**BSW Program Mission:**

The mission of the Kent School of Social Work & Family Science BSW program is to prepare students for generalist social work practice with vulnerable individuals, families, groups, organizations, and communities. We educate students to intervene at the micro, mezzo and macro levels through the application of critical thinking and the incorporation of available evidence to inform practice that responds to complex social problems. The program contributes to the mission of the University as a great place to learn, by providing engaged service and outreach that improves the quality of life for local and global communities. The educational part of our mission is accomplished through theoretically and empirically driven approach to pedagogy in our on campus and on-line instruction and transformative learning experiences.

**BSW Program Goals:**

- Prepare graduates for generalist social work practice with vulnerable individuals, families, groups, organizations, and communities through the acquisition and demonstration of social work practice behaviors consistent with CSWE educational standards and policies and the NASW Code of Ethics.
- Prepare graduates to understand bio-psycho-social, spiritual, and cultural functioning and apply it to all client systems.
- Prepare graduates to promote social and economic justice through their practice with multifaceted client systems.
- Prepare graduates who continue to develop professionally throughout their careers to meet new challenges and opportunities.

**Academic Integrity Statement**

A primary goal of the Kent School of Social Work & Family Science is to educate students who will serve society with competence *and* integrity —both are key to meeting the needs of vulnerable populations and to promoting social justice. Both the National Association for Social Workers (NASW) Code of Ethics (**www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English) and the American Association of Marriage and Family Therapy (AAMFT) Code of Ethics (www.aamft.org/Legal_Ethics/Code_of_Ethics.aspx) list** *integrity* as a core value of our work. Thus, we *practitioners behave in a trustworthy manner.* In accordance with the NASW and AAMFT Code of Ethics and the University of Louisville, we at the Kent School of Social Work expressly forbid *cheating, fabrication, falsification, multiple submission of the same work, plagiarism and complicity in academic dishonesty*. Several explicit examples are provided below. However, these examples are not exhaustive. All students are to be familiar with the various forms of academic dishonesty as explained in the University of Louisville Code of Student Rights and Responsibilities (https://student.louisville.edu/dean-students/policies/code-rights-and-responsibilities (https://student.louisville.edu/dean-students/policies/code-rights-and-responsibilities/)).

**Plagiarism** describes the use of someone else's work without giving specific credit for those words to the original author. It is acceptable to use someone else's words in our compositions. When we do so, however, rules of credit/citation must be observed (unless otherwise directed by the instructor, written assignments must conform to APA format, per the most recent edition of the APA manual). Plagiarism may include, but is not limited to:

- Copying someone else's work and claiming it as your own without proper credit/citation regardless of the source (e.g., someone else's computer files, or from the internet);
- Paraphrasing someone else's work and claiming it as your own;
- Collaborating with someone else and claiming the work as your own; or,
- The use of a substantial portion of a graded paper from one course, as a submitted assignment to obtain credit in another course, without instructor permission.

**Cheating and complicity in academic dishonesty** may include, but are not limited to:

- Capturing of course materials by any means and using any device (e.g., camera, screenshot) with the intent to distribute.This relates to all course materials including assignment requirements, quizzes, tests, and the like, with or without incorrect/correct answers, and no matter the point allocation (e.g., 2-point open-book quiz vs. 20-point exam).
- Intent to distribute may relate to students who are enrolled or planning to enroll at the University of Louisville, or who are enrolled or planning to enroll at any another institution of higher education.
- Completing work collaboratively that is meant to be individual work (e.g., taking an online exam in the presence of other students and "helping" each other *in any way*).
- Acquiring direct knowledge of academic dishonesty of other students (e.g., being copied on an email with other students engaged in dishonest academic activities) and failing to report it. While we recognize the discomfort and challenges associated with notifying appropriate authorities, reporting academic dishonesty aligns with the NASW Code of Ethics Ethical Responsibilities as Professionals regarding dishonesty, fraud, and deception. It also aligns with the AAMFT Code of Ethics regarding the avoidance of deceptive, fraudulent, misleading, or exploitative practices.
- Paying for any material (e.g., a paper, exam) and submitting it as your own.

All of these offenses are serious breaches of academic conduct. A plea of ignorance is not an acceptable defense against violation of our academic integrity statement. Evidence of violation of academic integrity may lead to a failing grade for the assignment or course, referral for academic review, expulsion from the Kent School of Social Work, and/or other consequences as determined by appropriate authorities. The decision regarding penalties for violating academic integrity is at the discretion of the instructor(s) and/or an academic review committee.

## Student Conduct Policies

Students entering the Kent School BSW Program, by their formal acceptance into the School, agree to abide by The Code of Ethics of the National Association of Social Workers (https://www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English/) and the Code of Student Conduct of the University of Louisville. The NASW Code of Ethics provides guidelines for the professional conduct of social workers. Since the profession is directed by a commitment to core values, the Code provides for conduct related to principles of service, social justice, dignity and worth of the individual, the importance of human relationships, integrity, and competence. These values and the standards inherent in them provide a context for expected behavior during the period of enrollment in the educational programs of the Kent School of Social Work, and for the development of lifelong professional standards.

**Lower Division**: A cumulative GPA of 2.0 or above is required to remain in Good Standing. If a student's cumulative GPA falls below 2.0, then the student will be given a warning and will be required to meet with the BSW Advising Team for planning and oversight. If in the following semester the student's cumulative GPA remains less than a 2.0, the student will be placed on probation. A cumulative GPA of 2.0 or above in the following semester will be required to return to Good Standing.

Students will be placed on suspension following probation if the cumulative GPA remains below 2.0. Students must sit out at least one semester excluding summer when suspended. Students will not be reinstated more than twice; the third suspension is an academic dismissal. Students academically dismissed can only return through special permission from the enrollment unit.

**Upper Division**: If a student gets a failing grade in an upper division social work foundation/core course they will need to meet with their BSW Advisor. Students may also be referred for an academic review if they are in jeopardy of dismissal from the program for any other reason (e.g., professional performance).

A cumulative GPA of 2.5 or above is required to remain in Good Standing. If a student's cumulative GPA falls below 2.5, then the student will be given a warning and will be required to meet with the BSW Advising Team for planning and oversight. If in the following semester the student's cumulative GPA remains less than a 2.5, the student will be placed on probation. A cumulative GPA of 2.5 or above in the following semester will be required to return to Good Standing.

Students will be placed on suspension following probation if cumulative GPA remains below 2.5 for three consecutive semesters. Students must sit out at least one semester excluding summer when suspended. Students may apply to another unit. Students will not be reinstated more than twice; the third suspension is an academic dismissal. Students academically dismissed can only return through special permission from the enrollment unit.

Academic and Professional Standards Review Committee is intended to ensure that the context surrounding the incidents that lead to the academic review are well understood before any recommendations are made.

The BSW Program will notify students at the end of each semester if academic reviews are needed. Any faculty person may recommend a review for any students who appear to have engaged in inappropriate conduct in violation of the National Association of Social Workers Code of Ethics, or the Code of Students Rights and Responsibilities.

## Dismissed Students

If the Academic and Professional Standards Review Committee decide to recommend dismissal for a student from Kent School and if this dismissal is approved by the Dean (or designee), students will only be allowed to return to Kent School in rare cases. Students who wish to return must write an appeal letter to the BSW Director, stating their

reasons why they think they can return to Kent School to complete their studies.

### Advising Services

The Kent School of Social Work Advising and Student Services strives to provide students with excellent academic advising, consistent and accurate program information, and services related to registration, financial aid, and admissions.

BSW advising offices are located in Oppenheimer Hall. For more information regarding scheduling an undergraduate advising appointment, questions concerning enrollment and student services, or the application to the BSW program, you can reach us by email at bswkent@louisville.edu.

# School of Dentistry

**School of Dentistry**
Office of Student Admissions and Student Affairs
501 South Preston Street, Room 234
Louisville, KY 40202

Email: dhygiene@louisville.edu
Phone: (502) 852-5081
Website: louisville.edu/dentistry/degrees/hygiene (http://louisville.edu/dentistry/degrees/hygiene/)

**Advising Services**

See updated information and schedule for information sessions: https://louisville.edu/dentistry/degrees/hygiene/contact (https://louisville.edu/dentistry/degrees/hygiene/contact/)

## About the School of Dentistry

Offering outstanding clinical education with state-of-the-art simulation education and technology, and leading biomedical research, the University of Louisville School of Dentistry (ULSD) continues to provide quality education and unique opportunities.

The School of Dentistry is a state-supported institution located in the Louisville metropolitan area. The three-story School of Dentistry building occupies almost 200,000 square feet at the Health Sciences Center downtown campus. The recently renovated clinical and laboratory facilities with state-of-the-art equipment create an environment similar to a private practice setting. Clinical areas in the School of Dentistry are built out in a secure containment cubicle system. In the cubicle, the student conducts his or her practice in an atmosphere of privacy and safety which enhances efficiency and self-confidence for patient-centered care.

The School of Dentistry offers degree programs at the undergraduate, graduate and professional levels. The undergraduate Bachelor of Science in Dental Hygiene program offers students opportunities to learn alongside their future peers in the dental profession.

## About the Dental Hygiene Program

The Office of Dental Student Affairs is available to assist students in planning their academic program and to provide students with information regarding policies, procedures, and general information.

It is the student's responsibility to be knowledgeable of the policies and procedures, and to take the initiative in seeking help and advice. Students are encouraged to contact the office whenever they have a question, a problem, concern.

**Name/Address Changes**
It is the student's responsibility to update any change in name, address, or telephone number. The student must complete a name/address change through ULink available from the UofL website.

### Minimum Technical Standards

Admission to the School is open to all qualified individuals and complies with section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (1993).

The School recognizes the award of a Bachelor of Science in Dental Hygiene degree confirms the graduate is competent to practice dentistry. Our graduates are prepared and, upon state licensure, permitted to practice in the dental profession. Students become partners in learning as they acquire the knowledge and skills needed to meet today's challenges in the dental profession. Students rely upon their cognitive and technical skills to successfully negotiate the curriculum.

The School is aware of the unique nature of the dental curriculum. Applicants must possess the skills and abilities that will allow them to successfully complete the course of study and receive the full benefit of the education. This includes the completion of safe patient treatment. With this in mind, the student must be able to meet the following technical standards with or without accommodation:

- Fine Motor Skills
- Sensory/Observation
- Communication
- Cognitive
- Behavioral
- Immunizations

**Disability Statement**
Students with disabilities who need reasonable modifications to successfully complete assignments and satisfy other course criteria are encouraged to meet with the course instructor as early as possible to identify and plan specific accommodations. Students may be asked to supply a letter from the Disability Resource Center or other documentation which will assist in modification planning.

## Student Conduct Policies

The University of Louisville expects its students and student organizations to conduct themselves according to generally accepted moral and social standards and to respect the rights and privileges of others. Students who enroll in the University of Louisville dental hygiene program are subject to the rules and regulations of the University.

The dental hygiene program requires high ethical standards. As future professionals, students must exhibit appropriate professional ethical behavior in all academic and clinical matters.

The School of Dentistry may terminate attendance of any student at any time, or remove from the list of degree candidates any student whom the Dean determines is or will not be able to satisfy the professional standards required of all candidates for Bachelor of Science in Dental Hygiene degree.

## Drug Use Prohibited

In accordance with the statutes of the Commonwealth of Kentucky, the possession, use or distribution of hallucinogenic and/or illegal drugs will not be tolerated on University property. Infractions will result in disciplinary action by the University which may lead to suspension or dismissal.

## Student Rights

Students who believe they have been treated unfairly, discriminated against, or have had their rights abridged may initiate a grievance in accordance with procedures established in the University's Redbook. Students would first seek to have the matter resolved through informal discussion and through administrative channels. Information about the grievance process should be obtained from the Associate Dean of Academic Affairs, and is found in the Student Handbook available through the student Blackboard organization.

## Student Health Policy

Each student must comply with the current health policy of the School of Dentistry. Because of contractual agreements with agencies and the changing needs of society, this policy is updated periodically. The current health policies are published in the School of Dentistry Dental Hygiene Student Handbook available in the student organization on Blackboard. If faculty or an agency deem that any student creates a health or safety risk, the student may be excluded from the clinical experience and/or dismissed from the program.

## Liability and Health Insurance

All upper division dental hygiene students are required to submit proof of health insurance coverage. Students may elect coverage through the University's student health insurance coverage. If students carry their own coverage, they can waive the University student health coverage by completing the online waiver form and providing evidence of coverage.

Liability/malpractice insurance is provided for all ULSD upper division students during their intern and extern experiences.

## Immunization Requirements

All students are to comply with the University of Louisville Health Sciences Center immunizations requirements. Those requirements are distributed to students prior to matriculation.

Policies and procedures for immunization, testing, and post exposure incidents have been developed to comply with Occupational Safety and Health Administration (OSHA), Centers for Disease Control (CDC), American Dental Association (ADA), American Dental Hygienists' Association (ADHA), and extramural site recommendations or policies. Dental hygiene students, in the course of their clinical responsibilities, have exposure to blood, blood products, tissue, secretions, or body fluids of patients potentially containing hepatitis B (HBV) and are at risk for HBV as well as other infectious diseases. The following immunizations require documentation prior to matriculation and must be submitted to the Office of Academic Affairs or Campus Health Services prior to the assigned deadline: measles, mumps, rubella, tetanus-diphtheria-pertussis, varicella, hepatitis-B (series must be initiated-first and second doses), Hepatitis B Titer (indicating immunity), and tuberculosis screening (skin tests or TB blood test). A tuberculosis questionnaire is required on a yearly basis for all current students. All students must maintain compliance with the University of Louisville Health Sciences immunization and testing requirements. Students must be in compliance with immunization and testing prior to contact with patients in the clinical areas; due to some immunizations series requiring multiple injections over at least six (6) months, please start on these as early as possible. Any student not in compliance will not be allowed in the clinical areas.

Students are strongly advised to consider latex allergy testing prior to matriculation if there is a medical history indicating latex sensitivity.

## Transportation

Students are responsible for providing their own transportation to and from clinical sites as needed. Students are not allowed to provide transportation for patients.

## Policy on Clinical Attire

The University of Louisville School of Dentistry expects the student entering the professional clinical/academic program to present a neat, clean, and professional attired appearance. The current policy is published in the School of Dentistry Student Clinic Manual and is updated periodically. All students must maintain compliance with the current policy. Final evaluation of student compliance with the dress code will rest with the Office of Clinic Affairs and the program faculty and director.

## Academic Achievement Committee

The Dental Hygiene Academic Achievement Committee Guidelines (DH-AAC Guidelines) have been developed by the dental hygiene faculty of the School of Dentistry to provide students and faculty with pertinent information about the academic and professional standards of the School and about the process and procedures used to review student performance. Admitted upper division students are provided these guidelines, updated annually, via Blackboard.

Academic bankruptcy and forgiveness policies allow students who are returning to college after an absence of two or more years to request the adjustment of their records for one or more entire semesters of previous college work, provided certain criteria are met. View information on academic bankruptcy and forgiveness and the new Fresh Start policy in the academic policies section of this undergraduate catalog.

# Advising Services

## Lower Division Advising

All dental hygiene students are encouraged to meet with an advisor to seek support and referral information as needed. The academic counselor for the dental hygiene program has office hours. Students may call

(502) 852-5081 or visit https://louisville.edu/dentistry/degrees/hygiene/contact (https://louisville.edu/dentistry/degrees/hygiene/contact/) for information.

Freshmen students and transfers with less than 30 credit hours earned are required to be advised prior to registration. Students on conditional, warning or probationary status must also be advised prior to registering for courses. Students who are out of sequence in their program of study must meet with their advisor to revise their program of study.

### Upper Division Advising

Academic advising is available to upper division students through the program director, program faculty, and the School of Dentistry Student Success Counselor. Support is available through the Office of Student Affairs and the Office of Academic Affairs, which work together to provide assistance including student counseling, tutor assignment, or course director discussion.

# School of Music

**School of Music**
University of Louisville
Louisville, KY 40292

Phone: (502) 852-6907
Email: gomusic@louisville.edu
Website: louisville.edu/music (http://louisville.edu/music/)
Social: Facebook (http://www.facebook.com/uoflmusic/), YouTube (https://www.youtube.com/uoflschoolofmusic/)

## About the School of Music

The University of Louisville School of Music offers the serious student of music an opportunity to study with distinguished faculty and to participate in a wide range of musical activities, both within the School and the community. Historically and philosophically, the School has had a profound impact on the cultural life of Louisville; its faculty and administration have provided much of the leadership and talent for such groups as the Louisville Orchestra, the Kentucky Opera Association, the Louisville Bach Society, and the Chamber Music Society.

The goals of the School of Music are to train students for careers in music and to enhance the quality of life for the University and larger public through performances, compositions, research, and instruction. While pursuing their studies, students are exposed to a full schedule of concerts and recitals by world-renowned artists and performers.

The School of Music, founded in 1932, has been located on the Belknap Campus since 1980 in a building which was designed and built specifically for music. It contains two recital halls, a 15,000 square-foot music library, 44 teaching studios, 76 practice rooms, and three dance studios.

### Music Administration

The complete and up-to-date list of Music leadership is located on the School of Music website (https://louisville.edu/music/about/).

### Faculty & Departmental Information

The complete and up-to-date lists of departments and faculty (https://louisville.edu/music/faculty-staff/Faculty/) also are located on the School of Music website.

### Advising Services

All School of Music students are advised by the Academic Counselor who assists with registration, monitors progress in courses required for their major, and reviews progress made toward completion of Upper Division course prerequisites.

Advising is required for all music students until they have completed all prerequisites for Upper Division courses (see the Upper Division Assessment on the following section of this document; the Upper Division Assessment can also be found in each degree plan in the degree section of the catalog). Students will be blocked from registration for classes until the advising requirement has been satisfied. Students on Academic Warning or Probation music be advised.

## About the Program

A complete listing of all policies and procedures specific to the School of Music in support of the music degree requirements may be found in the *School of Music Undergraduate Student Handbook.*

The officials and instructors of the School of Music do not assume the responsibility of notifying students concerning the regulations of the School of Music or their particular status in regard to credits, requirements, or quality points. They are more than willing to inform them at any time they request the information. It is the responsibility of students to inform themselves in regard to grades, credits, requirements, quality points, and the regulations applying to students in the School of Music. The schedules, fees, and regulations specified are subject to change without notice. Any email communication with students will be on their university email only. Students must be responsible and check their university email on a daily basis.

### Enrollment

In order to take music courses, students must be enrolled in the School of Music or have permission of the instructor.

### Official Notices

Students must respond to official notices issued by administrative boards or sent by individual letters. Failure to comply may lead to suspension from the school. During the semester, an instructor will notify each student whose work is below the grade of C and will report his/her name to the Dean.

## Music Fees

All School of Music majors are charged a Student Music Fee each semester, pro-rated for part-time students. This fee helps to offset expenditures exclusively related to music majors including, but not limited to accompanists, technology and infrastructure, student activities, and student tickets to concerts. In direct support of the students' success in the program, the fee provides free access to four one-hour services each semester with a staff piano accompanist, the option of free half-hour secondary instrument applied music lessons for up to four semesters dependent on space available/permission of secondary and major teachers, and free tickets provided to Louisville Ballet, Chamber Music Society, Kentucky Opera, Speed Concert Series, and Louisville Orchestra Classics events. Music minors and non-music majors approved to take applied lessons within the School of Music will be charged a Non-Music Major Applied Lesson Fee.

# Music Requirements

## Applied Music Lesson Credit

All full-time students pursuing a professional degree in music (with the exception of Music Therapy and Composition majors) will receive a one-hour private lesson per week in their major applied music subject, regardless of the number of credit hours allowed for the course. Music Therapy majors are required to take 8 credits of study on their principal instrument. This can be done in 4 semesters of 1 hour lessons at 2 credits each or 8 semesters of ½-hour lessons at 1 credit each, or a combination of the two. Composition majors take 4 semesters of 2-credit lessons and 4 semesters of 1-credit lessons. Students enrolled in the BA degree program will receive a minimum of a half hour lesson per week in applied music for four semesters. In general, applied music courses require one hour of daily practice for each hour of credit.

**Applied Music Teacher Assignment**

Each entering student will be assigned to an applied music instructor. If the student prefers to choose his/her own teacher, every effort will be made to accommodate those students who wish to choose their own teachers. If, for any reason, a student desires to change applied music teachers, the student's request will be considered by the Concentration Coordinator in consultation with the Department Chair. In the event that the Concentration Coordinator is the student's current applied teacher, the Department Chair will appoint another faculty member from the Concentration to consider the request.

**Applied Music Grade Requirements**

A student pursuing a degree in music who does not receive a grade of C-minus or above on their instrument or voice at the end of any semester must repeat that level. If a grade of C-minus or above is not received at the end of the next semester's study, the student will not be allowed to continue study in the School of Music. Exceptions to this rule must be by written notice of faculty action.

**Student Performance Requirement**

Students taking applied lessons for 2 or 4 credit hours must perform at least once per semester in a public forum after receiving credit for their first semester of applied study.

**Applied Music Jury Examinations**

Students requesting credit for applied music study, with the exception of Functional Study, shall be examined by a committee of the faculty at the end of each grading period. The means of assessment for Functional Study will be determined by the applied faculty member and clearly indicated in the syllabus. Students registered for MUSA 202, MUSA 204, MUSA 206, MUSA 212, or MUSA 214 take the Sophomore Evaluation Applied Examination. Faculty may grade their own students on all applied exams, including the sophomore evaluation applied examination.

**Advanced-Standing Credit**

Advanced-standing credit in any applied music subject (piano, voice, organ, guitar, band, or orchestral instruments) or in music theory will be granted only by examination, and then only after the student has satisfactorily pursued advanced work in that subject for one semester.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for Theory IV (MUS 242) or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music and New Media;) MUS 361-01 Music Literature; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with "S" for 4 semesters; Ensemble Participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105 and 3 additional General Education/Cardinal Core courses (https://louisville.edu/provost/ger/).

Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

## Participation in Ensembles

The following are the guidelines by which undergraduate music students participate in ensembles:

1. All full-time undergraduate music majors are required to participate each semester in the principal ensemble designated for their primary instrument:
   a. Strings: Symphony Orchestra
   b. Woodwind, brass, or percussion: Symphonic Band, Concert Band, Wind Ensemble, Wind Symphony, Marching Band *
   c. Voice: Collegiate Chorale, University Chorus *
   d. Keyboard/Guitar: Any of the above dependent upon qualifications and/or interests. *
   e. Jazz: Jazz Ensemble, Jazz Lab, Jazz Repertory Ensemble, Vocal Jazz Ensemble*

   * Specific ensemble assignment is solely dependent on the result of the ensemble audition.

   *Note: The principal ensemble is the only ensemble that can fulfill the ensemble requirement for each degree program.*

   Full-time students who fail to enroll for a major ensemble each semester will be in violation of the catalog and subject to academic action. A student who fails to register for the appropriate ensemble during a semester will be placed on immediate Academic Warning. If the student has failed to resolve the ensemble registration by the end of the semester, the student will be placed on Academic Probation. A student who fails to register for the appropriate ensemble in a second consecutive semester will, if the ensemble has not been added by the end

of the first week of classes, be placed on immediate Academic Suspension.

2. For all part-time students, participation in a principal ensemble must keep pace with the number of hours accumulated. For each 15 hours completed, at least one credit hour must be in ensemble.
3. Full-time non-degree (special) students must participate in an appropriate principal ensemble. Part-time non-degree students are not required to do so.
4. Music Therapy equivalency students holding a degree in music (or with a bachelor's degree in a different field, but whose transcripts indicate that they have taken eight ensembles), are not required to take an ensemble.
5. Under no circumstances will participation in amateur, semiprofessional, or professional organizations outside the University be substituted for the University requirement.
6. After achieving Upper Division status, the student may petition to have a different major ensemble substituted for the designated principal ensemble. The petition must be made prior to the ensemble auditions for the semester during which the substitution will take place. Petitions for Fall semester substitutions will be due by April 21st of the preceding semester. Petitions for Spring semester substitutions will be due by October 21st of the preceding semester. The petition will be considered by the Ensemble Directors' Committee, and the student will be notified of the committee's decision prior to ensemble auditions. The committee will consider the following criteria, among others:
   a. Student's degree program
   b. Needs of the ensembles

   Note: Substitution for principal ensembles is considered an exception to the guidelines for ensemble participation. Petitions must be submitted for each semester of substitution.
7. Wind/brass/percussion principals enrolled in the Bachelor of Music (Pre-Certification-Instrumental) or Bachelor of Music in Music Education degree programs are required to fulfill two years of ensemble performance in the Marching Band. Entering students will be expected to fulfill this requirement during the freshman and sophomore years. Transfer students will be required to fulfill a minimum of one year. A second year may be required based upon evaluation of the transcript. Woodwind, brass and percussion principals are also recommended to complete one semester of a major jazz ensemble.

## Recital Attendance Requirements

All undergraduate music students must enroll in and complete four semesters of MUS 97 Recital Attendance. To receive the grade of S/Satisfactory for this required non-credit course, each undergraduate student must attend a minimum of twelve (12) convocations or recitals for each of the six enrollments in MUS 97.

The grade will be determined as follows:

- Attend 12 or more = S (Satisfactory)
- Attend 9-11 = I (Incomplete)
- Attend less than 9 = U (Unsatisfactory)

The grade of I (Incomplete) must be made up the following semester by attending double the number of recitals/concerts missed to attain the grade of S (Satisfactory). If the Incomplete is not made up the following semester, the Incomplete will lapse to the grade of U (Unsatisfactory) and the entire semester of Recital Attendance must be repeated to earn the required credit. No petitions will be considered.

Students may not receive recital attendance credit for convocations or other performances in which they participate as a performer.

## Public Recitals

School of Music students may schedule recitals any day when the recital halls are free and the building is open, provided they have the approval of their instructor and the necessary signatures of appropriate faculty for grading when applicable. Please see the *Undergraduate Student Handbook* for recital guidelines. Additionally, students may refer to the Recital Guidelines Packets available in the Dean's Office or at the School of Music website (https://louisville.edu/music/resources/current-students/forms-for-students/) for recital-related procedures including date/hall reservations, deadlines, hearing and recital committee personnel, and recital fees.

## Academic Bankruptcy & Forgiveness & Fresh Start

Academic Bankruptcy and Forgiveness (p. 76) policies allow students who are returning to college after an absence of two or more years to request the adjustment of their records for one or more entire semesters of previous college work, provided certain criteria are met. View information on Academic Bankruptcy and Forgiveness (p. 76) and the new Fresh Start (https://student.louisville.edu/registrar/registration/student-forms/fresh-start-application/) policy.

# School of Nursing

**School of Nursing**
Health Sciences Campus, K-Wing
555 South Floyd Street, Suite 3019
University of Louisville
Louisville, KY 40202

Phone: (502) 852-5825
Website: louisville.edu/nursing (http://louisville.edu/nursing/)

## About the School of Nursing

The University of Louisville's School of Nursing is an essential partner of a research intensive academic health science center in a nationally recognized University serving a metropolitan community.

The School of Nursing is a community in which faculty, staff and students collaborate to promote excellence in the profession of nursing. This is accomplished through research and scholarship that inform undergraduate and graduate education, support evidence-based practice and foster advances in nursing science. Students are prepared to demonstrate excellence in nursing science, practice and leadership in a variety of settings for the benefit of clients across the lifespan and to meet the evolving health care needs of society. As a citizen of the larger community, the emphasis of the School of Nursing is to address the complex health needs of diverse and dynamic populations through nursing education, research, scholarship and service.

### Structure

As you enter our school lobby in the K building on the first floor, you will be welcomed into a renovated three-floor school occupied by very talented and dedicated nursing faculty, staff and students. The second floor includes two renovated classrooms and our Red and Black student lounge. Students can take advantage of wireless capability throughout the building.

The third floor is the administrative suite, undergraduate and practice faculty offices. It houses five clinical practice suites that use state-of-the-art technology to capture both video and audio student learning on high fidelity patient simulators and electronic health records. It is a site where graduate nurse practitioner students learn to conduct a thorough health assessment to better identify systemic diseases. These students are definitely job ready through digital and inter-professional learning.

The fourth floor houses a well-staffed Research Office through our graduate research assistants, a doctoral student lounge and offices for graduate faculty; those who work in this area are developing the school's research engine in nursing care of disease management and life transitions. The top floor of the school includes a 155-seat auditorium created to provide a venue to broadcast throughout the state as well as national and regional nursing leaders' presentations.

### Administration

The complete and up-to-date list of Nursing School leadership (http://louisville.edu/nursing/) is located on the Nursing website.

### Faculty

The complete and up-to-date list of faculty (http://louisville.edu/nursing/directory/) is located on the Nursing website.

### Advising Services

The Office of Student Services (OSS) is available to assist students in planning their academic program and to provide students with information regarding policies, procedures, and general information. The office is located in Rooms 3063-3066 in the K Wing Building on the Health Science Campus. Office hours are 8:30 am to 4:30 pm Monday through Friday. The phone number is (502) 852-5825.

Additional advising office hours are available on the Belknap Campus during the fall and spring semesters. Advising offices are located in the HSC Advising/Studio Arts Bldg.

Appointments are highly recommended to guarantee availability of an advisor. Visit the School of Nursing webpage for contact information.

## Undergraduate Program Information

The following links are to the Nursing BSN catalog pages listing degree requirements and Flight Plan information (http://louisville.edu/flightplan/):

- Nursing BSN (Pre-Licensure Program) (p. 498)
- Nursing BSN (RN-BSN Program) (p. 496)

### About the Programs

Students admitted to the Upper Division of all BSN programs, will be required to meet specific conditions as outlined in their offer of admissions and acceptance. It is the student's responsibility to read the university undergraduate catalog, nursing student handbooks, and official notices (e.g., School of Nursing web page, Blackboard postings) to be informed about grades, credits, and requirements, and to abide by the regulations of the University of Louisville and the School of Nursing. Catalogs and handbooks are updated annually.

### Clinical Requirements

Students are required to meet clinical compliance requirements by the appropriate deadline in order to participate in clinicals. Clinical compliance must be maintained while enrolled in upper division. Detailed information is provided at upper division student orientations, the School of Nursing webpage, and the BSN Student Handbook. Students are required to complete nurse aide training as part of their clinical compliance prior to progressing into Upper Division. NURS 221 will fulfill the nurse aide training requirement.

### Removal from Clinical

Any student participating in a clinical section may be removed from that section at the request of the agency. Every effort will be made to accommodate the student in other clinical sections of the courses. A student who is unsafe in the clinical area may be dismissed from the program.

## Returning to Clinicals following an Absence

The SON has an obligation to ensure that patients for whom students care, receive safe and high-quality care and that students receive a high-quality nursing education. The Return to Class and Clinical policy establishes standards that nursing students must possess in order to meet minimum physical and mental expectations to ensure they are fit for duty. This policy also provides guidance to clinical/course faculty members when managing nursing students who have experienced a change in health status. This guidance provides insight regarding when students may return to the clinical setting or classroom after experiencing a change in their health status, which may limit the student from participating in clinicals and/or coursework.

Students who are not enrolled in nursing clinical courses for two or more consecutive semesters will need to have an Administrative Program Review to determine their currency of content and skills prior to returning to the clinical setting. The program review will be conducted by the Dean's designee.

## Health Professional Health Fee

On April 26, 1999, the University of Louisville's Board of Trustees approved a Health Services Fee. Every HSC student will be assessed the Health Services Fee each semester. Service provided by the fee:

- All pathogen exposure (TB and needle stick) to include outside labs, x-ray, and medications
- All visits to the Student Health Services
- Services included on the Campus Health Services website: https://louisville.edu/campushealth/information/fees/health-professional-health-fee

This mandatory health fee is not health insurance. All remaining balances are the student's responsibility, as outlined on the Campus Health website: https://louisville.edu/campushealth/information/fees/health-professional-health-fee

## Clinical Laboratory Fee

The UofL Board of Trustees approved instructional and clinical fees for nursing courses numbered 300 and all upper division courses effective Fall 2012. The purpose of the fees is to support the maintenance and operational expenses associated with providing clinical instruction.

## Transportation

Students are individually responsible for arranging their own transportation to the clinical sites or other outside clinical experiences. Absence from class or scheduled clinical experiences due to transportation problems is not acceptable. Carpool arrangements will not be part of the decision making process when clinical assignments are made.

## Student Paper and Assignments

Student papers/assignments may be displayed as student examples for course files and accreditation purposes. Identifying student information will be removed in the event of such usage. Student work used for any other purposes will require permission from the student(s) prior to faculty use.

## Technical Standards for Performance

Technical standards, distinguished from academic standards, consists of the minimum physical, cognitive, and emotional requirements for the full participation in the nursing educational programs. The nature of professional nursing education is to prepare practitioners to interact with clients and provide safe, competent nursing care. Upon admission to the School of Nursing, students acknowledge that they meet, with or without reasonable accommodations, these minimum skills and abilities:

1. Strength- lift, carry, push or pull objects up to 75 pounds.
2. Movement- Use fine motor skills and dexterity for activities such as keyboard data entry, setting monitors and measuring medication dosages in syringes, and use gross body movements such as bending, stooping, reaching, balancing, crawling, crouching, kneeling, climbing, standing, sitting, running, walking and repetitive movements.
3. Vision- Seeing far, seeing near, depth perception, ability to distinguish color.
4. Hearing- Distinguish sounds during auscultation and during communication with others.
5. Tactile- Feel and distinguish differences or changes in body tissue temperature, consistency, etc.
6. Written & Verbal Communication- Communicate effectively demonstrating both verbal and written skills
7. Cognitive & Mental Health Function- Students must possess the cognitive and mental health wellness in order to critically think, and to assimilate and analyze information to effectuate a timely and appropriate decision in the midst of multiple distractions. Must be able to memorize, analyze, synthesize and transmit information throughout 8-12 hour periods.

If a student requires a reasonable accommodation, he or she must utilize the University's process for requesting a reasonable accommodation via the Disability Resource Center, who in consultation with the SON, will review the request. After receiving a request for reasonable accommodations, the program director, in concert with appropriate SON personnel and the University's Disability Resource Center, will review the information to determine whether the SON can provide the requested accommodation or a reasonable alternative.

## Minimum Grade Requirements

Students enrolled in the Traditional Bachelor of Science in Nursing program must earn a grade of "C" or above in the courses (or their equivalents) listed below. These courses may be repeated one time. Students who do not pass any lower division course listed below on a second attempt will be dismissed from the nursing program.

| Code | Title | Hours |
|---|---|---|
| ENGL 101 | Introduction to College Writing - WC | 3 |
| ENGL 102 | Intermediate College Writing - WC | 3 |
| BIOL 257 | Introduction to Microbiology - S | 3 |
| BIOL 258 | Introduction to Microbiology Laboratory - SL | 1 |
| BIOL 260 | Human Anatomy & Physiology I | 3 |
| BIOL 261 | Human Anatomy & Physiology II | 3 |
| BIOL 262 | Human Anatomy & Physiology Lab | 1 |
| BIOL 264 | Human Anatomy and Physiology I Laboratory | 1 |
| BIOL 265 | Human Anatomy and Physiology II Laboratory | 1 |
| CHEM 105 | Chemistry for Health Professionals - S | 4 |
| MATH 111 | College Algebra - QR | 3 |

## Anatomy and Physiology Completion Requirement

The School of Nursing highly recommends that students complete the two semesters of anatomy and physiology with a lab at the same

institution prior to admission into the upper division curriculum (BIOL 260, BIOL 261, BIOL 264, BIOL 265). Transfer courses must be officially evaluated and determined equivalent to the University of Louisville's anatomy and physiology courses.

### Student Grievance Policies

Representatives from administration and faculty serve on the School of Nursing's BSN Academic Affairs Committee. This committee reviews academic policies related to undergraduate nursing students. Student representatives have full voting rights except on confidential matters involving other students; in these cases the student representatives are excused. Students wishing to petition a School of Nursing policy should contact an Academic Advisor concerning procedure, students' rights and responsibilities, and appropriate steps to take for resolution within the unit. University of Louisville also has a Student Academic Grievance Policy designed to provide fair means of dealing with student complaints regarding a specific action or decision made by the faculty as a whole, a faculty member, or the unit. Students who believe they have been treated unfairly, discriminated against, or have had their rights abridged may initiate a grievance which shall be processed in accordance with the Student Academic Grievance Procedure (p. 100) pursuant to *The Redbook*. (See University of Louisville Student Handbook for more information.)

### Student Petitions

Any student wanting to be exempted from a School of Nursing policy should make an appointment with an academic advisor and, if necessary, file a petition. The academic advisor will submit the request to the Dean or dean's designee who will make the decision or determine if an appropriate undergraduate faculty committee should hear the petition. After hearing the petition, the committee makes a recommendation to the dean or the dean's designee, who makes the final decision.

A student may not petition to a committee for a change of grade in a course. However, the student may petition to the Committee regarding the fairness in which a grade was calculated. The Committee does not have the authority to recommend grade changes.

### Academic Dishonesty Policy

The term "academic dishonesty" means obtaining or seeking to obtain an unfair academic advantage for oneself or for any other student; it includes lying, cheating, stealing, or engaging in otherwise dishonest conduct in the course of or related to any academic exercise (Code of Student Rights and Responsibilities, University of Louisville). According to the Code of Student Rights and Responsibilities at the University of Louisville, academic dishonesty is prohibited at the University. Academic dishonesty is a serious offense because it diminishes the quality of scholarship, makes accurate evaluation of student progress impossible, and defrauds those in society who must ultimately depend upon the knowledge and integrity of the institution and its students and faculty. Academic dishonesty includes, but is not limited to, cheating, fabrication, falsification, plagiarism, multiple submission, and complicity in academic dishonesty (Code of Student Rights and Responsibilities).

After identifying suspected academic dishonesty occurring in any academic program at the University of Louisville School of Nursing, the following steps will be taken:

1. A meeting to discuss the suspected academic dishonesty will occur with the faculty member, the course coordinator/leader, and the student(s). This meeting should take place, if possible, within 10 working days after identification of the suspected academic dishonesty.
2. The faculty member in collaboration with the course coordinator/leader will provide a letter to the Dean or his/her designee, if possible, within five working days of completion of investigation of the academic dishonesty. The faculty member's letter shall include
   a. A detailed description of the academic dishonesty;
   b. Copies of supportive material; and
   c. A recommendation commensurate with the seriousness and circumstances of the academic dishonesty.
3. The Dean or his/her designee will schedule a meeting with the involved parties prior to making a decision.
4. The Dean or his/her designee will respond in writing to the faculty member by accepting or modifying the recommendation, if possible, within five working days of receipt of the recommendation.
5. The Dean or his/her designee will send a letter to the student(s) regarding the outcomes of the investigation and/or consequences, if possible, within five working days of notifying the faculty member of his/her written recommendation. Copies of this letter will be sent to the student's Office of Student Services advisor and the Dean of the School of Nursing. The letter to the student(s) shall include a copy of this procedure.

All records and documents obtained, prepared or related to the investigation and disposition of a charge of academic dishonesty will be maintained in the student's Office of Student Services file.

### Disability Statement

Students with disabilities, who need reasonable modifications to successfully complete assignments and otherwise satisfy course criteria, are encouraged to meet with the instructor as early as possible to identify and plan specific accommodations. If determined necessary, students will be directed to the Disability Resource Center. Any identified modification(s) deemed necessary must be documented in writing by the Disability Resource Center and provided to the School of Nursing. The Disability Resource Center must re-evaluate and provide documentation each semester.

# About

The School of Public Health and Information Sciences (SPHIS) officially reopened as a University of Louisville unit in September 2002. In December 2008, the school moved to its newly renovated home on East Gray Street across from the Louisville Metro Department of Public Health and Wellness.

The original School of Public Health at University of Louisville was formed in 1919, making it one of the first schools of public health in the United States. Funding for the development of the school came from a $30,000 contribution by the Kentucky State Board of Health. The school was housed on the third floor of the Kentucky Board of Health Building at the corner of 6th and Main Streets. The primary focus of the school was the training of health officers and public health nurses to deal with welfare work in poor communities. The school was deactivated in 1924.

The School of Public Health and Information Sciences is a distinctive school of public health, positioned to protect the public's health in the 21st century by identifying emerging health threats and risks, monitoring health factors and status, understanding how people seek and respond to health information and preparing responses to events that can affect the public's health.

While we embrace the traditional tasks and roles of public health specialists, we recognize that protecting the public's health today requires much more. It requires a new approach that integrates how information about the public's health is acquired, evaluated, acted on and disseminated, and how these affect the public and its health. It requires preparing our students for careers in the 21st century by using 21st century knowledge and techniques.

## School Administration

The School of Public Health and Information Sciences website has a complete and up-to-date list of the School of Public Health leadership (https://louisville.edu/sphis/administration/).

## Faculty & Departmental Information

The complete and up-to-date list of faculty (https://louisville.edu/sphis/directory/) can also be located on the SPHIS website.

## Advising Services

All undergraduate SPHIS majors and minors are assigned an academic counselor. Counselors provide academic advising along with serving as a support resource between students and the university and campus partners.

SPHIS provides student services for undergraduate students on the Belknap Campus. Our Belknap Office is located in the HSC Advising Center/Studio Arts building, RM 100. The physical address 2314 S. Floyd Street, Louisville, KY 40292. Prospective or current students may call (502) 852-5559 or email ugsphis@louisville.edu for added support.

# Instructional Delivery

## Standard Course Delivery Modalities

The university offers the following course modalities:

**In-Person Courses:** Instruction whereby both students and faculty are expected to meet in person in an assigned room at assigned times as found in the schedule of classes; final exams are also regulated by the published schedule. In-person courses may be offered on campus or at a SACSCOC-approved off-campus instructional site. Field experience, practicum, internship, or co-op courses may require meeting at local placement sites.

**Online Courses:** Online courses are conducted via the internet and provide educational access by separating learners and instructors by distance and/or time. Online courses will have no required in-person, on-campus activities including no required in-person exam proctoring. Students who *request* in-person proctoring at a location convenient to the student may be approved by the instructor. A university-licensed and supported learning management system (LMS, e.g., Blackboard) is provided and required for the offering of the university's online courses. Participating faculty must ensure that instructional time is accounted for, meets the SACSCOC minimum contact hour requirements and complies with the U.S. federal regulation on regular and substantive interaction.

- **Online, Asynchronous:** 100% online instruction where no synchronous activities, including assessments, may be required. Instructors and students are expected to engage in learning activities via the approved university system for delivering online education (Blackboard).
- **Online, Synchronous:** 100% online with *any* required synchronous class meetings, including assessment, in addition to any asynchronous expectations. All required synchronous meetings must be published in the schedule of classes before registration. Final exams are regulated by the published schedule.

**Blended Learning Courses:** Blended learning courses combine the affordances of instructional components from in-person classroom experiences and online experiences. The meeting pattern of required synchronous sessions (in-person and/or online) must be consistent across the semester and must be published in the schedule of classes. The in-person class meeting reduction is off-set by designed online learning experiences that support learning objectives and take approximately the same amount of time as the reduced class meetings. These online learning experiences may be:

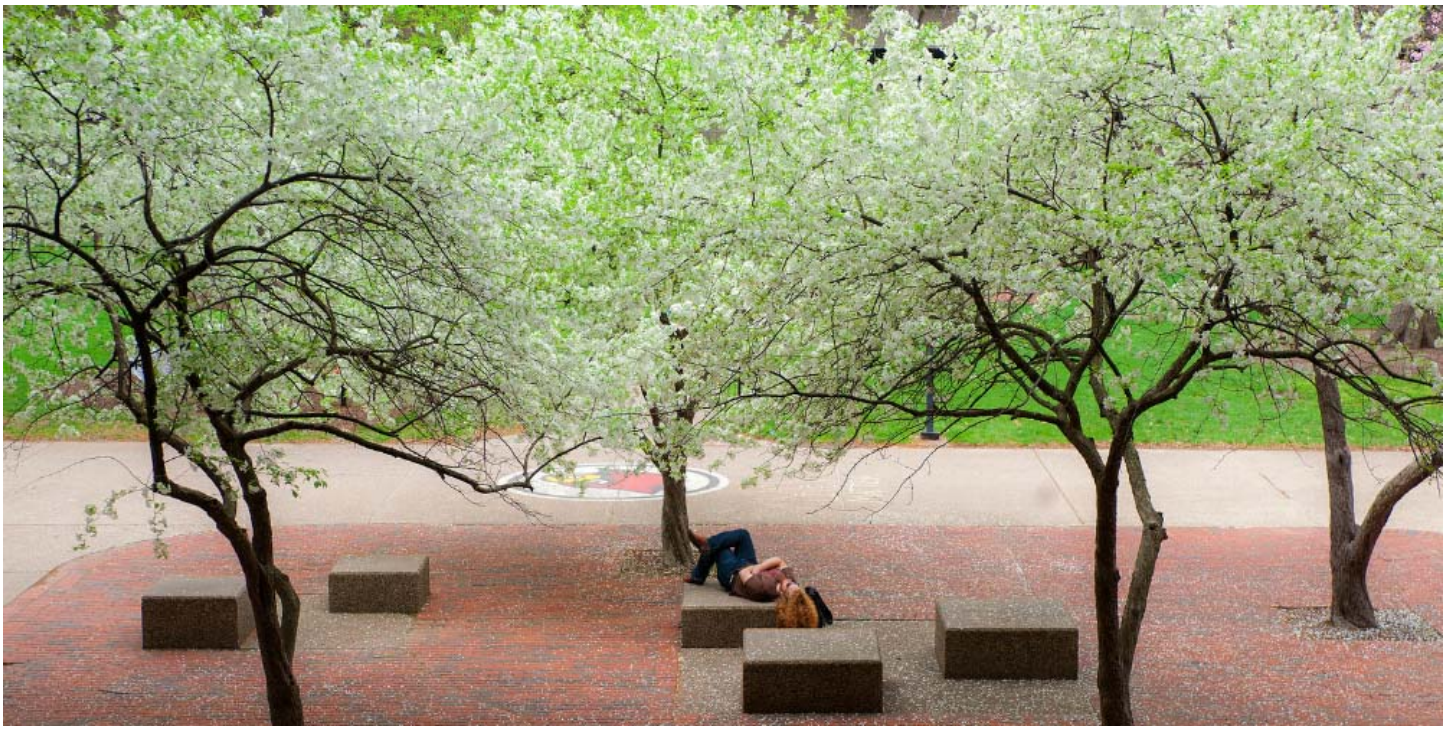
- completely asynchronous (i.e., no “same time” class meetings),
- completely synchronous (i.e., requiring “same time” class meetings via the internet), or
- primarily asynchronous with some synchronous options or requirements.

## Standard Program Delivery Modalities

University of Louisville strives to provide flexibility in course and program delivery wherever possible. In any given term, many programs offer some classes that are available in an in-person, online, or blended modality.

Students who are seeking a specific modality for courses in a program should review the schedule of classes carefully. Programs that can be completed entirely online will be identified on the Overview tab of the academic program’s catalog page. However, unless the program’s overview in the catalog indicates that it can be completed entirely online, UofL programs reserve the right to offer some courses in a single modality (i.e., only online, only blended, or only in-person). Unless specifically stated on the Overview tab of an academic program’s catalog page that a program may be completed entirely through a single modality, students should expect their program to be completed through courses offered in various modalities.

# Undergraduate Programs of Study



The programs listed below are offered at the undergraduate level. Students interested in post-baccalaureate, graduate-level programs should refer to the graduate catalog (https://catalog.louisville.edu/graduate/).

### Accelerated Bachelor's/Master's Programs

Programs marked by a caret (^) include accelerated options that can allow qualified students to complete both a bachelor’s and a master’s degree in a shortened timeline and at a reduced cost.

### Online Programs

Programs marked with an asterisk (*) are available for completion entirely online (http://louisville.edu/online/programs/).

### Post-baccalaureate Programs

Programs marked with a pound/hash symbol (#) are post-baccalaureate programs, designed for individuals who have completed a bachelor's degree in another field and are seeking additional undergraduate-level education in the area listed.

[1] Program is not currently accepting new enrollments.

* Available for completion entirely online (http://louisville.edu/online/programs/).

^ Includes an accelerated options that can allow qualified students to complete both a bachelor's and a master's degree in a shortened timeline and at a reduced cost.

\# Post-baccalaureate program designed for individuals who have completed a bachelor's degree in another field and are seeking additional undergraduate-level education in the area listed.

# Majors

## Undergraduate Degree Programs

### A

- Accountancy (BSBA) (p. 138)
- American Sign Language Interpreting Studies (BS) (p. 141)
- Anthropology (BA) (p. 143)
- Anthropology (BS) (p. 148)
- Applied Engineering (BS) (p. 152)
- Art (BA) (p. 155)
- Art - Fine Art (BFA) (p. 161)
- Asian Studies (BA) (p. 167)

### B

- Biochemistry (BS) (p. 170)
- Bioengineering (BS) (p. 173)
- Biology (BA) (p. 177)
- Biology (BS) (p. 181)
- Biology with a 3+3 Track to PharmD (BA) (p. 190)
- Biology with a 3+4 Track to DMD (BA) (p. 193)
- Business Administration (BBA) (p. 196)
- Business Economics (BS) (p. 199)
- Business Economics with a 3+3 Track to Law (p. 203)

### C

- Chemical Engineering (BS) (p. 205)
- Chemistry (BA) (p. 209)
- Chemistry (BS) (p. 213)
- Civil Engineering (BS) (p. 219)
- Communication (BA) (p. 223)
- Communication (BS) (p. 227)
- Communication Sciences and Disorders (BS) (p. 232)
- Communication with a 3+3 Track to Law (BA) (p. 234)
- Computer Information Systems (BSBA) (p. 237)
- Computer Science (BA) (p. 243)
- Computer Science and Engineering (BS) (p. 247)
- Criminal Justice (BS) (p. 250)
- Criminal Justice with a 3+3 Track to Law (BS) (p. 255)

### D

- Dental Hygiene (BS) (p. 258)
- Design - Art track in Graphic Design or Interior Design (BFA) (p. 161)

### E

- Economics (BA) (p. 262)
- Economics with a 3+3 Track to Law (BA) (p. 264)
- Electrical Engineering (BS) (p. 267)
- Elementary Education (BS) (p. 271)
- English (BA) (p. 279)
- English with a 3+3 Track to Law (BA) (p. 286)
- Equine Business (BSBA) (p. 288)
- Exercise Physiology (BS) (p. 291)

### F

- Finance (BSBA) (p. 297)
- French (BA) (p. 300)

### G

- Geography, Applied (BS) (p. 302)
- General Studies (BS) (p. 310)

### H

- History (BA) (p. 314)
- History with 3+3 Track to Law (BA) (p. 320)
- Humanities (BA) (p. 324)

### I

- Individualized Major (Liberal Studies) (BA) (p. 331)
- Industrial and Systems Engineering (BS) (p. 333)

### L

- Latin American and Latino Studies (BA) (p. 337)

### M

- Management (BSBA) (p. 342)
- Marketing (BSBA) (p. 345)
- Mathematics (BA) (p. 353)
- Mathematics (BS) (p. 357)
- Mechanical Engineering (BS) (p. 362)
- Middle/Secondary (High School) Education (BS) (p. 366)
- Music Composition (BM) (p. 397)
- Music Education (BM) (p. 400)
- Music Education, Pre-Certification (BM) (p. 426)
- Music, General (BA) (p. 450)
- Music History (BM) (p. 453)
- Music, Instrumental Performance (BM) (p. 456)
- Music, Jazz Performance (BM) (p. 459)
- Music, Jazz Studies (BA) (p. 464)
- Music, Organ Performance (BM) (p. 467)
- Music, New Media (BA) (p. 470)
- Music, Piano Performance (BM) (p. 473)

- Music Theory (BM) (p. 478)
- Music Therapy (BM) (p. 481)
- Music, Vocal Performance (BM) (p. 489)

## N

- Neuroscience (BS) (p. 492)
- Nursing (RN-BSN Program) (BSN) (p. 496)
- Nursing, Pre-Licensure Program (BSN) (p. 498)
- Nursing, Accelerated Program (BSN) (p. 501)

## O

- Organizational Leadership and Learning (BS) (p. 504)
- Organizational Leadership and Learning, Track in Healthcare Leadership (BS) (p. 507)

## P

- Pan-African Studies (BA) (p. 508)
- Pan-African Studies (BS) (p. 513)
- Philosophy (BA) (p. 519)
- Physics (BA) (p. 528)
- Physics (BS) (p. 532)
- Political Science (BA) (p. 539)
- Political Science with a 3+3 Track to Law (BA) (p. 546)
- Political Science (BS) (p. 550)
- Psychology (BS) (p. 553)
- Public Health (BA) (p. 558)
- Public Health (BS) (p. 564)

## S

- Social Work (BSW) (p. 571)
- Sociology (BA) (p. 576)
- Sociology (BS) (p. 588)
- Spanish (BA) (p. 597)
- Sport Administration (BS) (p. 599)
- Sustainability (BA) (p. 602)

## T

- Theatre Arts (BS) (p. 607)

## U

- Urban Studies (BS) (p. 611)

## W

- Women's, Gender and Sexuality Studies (BA) (p. 616)
- Women's, Gender and Sexuality Studies with a 3+3 Track to Law (BA) (p. 622)
- Women's, Gender and Sexuality Studies (BS) (p. 627)

# Online Bachelor's Degrees

# Online Post-Baccalaureate Certificate

- Accounting (http://louisville.edu/online/programs/certificate-programs/accounting/?utm_source=uofl-catalog)

# Business Administration in Accountancy (BSBA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Administration in Accountancy**
Unit: Business (BU) (http://www.louisville.edu/business/)
Department: Accountancy (http://business.louisville.edu/accountancy/)

Academic Plan Code(s): ACCYBSB, ACCYBSBO

## Program Information

*This program can be completed* 100% online *(*http://louisville.edu/online/programs/bachelors/bs-in-business-administration-in-accountancy/*).*

The **mission** of the School of Accountancy is to prepare our students for successful accounting careers with a curriculum that reflects an entrepreneurial mindset, the global economy, and the importance of ethical practices. To enhance the intellectual and economic vitality of Louisville, Kentucky, the region, and the broader business community through our academic programs, research, and community outreach activities.

The University of Louisville Accountancy Program is separately accredited by the Association to Advance Collegiate Schools of Business (AACSB International).

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (6 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1,2] | | 53 |
| Program/Major Requirements | | 30 |
| Supporting Courses | | 12 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements tab for specific coursework.

[2] College/School Requirements includes 6 hours of required courses that also cover General Education requirements.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

### New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BSB in Accountancy.

### Current Students - Admission in Good Standing

Students must have both:

1. Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| One of the following MATH courses are required by the program and can satisfy the respective General Education Requirement: | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Select one of the following: | | 3 |

| | | |
|---|---|---|
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 225 | Business Ethics | |
| PHIL 321 | Ethics | |
| PHIL 323 | Medical Ethics | |
| BUS 301 | Business Communication | 3 |
| BUS 201 | Career Development | 1 |
| ACCT 201 & ACCT 202 | Principles of Financial Accounting<br>Principles of Managerial Accounting | 6 |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | 6 |
| BSTA 201 | Business Statistics [4] | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| General Electives | | 6 |
| **Business Breadth** | | |
| FIN 301 | Corporate Finance | 3 |
| MKT 301 | Principles of Marketing | 3 |
| MGMT 301 | Management and Organizational Behavior | 3 |
| CLAW 301 | Legal Environment of Business | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| MGMT 401 | Operations Management | 3 |
| **Minimum Total Hours** | | **53** |

Total of 53 includes 3 credit hours of ECON and 3 credit hours of MATH that are also counted in the 31 Gen Ed hours above.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Accountancy Depth** | | |
| ACCT 301 | Intermediate Accounting I | 3 |
| ACCT 302 | Intermediate Accounting II | 3 |
| ACCT 310 | Introduction to Accounting Information Systems | 3 |
| ACCT 315 | Taxation for Business Entities | 3 |
| ACCT 397 | Co-op in Accounting I [5] | 3 |
| ACCT 320 | Managerial Cost Accounting | 3 |
| ACCT 411 | Capstone Seminar in Accounting - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ACCT 430 | Auditing Theory and Practice | 3 |
| MGMT 404 | Project Management | 3 |
| **Accountancy Electives** | | |
| Accountancy Electives are optional | | |
| ACCT 441 | Financial Statement Analysis | |
| ACCT 401 | Advanced Accounting Problems | |
| ACCT 402 | CPA Prep: Financial Accounting and Reporting (FAR) | |
| ACCT 403 | CPA Prep: Auditing and Attestation (AUD) | |
| ACCT 404 | CPA Prep: Taxation and Regulation (REG) | |
| ACCT 405 | CPA Prep: Tax Compliance and Planning (TCP) | |
| ACCT 406 | CPA Prep: Information Systems and Controls (ISC) | |
| ACCT 407 | CPA Prep: Business Analysis and Reporting (BAR) | |
| ACCT 415 | Taxation of Individuals | |
| ACCT 420 | Advanced Managerial Cost Accounting | |
| ACCT 353 | Accounting for Not-For-Profit Organizations | |
| Business Electives (not Accounting) | | 3 |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives (Electives total assumes use of College requirements to satisfy General Education requirements) | | 12 |

Transfer students must take a minimum of 12 credit hours in their major within the College of Business.

Six hours of US & global perspectives courses are required and may be incorporated within the degree program.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ACCT 411 | Capstone Seminar in Accounting - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). A courses satisfying the General Education Oral Communication requirement (COMM 111, COMM 112 or HON 214 ) are required as prerequisite for BUS 301, but is not included in the required coursework.

2 If MATH 205 is taken, there will be 4 total hours of math, reducing the amount of elective credit required to complete the degree.

3 Completes 3 hours of Social & Behavioral Sciences General Education requirement.

4 Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

5 Co-op may be taken over more than one semester. No more than 3 credit hours may count towards the degree. If a Co-op can not be completed, students can petition for an exception.

### Flight Plan

| Year 1 | | |
|---|---|---|
| **Fall** | | **Hours** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# American Sign Language Interpreting Studies (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in American Sign Language Interpreting Studies**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/)
Department: Classical and Modern Languages (http://louisville.edu/modernlanguages/)
Academic Plan Code(s): ASLIBS

## Program Information

UofL's American Sign Language Interpreting Studies (ASLIS) program provides students the training needed to function as qualified interpreters. This includes learning ASL, understanding the basics of ASL linguistics, Deaf history and culture, and the fundamentals of the interpreting process. We emphasize communicative and cultural competency as well as critical thinking abilities that can be used in both academic and non-academic careers.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 7 |
| Program/Major Requirements [1] | | 58 |
| Supporting Courses | | 28 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the BS in ASLIS not automatic. Entry requires functional fluency in ASL and basic interpreting competencies, a minimum overall GPA of 2.25, and a minimum GPA of 3.0 in ASL and ITP courses. The final exam in ITP 220 also serves as part of the ASLIS screening process for entry into the major. Once accepted into the major, students need to work closely with their advisor. Seniors are required to complete roughly 450 hours in an advanced interpreting practicum. For more details, contact the Department.

The Change Major Request form can be found under the Academic Progress tile on ULink (https://ulink.louisville.edu/).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following course is required by the program and can satisfy the respective General Education Requirements: | | |
| ITP 115 | Introduction to Deaf Culture - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language: incorporated into plan requirements listed below [1] | | |
| Electives in Natural Sciences or Social Sciences at the 300 level or above [2] | | 6 |
| WR: two approved courses at the 300-level or above [3] | | |
| **Minimum Total Hours** | | **7** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Prerequisite Courses** | | |
| ITP 115 | Introduction to Deaf Culture - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ITP 220 | Processing Skills for Interpreters [4] | 3 |
| ITP 225 | Introduction to Interpreting | 3 |
| **Core Courses** | | |
| ITP 150 | Historical Perspectives on the Deaf Community | 3 |
| ITP 200 | Multiculturalism and Interpreting | 3 |
| ITP 210 | Fingerspelling and Number Systems | 3 |
| ITP 320 | English to ASL Interpreting I | 3 |
| ITP 325 | ASL to English Interpreting I | 3 |
| ITP 345 | Preparation for the ASLIS Practicum Experience | 3 |
| ITP 370 | Interpreting in Specialized Settings - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ITP 390 | Linguistics and ASL | 3 |
| ITP 420 | English to ASL Interpreting II | 3 |
| ITP 425 | ASL to English Interpreting II | 3 |
| ITP 435 | Educational Interpreting - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| | | |
|---|---|---|
| ITP 445 | Interpreting in Healthcare Settings | 3 |
| ITP 470 | Practicum in Interpreting I | 3 |
| **Practicum** | | |
| ITP 495 | Practicum in Interpreting II - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 10 |
| **Minimum Total Hours** | | **58** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| ASL 101 | American Sign Language 1 | 3 |
| ASL 102 | American Sign Language 2 | 3 |
| ASL 203 | ASL III for Majors | 3 |
| ASL 204 | American Sign Language IV for Majors | 3 |
| ASL 301 | American Sign Language Classifiers | 3 |
| ASL 302 | American Sign Language Literature | 3 |
| ASL 400 | American Sign Language Presentation Techniques | 3 |
| ASL 405 | Advanced American Sign Language | 2 |
| Minimum Electives | | 5 |
| **Minimum Total Hours** | | **28** |

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ITP 495 | Practicum in Interpreting II - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the second semester of a single foreign language; hours will vary depending on the language taken.
2 In addition to courses counted toward General Education.
3 May be incorporated into the other degree requirements.
4 The final exam in ITP 220 is part of the ASLIS screening process, which determines a student's eligibility to enter the program in the following fall.

## Flight Plan

# Anthropology (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Anthropology**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Anthropology (http://louisville.edu/anthropology/)
Academic Plan Code(s): ANTHBA

# Program Information

The Anthropology major at the University of Louisville includes 200-level and 300-level courses in Archaeology, Biological Anthropology, and Cultural Anthropology; a Methods course in one sub-discipline; ANTH 475, which enables majors to apply Anthropology in real-world situations; and ANTH 508, the capstone course that provides a fundamental understanding of the ideas that underlie Anthropology.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 36-38 |
| Supporting Courses | | 32 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA/MA in Anthropology

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Anthropology majors who are considering pursuing a master's degree (MA) in Anthropology can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA/MA program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Interested students should apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must complete both the department's internal application for permission to participate in the accelerated BA/MA program and the Graduate School's application for admission to the Master of Arts program. Students must have at least a minimum overall Anthropology GPA of 3.3 and meet all other requirements for admission to the Master of Arts in Anthropology program (including at least 18 credit hours of Anthropology with at least nine (9) hours at the 300 level or higher). Students must retain a 3.0 GPA in Anthropology during their senior year to remain in the program.

# Admission Requirements

Admission to the BA in Anthropology requires a minimum cumulative grade point average of 2.0.

The Change Major Request form can be found under the Academic Progress tile on ULink (https://ulink.louisville.edu/).

## Accelerated BA/MA in Anthropology

Students apply to the Accelerated BA/MA program toward the end of their junior year. Applicants should have completed at least 18 credit hours in Anthropology (ANTH) coursework, with at least nine (9) credit hours are the 300 level or higher. Students must have at least a 3.3 GPA in these and any other ANTH courses.

Students must first complete the internal application form requesting departmental permission to participate in the accelerated program. After obtaining the department's approval, the student applies for admission to the Graduate School (https://louisville.edu/graduate/apply/). Complete applications include:

1. Names of referees
2. Unofficial transcript
3. Statement of Purpose.

Upon admission to the accelerated program, students will select courses in consultation with their advisor and the Anthropology Director of Graduate Studies (DGS).

# General Education Requirements

| Code | Title | Hours |
|---|---|---|

| **Minimum Total Hours** | | **36-38** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Electives in the Social Sciences, Natural Sciences, and Humanities (other than Anthropology) [4] | | 21 |
| Minimum Electives [5] | | 9-11 |
| **Minimum Total Hours** | | **32** |

At least 50 of the total minimum hours required must be at the 300 level or above.

*Students in the accelerated BA/MA program should visit the Flight Plan tab for more recommended courses in year 4.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | |
| ANTH 475 | Engaged Anthropology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ANTH 508 | History of Anthropology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the intermediate level of a single foreign language
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above
3 May be incorporated into other degree requirements
4 15 hours must be at the 300-level or above.
5 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

**Flight Plan**

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |

### Accelerated BA/MA

The Flight Plan for the Accelerated BA/MA follows the first three years of the BA.

| | | |
|---|---|---|
| **Year 4** | | |
| **Fall** | | **Hours** |
| Humanities or Natural Science Elective (300 level or above) | | 3 |
| Social Sciences, Natural Sciences, or Humanities Elective (not Anthropology) (300 level or above) | | 3 |
| Social Sciences, Natural Sciences, or Humanities Elective (not Anthropology) (300 level or above) | | 3 |
| Anthropology Elective (500 level or above) | | 3 |
| ANTH 508 | History of Anthropology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| Social Sciences, Natural Sciences, or Humanities Elective (not Anthropology (300 level or above) | | 3 |
| General Elective | | 3 |
| Anthropology Elective (500 level or above) | | 3 |
| ANTH 612 | Seminar: Contemporary Issues in Anthropology | 3 |
| | **Hours** | **12** |
| | **Minimum Total Hours** | **27** |

NOTE: 1) Students in Soaring Scholar program may not take 608 or any of the 600-level research design courses.

NOTE: 2) 508 and all undergraduate culminating courses (509 -12) will not count toward Soaring Scholar Program.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

## Accelerated BA/MA in Anthropology

Anthropology majors who are considering pursuing a master's degree (MA) in Anthropology can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA/MA program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Interested students should apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must complete both the department's internal application for permission to participate in the accelerated BA/MA program and the Graduate School's application for admission to the Master of Arts program. Students must have at least a minimum overall Anthropology GPA of 3.3 and meet all other requirements for admission to the Master of Arts in Anthropology program (including at least 18 credit hours of Anthropology with at least nine (9) hours at the 300 level or higher). Students must retain a 3.0 GPA in Anthropology during their senior year to remain in the program.

# Anthropology (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Anthropology**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Anthropology (http://louisville.edu/anthropology/)
Academic Plan Code(s): ANTHBS

## Program Information

Anthropology is the study of what it means to be human: from the study of culture and social relations, to human biology and evolution, to languages, to music, art and architecture, and to vestiges of human habitation. It considers such fascinating questions as how peoples' behaviors changes over time, how people move about the world, why and how people from distant parts of the world and dissimilar cultures are different and the same, how the human species has evolved over millions of years, and how individuals understand and operate successfully in distinct cultural settings.

The Bachelor of Science degree in Anthropology will allow students to develop skills to understand and critically evaluate numerical data. The degree will strengthen the students' major, preparing them for graduate research and the job market.

## Degree Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 39-41 |
| Supporting Courses | | 34 |
| Culminating Undergraduate Experience (Graduation requirement) | | 3 |
| **Minimum Total Hours** | | **122** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

**Accelerated BS/MA in Anthropology**

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Anthropology majors who are considering pursuing a master's degree (MA) in Anthropology can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BS/MA program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Interested students should apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must complete both the department's internal application for permission to participate in the accelerated BS/MA program and the Graduate School's application for admission to the Master of Arts program. Students must have at least a minimum overall Anthropology GPA of 3.3 and meet all other requirements for admission to the Master of Arts in Anthropology program (including at least 18 credit hours of Anthropology with at least nine (9) hours at the 300 level or higher). Students must retain a 3.0 GPA in Anthropology during their senior year to remain in the program.

## Departmental Admission Requirements

Admission to the BS in Anthropology requires a minimum cumulative grade point average of 2.0.

The Change Major Request form can be found under the Academic Progress tile on ULink (https://ulink.louisville.edu/).

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

**Accelerated BS/MA in Anthropology**

1. Applicants should have completed at least 18 hours in Anthropology, with at least 9 hours at a 300 level or higher, with a 3.3 GPA in these and any additional Anthropology courses.
2. Students will apply toward the end of their 6th semester, or in the semester in which they will have completed 90 credit hours; this initial application form, available upon request, is in-house.
3. To complete the application, students will need to provide names of referees, an unofficial transcript, and a short statement of purpose.
4. Upon admission, students will select courses in consultation with their advisor and the DGS.
5. Students may apply the same 9 hours of courses at a 500 or 600 level to both their BS and MA degree. The instructor will confirm in writing that the student carried out the course's graduate level requirements.
6. Admitted students must maintain a minimum 3.0 G.P.A. across their coursework during their 7th and 8th semester-equivalents.
7. Students will formally apply for admission to the Graduate School at the beginning of the semester in which they will graduate.
8. Students may pursue either the thesis or experiential option within the MA program.
9. All other requirements for the BS and MA programs remain the same.

The Anthropology MA comprises 30 hours: 6 capstone project + 9 core requirements + 15 electives. The option to take 9 hours in the BS/MA reduces the duration of graduation school by a full semester.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |

| | | |
|---|---|---|
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| ANTH 201 | Introduction to Cultural Anthropology - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ANTH 202 | Biological Anthropology - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ANTH 207 | Principles of Biological Anthropology - B (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ANTH 204 | Archaeology - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ANTH 206 | Principles of Archaeology - B (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

* All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| GEN 101 | Arts & Sciences First Year Experience | 1 |
| Foreign Language [1] | | 6-8 |
| Electives in Humanities or Natural Sciences [2] | | 6 |
| WR-two approved courses at the 300-level or above [3] | | |
| **Minimum Total Hours** | | **13-15** |

## Program/Major Requirements*

| Code | Title | Hours |
|---|---|---|
| **Department of Anthropology** | | |

| ANTH 352 | Food and Body Politic |
| ANTH 362 | Special Topics in Cultural Anthropology |
| ANTH 507 | Space, Place and Culture |
| ANTH 522 | Ecology, Politics and Culture |
| ANTH 534 | Food and Farm Movements in the Americas |
| ANTH 562 | Special Topics in Cultural Anthropology |
| **Archaeology (select one of the following):** | **3** |
| ANTH 304 | Prehistoric Archaeology Europe - SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| ANTH 311 | Emergence of Human Culture - SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| ANTH 312 | Rise of Civilization |
| ANTH 322 | Archaeology of North America - SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| ANTH 326 | African Archaeology |
| ANTH 328 | Environmental Archaeology |
| ANTH 329 | Zooarchaeology |
| ANTH 330 | Urban and Historic Archaeology |
| ANTH 364 | Special Topics in Archaeology |
| ANTH 377 | Field Methods in Archaeology |
| ANTH 378 | Lithic Technology |
| ANTH 379 | Ceramic Analysis |
| ANTH 380 | Ice Age People: Colonization of the Americas - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| ANTH 381 | Geoarchaeology |
| ANTH 526 | Archaeology as Practice |
| ANTH 529 | Zooarchaeology |
| ANTH 530 | Human Impacts on Past Environments |
| ANTH 578 | Lithic Technology |
| ANTH 579 | Ceramic Analysis |
| **Biological Anthropology (select one of the following):** | **3** |
| ANTH 303 | Human Origins |
| ANTH 307 | Darwin |
| ANTH 308 | Primates |
| ANTH 327 | The Human Skeleton |
| ANTH 353 | Evolutionary Anthropology |
| ANTH 354 | Anthropology of Infectious Disease |
| ANTH 355 | Black Death: The Pandemic that Changed Human History |
| ANTH 356 | Dental Anthropology |
| ANTH 363 | Special Topics in Biological Anthropology |
| ANTH 374 | Forensic Anthropology Field School |
| ANTH 410 | Skeletal Forensics |
| ANTH 535 | Nutritional Anthropology |
| ANTH 540 | Health and Civilization |
| ANTH 563 | Special Topics in Biological Anthropology |
| **Anthropology Electives** | **9** |
| Select three courses from any elective category above or from the following: | |
| ANTH 361 | Special Topics in Anthropology |
| ANTH 401 | Cooperative Internship in Anthropology |
| ANTH 430 | Practicum in Anthropology Education |
| ANTH 450 | Readings and Research |
| ANTH 451 | Independent Study |
| ANTH 499 | Senior Honors Thesis |
| ANTH 528 | Animals and Humans |
| ANTH 531 | Anthropology of Water |
| **Minimum Total Hours** | **39-41** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Electives in the Social Sciences, Natural Sciences, and Humanities (other than Anthropology) [4] | | 15 |
| Six additional hours of foreign language | | 6 |
| Minimum Electives | | 13-15 |
| **Minimum Total Hours** | | **34** |

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | 3 |
| ANTH 475 | Engaged Anthropology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ANTH 508 | History of Anthropology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

At least 50 of the total minimum hours required must be at the 300 level or above.

***Accelerated BS/MA Requirements**

During semesters 7 & 8, with their advisor's consent, students may take for graduate credit any 500 or 600 level course with two exclusions: 1) Specific UG degree requirements ANTH 508 and a Methods course and 2) MA core courses ANTH 608 and a Research Design class. Both the latter are more suitable for students in their first official year of the MA Program. With this caveat, course selection depends on the student's particular needs and interests.

1 Completion of the second semester of a single foreign language; hours will vary depending on the language taken.
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above
3 May be incorporated into other degree requirements
4 Fulfills General Education requirement
5 Fulfills WR requirement

# Flight Plan

| | **Hours** | **12** |
| | **Minimum Total Hours** | **27** |

## *Accelerated BS/MA Requirements

During semesters 7 & 8, with their advisor's consent, students may take for graduate credit any 500 or 600 level course with two exclusions: 1) Specific UG degree requirements ANTH 508 and a Methods course and 2) MA core courses ANTH 608 and a Research Design class. Both the latter are more suitable for students in their first official year of the MA Program. With this caveat, course selection depends on the student's particular needs and interests.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

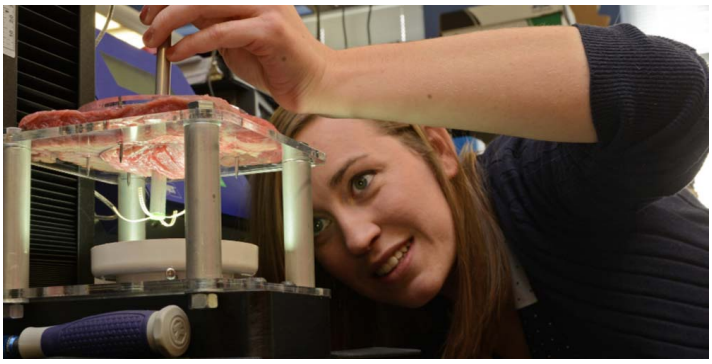
Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

**Accelerated BS/MA in Anthropology**

Students accepted into the Accelerated BS/MA program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

During semesters 7 & 8, with their advisor's consent, students may take for graduate credit any 500 or 600 level course with two exclusions: 1) Specific UG degree requirements ANTH 508 and a Methods course and 2) MA core courses ANTH 608 and a Research Design class. Both the latter are more suitable for students in their first official year of the MA Program. With this caveat, course selection depends on the student's particular needs and interests.

# Applied Engineering (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Applied Engineering**
Unit: Speed School of Engineering (SS) (https://engineering.louisville.edu/)
Department: Engineering Fundamentals (https://engineering.louisville.edu/academics/departments/fundamentals/)

Academic Plan Code(s): AENGBS ECT (ECTC)

# Program Information

The Bachelor of Science in Applied Engineering combines the problem-solving skills of engineering with practical and hands-on skills for implementing solutions. Students will work in state-of-the-art laboratories, learning how to use, fix, and manage the kinds of equipment that industries rely on in the 21st century.

*This program is currently only offered in a 2+2 format in the Elizabethtown, Kentucky area.

**Degree Summary**

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| (19 hours of general education requirements may be satisfied through coursework required by the degree program) | | |
| College / School Requirements [1] | | 33 |
| Program / Major Requirements | | 68 |
| Supporting Courses | | 12 |
| **Minimum Total Hours** | | **122** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

The 2+2 Applied Engineering program is designed for graduates of one of the four ECTC programs below. Students having completed one of these programs with a 2.8 GPA or higher, and and at least B-minus (or higher) in MATH 111 : College Algebra (or equivalent) are admissible to this program. Years 3 and 4 of the coursework are offered at Glendale Training Center (GTC) in Glendale, Kentucky.

- AAS programs like Electronics Technology
- AAS in Industrial Maintenance
- AAS in Electrical Technology
- AAS in Automation, Industrial, and Robotics Technology

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 100 | Differential Calculus for Engineering - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 101 | Introduction to General Chemistry - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School AE Core** [1] | | |
| CHEM 101 | Introduction to General Chemistry - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| AE 222 | Power Conversion & Control | 4 |
| AE 223 | Industrial Robotics I | 4 |
| AE 224 | Digital Electronics | 4 |
| AE 321 | Mobile Robotics I | 4 |
| AE 322 | Programmable Logic Controllers | 4 |
| AE 323 | Programmable Logic Controllers II | 4 |
| AE 431 | Mobile Robotics II | 4 |
| **Minimum Total Hours** | | **68** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Applied Engineering Directed Electives | | 12 |

# Applied Engineering Work Hours Tracking Courses

| Code | Title | Hours |
|---|---|---|
| AE 288 | Industry Experience Seminar | 0 |
| AE 289 | Industry Experience Hours Semester 1 | 0 |
| AE 290 | Industry Experience Hours Semester 2 | 0 |
| AE 389 | Industry Experience Hours Semester 3 | 0 |
| AE 390 | Industry Experience Hours Semester 4 | 0 |
| AE 489 | Industry Experience Hours Semester 5 | 0 |
| AE 499 | Industry Experience Hours: Final Semester | 1 |

Candidates for the Bachelor of Science degree must be in Good Standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| AE 431 | Mobile Robotics II | 4 |

[1] This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements. Note that the 12-hour total for the AH/P1/P2/SB/SBH electives assumes the use of double counting of P1/P2 with another category.

[2] Students completing ENGL 105 (https://catalog.louisville.edu/search/?P=ENGL%20105) in lieu of ENGL 101 (https://catalog.louisville.edu/search/?P=ENGL%20101) or ENGL 102 (https://catalog.louisville.edu/search/?P=ENGL%20102) satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

Students transferring into the 2+2 Applied Engineering program should have the following courses completed during their AAS program:

| Code | Title | Hours |
|---|---|---|
| **UofL Equivalents to Coursework Completed in AAS from ECTC** | | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

# Art (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Art**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Art and Design (https://louisville.edu/art/)
Academic Plan Code(s): ART BA STA (Track in Studio Art), ART BA ARH (Track in Art History)

## Program Information

The Department of Art and Design, endowed as the Hite Institute of Art and Design, offers the Bachelor of Arts (BA) degree with two tracks: Studio Art (https://louisville.edu/art/Undergraduate/ba-studio-art/) and Art History (https://louisville.edu/art/Undergraduate/ba-art-history/).

The Studio Art track is a mixed-media program primarily intended for art students who wish to receive a broad experience in studio practice within the context of a liberal arts education. Areas of study include ceramics, drawing, fiber/mixed media, glass, painting, photography, printmaking, sculpture, video & sound, and special topics.

The Art History track introduces students to the history and appreciation of the visual arts and provides students with an in-depth understanding of the history of art, architecture, and visual culture — their production, circulation, and reception — while teaching them to interrogate visuality more broadly. Areas of study include Renaissance and Baroque Art in Italy, Spain, and Northern Europe; Mexican Art; 19th and 20th Century Architecture; American Art; Film; Modern, Contemporary western, and Contemporary Art and Theory; and Asian and Non-western Art and Architecture. Courses are also offered in curatorial studies, historic interiors, the history of drawing and prints, the history of photography, and the history of graphic design.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Assessment. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 12 |
| Track Requirements | | 24-28 |
| Supporting Courses | | 18 |
| Minimum Electives [1] | | 10-14 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

**Soaring Scholar Accelerated BA/MA in Art History**

Students enrolled in the BA in Art, track in Art History who are considering pursuing a master's degree (MA) in **Art History** can speed up the process by applying some of their undergraduate credit hours toward the MA through the Soaring Scholar Accelerated BA/MA program in Art History.

Interested students must apply through the department for admission to the Soaring Scholar program no later than the end of their junior year in order to be eligible to enroll in graduate coursework during their final year of the BA program.

Students accepted into the Soaring Scholar program will take one 600-level and two 500-level graduate courses (totaling nine (9) credit hours) during their final year of undergraduate studies. These courses will count toward both their bachelor's degree and their eventual master's degree.

Students must have a minimum 3.0 GPA when applying to the Soaring Scholar program and must maintain this GPA once accepted. Soaring Soaring Scholar students who meet the minimum requirements for the Master's program and wish to transition into the Accelerated Master's program will need to apply to the program during their final semester before graduation. Acceptance into the Soaring Scholar program is not a guarantee of acceptance into the Accelerated Master's program.

Students accepted into the Accelerated Master's program will graduate with a bachelor's degree and immediately transition into the Accelerated MA in Art History program. Students in the accelerated program must meet all the requirements for the Master of Arts, including completing at least fifteen (15) credit hours—exclusive of thesis guidance—of their 31-credit hour program in 600-level courses. Once admitted to the Accelerated Master's program, students are expected to maintain a full graduate load of nine (9) credit hours per semester.

**Soaring Scholar Accelerated BA/MA in Critical and Curatorial Studies**

Students enrolled in the BA in Art, track in Art History who are considering pursuing a master's degree (MA) in Critical and Curatorial Studies can speed up the process by applying some of their undergraduate credit hours toward the MA through the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) Accelerated BA/MA program in Critical and Curatorial Studies.

Interested students must apply through the department for admission to the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program no later than the end of their junior year in order to be eligible to enroll in graduate coursework during their final year of the BA program.

Students accepted into the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program will take three 600-level graduate courses (totaling nine (9) credit hours) during their final year of undergraduate studies. These courses will count toward both their bachelor's degree and their eventual master's degree.

Students must have a minimum 3.0 GPA when applying to the Soaring Scholar program and must maintain this GPA once accepted. Soaring Soaring Scholar students who meet the minimum requirements for the Master's program and wish to transition into the Accelerated Master's program will need to apply to the program during their final semester before graduation. Acceptance into the Soaring Scholar program is not a guarantee of acceptance into the Accelerated Master's program.

Students accepted into the Accelerated Master's program will graduate with a bachelor's degree and immediately transition into the Accelerated MA in Critical and Curatorial Studies. Students in the accelerated program must meet all the requirements for the Master of Arts, including completing at least fifteen (15) credit hours—exclusive of thesis guidance—of their 31-credit hour program in 600-level courses. Once admitted to the Accelerated Master's program, students are expected to maintain a full graduate load of nine (9) credit hours per semester.

## Departmental Admission Requirements

To qualify for admission to the Department of Art and Design, students must:

1. Be admitted to the University in Good Standing,
2. Have a minimum cumulative GPA of 2.5,
3. Meet the overall grade point standards for the College of Arts & Sciences.

In addition, a grade of D in any department course at the 300 level or above may not be used to fulfill a departmental requirement. A grade of C-minus or better is required in all 300- and 500-level courses in the major.

Enrolled University of Louisville students may apply for major via ULink (https://ulink.louisville.edu/) (the Change Major Request form can be found under the Academic Progress tile). Incoming and transfer students must first be accepted by the University before they can apply for a major.

Studio art courses may be restricted to majors only.

**Admission and Application to the Soaring Scholar Accelerated BA/MA in Art History**

Interested students must apply through the department for admission to the Soaring Scholar program no later than the end of their junior year in order to be eligible to enroll in graduate coursework during their final year of the BA program.

Students must have a minimum 3.0 GPA when applying to the Soaring Scholar program and must maintain this GPA once accepted. Soaring Soaring Scholar students who meet the minimum requirements for the Master's program and wish to transition into the Accelerated Master's program will need to apply to the program during their final semester

before graduation. Acceptance into the Soaring Scholar program is not a guarantee of acceptance into the Accelerated Master's program.

**Admission and Application to the Accelerated BA/MA in Curatorial Studies**

Interested students must apply through the department for admission to the Soaring Scholar program no later than the end of their junior year in order to be eligible to enroll in graduate coursework during their final year of the BA program.

Students must have a minimum 3.0 GPA when applying to the Soaring Scholar program and must maintain this GPA once accepted. Soaring Soaring Scholar students who meet the minimum requirements for the Master's program and wish to transition into the Accelerated Master's program will need to apply to the program during their final semester before graduation. Acceptance into the Soaring Scholar program is not a guarantee of acceptance into the Accelerated Master's program.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| Two of the following: | | |
| ARTH 250 | Ancient Through Medieval Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ARTH 270 | Renaissance Through Modern Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ARTH 290 | Survey of Asian Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |

[1] Students accepted to the accelerated BA-MA in Art History or the accelerated BA-MA in Critical and Curatorial Studies will take ARTH 642 in lieu of ARTH 541.

[2] Students accepted into the accelerated BA-MA in Critical and Curatorial Studies will take CCS 647 in lieu of a 500-level art history elective.

[3] Students accepted into the accelerated BA-MA in Critical and Curatorial Studies will take CCS 648 in lieu of a 500-level art history elective.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Art - Fine Art (BFA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Fine Arts in Art**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Art and Design (https://louisville.edu/art/)
Academic Plan Code(s): See Track Requirements tab.

## Program Information

The Department of Art and Design, endowed as the Hite Institute of Art and Design, offers the Bachelor of Fine Arts (BFA) degree. Primarily intended for professionally oriented art and design students, and for those planning to pursue graduate work in the studio arts or to assume leadership positions in the fields of graphic or interior design, the BFA degree provides the opportunity for students to go into more depth in their chosen area. There are three tracks in the BFA Program:

- Graphic Design (http://louisville.edu/art/Undergraduate/bfa-in-art-or-design/cad.html)
- Interior Design (http://louisville.edu/art/Undergraduate/bfa-in-art-or-design/bfa-in-interior-design/)
- Studio Art (http://louisville.edu/art/Undergraduate/bfa-in-art-or-design/bfa-studio-art/)

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1, 2] | | 31 |
| College/School Requirements | | 10 |
| Program/Major Requirements [1, 2] | | 27-30 |
| Supporting Courses | | 14-20 |
| Track Requirements | | 33-36 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.
[2] To complete the degree in the **minimum number of hours** listed for all tracks, some hours from the General Education Requirements may be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Primarily intended for professionally oriented art and design students, as well as those planning to pursue graduate work in the studio arts or to assume leadership positions in the fields of graphic or interior design, the BFA degree provides the opportunity for students to go into more depth in their chosen area.

Admission to the BFA program is selective, and enrollment may be limited. University of Louisville students who are approved as majors in the BA in Art, track in Studio Art may apply for the BFA upon completing the Foundations courses and the introductory course for their chosen track. Applicants must have a minimum GPA of 3.0 in department courses (studio art and art history) and a minimum cumulative GPA of 2.5. Once admitted, students must maintain an overall GPA of at least 2.5

and a GPA of 3.0 or higher in department courses to remain in the BFA program.

Students who meet the BFA admission requirements should contact the department at **hite@louisville.edu** to request an application.

Upon admission to the BFA Program, students and faculty will complete and sign a **BFA Student/Mentor Contract**, which outlines the expectations for progress toward degree completion. If, at any point during the student's studies, the mentor deems the student's progress or ability to meet program requirements unsatisfactory, the mentor has the right to resign from their role. In such cases, the student must either seek a new mentor or transfer back into the BA in Art, track in Studio Art. If the student requests a new mentor and no faculty member agrees to work with them, the student will be returned to the BA in Art, track in Studio Art.

Admitted BFA students who fail to meet or maintain the GPA requirements will be placed on departmental probation and given one semester to raise their GPA. If the requirements are not met within that time, students will be returned to the BA in Art, Track in Studio Art. Students may reapply to the BFA program once the GPA requirements are met.

Completion of the BFA degree requires students to submit work for the department's **Learning Outcomes Assessment**. For Studio Art candidates, this includes a committee review of the student's work one semester prior to graduation, as well as participation in the BFA exhibition during the semester of graduation. For Graphic Design and Interior Design candidates, this includes participation in the professional portfolio review at the end of their professional practice course.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| ARTH 250 | Ancient Through Medieval Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ARTH 270 | Renaissance Through Modern Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ARTH 290 | Survey of Asian Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Electives in Natural Sciences or Social Sciences [1] | | 9 |
| WR—two approved courses at the 300 level or above [2] | | |
| **Minimum Total Hours** | | **10** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Department of Fine Arts** | | |
| ART 105 | Foundation 2-D Design | 3 |
| ART 106 | Foundation 3-D Design | 3 |
| ART 107 | Foundation Drawing | 3 |
| Select one of the following: | | 3 |
| DES 204 | Foundation Interior Design [3] | |
| DES 205 | Foundation Graphic Design [4] | |
| ART 206 | Foundation Art Concepts and Methods [5] | |
| ART 207 | Foundation Figure Drawing [5] | |
| Select two of the following: [6] | | 6 |
| ARTH 250 | Ancient Through Medieval Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ARTH 270 | Renaissance Through Modern Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ARTH 290 | Survey of Asian Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Art History electives at the 300 level or above [7] | | 3-6 |
| Studio Art electives at the 300 level [8] | | 6 |
| **Minimum Total Hours** | | **27-30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Electives in Humanities disciplines, other than Art or Art History, at the 300 level or above | | 9-15 |
| WR Elective in Humanities discipline, other than Art or Art History, at the 300 level or above | | 3 |
| Minimum Electives [9] | | 0-2 |
| **Minimum Total Hours** | | **14-20** |

| Code | Title | Hours |
|---|---|---|
| **Studio Art Track (See Track Requirements tab)** | | **33-36** |

60 hours minimum Art/Art History total for Interior Design track; 66 hours minimum total for Graphic Design track; 63 hours minimum total for Studio Art track. At least 50 of the total minimum hours required must be at the 300 level or above.

A grade of C-minus or better is required in all 300 and 500-level courses in the major.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Track in Interior Design requirement fulfilled by completing: | | |

| | |
|---|---|
| DES 596 | Professional Development in Interior Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| Track in Graphic Design requirement fulfilled by completing: | |
| DES 598 | Professional Development in Graphic Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| Track in Studio Art requirement fulfilled by completing: | |
| ART 597 | Professional Development in Studio Arts - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |

1 In addition to courses counting towards General Education; 6 hours must be at 300 level or above.
2 May be incorporated into other degree requirements.
3 Students planning to study Interior Design must take DES 204 Foundation Interior Design (fall semester) concurrently with DES 361 Introduction to Interior Design.
4 Students planning to study Graphic Design must take DES 205 Foundation Graphic Design (spring semester).
5 Students planning to study Studio Art may choose either ART 206 Foundation Art Concepts and Methods (spring semester) or ART 207 (fall semester).
6 Fulfills General Education AH requirement.
7 BFA Graphic Design students must take DES 301 History of Graphic Design and a 300-level elective. BFA Interior Design students must take DES 347 Historic Interiors for Interior Design. BFA Studio Art students must take 6 elective hours at the 300-level.
8 BFA Interior Design students must take DES 361 and DES 362 Color Theory and Human Factors in Interior Design; BFA Graphic Design students must take DES 373 Introduction to Visualization and a 300-level elective. BFA Studio Art students must take 6 elective hours at the 300-level.
9 BFA Graphic Design and BFA Interior Design students may have elective hours. Students who fulfill general education requirements with courses in the major or supporting courses may have electives. To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements may need to be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements may require additional hours to complete the degree requirements or decrease the listed electives.

# Track Requirements

## Track in Interior Design

Academic Plan Code(s): ART_BFAIAR

| Code | Title | Hours |
|---|---|---|
| DES 559 | Computer Applications for Interiors I | 3 |
| DES 561 | Interior Design Studio I | 3 |
| DES 562 | Interior Design Studio II | 3 |
| DES 563 | Interior Design Studio III | 3 |
| DES 564 | Interior Design Studio IV | 3 |
| DES 565 | Directed Projects in Interior Design | 3 |
| DES 566 | Interiors Construction | 3 |
| DES 567 | Interior Finishes | 3 |
| DES 568 | Building Systems | 3 |
| DES 569 | Computer Applications for Interiors II | 3 |
| DES 596 | Professional Development in Interior Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **33** |

## Track in Graphic Design

Academic Plan Code(s): ART_BFACOA

| Code | Title | Hours |
|---|---|---|
| DES 571 | Typography I | 3 |

| **Minimum Total Hours** | | **36** |

## Track in Studio Art

Academic Plan Code(s): ART_BFASTA

Students will select a minimum of five 500-level courses from all studio areas (excluding Graphic Design and Interior Design).

| Code | Title | Hours |
|---|---|---|
| **Track Requirements/Core** | | |
| ART 597 | Professional Development in Studio Arts - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Select a minimum of five courses (15 hours) from the following studio areas: | | 15 |
| ART 501 | Concepts in Painting | |

| | |
|---|---|
| ART 502 | Advanced Concepts in Painting |
| ART 503 | Special Topics in Painting |
| ART 504 | Directed Study in Painting |
| ART 505 | Advanced Figure Drawing |
| ART 506 | Themes and Concepts in Drawing |
| ART 507 | Directed Study in Drawing |
| ART 509 | Anatomy & Life Drawing |
| ART 516 | Advanced Digital Illustration |
| ART 541 | Studio Practice in Printmaking |
| ART 542 | Digital Printmaking |
| ART 543 | Directed Study in Printmaking |
| ART 551 | Lighting |
| ART 552 | Digital Photography |
| ART 554 | Experimental Photography I |
| ART 555 | Directed Study in Photography |
| ART 556 | Experimental Photography II |
| ART 557 | Advanced Photography Seminar |
| ART 558 | Special Topics in Photography |
| ART 511 | Advanced Glassmaking Techniques |
| ART 512 | Directed Study in Glass |
| ART 521 | Practice of Sculpture |
| ART 522 | Sculpture Strategies |
| ART 523 | Directed Study in Sculpture |
| ART 531 | Advanced Ceramics: Wheelthrowing |
| ART 532 | Advanced Ceramics: Sculptural Forms |
| ART 533 | Clay Glazes and Firing |
| ART 534 | Directed Study in Ceramics |
| ART 581 | Advanced Fiber/Surface Design |
| ART 582 | Advanced Fiber/ Mixed Media Art |
| ART 583 | Papermaking |
| ART 584 | Directed Study in Fiber and Mixed Media Art |
| ART 585 | Book Art Concepts |

**Electives**

| | |
|---|---|
| 15 hours of Studio Art (ART) or Art History (ARTH) at the 300-level or above | 15 |
| **Minimum Total Hours** | **33** |

**Flight Plan**

## Track in Graphic Design

| | **Minimum Total Hours** | **122** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Asian Studies (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Asian Studies**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Political Science (http://louisville.edu/politicalscience/)
Program: Asian Studies (http://louisville.edu/asianstudies/)
Academic Plan Code(s): ASSTBA

## Program Information

Asia is the home of 60 percent of the world's population. China and Japan are the second and third largest economies in the world, and India has also experienced very rapid economic growth in the last three decades. Asia has some of the world's most ancient civilizations in the world, such as the Chinese civilization and the Indian civilization.

The Bachelor of Arts in Asian Studies program at UofL is an undergraduate-level interdisciplinary program in the College of Arts and Sciences.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 39 |
| Supporting Courses | | 29 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the BA in Asian Studies requires a minimum 2.0 cumulative University of Louisville GPA.

The Change Major Request form can be found under the Academic Progress tile on ULink (https://ulink.louisville.edu/).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Foreign Language [1] | | 12 |
| Electives in Humanities or Natural Sciences [2] | | 9 |
| WR—two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **22** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Asian Studies Program** | | |
| AST 310 | Introduction to Asian Studies - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Art and Literature** [4] | | |
| Select one of the following: | | 3 |
| ARTH 339 | Architecture and Gardens in China and Japan | |
| AST/ARTH 290 | Survey of Asian Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST 330/ ARTH 335 | Twentieth Century Chinese Artists and Architects - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST/ARTH 331 | Chinese Art | |

| | | |
|---|---|---|
| AST/CHST 351 | Chinese Literature in Translation I - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST/ARTH 531 | Special Topics in Asian Art | |
| CHST 353 | Chinese Literary Theory | |
| CHST 361 | Western Literature in China | |
| HUM 369 | Asian Theatre | |
| **Philosophy and Religion** [4] | | |
| Select one of the following: | | 3 |
| AST 340/ HUM 341 | South Asian Religious Thought and Culture - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST/CHST 341 | Ethnicity and Religion in China | |
| AST/HUM 343 | East Asian Religious Thought and Culture - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHST 331 | Chinese Culture and Tradition | |
| HUM 218 | Introduction to Eastern Religious Traditions - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| HUM 342 | Eastern Mysticism | |
| HUM 307 | East Asian Cultures | |
| HUM 314 | Buddhist Scriptures | |
| PHIL 315 | Asian Philosophy - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| **History** [4] | | |
| Select two of the following: | | 6 |
| HIST 396 | History of India | |
| AST/HIST 397 | Traditional China | |
| AST/HIST 398 | Modern China | |
| AST/HIST 399 | Modern Japan | |
| HIST 584 | Women in East Asian History | |
| **Politics** [4] | | |
| Select one of the following: | | 3 |
| AST/ANTH 347 | Global Capitalisms | |
| AST/POLS 365 | The People's Republic of China - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST/POLS 366 | Politics of East Asia - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST/POLS 367 | Politics and Government of Southeast Asia | |
| AST 598 | Nationalism and Modernity in East Asia | |
| POLS 345 | Russia and Eurasia - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| POLS 362 | Comparative Political Economy | |
| **Popular Culture** [4] | | |
| Select one of the following: | | 3 |
| M L 271 | Chinese Popular Culture - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| M L 310 | Japanese Culture Through Film - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or JPST 310 | Japanese Culture Through Film - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| M L 312 | Japanese Popular Culture - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or JPST 312 | Japanese Popular Culture - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| **Contemporary Asia** [4] | | |
| Select one of the following: | | 3 |
| AST/GEOG 308 | Understanding China: People, Environment and Development | |
| AST 314 | Introduction to Japanese Society - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST/GEOG 316 | Geography of South Asia | |
| AST/ANTH 317 | Contemporary Chinese Society - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| AST 323 | Doing Business in China | |
| AST/CHST 333 | Contemporary China | |

| | | |
|---|---|---|
| AST/CHST 335 | China Through Film - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| **Language Courses** [5] | | |
| Select one of the following sequences: | | 6 |
| CHNS 301 & CHNS 302 | Advanced Intermediate Chinese I<br>Advanced Intermediate Chinese II | |
| JAPN 301 & JAPN 302 | Third-Year Japanese I<br>Third-Year Japanese II | |
| AST 495 | Senior Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| One Asian Studies Humanities elective [6] | | 3 |
| One Asian Studies Social Science elective [7] | | 3 |
| **Minimum Total Hours** | | **39** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Electives in Social Sciences and Humanities, other than Asian Studies, at the 300-level or above | | 15 |
| Minimum Electives [8] | | 14 |
| **Minimum Total Hours** | | **29** |

Consult your Asian Studies advisor about how independent study and special topics courses (AST 491, AST 500, AST 501) count in your major.

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| AST 495 | Senior Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the intermediate level of a single foreign language.
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above.
3 May be incorporated into other degree requirements.
4 AST 390, AST 391, AST 500, AST 501 and CHST 313 are special topics courses. They may used to satisfy any area degree requirement depending on topic appropriateness with the program director's approval.
5 Other Asian languages may be substituted upon approval of the Director of the Asian Studies Program
6 Asian Studies Humanities electives include the following: AST 290/ARTH 290, AST 330/ARTH 335, AST 331/ARTH 331, ARTH 339, AST 270/CHST 270/M L 270, AST 323/CHST 323, CHST 313, CHST 331, AST 333/CHST 333, AST 335/CHST 335, AST 341/CHST 341, AST 351/CHST 351, CHST 353, CHST 361, HUM 218, HUM 307, AST 340/HUM 341, HUM 342, AST 343/HUM 343, HUM 369, AST 531/ARTH 531, M L 310, M L 313 (when topic is appropriate and approved by the program director).
7 Asian Studies Social Science electives include the following: AST 317/ANTH 317, AST 347/ANTH 347, AST 308/GEOG 308, AST 316/GEOG 316, AST 397/HIST 397, AST 398/HIST 398, AST 399/HIST 399, AST 365/POLS 365, AST 366/POLS 366, AST 367/POLS 367, HIST 396, HIST 584, POLS 345, POLS 362.
8 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

## Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Quantitative Reasoning - QR | | 3 |
| General Education: Cardinal Core Natural Sciences - S | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences - SB | | 3 |
| CHNS 101 or JAPN 101 | Elementary Chinese I or First-Year Japanese I | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Natural Sciences with Lab - B | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective - SBH | | 3 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| CHNS 102 or JAPN 102 | Elementary Chinese II or First-Year Japanese II | 3 |
| | **Hours** | **15** |
| **Year 2** | | |
| **Fall** | | |
| General Education: Cardinal Core Arts & Humanities US Perspectives - AHP1 | | 3 |
| CHNS 201 or JAPN 201 | Intermediate Chinese I or Second-Year Japanese I | 3 |
| General Elective | | 3 |
| General Elective | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| Humanities or Natural Science Elective | | 3 |
| CHNS 202 or JAPN 202 | Intermediate Chinese II or Second-Year Japanese II | 3 |
| AST 310 | Introduction to Asian Studies - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Asian Studies Area Elective | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| **Year 3** | | |
| **Fall** | | |
| Humanities or Natural Science WR Elective (300 level or above) | | 3 |
| Social Science Elective (not Asian Studies) (300 level or above) | | 3 |
| Asian Studies Area Elective | | 3 |
| Asian Studies Area Elective | | 3 |
| CHNS 301 or JAPN 301 | Advanced Intermediate Chinese I or Third-Year Japanese I | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| Humanities or Natural Science Elective (300 level or above) | | 3 |
| Social Science WR Elective (not Natural Science) (300 level or above) | | 3 |

| | | |
|---|---|---|
| Asian Studies Area Elective | | 3 |
| Asian Studies Area Elective | | 3 |
| CHNS 302 or JAPN 302 | Advanced Intermediate Chinese II or Third-Year Japanese II | 3 |
| | **Hours** | **15** |
| **Year 4** | | |
| **Fall** | | |
| Social Science Elective (not Asian Studies) (300 level or above) | | 3 |
| Asian Studies Area Elective | | 3 |
| Asian Studies Area Elective | | 3 |
| Asian Studies Humanities Elective | | 3 |
| AST 495 | Senior Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| Social Science Elective (not Asian Studies) (300 level or above) | | 3 |
| Asian Studies Social Science Elective | | 3 |
| General Elective | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **121** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Biochemistry (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Biochemistry**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Chemistry (http://louisville.edu/chemistry/)
Academic Plan Code(s): BIOCBS

## Program Information

The BS in Biochemistry degree program is designed to provide an interdisciplinary curriculum in chemistry and biology and prepare students for careers in biochemistry and biotechnology.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 65 |
| Supporting Courses | | 16-18 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives may be required to complete the minimum hours for the degree.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the major in Chemistry requires completion of CHEM 202 (https://catalog.louisville.edu/search/?P=CHEM%20202) (or equivalent course from another institution) with a grade of C or better.

The Application for Major form can be found on the Arts & Sciences Advising Center website (http://louisville.edu/artsandsciences/advising/apply/).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements * [*] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| or PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*This degree requires the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. If additional hours taken within the program also satisfy General Education requirements, students may need to take additional electives to satisfy the minimum hours required for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 6-8 |
| ENGL 303 | Scientific and Technical Writing - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHIL 321 | Ethics | 3 |
| or PHIL 323 | Medical Ethics | |
| or PHIL 325 | Feminist Medical Ethics - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or PHIL 328 | Environmental Ethics | |
| WR--two approved courses at the 300-level or above [2, 3] | | |
| **Minimum Total Hours** | | **13-15** |

[1] Completion of the second semester of a single foreign language; hours will vary depending on language taken.

[2] Satisfies 3 credit hours of electives in Humanities or Social Sciences at the 300-level or above requirement; requirement is in addition to courses counted toward General Education.

[3] ENGL 303 and CHEM 470 satisfy the WR course requirements.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Departments of Chemistry and Biology** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| CHEM 210 | Introduction to Chemical Analysis IV | 1 |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| CHEM 344 | Organic Chemistry Laboratory II | 2 |
| CHEM 425 | Instrumental and Statistical Analysis | 3 |
| CHEM 441 | Elements of Physical Chemistry | 3 |
| or CHEM 465 | Physical Chemistry I | |
| CHEM 470 | Physical Chemistry Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | 2 |
| CHEM 545 | Biochemistry I | 3 |
| CHEM 546 | Biochemistry Laboratory | 2 |
| CHEM 547 | Biochemistry II | 3 |
| Undergraduate Research or Cooperative Internship [5] | | 3 |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 329 | Cellular and Molecular Biology | 3 |
| BIOL 330 | Genetics and Molecular Biology | 3 |
| BIOL 331 | Genetics and Molecular Biology: Laboratory | 2 |
| BIOL 350 | Biostatistics | 3 |
| CHEM/BIOL Electives - see table below (at least 3 hours in CHEM) | | 9 |
| **Minimum Total Hours** | | **65** |

| Code | Title | Hours |
|---|---|---|
| **Chemistry/Biology Electives** | | |
| (At least 3 hours must be in CHEM): | | |
| CHEM 426 | Instrumental and Statistical Analysis Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 430 | Practicum in Chemistry Education - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 515 | Inorganic Chemistry | |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 529 | Contemporary Methods of Inorganic Synthesis and Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Bioengineering (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Bioengineering**
Unit: Speed School of Engineering (http://engineering.louisville.edu/) (SS)
Department: Bioengineering (https://engineering.louisville.edu/bioengineering/)
Academic Plan Code(s): BE_ _BBE

# Program Information

Bioengineering is a relatively new engineering discipline when compared to the long-standing traditions of other fields of engineering. A bioengineer uses traditional engineering skills and tools to analyze and solve problems in biology and medicine. Bioengineers interact with biologists, biochemists, physicians, physiologists, and therapists to design, develop and manufacture instruments, devices, and software, or to develop new procedures to solve clinical problems.

The Bachelor of Science in Bioengineering degree is designed to provide students with a rigorous education grounded in basic mathematics and sciences traditional to all engineering programs, but focuses additionally on chemistry, biology and physiology, and the opportunity to gain practical experience within the biomedical or bioengineering industry. In the early part of their academic program, students are exposed to fundamentals of engineering and design in mechanical and electrical engineering before proceeding to core Bioengineering classes.

The Bachelor of Science in Bioengineering degree program is accredited by the Engineering Accreditation Commission (EAC) of ABET, https://www.abet.org, under the Commission's General Criteria and the Program Criteria for Bioengineering and Biomedical and Similarly Named Engineering Programs.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1] | | 35 |
| Program/Major Requirements | | 53 |
| Supporting Courses | | 28 |
| **Minimum Total Hours** | | **128** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

# Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |

| | | |
|---|---|---|
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School Core** [1] | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |

| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| **Minimum Total Hours** | | **53** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CEE 205 | Mechanics I: Statics | 3 |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| ISE 360 | Probability and Statistics for Engineers | 3 |
| ME 206 | Mechanics II: Dynamics | 3 |
| ME 251 | Thermodynamics I | 3 |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| PHYS 299 | Introductory Electricity, Magnetism and Light | 4 |
| ENGR 151 | Engineering Graphics Technology | 1 |
| ENGR 330 | Linear Algebra for Engineering | 2 |
| **Minimum Total Hours** | | **28** |

Candidates for the Bachelor of Science degree must be in Good Standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| BE 497 | Capstone B - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements. Note that the 12-hour total for the AH/P1/P2/SB/SBH electives assumes the use of double counting of P1/P2 with another category.

2 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

3 A student is allowed to accumulate no more than two D+ or lower grades in BE prefixed courses (including BE approved elective courses) to graduate with a baccalaureate degree. If a student accumulates any D+ or lower grade, it is strongly recommended that the course be repeated to earn a better grade before proceeding to the next course in the sequence. If a student accumulates a third D+ or lower grade, the student is required to repeat the course to earn a better grade.

4 A maximum of one non-BE course can be taken as an elective. Students must meet all course prerequisites. The courses chosen to fulfill this elective requirement cannot be used to satisfy any other program or degree requirements.

## Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

# Biology (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Biology**
Unit: College of Arts and Sciences (https://louisville.edu/artsandsciences/intro/) (AS)
Department: Biology (http://louisville.edu/biology/)

Academic Plan Code(s): BIOLBA

# Program Information

There are two undergraduate degree programs offered in the Biology Department, a Bachelor of Arts in Biology and a Bachelor of Science in Biology.

The BA degree is a more general degree than the BS. It is a liberal arts degree designed for those students who desire a broad education in a variety of disciplines. This degree requires more foreign language and social science and/or humanities courses than the BS degree. It is a good degree for students interested in taking a diversity of courses outside the sciences. This degree is also suitable for someone planning to be a teacher. A student planning on applying to professional schools can do so with this degree, as long as the student takes all the prerequisites for admission to the desired program.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 37 |
| Supporting Courses | | 31 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA/MS in Biology

This program is available to only University of Louisville undergraduate students. Students who are considering pursuing a non-thesis master's degree (MS) in Biology can speed up the process by applying some ~~of~~ their ~~undergraduate~~ credit hours toward a master's degree. ~~Students~~ accepted into the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) BA/MS program take ~~three~~ graduate courses ~~(up to 9~~ credit hours) as an ~~undergraduate~~ that apply toward both the bachelor's degree and the eventual master's degree. An additional 24 credit hours of graduate coursework will constitute the minimum number of credit hours for obtaining the non-thesis masters. A minimum of 17 credit hours in the MS program must be in courses at the 600 level. With approval from the Director of Graduate Studies, successful applicants will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degrees. These credits will count as elective credits toward the undergraduate degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

## Early Start Program (Jointly with the College of Education and Human Development)

The Master of Arts in Teaching program in conjunction with the undergraduate programs in Chemistry, Biology, and Mathematics offers a comprehensive and professionally-focused program leading to an additional degree of MAT Middle or Secondary Education. This early start program enables superior students to receive two degrees within five years. A total of 148 credits are required for the dual degrees: 121 credits of coursework devoted toward the baccalaureate degree and 36 credits toward the MAT, with nine hours double-counted. This program will be available for students who are entering their junior year. They may take graduate level courses in the College of Education and Human Development (CEHD) in their 4th year of study.

The current qualifications for the joint degree program have been agreed upon by discipline faculty from the Colleges of Arts and Sciences and Education and Human Development. The criteria vary by discipline. Students enrolling in the accelerated program will be non-thesis students and must adhere to all policies pertaining to Graduate Students. All interested students must submit an application to the College of Education and Human Development (CEHD) MAT program and meet the admission criteria.

# Departmental Admission Requirements

Admission to the BA in Biology requires completion of BIOL 240, BIOL 241, BIOL 242, and BIOL 243 with a grade of C or better; completion of MATH 111 with a grade of C or better OR placement into a mathematics course above the level of MATH 111 on the basis of either the University of Louisville mathematics placement examination or ACT/SAT score; and a minimum overall grade point average of 2.0.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Accelerated BA/MS in Biology

Students applying to the accelerated Soaring Scholar program must:

1. Have completed the equivalent of all the "core" majors courses in Biology with grades of B or higher;
2. Have a grade point average of 3.35 or higher; and
3. Apply for admission before the end of their junior year or completion of 90 credit hours toward their degree.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |

| BIOL 350 | Biostatistics [7] | 3 |
| Minimum Electives [6] | | 5-6 |
| **Minimum Total Hours** | | **31** |

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | |
| BIOL 405 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 406 | Undergraduate Research (WR) - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | |
|---|---|
| BIOL 409 | Evolutionary Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 415 | Biology of the Cell - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 430 | Undergraduate Teaching Assistant - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 443 | Developmental Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 485 | Microbial Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 490 | Biology Internship - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 511 | Behavioral Endocrinology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 541 | Medicinal Plant Biochemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 548 | Experimental Design and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |

1 Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.

2 Completion of the intermediate level of a single foreign language

3 In addition to courses counted toward General Education; 6 hours must be at 300 level or above

4 May be incorporated into other degree requirements

5 BIOL 102, BIOL 104, BIOL 257, BIOL 258, BIOL 260, BIOL 261, BIOL 263, BIOL 264, and BIOL 265 may not count toward electives in the major. BIOL 321, BIOL 322, and BIOL 323 may count toward free electives in the major. A maximum of 6 hours of undergraduate research or independent study may count toward the major. Students should take all BIOL electives at the 300 level or above. With approval from the Director of Graduate Studies, successful applicants to the accelerated BA/MS in Biology will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degrees. These credits will count as elective credits toward the undergraduate degree.

6 At least 5 hours should be at the 300-level or higher. Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree. With approval from the Director of Graduate Studies, successful applicants to the accelerated BA/MS in Biology will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degrees. These credits will count as elective credits toward the undergraduate degree.

7 BIOL 350 may double count as a supporting course and a Biology major elective.

## Flight Plan

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

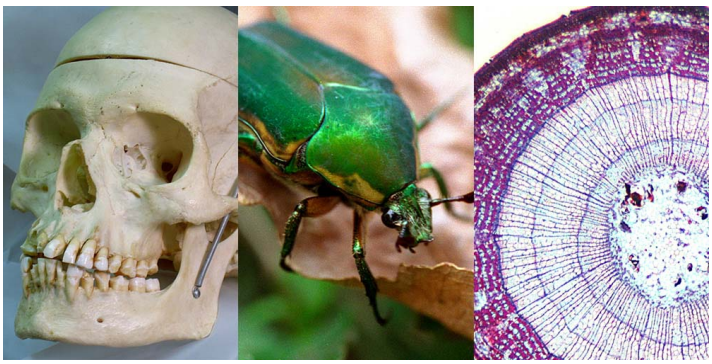
Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

## Accelerated BA/MS in Biology

This program is available to only University of Louisville undergraduate students. Students who are considering pursuing a non-thesis master's degree (MS) in Biology can speed up the process by applying some ~~of~~ their ~~undergraduate~~ credit hours toward a master's degree. ~~Students~~ accepted into the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) BA/MS program take ~~three~~ graduate courses ~~(up to 9~~ credit hours) as an ~~undergraduate~~ that apply toward both the bachelor's degree and the eventual master's degree. An additional 24 credit hours of graduate coursework will constitute the minimum number of credit hours for obtaining the non-thesis masters. A minimum of 17 credit hours in the MS program must be in courses at the 600 level. With approval from the Director of Graduate Studies, successful applicants will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degrees. These credits will count as elective credits toward the undergraduate degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Biology (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Biology**

Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Departmental Website: Biology (http://www.louisville.edu/a-s/biology/)
Academic Plan Codes: See Track Requirements tab.

# Program Information

There are two undergraduate degree programs offered in the Biology Department, a Bachelor of Arts (BA) in Biology and a Bachelor of Science (BS) in Biology.

Bachelor of Science degrees are designed so that students get a particularly strong background in their area of interest in biology--biomedical, cell/molecular/developmental, or evolution/ecology--but still have some flexibility to take courses of interest. Compared to the BA degree, the BS degree requires more science, both in biology and in another field (physics or geosciences), a specific calculus course, and one less course in a foreign language. Each of the tracks in the BS degree also requires courses specific to the field of interest. BS degrees are valuable for students wanting to find employment in a biological field without further formal education, for students planning to attend graduate or professional school, and for students who hope to become teachers.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, email the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (10 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 22 |
| Supporting Courses [1] | | 25 |
| Track Requirements | | 38-40 |
| **Minimum Total Hours** | | **121** |

[1] Some courses required in this degree program may satisfy multiple requirements. To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS/MS in Biology

This program is available to only University of Louisville undergraduate students. Students who are considering pursuing a non-thesis master's degree (MS) in Biology can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Soaring Scholar BS/MS program take graduate courses (up to 9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. An additional 24 credit hours of graduate coursework will constitute the minimum number of credit hours for obtaining the non-thesis masters. A minimum of 17 credit hours in the MS program must be in courses at the 600 level. With approval from the Director of Graduate Studies, successful applicants will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degrees. These credits will count as elective credits toward the undergraduate degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

## Early Start Program (with the College of Education and Human Development)

The Master of Arts in Teaching program in conjunction with the undergraduate programs in Chemistry, Biology, and Mathematics offers a comprehensive and professionally-focused program leading to an additional degree of MAT Middle or Secondary Education. This early start program enables superior students to receive two degrees within five years. A total of 148 credits are required for the dual degrees: 121 credits of coursework devoted toward the baccalaureate degree and 36 credits toward the MAT, with nine hours double-counted. This program will be available for students who are entering their junior year. They may take graduate level courses in the College of Education and Human Development (CEHD) in their 4th year of study.

The current qualifications for the joint degree program have been agreed upon by discipline faculty from the Colleges of Arts and Sciences and Education and Human Development. The criteria vary by discipline. Students enrolling in the accelerated program will be non-thesis students and must adhere to all policies pertaining to Graduate Students. All interested students must submit an application to the College of Education and Human Development (CEHD) MAT program and meet the admission criteria.

# Departmental Admission Requirements

Admission to the Bachelor of Science in Biology requires the following:

- Completion of BIOL 240, BIOL 241, BIOL 242, and BIOL 243 with a grade of C or better.
- Completion of MATH 111 with a grade of C or better OR placement into a mathematics course above the level of MATH 111 on the basis of either the University of Louisville mathematics placement examination or ACT/SAT score.
- A minimum overall grade point average (GPA) of 2.0.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Accelerated BS/MS in Biology

Students applying to the accelerated Soaring Scholar program must:

1. Have completed the equivalent of all the "core" majors courses in Biology with grades of B or higher;
2. Have a grade point average of 3.35 or higher; and
3. Apply for admission before the end of their junior year or completion of 90 credit hours toward their degree.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. If additional hours taken within the program also satisfy General Education requirements, students may need to take additional electives to satisfy the minimum hours required for the degree.

# College/School Requirements

1 Completion of the second semester of a single foreign language; hours will vary depending on language taken
2 In addition to courses counted toward General Education
3 May be incorporated into other degree requirements
4 Note: BIOL 102, BIOL 104, BIOL 257, BIOL 258, BIOL 260, BIOL 261, BIOL 263, BIOL 264, and BIOL 265 do not count toward electives in the major. BIOL 321, BIOL 322, and BIOL 323 may count toward free electives in the major.
5 Fulfills General Education requirement.
6 A maximum of 6 hours of undergraduate research or independent study may count toward the major.
7 BIOL 350 may double count as a supporting course and a Biology major elective.

# BS in Biology Tracks

## Track in Molecular, Cellular, and Developmental Biology

Academic Plan Code(s): BIOLBS_MCD

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| CHEM 342 & CHEM 344 | Organic Chemistry II<br>Organic Chemistry Laboratory II | 5 |
| PHYS 222 & PHYS 224 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| **Molecular, Cellular, and Developmental Track Core Courses** | | |
| BIOL 457 | Microbiology | 3 |
| BIOL 443 | Developmental Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 465 | Principles of Physiology | 3 |
| BIOL 540 | Metabolic Biochemistry | 3 |
| **Molecular, Cellular, and Developmental Track Laboratory Experience** | | **1-4** |
| Select one of the following: | | |
| BIOL 458 | Microbiology Laboratory | |
| BIOL 404 | Undergraduate Research | |
| or BIOL 405 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 406 | Undergraduate Research (WR) - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 416 | Biotechnology Methods - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 541 | Medicinal Plant Biochemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 548 | Experimental Design and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| **Molecular, Cellular, and Developmental Track Electives** | | **9-10** |
| Select at least three courses from the following: | | |
| BIOL 347 | Comparative Vertebrate Anatomy | |
| BIOL 359 | Microbial Genetics and Pathogenesis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| BIOL 415 | Biology of the Cell - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 395 | Pharmacology and Toxicology | |
| BIOL 435 | Chemical Ecology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 480 | Introduction to Immunology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 450 | Cancer Biology | |
| BIOL 485 | Microbial Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 511 | Behavioral Endocrinology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 512 | Endocrinology | |
| BIOL 515 | Environmental Physiology | |
| BIOL 542 | Gene Structure and Function - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 552 | Evolutionary Medicine | |
| BIOL 553 | Chronic Disease Biology | |
| **Biology Electives (300 level or higher)** | | **5-7** |
| **Minimum Total Hours** | | **38-40** |

## Track in Ecology

Academic Plan Code(s): BIOLBS_ECO

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| **Select two of the following courses:** | | **5-6** |
| ENVS 301 | Geology for Scientists and Engineers | |
| ENVS 363 | Climate Science | |
| ENVS 365 | Biogeography | |
| ENVS 367 | Geomorphology | |
| GEOG 355 | Introduction to Remote Sensing | |
| GEOG 558 | Introduction to Geographic Information Systems | |
| URBS 505 | GIS for Planning & Policy | |
| **Select one of the following two sequences:** | | **4-5** |
| PHYS 222 & PHYS 224 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 342 & CHEM 344 | Organic Chemistry II Organic Chemistry Laboratory II | |
| **Ecology Track Core Courses** | | |
| BIOL 363 | Principles of Ecology | 3 |
| BIOL 401 | Advanced Ecology | 3 |
| BIOL 563 | Population and Community Ecology | 3 |
| **Ecology Track Electives** | | |
| Select four courses from the list below | | 12 |
| BIOL 300 | Plant Biology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 304 | Plant Taxonomy & Ecology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 435 | Chemical Ecology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 308 | Vertebrate Zoology | |
| BIOL 310 | Animal Behavior | |
| BIOL 347 | Comparative Vertebrate Anatomy | |
| BIOL 382 | Entomology | |
| BIOL 510 | Behavioral Ecology | |
| BIOL 514 | Ornithology | |
| BIOL 515 | Environmental Physiology | |
| BIOL 571 | Selected Topics (Invertebrate Zoology) | |
| BIOL 372 | Evolutionary Ecology of Disease | |
| BIOL 440 | Global Change Ecology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 560 | Ecology of Urban and Suburban Landscapes | |
| BIOL 562 | Ecosystems Ecology | |
| BIOL 567 | Conservation Biology | |
| Biology electives at the 300 level or above | | 8 |
| **Minimum Total Hours** | | **38-40** |

## Track in Biomedical Sciences

Academic Plan Code(s): BIOLBS_BMS

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| CHEM 342 & CHEM 344 | Organic Chemistry II Organic Chemistry Laboratory II | 5 |
| PHYS 222 & PHYS 224 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| **Biomedical Sciences Core Courses** | | |
| BIOL 443 | Developmental Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 457 | Microbiology | 3 |
| BIOL 465 | Principles of Physiology | 3 |
| BIOL 540 | Metabolic Biochemistry | 3 |
| **Biomedical Sciences Lab** | | **1-4** |
| Select one of the following: | | |
| BIOL 347 | Comparative Vertebrate Anatomy | |

| | |
|---|---|
| BIOL 401 | Advanced Ecology |
| BIOL 404 | Undergraduate Research |
| or BIOL 405 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| or BIOL 406 | Undergraduate Research (WR) - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 416 | Biotechnology Methods - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 458 | Microbiology Laboratory |
| BIOL 541 | Medicinal Plant Biochemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| **Biomedical Sciences Track Electives** | **9-10** |
| Select at least three courses from the following: | |
| BIOL 359 | Microbial Genetics and Pathogenesis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 372 | Evolutionary Ecology of Disease |
| BIOL 376 | Parasitology |
| BIOL 395 | Pharmacology and Toxicology |
| BIOL 396 | Preview to Dentistry -WR - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 404 | Undergraduate Research |
| or BIOL 405 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| or BIOL 406 | Undergraduate Research (WR) - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 450 | Cancer Biology |
| BIOL 460 | Advanced Human Anatomy |
| BIOL 480 | Introduction to Immunology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 490 | Biology Internship - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| BIOL 512 | Endocrinology |
| BIOL 552 | Evolutionary Medicine |
| BIOL 553 | Chronic Disease Biology |
| **Additional Electives** | **7-9** |
| Select from the following: | |
| ANTH 327 | The Human Skeleton |
| ANTH 328 | Environmental Archaeology |
| ANTH 351 | Medical Anthropology |
| COMM 430 | Health Communication - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| ECON 355 | Health Economics |
| ENGL 314 | Literature and Medicine |
| NURS 205 | United States Healthcare System History and Inequality - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| NURS 206 | Rural Health - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| NURS 221 | Principles of Basic Patient Care |
| NURS 388 | Global Health: Disparities and Social Determinants - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| PHEH 331 | Food Composition and Public Health |
| PHEP 300 | Epidemics, Pandemics and Syndemics |
| PHEP 301 | Global Public Health - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| PHEP 341 | Epidemiological Concepts and Methods for Public Health |
| PHIL 320 | Death |
| PHIL 323 | Medical Ethics |
| PHIL 325 | Feminist Medical Ethics - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| PSYC 201 | Introduction to Psychology - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |
| PSYC 305 | Brain and Behavior |
| PSYC 355 | Neuroscience |
| SOC 325 | Sociology of Human Sexuality |
| SOC 342 | Medical Sociology |
| WGST 302 | LGBTQ and Applied Healthcare |
| **Minimum Total Hours** | **38-40** |

## Accelerated BS/MS in Biology

With approval from the Director of Graduate Studies, successful applicants to the Accelerated BS/MS in Biology will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degrees. These credits will count as elective credits toward the undergraduate degree.

**Flight Plan**

## Track in Molecular, Cellular, and Developmental Biology

**Year 1**

| Fall | | Hours |
|---|---|---|
| GEN 100<br>or GEN 101 | Student Success Center First Year Experience<br>or Arts & Sciences First Year Experience | 1 |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 201<br>& CHEM 207<br>& CHEM 208 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 5 |
| Foreign Language 1 [2] | | 3-4 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **16-17** |

| Spring | | |
|---|---|---|
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 202<br>& CHEM 209 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Introduction to Chemical Analysis III | 4 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| Foreign Language 2 [2] | | 3-4 |
| | **Hours** | **15-16** |

**Year 2**

| Fall | | |
|---|---|---|
| BIOL 329 | Cellular and Molecular Biology | 3 |
| CHEM 341<br>& CHEM 343 | Organic Chemistry I<br>Organic Chemistry Laboratory I | 5 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: | Cardinal Core Oral Communication - OC [1] | 3 |
| | **Hours** | **14** |

| Spring | | |
|---|---|---|
| BIOL 330 | Genetics and Molecular Biology | 3 |
| BIOL 331 | Genetics and Molecular Biology: Laboratory | 2 |
| CHEM 342<br>& CHEM 344 | Organic Chemistry II<br>Organic Chemistry Laboratory II | 5 |
| PHYS 221<br>& PHYS 223 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| General Education: AHP2 [1] | Cardinal Core Arts & Humanities Global Perspectives - | 3 |
| | **Hours** | **17** |

**Year 3**

| Fall | | |
|---|---|---|
| BIOL 372<br>or BIOL 440 | Evolutionary Ecology of Disease<br>or Global Change Ecology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 540 | Metabolic Biochemistry | 3 |
| Select one of the following lab experiences: [3] | | 1-3 |
| BIOL 458 | Microbiology Laboratory | |
| BIOL 404 | Undergraduate Research | |
| BIOL 405 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 406 | Undergraduate Research (WR) - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 416 | Biotechnology Methods - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 541 | Medicinal Plant Biochemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 548 | Experimental Design and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 224 | Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| General Education: | Cardinal Core Arts & Humanities -AH [1] | 3 |
| | **Hours** | **14-16** |

| Spring | | |
|---|---|---|
| BIOL 465 | Principles of Physiology | 3 |
| BIOL 350 | Biostatistics | 3 |
| Biology MCD elective 1 (choose one) | | 3-4 |
| BIOL 347 | Comparative Vertebrate Anatomy | |
| BIOL 359 | Microbial Genetics and Pathogenesis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 415 | Biology of the Cell - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 435 | Chemical Ecology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 480 | Introduction to Immunology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 485 | Microbial Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 511 | Behavioral Endocrinology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 512 | Endocrinology | |
| BIOL 515 | Environmental Physiology | |
| BIOL 542 | Gene Structure and Function - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 552 | Evolutionary Medicine | |
| BIOL 553 | Chronic Disease Biology | |

| | | |
|---|---|---|
| Biology elective | | 3-4 |
| Humanities/Social Science/Biology WR course (300 level or above) [4] | | 3 |
| | **Hours** | **15-17** |
| **Year 4** | | |
| **Fall** | | |
| BIOL 409 | Evolutionary Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 457 | Microbiology | 3 |
| Biology MCD elective 2 (choose one) | | 3-4 |
| BIOL 347 | Comparative Vertebrate Anatomy | |
| BIOL 359 | Microbial Genetics and Pathogenesis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 415 | Biology of the Cell - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 435 | Chemical Ecology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 480 | Introduction to Immunology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 485 | Microbial Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 511 | Behavioral Endocrinology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 512 | Endocrinology | |
| BIOL 515 | Environmental Physiology | |
| BIOL 542 | Gene Structure and Function - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 552 | Evolutionary Medicine | |
| BIOL 553 | Chronic Disease Biology | |
| Humanities/Social Science/Biology Elective (300 level or above) | | 3 |
| General Education: Cardinal Core Historical Perspective – SBH [1] | | 3 |
| | **Hours** | **15-16** |
| **Spring** | | |
| BIOL 443 | Developmental Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Biology MCD Elective 3 (choose one) | | 3-4 |
| BIOL 347 | Comparative Vertebrate Anatomy | |
| BIOL 359 | Microbial Genetics and Pathogenesis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 415 | Biology of the Cell - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 435 | Chemical Ecology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 480 | Introduction to Immunology - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 485 | Microbial Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 511 | Behavioral Endocrinology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 512 | Endocrinology | |
| BIOL 515 | Environmental Physiology | |
| BIOL 542 | Gene Structure and Function - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 552 | Evolutionary Medicine | |
| BIOL 553 | Chronic Disease Biology | |
| Humanities/Social Science/Biology Elective (300 level or above) | | 3-4 |
| Humanities/Social Science/Biology WR Course (300 level or above) [4] | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences US Perspectives - SBP1 [1] | | 3 |
| | **Hours** | **15-17** |
| | **Minimum Total Hours** | **121-130** |

1 Fulfills the requirement for one of two required Gen Ed courses. However, only one Gen Ed course from each program will be counted towards your degree.

2 Students with high school language experience or multilingual backgrounds should consult the Classical and Modern Languages department for information on partially or completely satisfying the language requirements through testing.

3 This is a good time to think about performing undergraduate research. Look at faculty websites here and at the HSC, then email faculty whose research you find interesting. See if they have openings.

4 Biology WR courses that fit well in this track include: BIOL 359, BIOL 415, BIOL 416, BIOL 480, BIOL 485, BIOL 511, BIOL 541, and BIOL 542 but note that only some of these are offered in a given semester. BIOL 406 (undergraduate research) would be appropriate if you plan to do an honors project, and is also a good source of writing credit. You MUST have mentor approval.

## Track in Ecology

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 201 & CHEM 207 & CHEM 208 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 5 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **17** |
| **Spring** | | |
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 202 & CHEM 209 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Introduction to Chemical Analysis III | 4 |

| | | |
|---|---|---|
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences - SB (PSYC 201) [1] | | 3 |
| General Education: Cardinal Core Arts & Humanities US Perspectives – AHP1 (300 level or above) | | |
| | **Hours** | **14** |
| **Year 2** | | |
| **Fall** | | |
| BIOL 329 | Cellular and Molecular Biology | 3 |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| Foreign Language 1 [2] | | 4 |
| General Education: Cardinal Core Oral Communication - OC (e.g., BIOL 203) | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| BIOL 330 | Genetics and Molecular Biology | 3 |
| BIOL 331 | Genetics and Molecular Biology: Laboratory | 2 |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

# Biology with a 3+3 Track to PharmD (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Arts in Biology with a 3+3 Track to PharmD

Unit: College of Arts & Sciences (https://louisville.edu/artsandsciences/intro/)
Department: Biology (https://louisville.edu/biology/)
Academic Plan Code(s): BIOLBA_3+3

# Program Information

The College of Arts and Sciences and Sullivan University have joined together to create a 3+3 accelerated program that will allow Biology majors at UofL to finish their final year of coursework for the BA in Biology in concurrence with their first year of PharmD at Sullivan University.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements | | 37 |
| Supporting Courses | | 28 |
| Pharmacy Courses (Sullivan University) [1] | | 28 |
| **Minimum Total Hours** | | **122** |

[1] After completion of year 1 pharmacy courses at Sullivan University, students will transfer their credits to UofL and can graduate with a BA in Biology.

# Departmental Admission Requirements

Admission to the BA in Biology with a 3+3 track to PharmD requires completion of BIOL 329 with a grade of B or better; completion of MATH 111 with a grade of B or better OR placement into a mathematics course above the level of MATH 111 on the basis of either the University of Louisville mathematics placement examination or ACT/SAT score; and a minimum overall grade point average of 3.0. Admitted students must maintain an overall minimum grade point average of 3.0 throughout the program.

## Admission to Sullivan University - Pharmacy

The College of Pharmacy and Health Sciences offers a unique, year-round accelerated Doctor of Pharmacy (PharmD) program. Annually, a class of 50 to 60 students begin the program each July. The current qualifications for the joint degree program have been agreed upon by discipline faculty from the University of Louisville College of Arts and Sciences and Sullivan University College of Pharmacy and Health Sciences. All interested student must submit an application to the Sullivan University Doctor of Pharmacy program and meet the admission criteria.

Please see click here (https://www.sullivan.edu/college-of-pharmacy-and-health-sciences/admissions/) for specific admission information for Sullivan University.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| Arts & Sciences Requirements | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language | | 12 |
| Electives in Humanities or Social Sciences [1] | | 9 |
| WR - two approved courses at the 300 level or above | | |
| **Minimum Total Hours** | | **22** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Biology with a 3+4 Track to DMD (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Arts in Biology with a 3+4 Track to DMD

Unit: College of Arts & Sciences (https://louisville.edu/artsandsciences/intro/)
Department: Biology (https://louisville.edu/biology/)
Academic Plan Code(s): BIOLBA_3+4

# Program Information

The College of Arts and Sciences and the School of Dentistry have joined together to create a 3+4 accelerated program. This is an accelerated program for those Biology students who want to complete their Bachelor's degree and DMD degree in 7 years instead of the typical 8 years. Undergraduates in the B.A. program would apply to the Dental School to attend in what would normally be their fourth year of undergraduate work and, after their first year at ULSD, they would transfer credits back to A&S and be able to receive the B.A. Students in this program will gain the same skills as a student earning both degrees but will do so faster and be able to join the workforce that much quicker.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements | | 35 |
| Supporting Courses | | 32 |
| Dentistry Courses (Dental School) [1] | | 57.5 |
| **Minimum Total Hours** | | **177.5** |

[1] After completion of their first year at ULSD, students will transfer credits back to A&S and can graduate with a BA in Biology.

# Departmental Admission Requirements

Admission to the BA in Biology with a 3+4 track to DMD requires completion of BIOL 329 with a grade of B or better; completion of MATH 111 with a grade of B or better OR placement into a mathematics course above the level of MATH 111 on the basis of either the University of Louisville mathematics placement examination or ACT/SAT score; and a minimum overall grade point average of 3.0. Admitted students must

maintain an overall minimum grade point average of 3.0 throughout the program.

## Admission to UofL School of Dentistry (ULSD)

The Committee on Admissions selects students based on academic proficiency in pre-dental studies, performance on the Dental Admissions Test, recommendations, and nonacademic factors assessed in a personal interview. The current qualifications for the joint degree program have been agreed upon by discipline faculty from the University of Louisville College of Arts and Sciences and School of Dentistry. All interested student must apply to the University of Louisville School of Dentistry program and meet the admission criteria.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| or BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Bachelor of Business Administration (BBA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Business Administration**
Unit: Business (BU) (https://www.louisville.edu/business/)
Department: BBA (https://business.louisville.edu/academics-programs/undergraduate-programs/businessadministration/)
Academic Plan Code(s): BA_BBA, BA_BBAO

## Program Information

The Bachelor of Business Administration (BBA) program will give students a general overview of business, economics, accounting, and marketing consistent with the broader distinction between Bachelor of Arts and Bachelor of Science degrees.

This program will provide students with a generalist program that covers the essential disciplines of business administration and management: economics, marketing, accounting, finance, statistics, operations, management, leadership, and computer systems. The BBA prepares students with a broad business education toward a responsible and rewarding career.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| Six (6) credit hours of General Education requirements may be satisfied through coursework required by the degree program. | | |
| College/School Requirements [1, 2] | | 41 |
| Program/Major Requirements | | 27 |
| Supporting Courses | | 27 |
| **Minimum Total Hours** | | **120** |

[1] Some hours from the General Education Requirements must be satisfied by courses defined by the unit or program to complete the degree in the **minimum number of hours** listed. Using other courses to fulfill General Education requirements will require additional hours to

complete the degree requirements. See the Degree Requirements tab for specific coursework.

[2] College/School Requirements total 44 credit hours, including six (6) credit hours of required courses that also cover General Education requirements.

# Departmental Admission Requirements

## New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the Bachelor of Business Administration.

New High School Students: ACT composite of 23; ACT Math of 22; High School GPA 2.75

Transfer Students: Cumulative GPA of 2.5 (will use only UofL if there is an established UofL GPA)

## Current Students - Admission in Good Standing

Students must:

Earned a 2.5 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 111 | College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| ACCT 201 | Principles of Financial Accounting | 3 |
| ACCT 202 | Principles of Managerial Accounting | 3 |
| BSTA 201 | Business Statistics [2] | 3 |
| BUS 301 | Business Communication | 3 |
| BUS 201 | Career Development | 1 |
| CAMP 100 | Campus Culture/Business Students | 1 |
| CIS 205 | Information Systems in Organizations | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| CLAW 301 | Legal Environment of Business | 3 |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | 3 |
| MATH 111 | College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | 3 |
| MGMT 301 | Management and Organizational Behavior | 3 |
| MKT 301 | Principles of Marketing | 3 |
| Select one of the following Ethics courses: | | 3 |
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 225 | Business Ethics | |
| PHIL 321 | Ethics | |
| PHIL 323 | Medical Ethics | |
| **Minimum Total Hours** | | **41** |

The total of 41 credit hours includes 3 CH of ECON and 3 CH of MATH, which are also counted in the 31 General Education credit hours above.

# Program/Major Requirements

Students must complete 12 of the 18 credit hours of Business Administration electives at UofL.

| Code | Title | Hours |
|---|---|---|
| **Program Requirements** | | |
| Students must complete the following courses that are specific to the BBA Degree. | | |
| FIN 302 | Business Finance [4] | 3 |
| MGMT 320 | Principles of Operations Management [5] | 3 |
| MGMT 441 | Business and Corporate Level Strategy - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Program Electives** [6] | | |
| Provided the student meets course prerequisites, select 18 hours from a combination of any 300/400 level College of Business course, including the following: | | 18 |
| CIS 150 | Fundamentals of Information Systems | |
| CIS 199 | Software Development I | |
| BUS 397 | Co-op in Business I | |
| BUS 398 | Co-op in Business II [7] | |
| ECON 290 | Economics of Social Issues | |
| EQIN 202 | Horse Industry Overview | |
| EQIN 204 | Equine Management | |
| FIN 201 | Money Management and Personal Finance | |
| MGMT 290 | Managing A Diverse Workplace - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| MKT 201 | Multiculturalism in the Marketplace - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MKT 202 | Design Thinking for Creative Problem Solving - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MKT 203 | Artificial Intelligence (AI) in the Marketplace-SB | |
| MKT 290 | Emerging Topics in Marketing | |
| **Minimum Total Hours** | | **27** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives | | 27 |

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MGMT 441 | Business and Corporate Level Strategy - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 College/School Requirements include six hours of General Education (3 hours of Quantitative Reasoning and 3 hours of Social & Behavioral Sciences). A course that satisfies the General Education Oral Communication requirement (e.g., COMM 111 (https://catalog.louisville.edu/search/?P=COMM%20111), COMM 112 (https://catalog.louisville.edu/search/?P=COMM%20112), or HON 214 (https://catalog.louisville.edu/search/?P=HON%20214)) is a prerequisite for BUS 301 (https://catalog.louisville.edu/search/?P=BUS%20301) but is not included in the degree requirements. Students who select PHIL 222 (https://catalog.louisville.edu/search/?P=PHIL%20222) to satisfy the Ethics requirement will also satisfy 3 hours of the Arts & Humanities requirement, which may require additional electives to complete the degree.

2 The following courses will also meet the statistics requirement: MATH 109, PSYC 301, SOC 301, ISE 360, MATH 360, PHST 302, POLS 390 or equivalent. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

3 Satisfies General Education requirements.

4 Students can only earn credit for FIN 301 or FIN 302. Students transferring from a BSBA major (e.g., ACCT, CIS, ECON, FIN, MKT, MGMT, etc.) do not have to take FIN 302 but will only receive credit for one course. Students in the BBA degree program who change their major to a BSBA major MUST take FIN 301 and will only receive credit for that course even if they have already taken FIN 302.

5 Students can only earn credit for MGMT 320 or MGMT 401. Students transferring from a BSBA major (e.g., ACCT, CIS, ECON, FIN, MKT, MGMT, etc.) do not have to take MGMT 320 but will only receive credit for one course. Students in the BBA degree program who change their major to a BSBA major MUST take MGMT 401 and will only receive credit for that course even if they have already taken MGMT 320.

6 The College of Business requires students to complete at least 48 of the total semester hours, whether required or elective, in courses numbered 300 or higher. The BBA Program Elective requirement of 18 hours in the College of Business satisfies part of the 48 credit-hour requirement.

7 The second co-op must be a different learning experience than BUS 397.

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | |

# Business Economics (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Economics**
Unit: College of Business (BU) (http://www.louisville.edu/business/)
Department: Economics (http://business.louisville.edu/economics/)
Academic Plan Code(s): BUECBSE

## Program Information

The Department of Economics provides a thorough education in economics to undergraduate students of the University for those with majors and minors in the department as well as students from other academic programs. A primary departmental objective is promoting the understanding of the economy through economic analysis of industry, non-profit institutions, and government at the micro- and macroeconomic levels. Students develop comprehension, reasoning, and quantitative skills through their study of domestic and global economic issues.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | Six (6) hours of General Education Requirements can be satisfied by courses required by the degree program | |
| College/School Requirements [1, 2] | | 38 |
| Program/Major Requirements | | 9 |
| Supporting Courses | | 48 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements tab for specific coursework.

[2] College/School Requirements includes 6 hours of required courses that also cover General Education requirements.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS Business Economics to MS Business Analytics

Exceptional majors the BS Business Economic degree tracks may apply to earn up to 9 graduate-level credit hours during their senior year that are counted towards both the BS and MS in Business Analytics degrees, allowing students to go on and complete the graduate degree with the remaining graduate hours, saving both time and expense.

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

## New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BS in Economics.

## Current Students - Admission in Good Standing

Students must have both:

1. Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (or equivalent) or completion of MATH 180 Elements of Calculus - QR.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement. | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | 3-4 |
| or MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Select one of the following Ethics courses: | | 3 |
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 225 | Business Ethics | |
| PHIL 321 | Ethics | |
| PHIL 323 | Medical Ethics | |
| BUS 301 | Business Communication | 3 |
| BUS 201 | Career Development | 1 |
| ACCT 201 & ACCT 202 | Principles of Financial Accounting<br>Principles of Managerial Accounting | 6 |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 6 |
| BSTA 201 | Business Statistics [5] | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| General Electives [6] | | 6 |
| **Minimum Total Hours** | | **38** |

Total of 38 includes 3 credit hours of ECON and 3 credit hours of MATH that are also counted in the 31 General Education hours above.

# Program/Major Requirements*

| Code | Title | Hours |
|---|---|---|
| **Economics Breadth** | | |
| ECON 301 | Intermediate Microeconomics | 3 |
| ECON 302 | Intermediate Macroeconomics | 3 |
| ECON 475 | Senior Economics Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **9** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Electives in Economics [7] | | 15 |
| Electives in Business or Economics | | 15 |
| Arts and Sciences Electives [2] | | 18 |
| **Minimum Total Hours** | | **48** |

All course prerequisites must be followed.

Transfer students must take a minimum of 12 credit hours in the major within the College of Business.

Six hours of US & global perspectives courses are required and may be incorporated within the degree program.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ECON 475 | Senior Economics Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

***Accelerated BS Business Economics to MS Business Analytics**
Students in the accelerated option will take the following graduate courses during their senior year to replace undergraduate program electives:

| Code | Title | Hours |
|---|---|---|
| MSBA 610 | Data Visualization with Power BI | 1.5 |
| MSBA 615 | R for Analytics | 1.5 |
| MSBA 620 | Statistical Foundations of Business Analytics | 3 |
| MSBA 605 | Python for Analytics | 3 |

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). General Education Oral Communication courses (COMM 111, COMM 112 or HON 214) are not program requirements, but are required as prerequisite for BUS 301.

2 MATH 205 or MATH 180 must be taken as a required math course for all Economic majors. Their prerequisite(s) may be used as Arts and Sciences elective(s).

3 Completes Quantitative Reasoning General Education.

4 Completes 3 hours of Social & Behavioral Sciences.

5 Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 Students who satisfy General Education Requirements by courses defined by the program may require additional electives to complete the minimum hours for the degree.

7 Either PPE 300 or FIN 301 may be taken as 3 hours of Economics electives. ECON 290 may also be taken as 3 hours of Economics electives.

## Flight Plan*

| | **Hours** | **9** |
| | **Minimum Total Hours** | **60** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

## Accelerated BS Business Economics to MS Business Analytics

Exceptional majors the BS Business Economic degree tracks may apply to earn up to 9 graduate-level credit hours during their senior year that are counted towards both the BS and MS in Business Analytics degrees, allowing students to go on and complete the graduate degree with the remaining graduate hours, saving both time and expense.

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Students in the accelerated option will take the following graduate courses during their senior year to replace undergraduate program electives:

| Code | Title | Hours |
|---|---|---|
| MSBA 610 | Data Visualization with Power BI | 1.5 |
| MSBA 615 | R for Analytics | 1.5 |
| MSBA 620 | Statistical Foundations of Business Analytics | 3 |
| MSBA 605 | Python for Analytics | 3 |

# Business Economics with a 3+3 Track to Law (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

### Bachelor of Science in Business Economics with a 3+3 Track to Law

Unit: College of Business (BU) (https://business.louisville.edu/)
Department: Economics (https://business.louisville.edu/academics-programs/undergraduate-programs/economics/)
Academic Plan Code(s): BUECBSE_3+3

## Program Information

The College of Business and the Louis D. Brandeis School of Law have joined together to create 3+3 Accelerated Law programs that allow eligible students in the College of Business to begin law school in their senior year of undergraduate study. Students substitute undergraduate major requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later. Students must have completed three years (6 semesters) of undergraduate course work, including transfer credit and credit earned in summers, prior to enrollment at Brandeis.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| 6 hours of General Education requirements may be satisfied through coursework required by the degree program | | |
| College/School Requirements [1,2] | | 26 |
| Program/Major Requirements | | 36 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements (or decrease the indicated electives). See the Degree Requirements tab for specific coursework.

[2] College/School Requirements total includes 6 hours of required courses that also satisfy General Education hours requirements.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Students* must have:

1. Earned a 2.8 cumulative GPA (Students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

A 3.5 GPA is recommended by the School of Law (see below).

*Students who are currently enrolled in the College of Business as a Bachelor of Science in Business Administration are permitted to change to Bachelor of Science in Business Economics major as long as they are in good academic standing.

### Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (https://louisville.edu/law/). A visit to the law school and an opportunity to observe a class can be arranged.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 6 |
| BUS 201 | Career Development | 1 |
| BSTA 201 | Business Statistics [5] | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| ACCT 201 | Principles of Financial Accounting | 3 |
| ACCT 202 | Principles of Managerial Accounting | 3 |
| **Minimum Total Hours** | | **26** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Economics Breadth** | | |
| ECON 301 | Intermediate Microeconomics | 3 |
| ECON 302 | Intermediate Macroeconomics | 3 |
| ECON 475 | Senior Economics Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Electives in Economics [6] | | 15 |
| General Electives - 300+ Level | | 12 |
| **Minimum Total Hours** | | **36** |

# Law School Courses

| Code | Title | Hours |
|---|---|---|
| **Law School Courses** | | **30** |
| LAW 800 | Contracts | |
| LAW 801 | Torts | |
| LAW 810 | Criminal Law | |
| LAW 811 | Lawyering Skills I | |
| LAW 812 | Lawyering Skills II | |
| LAW 814 | Property | |
| LAW 815 | Civil Procedure | |
| LAW 816 | Professional Identity Formation in the Law | |
| LAW 819 | Constitutional Law I | |
| **Minimum Total Hours** | | **30** |

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). General Education Oral Communication courses (COMM 111, COMM 112 or HON 214) are not program requirements, but are required as prerequisite for BUS 301.

2 MATH 205 or MATH 180 must be taken as a required math course for all Economic majors. Their prerequisite(s) may be used as Arts and Sciences elective(s).

3 Completes Quantitative Reasoning General Education.

4 Completes 3 hours of Social & Behavioral Sciences.

5 The following courses will also meet the statistics requirement: MATH 109, PSYC 301, SOC 301, ISE 360, MATH 360, PHST 302, POLS 390 or equivalent. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 ECON 290 may be taken as 3 hours of Economics electives.

# Chemical Engineering (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Chemical Engineering**
Unit: Speed School of Engineering (https://engineering.louisville.edu)
Department: Chemical Engineering (https://engineering.louisville.edu/chemical/)
Academic Plan Code(s): CHE_BCH

## Program Information

The Bachelor of Science in Chemical Engineering degree program is accredited by the Engineering Accreditation Commission (EAC) of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Chemical, Biochemical, Biomolecular, and Similarly Named Engineering Programs.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19-22 hours of General Education requirements may be satisfied through coursework required by the degree program) [2] | |
| College/School Requirements [1] | | 35 |
| Program/Major Requirements [1] | | 56 |
| Supporting Courses | | 22 |
| **Minimum Total Hours** | | **123** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

[2] Any one course of PHIL 222, PHIL 225, PHIL 321, PHIL 323 or PHIL 328 satisfies the ChE Department Ethics Elective requirement. However, only PHIL 222 also counts for General Education content requirement in Arts and Humanities (AH).

Specific coursework information can be found on the Degree Requirements tab.

# Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

# Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) and CHEM 101 (or equivalent).

It is recommended students successfully complete PHYS 298 (or equivalent) before transferring to the J.B. Speed School of Engineering.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (optional, see note below) [6] | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

While any one course of PHIL 222, PHIL 225, PHIL 321, PHIL 323 or PHIL 328 satisfies the ChE Department Ethics Elective requirement, only PHIL 222 also counts for the General Education content requirement in Arts and Humanities (AH).

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School Core** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 1 |
| Select one of the following: | | 3 |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | |
| COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1,2] | 3 |

| | | |
|---|---|---|
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1,2] | 3 |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 4 |
| ENGR 102 | Engineering Analysis II | 4 |
| ENGR 110 | Engineering Methods, Tools, and Practice I | 2 |
| ENGR 111 | Engineering Methods, Tools and Practice II | 2 |
| ENGR 201 | Engineering Analysis III | 4 |
| ENGR 205 | Differential Equations for Engineering | 2 |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 4 |
| **Minimum Total Hours** | | **35** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Chemical Engineering Department Requirements** [3] | | |
| CHE 205 | Introduction to Chemical Engineering | 3 |
| CHE 211 | Chemical Engineering Thermodynamics I | 3 |
| CHE 230 | Computer Applications in Chemical Engineering | 2 |
| CHE 253 | Materials Science | 3 |
| CHE 288 | Chemical Engineering Cooperative Education Seminar | 0 |
| CHE 289 | Chemical Engineering Cooperative Education I | 1 |
| CHE 305 | Material and Energy Balances | 4 |
| CHE 312 | Chemical Engineering Thermodynamics II | 3 |
| CHE 331 | Principles of Fluid Dynamics | 3 |
| CHE 389 | Chemical Engineering Cooperative Education II | 1 |
| CHE 401 | Safety, Health and Environment | 1 |
| CHE 433 | Principles of Heat and Mass Transfer | 3 |
| CHE 436 | Separation Operations | 4 |
| CHE 441 | Kinetics and Chemical Reactors | 3 |
| CHE 461 | Elements of Process Control | 3 |
| CHE 471 | The Strategy of Design | 3 |
| CHE 485 | Unit Operations Laboratory I | 2 |
| CHE 486 | Unit Operations Laboratory II | 2 |
| CHE 489 | Chemical Engineering Cooperative Education III | 1 |
| CHE 520 | Modeling and Transport Phenomena | 3 |
| CHE 572 | Plant Process and Project Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Chemical Engineering Core** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| **Minimum Total Hours** | | **57** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| ISE 360 | Probability and Statistics for Engineers | 3 |
| ISE 370 | Engineering Economic Analysis | 3 |
| ENGR 307 | Numerical Methods for Engineering | 2 |
| Advanced Chemistry or Chemical Engineering Elective (see list below) [4, 5] | | 3 |
| Advanced Science or Chemical Engineering Elective (see list below) [4, 5] | | 3 |
| Ethics Elective [6] | | 3 |
| **Minimum Total Hours** | | **22** |

Candidates for the Bachelor of Science degree must be in good standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| CHE 572 | Plant Process and Project Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

## Advanced Chemistry or Chemical Engineering Electives

Select one course from the following list:

| Code | Title | Hours |
|---|---|---|
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 441 | Elements of Physical Chemistry | 3 |
| CHEM 445 | Survey of Biochemistry | 3 |
| CHEM 450 | Introduction to Computational Chemistry and Molecular Modeling | 3 |
| CHEM 465 | Physical Chemistry I | 3 |
| CHEM 466 | Physical Chemistry II | 3 |
| CHEM 515 | Inorganic Chemistry | 3 |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 545 | Biochemistry I | 3 |
| CHEM 550 | Group Theory and its Chemical Applications | 3 |
| CHEM 557 | Bio-Organic Phenomena | 3 |
| CHE 300-level or higher non-required CHE course | | |

## Advanced Science or Chemical Engineering Elective

Select one course from the following list:

| Code | Title | Hours |
|---|---|---|
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| | | |
|---|---|---|
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 257 | Introduction to Microbiology - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 329 | Cellular and Molecular Biology | 3 |
| BIOL 330 | Genetics and Molecular Biology | 3 |
| BIOL 350 | Biostatistics | 3 |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 441 | Elements of Physical Chemistry | 3 |
| CHEM 445 | Survey of Biochemistry | 3 |
| CHEM 450 | Introduction to Computational Chemistry and Molecular Modeling | 3 |
| CHEM 465 | Physical Chemistry I | 3 |
| CHEM 466 | Physical Chemistry II | 3 |
| CHEM 515 | Inorganic Chemistry | 3 |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 545 | Biochemistry I | 3 |
| CHEM 550 | Group Theory and its Chemical Applications | 3 |
| CHEM 557 | Bio-Organic Phenomena | 3 |
| ENVS 301 | Geology for Scientists and Engineers | 3 |
| ENVS 360 | Global Environmental Change | 3 |
| ENVS 363 | Climate Science | 3 |
| ENVS 365 | Biogeography | 3 |
| ENVS 564 | Hydrology | 3 |
| PHYS 299 | Introductory Electricity, Magnetism and Light | 4 |
| PHYS 300 | Introductory Modern Physics | 3 |
| CHE 300-level or higher non-required CHE course | | |

1 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements.

2 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

3 In order to meet departmental graduation requirements a student may accumulate no more than two D grades in CHE-prefixed courses. Any additional D grades beyond two must be repeated, in accordance with policies on course repetition. If a student accumulates more than one D in any one year of the program, it is strongly recommended that one or more of those courses be repeated to earn a better grade before proceeding to the next course in the sequence. For this policy, grades of D-minus, D or D+ are all considered to be D grades. Note also a student who accumulates more than one D in a ChE course will not be permitted to enter Graduate Studies to pursue the MEng degree program until any courses with D grades in excess of one are repeated and a better grade earned.

4 An undergraduate student must receive permission from the department chair in order to enroll in a 600-level course. The course chosen to fulfill this elective requirement cannot be used to satisfy any other program or degree requirements. Note that while some courses are acceptable as either Science or Advanced Chemistry Electives, a single course cannot be used to meet both requirements as the curriculum requires that these two electives constitute a combined total of six (6) credit hours.

5 The course chosen to fulfill this elective requirement cannot be used to satisfy other program or degree requirements. Note that while some courses are acceptable as either Science or Advanced Chemistry Electives, a single course cannot be used to meet both requirements as the curriculum requires that these two electives constitute a combined total of six (6) credit hours.

6 Any one course of PHIL 222, PHIL 225, PHIL 321, PHIL 323, or PHIL 328 satisfies the ChE Department Ethics Elective requirement. However, only PHIL 222 also counts for the General Education content requirement in Arts and Humanities (AH).

## Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| ENGR 110 | Engineering Methods, Tools, and Practice I | 2 |
| General Education: Cardinal Core Arts & Humanities, Social & Behavioral Sciences, or Social & Behavioral Sciences Historical Persepective - AH, SB, or SBH | | 3 |
| | **Hours** | **17** |
| **Spring** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGR 102 | Engineering Analysis II | 4 |
| ENGR 111 | Engineering Methods, Tools and Practice II | 2 |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |

| CHE 520 | Modeling and Transport Phenomena | 3 |
| CHE 572 | Plant Process and Project Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Advanced Chemistry or Chemical Engineering Elective | | 3 |
| | **Hours** | **14** |
| | **Minimum Total Hours** | **123** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Chemistry (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Chemistry**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Chemistry (http://louisville.edu/chemistry/)
Academic Plan Code(s): CHM_BA

# Program Information

The BA degree in chemistry is designed for students who want a more general education than is possible in the BS curriculum, while at the same time receiving a substantial background in chemistry. For several related fields, this program offers a broad pre-professional education.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 40 |
| Supporting Courses | | 28-30 |
| **Minimum Total Hours** | | **121-123** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Early Start Program (Jointly with the College of Education and Human Development)

The Master of Arts in Teaching program in conjunction with the undergraduate programs in Chemistry, Biology, and Mathematics offers a comprehensive and professionally-focused program leading to an additional degree of MAT Middle or Secondary Education. This early start program enables superior students to receive two degrees within five years. A total of 148 credits are required for the dual degrees: 121 credits of coursework devoted toward the baccalaureate degree and 36 credits toward the MAT, with nine hours double-counted. This program will be available for students who are entering their junior year. They may take graduate level courses in the College of Education and Human Development (CEHD) in their 4th year of study.

The current qualifications for the joint degree program have been agreed upon by discipline faculty from the Colleges of Arts and Sciences and Education and Human Development. The criteria vary by discipline. Students enrolling in the accelerated program will be non-thesis students and must adhere to all policies pertaining to Graduate Students. All interested students must submit an application to the College of Education and Human Development (CEHD) MAT program and meet the admission criteria.

# Departmental Admission Requirements

Admission to the major in Chemistry requires completion of CHEM 202 (or equivalent course from another institution) with a grade of C or better. The Application for Major form can be found on the Arts & Sciences Advising Center website (http://louisville.edu/artsandsciences/advising/apply/).

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 12 |
| Electives in Humanities or Social Sciences [2] | | 9 |
| WR—two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **22** |

# Program/Major Core

| Code | Title | Hours |
|---|---|---|
| **Department of Chemistry** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| CHEM 210 | Introduction to Chemical Analysis IV [4] | 1 |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| CHEM 344 | Organic Chemistry Laboratory II | 2 |
| CHEM 425 | Instrumental and Statistical Analysis | 3 |
| CHEM 441 | Elements of Physical Chemistry | 3 |
| or CHEM 465 | Physical Chemistry I | |

| | | |
|---|---|---|
| CHEM 470 | Physical Chemistry Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [5] | 2 |
| Select one of the following: | | 2 |
| CHEM 426 | Instrumental and Statistical Analysis Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 529 | Contemporary Methods of Inorganic Synthesis and Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 546 | Biochemistry Laboratory | |
| Select one of the following: | | 3 |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 420 | Cooperative Internship in Chemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 492 | Undergraduate Research | |
| Select two of the following: | | 6 |
| CHEM 445 | Survey of Biochemistry | |
| or CHEM 545 | Biochemistry I | |
| CHEM 515 | Inorganic Chemistry | |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 555 | Theory and Application of Computational Chemistry | |
| CHEM 557 | Bio-Organic Phenomena | |
| **Minimum Total Hours** | | **39** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| MATH 206 | Calculus II | 4 |
| Complete one of the following sequences: | | 8-10 |
| *Sequence 1:* | | |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 223 | Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 224 | Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| *Sequence 2:* | | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 296 | Introductory Laboratories II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 299 | Introductory Electricity, Magnetism and Light | |
| Minimum Electives [6] | | 12 |
| **Minimum Total Hours** | | **28-30** |

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 420 | Cooperative Internship in Chemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 430 | Practicum in Chemistry Education - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

At least 50 of the total minimum hours required must be at the 300 level or above.

1 Completion of the intermediate level of a single foreign language
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above.
3 May be incorporated into other degree requirements

4 May fulfill General Education requirement.
5 CHEM 470 plus 3 semester hours of another WR course will fulfill the WR requirement.
6 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

# Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| CHEM 210 | Introduction to Chemical Analysis IV | 1 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts & Humanities - AH | | 3 |
| General Education: Cardinal Core Social & Behavioral Historical Perspective - SBH | | 3 |
| | **Hours** | **14** |
| **Year 2** | | |
| **Fall** | | |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 223 | Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| General Elective (300 level or above) | | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 344 | Organic Chemistry Laboratory II | 2 |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 224 | Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| MATH 206 | Calculus II | 4 |
| General Education: Cardinal Core Arts & Humanities Global Perspectives - AHP2 | | 3 |
| | **Hours** | **16** |
| **Year 3** | | |
| **Fall** | | |
| CHEM 425 | Instrumental and Statistical Analysis | 3 |
| CHEM 441 or CHEM 465 | Elements of Physical Chemistry or Physical Chemistry I | 3 |
| Foreign Language 1 | | 4 |
| Humanities or Social Science Elective (300 level or above) | | 3 |
| General Elective (300 level or above) | | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| CHEM 445 | Survey of Biochemistry | 3 |
| CHEM 470 | Physical Chemistry Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| Humanities or Social Science Elective (300 level or above) | | 3 |
| Foreigne Language 2 | | 4 |
| General Elective | | 3 |
| | **Hours** | **15** |
| **Year 4** | | |
| **Fall** | | |
| CHEM 426 | Instrumental and Statistical Analysis Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| CHEM 515 | Inorganic Chemistry | 3 |
| Foreign Language 3 | | 4 |
| Humanities or Social Science Elective (300 level or above) | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| General Education: Cardinal Core Social & Behavioral US Perspectives - SBP1 | | 3 |
| Chemistry Research or Internship | | 3 |
| General Elective | | 3 |
| General Elective | | 3 |
| General Elective | | 2 |
| | **Hours** | **14** |
| | **Minimum Total Hours** | **121** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

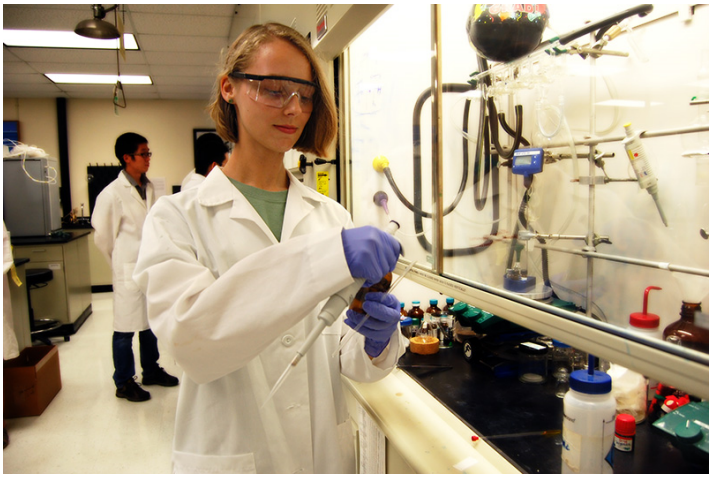
**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Chemistry (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Chemistry**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Chemistry (http://louisville.edu/chemistry/)
Academic Plan Code(s): See Track Requirements tab

## Program Information

The BS in Chemistry degree program is designed to prepare professional chemists for industrial, governmental, academic, and research positions. This curriculum meets approved requirements for professional training.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 25 |
| Supporting Courses | | 16-18 |
| Track Requirements | | 34-51 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives may be required to complete the minimum hours for the degree. To complete the degree in the minimum number of hours listed for the Business track, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

Specific coursework information can be found on the Degree Requirements tab.

### Early Start Program (Jointly with the College of Education and Human Development)

The Master of Arts in Teaching program in conjunction with the undergraduate programs in Chemistry, Biology, and Mathematics offers a comprehensive and professionally-focused program leading to an additional degree of MAT Middle or Secondary Education. This early start program enables superior students to receive two degrees within five years. A total of 148 credits are required for the dual degrees: 121 credits of coursework devoted toward the baccalaureate degree and 36 credits toward the MAT, with nine hours double-counted. This program will be available for students who are entering their junior year. They may take graduate level courses in the College of Education and Human Development (CEHD) in their 4th year of study.

The current qualifications for the joint degree program have been agreed upon by discipline faculty from the Colleges of Arts and Sciences and Education and Human Development. The criteria vary by discipline. Students enrolling in the accelerated program will be non-thesis students and must adhere to all policies pertaining to Graduate Students. All interested students must submit an application to the College of Education and Human Development (CEHD) MAT program and meet the admission criteria.

## Departmental Admission Requirements

Admission to the major in Chemistry requires completion of CHEM 202 (or equivalent course from another institution) with a grade of C or better.

The Application for Major form can be found on the Arts & Sciences Advising Center website (http://louisville.edu/artsandsciences/advising/apply/).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree. To complete the Business track in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 6-8 |
| Electives in Humanities or Social Sciences at the 300-level or above [2] | | 6 |
| WR—two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **13-15** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Department of Chemistry** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| CHEM 210 | Introduction to Chemical Analysis IV | 1 |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| CHEM 344 | Organic Chemistry Laboratory II | 2 |
| CHEM 425 | Instrumental and Statistical Analysis | 3 |
| CHEM 470 | Physical Chemistry Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| **Minimum Total Hours** | | **25** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| MATH 206 | Calculus II | 4 |
| Complete one of the following sequences: | | 8-10 |
| Sequence 1: | | |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 223 | Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 224 | Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Sequence 2: | | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 296 | Introductory Laboratories II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 299 | Introductory Electricity, Magnetism and Light | |
| **Minimum Total Hours** | | **16-18** |

| Code | Title | Hours |
|---|---|---|
| **Track Requirements** | | **34-51** |

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 420 | Cooperative Internship in Chemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| CHEM 430 | Practicum in Chemistry Education - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

[1] Completion of the second semester of a single foreign language; hours will vary depending on language taken
[2] In addition to courses counted toward General Education
[3] May be incorporated into other degree requirements
[4] Fulfills General Education requirement.
[5] CHEM 470 plus 3 semester hours of another WR course will fulfill the WR requirement.

# Track Requirements

Students completing the BS in Chemistry may pursue the standard degree track or a specialized track in Biochemistry or a track in Business. Requirements for all three of these options are listed below.

## Chemistry BS (non-track option)

Academic Plan Code(s): CHM_BS

| Code | Title | Hours |
|---|---|---|
| **Program/Major/Track Requirements** | | |
| CHEM 426 | Instrumental and Statistical Analysis Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| CHEM 465 | Physical Chemistry I | 3 |
| CHEM 466 | Physical Chemistry II | 3 |
| Select two of the following CHEM Lecture Electives: | | 6 |
| CHEM 445 | Survey of Biochemistry | |
| CHEM 515 | Inorganic Chemistry | |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 545 | Biochemistry I | |
| CHEM 547 | Biochemistry II | |
| CHEM 550 | Group Theory and its Chemical Applications | |
| CHEM 557 | Bio-Organic Phenomena | |
| Select two of the following CHEM Lab Electives: | | 4-5 |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 529 | Contemporary Methods of Inorganic Synthesis and Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 546 | Biochemistry Laboratory | |
| CHEM 555 | Theory and Application of Computational Chemistry | |
| Select one of the following CHEM Research courses: | | 3 |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 492 | Undergraduate Research | |
| MATH 301 | Calculus III (Select one of the following CHEM Research courses:) | 4 |
| Electives [1] | | 6 |
| Elective [2] | | 3 |
| **Minimum Total Hours** | | **34-35** |
| **Culminating Undergraduate Experience** | | **Undergraduate Research** |

[1] Electives in Mathematics, Physics, or Chemistry at 300 level or above.
[2] Elective in Natural Sciences Division, other than Chemistry, at 300 level or above.

## Chemistry BS (ACS track)

Academic Plan Code(s): CHEM_BS_ACS

| Code | Title | Hours |
|---|---|---|
| **Department of Chemistry** | | |
| CHEM 426 | Instrumental and Statistical Analysis Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| CHEM 445 | Survey of Biochemistry | 3 |
| or CHEM 545 | Biochemistry I | |
| CHEM 465 | Physical Chemistry I | 3 |
| CHEM 466 | Physical Chemistry II | 3 |
| CHEM 515 | Inorganic Chemistry | 3 |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| CHEM 529 | Contemporary Methods of Inorganic Synthesis and Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| Select on of the following CHEM research courses: [1] | | 3 |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 492 | Undergraduate Research | |
| MATH 301 | Calculus III | 4 |
| Elective [1] | | 3 |
| Elective [2] | | 3 |
| **Minimum Total Hours** | | **34** |
| **Culminating Undergraduate Experience** | | **Undergraduate Research** |

[1] Electives in Mathematics, Physics or Chemistry at 300 level or above.
[2] Elective in Natural Sciences Division, other than Chemistry, at 300 level or above.

## Track in Business

Academic Plan Code(s): CHM_BS_BUS

This degree track combines a general program in chemistry with a fundamental program in business. The curriculum is designed to prepare chemists for industrial and governmental positions.

| Code | Title | Hours |
|---|---|---|
| **Department of Chemistry** | | |
| CHEM 441 | Elements of Physical Chemistry | 3 |
| or CHEM 465 | Physical Chemistry I | |
| CHEM 445 | Survey of Biochemistry | 3 |
| or CHEM 545 | Biochemistry I | |
| CHEM 515 | Inorganic Chemistry | 3 |
| Select one of the following: | | 2 |
| CHEM 426 | Instrumental and Statistical Analysis Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 529 | Contemporary Methods of Inorganic Synthesis and Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 546 | Biochemistry Laboratory | |
| Chemistry Research or Internship - Select one of the following: | | 3 |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 420 | Cooperative Internship in Chemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 492 | Undergraduate Research | |
| CHEM electives at 300 level or above (other than Independent Study) - See table below [3] | | 2-3 |
| **Supporting Courses** | | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| ACCT 201 | Principles of Financial Accounting | 3 |
| ACCT 202 | Principles of Managerial Accounting | 3 |
| Select one of the following: | | 3 |
| BSTA 201 | Business Statistics | |
| PSYC 301 | Introduction to Social Statistics | |
| SOC 301 | Introduction to Social Statistics | |
| MGMT 301 | Management and Organizational Behavior | 3 |
| MKT 301 | Principles of Marketing | 3 |
| FIN 301 | Corporate Finance | 3 |
| Elective in the School of Business at the 300-level or above | | 3 |
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following approved CUE courses: | | |
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 420 | Cooperative Internship in Chemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 430 | Practicum in Chemistry Education - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| **Minimum Total Hours** | | **49-50** |

Chemistry Electives

| Code | Title | Hours |
|---|---|---|
| CHEM 390 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 391 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1-3 |
| CHEM 392 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1-3 |
| CHEM 420 | Cooperative Internship in Chemistry - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1-3 |
| CHEM 491 | Undergraduate Research - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1-3 |
| CHEM 492 | Undergraduate Research | 1-3 |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 528 | Contemporary Methods of Organic Synthesis and Analysis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 529 | Contemporary Methods of Inorganic Synthesis and Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 546 | Biochemistry Laboratory | 2 |
| CHEM 547 | Biochemistry II | 3 |
| CHEM 555 | Theory and Application of Computational Chemistry | 3 |
| CHEM 557 | Bio-Organic Phenomena | 3 |

1 Fulfills General Education requirement.
2 CHEM 470 plus 3 semester hours of another WR course will fulfill the WR requirement.
3 With the consent of the instructor(s), graduate level courses in Chemistry may also be used to fulfill these requirements.

# Flight Plan

## Chemistry BS

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts & Humanities - AH | | 3 |
| General Education: Social & Behavioral Sciences and Historical Perspective (SBH) | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| CHEM 210 | Introduction to Chemical Analysis IV | 1 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Oral Comunication - OC | | 3 |
| | **Hours** | **15** |
| **Year 2** | | |
| **Fall** | | |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 223 | Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| MATH 206 | Calculus II | 4 |
| Foreign Language 1 | | 3-4 |
| | **Hours** | **16-17** |
| **Spring** | | |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 344 | Organic Chemistry Laboratory II | 2 |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 224 | Fundamentals of Physics Laboratory II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| MATH 301 | Calculus III | 4 |
| Foreign Language 2 | | 3-4 |
| | **Hours** | **16-17** |
| **Year 3** | | |
| **Fall** | | |
| CHEM 425 | Instrumental and Statistical Analysis | 3 |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Civil Engineering (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Civil Engineering**
Unit: Speed School of Engineering (SS) (https://engineering.louisville.edu)
Department: Civil Engineering (https://engineering.louisville.edu/civil/)
Academic Plan Code(s): CE_ _BCE

# Program Information

The Bachelor of Science in Civil Engineering degree program is accredited by the Engineering Accreditation Commission (EAC) of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Civil and Similarly Named Engineering Programs.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

**Program Educational Objectives**

In accordance with our mission statement, within three to five years of graduation;

- Our graduates will grow from technical competency to professional proficiency.
- Our graduates will engage in professional development and life-long learning.
- Our graduates will exhibit leadership and team-building skills.
- Our graduates will provide service to the profession, and to society.

**Student Outcomes**

1. an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. an ability to communicate effectively with a range of audiences
4. an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements | | 35 |
| Program/Major Requirements | | 54 |
| Supporting Courses | | 22 |
| **Minimum Total Hours** | | **123** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

# Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 & ENGL 102 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours

from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School Core** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 1 |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | 3 |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 4 |
| ENGR 102 | Engineering Analysis II | 4 |
| ENGR 110 | Engineering Methods, Tools, and Practice I | 2 |
| ENGR 111 | Engineering Methods, Tools and Practice II | 2 |
| ENGR 201 | Engineering Analysis III | 4 |
| ENGR 205 | Differential Equations for Engineering | 2 |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 4 |
| **Minimum Total Hours** | | **35** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Civil Engineering Department Requirements** | | |
| CEE 205 | Mechanics I: Statics | 3 |
| CEE 254 | Mechanics of Solids | 3 |
| CEE 255 | Mechanics of Materials Laboratory | 1 |
| CEE 260 | Civil Engineering Field Measurements | 2 |
| CEE 261 | Civil Engineering Field Measurements Laboratory | 1 |
| CEE 288 | Civil and Environmental Engineering Cooperative Education Seminar | 0 |
| CEE 289 | Civil and Environmental Engineering Cooperative Education I | 1 |
| CEE 309 | Introduction to Environmental Engineering | 3 |
| CEE 322 | Structural Analysis | 3 |
| CEE 370 | Engineering Hydraulics | 3 |
| CEE 371 | Engineering Hydraulics Lab | 1 |
| CEE 389 | Civil and Environmental Engineering Cooperative Education II | 1 |
| CEE 401 | Civil Engineering Professional Practice | 2 |
| CEE 421 | Fundamentals of Concrete Design | 3 |
| CEE 422 | Fundamentals of Steel Design | 3 |
| CEE 450 | Geomechanics | 3 |
| CEE 451 | Geomechanics Laboratory | 1 |
| CEE 452 | Foundation Engineering | 3 |
| CEE 460 | Transportation Systems Engineering | 3 |
| CEE 470 | Surface Water Hydrology | 3 |
| CEE 471 | Water Supply and Sewerage | 3 |
| CEE 480 | Civil & Environmental Engineering Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (CUE) | 3 |
| CEE 489 | Civil Engineering Cooperative Education III | 1 |
| CEE 530 | Construction Materials | 3 |
| **Civil Engineering Core** | | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| **Minimum Total Hours** | | **54** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| CHE 253 | Materials Science | 3 |
| ENVS 301 | Geology for Scientists and Engineers | 3 |
| ISE 360 | Probability and Statistics for Engineers | 3 |
| ISE 370 | Engineering Economic Analysis | 3 |
| ME 206 | Mechanics II: Dynamics | 3 |
| PHYS 299 | Introductory Electricity, Magnetism and Light | 4 |
| ENGR 151 | Engineering Graphics Technology | 1 |
| ENGR 307 | Numerical Methods for Engineering | 2 |
| **Minimum Total Hours** | | **22** |

Candidates for the Bachelor of Science degree must be in good standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| CEE 480 | Civil & Environmental Engineering Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

2 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (https://louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements.

3 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR)

course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

# Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Communication (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Communication**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Communication (http://comm.louisville.edu/department/)
Academic Plan Code(s): COMMBA, COMMBA_O

# Program Information

*This program can be completed 100% online.*

The Department of Communication offers both a Bachelor of Arts and a Bachelor of Science degree in Communication.

A Bachelor of Arts degree and a Bachelor of Science degree are equally valued. Both offer the students who earn them the opportunity to continue their education at the master's degree level if they are so inclined. But, the two tracks do tend to hone different strengths. The coursework required for a Bachelor of Arts degree generally allows students to sharpen their oral and written communication skills. The demands of a Bachelor of Science degree include sharpening basic Communication skills as well as developing analytical skills relevant to Communication in a more in-depth manner.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements [2] | | 19 |
| Program/Major Requirements [1, 2] | | 36 |
| Supporting Courses | | 35 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.
[2] 3 hours of College/School requirement is satisfied in Natural Science requirement in Program/Major supporting coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA/MA (Master of Arts) in Communication

*While the Communication BA can be completed 100% online, graduate courses taken toward the MA portion of the accelerated BA-MA option are not available 100% online.*

Communication majors who are considering pursuing a master's degree (MA) in Communication can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Undergraduate students interested in participating in an accelerated dual bachelors/master's degree offered through the University's Soaring Scholar Program must first meet with their academic advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. Students accepted into the Accelerated BA/MA take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

Admission to the BA in Communication requires:

1. Completion of COMM 201 with a minimum grade of C
2. A minimum cumulative grade point average of 2.0
3. A minimum grade point average of 2.0 on courses in the major

The Change Major Request form can be found under the Academic Progress tile on ULink.

# Accelerated MA Program (Soaring Scholars)

Interested students must apply for admission to the Soaring Scholars program. Admission will be based on cumulative GPA (3.25 or better after earning 45 credit hours), completion of COMM 316 with a grade of B or higher, and two letters of recommendation from Communication faculty.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| COMM 201 | Introduction to Communication Studies - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Some other courses approved as options for satisfying program requirements (e.g., MATH 109) may also satisfy General Education requirements. | | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

[1] Completion of the intermediate level of a single foreign language
[2] In addition to courses counted toward General Education
[3] May be incorporated into other degree requirements
[4] Fulfills General Education requirement.
[5] Or another statistics elective approved by an advisor
[6] Or another Social Science elective approved by an advisor
[7] Or another Natural Sciences course approved by an advisor
[8] Only 12 hours needed if statistics requirement fulfilled in a social science discipline.
[9] In addition to courses counted toward General Education
[10] Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree. With approval from the accelerated program advisor, successful applicants to the Accelerated BA-MA program will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degree. These credits will count as elective credits toward the undergraduate degree.

## Soaring Scholars Accelerated BA-BS/MA Requirements

With approval from the accelerated program advisor, successful applicants will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degree. These credits will count as elective credits toward the undergraduate degree.

- Students may, pending approval from the program advisor, select other classes cross-listed at the 400 and 500 levels

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

## Accelerated BA/MA (Master of Arts) in Communication (Soaring Scholars)

Communication majors who are considering pursuing a master's degree (MA) in Communication can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Undergraduate students interested in participating in an accelerated dual bachelors/master's degree offered through the University's Soaring Scholar Program must first meet with their academic advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. Students accepted into the Accelerated BA/MA take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Interested students must apply for admission to the Soaring Scholars program. Admission will be based on cumulative GPA (3.25 or better after earning 45 credit hours), completion of COMM 316 with a grade of B or higher, and two letters of recommendation from Communication faculty.

# Communication (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Communication**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Communication (http://comm.louisville.edu/department/)
Academic Plan Code(s): COMMBS, COMMBS_O

# Program Information

*This program can be completed* 100% online *(*http://louisville.edu/online/programs/bachelors/online-bachelor-of-arts-or-science-in-communication/*).*

The Department of Communication offers both a Bachelor of Arts and a Bachelor of Science degree in Communication.

A Bachelor of Arts degree and a Bachelor of Science degree are equally valued. Both offer the students who earn them the opportunity to continue their education at the master's degree level if they are so inclined. But, the two tracks do tend to hone different strengths. The coursework required for a Bachelor of Arts degree generally allows students to sharpen their oral and written communication skills. The demands of a Bachelor of Science degree include sharpening basic Communication skills as well as developing analytical skills relevant to Communication in a more in-depth manner.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1,2] | | 48 |
| Supporting Courses | | 27-29 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

[2] Includes 9-11 hours of electives

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS/MA (Master of Arts) in Communication

Communication majors who are considering pursuing a master's degree (MA) in Communication can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Undergraduate students interested in participating in an accelerated dual bachelors/master's degree offered through the University's Soaring Scholar Program must first meet with their academic advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. Students accepted into the Accelerated BA/MA take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

Admission to the BS program in Communication requires:

1. Completion of COMM 201 with a minimum grade of C;
2. A minimum cumulative grade point average of 2.5; and
3. A minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Accelerated MA Program (Soaring Scholars)

Interested students must apply for admission to the Soaring Scholars program. Admission will be based on cumulative GPA (3.25 or better after earning 45 credit hours), completion of COMM 316 with a grade of B or higher, and two letters of recommendation from Communication faculty.

| Social Science electives (other than Communication) | 9 |
| Minimum Electives [9] | 9-11 |
| **Minimum Total Hours** | **27-29** |

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | |
| COMM 402 | Independent Research in Communication - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 417 | Senior Communication Internship - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 465 | Special Topics in Communication Service Learning - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 481 | Senior Practicum - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the second semester of a single foreign language; hours will vary depending on the language taken
2 In addition to courses counted toward General Education
3 May be incorporated into other degree requirements. Candidates for the BS will complete three (3) WR courses, the two required by the College and one of the following: COMM 320, COMM 323, or COMM 344.
4 Fulfills General Education requirement
5 In addition to courses counted toward General Education.
6 Or another statistics elective approved by an advisor
7 Or another Social Science elective approved by an advisor
8 Or another Natural Sciences elective approved by an advisor
9 Some credit hours from the General Education Requirements may be satisfied by courses that also satisfy program requirements, in which case additional electives will be required to complete the minimum hours for the degree.
10 The course taken to satisfy this BS major requirement may not be used to satisfy the College WR requirement. Students in the BS degree program must complete three (3) WR courses. With approval from the accelerated program advisor, successful applicants to the Accelerated BS-MA program will identify up to 9 credit hours at the 500-600 level to count toward both the undergraduate and graduate degree. These credits will count as elective credits toward the undergraduate degree.

**Soaring Scholars Accelerated BA-BS/MA Requirements**

With approval from the accelerated program advisor, successful applicants will identify up to 9 credit hours at the 500-600 level to count

toward both the undergraduate and graduate degree. These credits will count as elective credits toward the undergraduate degree.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

## Accelerated BS/MA Program (Soaring Scholars)

Communication majors who are considering pursuing a master's degree (MA) in Communication can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Undergraduate students interested in participating in an accelerated dual bachelors/master's degree offered through the University's Soaring Scholar Program must first meet with their academic advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. Students accepted into the Accelerated BA/MA take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Interested students must apply for admission to the Soaring Scholars program. Admission will be based on cumulative GPA (3.25 or better after earning 45 credit hours), completion of COMM 316 with a grade of B or higher, and two letters of recommendation from Communication faculty.

# Communication Sciences and Disorders (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Communication Sciences and Disorders**
Unit: School of Medicine (https://louisville.edu/medicine/)
Department: Communicative Disorders (https://louisville.edu/medicine/degrees/speechpathology/)

Academic Plan Code(s): CSD_BS_SLP, CSD_BS_DAA

## Program Information

The Bachelor of Science in Communication Sciences and Disorders is a four-year program that seeks to attract top students whose interests center on the biological, physical, sociocultural, and linguistic aspects of human communication and its disorders and differences. The program employs an interdisciplinary framework and the degree serves as a prerequisite for admission to graduate school, creating a pathway for students to study either audiology (4-year graduate degree) or speech-language pathology (2-year graduate degree). To better prepare students for graduate school and the workforce, the BS degree can be completed via one of two tracks, both of which also occur in the graduate program:

- The Speech-Language Pathology Track is the default track for all students and is designed for those who have yet to decide whether they want to pursue graduate training in audiology or speech-language pathology.
- The 3+4 Accelerated Audiology Track allows undergraduate students to apply to UofL's Doctor of Audiology (AuD) graduate program during their junior year. Students fulfill their senior year of undergraduate credits and earn the BS degree after successfully completing the first year of AuD coursework.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| Program/Major Requirements [2] | | 47-55 |
| Supporting Courses [3] | | 18-24 |
| General Electives [4] | | 16-18 |
| **Minimum Total Hours** | | **120** |

1. All undergraduate degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree. MATH 109 is required to meet the Qualitative Reasoning (QR) requirement for students in this program.
2. Students in the traditional Speech-Language Pathology track are required to complete 47 credits in the Program Core; students in the Accelerated Audiology track are required to complete 55 credits in the Program Core.
3. Students in the traditional Speech-Language Pathology track are required to complete 24 credit hours of Supporting Courses; students in the Accelerated Audiology track are required to complete 18 credit hours of Supporting Courses, including ASL 101 and ASL 102.
4. Students in the traditional Speech-Language Pathology track are required to complete 18 credit hours of Free Electives; students in the Accelerated Audiology track are required to complete 16 credit hours of Free Electives.

## Admission Requirements

Entering first-year students are encouraged to declare their major as "Communication Disorders" for advisement regarding appropriate program-specific coursework and the application process. Students will be assigned an advisor at the university level via the Office

Undergraduate Advising. University advisors will work in tandem to provide information to prospective majors. Admission to the upper division of the program will be made when the following requirements are met:

1. Completion of a minimum of 30 credit hours with a cumulative GPA of 3.0,
2. Completion of CMDS 245 (Survey of Communication Disorders) with a grade of C or higher,
3. Completion of CMDS 270 (Clinical Observation) with a grade of "pass", and
4. Completion of an online program application. The application is available HERE (https://uoflsom.az1.qualtrics.com/jfe/form/SV_9YSog94EAIasEHc/) and is due by February 1.

The Change Major Request form can be found under the Academic Progress tile on ULink.

Transfer students with 24 credit hours and a minimum 3.0 expanded GPA may be admitted directly to the upper division if they have equivalencies for CMDS 245 and CMDS 270.

**Program/Major Requirements**

| Code | Title | Hours |
|---|---|---|
| CMDS 245 | Survey of Communication Sciences and Disorders | 3 |
| CMDS 270 | Clinical Observation in Speech Pathology and Audiology | 1 |
| CMDS 272 | Anatomy and Physiology: Speech/Hearing Mechanism | 3 |
| CMDS 402 | Speech Sound Disorders | 3 |
| CMDS 405 | Introduction to Audiological Techniques and Rehabilitation | 3 |
| CMDS 412 | Disorders of Language | 3 |
| CMDS 430 | Aural Rehabilitation for the Speech-Language Pathologist | 3 |
| CMDS 450 | Diagnostics | 3 |
| CMDS 463 | Clinical Phonetics | 3 |
| CMDS 464 | Normal Speech and Language Development | 4 |
| CMDS 471 | Functional Neuroanatomy | 3 |
| CMDS 474 | Global Perspectives in Communicative Disorders | 3 |
| CMDS 480: Language and Literacy | | 3 |
| CMDS 481: Autism and Developmental Disorders | | 3 |
| CMDS 490: Clinical Methods in Communication Sciences and Disorders | | 3 |
| CMDS 495: Clinical Experiences in Communication Sciences and Disorders | | 3 |
| **Minimum Total Hours** | | **47** |

# Supporting Courses

| Code | Title | Hours |
|---|---|---|
| ASL 101 | American Sign Language 1 | 3 |
| ASL 102 | American Sign Language 2 | 3 |
| EDSP 240 | Introduction to Exceptional Children | 3 |
| PSYC 306 | Life Span Developmental Psychology | 3 |
| HSS 393 | Medical Terminology | 3 |
| LING 325 | Introduction to Linguistics | 3 |
| LING 522 | Structure of Modern English | 3 |
| PSYC 571 | Special Topics in Psychology (Speech Science) | 3 |
| **Minimum Total Hours** | | **24** |

| Code | Title | Hours |
|---|---|---|
| **General Electives** | | **18** |

All students will follow the speech-language pathology track as the default track until they reach the senior year coursework at which point, students pursuing audiology will complete the first year of the AuD program. See the Flight Plan tab for specific courses.

The first-year coursework of the AuD program will be cross-listed with their undergraduate equivalents.

## Year 4 Courses (3+4 Accelerated Audiology Pathway)

| Code | Title | Hours |
|---|---|---|
| **Fall** | | |
| AUDI 400: Anatomy and Physiology of Hearing | | 3 |
| AUDI 404: Essential Techniques in Audiometry | | 3 |
| AUDI 406: Acoustics | | 3 |
| AUDI 414: Clinical Techniques 1 | | 1 |
| AUDI 410 Clincial Clerkship 1 | | 1 |
| **Spring** | | |
| AUDI 426: Assessment and Management of Vestibular Disease | | 3 |
| AUDI 424: Amplification Technology | | 3 |
| AUDI 422: Electrophysiologic Techniques in Audiology | | 3 |
| AUDI 415: Clinical Techniques 2 | | 2 |
| AUDI 410: Clinical Clerkship 1 | | 1 |

All students will follow the speech-language pathology track as the default track until they reach the senior year coursework at which point, students pursuing audiology will complete the first year of the AuD program.

The first-year coursework of the AuD program will be cross-listed with their undergraduate equivalents.

**Track in Speech-Language Pathology**

| Fall | | Hours |
|---|---|---|

# Communication with a 3+3 Track to Law (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Arts in Communication with a 3+3 Track in Law

Unit: College of Arts and Sciences (AS) (https://louisville.edu/artsandsciences/intro/)
Department: Communication (http://commcourses.com/www/)
Academic Plan Code(s): COMMBA_3+3

# Program Information

The College of Arts & Sciences and the Louis D. Brandeis School of Law have joined forces to create 3+3 Accelerated Law programs that allow eligible students in the College of Arts & Sciences to begin law school in their senior year of undergraduate study. Students substitute undergraduate major and elective requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of

law school and a Juris Doctor (JD) degree two years later. Students must have completed three years (6 semesters, fall & spring) of undergraduate course work post high school graduation, including transfer credit, prior to enrollment at Brandeis.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 38 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **121** |

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the BA in Communication requires:

1. Completion of COMM 201 with a minimum grade of C
2. A minimum cumulative grade point average of 2.0
3. A minimum grade point average of 2.0 on courses in the major

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (https://louisville.edu/law/admissions/). The office can also arrange for you to visit the law school and to sit in on a class.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | |
| The following course is required by the program and can satisfy the respective General Education Requirement: | | |
| COMM 201 | Introduction to Communication Studies - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Some other courses approved as options for satisfying program requirements may also satisfy General Education requirements. | | |

* All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 12 |
| Electives in Humanities or Natural Sciences [2] | | 6 |
| Natural Science | | 3 |
| WR - two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **22** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Department of Communication** | | |
| COMM 201 | Introduction to Communication Studies - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |

| | **Minimum Total Hours** | **121** |

*** Suggested courses: Political Communication, Leadership, Mass Communication Law, Rhetoric and Civic Life, Debate, Advanced Public Speaking**

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Business Administration in Computer Information Systems (BSBA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Administration in Computer Information Systems**
Unit: Business (BU) (https://business.louisville.edu/)
Department: Computer Information Systems (https://business.louisville.edu/cis/)
Academic Plan Code(s): See Track Requirements tab.

# Program Information

The primary mission of the degree program of the Computer Information Systems Department is to prepare the students to become the information technology professionals of the future for Louisville and the immediate region with curriculum that reflects the state of the art in information technology theory and practice.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | 6 hours of General Education requirements may be satisfied through coursework required by the degree program | |
| College/School Requirements [1,2] | | 53 |
| Program/Major Requirements | | 21 |
| Supporting Courses | | 6 |
| Track Requirements [3] | | 15 |
| **Minimum Total Hours** | | **120** |

1 To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements tab for specific coursework.
2 College/School Requirements total includes 6 hours of required courses that also cover General Education requirements.
3 Program/major requirements include 15 hours in the track.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

## New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BSBA in Computer Information Systems.

## Current Students - Admission in Good Standing

Students who are currently enrolled in the College of Business as a Bachelor of Science in Business Administration or Business Economics major are permitted to change to Bachelor of Science in Business Administration in Computer Information Systems major as long as they are in good academic standing.

Other students must have both:

1. Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Select one of the following: | | 3 |
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 225 | Business Ethics | |
| PHIL 321 | Ethics | |
| PHIL 323 | Medical Ethics | |
| BUS 301 | Business Communication | 3 |
| BUS 201 | Career Development | 1 |
| ACCT 201<br>& ACCT 202 | Principles of Financial Accounting<br>Principles of Managerial Accounting | 6 |
| ECON 201<br>& ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 6 |
| BSTA 201 | Business Statistics [5] | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| General Electives | | 6 |

| | | |
|---|---|---|
| **Business Breadth** | | |
| FIN 301 | Corporate Finance | 3 |
| MKT 301 | Principles of Marketing | 3 |
| MGMT 301 | Management and Organizational Behavior | 3 |
| CLAW 301 | Legal Environment of Business | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| MGMT 401 | Operations Management | 3 |
| **Minimum Total Hours** | | **53** |

Total of 53 includes 3 credit hours of ECON and 3 credit hours of MATH that are also counted in the 31 General Education hours above.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Computer Information Systems Core** | | |
| CIS 150 | Fundamentals of Information Systems | 3 |
| CIS 199 | Software Development I | 3 |
| CIS 310 | Database Design | 3 |
| CIS 320 | Systems Analysis and Design | 3 |
| CIS 350 | Infrastructure Technologies | 3 |
| CIS 420 | CIS Development Project | 3 |
| CIS 495 | Management of Information Systems - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **21** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives | | 6 |

| Code | Title | Hours |
|---|---|---|
| **Track Requirements (See Track Requirements Tab)** [6] | | **15** |

Transfer students must take a minimum of 12 credit hours in their major within the College of Business.

Six hours of US and global perspectives courses are required and may be incorporated within the degree program.

All course prerequisites must be met.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| CIS 495 | Management of Information Systems - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

**Upper-Level Hours**
At least 48 of the total semester hours, whether required or elective, must be earned in courses numbered 300 or higher. Note that the number of the course, not the student's classification, determines whether or not a course is senior-level.

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). A course that satisfies the General Education Oral Communication requirement (COMM 111, COMM 112 or HON 214) is required as prerequisite for BUS 301, but not included in the program requirements. Students who select PHIL 222 to staify the Ethics requirement will also satisfy 3 hours of the Arts & humanities requirement, and may require additional electives to complete the hours required for the degree.

2 If MATH 205 is taken, there will be 4 total hours of math, which may reduce the number of elective hours required to complete the degree.

3 Completes Quantitative Reasoning General Education requirement

4 Completes 3 hours of Social & Behavioral Sciences General Education requirement.

5 The following courses will also meet the statistics requirement: MATH 109, PSYC 301, SOC 301, ISE 360, MATH 360, PHST 302, POLS 390 or equivalent. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 Co-operative Education is a curriculum requirement for six (6) months full time employment for six (6) hours of credit. Pass/Fail credit is given for approved COB co-op work experiences CIS 397 and CIS 398).

# Track for the BSBA in Computer Information Systems

## Track in Business Process Management

Academic Plan Code(s): CIS_BSBBPM

| Code | Title | Hours |
|---|---|---|
| CIS 481 | Introduction to Information Security | 3 |
| MGMT 404 | Project Management | 3 |
| CIS Electives (400 level, CIS 200, and/or CIS 290) | | 3 |
| CIS 397 & CIS 398 | Co-op in Computer Information Systems I Co-op in Computer Information Systems II | 6 |
| **Minimum Total Hours** | | **15** |

1 Co-operative Education is a curriculum requirement for six (6) hours of credit. Pass/Fail credit is given for approved COB co-op work experiences (CIS 397).

## Track in Data Analytics

Academic Plan Code(s): CIS_BSBDAN

| Code | Title | Hours |
|---|---|---|
| CIS 343 | Analytics Programming | 3 |
| CIS 397 | Co-op in Computer Information Systems I | 3 |
| CIS 344 | Data Analytics | 3 |
| CIS 445 | Machine Learning | 3 |
| CIS 450 | Special Topics in Data Analytics | 3 |
| **Minimum Total Hours** | | **15** |

1 Ususally taken with CIS 398 for a total of six (6) hours of co-op credit for a six month, full-time work place experience--students may register for CIS 397 and CIS 398 in one or two semesters. Application to the co-op program and completion of orientation processes should be completed prior to employment.

## Track in Cybersecurity

Academic Plan Code(s): CIS_BSBSEC

| Code | Title | Hours |
|---|---|---|
| CIS 481 | Introduction to Information Security | 3 |
| CIS 480 | Introduction to Network Security | 3 |
| CIS 483 | Introduction to Database Security | 3 |
| CIS 484 | Computer Forensics | 3 |
| CIS 397 | Co-op in Computer Information Systems I [1] | 3 |
| **Minimum Total Hours** | | **15** |

[1] Co-operative Education is a curriculum requirement for three (3) hours of credit. Pass/Fail credit is given for approved COB co-op work experiences (CIS 397)

## Track in Web Development

Academic Plan Code(s): CIS_BSBWEB

| Code | Title | Hours |
|---|---|---|
| CIS 200 | Software Development II | 3 |
| CIS 411 | Web Application Development | 3 |
| CIS Elective (400 level and/or CIS 290) | | 3 |
| CIS 397 & CIS 398 | Co-op in Computer Information Systems I Co-op in Computer Information Systems II [1] | 6 |
| **Minimum Total Hours** | | **15** |

[1] Co-operative Education is a curriculum requirement for six (6) hours of credit. Pass/Fail credit is given for approved COB co-op work experiences (CIS 397).

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Computer Science (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Computer Science**
Unit: Speed School of Engineering (https://engineering.louisville.edu/) (SS)
Department: Computer Science and Engineering (http://engineering.louisville.edu/computer/)
Academic Plan Code(s): CS BA

# Program Information

The Bachelor of Arts in Computer Science provides students with a solid foundation and skills in computer science while allowing students to choose other areas of studies that are not necessarily tied to sciences or engineering applications of computer science.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (12 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1] | | 12 |
| Program/Major Requirements | | 60 |

| | |
|---|---|
| Supporting Courses | 30 |
| **Minimum Total Hours** | **121** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education Requirements will required additional hours to complete the degree program.

# Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, this program requires successful completion of either Calculus or Pre-calculus in high school.

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

**Transferring to Engineering BA degree programs**

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in College Algebra (MATH 111 or equivalent).

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program to satisfy the respective General Education Requirement(s): | | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School Core** | | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2, 3] | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2, 3] | 3 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| MATH 360 | Statistical Data Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **15** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Computer Science Requirements** | | |
| CSE 101 | Bachelor of Arts in Computer Science Campus Culture Experience | 1 |
| CSE 120 | Introduction to Programming with Python | 3 |
| CSE 110 | Mathematical Foundations for Computer Science | 3 |
| CSE 130 | Introduction to C and C++ Programming Languages | 3 |
| CSE 220 | Object Oriented Program Design with Java | 3 |
| CSE 235 | Computer Systems and Organization | 3 |
| CSE 302 | Data Structures | 3 |
| CSE 310 | Discrete Structures | 3 |
| CSE 335 | Introduction to Database | 3 |
| CSE 298 | Internship Education Seminar (BACS) | 0 |
| CSE 299 | Internship I | 1 |
| CSE 350 | Introduction to Software Engineering | 3 |
| CSE 419 | Introduction to Algorithms | 3 |
| CSE 420 | Design of Operating Systems | 3 |
| CSE 399 | Internship II | 1 |
| CSE 496 | BACS Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| | |
|---|---|
| CSE Electives (see below) [4] | 12 |
| CSE Electives [4] or Other Area of Study Electives | 6 |
| **Minimum Total Hours** | **57** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Other Area of Study (Minor Preferred) [5, 6] | | 30 |
| **Minimum Total Hours** | | **30** |

Candidates for the Bachelor of Arts degree must be in good standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

At least 52 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| CSE 496 | BACS Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| Code | Title | Hours |
|---|---|---|
| **Computer Science Electives** | | |
| CSE 504 | Automata Theory | 3 |
| CSE 516 | Fundamentals of Computer Communications and Networks | 3 |
| CSE 522 | Performance Evaluation of Computer Systems | 3 |
| CSE 528 | Game Design and Programming | 3 |
| CSE 530 | Design of Compilers | 3 |
| CSE 532 | Python and Data Analytics | 3 |
| CSE 538 | Graph Database and Graph Analytics | 3 |
| CSE 545 | Artificial Intelligence | 3 |
| CSE 546 | Introduction to Machine Learning | 3 |
| CSE 547 | Deep Learning Algorithms and Methods | 3 |
| CSE 551 | Data Visualization for Data Science | 3 |
| CSE 564 | Introduction to Cryptography | 3 |
| CSE 565 | Software Security | 3 |
| CSE 566 | Information Security | 3 |
| CSE 568 | Computer Forensics | 3 |
| CSE 570 | Mobile Device Programming | 3 |
| CSE 590 | Special Topics in Computer Science and Engineering | 1-6 |
| CSE 593 | Independent Study in Computer Science and Engineering | 1-6 |

1 To complete the degree in the minimum number of hours listed, some hours from the General Education Requirement must satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education Requirements will require additional hours to complete the degree requirements.

2 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements.

3 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

4 The CSE Electives must be chosen from the approved list (above) or with departmental consent for additional CSE 5XX or 6XX courses.

5 Transfer classes that are only offered on a pass/fail basis may be considered to meet Other Areas of Study (OAS) requirements only.

6 Students completing a track may complete the requirements with these hours. See Track Requirements tab.

## Artificial Intelligence Track

Academic Plan Code: CS__BA_ART

| Code | Title | Hours |
|---|---|---|
| CSE 532 | Python and Data Analytics | 3 |
| CSE 545 | Artificial Intelligence | 3 |
| CSE 546 | Introduction to Machine Learning | 3 |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Computer Science and Engineering (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Computer Science and Engineering**
Unit: Speed School of Engineering (https://engineering.louisville.edu) (SS)
Department: Computer Science and Engineering (http://engineering.louisville.edu/computer/)
Academic Plan Code(s): CECSBCC

## Program Information

The Bachelor of Science in Computer Science and Engineering degree program is accredited by the Engineering Accreditation Commission (EAC) of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.

The Bachelor of Science in Computer Science and Engineering degree program is also accredited by and Computing Accreditation Commission of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Computer Science and Similarly Named Computing Programs.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1] | | 35 |
| Program/Major Requirements | | 59 |
| Supporting Courses | | 17 |
| **Minimum Total Hours** | | **123** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

## Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School Core** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |

| CSE 516 | Fundamentals of Computer Communications and Networks | 3 |
| CSE 525 | Microcomputer Design | 4 |
| CSE 596 | CSE Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CSE Electives (see below) [4] | | 12 |
| **Computer Science and Engineering Core** | | |
| CSE 130 | Introduction to C and C++ Programming Languages | 3 |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| **Minimum Total Hours** | | **59** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| ECE 210 | Logic Design | 3 |
| ECE 211 | Logic Design Laboratory | 1 |
| ECE 252 | Introduction to Electrical Engineering | 3 |
| ISE 360 | Probability and Statistics for Engineers | 3 |
| PHYS 296 | Introductory Laboratories II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| PHYS 299 | Introductory Electricity, Magnetism and Light | 4 |
| ENGR 330 | Linear Algebra for Engineering | 2 |
| **Minimum Total Hours** | | **17** |

Candidates for the Bachelor of Science degree must be in good standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| CSE 596 | CSE Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| Code | Title | Hours |
|---|---|---|
| **Computer Science and Engineering Electives** | | |
| CSE 522 | Performance Evaluation of Computer Systems | 3 |
| CSE 528 | Game Design and Programming | 3 |
| CSE 530 | Design of Compilers | 3 |
| CSE 532 | Python and Data Analytics | 3 |
| CSE 538 | Graph Database and Graph Analytics | 3 |
| CSE 545 | Artificial Intelligence | 3 |
| CSE 546 | Introduction to Machine Learning | 3 |
| CSE 547 | Deep Learning Algorithms and Methods | 3 |
| CSE 551 | Data Visualization for Data Science | 3 |
| CSE 564 | Introduction to Cryptography | 3 |
| CSE 565 | Software Security | 3 |
| CSE 566 | Information Security | 3 |
| CSE 568 | Computer Forensics | 3 |
| CSE 570 | Mobile Device Programming | 3 |
| CSE 590 | Special Topics in Computer Science and Engineering | 1-6 |
| CSE 593 | Independent Study in Computer Science and Engineering | 1-6 |

[1] To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

[2] This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements.

[3] Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

[4] The CSE Electives must be chosen from the approved list (above) or with departmental consent for additional CSE 5XX or 6XX courses.

## Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Criminal Justice (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Criminal Justice**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Criminal Justice (http://louisville.edu/justice/)
Academic Plan Code(s): JA_ _BS, JA_ _BS_O

# Program Information

This program can be completed 100% online (https://louisville.edu/online/programs/bachelors/bachelor-of-science-in-criminal-justice/).

The Bachelor of Science in Criminal Justice program is designed to prepare students for a career in the criminal justice system or for further education through a graduate program. Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 54 |
| Supporting Courses | | 21-23 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Soaring Scholars Program-Accelerated BS/MS in Criminal Justice

Criminal Justice majors who are considering pursuing a master's degree (MS) in Criminal Justice can speed up the process through the Soaring Scholars program. Students accepted into the Soaring Scholars program (Accelerated BS/MS program) can take four graduate courses (12 credit hours) as an undergraduate that would apply toward both the bachelor's degree and the master's degree. An additional benefit of the Soaring Scholars program is that those 12 credit hours would be charged at the undergraduate tuition rate.

Interested students should apply to the Soaring Scholar's program during their Junior year (i.e., when they have accumulated 60-75 hours of credit). Applicants must have at least a 3.0 GPA at the time of application. This program is available to both on campus and online students.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor to determine eligibility and apply to the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/). A Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Soaring Scholars Program-Accelerated BS-MS in Criminal Justice

Students apply during the first or second semester of their Junior year (usually when they have earned between 60-75 hours) and must have a 3.0 GPA at the time of application.

Students interested in applying to the BS/MS Criminal Justice Soaring Scholars program should follow the application process outlined in the Soaring Scholars Application Checklist (https://graduate.louisville.edu/academics/programs/soaring/); minimum requirements for the BS/MS in Criminal Justice Soaring Scholars program are also listed there.

**Admission to a Soaring Scholar program does not guarantee admission into the associated master's degree program.** Soaring Scholar students must apply to the associated graduate program in their last semester, before graduating with the bachelor's degree, to be considered for the Accelerated Master's graduate program. They must meet all the requirements for admission to the graduate program at the time of application to be admitted. Learn more about the graduate admissions process (https://graduate.louisville.edu/admission/apply/) and admission requirements for the Criminal Justice Master's program (insert unique URL for each program).

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

## Soaring Scholars Program-Accelerated BS/MS in Criminal Justice

Criminal Justice majors who are considering pursuing a master's degree (MS) in Criminal Justice can speed up the process through the Soaring Scholars (https://graduate.louisville.edu/academics/programs/soaring/) program. Students accepted into the Soaring Scholars program (Accelerated BS/MS program) can take four graduate courses (12 credit hours) as an undergraduate that would apply toward both the bachelor's degree and the master's degree. An additional benefit of the Soaring Scholars program is that those 12 credit hours would be charged at the undergraduate tuition rate.

Interested students should apply to the Soaring Scholar's program during their Junior year (i.e., when they have accumulated 60-75 hours of credit). Applicants must have at least a 3.0 GPA at the time of application. This program is available to both on campus and online students.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor to determine eligibility and apply to the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/). A Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

## Accelerated BS/MS in Criminal Justice Option

Students accepted into the Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) should select up to four (4) classes from the following list to count as Criminal Justice electives for the bachelor's degree and toward the master's degree:

| Code | Title | Hours |
|---|---|---|
| CJ 621 | The Criminal Justice System | 3 |
| CJ 625 | Legal Aspects of Criminal Justice Management | 3 |
| CJ 643 | Theories of Crime and Delinquency | 3 |
| CJ 649 | Applied Statistics in Criminal Justice | 3 |
| CJ 650 | Research Methods | 3 |

# Criminal Justice with a 3+3 Track to Law (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Criminal Justice with a 3+3 Track in Law**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Criminal Justice (http://louisville.edu/justice/)

Academic Plan Code(s): JA _ _BS_3+3

# Program Information

The College of Arts & Sciences and the Louis D. Brandeis School of Law have joined forces to create 3+3 Accelerated Law programs that allow eligible students in the College of Arts & Sciences to begin law school in their senior year of undergraduate study. Students substitute undergraduate major and elective requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later.

*To be eligible to apply to the School of Law, participating students must complete three full-time academic years (90 credit hours--fall and spring semesters only) of postsecondary undergraduate coursework, including at least two full-time academic years (60 credit hours) of in-person instruction at the University of Louisville in a qualifying bachelor's degree program.*

Students who apply via the 3+3 Program must submit the same application materials as traditional first-year JD applicants, including a valid LSAT score, and are subject to the same entrance standards. Any offer of admission to a 3+3 Program applicant is contingent upon the applicant's continued undergraduate academic performance and completion of undergraduate program requirements.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 36 |
| Law School Courses | | 30 |
| Free Electives to bring minimum total to 121 [2] | | 11-9 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

[2] It is strongly recommended that the student takes CJ 203 Introduction to Law and the Legal System and CJ 306 Criminal Procedure

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

This program is designed for the *high achieving student* who plans to study law. Students must complete 30 credit hours with a 3.5 GPA and meet with a criminal justice advisor before being accepted as a 3+3 to law in criminal justice major.

The Application for Major form can be found on the Arts & Sciences Advising Center website (http://louisville.edu/artsandsciences/advising/apply/).

## Admission to Law School

Admission to the 3+3 track does not guarantee admission to the Brandeis School of Law. Students who apply via the 3+3 Program must submit the same application materials as traditional first-year JD applicants, including a valid LSAT score, and are subject to the same entrance standards. Any offer of admission to a 3+3 Program applicant is contingent upon the applicant's continued undergraduate academic performance and completion of undergraduate program requirements.

To be eligible to apply to the School of Law, participating students must complete three full-time academic years (90 credit hours–fall and spring semesters only) of postsecondary undergraduate coursework, including at least two full-time academic years (60 credit hours) of in-person instruction at the University of Louisville in a qualifying bachelor's degree program.

Participating students must successfully complete the full-time first-year law (1L) curriculum in order to be awarded their bachelor's degree at the conclusion of the 1L year and be permitted to continue in the JD program. If a participating student does not successfully complete the 1L curriculum and thereby does not have enough credits to be awarded their bachelor's degree at the conclusion of the 1L year, the student must attend a mandatory counseling meeting at which the student's options for continuation in the JD program, if any, will be discussed.

For more information on Brandeis and its admissions requirements, please contact Brandeis School of Law, Office of Admissions (http://louisville.edu/law/admissions/). Their office can also arrange for you to visit the law school.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| CJ 200 | Introduction to Criminal Justice - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or CJ 201 or CJ 202) | |
| CJ 326 | Quantitative Analysis in Criminal Justice - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 6-8 |
| Electives in Humanities or Natural Sciences at 300 level or above [2] | | 6 |
| WR—two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **13-15** |

# Program/Major Requirements

| Code | Title | Hours |

| CJ 580 | International Service Learning: Criminal Justice Seminar | 3 |
| CJ 596 | Seminar in Criminal Justice | 3 |
| CJ 597 | Ethics in Criminal Justice - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [5] | 3 |

1 Completion of the second semester of a single foreign language; hours will vary depending on language taken

2 In addition to courses counted toward General Education

3 May be incorporated into other degree requirements

4 Fulfills General Education requirement.

[5] Fulfills WR requirement.
[6] Criminal Justice electives must be from the approved list and recommended at the 400 level and above.
[7] It is strongly recommended that the student takes CJ 203 Introduction to Law and the Legal System and CJ 306 Criminal Procedure

Students must have a minimum of 50 hours at the 300 level or above and a minimum 121 hours total to graduate.

# Dental Hygiene (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Dental Hygiene**
Unit: School of Dentistry (http://www.dental.louisville.edu/) (SD)
Program: Dental Hygiene (http://louisville.edu/dentistry/degrees/hygiene/)
Academic Plan Code(s): DHU_BS

## Program Information

The Bachelor of Science in Dental Hygiene program is a four-year program with Lower and Upper Division requirements. Students complete the lower division requirements on the Belknap campus and then apply for competitive admission to the Dental Hygiene Upper Division, which is housed in the School of Dentistry on the Health Sciences Center Campus.

Because the program is housed within a school of dentistry building, hygiene students learn their skills in an environment that emphasizes their important place in the dental health team.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (13 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| Lower Division Pre-Professional Curriculum [1] | | 36 |
| Upper Division Professional Curriculum | | 66 |
| **Minimum Total Hours** | | **120** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Admission into the Dental Hygiene program is a tiered process: Lower and Upper Divisions. Students apply to the UofL Lower Division to complete general education and program pre-requisite courses on the Belknap Campus. Students apply to the Dental School Upper Division to complete the professional component of the Bachelor of Science Dental Hygiene Degree Program on the HSC Campus in the School of Dentistry.

Admission to the Lower Division does not guarantee admission to the Upper Division. Admission to the Upper Division is competitive.

## University of Louisville Students Changing Majors

Students who have completed at least one semester in another school of the University earning a grade point average of at least 2.8, and have a cumulative grade point average of 2.8 or above for all college coursework may apply to the Lower Division Program in Dental Hygiene.

Please refer to catalog pages containing admissions details for the Dental Hygiene program (p. 29). (p. 29)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and should be taken to fulfill the respective General Education Requirement: | | |
| CHEM 101 | Chemistry and Contemporary Society - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | |
| or CHEM 105 | Chemistry for Health Professionals - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 102 | Biology: Current Issues and Applications - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | |
| BIOL 104 | Laboratory for Biology: Current Issues and Applications - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | |
| MATH 105 | Quantitative Reasoning - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 111 | College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PSYC 201 | Introduction to Psychology - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

# College/School Requirements

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

The Bachelor of Science in Dental Hygiene program is broken into distinct academic plan codes for lower and upper division requirements. Incoming students complete the lower division preparatory coursework requirements on the main Belknap campus and then apply for competitive admission to the Dental Hygiene upper division program,

which is housed in the School of Dentistry on the Health Sciences Center Campus. Completion of the lower division program does not guarantee admission to the upper division program. The lower division program does not prepare students for licensure as a dental hygienist. The upper division program is considered a licensure program designed to meet educational requirements for licensure as a dental hygienist. Upon acceptance, enrollment in the upper division program's academic plan code is considered the first term of enrollment in the licensure program under the Program Participation Agreement for Title IV federal financial aid eligible programs of the Higher Education Act (CFR § 668.14 (b)(32)).

If you plan to pursue professional licensure, first determine the state's criteria for examination and licensure to better understand how UofL's program meets those requirements prior to enrollment. We recommend that you also contact the state's licensing board directly to verify that the requirements have not changed and determine if there are additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

# Economics (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Economics**
Unit: College of Business (BU) (https://www.louisville.edu/business/)
Department: Economics (https://business.louisville.edu/economics/)
Academic Plan Code(s): EC_ _BA

# Program Information

The Department of Economics provides a thorough education in economics to UofL undergraduate students with majors and minors in the department as well as students from other academic programs. A primary departmental objective is promoting the understanding of the economy through economic analysis of industry, non-profit institutions, and government at the micro- and macroeconomic levels. Students develop comprehension, reasoning, and quantitative skills through their study of domestic and global economic issues.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | 6 hours of General Education requirements may be satisfied through coursework required by the degree program | |
| College/School Requirements [1,2] | | 53 |
| Program/Major Requirements | | 24 |
| Supporting Courses | | 18 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements (or decrease the indicated electives). See the Degree Requirements tab for specific coursework.
[2] College/School Requirements total includes 6 hours of required courses that also satisfy General Education hours requirements.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

## New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BA in Economics.

## Current Students - Admission in Good Standing

Students must have both:

1. Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following program requirements satisfy General Education requirements and are included in the total hours listed below | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in

the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3] | 3-4 |
| or MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 6 |
| BUS 201 | Career Development | 1 |
| BSTA 201 | Business Statistics [5] | 3 |
| Foreign Language [6] | | 12 |
| Non-business electives (12 hours - 300+ level) | | 12 |
| Non-business electives | | 15 |
| **Minimum Total Hours** | | **53** |

Total of 53 includes 3 credit hours of ECON and 3 credit hours of MATH that are also counted in the 31 General Education hours above. See notes.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Economics Breadth** | | |
| ECON 301 | Intermediate Microeconomics | 3 |
| ECON 302 | Intermediate Macroeconomics | 3 |
| ECON 475 | Senior Economics Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Electives in Economics [7] | | 15 |

| **Minimum Total Hours** | | **42** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives (6-18 hours - 300+ Level) | | 18 |

Six hours of US & global perspectives courses are required and may be incorporated within the degree program.

All prerequisites must be followed.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ECON 475 | Senior Economics Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1. College/School Requirements satisfy 6 hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences).
2. MATH 205 or MATH 180 must be taken as a required math course for all Economic majors. Their prerequisite(s) may be used as General Electives.
3. Also completes the Quantitative Reasoning General Education requirement. Student who take MATH 205 to satisfy the program Math requirement will reduce the number of general electives required to reach the minimum number of hours for the degree by one (1).
4. ECON 202 completes 3 hours of General Education Social & Behavioral Sciences.
5. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.
6. Completion of three semesters of Foreign Language (9-12 hours). Languages with three semesters but less than 12 hours must be made up as elective hours.
7. Either PPE 300 or FIN 301 may be taken as 3 hours of Economics electives. ECON 290 may also be taken as 3 hours of Economics electives.
8. To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements (or decrease the listed electives).

# Flight Plan

**Year 1**

| **Fall** | | **Hours** |
|---|---|---|

| | **Hours** | **12** |
| | **Minimum Total Hours** | **120** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Economics with a 3+3 Track to Law (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Arts in Economics with a 3+3 Track to Law

Unit: College of Business (https://business.louisville.edu/) (BU)
Department: Economics (https://business.louisville.edu/academics-programs/undergraduate-programs/economics/)
Academic Plan Code(s): EC__BA_3+3

# Program Information

The College of Business and the Louis D. Brandeis School of Law have joined together to create 3+3 Accelerated Law programs that allow eligible students in the College of Business to begin law school in their senior year of undergraduate study. Students substitute undergraduate major requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later. Students must have completed three

years (6 semesters) of undergraduate course work, including transfer credit and credit earned in summers, prior to enrollment at Brandeis.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| 6 hours of General Education requirements may be satisfied through coursework required by the degree program | | |
| College/School Requirements [1,2] | | 26 |
| Program/Major Requirements | | 36 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements (or decrease the indicated electives). See the Degree Requirements tab for specific coursework.

[2] College/School Requirements total includes 6 hours of required courses that also satisfy General Education hours requirements.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Students must have:

1. Earned a 2.8 cumulative GPA (Students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

A 3.5 GPA is recommended by the School of Law (see below).

### Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (https://louisville.edu/law/). A visit to the law school and an opportunity to observe a class can be arranged.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following program requirements satisfy General Education requirements and are included in the total hours listed below | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2, 3] | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 6 |
| BUS 201 | Career Development | 1 |
| BSTA 201 | Business Statistics [5] | 3 |
| Foreign Language [6] | | 12 |
| **Minimum Total Hours** | | **26** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Economics Breadth** | | |
| ECON 301 | Intermediate Microeconomics | 3 |
| ECON 302 | Intermediate Macroeconomics | 3 |
| ECON 475 | Senior Economics Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Electives in Economics [7] | | 15 |
| General Electives - 300+ Level | | 12 |
| **Minimum Total Hours** | | **36** |

# Law School Courses

| Code | Title | Hours |
|---|---|---|
| **Law School Courses** | | **30** |
| LAW 800 | Contracts | |
| LAW 801 | Torts | |
| LAW 810 | Criminal Law | |
| LAW 811 | Lawyering Skills I | |
| LAW 812 | Lawyering Skills II | |
| LAW 814 | Property | |
| LAW 815 | Civil Procedure | |
| LAW 816 | Professional Identity Formation in the Law | |
| LAW 819 | Constitutional Law I | |
| **Minimum Total Hours** | | **30** |

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). General Education Oral Communication courses (COMM 111, COMM 112 or HON 214) are not program requirements, but are required as prerequisite for BUS 301.

2 MATH 205 or MATH 180 must be taken as a required math course for all Economic majors. Their prerequisite(s) may be used as Arts and Sciences elective(s).

3 Completes Quantitative Reasoning General Education.

4 Completes 3 hours of Social & Behavioral Sciences.

5 Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 Completion of three semesters of Foreign Language (9-12 hours). Languages with three semesters but less than 12 hours must be made up as elective hours.

7 ECON 290 may be taken as 3 hours of Economics electives.

## Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

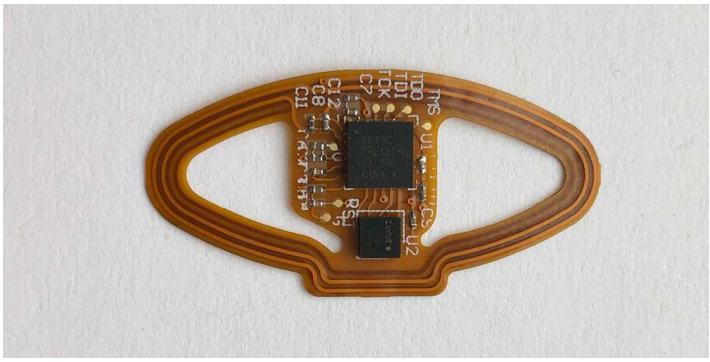
# Electrical Engineering (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Electrical Engineering**
Unit: Speed School of Engineering (https://engineering.louisville.edu/) (SS)
Department: Electrical & Computer Engineering (http://engineering.louisville.edu/electrical/)
Academic Plan Code(s): EE_ _BEE

# Program Information

The Bachelor of Science in Electrical Engineering degree program is accredited by the Engineering Accreditation Commission (EAC) of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Electrical, Computer, Communications, Telecommunication(s), and Similarly Named Engineering Programs.

The BSEE degree program offers the option to incorporate a minor in Computer Engineering (https://catalog.louisville.edu/undergraduate/minors/computer-engineering-minor/) (through the CSE Department) for students wishing to obtain a stronger background in software. This minor does not require taking any additional courses beyond the 123 hours required for the BSEE degree.

The BSEE degree program also offers the option to incorporate a new minor in STEM entrepreneurship (https://catalog.louisville.edu/undergraduate/minors/entrepreneurship-stem-minor/). Students will receive 9 hours of credit from the ECE flight plan towards this 18 hour minor.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1] | | 35 |
| Program/Major Requirements | | 50 |
| Supporting Courses | | 26 |
| **Minimum Total Hours** | | **123** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

## Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) OR MATH 190 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the minimum number of hours listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements

## College/School Requirements

| Select one Engineering Science Elective from the following: [3] | | 3 |
| CSE 220 | Object Oriented Program Design with Java | |
| CSE 302 | Data Structures | |
| CSE 310 | Discrete Structures | |
| CSE 420 | Design of Operating Systems | |
| CEE 205 | Mechanics I: Statics | |
| CHE 253 | Materials Science | |
| ISE 446 | Operations Research Methods | |
| ME 206 | Mechanics II: Dynamics | |
| ME 251 | Thermodynamics I | |
| Select two additional courses from either the CSE/Mathematics/Science Electives list, or the ECE Electives List [3] | | 6 |
| **Minimum Total Hours** | | **26** |

Candidates for the Bachelor of Science degree must be in Good Standing (university GPA ≥ 2.25) and must attain a grade point average of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ECE 497 | Capstone Design in ECE - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements. Note that the 12-hour total for the AH/P1/P2/SB/SBH electives assumes the use of double counting of P1/P2 with another category. The Department recommends COMM 112 over COMM 111.

2 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements. ENGL 303 or ENGL 306 is recommended as the additional course for EE students.

3 Students must take 3 hours of CSE/Mathematics/Science Electives and 3 hours of Engineering Science Electives. Some students may wish to use these electives toward satisfying the requirements for a minor in Mathematics or Physics; additional information is available in the Department. 6 additional hours must be taken of either CSE/Mathematics/Science Electives or ECE Electives.

## Flight Plan

| | **Hours** | **14** |
| | **Minimum Total Hours** | **123** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Elementary Education (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Elementary Education**
Unit: College of Education and Human Development (http://www.louisville.edu/edu/) (ED)
Departments: Elementary, Middle & Secondary Teacher Education (EMSTEd) (http://louisville.edu/education/departments/mise/) and Special Education, Early Childhood & Prevention Science (SECP) (http://louisville.edu/education/departments/sped/) (http://louisville.edu/education/departments/mise/)
Academic Plan Code(s): See Track Requirements tab

# Program Information

The Bachelor of Science Degree in Elementary Education has been designed to fulfill the requirements for the Kentucky teacher certification, grades P-5, which includes kindergarten. This degree offers candidates several options from which to choose including single certification in elementary (K-5), interdisciplinary early childhood (birth -age 5), and moderate and severe disabilities (P-12), as well as dual certifications in elementary and interdisciplinary early childhood, and elementary and special education (Learning Behavior Disorders [LBD] and Moderate and Severe Disabilities [MSD]). Teacher education candidates pursuing Elementary Education must be able to demonstrate proficiency in the areas of Language Arts/Reading, Mathematics, Science and Social Sciences along with the Arts and Humanities (e.g., music, art, movement/motion). If candidates choose a dual degree, then they must also demonstrate proficiency in that area as well.

All of the certifications offer extensive field experiences in local schools under the supervision and support from accomplished teachers and University of Louisville field placement supervisors.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements [1] | | 14 |
| Program/Major Requirements [1] | | 20 |
| Track Requirements [1,2] | | 61-68 |
| **Minimum Total Hours** | | **120** |

[1] Some courses required in this degree program may satisfy multiple requirements. To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and Track tabs for specific coursework.

[2] Tracks that requires dual certification require additional coursework and may exceed 120 total hours to graduate.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the Bachelor of Science in Elementary Education program requires the following:

- Minimum of 35 credit hours (can include hours in-progress during the semester applying)
- Minimum 2.75 or higher overall GPA, or a 3.0 in last 30 hours
- B-minus or better in all EDTP and EDSP courses
- Minimum test scores as required by the Education Professional Standards Board
- C or better in ENGL 102 (or equivalent) and in Oral Communication course
- Completion of Early Professional Courses
- Any other requirements as outlined in Application.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and should be taken to fulfill the respective General Education Requirement: | | |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| EDTP 245 | Children's Literature - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

Please see the Track Requirements tab to determine additional courses that will satisfy both a major and General Education requirement. These courses should be taken to fulfill the respective General Education requirement.

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

The following are not degree requirements, but are required for teacher certification purposes. They are recommended by the program to fulfill General Education Requirements:

- Biology course and lab (S, SL)
- Physical Science course (S)

HIST 104 or HIST 105 are recommended by the program to fulfill the Social & Behavioral Historical Perspective General Education requirement.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Early Professional Courses** | | |
| EDTP 101 | First-Year Experience [1] | 1 |
| EDTP 107 | Human Development and Learning | 3 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| EDTP 245 | Children's Literature - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| EDTP 249 | Practicum 1 | 1 |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| **Minimum Total Hours** | | **14** |

### Mid-Point Assessment Prior to Elementary and Special Education Student Teaching

Completion of all EDTP and EDSP courses with no grade lower than "B-"; "Pass" in all clinical field work; Electronic documentation of 200 hours of diverse and approved field experiences; satisfactory dispositions assessment; satisfactory performance on all Hallmark Assessment Tasks; Target performance or better on all rubrics.

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Core Professional Courses** [3] | | |
| EDSP 260 | Classroom Behavior Management | 3 |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 518 | Structured Literacy for Diverse Learners | 3 |
| EDTP 215 | The Art of Instruction | 3 |
| EDTP 279 | Practicum 2 | 1 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 399 | Music, Art, and Motion in P-5 | 3 |

| | | |
|---|---|---|
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 1-3 |
| **Minimum Total Hours** | | **20** |

| Code | Title | Hours |
|---|---|---|
| Track Requirements (see Track Requirements tab) | | 61-68 |

## Degree Assessment

B-minus or better in student teaching and capstone courses; 2.75 overall GPA; all program courses with 3.0 cumulative GPA; satisfactory performance on all Hallmark Assessment Tasks; Target performance or better on all rubrics.

## Certification Assessment

Satisfactory dispositions assessment; passing scores on PRAXIS content and PLT exams; completion of degree requirement.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | |

[1] Not required for transfer students with 24 credit hours or more. Students who successfully complete a first year experience course through another college may waive this requirement.

[2] To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements (or decrease the listed electives).

[3] Restricted to students admitted to the professional teacher education program.

[4] Students following the course sequence in the 2024/2025 or 2025/2026 catalogs will take EDTP 477 for 1 credit hour. Students following the course sequence in the 2023/2024 catalog and prior will take EDTP 477 for 3 credit hours.

# Elementary Tracks
# Single-Area Certification Tracks

## Track in Interdisciplinary Early Childhood (Birth - Age 5)

Academic Plan Code(s): EREDBSRIEC

[1] Students following the course sequence in the 2024/2025 or 2025/2026 catalogs will take EDTP 477 for 1 credit hour. Students following the course sequence in the 2023/2024 catalog and prior will take EDTP 477 for 3 credit hours.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

The Bachelor of Science in Early Elementary Education with the available tracks prepares students to meet the requirements for certification and/or licensure. If you plan to pursue professional licensure or certification you should first determine your state's criteria for examination and licensure to see how/if our program meets those requirements prior to enrollment. We recommend that you also contact your state's licensing board directly to verify that the requirements have not changed recently and to answer any questions especially those regarding additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

For programs with an online option, more information about certification or licensure is available here: https://louisville.edu/online/About-Us (https://louisville.edu/online/About-Us/) (please scroll down near the bottom of the page and click on the licensing disclosures tab).

# English (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in English**

Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: English (http://louisville.edu/english/)
Academic Plan Code(s): ENGLBA

# Program Information

The program for English majors is designed to lay a foundation for careers in writing, teaching, scholarship, and research, as well as for many other types of position in the business and professional world where skills in communication, creative, critical, or analytical writing, public relations, editorial skills, advertising, or the like are required. English majors will complete one of three tracks: Creative Writing, Literature, or Professional and Public Writing. This flexibility, combined with student-centered classes and award-winning faculty, offers a degree that teaches student to think on their feet in a rapidly changing world.

**Creative Writing**

The Creative Writing Program at UofL offers a variety of creative writing courses covering the major genres of poetry, fiction, drama, creative nonfiction, and screenwriting. Our track guides students through Introductory to Advanced courses, with Special Topics courses along the way. The Creative Writing program hosts several visiting writers each semester through the Anne and William Axton reading series.

**Literature**

Literature students develop strong historical knowledge of fiction, poetry, drama, and nonfiction, and they explore literary craft across a range of composing and publishing practices, including social media, film, comics, and print and digital books. In addition to studying genre, authorship, and craft, students engage with written art as both commentary on and contributor to issues of profound social moment.

**Professional and Public Writing**

The PPW track offers a variety of courses where students learn the ins and outs of writing, have the opportunity to pursue a variety their own projects, and build a personal portfolio. They do this all while learning how to productively collaborate with others and manage projects. This track prepares its students for careers in grant writing, publishing, freelance writing, management, journalism/content creation, marketing, law, or work in almost any setting: the non-profit sector, the corporate world, or in academia.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements | | 18 |
| Supporting Courses | | 32 |
| Track Requirements | | 18 |
| **Minimum Total Hours** | | **121** |

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Admission to the BA in English requires completion of ENGL 101 and ENGL 102 OR ENGL 105 or approved substitute; a minimum cumulative grade point average of 2.0; and a minimum grade point average of 2.0 in courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# English with a 3+3 Track to Law (BA)

**Bachelor of Arts in English with a 3+3 Track to Law**

Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: English (https://louisville.edu/english/)
Academic Plan Code(s): ENGLBA_3+3

## Program Information

The College of Arts & Sciences and the Louis D. Brandeis School of Law have joined forces to create 3+3 Accelerated Law programs that allow eligible students in the College of Arts & Sciences to begin law school in their senior year of undergraduate study. An English degree prepares students for law school and work in the legal profession by providing critical thinking, argumentation, and advanced reading and writing skills. Students substitute undergraduate major requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later. Students must have completed three years (6 semesters) of undergraduate course work, including transfer credit and credit earned in summers, prior to enrollment at Brandeis.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements | | 18 |
| Track Requirements | | 18 |
| Free Electives | | 2 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **121** |

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the BA in English requires completion of ENGL 101 and ENGL 102 (https://catalog.louisville.edu/search/?P=ENGL%20102) OR ENGL 105 (https://catalog.louisville.edu/search/?P=ENGL%20105) or approved substitute; a minimum cumulative grade point average of 2.0; and a minimum grade point average of 2.0 in courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (https://louisville.edu/law/admissions/). The office can also arrange for you to visit the law school and to sit in on a class.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| ENGL 368 | Minority Traditions in English Literatures - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ENGL 369 | Minority Traditions in American Literature - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 12 |
| Electives in Social or Natural Sciences [2] | | 9 |
| WR - two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **22** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **English Core** | | |
| *Select two of the following:* | | *6* |
| ENGL 202 | Introduction to Creative Writing - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 300 | Introduction to Literature - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

# Equine Business, Bachelor of Science in Business Administration (BSBA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Administration in Equine Business**
Unit: Business (BU) (http://www.louisville.edu/business/)
Department/Program: Equine Industry (http://business.louisville.edu/equine/)
Academic Plan Code(s): EQINBSB

## Program Information

The mission of the Equine Business Discipline is to motivate students and professionals in the industry to read, think and question; encourage development of the analytical, entrepreneurial, and management skills needed by the equine industry; inspire enthusiasm, develop leadership; respond to the equine industry's dramatically changing economic environment by undertaking rigorous, meaningful research; disseminate to the industry through publications, seminars, workshops or state-of-the-art technology, research results and accumulated knowledge, and other business related skills.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (6 hours of General Education requirements may be satisfied through coursework required by the degree program) | |

| | |
|---|---|
| College/School Requirements [1,2] | 53 |
| Program/Major Requirements | 30 |
| Supporting Courses | 12 |
| **Minimum Total Hours** | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements tab for specific coursework.

[2] College/School Requirements total includes 6 hours of required courses that also cover General Education requirements. See Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

## New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BSB in Equine Business.

## Current Students—Admission in Good Standing

Students must have both:

1. Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BSTA 201 | Business Statistics [5] | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2, 3] | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Select one of the following Ethics courses: | | 3 |
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 225 | Business Ethics | |
| PHIL 321 | Ethics | |
| PHIL 323 | Medical Ethics | |
| BUS 301 | Business Communication | 3 |
| BUS 201 | Career Development | 1 |
| ACCT 201 & ACCT 202 | Principles of Financial Accounting Principles of Managerial Accounting | 6 |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 6 |
| BSTA 201 | Business Statistics [5] | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| General Electives | | 6 |
| **Business Breadth** | | |
| FIN 301 | Corporate Finance | 3 |
| MKT 301 | Principles of Marketing | 3 |
| MGMT 301 | Management and Organizational Behavior | 3 |
| CLAW 301 | Legal Environment of Business | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| MGMT 401 | Operations Management | 3 |
| **Minimum Total Hours** | | **53** |

Total of 53 includes 3 credit hours of ECON and 3 credit hours of MATH that are also counted in the 31 General Education hours above.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Equine Business Depth** | | |
| EQIN 202 | Horse Industry Overview | 3 |
| EQIN 204 | Equine Management | 3 |
| EQIN 301 | Organization and Administration of Equine Operations | 3 |
| EQIN 302 | Equine Economics | 3 |
| or EQIN 401 | Equine Taxation | |
| EQIN 304 | Equine Marketing | 3 |
| EQIN 313 | Equine Commercial Law | 3 |

| | | |
|---|---|---|
| EQIN 402 | Capstone Seminar in Equine Industry Program - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| EQIN 403 | Equine Financial Management | 3 |
| EQIN 404 | Current Equine Issues | 3 |
| Business or Equine Electives (300-400 level)* | | 3 |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives [6] | | 12 |

*See table below for potential Equine Elective courses.

Transfer students must take a minimum of 12 credit hours in their major within the College of Business.

Six hours of General Education US and global perspectives courses (P1 and P2) are required and may be incorporated within the degree program.

All course prerequisites must be followed.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| EQIN 402 | Capstone Seminar in Equine Industry Program - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| Code | Title | Hours |
|---|---|---|
| **Equine Electives** | | |
| *Courses listed below may be used to satisfy general elective requirements* | | |
| EQIN 203 | Application of Software for Equine Operations | 3 |
| EQIN 205 | A Global Perspective of Equine Industry | 1 |
| EQIN 206 | Industry Speaker Series | 2 |
| EQIN 250 | Equine-Assisted Activities | 3 |
| EQIN 303 | Equine Regulatory Law | 2 |
| EQIN 340 | Leadership in Equine Business | 3 |
| EQIN 350 | Applied Racetrack Operations: Thoroughbred and Track Management | 3 |
| EQIN 360 | Equine Regulatory Law & Dispute Resolution | 3 |
| EQIN 396 | Zero-Credit Internship-Equine | 0 |
| EQIN 398 | Co-op in Equine II [7] | 1-3 |
| EQIN 399 | Co-op in Equine III | 3 |
| EQIN 401 | Equine Taxation (Can be used as elective unless used in place of EQIN 302) | 3 |
| EQIN 406 | Horse Racing and Comparative Gaming Systems | 3 |
| EQIN 490 | Special Topics in Equine Administration | 1-3 |
| EQIN 499 | Independent Study in Equine Business | 3 |

1 College/School Requirements include six hours of General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). A course satisfying the General Education Oral Communication requirement (COMM 111, COMM 112, COMM 115, HON 214 , POLS 111, or WGST 203) is a prerequisite for BUS 301 but not included in the total hours for the degree. Students who take PHIL 222 to satisfy the Ethics requirement will also satisfy 3 hours of the Arts & Humanities requirement and may need additional electives to satisfy the total hours for the degree.

2 If MATH 205 is taken, there will be 4 total hours of math, which may reduce the electives required for the degree.

3 Completes Quantitative Reasoning General Education requirement

4 Completes 3 hours of Social & Behavioral Sciences General Education requirement.

5 The following courses will also meet the statistics requirement: MATH 109, PSYC 301, SOC 301, ISE 360, MATH 360, PHST 302, POLS 390 or equivalent. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 Assumes 6 hours from College requirements used to satisfy General Education requirements

7 EQIN 398 Co-op in Equine II in Equine (*2.0 GPA, effective Spring 2018)*; optional course

## Flight Plan

| Year 1 | | |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Exercise Physiology (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Exercise Physiology**
Unit: College of Education and Human Development (http://www.louisville.edu/edu/)
Department: Health & Sport Sciences (HSS) (http://louisville.edu/education/departments/hss/)
Academic Plan Code(s): See Track Requirements tab.

# Program Requirements

All students completing the Bachelor of Science degree in Exercise Physiology must complete the core classes, program requirements, and at least one track, along with appropriate related and supporting or elective courses. The core provides students with a background in the social, physiological, and historical knowledge needed for their chosen profession.

The Allied Health Therapies track prepares students for careers in allied health therapies such as Physical Therapy, Occupational Therapy, and Clinical Exercise Physiology. Curriculum is designed to prepare students for graduate and professional school in these areas and follows guidelines set forth by the American College of Sports Medicine.

The Human Performance track prepares students for careers in strength & conditioning, sport science, fitness, personal training, and corporate wellness. Curriculum is designed to maximize certification exam success and follows guidelines set forth by the National Strength and Conditioning Association.

The Physical Education and Health track assists students in acquiring the skills, knowledge, and dispositions to become effective and committed health and physical education teachers. Extensive school-based fieldwork experiences are integrated into the curriculum.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 3 |
| Program/Major Requirements | | 30 |
| Track Requirements | | 62 |
| **Minimum Total Hours** | | **120** |

[1] Some courses required in this degree program may satisfy multiple requirements. To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements or reduce the number of available electives within a track. See the Degree Requirements and Track tabs for specific coursework.

## Soaring Scholar Program in Exercise Physiology

The University of Louisville's Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) (Accelerated BS to MS) Program in Exercise Physiology offers a dynamic, accelerated pathway for highly motivated students to complete both a Bachelor's and Master's degree within five years. Designed for those passionate about health, human performance, and rehabilitation sciences, this innovative program streamlines undergraduate and graduate education, allowing students to enter the workforce or pursue advanced clinical training sooner. Students gain in-depth scientific knowledge, hands-on experience, and preparation for key professional certifications such as the ACSM Certified Clinical Exercise Physiologist (ACSM-CEP).

This program is available exclusively to University of Louisville undergraduate students. Those interested in earning a non-thesis Master of Science (MS) in Exercise Physiology can accelerate their graduate education by applying up to 9 credit hours of approved graduate coursework toward both their undergraduate and graduate degrees. Students accepted into the Soaring Scholar BS/MS program will complete these graduate-level courses while still enrolled as undergraduates, allowing for a more efficient transition into the master's program. An additional 27 credit hours of graduate coursework will be required to complete the MS degree. With approval from the Director of Graduate Studies, students will work with an academic advisor to select eligible 500-600 level courses that will count as undergraduate electives and fulfill graduate requirements.

By reducing the time and cost typically required for two degrees, this program supports early career entry into high-growth fields including clinical exercise physiology, research, corporate wellness, and graduate health professions like physical therapy or occupational therapy. With a focus on applied learning and workforce readiness, the Soaring Scholar Program positions graduates for success in a rapidly expanding health and performance industry.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

See admissions requirements for the College of Education and Human Development at **https://louisville.edu/admissions (https://louisville.edu/admissions/).**

Admission to the professional phase of the Physical and Health Education track also requires:

- Minimum 2.75 or higher overall GPA, or 3.0 in last 30 hours
- Minimum test scores as required by the Education Professional Standards Board
- C or better in ENGL 102 (or equivalent) and in Oral Communication course
- Completion of Pre-Professional Courses with a B-minus or better
- Any other requirements as outlined in Application.

**Soaring Scholar Program in Exercise Physiology**

The MS in Exercise Physiology is an approved Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) Program (Accelerated BS to MS)! This means that undergraduate Exercise Physiology majors pursuing the track in Allied Health Therapies may apply for an accelerated pathway to a MS in Exercise Physiology during their junior year. Students accepted into the Soaring Scholar Program may complete up to 9 credit hours worth of graduate coursework during their senior year that will apply to both the BS and MS degree. To apply, students are required to submit a personal statement describing their future career plans and interest in the program, two letters of support from program faculty, and a current resume. Only students with a 3.00 cumulative undergraduate GPA and those who have earned at least a B or better in HSS 202, HSS 387, and HSS 394 will be considered for admission.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following course can be taken to fulfill the respective General Education Requirement and a major requirement in all tracks: | | |
| HSS 202 | Foundations of Anatomy & Physiology - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| *For tracks in Allied Health Therapies and Human Performance:* | | |
| HSS 377 | Foundations of Quantitative Statistics - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| *For track in Physical and Health Education:* | | |
| HSS 293 | Social and Psychological Dimensions of Physical Activity - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| HSS 181 | First-Year Experience [1] | 1 |
| Select two (2) Physical Activity Courses (see list below) | | 2 |
| **Minimum Total Hours** | | **3** |

[1] Not required for transfer students with 24 credit hours or more. Students who successfully complete a first year experience course through another college may waive this requirement.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Core Courses** | | |
| HSS 180 | First Aid and Safety Education | 3 |
| HSS 184 | Healthy Lifestyles I | 3 |

# Track Requirements

## Track in Allied Health Therapies

Academic Plan Code(s): EXP_BS_AHT

| Code | Title | Hours |
|---|---|---|
| HSS 377 | Foundations of Quantitative Statistics - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Select one of the following options: | | 2-3 |
| HSS 381 & HSS 391 | Advanced Anatomy and Physiology Lab I Advanced Anatomy and Physiology Lab II [1,2] | |
| or HSS 507 | Senior Seminar in Exercise Physiology | |
| HSS 389 | Prevention and Care of Athletic Injuries I | 3 |
| HSS 390 | Advanced Anatomy and Physiology II [1,2] | 3 |
| HSS 396 | Lab Methods in Fitness Evaluation | 3 |
| HSS 460 | Human Body in Health and Disease | 3 |

| | | |
|---|---|---|
| HSS 462 | Advanced Biomechanics | 3 |
| HSS 486 | Advanced Exercise Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HSS 492 | Exercise Physiology Internship for Allied Health Professionals | 3 |
| HSS 504 | Physical Activity and Public Health | 3 |
| General Electives | | 32-33 |
| **Minimum Total Hours** | | **62** |

[1] HSS 381 should be taken concurrently with or after previous completion of HSS 386. HSS 391 should be taken with or after previous completion of HSS 390.

[2] Students should take either the entire HSS Advanced Anatomy and Physiology sequence (HSS 381, HSS 386, HSS 390, and HSS 391) (recommended), or the entire BIOL Anatomy and Physiology sequence (BIOL 260, BIOL 264, BIOL 261, and BIOL 265). There are no direct equivalents between each A&P course, therefore students are not permitted to mix courses between departments.

## Track in Human Performance

Academic Plan Code(s): EXP_BS_HP

| Code | Title | Hours |
|---|---|---|
| HSS 300 | Nutrition Coaching | 3 |
| HSS 377 | Foundations of Quantitative Statistics - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HSS 388 | Foundations of Strength and Conditioning | 3 |
| HSS 389 | Prevention and Care of Athletic Injuries I | 3 |
| HSS 390 | Advanced Anatomy and Physiology II [1] | 3 |
| HSS 392 | Principles of Sport and Exercise Psychology | 3 |
| HSS 396 | Lab Methods in Fitness Evaluation | 3 |
| HSS 486 | Advanced Exercise Physiology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HSS 492 | Exercise Physiology Internship for Allied Health Professionals | 3 |
| HSS 500 | Neuromuscular Aspects of Human Performance | 3 |
| HSS 530 | Nutrition and Athletic Performance | 3 |
| General Electives | | 29 |
| **Minimum Total Hours** | | **62** |

[1] Students should take either the entire HSS Advanced Anatomy and Physiology sequence (HSS 386 and HSS 390) (recommended), or the entire BIOL Anatomy and Physiology sequence (BIOL 260 and BIOL 261). There are no direct equivalents between each A&P course, therefore students are not permitted to mix courses between departments.

## Track in Physical and Health Education

Academic Plan Code(s): EXP_BS_PHE

| Code | Title | Hours |
|---|---|---|
| **Pre-Professional Courses** [1] | | |
| EDTP 107 | Human Development and Learning | 3 |
| HSS 200 | Introduction to Health Education | 3 |
| HSS 270 | Introduction to Physical Education | 3 |
| HSS 271 | Teaching Physical Education | 3 |
| HSS 293 | Social and Psychological Dimensions of Physical Activity - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HSS 302 | Foundations of Nutrition | 3 |
| or HSS 303 | Advanced Nutrition | |
| HSS 326 | Movement Skills and Concepts in Physical Education | 3 |
| HSS 327 | Invasion and Net Games | 3 |
| HSS 328 | Target and Fielding Games | 3 |
| HSS 384 | Teaching Health Education | 3 |
| HSS 455 | Current Trends and Issues in Health Education - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Electives | | 2 |
| **Professional Program Courses** [2] | | |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| HSS 404 | Methods in Elementary Physical Education | 4 |
| HSS 405 | Methods in Secondary Physical Education | 4 |
| HSS 485 | Methods in Health Education | 4 |
| **Student Teaching Courses** [2] | | |
| HSS 414 | Student Teaching in Elementary Physical Education | 3 |
| HSS 415 | Student Teaching in Health Education | 3 |
| HSS 416 | Student Teaching in Secondary Physical Education | 3 |
| HSS 477 | Capstone Seminar: Initial Teacher Certification - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **62** |

**NOTE:** Students should take HSS 386 (recommended) or both BIOL 260 and BIOL 261. There are no direct equivalents between each A&P course, therefore students are not permitted to mix courses between departments.

[1] Minimum grade of B- or better required in pre-professional HSS track courses.

[2] Courses restricted to students admitted to professional teacher education program.

## Accelerated BS to MS in Exercise Physiology

Exercise Physiology majors pursuing the track in Allied Health Therapies may apply for an accelerated pathway to a MS in Exercise Physiology. Students in this program may complete up to 9 credit hours worth of graduate coursework that will apply to both the BS and MS degree.

| Code | Title | Hours |
|---|---|---|
| EXP 503 | Clinical Exercise Physiology (Substitute for HSS 460) | 3 |
| EXP 603 | Seminar in Exercise Physiology (Substitute for HSS 504) | 3 |
| HSS 604 | Research Methods in HSS (Replaces a general elective) | 3 |

| | | |
|---|---|---|
| EXP 620 | Exercise Physiology Internship (Substitute for HSS 492) | 3 |

**Midpoint Assessment Prior to Student Teaching:** All content methods classes passed with a cumulative 3.0 GPA; Electronic documentation of approved field experiences including assessment of dispositions; satisfactory performance on all Hallmark Assessment Tasks; Target performance or better on all rubrics.

**Certification Assessment:** Satisfactory dispositions assessment; passing scores on PRAXIS content and PLT exams; completion of degree requirements.

**Flight Plans**

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Professional Licensure Information

The Bachelor of Science in Exercise Physiology, track in Physical and Health Education program prepares students to meet the requirements for certification and/or licensure. If you plan to pursue professional licensure or certification, you should first determine your state's criteria for examination and licensure to see how/if our program meets those requirements prior to enrollment. We recommend that you also contact your state's licensing board directly to verify that the requirements have not changed recently and to answer any questions especially those regarding additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

For programs with an online option, more information about certification or licensure is available here: https://louisville.edu/online/About-Us?tab=disclosure (https://louisville.edu/online/About-Us/?tab=disclosure).

***Note: other tracks in the BS in Exercise Physiology program may prepare students to sit for examinations to qualify for certifications offered by private organizations including the American College of Sports Medicine, the National Strength & Conditioning Association, and the Collegiate Strength and Conditioning Coaches Association. These certifications are sometimes preferred or required for employment in specific settings (e.g., hospitals, college campuses) within the field. However, other tracks in the program (Allied Health Therapies, Human Performance) are not designed to prepare students for any professional licensure issued by any US state or other jurisdiction.***

# Finance, Bachelor of Science in Business Administration (BSBA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Administration in Finance**
Unit: Business (BU) (https://business.louisville.edu/)
Department: Finance (https://business.louisville.edu/finance/)
Academic Plan Code(s): FIN_BSB

# Program Information

The objective of the Finance major program is to provide our students with a competitive edge in their professional financial and managerial careers. Our majors are prepared, upon graduation to apply critical thinking and problem solving skills, either individually or in teams, in order to creatively and ethically solve problems in a global marketplace.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (6 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1,2] | | 53 |
| Program/Major Requirements | | 27 |
| Supporting Courses | | 15 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements tab for specific coursework.

[2] College/School Requirements include 6 hours of courses that also cover General Education requirements. See the Degree Requirements tab for details.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

## New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BSB in Finance.

## Current Students - Admission in Good Standing

1. Students who are currently enrolled in the College of Business as a Bachelor of Science in Business Administration or Business Economics major are permitted to change to a Bachelor of Science in Business Administration in Finance as long as they are in good academic standing; and
2. The student has completed MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **College of Business Requirements** | | |
| CAMP 100 | Campus Culture/Business Students | 1 |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2,3,4] | 3 |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Select one of the following Ethics courses: | | 3 |
| PHIL 222 | Contemporary Moral Problems - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHIL 225 | Business Ethics | |
| PHIL 321 | Ethics | |
| PHIL 323 | Medical Ethics | |
| BUS 301 | Business Communication | 3 |
| BUS 201 | Career Development | 1 |
| ACCT 201 & ACCT 202 | Principles of Financial Accounting<br>Principles of Managerial Accounting | 6 |
| ECON 201 & ECON 202 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 6 |
| BSTA 201 | Business Statistics [5] | 3 |
| CIS 205 | Information Systems in Organizations | 3 |
| General Electives | | 6 |
| **Business Breadth** | | |
| FIN 301 | Corporate Finance | 3 |
| MKT 301 | Principles of Marketing | 3 |
| MGMT 301 | Management and Organizational Behavior | 3 |
| CLAW 301 | Legal Environment of Business | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| MGMT 401 | Operations Management | 3 |
| **Minimum Total Hours** | | **53** |

Total of 53 includes 3 credit hours of ECON and 3 credit hours of MATH that are also counted in the 31 General Education hours above.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Finance Depth** | | |
| FIN 305 | Intermediate Accounting I | 3 |
| FIN 304 | Intermediate Corporate Finance | 3 |
| FIN 370 | International Finance | 3 |
| FIN 401 | Investments | 3 |
| FIN 403 | Financial Derivatives | 3 |
| FIN 433 | Financial Markets and Institutions | 3 |
| FIN 475 | Capstone Seminar in Finance - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| FIN Electives [6] | | 6 |
| **Minimum Total Hours** | | **27** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives | | 15 |

Transfer students must take a minimum of 12 credit hours in their major within the College of Business.

Six hours of US and global perspectives courses are required and may be incorporated within the degree program.

All course prerequisites must be followed.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| FIN 475 | Capstone Seminar in Finance - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). A course satisfying the General Education Oral Communication requirement (COMM 111, COMM 112 or HON 214) is a prerequisite for BUS 301, but not included in the degree requirements. Students who select PHIL 222 to satisfy the Ethics requirement will also satisfy 3 hours of the Arts & Humanities requirement, which may require additional electives to complete the degree.

2 Completes General Education requirements.

3 For students with strong high school mathematics backgrounds, and for students who intend to pursue graduate work in finance, MATH 205 and MATH 206 is recommended. MATH 206 may be taken as aGeneral Elective.

4 If MATH 205/MATH 206 is taken, there will be 4-8 total hours of math, reducing the General Elective hours required to complete the degree.

5 The following courses will also meet the statistics requirement: MATH 109, PSYC 301, SOC 301, ISE 360, MATH 360, PHST 302, POLS 390 or equivalent. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 Co-operative Education is an elective curriculum option for up to six (6) hours of credit. Three hours of Co-op credit may count as a finance elective. If a student takes a second 3-hour Co-op class, then it would count as a General Elective. Pass/Fail credit is given for approved COB co-op work experiences. Participation in the COB Co-op program is encouraged to strengthen the BSBA degree with professional experience and to enhance a student's resume.

# French (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in French**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Classical and Modern Languages (http://modernlanguages.louisville.edu/)
Academic Plan Code(s): FRENBA

## Program Information

French is a language spoken on five continents and in over 50 countries of the world where it is used regularly in government, business, and, of course, in everyday life.

The French program at UofL offers a wide range of classes from beginning French to courses in literature, culture, media, linguistics, translation, and film.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 31 |
| Supporting Courses | | 37 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the BA in French requires a minimum cumulative grade point average of 2.0 and a minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following course is required by the program and can satisfy the respective General Education Requirements: | | |

| | |
|---|---|
| FREN 250 | Introduction to the French-Speaking World - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

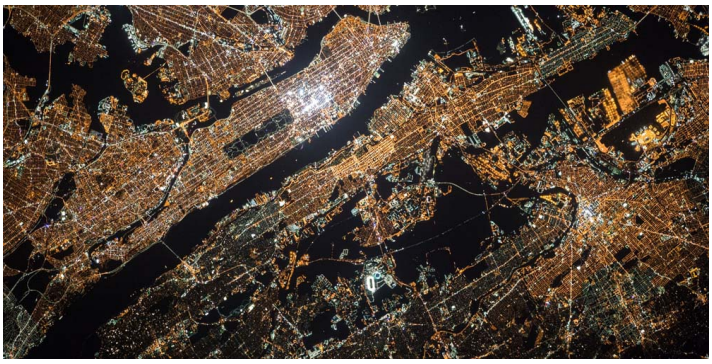
**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Geography, Applied (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Applied Geography**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Geographic and Environmental Sciences (https://louisville.edu/geogeo/)
Academic Plan Code(s): See Track Requirements tab

## Program Information

Geographers investigate the character and possible associations between a subject and its environment. The Department of Geographic and Environmental Sciences educates students to view the world in a spatial and time-dependent context to determine relationships between people and their immediate and global environment.

The department offers Bachelor of Science degrees in five different tracks:

- Environmental Sciences: designed for students who are interested in the environment and environmental sustainability.
- Geospatial Technologies: designed for students who are interested in developing geospatial technologies like GIS and remote sensing.
- Human and Cultural Dynamics: designed for students interested in the forces that shape human environments like population trends, sustainable development, ethnic and racial segregation, globalization and geopolitics.

- Meteorology: designed for students interested in operational meteorology and meets NOAA requirements to work for the National Weather Service.
- Urban Analytics: designed for students interested in using data science and geospatial technologies to analyze processes that shape urban environments and solve urban problems.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

**Degree Summary**

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 30 |
| Track Requirements | | 24-30 |
| Supporting Courses | | 6-26 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS/MS in Applied Geography

The Department of Geographic and Environmental Sciences offers an accelerated BS/MS program in which exceptional majors in any of the BS Applied Geography degree tracks may earn up to 9 graduate-level credit hours (at either the 500 or 600 level) during their Senior year. Exceptional students in other programs who are minoring in *Geography, Environmental Analysis, Meteorology or Urban and Regional Analysis* may also be considered in consultation with their major program undergraduate advisor. These graduate-level courses are then counted towards both the BS and MS Applied Geography degrees, allowing students to go on and complete the graduate degree with the remaining graduate hours, saving both time and expense. If enrolling full time in the graduate program, students may graduate with the MS Applied Geography degree in as little as 2-3 semesters, instead of the usual 4.

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

There are no specific admission requirements for students in the traditional degree plan. The Change Major Request form can be found under the Academic Progress tile on ULink.

**Admission and Application to the Accelerated BS/MS Applied Geography Soaring Scholars Program**

Students interested in applying to the BS/MS Applied Geography Soaring Scholars program should follow the application process outlined in the Soaring Scholars Application Checklist (https://graduate.louisville.edu/academics/programs/soaring/).

The minimum requirements for the BS/MS Applied Geography Soaring Scholars program are listed in the Soaring Scholars Application Checklist (https://graduate.louisville.edu/academics/programs/soaring/)

**Admission to a Soaring Scholar program does not guarantee admission into the associated master's degree program.** Soaring Scholar students must apply to the associated graduate program in their last semester, before graduating with the bachelor's degree, to be considered for the Accelerated Master's graduate program. They must meet all the requirements for admission to the graduate program at the time of application to be admitted. Learn more about the graduate admissions process (https://graduate.louisville.edu/admission/apply/) and admission requirements for the Applied Geography Master's program (https://catalog.louisville.edu/graduate/programs-study/master-science-applied-geography/#text).

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| GEOG 200 | Human Geography in a Changing World - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| GEOG 300 | Globalization and Diversity - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENVS 200 | The Global Environment - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

* Meteorology track also requires ENVS 220/PHYS 220, PHYS 295, PHYS 298 and MATH 205.

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [2] | | 6-8 |
| Electives in Natural Sciences or Humanities at the 300 level or above [3] | | 6 |
| WR—two approved courses at the 300 level or above [4] | | |
| **Minimum Total Hours** | | **13-15** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Department of Geography and Environmental Sciences** | | |
| ENVS 200 | The Global Environment - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENVS 363 | Climate Science | 3 |
| GEOG 200 | Human Geography in a Changing World - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| GEOG 256 | Introduction to Quantitative Methods in Geography and Geosciences - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| GEOG 300 | Globalization and Diversity - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| GEOG 356 | Introduction to Spatial Statistics | 3 |
| GEOG 370 | Introduction to Field Methods in Geography | 3 |
| GEOG 441 | Senior Thesis Proposal - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| GEOG 442 | Senior Thesis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [4] | 3 |
| GEOG 558 | Introduction to Geographic Information Systems | 3 |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Track Requirements (see Track Requirements tab)** | | **24-30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses (see Track Requirements tab)** | | **6-26** |

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| GEOG 442 | Senior Thesis - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.

[2] Completion of the second semester of a single foreign language; hours will vary depending on the language taken

[3] Students in the Meteorology track satisfy this requirement by completing the track. Please consult the Track Requirements tab for more information.

[4] Fulfills WR requirement.

# Track Requirements

## Track in Meteorology

Academic Plan Code(s): GEOGBS_MET

| Code | Title | Hours |
|---|---|---|
| ENVS 220 | Introduction to Weather and Climate - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENVS 305 | Introduction to Weather Analysis | 3 |
| ENVS 366 | Dynamic Meteorology | 3 |
| ENVS 370 | Thermodynamic Meteorology | 3 |
| ENVS 452 | Physical Meteorology | 3 |
| ENVS 465 | Mesoscale Meteorology | 3 |
| ENVS 469 | Synoptic Meteorology | 3 |
| GEOG 355 | Introduction to Remote Sensing | 3 |
| **Minimum Total Hours** | | **24** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses for Meteorology** | | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 1 |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 4 |
| PHYS 299 | Introductory Electricity, Magnetism and Light | 4 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 4 |
| MATH 206 | Calculus II | 4 |
| MATH 325 | Introduction to Linear Algebra [3] | 3 |
| MATH 405 | Differential Equations [3] | 3 |
| ENVS 564 | Hydrology [3] | 3 |
| or GEOG 385 | Introduction to Programming for GIS and Spatial Data Analysis | |
| Minimum Electives [1, 2] | | 0-26 |
| **Minimum Total Hours** | | **26-52** |

[1] Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.
[2] Some free electives at the 300+ level may be required to reach a minimum of 50 hours at the 300+ level.
[3] Students may double count these courses in the college's programmatic requirements.

## Track in Environmental Sciences

Academic Plan Code(s): GEOGBS_ENV

| Code | Title | Hours |
|---|---|---|
| **Environmental Foundation** | | |
| ENVS 301 | Geology for Scientists and Engineers | 3 |
| ENVS 360 | Global Environmental Change | 3 |
| ENVS 365 | Biogeography | 3 |
| ENVS 564 | Hydrology | 3 |
| GEOG 340 | Environmental Conflict in the United States: Historical Foundations & Contemporary Problems - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| GEOG 350 | Introduction to Mapping and Geospatial Technologies | 3 |
| GEOG 355 | Introduction to Remote Sensing | 3 |
| **Environmental Specialization** | | |
| Select three of the following courses: | | 9 |
| ENVS 367 | Geomorphology | |
| ENVS 381 | Natural Hazards | |
| ENVS 570 | Water Resource Management | |
| ENVS 571 | GIS and Water Resources | |
| GEOG 361 | Sustainable Human Environments - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| GEOG 525 | Measuring Sustainability: Our Human Planet | |
| GEOG 540 | Geography and Human-Environment Interactions (Select 3) | |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses for Environmental Sciences** | | |
| Electives in Social Sciences, other than Geography, at the 300 level or above [1] | | 6 |

[1] Students may also count courses used to satisfy Cardinal Core requirements to meet the supporting course requirements. This may require additional electives to complete the minimum hours required for the degree.

## Track in Geospatial Technologies

Academic Plan Code(s): GEOGBS_GST

| Code | Title | Hours |
|---|---|---|
| **Geospatial Technologies Foundation** | | |
| GEOG 350 | Introduction to Mapping and Geospatial Technologies | 3 |
| GEOG 355 | Introduction to Remote Sensing | 3 |
| GEOG 385 | Introduction to Programming for GIS and Spatial Data Analysis | 3 |
| GEOG 545 | Unoccupied Aerial Systems and Geospatial Applications | 3 |
| GEOG 556 | Advanced Remote Sensing | 3 |
| GEOG 559 | Advanced Geographic Information Systems | 3 |
| GEOG 590 | Special Topics | 3 |
| **Geospatial Technologies Specialization** | | |
| Select three of the following: | | 9 |
| ENVS 452 | Physical Meteorology | |
| ENVS 571 | GIS and Water Resources | |
| GEOG 522 | GIS and Public Health | |
| GEOG 525 | Measuring Sustainability: Our Human Planet | |
| GEOG 530 | Transportation Geography | |
| GEOG 531 | GIS & Urban Demographic Analysis | |
| GEOG 535 | GIS and Retail Site Analysis | |
| GEOG 583 | Spatial and Non-Spatial Database Management | |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses for Geospatial Technologies** | | |
| Electives in Social Sciences, other than Geography, at the 300 level or above [1] | | 6 |

[1] Students may also count courses used to satisfy Cardinal Core requirements to meet the supporting course requirements. This may require additional electives to complete the minimum hours required for the degree.

## Track in Human and Cultural Dynamics

Academic Plan Code(s): GEOGBS_HCD

| Code | Title | Hours |
|---|---|---|
| **Human and Cultural Dynamics Foundation** | | |
| GEOG 320 | Geopolitics | 3 |
| GEOG 328 | Urban Geography | 3 |
| GEOG 331 | Population Geography | 3 |
| GEOG 340 | Environmental Conflict in the United States: Historical Foundations & Contemporary Problems - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| GEOG 350 | Introduction to Mapping and Geospatial Technologies | 3 |
| GEOG 360 | Qualitative Methods for Undergraduates | 3 |

| | | |
|---|---|---|
| GEOG 361 | Sustainable Human Environments - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Human and Cultural Dynamics Specialization** | | |
| Select three of the following: | | 9 |
| GEOG 308 | Understanding China: People, Environment and Development | |
| GEOG 316 | Geography of South Asia | |
| GEOG 324 | Race and Place | |
| GEOG 500 | Globalization Seminar | |
| GEOG 510 | Urbanism in the Global South: Cities and Space | |
| GEOG 521 | Medical Geography | |
| GEOG 524 | Food and Race | |
| GEOG 525 | Measuring Sustainability: Our Human Planet | |
| GEOG 540 | Geography and Human-Environment Interactions | |
| ENVS 360 | Global Environmental Change | |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses in Human and Cultural Dynamics** | | |
| Electives in Social Sciences, other than Geography, at the 300 level or above [1] | | 6 |

[1] Students may also count courses used to satisfy Cardinal Core requirements to meet the supporting course requirements. This may require additional electives to complete the minimum hours required for the degree.

## Track in Urban Analytics

Academic Plan Code(s): GEOGBS_URA

| Code | Title | Hours |
|---|---|---|
| **Urban Analytics Foundation** | | |
| GEOG 324 | Race and Place | 3 |
| GEOG 327 | Economic Geography | 3 |
| GEOG 328 | Urban Geography | 3 |
| GEOG 510 | Urbanism in the Global South: Cities and Space | 3 |
| GEOG 522 | GIS and Public Health | 3 |
| GEOG 531 | GIS & Urban Demographic Analysis | 3 |
| GEOG 559 | Advanced Geographic Information Systems | 3 |
| **Urban Analytics Specialization** | | |
| Select three of the following: | | 9 |
| GEOG 320 | Geopolitics | |
| GEOG 331 | Population Geography | |
| GEOG 340 | Environmental Conflict in the United States: Historical Foundations & Contemporary Problems - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| GEOG 355 | Introduction to Remote Sensing | |
| GEOG 360 | Qualitative Methods for Undergraduates | |
| GEOG 361 | Sustainable Human Environments - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| GEOG 529 | Geography of Urban Issues | |
| GEOG 530 | Transportation Geography | |
| GEOG 535 | GIS and Retail Site Analysis | |
| GEOG 545 | Unoccupied Aerial Systems and Geospatial Applications | |
| GEOG 556 | Advanced Remote Sensing | |
| GEOG 590 | Special Topics | |
| **Minimum Total Hours** | | **30** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses in Urban Analysis** | | |
| Electives in Social Sciences, other than Geography, at the 300 level or above [1] | | 6 |

[1] Students may also count courses used to satisfy Cardinal Core requirements to meet the supporting course requirements. This may require additional electives to complete the minimum hours required for the degree.

## Accelerated BS/MS Applied Geography Soaring Scholars Program

Prior to applying to the Accelerated BS/MS Applied Geography Soaring Scholars Program, students should identify up to 9 credit hours at the 500-600 level to complete during their Senior year to count as dual credit towards their current BS and planned MS Applied Geography degree. Students should consult with their academic advisor and the program department's Director of Graduate Studies (https://louisville.edu/geogeo/about/faculty/) when identifying these dual credit hours. However, enrollment in some or all of the following required foundation courses - GEOG 600, GEOG 656 and GEOG 660 - is strongly encouraged for the dual credit. This will increase flexibility of elective course enrollment later in the MS program and staying on track to graduate with the MS degree in 2-3 semesters instead of the usual 4.

# Flight Plan

## Track in Environmental Sciences

Academic Plan Code(s): GEOGBS ENV

| | **Hours** | **15** |
| | **Minimum Total Hours** | **122-124** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# General Studies (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Science in General Studies

Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Academic Plan Code(s): GENEBS_O, GENEBS

# Program Information

*This program can be completed* 100% online *(*https://louisville.edu/online/programs/bachelors/online-bachelor-of-science-in-general-studies/*).*

Students earning a BS in General Studies will develop broad knowledge and awareness as well as professional, interpersonal, and critical thinking skills to succeed in a diversified workforce or further academic pursuits. The General Studies curriculum encourages students to develop a deeper understanding of themselves and their role in addressing complex and ever-changing social issues. This degree serves continuing, transfer, and returning students with a pathway to complete their education online. It also offers students entering college a highly interdisciplinary degree program with a choice of five thematic tracks or a sixth option to earn two minors or certificates. Finally, the degree offers an accessible option for students at risk of leaving the university due to life circumstances that present barriers to more traditional majors. All tracks may be completed online, but a face-to-face degree option is also available.

**Degree Summary**

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 7 |
| Program/Major Requirements | | 83 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements* | | 31 |

* All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Electives in Natural and/or Social Sciences OR electives in Humanities (depending on the areas of focus) at 300 level or above | | 6 |
| WR Courses - two approved courses at the 300 level or above [1] | | |
| **Minimum Total Hours** | | **7** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **General Studies Core Courses** | | |
| GNST 303 | Introduction to General Studies | 3 |
| GNST 305 | Prior Learning Assessment | 0-3 |
| GNST 401 | General Studies Capstone - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Interdisciplinary Track Requirements: Courses must be taken across at least three listed disciplines. Related courses from other disciplines may be counted on a case-by-case basis. [2] | | 36 |
| Minimum electives | | 42-45 |
| **Minimum Total Hours** | | **83** |

[1] May be met by completing other required courses designated WR.
[2] At least 24 hours must be at the 300 level or higher. At least 12 hours must be taken in A&S.

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing the following: | | |
| GNST 401 | General Studies Capstone - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

## Interdisciplinary Tracks

Courses must be taken across at least three listed disciplines. Related courses from other disciplines may be approved on a case-by-case basis by the program director. Completion of a minimum of 36 credit hours is required for each track.

### Communication and Creative Expression

This track will allow you to explore the interconnectedness between communication and creative expression and their relevance to individuals and to modern society. Track disciplines include Art, Art History, Communication, English, Comparative Humanities, and Theatre Arts.

A selection of sample coursework is provided below to indicate the breadth of the track and the courses that may be offered in an online modality; however, a total of 36 credits in the track's focus area must be completed to meet the track requirements so additional courses may be needed to meet the track credit hour requirement.

| Code | Title | Hours |
|---|---|---|
| ART 200 | Studio Art and Visual Culture - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ARTH 203 | Introduction to Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ARTH 290 | Survey of Asian Art - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| COMM 201 | Introduction to Communication Studies - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| COMM 303 | Introduction to Communication Technologies | 3 |
| ENGL 202 | Introduction to Creative Writing - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 374 | Gender, Race, Sexuality in Children's Lit - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HUM 224 | Introduction to Film - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HUM 324 | Approaches to Film Interpretation | 3 |
| TA 207 | Enjoyment of Theatre - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

## Health and Human Studies

This track will allow to you to explore scientific, social, and environmental aspects of health and wellness. This track may be customized to prepare for professional healthcare programs (ex. Physician's Assistant, Physical Therapy, Speech Language Pathology); your advisor can offer guidance for a more personalized interdisciplinary pre-health degree. Track disciplines include Anthropology, Biology, Geographic and Environmental Sciences, Psychology, Sociology, and Women's, Gender, and Sexuality Studies.

A selection of sample coursework is provided below to indicate the breadth of the track and the courses that may be offered in an online modality; however, a total of 36 credits in the track's focus area must be completed to meet the track requirements so additional courses may be needed to meet the track credit hour requirement.

| Code | Title | Hours |
|---|---|---|
| BIOL 260 | Human Anatomy & Physiology I | 3 |
| BIOL 261 | Human Anatomy & Physiology II | 3 |
| GEOG 200 | Human Geography in a Changing World - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PSYC 306 | Life Span Developmental Psychology | 3 |
| PSYC 312 | Social Psychology | 3 |
| PSYC 342 | Drugs and Behavior | 3 |
| SOC 325 | Sociology of Human Sexuality | 3 |
| SOC 340 | Mental Health and Illness | 3 |
| WGST 312/ SOC 343 | Sociology of Women's Health | 3 |
| WGST/HSS 364 | Women's Health Issues - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

## Ethics, Justice, and Society

This track will allow you to explore the relationship between the ethical principles and values that govern our social institutions and the challenges and issues faced in creating a morally just society. Track disciplines include Criminal Justice, Pan-African Studies, Peace Studies, Philosophy, Political Science, Social Change, and Sociology.

A selection of sample coursework is provided below to indicate the breadth of the track and the courses that may be offered in an online modality; however, a total of 36 credits in the track's focus area must be completed to meet the track requirements so additional courses may be needed to meet the track credit hour requirement.

| Code | Title | Hours |
|---|---|---|
| CJ 200 | Introduction to Criminal Justice - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CJ 360 | Juvenile Justice | 3 |

## Global Studies

This track will allow you to explore global issues and perspectives and will prepare you to live and work in settings with diverse ethnic and cultural populations and to function more effectively as a member of an increasingly interconnected world. Track disciplines include Anthropology, Art History, Asian Studies, Classical and Modern Languages, History, Humanities, Jewish Studies, Middle Eastern and Islamic Studies, Latin American and Latino Studies, Linguistics, Pan-African Studies, and Political Science.

A selection of sample coursework is provided below to indicate the breadth of the track and the courses that may be offered in an online modality; however, a total of 36 credits in the track's focus area must be completed to meet the track requirements so additional courses may be needed to meet the track credit hour requirement.

| Code | Title | Hours |
|---|---|---|
| ANTH 203 | Archaeology of Human History - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| FREN 201 | Continuing French Language and Culture I | 4 |

## Dual Concentration

This track enables you to study two disciplines or areas of interest and to explore and prepare for further studies in these disciplines as well as in fields such as education, law, and social work. The Dual Concentration track can consist of two minors, two certificates, or the combination of a minor and a certificate. At least one minor or certificate must be housed in A&S.

Courses in the following minors and certificates are currently available online.

**College of Arts and Sciences**
Anthropology*
Communication
Criminal Justice
Diversity & Inequality
English Literature
Ethics**
Geospatial Technologies, Applied*
Humanities
Pan-African Studies**
Political Science
Psychology
Sociology
Women's, Gender, & Sexuality Studies

**College of Business**
Accounting**
Business Administration
Economics
Marketing (occasionally)
Real Estate Marketing

**College of Education & Human Development**
Climate, Equity, & Opportunity in the Workplace**
Healthcare Leadership**
Human Resource Leadership**
Leadership & Talent Development
Sports Administration

**School of Social Work**
Social Work

**Speed School of Engineering**
Computer Science

*Can be completed online w/ department approval of substitutions
**Certificates

# Flight Plan

NOTE: The nature of the BS in General Studies is specialized and unique to each student and therefore a flight plan is not available.

# History (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in History**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: History (http://louisville.edu/history/)
Academic Plan Code(s): See Track Requirements tab.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Program Information

The University of Louisville Department of History offers a comprehensive undergraduate program. Our course offerings include an extensive array of classes covering American, South American, European, African, South Asian, and Asian history. Courses are taught by an internationally recognized faculty. Students who choose to pursue a history major or minor receive extensive, one-on-one advising with the department's faculty.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 39 |
| Track Requirements | | 29 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Soaring Scholars (Accelerated BA/MA) Program

Undergraduate History majors who are thinking about pursuing a master's degree (MA) in History can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Soaring Scholars Program take three graduate-level courses (9 credit hours) in their final year of undergrad that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor and the department's Director of Graduate Studies (DGS) and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their Academic Advisor and the DGS to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholars Program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

Admission to the BA in History requires a minimum cumulative grade point average of 2.0 and a minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Soaring Scholar (Accelerated BA/MA) Program - Admission requirements

Interested students should apply for entry into the accelerated program in Spring of their Junior year (i.e. once they have completed 60-90 hours of undergraduate coursework, including at least 18 credit hours in History). Before applying, students should meet with their Academic Advisor and the History Department's Director of Graduate Studies to ensure they meet eligibility criteria.

Applicants to the Soaring Scholars Program in History should:

1. Have accrued 60-90 undergraduate credit hours.

2. Have accrued at least 18 undergraduate credit hours in History, ideally including HIST 304 Research Methods.

3. Have at least a 3.35 grade point average (GPA), both overall and in History.

4. Submit the following application materials:

- online application form
- personal statement (1000 words max)
- 1 letter of recommendation from a faculty member, plus the name of a second faculty member who is willing to serve as a reference
- writing sample (15 pages max)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| HIST 101 | History of Civilizations I - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HIST 102 | History of Civilizations II - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HIST 103 | The World Since 1900 - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| HIST 104 | American History I - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HIST 105 | American History II - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

Courses above satisfy the SBH, P1 and P2 requirements; students will need to complete an additional course designated SB or SBH to complete the Social & Behavioral Sciences Requirement.

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |

| HIST 504 | Research Seminar in the Americas - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HIST 505 | Research Seminar in World History - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **39** |

| Code | Title | Hours |
|---|---|---|
| **Track Requirements (see the Track Requirements tab)** [5] | | **29** |

At least 50 of the total minimum hours required must be at the 300 level or above.

Once a student has declared a History major, the student must enroll in HIST 304 as 3 of the next 12 History credit hours. A grade of C or better must be earned in HIST 304.

Six hours of required 500-level history courses must be completed with a grade of C or better.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing one of the following: | | |
| HIST 401 | Cooperative Internship in History - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| HIST 504 | Research Seminar in the Americas - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| HIST 505 | Research Seminar in World History - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

[1] Completion of the intermediate level of a single foreign language

[2] In addition to courses counted toward General Education; 6 hours must be at 300 level or above

[3] May be incorporated into other degree requirements

[4] Courses numbered HIST 310, HIST 410, HIST 498, HIST 499, HIST 501, HIST 502, HIST 503 and HIST 540 may at times also fulfill area requirements; consult History Department

[5] Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

# Tracks

## Track in Humanities

Academic Plan Code(s): HISTBA_HUM

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| HUM 590 | ST: Interdisciplinary Perspectives on the Humanities - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or HUM 595 | Principles of Cultural History - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Electives in the Division of Humanities at the 300 level or above [1] | | 15 |
| Minimum Electives | | 11 |

*Soaring Scholars Program: students admitted to the Soaring Scholars program will follow the standard undergraduate Flight Plan for years 1-3. In year 4, they will have the option of dual-counting HIST 504, 505, and/or certain electives taken at the 500-/600-level (up to 9 credit hours total).

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# History with 3+3 Track to Law (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in History with a 3+3 Track to Law**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: History (http://louisville.edu/history/)
Academic Plan Code(s): HISTBA_3+3

## Program Information

The College of Arts & Sciences and the Louis D. Brandeis School of Law have joined forces to create 3+3 Accelerated Law programs that allow eligible students in the College of Arts & Sciences to begin law school in their senior year of undergraduate study. Students substitute undergraduate major requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later. Students must have completed three years (6 semesters) of undergraduate course work, including transfer credit and credit earned in summers, prior to enrollment at Brandeis.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 39 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **122** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Admission to the BA in History requires a minimum cumulative grade point average of 2.0 and a minimum grade point average of 2.0 on courses in the major. A 3.5 GPA is recommended by the School of Law (see below).

The Application for Major form can be found on the Arts & Sciences Advising Center website (http://louisville.edu/artsandsciences/advising/apply/).

## Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (http://louisville.edu/law/admissions/). The office can also arrange for you to visit the law school and to sit in on a class.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| HIST 101 | History of Civilizations I - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HIST 102 | History of Civilizations II - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HIST 103 | The World Since 1900 - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| HIST 104 | American History I - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HIST 105 | American History II - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SBH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

Courses above satisfy the SBH, P1 and P2 requirements; students will need to complete an additional course designated SB or SBH to complete the Social & Behavioral Sciences Requirement.

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|

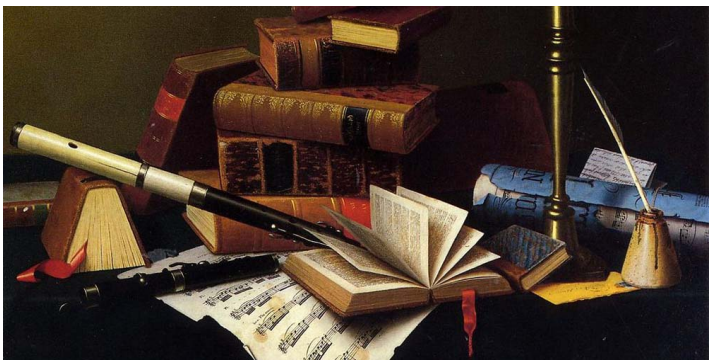
# Humanities (BA)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Humanities**

Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Interdisciplinary and Public Humanities (https://artsandsciences.louisville.edu/academics-programs/academic-departments/interdisciplinary-and-public-humanities/)
Academic Plan Code(s): See Track Requirements tab.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Program Information

The Department of Comparative Humanities explores the question, what does it mean to be human? Using many humanities disciplines such as literature, religion, Jewish Studies, film, philosophy, theatre, music, visual arts, and linguistics, our courses and our major invite students to explore the answers to this question from global, historical, and contemporary viewpoints.

Students are challenged to develop critical reading, writing, and thinking skills, but they are also challenged to apply what they have learned in creative and complex ways through project-based assignments that inspire them.

As a result, the degree provides flexible, transferable skills that prepare our graduates for the dynamic contemporary job market.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 18 |
| Supporting Courses | | 32 |
| Track Requirements | | 18 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA/MA in Humanities

Exceptional humanities majors have the opportunity to accelerate their education and complete both the BA and MA in five years. This 4+1 program is suitable for those students capable of undertaking graduate level work in their senior year.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/

soaring/) must first meet with their Academic Advisor and be accepted into the program.

A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Applicants are expected to have a strong academic record: normally a cumulative GPA of 3.35 or better is required.

Application and admissions processes are through the Soaring Scholar Program: https://graduate.louisville.edu/academics/programs/soaring (https://graduate.louisville.edu/academics/programs/soaring/)

Admission to a Soaring Scholar program does not guarantee admission into the Humanities master's program. Soaring Scholar students must apply to the associated graduate program in the last semester of their fourth year, before graduating with the bachelor's degree, to be considered for the Accelerated Master's graduate program. They must meet all the requirements for admission to the graduate program at the time of application to be admitted. Learn more about the graduate admissions process and admission requirements for the Humanities Master's program (https://louisville.edu/humanities/graduate/ma/application-instructions (https://louisville.edu/humanities/graduate/ma/application-instructions/))

## Departmental Admission Requirements

Admission to the BA in Humanities requires completion of 15 semester hours and a minimum cumulative grade point average of 2.0.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Accelerated BA/MA in Humanities

- Exceptional humanities majors have the opportunity to accelerate their education and complete both the BA and MA in five years. This 4+1 program is suitable for those students capable of undertaking graduate level work in their senior year. It offers the benefit of an MA degree, which can be particularly valuable for students planning a career in public service and the non-profit sector, as well as those who want to strengthen their skills and knowledge in preparation for PhD program applications.
- Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor and be accepted into the program.
- Applicants are expected to have a strong academic record: normally a cumulative GPA of 3.35 or better is required.
- A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester (fourth year), they are expected to apply for admission to their respective master's program.
- Application and admissions processes are through the Soaring Scholar Program. Admission to a Soaring Scholar program does not guarantee admission into the Humanities master's program. Soaring Scholar students must apply to the associated graduate program in the last semester of their fourth year, before graduating with the bachelor's degree, to be considered for the Accelerated Master's graduate program. They must meet all the requirements for admission to the graduate program at the time of application to be admitted. Learn more about the graduate admissions process and admission requirements for the Humanities Master's program (https://louisville.edu/humanities/graduate/ma/application-instructions (https://louisville.edu/humanities/graduate/ma/application-instructions/)).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 12 |
| Electives in Natural Sciences or Social Sciences [2,3,4] | | 9 |
| WR—two approved courses at the 300 level or above [5] | | |
| **Minimum Total Hours** | | **22** |

## Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| HUM 105 | Humanities in Global Cultures - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

At least 50 of the total minimum hours required must be at the 300 level or above.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| HUM 509 | Interdisciplinary Approaches: Arts and Humanities - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or HUM 510 | Methods and Theories in the Study of Religion - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the intermediate level of a single foreign language
2 In addition to courses counted toward General Education
3 3 hours must be at the 300 level or above
4 Additional 3 hours of college programmatic requirement is met in supporting courses.
5 May be incorporated into other degree requirements
6 Chosen in consultation with the Humanities Advisor
7 The same course cannot count for both the core program major requirement and the track requirement.
8 At least 15 elective hours must be earned at the 300 level or above.
9 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

# Track Requirements

## Track in Comparative Cultural Studies

Academic Plan Code(s): HUM_BA_CLT

| Code | Title | Hours |
|---|---|---|
| HUM 304 | Culture of the Modern Period | 3 |
| HUM 322 | Perspectives on 20th Century Literature | 3 |
| HUM 590 | ST: Interdisciplinary Perspectives on the Humanities - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| One 300-level HUM course in period or field of focus [2] | | 3 |
| One 500-level course in period or field of focus [3] | | 3 |
| One course in period or field of focus [2] | | 3 |
| **Minimum Total Hours** | | **18** |

1 Topic to be chosen in line with student interests.
2 To be chosen in consultation with an academic advisor.
3 To be chosen in consultation with an academic advisor. HUM 590 may be taken twice under different topics.

## Track in Film Studies

Academic Plan Code(s): HUM_BA_FST

| Code | Title | Hours |
|---|---|---|
| HUM 224 | Introduction to Film - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HUM 324 | Approaches to Film Interpretation | 3 |
| HUM 524 | Special Topics in Film Study | 3 |
| Select three courses from the following: | | 9 |
| FREN 328 | French Cinema | |
| HUM 325 | Survey of Film and Culture | |
| PAS 312 | African Americans in American Media | |
| PAS 341 | Black Film and Literature - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| POLS 552 | Politics through Film | |
| SPAN 554 | Hispanic Culture through Film and Media | |
| **Minimum Total Hours** | | **18** |

## Track in Linguistics

Academic Plan Code(s): HUM_BA_LIN

| Code | Title | Hours |
|---|---|---|
| LING 325 | Introduction to Linguistics | 3 |
| 15 credit hours of LING at 300-500-level | | 15 |
| **Minimum Total Hours** | | **18** |

## Track in Religious Studies

Academic Plan Code(s): HUM_BA_REL

| Code | Title | Hours |
|---|---|---|
| HUM 216 | Introduction to World Religions - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HUM 308 | Studies of Religion - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HUM 510 | Methods and Theories in the Study of Religion - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | 3 |
| Nine credit hours in Religious Studies at the 300-level or above [2] | | 9 |
| **Minimum Total Hours** | | **18** |

## Accelerated BA-MA in Humanities

During the senior year, students accepted into the accelerated option take three 500-level graduate courses (including HUM 590) which will count towards their MA. The graduate credits earned in the courses are doubly counted as undergraduate elective credits and MA credits. For each course the student will provide a form signed by the instructor certifying that the coursework done is at the graduate level. After the final year of the undergraduate program, when all undergraduate requirements are met, the student will be awarded a BA degree. Students in this option must complete each semester satisfactorily, with none of the undergraduate major courses below a grade of 3.0 and with a cumulative GPA of 3.0 for graduate coursework.

1 Students who take HUM 510 to satisfy their CUE requirement will need to take an additional Religious Studies elective to complete the track's requirements.

2 Electives in Religious Studies may be taken from the following courses: HUM 306, HUM 308, HUM 309, HUM 310, HUM 311, HUM 312, HUM 313, HUM 314, HUM 315, HUM 316, HUM 317, HUM 319, HUM 335, HUM 336, HUM 340, HUM 341, HUM 342, HUM 343, HUM 344, HUM 349, HUM 510, HUM 511, HUM 512, HUM 514, and HUM 516.

## Accelerated BA-MA in Humanities

Students accepted into the accelerated BA-MA in Humanities should meet with the Director of Graduate Studies to modify the year 4 flight plan to incorporate approved graduate courses (including HUM 590) that will count toward both the BA and MA degrees.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Individualized Major (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts Individualized Major**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Liberal Studies (http://louisville.edu/liberalstudies/)
Academic Plan Code(s): LBSTBA

# Program Information

The Individualized Major (formerly Liberal Studies) program offers eligible students an opportunity to design an individualized major, through a multi-disciplinary curriculum. Once the student has identified a goal or interest, the Liberal Studies Program advisor offers guidance in creating a personalized degree program.

Completion of this degree requires work to be submitted for the program's Learning Outcomes Measurement.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 13 |
| Program/Major Requirements | | 49-67 |
| Supporting Courses | | 10-28 |
| **Minimum Total Hours** | | **121** |

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Eligibility criteria and information regarding admission into the major may be found at louisville.edu/liberalstudies/prospective-majors/admission-to-liberal-studies (http://louisville.edu/liberalstudies/prospective-majors/admission-to-liberal-studies/).

Requirements include the completion of 45 credit hours and a minimum 2.00 cumulative grade point average on all college work. Proposals must be approved by the program director prior to admission into the major.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 12 |
| WR—two approved courses at the 300 level or above [2] | | |
| **Minimum Total Hours** | | **13** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Liberal Studies Program** | | |
| LBST 300 | Forms of Interdisciplinary Inquiry | 3 |
| ENGL 309 | Inquiries in Writing - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | 3 |
| LBST 401 | Senior Capstone Project - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| **Concentrations** [4] | | |
| First Concentration (approved A&S minor) | | 18-24 |
| Second Concentration [5] | | 12-18 |
| Third Concentration [6] | | 12-18 |
| **Minimum Total Hours** | | **49-67** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Minimum Electives | | 10-28 |

At least 50 of the total minimum hours required must be at the 300 level or above with at least six credit hours in each of two of the three Divisions of the College of Arts & Sciences.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| LBST 401 | Senior Capstone Project - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the intermediate level of a single foreign language
2 May be incorporated into other degree requirements
3 Fulfills one WR requirement
4 General Education courses may not be counted in the concentrations, except in cases where a General Education requirement course is a departmental requirement for completion of the minor.
5 Students identifying Middle Grades Education as their goal may substitute a state-approved "Teaching Field" for the department minor. If two teaching fields are selected, a third concentration is unnecessary. See program advisor for additional information.
6 Students pursuing an Individualized Major may include course credits from University of Louisville units outside the College of Arts and Sciences. These include the College of Business, College of Education and Human Development, J.B. Speed School of Engineering, Brandeis School of Law, School of Music, School of Nursing, School of Public Health and Information Sciences, and the Kent School of Social Work. No more than 30 hours earned outside the College of Arts and Sciences may be applied to the Individualized Major.

### Flight Plan

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |

# Industrial and Systems Engineering (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Industrial and Systems Engineering**
Unit: Speed School of Engineering (https://engineering.louisville.edu) (SS)
Department: Industrial and Systems Engineering (http://engineering.louisville.edu/industrial/)
Academic Plan Code(s): IE_ _BIE

## Program Information

The Bachelor of Science in Industrial and Systems Engineering degree program is accredited by the Engineering Accreditation Commission of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Industrial and Similarly Named Engineering Programs.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1] | | 35 |
| Program/Major Requirements | | 65 |

| | |
|---|---|
| Supporting Courses | 12 |
| Minimum Total Hours | 124 |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS Pathway

Industrial and Systems Engineering majors that are interested in pursuing an MS ISE or MEng EM (Online) can consider an Accelerated Pathway.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the Soaring Scholar program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the program.

A Soaring Scholar / Accelerated Pathway student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

For more information, see the "Accelerated Pathway" Tab.

## Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

## Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|

| **Industrial and Systems Engineering Core** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| **Minimum Total Hours** | | **65** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| CEE 205 | Mechanics I: Statics | 3 |
| ECE 252 | Introduction to Electrical Engineering | 3 |
| ME 251 | Thermodynamics I | 3 |
| ENGR 151 | Engineering Graphics Technology | 1 |
| ENGR 307 | Numerical Methods for Engineering | 2 |
| **Minimum Total Hours** | | **12** |

A student may accumulate no more than two D-minus, D, or D+ grades in ISE prefixed courses to graduate with a baccalaureate degree. For any additional D-minus, D, or D+ grades beyond two, the student must repeat the course to earn a better grade.

Candidates for the Bachelor of Science degree must be in good standing (university GPA ≥ 2.25) and must attain a GPA of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ISE 499 | ISE Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

2 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements.

3 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

# Flight Plan

**Year 1**

| Fall | | Hours |
|---|---|---|
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| | | |
|---|---|---|
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| ENGR 110 | Engineering Methods, Tools, and Practice I | 2 |
| General Education: Cardinal Core Arts & Humanities, Social & Behavioral Sciences, or Social & Behavioral Sciences Historical Persepective US Perspectives - AHP1, SBP1, or SBHP1 | | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGR 102 | Engineering Analysis II | 4 |
| ENGR 111 | Engineering Methods, Tools and Practice II | 2 |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| | **Hours** | **17** |
| **Summer** | | |
| ENGR 151 | Engineering Graphics Technology | 1 |
| ENGR 201 | Engineering Analysis III | 4 |
| CEE 205 | Mechanics I: Statics | 3 |
| COMM 111<br>or COMM 112 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>or Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **11** |
| **Year 2** | | |
| **Fall** | | |
| ENGR 205 | Differential Equations for Engineering | 2 |
| ISE 240 | Fundamentals of Industrial Engineering | 3 |
| ISE 250 | Decision Support Systems | 3 |
| ISE 288 | Industrial Engineering Cooperative Education Seminar | 0 |
| ISE 320 | Manufacturing Processes | 4 |
| ISE 380 | Work and Systems Design | 3 |
| General Education: Cardinal Core Arts & Humanities, Social & Behavioral Sciences, or Social & Behavioral Sciences Historical Persepective - AH, SB, or SBH | | 3 |
| | **Hours** | **18** |
| **Spring** | | |
| ISE 289 | Industrial Engineering Cooperative Education I | 1 |
| | **Hours** | **1** |
| **Summer** | | |
| ECE 252 | Introduction to Electrical Engineering | 3 |
| ME 251 | Thermodynamics I | 3 |
| ISE 360 | Probability and Statistics for Engineers | 3 |
| ISE 370 | Engineering Economic Analysis | 3 |
| | **Hours** | **12** |
| **Year 3** | | |
| **Fall** | | |
| ISE 389 | Industrial Engineering Cooperative Education II | 1 |
| | **Hours** | **1** |
| **Spring** | | |
| ISE 361 | Decision Support Systems | 3 |
| ISE 419 | Digital and Advanced Manufacturing Systems | 3 |
| ISE 445 | Systems Simulation | 3 |
| ISE 469 | Introduction to Human Factors Engineering and Ergonomics | 3 |
| ENGR 307 | Numerical Methods for Engineering | 2 |
| General Education: Cardinal Core Arts & Humanities, Social & Behavioral Sciences, or Social & Behavioral Sciences Historical Persepective - AH, SB, or SBH | | 3 |
| | **Hours** | **17** |
| **Summer** | | |
| ISE 489 | Industrial Engineering Cooperative Education III | 1 |
| | **Hours** | **1** |
| **Year 4** | | |
| **Fall** | | |
| ISE 421 | Facility Location and Layout | 3 |
| ISE 446 | Operations Research Methods | 3 |
| ISE 425 | Production and Inventory Systems | 3 |
| Industrial and Systems Engineering Elective (4xx/5xx) [1] | | 3 |
| ISE 485: Systems Engineering | | 3 |
| ISE 498: Capstone Design I | | 1 |
| | **Hours** | **16** |
| **Spring** | | |
| ISE 499 | ISE Capstone Design - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| ISE 464 | Experimental Design in Engineering | 3 |
| ISE 430 | Quality Control | 3 |
| Industrial and Systems Engineering Elective (4xx/5xx) [1] | | 3 |
| General Education: Cardinal Core Arts & Humanities, Social & Behavioral Sciences, or Social & Behavioral Sciences Historical Persepective - AH, SB, or SBH | | 3 |
| | **Hours** | **14** |
| | **Minimum Total Hours** | **124** |

[1] Courses outside of the Industrial and Systems Engineering Department may be used to meet the “Industrial and Systems Engineering Elective (4xx/5xx)” requirements upon approval of the Department.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

### Accelerated Program Participants

Students accepted into an Accelerated Pathway may substitute select Graduate-level courses for equivalent Undergraduate courses as discussed with their Graduate Program Advisor.

## Accelerated BS-MSISE and BS-MEEMO Pathways

Industrial and Systems Engineering majors that are interested in pursuing an MS ISE or MEng EM (Online) can consider an Accelerated Pathway. The Accelerated Pathway allows 12 credit hours of graduate coursework to be counted towards both degrees, speeding up the timeline for overall completion.

### Students may apply as early as Summer 2 of the BS ISE given they meet the following criteria:

- Completion of 60+ credit hours towards BS ISE degree
- Completion of 10+ credit hours in ISE coursework
- Current enrollment in, or previous completion of ISE 360
- GPA of 3.3 or above

Applications are available in the Department of Industrial and Systems Engineering, JB Speed Building Room 304, or online at engineering.louisville.edu/academics/departments/industrial (https://engineering.louisville.edu/academics/departments/industrial/). Students who are admitted to the Accelerated Pathway and wish to complete the MSISE or MEEMO degree, should formally submit an application for the Master's Program of their choosing, to the Graduate School in their final undergraduate semester of the BSISE degree.

### Program Requirements: BSMSISE

Sample course recommendations for the 12 graduate credit hours taken during the undergraduate BSISE program are provided in the table below for four focus areas within the MSISE program. Other courses may be selected with approval from the program advisor.

| Code | Title | Hours |
|---|---|---|
| *Focus Area: Research* | | *12* |
| ISE 664 | Experimental Design in Engineering | |
| ISE 646 | Operations Research Methods | |
| ISE 561 | Decision Support Systems | |
| ISE 645 | Systems Simulation | |
| *Focus Area: Advanced Manufacturing* | | *12* |
| ISE 664 | Experimental Design in Engineering | |
| ISE 600 | Additive Manufacturing Processes | |
| ISE 629 | Quality Control | |
| IE 5XX | Industry Automation | |
| *Focus Area: Supply Chain and Logistics* | | *12* |
| ISE 664 | Experimental Design in Engineering | |
| ISE 621 | Facility Location and Layout | |
| ISE 625 | Production and Inventory Systems | |
| ISE 646 | Operations Research Methods | |
| *Focus Area: Human Factors* | | *12* |
| ISE 664 | Experimental Design in Engineering | |
| ISE 669 | Introduction to Human Factors Engineering and Ergonomics | |
| ISE 671 | Advanced Topics in Human Factors Engineering | |
| ISE 675 | Usability Engineering | |

### Program Requirements: BSMEEMO

Students in the BSMEEMO accelerated pathway should plan to take the four courses (12 credit hours) for graduate credit listed below during the undergraduate BSISE program; two of these courses will replace BSISE program requirements, and two courses will count as BSISE program electives.

| Code | Title | Hours |
|---|---|---|
| ISE 664 | Experimental Design in Engineering [1] | 3 |
| ISE 629 | Quality Control [2] | 3 |
| ISE 525 | Project Management [3] | 3 |
| or EM 525 | Project Management | |
| EM 645 | Decision and Risk Analysis [3] | 3 |

[1] Replaces ISE 464 in the BSISE program requirements.
[2] Replaces ISE 430 in the BSISE program requirements.
[3] Counts as an elective in the BSISE program.

## Latin American and Latino Studies (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Latin American and Latino Studies**
Unit: College of Arts and Sciences (https://www.louisville.edu/artsandsciences/) (AS)
Program: Latin American and Latino Studies (http://louisville.edu/latinamericanstudies/)
Academic Plan Code(s): LALSBA

## Program Information

- Latin American and Latino Studies at the University of Louisville is an interdisciplinary program that explores the diverse cultures of Latin America and Latino communities in the United States, ultimately preparing students to become knowledgeable and engaged citizens in our global society.

Completion of this degree requires work to be submitted for the program's Learning Outcomes Measurement. For details, contact the LALS Director.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 36 |
| Supporting Courses | | 32 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Admission to the BA in Latin American and Latino Studies requires a minimum cumulative grade point average of 2.0 and a minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| LALS 310 | Introduction to Latin American Studies - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| LALS 311 | Introduction to U.S. Latino Studies - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Combined, LALS 310 and LALS 311 satisfy 3 hours of SB requirement as well as the P1 & P2 requirements. Certain approved electives (e.g. COMM 350 or TA 365) may also satisfy general education requirements. | | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [1] | | 12 |
| Electives in Humanities or Natural Sciences [2] | | 9 |
| WR—two approved courses at the 300 level or above [3] | | |
| **Minimum Total Hours** | | **22** |

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Program in Latin American and Latino Studies** | | |
| LALS 310 | Introduction to Latin American Studies - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| LALS 311 | Introduction to U.S. Latino Studies - P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| LALS 400 | Latin American and Latino Studies Internship - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| *Language Requirement* | | |
| Spanish or Portuguese at the 200 level, or demonstration of equivalent language proficiency | | 3 |
| *Humanities* | | |
| Select two of the following: | | 6 |
| ARTH 342 | Special Topics in Art History - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ARTH 365 | Mexican Art and Architecture | |
| ARTH 542 | Special Topics - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| LALS Electives at the 300 level or above [7] | 9 |
| **Minimum Total Hours** | **36** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Social Science Electives at the 300 level or above [8,9] | | 6 |
| Humanities Electives at the 300 level or above [8,9] | | 6 |
| Minimum Electives [10] | | 20 |
| **Minimum Total Hours** | | **32** |

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| LALS 400 | Latin American and Latino Studies Internship - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the intermediate level of a single foreign language.
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above.
3 May be incorporated into other degree requirements.
4 Fulfills WR requirement.
5 6 of the 9 hours must be at the 300 level or above.
6 Students also completing a second major in any of the areas listed below may use no more than 6 hours in that Department to fulfill this LALS requirement.
7 Select three courses from above not used to meet the Humanities or Social Science requirements.
8 Other than LALS courses, in addition to courses used to complete the College Programmatic Requirements.
9 Substitutions may be approved by the LALS Director. Consult the LALS Advisor about Special Topics Courses and Independent Studies that may fulfill requirements for the major. Special Topics Courses that may have LALS content are listed at the bottom of the page.
10 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

## Potential LALS-Content Special Topics Courses

| Code | Title | Hours |
|---|---|---|
| ANTH 562 | Special Topics in Cultural Anthropology | 3 |
| ARTH 342 | Special Topics in Art History - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ARTH 542 | Special Topics - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| COMM 510 | Special Topics in Communication Studies | 3 |
| HIST 310 | Studies in History | 3 |
| HIST 503 | Advanced Studies in History | 3 |
| HON 336 | Honors Seminar in Humanities - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HON 436 | Honors Seminar in Humanities - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HON 446 | Honors Seminar in Social Sciences - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| HUM 562 | Selected Topics | 3 |
| M L 551 | Special Topics | 3 |
| SPAN 313 | Special Topics in Spanish Culture, Literature and Linguistics | 3 |
| SPAN 499 | Special Topics in Spanish Culture, Literature and Linguistics | 3 |

| | | |
|---|---|---|
| SPAN 599 | Special Topics | 3 |
| TA 555 | Special Topics in Theatre | 1-3 |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

### Flight Planner

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Management (BSBA)

Photo by Helloquence on Unsplash

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Administration**
Unit: Business (BU) (https://www.louisville.edu/business/)
Department: Management (https://business.louisville.edu/academics-programs/undergraduate-programs/management/)
Academic Plan Code(s): MGMTBSB

## Program Information

The objective of the Management major program is to provide our students with a competitive advantage that makes them employable in a variety of careers - from being a manager in an existing organization, to running a family business, to starting their own business. They will develop the knowledge, skills and abilities to manage people, manage projects, work collaboratively with others, and to make & effectively communicate data-driven decisions.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| Six (6) hours of General Education requirements may be satisfied through coursework required by the degree program | | |
| College/School Requirements [1,2] | | 53 |
| Program/Major Requirements | | 33 |
| Supporting Courses [1] | | 0-6 |
| **Minimum Total Hours** | | **120** |

[1] To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements tab for specific coursework.

[2] College/School Requirements total of 53 hours includes 6 hours of required courses that also cover General Education requirements.

## Departmental Admission Requirements

### New Students and Transfer Students

Admission to the College of Business (p. 27) ensures admission to the BSBA in Management.

### Current Students - Admission in Good Standing

Students who are currently enrolled in the College of Business as a Bachelor of Science in Business Administration or Business Economics major are permitted to change to Bachelor of Science in Business Administration in Management major as long as they are in good academic standing.

Other students must have both:

1. Earned a 2.8 cumulative GPA (students with an established UofL GPA may not include grades for coursework at another institution in consideration for admission); and
2. Completion of MATH 111 College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (or equivalent) or completion of MATH 180 Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/)

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| MATH 180 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

## College/School Requirements

| Code | Title | Hours |

| ENTR 403 | Venture Planning and Management | |
| EQIN 301 | Organization and Administration of Equine Operations | |
| Business Electives (not Management) | | 9 |
| **Minimum Total Hours** | | **33** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| General Electives [6] | | 0-6 |

Transfer students must take a minimum of 12 credit hours in their major within the College of Business.

Six hours of US and global perspective courses are required and may be incorporated within the degree program.

All course prerequisites must be met.

1 College/School Requirements include six hours of the General Education (3 hours Quantitative Reasoning and 3 hours Social & Behavioral Sciences). A courses satisfying the General Education Oral Communication requirement (COMM 111, COMM 112 or HON 214) are required as prerequisite for BUS 301 but is not included in the required coursework.

2 If MATH 205 is taken, there will be 4 total hours of math, reducing the amount of elective credit required to complete the degree.

3 Completes Quantitative Reasoning General Education requirement.

4 Completes 3 hours of Social & Behavioral Sciences General Education requirement.

5 The following courses will also meet the statistics requirement: MATH 109, PSYC 301, SOC 301, ISE 360, MATH 360, PHST 302, POLS 390 or equivalent. Students entering College of Business as inter-unit transfers or transfers from another university having completed another statistics course may sit for an equivalency statistics examination to get credit for that course.

6 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

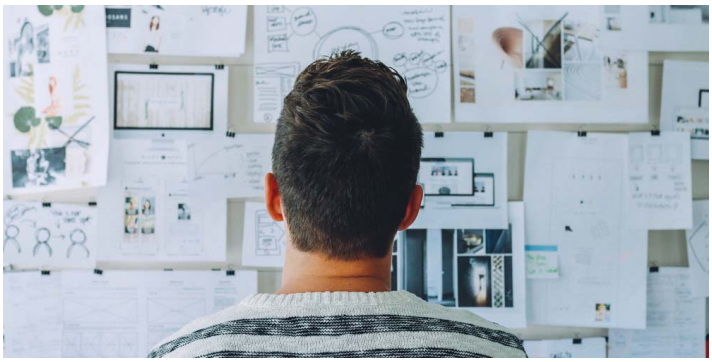
# Marketing, Bachelor of Science in Business Administration (BSBA)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Business Administration in Marketing**
Unit: Business (BU) (http://business.louisville.edu/)
Department: Marketing (http://business.louisville.edu/marketing/)
Academic Plan Code(s): MKT_BSB

## Program Information

The purpose of the Department of Marketing is to be an intellectual force that benefits our constituents in the local, regional, national, and global community through our creative and entrepreneurial teaching, research, and service activities. Our constituents include: students, employers, alumni, the university community, public and private sector organizations, and professional and academic marketing groups. The Undergraduate major in Marketing is specifically designed to prepare our students for the several career options available in Marketing and to enable them to succeed in the global marketplace.

## Degree Summary

[1] Counts as Business Elective (non-marketing).

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Mathematics (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Mathematics**

Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/) (AS)
Department: Mathematics (https://louisville.edu/math/)

Academic Plan Code(s): MATHBA

The Bachelor of Arts in Mathematics is designed for students wishing to obtain a broad yet substantial background in mathematics as well as general education. The Bachelor of Arts covers a wide variety of topics such as algebra, geometry, and probability. This breadth is particularly well-suited for students preparing for secondary certification in mathematics.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 36 |
| Supporting Courses | | 32 |
| **Minimum Total Hours** | | **121** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA-BS/MA Option in Mathematics

Mathematics majors who are considering pursuing a master's degree (MA) in Mathematics can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA-BS/MA take 9-12 credit hours (depending on the graduate option selected) as an undergraduate that apply toward both the ~~the~~ bachelor's degree and the ~~the~~ eventual master's degree.

Interested students must apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Applicants must have completed MATH 205, MATH 206, MATH 301, and MATH 325, or equivalent courses, prior to application. Applicants must have a minimum overall GPA of 3.5, and minimum GPA of 3.66 in mathematics courses.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

## Early Start Program (Jointly with the College of Education and Human Development)

The Master of Arts in Teaching program in conjunction with the undergraduate programs in Chemistry, Biology, and Mathematics offers a comprehensive and professionally-focused program leading to an additional degree of MAT Middle or Secondary Education. This early start program enables superior students to receive two degrees within five years. A total of 148 credits are required for the dual degrees: 121 credits of coursework devoted toward the baccalaureate degree and 36 credits toward the MAT, with nine hours double-counted. This program will be available for students who are entering their junior year. They may take graduate level courses in the College of Education and Human Development (CEHD) in their 4th year of study.

The current qualifications for the joint degree program have been agreed upon by discipline faculty from the Colleges of Arts and Sciences and Education and Human Development. The criteria vary by discipline. Students enrolling in the accelerated program will be non-thesis students and must adhere to all policies pertaining to Graduate Students. All interested students must submit an application to the College of Education and Human Development (CEHD) MAT program and meet the admission criteria.

# Departmental Admission Requirements

Admission to the BA in Mathematics requires the following:

- enrollment in a mathematics course beyond MATH 205;
- a minimum cumulative grade point average of 2.0; and
- a minimum grade point average of 2.0 on all courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Admission and Application to the Accelerated BA/MA in Mathematics

Students interested in applying to the Accelerated BA/MA in Mathematics should follow the application process outlined in the Soaring Scholars application checklist (URL here).

Students must apply for admission to the program no later than the end of the junior year and must have completed MATH 205, MATH 206, MATH 301 and MATH 325, or equivalent courses, prior to application.

Applicants must have a minimum overall GPA of 3.5, and minimum GPA of 3.66 in mathematics courses. In addition applicants must met the minimum requirements of the Soaring Scholars program listed in the application checklist (url here)

**Admission to a Soaring Scholar program does not guarantee admission into the associated master's degree program.** Soaring Scholar students must apply to the associated graduate program in their last semester, before graduating with the bachelor's degree, to be considered for the Accelerated Master's graduate program. They must meet all the requirements for admission to the graduate program at the time of application to be admitted. Learn more about the admission requirements for the MA in Mathematics at Mathematics (MA) | University of Louisville

Academic Catalogs (https://catalog.louisville.edu/graduate/programs-study/master-arts-mathematics/).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) * | | 31 |
| The following courses are required by the program and can satisfy the respective General Education Requirement: | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| One of the following: | | |
| PHYS 299 & PHYS 295 | Introductory Electricity, Magnetism and Light<br>Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 201 & CHEM 207 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/)<br>Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

*All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Sequence Four: select three courses from the following | | |
| CIS 310 | Database Design | |
| CIS 343 | Analytics Programming | |
| CIS 344 | Data Analytics | |
| CIS 445 | Machine Learning | |
| CIS 450 | Special Topics in Data Analytics | |
| Sequence Five: | | |

| | | |
|---|---|---|
| PHST 310 | Applied Statistical Regression Models | |
| PHST 421 | Statistical Computing in R | |
| PHST 520 | Statistical Computing and Data Management with SAS | |
| Elective in second science discipline | | 3 |
| Electives in Natural Sciences, other than Mathematics | | 5-8 |
| **Electives** | | |
| Minimum Electives [5] | | 14 |
| **Minimum Total Hours** | | **32** |

Mathematics courses at the 100 level do not count toward hours in the major.

At least 50 of the total minimum hours required must be at the 300 level or above.

A minimum of 9 hours in courses numbered 311 or higher must be successfully completed in the Department of Mathematics at the University of Louisville.

Students in the accelerated BA/MA program must register for 9 hours of courses numbered 500 or higher at the graduate level.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MATH 501 | Introduction to Analysis I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or MATH 521 | Modern Algebra I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Completion of the intermediate level of a single foreign language
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above
3 May be incorporated into other degree requirements
4 Fulfills General Education requirement.
5 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

| Supporting Courses | | 30-33 |
| **Minimum Total Hours** | | **121-122** |

[1] Some courses required in this degree program satisfy multiple requirements. **To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.** Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS/MA Option in Mathematics

Mathematics majors who are considering pursuing a master's degree (MA) in Mathematics can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BS/MA take 9-12 credit hours (depending on the graduate option selected) as an undergraduate that apply toward both the ~~the~~ bachelor's degree and the ~~the~~ eventual master's degree.

Interested students must apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Applicants must have completed MATH 205, MATH 206, MATH 301, and MATH 325, or equivalent courses, prior to application. Applicants must have a minimum overall GPA of 3.5, and minimum GPA of 3.66 in mathematics courses.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

## Early Start Program (Jointly with the College of Education and Human Development)

The Master of Arts in Teaching program in conjunction with the undergraduate programs in Chemistry, Biology, and Mathematics offers a comprehensive and professionally-focused program leading to an additional degree of MAT Middle or Secondary Education. This early start program enables superior students to receive two degrees within five years. A total of 149-152 credits are required for the dual degrees: 122-125 credits of coursework devoted toward the baccalaureate degree and 36 credits toward the MAT, with nine hours double-counted. This program will be available for students who are entering their junior year. They may take graduate level courses in the College of Education and Human Development (CEHD) in their 4th year of study.

The current qualifications for the joint degree program have been agreed upon by discipline faculty from the Colleges of Arts and Sciences and Education and Human Development. The criteria vary by discipline. Students enrolling in the accelerated program will be non-thesis students and must adhere to all policies pertaining to Graduate Students. All interested students must submit an application to the College of Education and Human Development (CEHD) MAT program and meet the admission criteria.

**Departmental Admission Requirements**

Admission to the BS in Mathematics requires enrollment in a mathematics course beyond MATH 205; a minimum cumulative grade point average of 2.0; and a minimum grade point average of 2.0 on all courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

**Admission and Application to the Accelerated BS/MA Option in Mathematics**

Students interested in applying to the Accelerated BS/MA in Mathematics should follow the application process outlined in the Soaring Scholars application checklist (URL here).

Students must apply for admission to the program no later than the end of the junior year and must have completed MATH 205, MATH 206, MATH 301, and MATH 325, or equivalent courses, prior to application.

Applicants must have a minimum overall GPA of 3.5, and minimum GPA of 3.66 in mathematics courses. In addition applicants must meet the minimum requirements of the Soaring Scholars program listed in the application checklist (url here)

**Admission to a Soaring Scholar program does not guarantee admission into the associated master's degree program**. Soaring Scholar students must apply to the associated graduate program in their last semester, before graduating with the bachelor's degree, to be considered for the Accelerated Master's graduate program. They must meet all the requirements for admission to the graduate program at the time of application to be admitted. Learn more about the admission requirements for the MA in Mathematics at Mathematics (MA) | University of Louisville Academic Catalogs (https://catalog.louisville.edu/graduate/programs-study/master-arts-mathematics/)

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours

from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

## College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Arts & Sciences Requirements** | | |
| GEN 100 | Student Success Center First Year Experience | 1 |
| or GEN 101 | Arts & Sciences First Year Experience | |
| Foreign Language [2] | | 6-8 |
| Electives in Humanities or Social Sciences, at the 300 level or above [3] | | 6 |
| WR—two approved courses at the 300 level or above [4] | | |
| **Minimum Total Hours** | | **13-15** |

## Program/Major Requirements

Course requirements for the track in Actuarial Science can be found on the Track Requirements tab.

| Code | Title | Hours |
|---|---|---|
| **Mathematics Department** [5,6] | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [7] | 4 |
| MATH 206 | Calculus II | 4 |
| MATH 301 | Calculus III | 4 |
| MATH 311 | Introduction to Higher Math | 3 |
| MATH 325 | Introduction to Linear Algebra | 3 |
| MATH 387 | Discrete Mathematics | 3 |
| MATH 405 | Differential Equations | 3 |
| MATH 501 | Introduction to Analysis I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 502 | Introduction to Analysis II | 3 |
| MATH 521 | Modern Algebra I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 522 | Modern Algebra II | 3 |
| MATH 561 | Probability | 3 |
| Select four courses from the following: | | 12 |
| MATH 360 | Statistical Data Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MATH 407 | Numerical Analysis | |
| MATH 505 | Introduction to Partial Differential Equations | |
| MATH 507 | Fourier Analysis | |
| MATH 511 | Complex Analysis I | |
| MATH 512 | Complex Analysis II | |
| MATH 535 | Modeling I | |
| MATH 536 | Modeling II | |
| MATH 550 | Advanced Euclidean Geometry | |
| MATH 551 | Geometry | |
| MATH 562 | Mathematical Statistics | |
| MATH 581 | Introduction to Graph Theory | |
| **Minimum Total Hours** | | **51** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Select one of the following sequences: [7] | | 8-10 |
| Sequence One: | | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 299 | Introductory Electricity, Magnetism and Light | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 296 | Introductory Laboratories II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Sequence Two: | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 209 | Introduction to Chemical Analysis III | |
| Sequence Three: | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Sequence Four: select three courses from the following | | |
| CIS 310 | Database Design | |
| CIS 343 | Analytics Programming | |
| CIS 344 | Data Analytics | |
| CIS 445 | Machine Learning | |
| CIS 450 | Special Topics in Data Analytics | |
| Sequence Five: | | |
| PHST 310 | Applied Statistical Regression Models | |
| PHST 421 | Statistical Computing in R | |
| PHST 520 | Statistical Computing and Data Management with SAS | |
| Elective in second science discipline not used to meet hte supporting course sequence requirement [7] | | 3 |
| CSE 130 | Introduction to C and C++ Programming Languages | 3 |
| Elective in Natural Sciences (other than Mathematics) [7, 9] | | 3 |

| | |
|---|---|
| Minimum Electives [10] | 5-9 |
| **Minimum Total Hours** | **24-26** |

Mathematics courses at the 100 level do not count toward hours in the major.

At least 50 of the total minimum hours required must be at the 300 level or above.

A minimum of 9 hours in courses numbered 311 or higher must be successfully completed in the Department of Mathematics at the University of Louisville.

Students in the Accelerated BS/MA program must register for 9 hours of courses numbered 500 or higher at the graduate level.

**Program/Major requirements and Supporting Courses for Track in Actuarial Science are articulated on the Track Requirements tab.**

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MATH 501 | Introduction to Analysis I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or MATH 521 | Modern Algebra I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Ten (10) hours of General Education requirements (Quantitative Reasoning and Natural Sciences) are met with requirements in the major or supporting coursework.
2 Completion of the second semester of a single foreign language; hours will vary depending on the language taken
3 In addition to courses counted toward General Education
4 May be incorporated into other degree requirements
5 Mathematics courses at the 100 level do not count toward hours in the major.
6 A minimum of 12 hours in courses numbered 311 or higher must be successfully completed in the Department of Mathematics at the University of Louisville.
7 Fulfills General Education requirement.
8 Or another computer related course chosen in consultation with the departmental advisor
9 Or a second computer related course chosen in consultation with departmental advisor
10 Elective hours are dependent on completion of at least 10 hours of General Education requirements through requirements in the major, track and/or supporting coursework

# Track Requirements

## Track in Actuarial Science

| Code | Title | Hours |
|---|---|---|
| **Mathematics Department** [1,2] | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [3] | 4 |
| MATH 206 | Calculus II | 4 |
| MATH 301 | Calculus III | 4 |
| MATH 311 | Introduction to Higher Math | 3 |
| MATH 325 | Introduction to Linear Algebra | 3 |
| MATH 360 | Statistical Data Analysis - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 372 | Theory of Interest | 3 |
| MATH 387 | Discrete Mathematics | 3 |
| MATH 405 | Differential Equations | 3 |
| MATH 501 | Introduction to Analysis I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 561 | Probability | 3 |
| MATH 562 | Mathematical Statistics | 3 |
| MATH 570 | Foundations of Actuarial Science | 3 |
| MATH 521 | Modern Algebra I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or MATH 573 | Actuarial Models I | |
| **Minimum Total Hours** | | **45** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| Select one of the following sequences: [3] | | 4-5 |
| Sequence One: | | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Sequence Two: | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Sequence Three: | | |
| BIOL 102 | Biology: Current Issues and Applications - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| BIOL 104 | Laboratory for Biology: Current Issues and Applications - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Elective in second science discipline [3] | | 3 |
| ECON 201 | Principles of Microeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ECON 202 | Principles of Macroeconomics - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CIS 305 | Data Analysis for Decision-Making | 3 |
| FIN 301 | Corporate Finance [4] | 3 |
| FIN 401 | Investments [4] | 3 |
| FIN 403 | Financial Derivatives [4] | 3 |
| FIN 433 | Financial Markets and Institutions [4, 5] | 3 |

| | |
|---|---|
| Minimum Electives | 2-4 |
| **Minimum Total Hours** | **30-33** |

Mathematics courses at the 100 level do not count toward hours in the major.

At least 50 of the total minimum hours required must be at the 300 level or above.

A minimum of 9 hours in courses numbered 311 or higher must be successfully completed in the Department of Mathematics at the University of Louisville.

Students in the Accelerated BS/MA program must register for 9 hours of courses numbered 500 or higher at the graduate level.

1 Mathematics courses at the 100 level do not count toward hours in the major.
2 A minimum of 12 hours in courses numbered 311 or higher must be successfully completed in the Department of Mathematics at the University of Louisville.
3 Fulfills General Education requirement
4 Students need to contact the College of Business for permission to enroll in these courses.
5 FIN 433 can be used as an elective in Humanities or Social Sciences at the 300+ level.

# Flight Plan

## Mathematics

**Year 1**

| **Fall** | | **Hours** |
|---|---|---|
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| General Elective | | 3 |
| | **Hours** | **14** |
| **Spring** | | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts & Humanities - AH | | 3 |
| Foreign Language [1] | | 3-4 |
| MATH 206 | Calculus II | 4 |
| MATH 311 | Introduction to Higher Math | 3 |
| | **Hours** | **16-17** |

**Year 2**

| **Fall** | | |
|---|---|---|
| General Education: Cardinal Core Arts & Humanities Global Perspectives - AHP2 | | 3 |
| General Elective | | 3 |
| Foreign Language [2] | | 3-4 |
| MATH 301 | Calculus III | 4 |
| MATH 325 | Introduction to Linear Algebra | 3 |
| | **Hours** | **16-17** |
| **Spring** | | |
| General Education: Cardinal Core Social & Behavioral Sciences US Perspectives - SBP1 | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective - SBH | | 3 |
| Humanities or Social Science WR Elective (300 level or above) | | 3 |
| Math Elective | | 3 |
| MATH 405 | Differential Equations | 3 |
| | **Hours** | **15** |

**Year 3**

| **Fall** | | |
|---|---|---|
| Humanities or Social Science WR Elective (300 level or above) | | 3 |
| MATH 387 | Discrete Mathematics | 3 |
| MATH 501 or MATH 521 | Introduction to Analysis I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or Modern Algebra I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 561 | Probability | 3 |
| First portion of chosen supporting course sequence | | 3-6 |
| | **Hours** | **15-18** |
| **Spring** | | |
| Second portion of chosen supporting sequence (may also fulfills portion of Gen Ed Natural Science requirement - S/SL/B) | | 3-6 |
| Natural Science Elective (not from chosen sequence) (also fulfills portion of Gen Ed Natural Science requirement - S) | | 3 |
| Math Elective | | 3 |
| MATH 502 or MATH 522 | Introduction to Analysis II or Modern Algebra II | 3 |
| CSE 130 | Introduction to C and C++ Programming Languages | 3 |
| | **Hours** | **15-18** |

**Year 4**

| **Fall** | | |
|---|---|---|
| MATH 521 or MATH 501 | Modern Algebra I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or Introduction to Analysis I - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Math Elective | | 3 |
| General Elective | | 3 |
| General Elective (300 level or above) | | 3 |
| Natural Science Elective (non-Math) or second computer-related course | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| MATH 522 or MATH 502 | Modern Algebra II or Introduction to Analysis II | 3 |
| Math Elective | | 3 |
| General Elective | | 3 |
| General Elective | | 3 |
| General Elective (if needed) | | 3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **121-129** |

## Mathematics, track in Actuarial Science

**Year 1**

| **Fall** | | **Hours** |
|---|---|---|
| GEN 100 or GEN 101 | Student Success Center First Year Experience or Arts & Sciences First Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| | **Hours** | **15** |
| | **Minimum Total Hours** | **121-122** |

Students in the Accelerated BS/MA program will follow the same flight plan, although 9 hours of courses numbered 500 or above must be at the graduate level.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

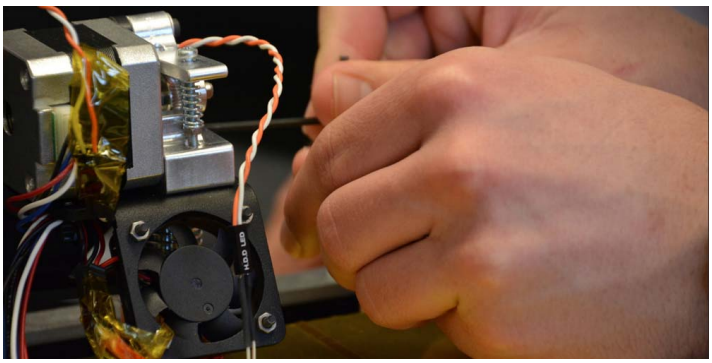
**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Mechanical Engineering (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Mechanical Engineering**
Unit: Speed School of Engineering (https://engineering.louisville.edu) (SS)
Department: Mechanical Engineering (http://engineering.louisville.edu/mechanical/)
Academic Plan Code(s): ME_ _BMC

# Program Information

The Bachelor of Science in Mechanical Engineering degree program is accredited by the Engineering Accreditation Commission (EAC) of ABET, https://www.abet.org (https://www.abet.org/), under the Commission's General Criteria and the Program Criteria for Mechanical and Similarly Named Engineering Programs.

Students who graduate from ABET-accredited programs are authorized to sit for the Fundamentals of Engineering (FE) exam, and are encouraged to do so. Completion of the FE Exam is not required for any of the Engineering School's degree programs. The FE Exam is a multiple-choice test, administered by the National Council of Examiners for Engineering and Surveying (NCEES). Passing the FE exam is the first step to becoming licensed as a Professional Engineer. Engineers who have successfully passed the FE exam are considered "Engineers in Training (EIT)". Once an EIT has accumulated four years of acceptable work experience in their field of engineering, they are then able to sit for the Principles and Practice of Engineering (PE) exam, in order to become a professionally licensed engineer. The PE exams go beyond testing academic knowledge and require knowledge gained in engineering practice. The requirement to accumulate work experience before taking a PE exam means that the program is not designed to prepare students for immediate licensure.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| | (19 hours of General Education requirements may be satisfied through coursework required by the degree program) | |
| College/School Requirements [1] | | 35 |
| Program/Major Requirements | | 56 |
| Supporting Courses | | 22 |
| **Minimum Total Hours** | | **125** |

[1] Some courses required in this degree program satisfy multiple requirements. To complete the degree **in the minimum number of hours listed**, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree Requirements and/or Track tabs for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Incoming Student Admission Criteria

High School Curriculum Requirements: All schools require graduation from an accredited high school and completion of the Kentucky Pre-College Curriculum requirements. In addition, Speed School requires successful completion of the following courses in high school:

- Calculus or pre-calculus
- Chemistry

**Students with ACT / SAT Scores**

- ACT composite and math scores of 25 OR SAT combined CR+M score of 1200 and math score of 590. A 3.0 GPA on a 4.0 scale

OR

- ACT composite and math scores of 24 OR SAT combined CR+M score of 1160 and math score of 570. A 3.5 GPA on a 4.0 scale

**Students without ACT / SAT Scores**

- HS GPA of 3.0 (or better) on a 4.0 scale
- Comprehensive transcript evaluation
- Review of Student Resume

# Transferring to Engineering BS degree programs

Students with 24 hours or more transferable semester hours will have a minimum college grade point average of 2.8 and at least B-minus grades in each of the following courses: ENGR 181 (or equivalent) and Intro to Chemistry (CHEM 101 or equivalent).

It is recommended students successfully complete Physics I (PHYS 298 or equivalent) before transferring to the J.B. Speed School of Engineering.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and satisfy the respective General Education Requirement(s): | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| | | |
|---|---|---|
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| ENGR 101 | Engineering Analysis I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

All degrees require the completion of the University-wide General Education Program (link provided above). To complete the degree in the **minimum number of hours** listed on the Overview tab, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Speed School Core** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 1 |
| COMM 111 | Introduction to Public Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| or COMM 112 | Business and Professional Speaking - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| **Minimum Total Hours** | | **56** |

| Code | Title | Hours |
|---|---|---|
| **Supporting Courses** | | |
| CSE 120 | Introduction to Programming with Python | 3 |
| CEE 205 | Mechanics I: Statics | 3 |
| CHE 253 | Materials Science | 3 |
| ECE 252 | Introduction to Electrical Engineering | 3 |
| ISE 370 | Engineering Economic Analysis | 3 |
| PHYS 299 | Introductory Electricity, Magnetism and Light | 4 |
| ENGR 151 | Engineering Graphics Technology | 1 |
| ENGR 307 | Numerical Methods for Engineering | 2 |
| **Minimum Total Hours** | | **22** |

A student is allowed to accumulate no more than two D+ or lower grades in ME prefixed courses (including ME approved elective courses) to graduate with a baccalaureate degree.

If a student accumulates a third D+ or lower grade, in an ME prefixed course, the student is required to repeat at least one of those courses until a C- or better grade is earned.

Students are allowed to pursue the MEng degree with one grade of D-, D, or D+ in an ME prefixed course. Students who accumulated more than one such grade in an ME prefixed course are required to repeat those courses until all but one of those courses have grades of C- or better.

Candidates for the Bachelor of Science degree must be in good standing (GPA ≥ 2.25) and must attain a GPA of at least 2.25 for all courses used to satisfy degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| ME 497 | Mechanical Engineering Capstone Design Project - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 To complete the degree in the minimum number of hours listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program.

2 This course is a General Education requirement for the program; see louisville.edu/provost/ger/ (http://www.louisville.edu/provost/ger/) for the listing, by academic year, of AH/P1/P2/SB/SBH Electives which satisfy the University-wide General Education requirements.

3 Students completing ENGL 105 in lieu of ENGL 101 or ENGL 102 satisfy the General Education and Engineering Fundamentals requirements for Written Communication. However, an additional 3-hr Writing (WR) course or honors Written Communication (WC) course may be needed to satisfy program credit hour requirements.

## Flight Plan

| | **Minimum Total Hours** | **125** |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

Click here to run a Degree Audit report, create a What-if report, or run a Flight Planner report. (https://ulink.louisville.edu)

# Middle/Secondary (High School) Education (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Middle and Secondary Education**

Unit: College of Education and Human Development (http://louisville.edu/education/) (ED)
Department: Elementary, Middle and Secondary Teacher Education (http://louisville.edu/education/departments/mise/) (EMSTEd)
Academic Plan Code(s): See Track Requirements tab.

## Program Information

The Department of Elementary, Middle and Secondary Teacher Education, in partnership with area schools, prepares teachers to be exemplary professional practitioners and scholars who are strong in their content knowledge as well as in effective research-informed teaching strategies. It is through the preparation of the strongest teachers that we seek to continually improve the quality of life for all in our community.

The Department of Elementary, Middle and Secondary Teacher Education (EMSTEd) offers a wide variety of programs and degrees for those interested in becoming a teacher (initial certification). Middle School certification prepares teachers for grades 5 - 9. Secondary (high school) certification prepares teachers for grades 8 - 12.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements [1] | | 7 |
| Program/Major Requirements | | 20 |
| Track Requirements [1,2] | | 65-77 |
| **Minimum Total Hours** | | **120** |

[1] Some courses required in this degree program may satisfy multiple requirements. To complete the degree in the **minimum number of hours** listed, some hours from the General Education Requirements must be satisfied by courses defined by the unit and/or program. Using other courses to satisfy General Education requirements will require additional hours to complete the degree requirements. See the Degree and Track Requirements tabs for specific coursework.
[2] Tracks that requires dual certification require additional coursework and may exceed 120 total hours to graduate.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission requirements for this program include the following:

- Minimum of 45 credit hours (can include hours in-progress during the semester applying)
- Minimum 2.75 or higher overall GPA, or a 3.0 in last 30 hours
- Minimum 3.0 or higher overall GPA in EDTP 107 and EDTP 201
- Minimum test scores as required by the Education Professional Standards Board
- Grade of C or better in ENGL 102 (or equivalent)
- Grade of C or better in Oral Communication course
- Other requirements as outlined in Application.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| The following course is required by all tracks in the degree program and satisfies the respective General Education Requirement(s): | | |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Please see the Track Requirements to determine additional courses that will satisfy both a major and General Education requirement. These courses should be taken to fulfill the respective General Education Requirement. | | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# College/School Requirements

| Code | Title | Hours |
|---|---|---|
| **Pre-Professional Courses** | | |
| EDTP 101 | First-Year Experience [1] | 1 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [2] | 3 |
| EDTP 107 | Human Development and Learning | 3 |
| **Minimum Total Hours** | | **7** |

## Mid-Point Assessment Prior to Student Teaching

Completion of each methods course with a "C" or better; Completion of required core and methods courses; Electronic documentation of 200 hours of diverse and approved field experiences; satisfactory dispositions assessment; satisfactory performance on all Hallmark Assessment Tasks; Target performance or better on all rubrics.

# Program/Major Requirements

| Code | Title | Hours |
|---|---|---|
| **Core Professional Courses** [3] | | |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 355 | Assessment and Research | 3 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| **Minimum Total Hours** | | **20** |

| Code | Title | Hours |
|---|---|---|
| Track Requirements (see Track requirements tab) | | 65-77 |

## Degree Assessment

2.0 or higher GPA in Student Teaching; Overall 2.50 GPA in content area; 3.0 GPA in Professional Core; Satisfactory performance on all Hallmark Assessment Tasks; Target performance or better on all rubrics.

## Certification Assessment

Satisfactory dispositions assessment; passing scores on PRAXIS content and PLT exams; completion of degree requirements.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

[1] Not required for transfer students with 24 credit hours or more. Students who successfully complete a first year experience course through another college may waive this requirement.
[2] Completes 3 hrs of General Education Social & Behavioral requirement
[3] Must be admitted to professional teacher education program before enrolling in core professional courses.

| **Minimum Total Hours** | | **72** |

*Jump to footnotes table.*

1 Students extending to Middle Grades certification should take EDTP 341 instead of EDTP 301, and EDTP 418 instead of EDTP 419.
2 Choose from Biology, Geosciences, Mathematics, Physics, or Chemistry as approved by advisor.
3 At least nine credit hours must be earned at the 300 level or above. Courses must be approved by advisor.
4 Courses must be approved by advisor

**Flight Plan**

## Track in Biology (Grades 8-12)

**Year 1**

| | | |
|---|---|---|
| **Fall** | | **Hours** |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| EDTP 101 | First-Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: | Cardinal Core Oral Communication - OC | 3 |
| General Elective (MATH 111 or 190, if needed) | | 3-4 |
| | **Hours** | **14** |
| **Spring** | | |
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 180 or MATH 205 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3-4 |
| General Education: | Cardinal Core Arts & Humanities US Perspectives - AHP1 | 3 |
| | **Hours** | **16** |

**Year 2**

| | | |
|---|---|---|
| **Fall** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| EDTP 107 | Human Development and Learning | 3 |
| ENVS 200 | The Global Environment - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Elective | | 3 |
| General Elective | | 2 |
| | **Hours** | **16** |
| **Spring** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 111 | Elements of Physics - B (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| General Education: | Cardinal Core Arts & Humanities Global Perspectives - AHP2 | 3 |
| General Education: Perspective - SBH | Cardinal Core Social & Behavioral Sciences Historical | 3 |
| General Elective | | 3 |
| | **Hours** | **16** |

**Year 3**

| | | |
|---|---|---|
| **Fall** | | |
| EDTP 301 | General Methods | 3 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| BIOL 329 | Cellular and Molecular Biology | 3 |
| BIOL 363 | Principles of Ecology | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| EDTP 424 | High School Science Methods | 3 |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| BIOL 330 | Genetics and Molecular Biology | 3 |
| BIOL 331 | Genetics and Molecular Biology: Laboratory | 2 |
| BIOL 409 | Evolutionary Biology - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **15** |

**Year 4**

| | | |
|---|---|---|
| **Fall** | | |
| EDTP 419 | Student Teaching: High School | 9 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **12** |
| **Spring** | | |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 355 | Assessment and Research | 3 |
| ENVS 365 | Biogeography | 3 |
| Biology Elective (300 level) | | 3 |
| Supporting Course | | 3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **120** |

## Track in Chemistry (Grades 8-12)

**Year 1**

| | | |
|---|---|---|
| **Fall** | | **Hours** |
| EDTP 101 | First-Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: | Cardinal Core Arts & Humanities US Perspectives - AHP1 | 3 |
| General Education: | Cardinal Core Oral Communication - OC | 3 |
| General Elective (MATH 190, if needed) | | 4 |
| | **Hours** | **14** |
| **Spring** | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 4 |
| | **Hours** | **15** |

| | | |
|---|---|---|
| **Year 2** | | |
| **Fall** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| CHEM 210 | Introduction to Chemical Analysis IV | 1 |
| EDTP 107 | Human Development and Learning | 3 |
| MATH 206 | Calculus II | 4 |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 223 | Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| | **Hours** | **16** |
| **Spring** | | |
| CHEM 341 | Organic Chemistry I | 3 |
| CHEM 343 | Organic Chemistry Laboratory I | 2 |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts & Humanities Global Perspectives - AHP2 | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective - SBH | | 3 |
| General Elective | | 3 |
| | **Hours** | **17** |
| **Year 3** | | |
| **Fall** | | |
| EDTP 301 | General Methods | 3 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| CHEM 441 | Elements of Physical Chemistry | 3 |
| General Elective | | 1 |
| | **Hours** | **14** |
| **Spring** | | |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| EDTP 424 | High School Science Methods | 3 |
| CHEM 342 | Organic Chemistry II | 3 |
| CHEM 344 | Organic Chemistry Laboratory II | 2 |
| CHEM 470 | Physical Chemistry Laboratory - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 2 |
| | **Hours** | **14** |
| **Year 4** | | |
| **Fall** | | |
| EDTP 419 | Student Teaching: High School | 9 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 527 | Spectroscopic Identification of Organic Compounds - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 355 | Assessment and Research | 3 |
| CHEM 445 or CHEM 515 | Survey of Biochemistry or Inorganic Chemistry | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **120** |

## Track in Earth and Space Science (Grades 8-12)

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| EDTP 101 | First-Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 180 or MATH 111 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or College Algebra - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts & Humanities US Perspectives - AHP1 | | 3 |
| General Elective (BIOL 102, if needed) | | 3 |
| | **Hours** | **13** |
| **Spring** | | |
| BIOL 240 | Unity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 241 | Experimental Biology I: Molecules and Cells - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective - SBH | | 3 |
| ENVS 200 | The Global Environment - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **16** |
| **Year 2** | | |
| **Fall** | | |
| BIOL 242 | Diversity of Life - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| BIOL 243 | Experimental Biology II: Organismal Biology - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 207 | Introduction to Chemical Analysis I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| CHEM 208 | Introduction to Chemical Analysis II - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| EDTP 107 | Human Development and Learning | 3 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| CHEM 202 | General Chemistry II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| CHEM 209 | Introduction to Chemical Analysis III | 1 |
| PHYS 220 or ENVS 220 | Introduction to Weather and Climate - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or Introduction to Weather and Climate - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts & Humanities Global Perspectives - AHP2 | | 3 |

| | | |
|---|---|---|
| General Elective | | 3 |
| General Elective | | 3 |
| | **Hours** | **16** |
| **Year 3** | | |
| **Fall** | | |
| EDTP 301 | General Methods | 3 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| PHYS 107 | Elementary Astronomy - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 108 | Elementary Astronomy Laboratory - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| ENVS 564 | Hydrology | 3 |
| | **Hours** | **17** |
| **Spring** | | |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| EDTP 424 | High School Science Methods | 3 |
| ENVS 360 | Global Environmental Change | 3 |
| ENVS 363 | Climate Science | 3 |
| ENVS 367 | Geomorphology | 3 |
| | **Hours** | **16** |
| **Year 4** | | |
| **Fall** | | |
| EDTP 419 | Student Teaching: High School | 9 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **12** |
| **Spring** | | |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 355 | Assessment and Research | 3 |
| Physics Elective | | 3 |
| Math or Science Elective | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **120** |

## Track in Engineering Technology Education (Grades 5-12)

| | | |
|---|---|---|
| **Year 1** | | |
| **Fall** | | **Hours** |
| CSE 120 | Introduction to Programming with Python | 3 |
| EDTP 101 | First-Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGR 110 | Engineering Methods, Tools, and Practice I | 2 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| General Elective (MATH 111 or 190, if needed) | | 3-4 |
| | **Hours** | **15** |
| **Spring** | | |
| ENGR 111 | Engineering Methods, Tools and Practice II | 2 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| MATH 180 or MATH 205 | Elements of Calculus - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) or Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3-4 |
| General Education: Cardinal Core Arts & Humanities US Perspectives - AHP1 | | 3 |
| General Education: Cardinal Core Natural Science (S) (other than PHYS) | | 3 |
| | **Hours** | **17** |
| **Year 2** | | |
| **Fall** | | |
| CSE 110 | Mathematical Foundations for Computer Science | 3 |
| ECE 210 | Logic Design | 3 |
| ECE 211 | Logic Design Laboratory | 1 |
| EDTP 107 | Human Development and Learning | 3 |
| PHYS 221 | Fundamentals of Physics I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Elective | | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| ENGR 151 | Engineering Graphics Technology | 1 |
| PHYS 222 | Fundamentals of Physics II - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| PHYS 223 | Fundamentals of Physics Lab I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 1 |
| General Education: Cardinal Core Arts & Humanities Global Perspectives - AHP2 | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective - SBH | | 3 |
| General Elective | | 3 |
| | **Hours** | **14** |
| **Year 3** | | |
| **Fall** | | |
| EDTP 301 | General Methods | 3 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| LEAD 414 | Teaching Career and Technical Education | 3 |
| ISE 240 | Fundamentals of Industrial Engineering | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| EDTP 524 | Engineering and Technology Education Methods | 3 |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| EDTP 504 | Teaching with Technology | 2 |
| LEAD 330 | Special Needs and Technical Education | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |
| **Year 4** | | |
| **Fall** | | |
| EDTP 419 | Student Teaching: High School | 9 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **12** |
| **Spring** | | |
| BE 101 | Introduction to Bioengineering | 1 |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 355 | Assessment and Research | 3 |
| GEOG 558 | Introduction to Geographic Information Systems | 3 |
| General Elective | | 3 |

| | | |
|---|---|---|
| General Elective | | 2-3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **120** |

## Track in English (Grades 5-9)

**Year 1**

| **Fall** | | **Hours** |
|---|---|---|
| EDTP 101 | First-Year Experience | 1 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Quantitative Reasoning - QR | | 3 |
| General Education: Cardinal Core Natural Science (S) | | 3 |
| General Education: Cardinal Core Natural Science Lab (SL) | | 1 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective - SBHP1 or SBHP2 | | 3 |
| | **Hours** | **14** |
| **Spring** | | |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Natural Science (S) | | 3 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| General Elective | | 3 |
| General Elective | | 1 |
| | **Hours** | **16** |

**Year 2**

| **Fall** | | |
|---|---|---|
| EDTP 107 | Human Development and Learning | 3 |
| ENGL 202 | Introduction to Creative Writing - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 300 | Introduction to Literature - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Arts and Humanities - AHP1 or AHP2 | | 3 |
| General Elective | | 3 |
| General Elective | | 1 |
| | **Hours** | **16** |
| **Spring** | | |
| ENGL 301 | Literature in English Before 1800 | 3 |
| ENGL 310 | Special Topics: Introduction to Professional and Public Writing - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Humanities - Medieval and Renaissance Cultures (Choose from list on Degree tab) | | 3 |
| General Elective | | 3 |
| General Elective | | 3 |
| | **Hours** | **15** |

**Year 3**

| **Fall** | | |
|---|---|---|
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 341 | Teaching Middle School | 3 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| EDTP 540 | Teaching Adolescent Readers | 3 |
| ENGL 302 | Special Topic: Literature in English After 1800 | 3 |
| | **Hours** | **16** |
| **Spring** | | |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| EDTP 407 | Middle School Language Arts Methods | 3 |
| ENGL 325 or LING 325 or EDTP 522 | Introduction to Linguistics or Introduction to Linguistics or Methods of Teaching Grammar, K-12 | 3 |
| Advanced Composition (Choose from list on Degree tab) | | 3 |
| Diverse Literature I (Choose from list on Degree tab) | | 3 |
| | **Hours** | **16** |

**Year 4**

| **Fall** | | |
|---|---|---|
| EDTP 417 | Student Teaching: Middle School | 9 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **12** |
| **Spring** | | |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 355 | Assessment and Research | 3 |
| ENGL 333 or ENGL 334 or ENGL 562 | Shakespeare I or Shakespeare II or Shakespeare - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 506 | Teaching of Writing - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Diverse Literature II (Choose second course from list on Degree tab) | | 3 |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **120** |

## Track in English – Leading to Certification in Grades 5-9, and Learning and Behavior Disorders – Leading to Certification in Grades P-12

**Year 1**

| **Fall** | | **Hours** |
|---|---|---|
| EDTP 101 | First-Year Experience | 1 |
| EDTP 201 | The Teaching Profession - SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| ENGL 101 | Introduction to College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Quantitative Reasoning - QR | | 3 |
| General Education: Cardinal Core Social & Behavioral Sciences Historical Perspective US Perspectives or Global Perspectives - SBHP1 or SBHP2 | | 3 |
| | **Hours** | **13** |
| **Spring** | | |
| ENGL 102 | Intermediate College Writing - WC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| EDSP 240 | Introduction to Exceptional Children | 3 |
| General Education: Cardinal Core Natural Sciences - S | | 3 |
| General Education: Cardinal Core Natural Sciences Lab - SL | | 1 |
| General Education: Cardinal Core Oral Communication - OC | | 3 |
| General Education: Cardinal Core Arts and Humanities (AHP1 or AHP2) | | 3 |
| | **Hours** | **16** |

**Year 2**

| **Fall** | | |
|---|---|---|
| EDSP 218 | Technology for Students with Disabilities | 3 |
| EDTP 107 | Human Development and Learning | 3 |
| ENGL 202 | Introduction to Creative Writing - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |

| | | |
|---|---|---|
| ENGL 300 | Introduction to Literature - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Diverse Literature Course - Choose From Approved List on Tracks Tab | | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| EDSP 260 | Classroom Behavior Management | 3 |
| ENGL 301 | Literature in English Before 1800 | 3 |
| ENGL 310 | Special Topics: Introduction to Professional and Public Writing - WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| General Education: Cardinal Core Natural Sciences - S | | 3 |
| | **Hours** | **12** |
| **Year 3** | | |
| **Fall** | | |
| EDSP 442 | Practicum: Learning and Behavior Disorders | 3 |
| EDSP 512 | Methods for Students with Learning and Behavior Disorders | 3 |
| EDSP 516 | Assessment Procedures for Students with Learning & Behavior Disorders | 3 |
| EDTP 341 | Teaching Middle School | 3 |
| EDTP 420 | Reading and Writing Across the Curriculum | 3 |
| EDTP 540 | Teaching Adolescent Readers | 3 |
| | **Hours** | **18** |
| **Spring** | | |
| EDSP 345 | Special Populations in Schools | 3 |
| EDSP 346 | Special Populations in Schools Field Experience | 1 |
| EDSP 518 | Structured Literacy for Diverse Learners | 3 |
| EDTP 328 | Building Learning Communities | 3 |
| EDTP 330 | Building Learning Communities Field Experience | 1 |
| EDTP 407 | Middle School Language Arts Methods | 3 |
| ENGL 302 | Special Topic: Literature in English After 1800 | 3 |
| | **Hours** | **17** |
| **Year 4** | | |
| **Fall** | | |
| EDSP 470 | Student Teaching, LBD | 6 |
| EDTP 417 | Student Teaching: Middle School | 6 |
| EDTP 477 | Capstone Student Teaching Seminar - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| | **Hours** | **15** |
| **Spring** | | |
| EDSP 510 | Legal Issues in Special Education | 3 |
| EDTP 306 | Public Schools in America: Understanding our Past to Envision our Future | 3 |
| EDTP 355 | Assessment and Research | 3 |
| ENGL 506 | Teaching of Writing - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/), WR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | 3 |
| Select one of the following: | | 3 |
| ENGL 325<br>or<br>LING 325 | Introduction to Linguistics<br>or Introduction to Linguistics | |
| EDTP 522 | Methods of Teaching Grammar, K-12 | |
| | **Hours** | **15** |
| | **Minimum Total Hours** | **121** |

## Track in English (Grades 8-12)

| | | |
|---|---|---|
