The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.

The Bachelor of Science in Middle/Secondary Education with the available tracks prepares students to meet the requirements for certification and/or licensure. If you plan to pursue professional licensure or certification you should first determine your state's criteria for examination and licensure to see how/if our program meets those requirements prior to enrollment. We recommend that you also contact your state's licensing board directly to verify that the requirements have not changed recently and to answer any questions especially those regarding additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://

louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

For programs with an online option, more information about certification or licensure is available here: https://louisville.edu/online/About-Us?tab=disclosures (https://louisville.edu/online/About-Us/?tab=disclosures).

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music & New Media); MUS 361 Music Literature I; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with a grade S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUSA 497 | Senior Recital - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/).

2 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 / MUH 214 and MUH 204.

3 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I . Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142 Theory II , must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

4 Strings take section 01, others solely dependent on the ensemble audition.

5 If applied principal is piano, Piano Class is replaced with 3 hours of electives. For students with a piano background, three semesters of MUSA 121-MUSA 221 (Secondary Piano) may be substituted.

6 Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the proficiency exam requirement is complete.
Students must be enrolled continuously in Piano Class until their requirement has been completed. Those who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits. Entering students who have a background in piano may register for Piano Proficiency MUS 297 for one semester with approval of the Keyboard Area.

7 Students may choose either the applied principal (non-jazz) lesson sequence (MUSA 111, MUSA 112, MUSA 211, MUSA 212, MUSA 325, MUSA 326, MUSA 425, MUSA 426) or applied jazz lesson sequence (MUSA 105, MUSA 106, MUSA 205, MUSA 206, MUSA 325, MUSA 326, MUSA 425, MUSA 426). Except upon petition and approval, students will be locked in to the entire sequence of either applied principal (non-jazz) or applied jazz lessons. Only instrumentalists with corresponding jazz instructors at UofL may opt for the applied jazz lesson sequence.

8 Undergraduate composition majors enrolled in MUSA 243–MUSA 444 are required to present public performances of their original works to average at least eight minutes of music per semester. The senior recital

does not count toward these averages, but does fulfill the requirement for the semester in which it is given.

[9] Students must present a recital of original works.

[10] Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. MUH courses will not be accepted as music electives. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

[11] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

[12] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

1 Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) .

2 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 /MUH 214 and MUH 204.

3 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I. Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142, must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

4 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship III.

5 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship IV.

6 Seven semesters of Principal Ensemble. Strings take section 01, others solely dependent on the ensemble audition. Music Education students who are woodwind, brass, or percussion principals are required to fulfill two years of ensemble performance in the Marching Band. Entering students will be expected to fulfill this requirement during the freshman and sophomore years. Transfer students will be required to fulfill a minimum of one year. A second year may be required based upon evaluation of the transcript. Woodwind, brass, or percussion principals are also recommended to complete one semester of a Principal Jazz Ensemble. Jazz Track: take 6 semesters of "Classical" ensemble and 1 semester of a Principal Jazz Ensemble.)

7 Students must be enrolled continuously in Piano Class until their requirement has been completed. Those who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with Secondary Piano if faculty load permits. Entering students who have a background in piano may register for MUS 297 Piano Proficiency for one semester with approval of the Keyboard Area. Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the Piano Proficiency Examination requirement is complete.

**Upper Division Assessment**

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Theory IV; MUS 361 Music Literature I; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

**Admission to Teacher Education**

Students must apply to Teacher Education in the second semester of their Sophomore year (February 1st application deadline). Failure to be admitted to teacher education will delay students' ability to take advanced classes in music education and teacher education.

Requirements for application to teacher education are the following:

- Minimum 45 credit hours (completed or in progress at the time of application) with minimum 2.75 cumulative college grade point average;
- Grade of C+ or higher in MUS 116;
- Successful completion of an additional two credit hours of Music Education courses;
- Passing PPST PRAXIS I scores as follows: Math (150), Writing (162), Reading (156);
- C or better in ENGL 102;
- C or better in Oral Communication course (such as COMM 111 or COMM 115);
- Professional Statement (as directed in application);
- Three Letters of Recommendation (as directed in application);
- Successful Interview;
- Agreement to Professional Code of Ethics, Statement of Understanding of Admission Guidelines, and CEHD Acceptable Use of Technology forms (as directed in application).

Students must complete 200 hours of field observations and related activities, as outlined by the Education Professional Standards Board (EPSB) prior to being permitted to student teach. These field experiences must be non-paid experiences. This regulation will begin based on regulations and timelines stipulated by EPSB.

Students must be admitted to Teacher Education before being permitted to take the following upper-division music education courses:

| Code | Title | Hours |
|---|---|---|
| MUS 228 | Elementary School Music Methods | |
| MUS 328 | Frameworks for Teaching Music in Diverse Learners | |

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
    a. To run a Degree Audit report, click on "View my Degree Audit."
    b. To create a What-if report, click on "What-if Advisement Report."
    c. To run a Flight Planner report, click on "Use My Flight Planner."

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad,

internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

The Bachelor of Science in Music Education prepares students to meet the requirements for certification and/or licensure. If you plan to pursue professional licensure or certification you should first determine your state's criteria for examination and licensure to see how/if our program meets those requirements prior to enrollment. We recommend that you also contact your state's licensing board directly to verify that the requirements have not changed recently and to answer any questions especially those regarding additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

For programs with an online option, more information about certification or licensure is available here: https://louisville.edu/online/About-Us?tab=disclosures (https://louisville.edu/online/About-Us/?tab=disclosures).

# Music Education, Pre-Certification (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Music in Music Education, Pre-Certification**
Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): See Degree Requirements tab.

## Program Information

The **Bachelor of Music in Music Education, Pre-Certification** program is designed for students intending to complete the degree in anticipation of enrollment in the Master of Arts in Teaching program (MAT), when additional professional education, music education, research methods, and clinical education course work are required.

The **Bachelor of Music in Music Education** program is designed to serve students seeking to develop the skills, experiences, and information to qualify graduates for public school music teacher "New Teacher" certification in the Commonwealth of Kentucky (P-12). More information on this program can be found on the BM in Music Education catalog page (p. 400).

1 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 /MUH 214 and MUH 204.

2 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I . Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142, must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

3 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship III.

4 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship IV.

5 Strings take section 01, others solely dependent on the ensemble audition. Music Education students who are woodwind, brass, or percussion principals are required to fulfill two years of ensemble performance in the Marching Band. Entering students will be expected to fulfill this requirement during the freshman and sophomore years. Transfer students will be required to fulfill a minimum of one year. A second year may be required based upon evaluation of the transcript. Woodwind, brass, or percussion principals are also recommended to complete one semester of a Principal Jazz Ensemble.

6 Piano Principals will replace Piano Class with Functional Voice Study MUSA 133, MUSA 134, and MUSA 233. Students must be enrolled continuously in Piano Class until their requirement has been completed. Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the Piano Proficiency Examination requirement is complete. Students in the Tracks in Jazz Studies who are not required to take MUS 231 will take the Piano Proficiency Examination at the end of MUS 132. Those who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with Secondary Piano if faculty load permits. Entering students who have a background in piano may register for Piano Proficiency MUS 297 for one semester with approval of the Keyboard Area.

**Upper Division Assessment**

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV; MUS 361; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with a grade of S, for 4 semesters; Ensemble Participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105 and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

**Admission to Teacher Education**

Students must apply to Teacher Education in the second semester of their Sophomore year (February 1 application deadline). Failure to be admitted to teacher education will delay students' ability to take advanced classes in music education and teacher education.

Requirements for application to teacher education are the following:

- Minimum 45 credit hours (completed or in progress at the time of application) with minimum 2.75 cumulative college grade point average;
- Grade of C+ or higher in MUS 116;
- Successful completion of an additional two credit hours of Music Education courses;
- Passing PPST PRAXIS I scores as follows: Math (150), Writing (162), Reading (156);
- C or better in ENGL 102;
- C or better in Oral Communication course (such as COMM 111 or COMM 115);
- Professional Statement (as directed in application);
- Three Letters of Recommendation (as directed in application);
- Successful Interview;
- Agreement to Professional Code of Ethics, Statement of Understanding of Admission Guidelines, and CEHD Acceptable Use of Technology forms (as directed in application).

Students must complete 200 hours of field observations and related activities, as outlined by the Education Professional Standards Board (EPSB) prior to being permitted to student teach. These field experiences must be non-paid experiences. This regulation will begin based on regulations and timelines stipulated by EPSB.

Students must be admitted to Teacher Education before being permitted to take the following upper-division music education courses:

| Code | Title | Hours |
|---|---|---|
| MUS 228 | Elementary School Music Methods | |
| MUS 328 | Frameworks for Teaching Music in Diverse Learners | |
| MUS 337 | Marching Band Methods | |

| MUED 533 | Human Interaction/Professional Growth | |
| MUED 556 | Special Methods in Secondary Teaching | |

Students must pass the Pre-Professional Standards Test (PPST) prior to student teaching and Praxis I and II exams as required by EPSB and obtain a B average in EDTP 420 and ECPY 507 (or approved Education course substitution).

# Program/Major Requirements

**Note:** All full-time undergraduate music majors are required to participate each semester in the principal ensemble designated for their primary instrument. Specific ensemble assignment is dependent on the result of the ensemble auditions.

- Strings: Symphony Orchestra
- Woodwind, Brass, or Percussion: Symphonic Band, Concert Band, Wind Ensemble, Wind Symphony, Marching Band, Community Band
- Voice: Collegiate Chorale, University Chorus
- Keyboard/Guitar: Any of the above depending upon qualifications and/or interests
- Jazz: Jazz Ensemble, Jazz Lab, Jazz Repertory Ensemble, Vocal Jazz Ensemble

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

### Flight Planner

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV or Analysis (MUS 347 Analysis I for BA General, MUS 349 Jazz Analysis for BA Jazz Studies, MUS 350 Analysis of Electronic Media for BA Music & New Media); MUS 361; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance , with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUS 494 | Preparation for Capstone | |
| MUS 496 | BA Capstone Project | |

[1] Students are required to take MUH 214 and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/).

[2] Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 /MUH 214 and MUH 204.

[3] Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I. Students who do not pass Theory I, and students who enter the School of Music in January and do not place into MUS 142 Theory II, must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

[4] Strings take section 01, others solely dependent on the ensemble audition

[5] The Piano Proficiency Examination is required for applied piano and organ majors.

[6] If the applied area is piano or organ, Piano Class is replaced with 2 hours of music electives. The Piano Proficiency Examination may be taken in lieu of two semesters of Piano Class.

[7] Students must pass the complete Piano Proficiency Examination before receiving credit for the final semester of the piano requirement. Students must be enrolled continuously in Piano Class until their piano requirement has been completed. Those who pass the Piano Proficiency Exam before the end of the second semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits.

[8] 12 hours of music electives if MUS 242 Musicianship IV is chosen; 14 hours of music electives if MUS 347 Analysis I is chosen. Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate.

For the Bachelor of Arts degree, in addition to the electives listed for the Bachelor of Music, applied music courses beyond the required four semesters are acceptable as music electives. MUH courses will not be accepted as music electives.

[9] Non-music electives which include 18 hours in one area of concentration. At least 9 hours in the area of concentration, and a total of 12 of the 34 hours, must be at the 300-level or above. The student may choose to pursue a second major or take a minor in a non-music area. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

[10] MUS 347 Analysis I for BA General, MUS 349 Jazz Analysis for BA Jazz Studies, MUS 350 Analysis of Electronic Media for BA Music & New Media.

[11] Students must complete a 1-credit hour module in Term 1 and 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

## Music with Emphasis in Music History (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

### Bachelor of Music with Emphasis in Music History

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_MH

## Program Information

The School of Music offers the Bachelor of Music and the Master of Music degrees in Music History.

The music history faculty at the University of Louisville represent a wide range of teaching and research disciplines. Part-time faculty bring expertise in cognate areas such as popular music, country music, history of rock and roll, world music, dance music, and music of the theater.

Undergraduate music history majors complete a senior research project under faculty supervision, concluding with a formal presentation and discussion with the panel of music history faculty. Graduate students in music history undertake a series of seminars and complete a thesis under faculty supervision, as well as satisfy a foreign language requirement and a final oral examination.

Past graduates in music history from the University of Louisville have made careers as musicologists, music librarians, arts administrators, and music critics.

3 Strings take section 01, others solely dependent on the ensemble audition.

4 If the applied principal is piano, Piano Class is replaced with 3 hours of music electives. For students with a piano background, three semesters of Secondary Piano (MUSA 121-MUSA 221) may be substituted for Piano Class.

5 Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the proficiency exam requirement is complete. Students must be enrolled continuously in Piano Class until their requirement has been completed. Those who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits. Entering students who have a background in piano may register for MUS 297 Piano Proficiency for one semester with approval of the Keyboard Area.

6 If the applied principal is voice, 2 hours of Diction (MUS 123-MUS 124) are required in addition to the 16 hours of voice.

7 Students may enroll for either 2 semesters at 2 credits per semester or 1 semester at 4 credits.

8 Electives to be determined in consultation with the program advisor. Students are strongly encouraged to include 1 credit hour of minor ensemble where appropriate. Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. The selection of music electives should be made in consultation with music history faculty and may include MUH courses, with the exception of MUH 204, MUH 205, and MUH 214.

9 Students are expected to choose their language course(s) in consultation with the Music History faculty.

10 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship III.

11 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship IV.

12 Students shall take either MUSA 311 or MUSA 325, MUSA 312 or MUSA 326, MUSA 411 or MUSA 425, and MUSA 412 or MUSA 426, for a total of at least 4 and up to 8 credit hours. Students may still take lessons for 2 credit hours per term beyond the degree requirements, should they choose to do so and/or if other circumstances require it (e.g., scholarships).

# Music Instrumental Performance (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Music with Emphasis in Instrumental Performance

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_INS

# Program Information

The Bachelor of Music in Instrumental Performance degree is appropriate for students who wish to prepare for a career in music performance and related fields. Among the particular career emphases for which

the BM in Instrumental Performance is an appropriate preparation are professional performer, university teacher, private music studio teacher, or pre-professional preparation for music teacher certification study. Since it is unlikely that graduates of the program will have developed all the requisite skills to enter the professional ranks of performers or university teachers, most graduates will continue to develop their skills through further study. Students who have completed the BM in Instrumental Performance at UofL typically do very well in gaining admission to strong graduate programs nationwide.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music & New Media); MUS 361; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with  tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program.  Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUSA 497 | Senior Recital - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Students are required to take MUH 214 and MUH 205.

2 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses  MUH 205 /MUH 214 and MUH 204.

3 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141.  Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142, must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

4 Strings take section 01, others solely dependent on the ensemble audition.

5 For students with a piano background, three semesters of Secondary Piano (MUSA 121-MUSA 122) may be substituted.

6 Students must be enrolled continuously in Piano Class until their piano requirement has been completed. Those students who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits.  Entering students who have a background in piano may register for MUS 297 Piano Proficiency for one semester with approval of the Keyboard Area.

7 Woodwind option: Students with a major in flute, oboe, clarinet, bassoon, or saxophone may devote as many as 14 of the 32 hours required in the major instrument to the study of other woodwind instruments. After completing one semester of study in the major instrument with a grade of A or B, the student may elect the above option with the approval of the woodwind faculty. Continued enrollment in the option will be dependent upon satisfactory progress in the major instrument studied. An outline of the applied music study must be approved by the teacher of the major instrument. One-half of the senior recital may consist of solo or ensemble performance of one or more secondary instruments.

8 Students must be enrolled in Minor Ensemble for a minimum of six semesters.  The applied teacher must approve the choice of Minor Ensembles that will count towards the degree.

9 Junior and senior recitals for all performance degrees are public recitals.

10 Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. MUH courses will not be accepted as music electives. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

11 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

12 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

## Bachelor of Music with Emphasis in Jazz Performance

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_JAZ

# Program Information

The Bachelor of Music in Jazz Performance degree is appropriate for students who wish to prepare for a career in music performance and related fields. The Bachelor of Music degree with an Emphasis in Jazz Performance is intended to prepare students with the skills needed to perform, compose and arrange within the jazz idiom. Among the goals of the degree are to prepare students to be skilled in the art of jazz improvisation, be well versed in a variety of performance techniques, be able to compose and arrange within the jazz idiom, and to have an understanding and appreciation of the jazz tradition through the study of and performance with jazz masters. Among the particular career emphases for which the BM in Jazz Performance is an appropriate preparation are professional performer, music arranger or composer, or teacher. Since it is unlikely that graduates of the program will have developed all the requisite skills to enter the professional ranks of performers or university teachers, most graduates will continue to develop their skills through additional study.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music & New Media); MUS 361; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97, with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUSA 497 | Senior Recital - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

[1] Students are required to take MUH 214 and MUH 205.

[2] Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 /MUH 214 and MUH 204.

[3] Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 for 0 credit concurrently with MUS 141. Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142, must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

[4] Jazz majors take Jazz Ensemble, Jazz Repertory Ensemble, Jazz Lab, or Vocal Jazz Ensemble.

[5] If the applied area is piano, Piano Class is replaced with two hours of music electives. The Piano Proficiency Examination may be taken in lieu of two semesters of Piano Class. Students must pass the complete Piano Proficiency Examination before receiving credit for the final semester of the piano requirement. Students must be enrolled continuously in the class until their piano requirement has been completed.

[6] Senior recital for all performance degrees is a public recital.

[7] Students may substitute 1 hour of elective providing they pass the Jazz Piano Proficiency.

[8] Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. MUH courses will not be accepted as music electives. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

[9] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

[10] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

# Music Organ Performance (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Music with Emphasis in Organ Performance

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_ORG

# Program Information

The Bachelor of Music in Performance degree is appropriate for students who wish to prepare for a career in music performance and related fields. Among the particular career emphases for which the BM in Performance is an appropriate preparation are professional performer, university teacher, private music studio teacher, or pre-professional preparation for music teacher certification study. Since it is unlikely that graduates of the program will have developed all the requisite skills to enter the professional ranks of performers or university teachers, most graduates will continue to develop their skills through further study.

The 560-seat Margaret Comstock Concert Hall at UofL houses three Steinway and a Bösendorfer “Imperial” concert grand pianos as well as a 64-rank Steiner-Reck organ, the largest of its kind in the Midwest. Also available to students are a number of practice organs.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music & New Media); MUS 361; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed;

pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUSA 497 | Senior Recital - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/).

2 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 / MUH 214 and MUH 204.

3 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141. Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142, must enroll in MUS 92 for the spring semester. Credits for MUS 92 do not count toward the degree.

4 Solely dependent on the ensemble audition.

5 Senior recital for all performance degrees is a public recital.

6 Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. MUH courses will not be accepted as music electives. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

7 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

8 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

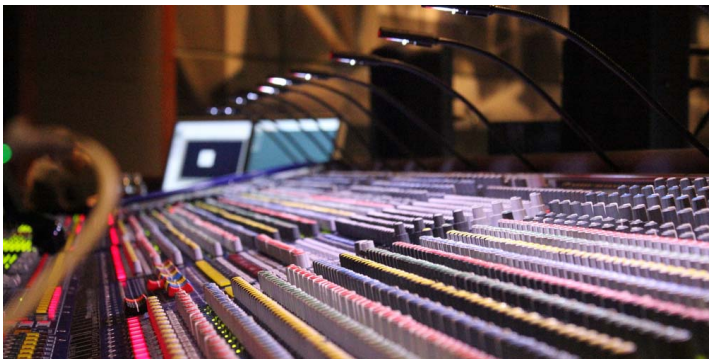
# Music, New Media (BA)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Music with Emphasis in New Media**
Unit: Music (http://louisville.edu/music/)
Academic Plan Code(s): MUSIBA_MNM

## Program Information

The Music & New Media program provides training in digital media concepts and skills necessary for the creation and production of sound for public performance, music albums, digital video, internet applications, interactive media, cinema, commercials, video games, theater, dance, and software development.

Students have the flexibility in the curriculum to focus on their own goals and interests after completing the minimum requirements of the program in audio engineering, acoustics, sound design, electronic music, sound analysis, video generation, sound art, and creative new media projects. Students design and realize a Capstone project with direct faculty oversight. These projects reflect the student's own focus, interests, and goals.

The program is designed to prepare students for careers in music and new media arts that emphasize presentation, performance, and research with technology, including audio and video production for multimedia communications, music recording, audio and video post-production, video art, sound engineering, sound design for film and gaming, sound art, sound and image research, public performance, and computer music composition.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV or (MUS 347 Analysis I for BA General, MUS 349 Jazz Analysis for BA Jazz Studies, MUS 350 Analysis of Electronic Media for BA Music & New Media); MUS 361 Introduction to Musicologies; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance, with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

[1] Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/).

[2] Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 /MUH 214 and MUH 204.

[3] Students who do not pass the computer-based Fundamentals Test prior to beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I. Students who do not pass Theory I (MUS 141), and students who enter the School of Music in January and do not place into MUS 142 Theory II, must enroll in MUS 92 Musicianship I for the spring semester. Credits for MUS 92 do not count toward the degree.

[4] Strings take section 01, others solely dependent on the ensemble audition.

[5] Contingent on interest and audition.

[6] The Piano Proficiency Examination is required for applied piano and organ majors.

[7] If the applied area is piano or organ, Piano Class is replaced with 2 hours of music electives. The Piano Proficiency Examination may be taken in lieu of two semesters of Piano Class.

[8] Students must pass the complete Piano Proficiency Examination before receiving credit for the final semester of the piano requirement. Students must be enrolled continuously in Piano Class until their piano requirement has been completed. Those who pass the Piano Proficiency Exam before the end of the second semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits.

[9] Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate.
For the Bachelor of Arts degree, in addition to the electives listed for the Bachelor of Music, applied music courses beyond the required four semesters are acceptable as music electives. MUH courses will not be accepted as music electives.

[10] Non-music electives which include 18 hours in one area of concentration. At least nine (9) hours in the area of concentration must be at the 300-level or above. The student may choose to pursue a minor in a non-music area. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

[11] Students must complete a 1-credit hour module in Term 1 and 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship III.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."

# Music, Piano Performance (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Music with Emphasis in Piano Performance**
Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_PNO, MUSIBM_PDG

# Program Information

The Bachelor of Music in Performance degree is appropriate for students who wish to prepare for a career in music performance and related fields. Among the particular career emphases for which the BM in Performance is an appropriate preparation are professional performer, university teacher, private music studio teacher, or pre-professional preparation for music teacher certification study. Since it is unlikely that graduates of the program will have developed all the requisite skills to enter the professional ranks of performers or university teachers, most graduates will continue to develop their skills through further study.

The School of Music building contains two recital halls, a 15,000 square foot music library, forty-four teaching studios, and seventy-six practice rooms, many of them with Steinway grand pianos reserved exclusively for piano majors.

Credits for MUS 92 do not count toward the degree.

[4] Solely dependent on the ensemble audition.

[5] Junior and Senior Recitals for all performance degrees are public recitals.

[6] Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. MUH courses will not be accepted as music electives. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

[7] For the Track in Piano Pedagogy, the Senior Recital may be presented before the area faculty. A Junior Recital is strongly recommended for Pedagogy Majors.

[8] Piano Pedagogy students are strongly encouraged to take a course in Educational Psychology or Child Development and to include one course in Music Entrepreneurship, Orff Schulwerk, or study on a secondary or functional instrument.

[9] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

[10] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

# Music Theory (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Music with Emphasis in Music Theory

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_MUT

# Program Information

The Bachelor of Music in Theory degree is designed for students interested in understanding and eventually teaching music theory. Many of the graduates of this degree will pursue graduate studies in music theory. In addition to those goals common to all professional baccalaureate degrees in music, students in music theory develop an advanced capability for music analysis, including sophisticated communication skills about analysis and the ability to analyze a musical work from multiple perspectives. Students also develop a sophisticated knowledge of the relationship between music theory and music composition, including the ability to compose music with acoustic and digital sources, and with a degree of technical mastery of music notation, arranging, and computer notation. Theory majors use the tools of music analysis and theoretical research, including keyboard, knowledge of foreign languages, and bibliographic tools. Research techniques and effective written and oral communication skills must be demonstrated by the development and presentation of a senior paper.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music & New Media); MUS 361; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| Code | Title | Hours |
|---|---|---|
| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUS 498 | Thesis Guidance - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/).

2 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 / MUH 214 and MUH 204.

3 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I. Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142 Theory II, must enroll in MUS 92 Musicianship I for the spring semester. Credits for MUS 92 do not count toward the degree.

4 Strings take section 01, others solely dependent on the ensemble audition.

5 If applied principal is piano, Piano Class is replaced with 3 hours of electives. For students with a piano background, three semesters of MUSA 121-MUSA 221 (Secondary Piano) may be substituted.

6 Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the proficiency exam requirement is complete.
Students must be enrolled continuously in Piano Class until their requirement has been completed. Those who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits. Entering students who have a background in piano may register for MUS 297 Piano Proficiency for one semester with approval of the Keyboard Area.

[7] Theory majors are strongly advised to take a second semester of German.

[8] Music electives in any Bachelor of Music degree should be chosen from courses in Music History, Music Theory/Composition, Music Education, Music Literature, Music Pedagogy, Music Therapy, Jazz, a secondary applied area, or a non-required ensemble. Courses beyond the degree requirement in the student's major applied area or in the required major ensemble(s) are not appropriate. MUH courses will not be accepted as music electives. School of Music students may count up to two one-hour Physical Education courses toward the general elective requirement.

[9] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.

[10] Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

## Bachelor of Music with Emphasis in Music Therapy

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): See Track Requirements tab

# Program Information

The music therapy program is designed for students who want to provide therapeutic services to people using music. Students must be strong musicians and find satisfaction in using music to help with non-music areas and skills, rather than as a goal in itself. Students' music skills will expand during their music therapy course work from performing on their principal instrument to also including functional piano, guitar, and voice skills, using other accompanying instruments such as the Q-chord and autoharp, and developing skill in using percussion instruments. The music therapy program requires good intellectual skills as music therapists are required to use analytical skills in determining clinical goals and writing skills in documentation.

Music therapy majors may work with any age group and with people with a variety of disabilities. As a member of a therapeutic team or private practitioner, the music therapist participates in the analysis of individual problems and the establishment of treatment goals before planning and carrying out music-related treatment. Music therapists may also do administration in various health-related settings and, with advanced degrees, may become university faculty.

[1] While not included in the School or Program coursework requirements, students are expected to take MUH 214 and MUH 205 to satisfy some of the General Education requirements. COMM 115 is suggested for satisfying the Oral Communication requirement.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Students in this unit are admitted directly into their degree program.

# Degree Requirements

The Music Therapy curriculum meets the competency requirements of the American Music Therapy Association (AMTA). Students must complete a minimum of 1200 hours of clinical training which includes

at least 180 hours in pre-internship experiences and at least 900 hours in internship experiences. Students completing the Music Therapy curriculum are eligible to take the examination to become a Board Certified Music Therapist, offered by the Certification Board for Music Therapists.

A person who already has a bachelor's degree from an accredited institution and who wishes to become a music therapist may take the courses not already taken that are required for music therapy certification, known as "equivalency" courses since they provide the equivalent of an undergraduate degree. The music therapy equivalency program leads to eligibility to apply to become a Board Certified Music Therapist but does not lead to a degree. Specific course requirements, based on the student's transcript and experiences, are determined in conjunction with the Director of Music Therapy.

Students must demonstrate experience and competence in the use of percussion instruments and in the use of computers and music as appropriate for music therapists.

# General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1,2] | | 31 |
| The following courses are required by this program and should be used to fulfill the respective General Education Requirement: | | |
| MUH 214 | African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| MUH 205 | Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| COMM 115 | Interpersonal Skills - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) (suggested) | |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

1 Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/). In addition, Music Therapy majors should consider COMM 115 Interpersonal Skills - OC (https://catalog.louisville.edu/undergraduate/general-education-requirements/) to satisfy the Oral Communication content.

2 Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 / MUH 214 and MUH 204.

3 Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I. Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142 Theory II, must enroll in MUS 92 Musicianship I for the spring semester. Credits for MUS 92 do not count toward the degree.

4 Strings take Section 01, others solely dependent on the ensemble audition. Jazz Studies track students take six 1-hour courses of Jazz Ensemble plus two 1-hour courses of other Major Ensemble.

5 If the Applied Principal is piano, Piano Class is replaced with 3 hours of electives.

6 Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the proficiency exam requirement is complete.
Students must be enrolled continuously in Piano Class until their requirement has been completed. Those who pass the Piano Proficiency Examination before the end of the third semester of Piano Class may replace the requirement with electives or with secondary piano if faculty load permits. Entering students who have a background in piano may register for MUS 297 Piano Proficiency for one semester with approval of the Keyboard Area.

7 The internship is done after all other music therapy course work has been completed. The American Music Therapy Association requires that a student receive a grade of C- or better in all music therapy courses in order to be eligible for the internship. It must be completed within 24 months of completion of music therapy course work. However, the School of Music will not accept work below a C (not a C-minus) in a major subject.

8 Music Therapy students will require a C (not C-minus) grade in order to pass Supportive Area courses.

9 Music Therapy degree students may substitute Voice study at the functional level, MUSA 133, for MUS 227 Voice Class at the discretion of the voice faculty.

10 MUS 123 Diction is required for all applied voice students.

11 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship III

12 Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still

outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.

The Bachelor of Music Therapy (BM) program prepares students to meet the requirements for certification and/or licensure. If you plan to pursue professional licensure or certification you should first determine your state's criteria for examination and licensure to see how/if our program meets those requirements prior to enrollment. We recommend that you also contact your state's licensing board directly to verify that the requirements have not changed recently and to answer any questions especially those regarding additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

For programs with an online option, more information about certification or licensure is available here: https://louisville.edu/online/About-Us?tab=disclosure (https://louisville.edu/online/About-Us/?tab=disclosure).

# Music Vocal Performance (BM)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

### Bachelor of Music with Emphasis in Vocal Performance

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_VOC

## Program Information

The Bachelor of Music in Vocal Performance degree is appropriate for students who wish to prepare for a career in music performance and related fields. Among the particular career emphases for which the BM in Vocal Performance is an appropriate preparation are professional performer, university teacher, private music studio teacher, or pre-professional preparation for music teacher certification study.

Most graduates will continue to develop their skills through further study. Students who have completed the BM in Vocal Performance at UofL typically do very well in gaining admission to strong graduate programs nationwide.

## Upper Division Assessment

All students enrolled in a music degree program will be reviewed at the approximate midpoint of the selected program in order for students to achieve Upper Division status. Students must meet the standards of this review to register for 400-level courses in music. Both the elements and standards of the review are established by the faculty and include credit for MUS 242 Musicianship IV or Analysis (MUS 347 for BA General; MUS 349 for BA Jazz Studies; MUS 350 for BA Music & New Media); MUS 361 ; 4 semesters of Applied Instrument at the course numbers required for the degree; Piano Proficiency Examination; MUS 97 Recital Attendance , with a grade of S for 4 semesters; Ensemble participation; cumulative 2.5 GPA (good standing); minimum of 48 credit hours completed; pass ENGL 101 or ENGL 105; and 3 additional General Education/Cardinal Core courses.

Additional specific elements and standards appropriate to specific degree programs in jazz studies (including jazz performance, music education and music therapy with tracks in jazz studies, and the BA in jazz studies), music composition, music education, music history, instrumental and vocal performance, pedagogy, music theory, and music therapy are required of students in order to achieve Upper Division status and to continue in the degree program. Specific degree requirements are determined by the concentration and area faculties and are outlined in the *Undergraduate Student Handbook*.

| Code | Title | Hours |

| **Culminating Undergraduate Experience (Graduation requirement)** | | |
| Requirement fulfilled by completing: | | |
| MUSA 497 | Senior Recital - CUE (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1. Students are required to take MUH 214 African-American Music - AH (https://catalog.louisville.edu/undergraduate/general-education-requirements/), P1 (https://catalog.louisville.edu/undergraduate/general-education-requirements/) and MUH 205 Music in World Cultures - P2 (https://catalog.louisville.edu/undergraduate/general-education-requirements/), SB (https://catalog.louisville.edu/undergraduate/general-education-requirements/).
2. Students majoring in music may take MUH courses as music electives with the exception of the cardinal core courses MUH 205 / MUH 214 and MUH 204.
3. Students who do not pass the computer-based Fundamentals Test prior to the beginning of the fall semester are required to enroll in MUS 91 Fundamentals of Music I for 0 credit concurrently with MUS 141 Theory I. Students who do not pass MUS 141, and students who enter the School of Music in January and do not place into MUS 142 Theory II, must enroll in MUS 92 Musicianship Ifor the spring semester. Credits for MUS 92 do not count toward the degree.
4. Solely dependent on the ensemble audition. Two semesters of Opera Theater are recommended.
5. Students will take the Piano Proficiency Examination at the end of MUS 231. Any student not completing the Piano Proficiency Examination will be required to take MUS 232 until the proficiency exam requirement is complete.
6. The Senior Recital is considered to be the senior capstone/culminating experience for the BM degree in Vocal Performance and is accompanied by written program notes which are to be approved by the applied teacher and one other faculty member.
7. Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 241 Musicianship 3.
8. Students must complete a 1-credit hour module in Term 1 and a 1-credit hour module in Term 2 the same semester that they are registered for MUS 242 Musicianship 4.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

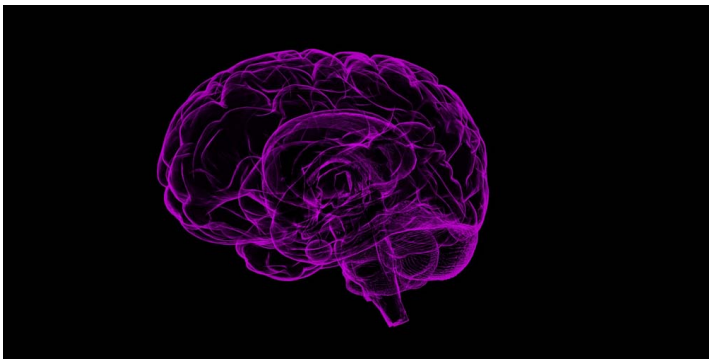
# Neuroscience (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Neuroscience**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/)
Department: Psychological and Brain Sciences (http://louisville.edu/psychology/); Anatomical Sciences and Neurobiology (https://louisville.edu/medicine/departments/anatomy/)
Academic Plan Code(s): NEURBS

## Program Information

Academic Plan Code(s): NEURBS
Program Information

The Bachelor of Science in Neuroscience (BS in Neuroscience) is an interdisciplinary degree with a STEM+Health focus. The program trains students to critically assess and analyze ideas and concepts from the diverse disciplines that contribute to the field of neuroscience. Students achieve an in-depth understanding of nervous system function, from the molecular level to the cognitive sciences, and become familiar with the techniques used to measure nervous system function from the cellular level to the whole brain.

Graduates of this program are poised for careers in a wide variety of areas, including neuroscience and health-related fields, the social sciences, and the biological sciences. This program also prepares students for advanced-degree study in graduate school and professional degree programs.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.
Accelerated BS in Neuroscience to MS in Psychological Sciences Soaring Scholar Program

The Soaring Scholar accelerated BS/MS program is ideally suited for undergraduate students wishing to pursue a doctoral program in psychology (or related field) or those interested in being more "work-force ready" upon graduating. It is also well-suited for qualified students interested in testing the waters of graduate school or taking a "one step at a time" approach.

Overview

Neuroscience majors who are considering pursuing a master's degree (MS) in Psychological Science can earn a master's degree in less time through the Soaring Scholar program. Students accepted into this program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Mentorship
Each student accepted into the accelerated program will receive one-on-one mentoring as part of their training. Faculty mentors will guide the research experiences of students in the program. Students without a faculty mentor may not continue in the program.

Research
Research experience is a critical component of the BS/MS. Students must have completed, or be currently enrolled in, PSYC 491 or 492 in order to apply to the Soaring Scholars program. First- and Second-year students should plan ahead and find a PSYC 491 mentor in advance of applying to the Soaring Scholars program. Look through the list of Psychological Science and Clinical Psychology faculty for professors whose research interests you. Email them, and ask if they have openings for a 491 student (let them know you are considering applying for the Soaring Scholars program). Many faculty also post current openings on the Undergraduate Psychology Research page.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor to determine eligibility and apply to the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Specific coursework information can be found on the Degree Requirements tab.

## Admission Requirements

Requirements for admission to the BS in Neuroscience:

1. Complete PSYC 201 or (equivalent) and PSYC 305, earning a grade of C or higher.
2. Complete Statistics Requirement (PSYC 301 or BIOL 350), earning a grade of C or higher. Completion of MATH 180 or MATH 205 is required for the degree. For admission to the major, students must have completed the necessary math coursework, or have a math placement score, to satisfy the prerequisites to enroll in MATH 180 or MATH 205.
3. Have an overall cumulative GPA of at least 2.5 (no grades of C-minus or lower in core or supporting coursework may be counted toward requirements for the major).
4. Have completed at least 30 hours of degree-applicable credit.

The Change Major Request form can be found under the Academic Progress tile on ULink.

### Soaring Scholar Accelerated BS Psychology/MS Psychological Science Admission Requirements

Interested students must apply to the program by December 1 of their Junior year. Applicants must have completed PSYC 201, PSYC 301, PSYC 302*, and PSYC 491 or PSYC 492 prior to application. Applicants must have a minimum overall GPA of 3.0 and a 'C' grade or better in courses required for their BS. Students must maintain a GPA of greater than 2.5 during their enrollment in the Soaring Scholar program. Students must enter the Soaring Scholar program with no more than 24 credit hours remaining to complete their BS degree, and they must enter the program with 9 hours of elective credit remaining in their BS degree. Students interested in applying to Soaring Scholars program for Psychology should follow the application process outlined in the Soaring Scholars Application Checklist at: https://graduate.louisville.edu/academics/programs/soaring (https://graduate.louisville.edu/academics/programs/soaring/).

* Students may be currently enrolled in PSYC 302 when applying to the Soaring Scholar program.

At least 50 of the total minimum hours required must be at the 300 level or above.

Students who wish to double major in the BS in Neuroscience and the BS in Psychology degrees must complete 18 credit hours toward the Psychology (PSYC) degree that do not count towards meeting

the Neuroscience (NS) degree requirements. These 18 credits must include the following courses: PSYC 306, PSYC 307 and PSYC 308. If these courses are taken as electives for the NS degree, additional PSYC courses must be taken in their place. Students must also complete one PSYC CUE course and one NS CUE course. For elective courses that can count toward either degree, the student must specify whether each course will count for NS or for PSYC.

# Nursing (RN-BSN Online Program) (BSN)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Nursing**
Unit: Nursing (https://www.louisville.edu/nursing/)
Academic Plan Code(s): NUR_BSNUDO

**This program is for students who are already licensed Registered Nurses.**

# Program Information

***This program is completed* 100% online (https://louisville.edu/online/programs/bachelors/rn-to-bachelor-of-science-in-nursing/).** An 84-hour Community Leadership Practicum will be completed at a site of your choice in your local community.

All students must be in clinical compliance prior to beginning the Community Leadership Practicum (NURS 476). Clinical compliance requirements are available on the School of Nursing web page (https://louisville.edu/nursing/) and in the NURS 476 course syllabus.

This fully online program provides the flexibility working nurses need to balance working full-time with furthering your nursing education. Develop your expertise in nursing leadership, meet growing employer expectations, and expand your ability to work with global populations in a variety of settings—without any campus requirement or set class times. Eight-week classes and a flexible curriculum path helps nurses maintain a successful work-life-education balance.

RN-BSN students must present official transcripts of coursework completed from all universities and schools attended.

Prospective students interested in a first-degree BSN program should refer to the Pre-Licensure Nursing (p. 498) program. Individuals with a bachelor's degree in another discipline, who are interested in pursuing a nursing degree, may pursue the traditional bachelor of science in nursing degree program or an accelerated second degree option.

# Admission Requirements

The RN-BSN 100% online program is offered by the University of Louisville's School of Nursing for registered nurses who have an associate degree in nursing (ADN) or a nursing diploma.

Students may be admitted directly into the RN-BSN program if the admissions requirements are met. Students may be admitted for any term. Most of the curriculum is offered in eight-week terms.

To apply to the program, applicants must:

- Submit a University of Louisville undergraduate admissions application.
- Submit all official college transcripts to the Office of Admissions.

**Admissions Requirements (RNs with an ADN or nursing diploma):**

- Minimum cumulative college grade point average of 2.0 on 4.0 scale in all college work
- Unrestricted Registered Nurse license or eligibility to take the NCLEX
- Certified criminal background check required before clinical course. Details on the School of Nursing website

For more information on program requirements and how to apply, please visit the online programs website (https://louisville.edu/online/programs/bachelors/rn-to-bachelor-of-science-in-nursing/apply/).

**RN-BSN Concurrent Enrollment Program (applicants currently enrolled in an ADN Program at KCTCS or Ivy Tech)**

Students enrolled in the Associate Degree in Nursing (ADN) program at any Kentucky Community and Technical College (KCTC) or Ivy Tech institution are eligible to apply for the RN-BSN Concurrent Enrollment Program (CEP). KCTC and Ivy Tech students working toward their ADN can earn their RN to Bachelor of Science in Nursing in less time by taking RN- BSN courses at the University of Louisville (UofL), while they are still enrolled at their home KCTCS or Ivy Tech school. Students admitted into the CEP program will attend UofL as a non-degree seeking (continuing studies) student while completing their ADN. Once the ADN degree is conferred, CEP students will be admitted as degree seeking students in the RN-BSN program.

CEP Admission Criteria, by ADN Institution:

***KCTCS CEP Admission Criteria***

- Current enrollment in good standing at KCTCS School
- Successful completion of first ADN semester at KCTCS School
- No prior failures in a nursing course
- 2.0 cumulative GPA

**Ivy Tech CEP Admission Criteria**

- Minimum grade of a B in the first Ivy Tech Nursing Course
- Cumulative GPA of 2.3 - 4.0 on a 4.0 scale GPA. Students with a 2.2 - 2.29 cumulative GPA will be considered on an individual basis.

All students must be in clinical compliance prior to beginning the Community Leadership Practicum (NURS 476). Clinical compliance requirements are available on the School of Nursing web page and in the NURS 476 course syllabus.

# Nursing, Pre-Licensure Program (BSN)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Nursing**
Unit: Nursing (http://www.louisville.edu/nursing/)
Academic Plan Code(s): NU_BSN, NURSBSN, NU_BSNOW, NURSBSNOW

## Program Information

The Traditional Bachelor of Science in Nursing program is a four-year program that consists of lower division and upper division course work that prepares students for a career in professional nursing by providing a dynamic course of study that is both theoretical and practical. As citizens of a larger community, our focus is to address the complex health care needs of diverse and dynamic populations through nursing education, research, scholarship and service. Our graduates are prepared to demonstrate excellence in nursing science, practice, and leadership in a variety of settings for the benefit of clients across the lifespan and to meet the evolving health care needs of society. Our BSN program also provides the necessary foundation for master's and doctoral degrees in nursing.

Students will use innovative Patient Simulation Centers and conduct clinical in acute care and community-based settings.

By including a core of knowledge in the humanities and the behavioral, physical, and biological sciences, as well as theory and practice of professional nursing, graduates of the BSN program will be prepared to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

1 Completion of the degree in the minimum number of hours requires using some credit hours from courses included in the school and/or program requirements to satisfy General Education requirements. Students using other coursework will require additional hours to complete the degree or will reduce the number of available electives.

2 BIOL 102 is a prerequisite for BIOL 260, BIOL 264. BIOL 102 is not required if students have satisfactorily completed BIOL 260, BIOL 257, or any other Biology course at the 200 level or above.

3 Nursing math competency requirement. This requirement may alternatively be met with a minimum Math ACT sub-score of 25 or an approved higher level mathematics course; however, additional elective course work may be required to meet the 120 minimum credit hour degree requirement.

4 Students are recommended to complete any electives prior to admission into Upper Division. Students may reserve up to 2 credit hours of electives to complete during Upper Division, which can be fulfilled through completion of NURS 430, to meet the minimum 120-hour degree requirement.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

# Professional Licensure Information

The Bachelor of Science in Nursing programs (Louisville or Owensboro) are broken into distinct academic plan codes for lower and upper division requirements. Incoming students complete the lower division preparatory coursework requirements and then apply for selective admission to the Nursing upper division program. Completion of the lower division program does not guarantee admission to the upper division program. The lower division program does not prepare students for licensure as a nurse. The upper division program is considered a licensure program designed to meet educational requirements for licensure as a nurse. Upon acceptance, enrollment in the upper division program's academic plan code is considered the first term of enrollment in the licensure program under the Program Participation Agreement for Title IV federal financial aid eligible programs of the Higher Education Act (CFR § 668.14 (b)(32)).

Graduates from the UofL School of Nursing are prepared to apply for RN licensure upon graduation; however, educational preparation does not guarantee professional licensure. If you have questions regarding Kentucky RN licensure, please contact the Kentucky Board of Nursing (kbn.ky.gov/Pages/lpn-rn.aspx (https://kbn.ky.gov/Pages/lpn-rn.aspx)). For RN licensure questions in other states, please contact the respective state board of nursing (ncsbn.org/contact-bon.htm (https://ncsbn.org/contact-bon.htm)).

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

# Nursing, Accelerated Program (BSN)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Bachelor of Science in Nursing, Accelerated Program

Unit: Nursing (http://www.louisville.edu/nursing/)
Academic Plan Code(s): NURABSN, NURABSNUD, NURABSNOW, NURABSNUDW

**Program Information**

The Accelerated Second Degree Bachelor of Science in Nursing program is a hybrid accelerated program that prepares students with a bachelor's degree in any area outside of nursing to become entry-level professional nurses. This program has two locations: Louisville, Kentucky and Owensboro, Kentucky. Hybrid programs are a combination of online and in person instruction. Course lectures will be offered online. Clinical and lab experiences will be completed in person at the location in which you are admitted.

This program consists of four semesters of program major requirements after the successful completion of all the professional/prerequisite course work. Our BSN program also provides the necessary content to prepare for masters and doctoral degrees in nursing. Graduates of the BSN program will be prepared to take the National Council Examination for Registered Nurses (NCLEX-RN).

Students will use innovative Patient Simulation Centers and conduct clinical in acute care and community-based settings.

Specific coursework information can be found on the Degree Requirements tab. Note: Students that complete the Accelerated BSN program will complete 8 hours of graduate level coursework during their program. Following graduation, students may apply to the UofL MSN program and may be eligible to apply these 8 graduate credit hours towards their MSN core requirements.

# Departmental Admission Requirements

**Admission to Lower Division Accelerated Bachelor of Science in Nursing (Professional/Prerequisite Coursework)**

- Students wanting to complete prerequisite coursework at the university apply to the lower division portion of the program by submitting an application for admission to the Office of Undergraduate Admissions (https://louisville.edu/admissions/) along with college transcripts from all previously attended colleges.

- To be admitted the School of Nursing to complete professional/prerequisite coursework, Accelerated Bachelor of Science in Nursing applicants must have a minimum college cumulative grade point average of 2.4.

Students may be admitted directly to the School of Nursing to complete professional/prerequisite coursework if the minimum admission standards and university deadlines are met. All prerequisite coursework must be completed prior to starting the Program/Major portion of the program. A minimum grade of C is required in all prerequisite science coursework.

Science courses must have been completed within the last 10 years. Students must submit an exemption request to the School of Nursing, Office of Student Services for review for acceptance of sciences taken prior to the last 10 years. Consideration will only be given to those with experience in the science in which exception is being requested. Transfer credit for science courses taken prior to the last 10 years will be evaluated on an individual basis. There can be no outstanding incomplete grades prior to beginning upper division nursing coursework.

Admission to the Lower Division does not guarantee admission to the Program/Major portion of the program.

**Admission to the Accelerated Bachelor of Science Nursing Degree Program/Major**

Admission to the Accelerated BSN Program is selective. To be considered for admission, applicants must:

- have earned a bachelor's degree in another field from a postsecondary institution with an institutional accreditation recognized by the U.S. Department of Education (USDE) (https://www.ed.gov/laws-and-policy/higher-education-laws-and-policy/college-accreditation/institutional-accrediting-agencies#RegionalInstitutional/#RegionalInstitutional)
- successfully complete all prerequisite requirements prior to beginning the Accelerated BSN coursework. Applicants must have a minimum of two natural science pre-requisite courses completed with a final letter grade of C or higher (no C-) by the application deadline.
- have earned a *recommended* minimum cumulative undergraduate grade point average of 2.8. The cumulative grade point average for admission consideration to the Program/Major of nursing is calculated based on all course work completed at accredited post-secondary institutions. Transfer credit and transfer GPA is determined by the Office of Transfer Articulation in the Office of Undergraduate Admissions.
- have earned a *recommended* program grade point average of 3.0. The program grade point average is based on required prerequisites as determined by the nursing faculty

Admissions are contingent on successful completion of the prerequisite coursework. Accepted students will receive a letter of agreement stating the anticipated start date, the conditions for accepting the space, and consequences of failing to meet admission conditions.

**Admissions Process for Program Major**

Submit all admissions materials to NursingCAS (https://nursingcas2022.liaisoncas.com/applicant-ux/#/login)

- Official transcripts representing all college coursework.
- Applicants who have attended a college or university outside the United States are required to submit an evaluation of their transcript through World Education Services (https://www.wes.org/) (WES) or Educational Credential Evaluators (https://www.ece.org/) (ECE).
- Within the Nursing CAS application applicant must be prepared to answer questions regarding your short- and long-term nursing goals, leadership experience, community engagement, and healthcare experience/exposure. For details and guidance regarding the questions visit the School of Nursing (https://louisville.edu/nursing/academics/bsn/accelerated/admissions/) webpage.
- Students for whom English is not their primary language must show English Proficiency (https://louisville.edu/graduate/futurestudents/application-directions/)
- Submit a certified criminal background check. Details on the School of Nursing website.

**NOTE: An unsatisfactory background check may prevent a student from being admitted into the program and/or licensed as a registered nurse. Questions regarding licensing should be addressed with the Kentucky Board of Nursing.**

A holistic review process is used when considering applications for admissions. The holistic review considers multiple criteria for admissions, such as: the applicant's professional career goals, academic capabilities, and grade point averages.

Upon completion of the program, students are eligible to apply for the MSN program. If accepted, up to 8 credit hours from the ABSN program may be applied towards the MSN degree. Completion of the ABSN program does not guarantee admission to the MSN program.

# General Education Requirements

The Accelerated Second Degree Bachelor of Science in Nursing requires the completion of the Professional Curriculum/Prerequisite courses in addition to the Program/Major Requirements. Professional/Prerequisite Curriculum classes may be transferred in from the student's previously earned degree if the course(s) are determined equivalent to the courses listed below. General Education requirements are met by the satisfactory completion of a bachelor's degree from a regionally accredited university prior to admissions into the program.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

## Professional Licensure Information

The Bachelor of Science in Nursing programs (Louisville or Owensboro) are broken into distinct academic plan codes for lower and upper division BSN degree requirements. Incoming students complete the lower division preparatory coursework prerequisite requirements in lower division and then apply for competitive selective admission to the Nursing upper division program. Completion of the lower division program prerequisites does not guarantee admission to the upper division program. The lower division portion of the program does not prepare students for licensure as a nurse. The upper division program is considered a licensure program designed to meet educational requirements for licensure as a nurse. Upon acceptance, enrollment in the upper division program's academic plan code is considered the first term of enrollment in the licensure program under the Program Participation Agreement for Title IV federal financial aid eligible programs of the Higher Education Act (CFR § 668.14 (b)(32)).

Graduates from the UofL School of Nursing are prepared to apply for RN licensure upon graduation; however, educational preparation does not guarantee professional licensure. If you have questions regarding Kentucky RN licensure, please contact the Kentucky Board of Nursing (kbn.ky.gov/Pages/lpn-rn.aspx (https://kbn.ky.gov/Pages/lpn-rn.aspx)). For RN licensure questions in other states, please contact the respective state board of nursing (ncsbn.org/contact-bon.htm (https://ncsbn.org/contact-bon.htm)).

More information about certification or licensure is available at the following website: https://louisville.edu/oapa/licensure-information (https://louisville.edu/oapa/licensure-information/) (you may search by school or by the name of the program then click on 'View Details' to display the information).

# Organizational Leadership and Learning (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

Academic Plan Code(s): See Track Requirements tab.

## Program Information

*This program is completed* 100% online (http://louisville.edu/online/programs/bachelors/bachelor-of-science-in-organizational-leadership-and-learning/) *unless otherwise specified for designated student groups that may take some courses in-person.*

The Bachelor of Science in Organizational Leadership and Learning (OLL), formerly Workforce Leadership, is designed for working professionals who have extensive and documented work experience. It is a great option for adults seeking an extra edge in today's job market. If you are ready to finish your degree, we can help do it while you enhance your skills in leading people and organizations or plan for a new career.

*This program offers academic flexibility; all program/major courses required for completion are routinely offered in accelerated format (e.g., during 3-week or 8-week terms). However, some options for general education (Cardinal Core) courses and/or Culminating Undergraduate Experience (CUE) courses may not be available in an accelerated format.*

*This program offers academic flexibility; all major specific courses required for completion are routinely offered online. Subject to demand, in-person courses are also offered, and are held outside of regular business hours (e.g., after 5pm on weekdays).*

UofL also offers a BS in Organizational Leadership and Learning in Healthcare Leadership (p. 507) program.

# Organizational Leadership and Learning, Track in Healthcare Leadership (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Organizational Leadership and Learning, track in Healthcare Leadership**
Unit: College of Education and Human Development (https://louisville.edu/education/)
Department: Educational Leadership, Evaluation and Organizational Development (https://louisville.edu/education/departments/eleod/)
Academic Plan Code(s): WFL_BS_HLO

## Program Information

*This program can is completed* 100% online (http://louisville.edu/online/programs/bachelors/bachelor-of-science-in-organizational-leadership-and-learning/*). The Competency-Based Education Flex option is closed to admission.*

*This program offers academic flexibility; all program/major courses required for completion are routinely offered in accelerated format (e.g. 8-week terms). However, some options for general education (Cardinal Core) or Supplemental Math or College Reading courses may not be available in an accelerated format.*

The Bachelor of Science in Organizational Leadership and Learning with a focus on Healthcare Leadership allows healthcare professionals to capitalize on existing knowledge and experience, and earn a bachelor's degree that can further enhance your skills in leadership, organizational change, workplace development and performance and attain higher-level positions in your organization.

UofL's Healthcare Leadership program is the first of its kind in the state and region, with a curriculum based on the National Center for Healthcare Leadership's (NCHL.org) competency model, which is one of the leading industry standard models for healthcare executive competencies development.

This program is essential for individuals who have acquired experience in the healthcare field, but are missing the proper credentials for promotions within their organization, increased pay, or management and leadership roles.

Specific coursework information can be found on the Degree Requirements tab.

The program is offered in a Term Option. Students enroll in half-term courses and complete each course within a predetermined time frame. This option allows students to follow a more structured and traditional university schedule while taking advantage of accelerated sessions. Two half-term sessions will be available in Fall and Spring and one session will be available in the Summer.

Students may start the program at the beginning of the Fall and Spring terms, at the beginning of the second half of the Fall or Spring terms, or in the summer semester. This allows students to start the program several times per year, and enroll in half-term session courses. All coursework must be completed within the half-term period. Tuition and fees in Term Option enrollments may be refunded in accordance with normal university policies.

## Departmental Admission Requirements

Applicants to the BS in Organizational Leadership and Learning with a track in Healthcare Leadership must have a 2.25 cumulative GPA in college level courses and at least 2,000 hours (approximately one year) of healthcare experience across a wide variety of organizational settings.

Additionally, applicants are recommended to have at least 24 hours of transferable credit.

Applicants who have a cumulative GPA below 2.25 or less than 2,000 hours of healthcare experience, may be considered for conditional admission.

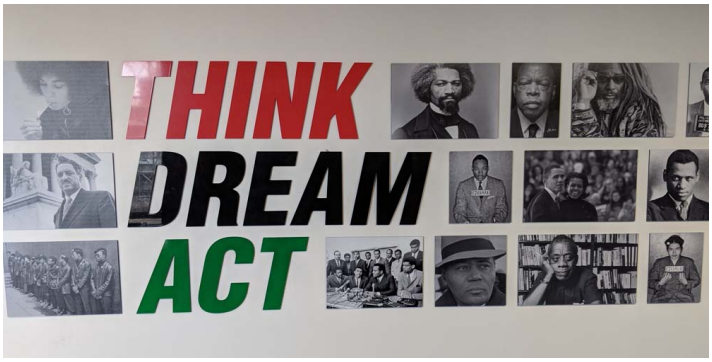
# Pan-African Studies (BA)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Pan-African Studies**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/)
Department: Pan-African Studies (http://louisville.edu/panafricanstudies/)
Academic Plan Code(s): PAS_BA

## Program Information

The Department of Pan-African Studies (PAS) has developed a Bachelor of Arts and a Bachelor of Science degree. This provides an opportunity for structured undergraduate study in the multi-disciplinary field of Pan-African Studies. Students also have the choice of earning a minor in Pan-African Studies as well.

PAS majors have career options quite similar to those of students with baccalaureate degrees in the humanities and social sciences and a PAS minor often enhances the employability of students who major in other fields.

Increasingly, PAS majors are also finding career opportunities specific to the discipline itself. Such opportunities are most common in social, cultural and educational agencies/organizations, and in business and international affairs initiatives that concern people of color. Other PAS graduates choose to pursue graduate degrees.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

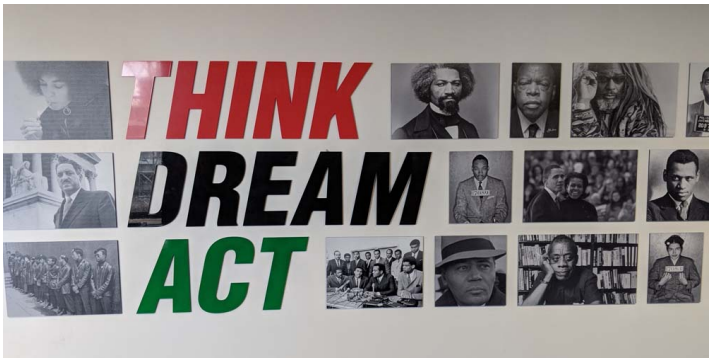
# Pan-African Studies (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Pan-African Studies**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/)
Department: Pan-African Studies (http://louisville.edu/panafricanstudies/)
Academic Plan Code(s): PAS_BS

# Program Information

The Department of Pan-African Studies (PAS) has developed a Bachelor of Arts and a Bachelor of Science degree. This provides an opportunity for structured undergraduate study in the multi-disciplinary field of Pan-African Studies. Students also have the choice of earning a minor in Pan-African Studies as well.

PAS majors have career options quite similar to those of students with baccalaureate degrees in the humanities and social sciences and a PAS minor often enhances the employability of students who major in other fields.

Increasingly, PAS majors are also finding career opportunities specific to the discipline itself. Such opportunities are most common in social, cultural and educational agencies/organizations, and in business and international affairs initiatives that concern people of color. Other PAS graduates choose to pursue graduate degrees.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

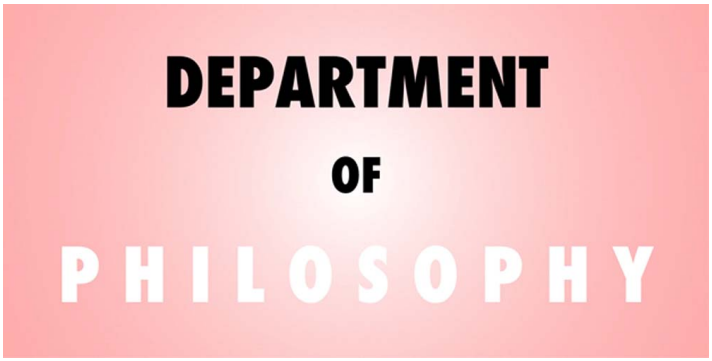
# Philosophy (BA)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Philosophy**
Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/)
Department: Philosophy (http://louisville.edu/philosophy/)
Academic Plan Code(s): See Track Requirements tab.

## Program Information

Philosophy enables students at all levels to think deeply and critically about some of the most fundamental questions of human life. The department's courses engage with the works of great thinkers in the traditions of Europe, the Americas, Africa, and Asia. With a particular strength in interdisciplinary study, Philosophy at the University of Louisville is a keystone that unifies a broad undergraduate education and prepares graduates for a changing world ahead. Philosophy also houses the minor in Philosophy, Politics, and Economics (PPE) and the Ethics Certificate, as well as the graduate MA in Applied Philosophy and graduate certificates in Health Care Ethics and Diversity Literacy. The Department's faculty has achieved exceptional research productivity and prides itself on outstandingly high student evaluations.

Completion of the Philosophy degree prepares students with skills of careful reading, clear analytic and persuasive writing, and amicable disagreement.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements | | 22 |
| Track Requirements | | 47 |
| **Minimum Total Hours** | | **122** |

Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA Philosophy/MA in Applied Philosophy

The Philosophy Department offers an accelerated degree program for the BA in Philosophy and MA in Applied Philosophy. Students can apply up to 9 hours of credit taken toward the BA (provided the relevant 600-level course requirements are completed) towards the MA degree. The BA/MA is available to students in any track within the Philosophy BA.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Students must apply no later than the end of their junior year for admission to the accelerated program. A minimum overall GPA and major grade point average of 3.5 will be required for admission to and retention in the program. Students must complete the Graduate School application.

## Departmental Admission Requirements

There are no specific admission requirements for the BA in Philosophy.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Admission and Application to the Accelerated BA Philosophy/MA Applied Philosophy

Interested students should apply for admission to the accelerated program by filling out an application with the Director of Undergraduate Studies. The application will be held until the student has completed at least 60 credit hours but less than 90 credit hours (usually in their 6th semester). Advising to ensure the requirements are met without extraneous credit hours is imperative and strongly recommended for timely degree completion and financial considerations for the accelerated degree. Please be sure to consult with undergraduate advisors and the director of the Applied Philosophy MA program. Applicants must meet the general requirements for admission to the Graduate School and must have an undergraduate GPA of 3.5 or better overall and in the Philosophy major.

## Accelerated BA Philosophy / MA Applied Philosophy

Academic Plan Code APHMA_ACC

Students interested in the BA Philosophy / MA Applied Philosophy program should contact the Director of Undergraduate Studies in Year 3 to apply to the Accelerated Pathway. Successful applicants will identify up to 9 credit hours at the 500-600 level to complete during Year 4 to count towards their current BA and upcoming MA Applied Philosophy degree.

1 It is strongly recommended that three hours be devoted to each of "theory" and "methods" as defined by a particular social science discipline. Student should seek advising with the departmental undergraduate adviser to determine appropriate courses.

2 In addition to courses counted for General Education or college programmatic requirements.

1 Students who fulfill other requirements with 500-level PHIL courses may be able to complete General electives 8 and/or 9 as an open elective at any level.

2 Students who have been accepted into the Accelerated BA Philosophy/MA Applied Philosophy should take three electives in the 4th year at the 600 level. Students should meet with the Director of Graduate Studies to ensure that their selected courses will count towards the MA.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Physics (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Physics**
Unit: College of Arts and Sciences (AS) (https://louisville.edu/artsandsciences/home/)
Department: Physics and Astronomy (https://louisville.edu/physics/)
Academic Plan Code(s): PHYSBA

## Program Information

The Bachelor of Arts (BA) degree in Physics is designed for substantial pre-professional education for such fields as medicine, patent law, teaching, technical writing, and technical sales. Students preparing for secondary school science teaching may choose electives to help fulfill teaching certification requirements.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 33 |
| Supporting Courses | | 35-36 |
| **Minimum Total Hours** | | **121-122** |

1 Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request form can be found under the Academic Progress tile on ULink (https://ulink.louisville.edu/).

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and can be taken to fulfill the respective General Education Requirement: | | |
| MATH 205 | Calculus I - QR (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 295 | Introductory Laboratories I - SL (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| Any three credit hour Natural Science Gen Ed - S (excluding PHYS 221, PHYS 222, PHYS 223, and PHYS 224) at the 200 level or above | | |
| **Minimum Total Hours** | | **31** |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Physics (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Physics**
Unit: College of Arts and Sciences (AS) (https://louisville.edu/artsandsciences/home/)
Department: Physics and Astronomy (https://louisville.edu/physics/)
Academic Plan Code(s): See Track Requirements tab.

## Program Information

The Bachelor of Science (BS) degree is intended as preparation for entry into graduate programs in Physics and other scientific or engineering fields. It also provides suitable training for entering the workforce in a technical position.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 13-15 |
| Program/Major Requirements [1] | | 44-45 |
| Supporting Courses | | 30-33 |
| Track Requirements | | 9-10 |
| **Minimum Total Hours** | | **121** |

[1] Twelve credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

### Accelerated BS/MS (Master of Science) in Physics

Physics majors who are considering pursuing a master's degree (MS) in Physics can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BS/MS take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Interested students must apply for admission to the program in the first semester of the senior year (i.e., after completing 90 hours). Applicants must have completed at least 21 credit hours in Physics before applying to the program with at least a 3.0 GPA in Physics courses and a 3.35 university GPA. Students must also maintain a 3.0 GPA after they are admitted to the BS/MS program.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

## Departmental Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request form can be found under the Academic Progress tile on ULink.

### Accelerated BS/MS (Master of Science) in Physics Program

Applicants apply for admission to the five-year accelerated program in the first semester of the senior year and must meet the following criteria:

- The applicant will have completed at least 21 credit hours in Physics before applying to the program.
- The applicant will have maintained at least a 3.0 GPA in Physics courses and a 3.35 GPA overall.

All applicants must submit an application along with GRE General test score consistent with MS in Physics program (https://catalog.louisville.edu/graduate/programs-study/master-science-physics/) guidelines.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| The following courses are required by the program and should be taken to fulfill the respective General Education Requirement: | | |
| CHEM 201 | General Chemistry I - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |
| PHYS 298 | Introductory Mechanics, Heat and Sound - S (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | |

1 Ten (10) credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.
2 Completion of the intermediate level of a single foreign language.
3 In addition to courses counted toward General Education, 6 hours must be at the 300 level or above.
4 May be incorporated into other degree requirements

[5] Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

[6] Students pursuing the professional track must either take an additional 3 hours of research or choose one of the other options to meet the major requirements.

[1] Students admitted to the accelerated master's program for any track are required to take PHYS 542, PHYS 556, and any 500-level STEM elective. These graduate courses can be taken within the flight plan for any track instead of an undergraduate elective in Year 4 and will count for both the undergraduate and graduate degree.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

### Flight Planner

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Political Science (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Political Science**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Political Science (http://louisville.edu/politicalscience/)
Academic Plan Code(s): See Track Requirements tab.

# Program Information

*This program can be completed* 100% online *(*https://louisville.edu/online/programs/bachelors/online-bachelor-of-arts-in-political-science/*).*

Bachelor of Arts in Political Science program at UofL cultivates an understanding of policy, politics and governments in the United States and around the globe. We offer a wide range of courses including campaigns and elections, the Presidency and Congress, social movements and civil rights, terrorism and war, constitutional law, environmental policy, religious politics, urban politics and poverty, and international politics. The department is a particularly inviting environment for students, with small class sizes, our own building, a computer lab, and options to specialize via several tracks in our major.

Political Science majors at the University of Louisville have been extremely successful in earning prestigious scholarships and fellowships. The roster of recent successes includes numerous Fulbright Award winners and multiple Truman Scholars. Since 2010, three of our students have won the annual Mary Churchill Humphrey scholarship, often described as UofL's Rhodes Scholarship because it supports graduate study in Great Britain. Many of our majors go on to have successful careers in government, international affairs, nongovernmental organizations, business, academia, and media.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 15 |
| Track Requirements [1, 2] | | 53 |
| **Minimum Total Hours** | | **121** |

1. Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree.
2. Political Science offers three BA options (two tracks and one non-track). For all three options, including the non-track, please refer to the Track Requirements tab.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BA/MA in Political Science

Political Science majors who are considering pursuing a master's degree (MA) in Political Science can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA/MA take 9-12 credit hours (depending on the graduate option selected) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Accelerated BA/MA Admission Requirements

The Department of Political Science also offers its undergraduate majors an opportunity to earn both a BA degree and an MA degree at an accelerated pace. The non-thesis track of the program allows students to complete twelve (12) credit hours of graduate coursework while enrolled as undergraduate students. The thesis track of the program allows students to complete nine (9) credit hours of graduate coursework while enrolled as undergraduate students. Interested students should apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must be Political Science majors with a GPA of approximately 3.2 or higher.

To apply, students must obtain two letters of recommendation from faculty attesting to their ability to do high-quality academic work at the graduate level. Students must also write a personal statement where they describe their professional or occupational objectives, areas of interest in political science, and how the department's program (and

specific faculty) will help to achieve those objectives. The GRE is not required. All application materials should be sent to the department's Director of Graduate Studies. See the department website for contact information.

2 POLS 399 may be an appropriate elective under any category depending on its topic in a given semester. A student must obtain her/his advisor's approval before attempting to use this course to satisfy an area requirement.

3 POLS 333 may be used as an elective option under Public Policy or International Relations. It may only satisfy one requirement. It may not be used to satisfy both requirements.

4 POLS 341 may be used as an elective option under International Relations and Comparative Politics. It may only satisfy one requirement. It may not be used to satisfy both requirements.

5 POLS 363 may be used as an elective option under International Relations and Comparative Politics. It may only satisfy one requirement. It may not be used to satisfy both requirements.

## Accelerated BA/MA in Political Science

Students in the Accelerated Pathway should take 9 hours (thesis track) or up to 12 hours (non-thesis track) of graduate courses listed below:

| Code | Title | Hours |
|---|---|---|
| POLS 670 | Research Design | 3 |
| POLS 619 | Seminar in Public Policy [1] | 3 |
| POLS 629 | Seminar in American Politics [1] | 3 |
| POLS 639 | Seminar in International Relations [1] | 3 |
| POLS 649 | Seminar in Comparative Politics [1] | 3 |

[1] Other 500- or 600-level graduate POLS classes may be substituted, depending on what is needed to complete the undergraduate major, the timing of graduate offerings, and when the student enters the Accelerated Pathway. Political Science courses at the 500- or 600- level that were taken before a student was admitted into the Accelerated Pathway cannot be double counted. Students should consult with the Director of Graduate Studies in Political Science and their undergraduate advisor to ensure that degree requirements for both programs are met.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Political Science with a 3+3 Track to Law (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Political Science with a 3+3 Track to Law**

Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Political Science (http://louisville.edu/politicalscience/)
Academic Plan Code(s): POLS BA 3+3

# Program Information

The College of Arts & Sciences and the Louis D. Brandeis School of Law have joined forces to create 3+3 Accelerated Law programs that allow eligible students in the College of Arts & Sciences to begin law school in their senior year of undergraduate study. Students substitute undergraduate major and elective requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later. Students must have completed three years (6 semesters, fall & spring) of undergraduate course work post high school graduation, including transfer credit, prior to enrollment at Brandeis.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

# Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 59 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **142** |

# Departmental Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request form can be found under the Academic Progress tile on ULink.

# Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (http://louisville.edu/law/admissions/). The office can also arrange for you to visit the law school and to sit in on a class.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Political Science (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Political Science**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Political Science (http://louisville.edu/politicalscience/)
Academic Plan Code(s): POLSBS_LP

## Program Information

The Bachelor of Science in Political Science program at UofL offers a single track in Law & Public Policy that cultivates an understanding of policy, politics and governments in the United States and around the globe. We offer a wide range of courses including campaigns and elections, the Presidency and Congress, social movements and civil rights, terrorism and war, constitutional law, environmental policy, religious politics, urban politics and poverty, and international politics. The department is a particularly inviting environment for students, with small class sizes, our own building, a computer lab, and options to specialize via several tracks in our major.

Political Science majors at the University of Louisville have been extremely successful in earning prestigious scholarships and fellowships. The roster of recent successes includes numerous Fulbright Award winners and multiple Truman Scholars. Since 2010, three of our students have won the annual Mary Churchill Humphrey scholarship, often described as UofL's Rhodes Scholarship because it supports graduate study in Great Britain. Many of our majors go on to have successful careers in government, international affairs, nongovernmental organizations, business, academia, and media.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Accelerated BS/MA in Political Science

Political Science majors who are considering pursuing a master's degree (MA) in Political Science can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BS/MA take 9-12 credit hours (depending on the graduate option selected) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

There are no specific admission requirements for this degree plan.

The Change Major Request Form can be found under the Academic Progress tile on ULink.

## Accelerated BS/MA Admission Requirements

The Department of Political Science also offers its undergraduate majors an opportunity to earn both a BS degree and an MA degree at an accelerated pace. The non-thesis track of the program allows students to complete twelve (12) credit hours of graduate coursework while enrolled as undergraduate students. The thesis track of the program allows students to complete nine (9) credit hours of graduate coursework while enrolled as undergraduate students. Interested students should apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must be Political Science majors with a GPA of approximately 3.2 or higher.

To apply, students must obtain two letters of recommendation from faculty attesting to their ability to do high-quality academic work at the graduate level. Students must also write a personal statement where they describe their professional or occupational objectives, areas of interest in political science, and how the department's program (and specific faculty) will help to achieve those objectives. The GRE is not required. All application materials should be sent to the department's Director of Graduate Studies. See the department website for contact information.

*Students in the BS/MA Accelerated Option should consult their advisor about modifying this flight plan for their specific needs.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

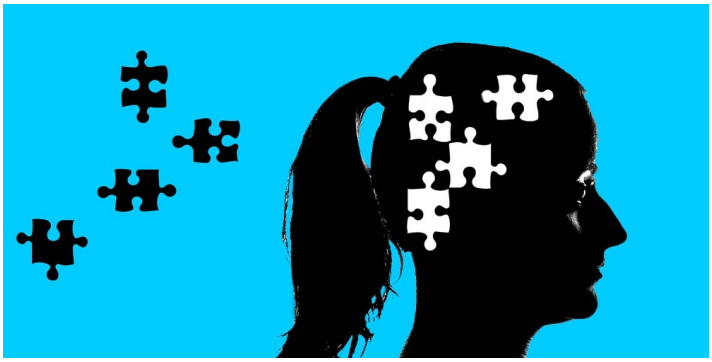
## Accelerated BS/MA in Political Science

Students in the Accelerated Pathway should take 9 hours (thesis track) or up to 12 hours (non-thesis track) of graduate courses listed below:

| Code | Title | Hours |
|---|---|---|
| POLS 670 | Research Design | 3 |
| POLS 619 | Seminar in Public Policy [1] | 3 |
| POLS 629 | Seminar in American Politics [1] | 3 |
| POLS 639 | Seminar in International Relations [1] | 3 |
| POLS 649 | Seminar in Comparative Politics [1] | 3 |

[1] Other 500- or 600-level graduate POLS classes may be substituted, depending on what is needed to complete the undergraduate major, the timing of graduate offerings, and when the student enters the Accelerated Pathway. Political Science courses at the 500- or 600- level that were taken before a student was admitted into the Accelerated Pathway cannot be double counted. Students should consult with the Director of Graduate Studies in Political Science and their undergraduate advisor to ensure that degree requirements for both programs are met.

# Psychology (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Psychology**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Psychological and Brain Sciences (http://louisville.edu/psychology/)
Academic Plan Code(s): PSYCBS, PSYCBS_O

# Program Information

*This program can be completed* 100% online *(*https://louisville.edu/online/programs/bachelors/bachelor-of-science-in-psychology/*).*

The Bachelor of Science in Psychology prepares students for most bachelor's-level careers as well as graduate school in psychology, training in health or science fields (including medical school), and careers in other professional domains. Students develop the critical thinking and communication skills necessary to gather, interpret, and present data. Psychology students can become intelligent consumers of information and active investigators of the fields of cognition, behavior, and brain science and understand how each facet of psychology impacts everyday decision-making. Students can also choose to complete some of the required course work for a pre-med curriculum by taking supporting classes in natural sciences.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

[1] Students earning the BS in Psychology will satisfy at least 10 hours of General Education Requirements by courses defined by the program. Students who take MATH 205 and also apply it to satisfy the Quantitative Reasoning requirement will satisfy 14 hours. In either case, students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

[2] Four (4) courses from any other social science or natural science department, or from Communicative Disorders (CMDS). Social science courses must be at the 300+ level and natural science courses must be at the 200+ level.

Specific coursework information can be found on the Degree Requirements tab.

## Accelerated BS in Psychology to MS in Psychological Sciences

*While the Psychology BS can be completed 100% online, graduate courses taken toward the MS portion of the accelerated BS-MS option are not available 100% online.*

The Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) accelerated BS/MS program is ideally suited for undergraduate students wishing to pursue a doctoral program in psychology (or related field) or those interested in being more "work-force ready" upon graduating. It is also well-suited for qualified students interested in testing the waters of graduate school or taking a "one step at a time" approach.

**Overview**
Psychology majors who are considering pursuing a master's degree (MS) in Psychological Science can earn a master's degree in less time through the Soaring Scholar program. Students accepted into this program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

**Mentorship**
Each student accepted into the accelerated program will receive one-on-one mentoring as part of their training. Faculty mentors will guide the research experiences of students in the program. Students without a faculty mentor may not continue in the program.

**Research**
Research experience is a critical component of the BS/MS. Students must have completed, or be currently enrolled in, PSYC 491 or 492 in order to apply to the Soaring Scholars program. First- and Second-year students should plan ahead and find a PSYC 491 mentor in advance of applying to the Soaring Scholars program. Look through the list of Psychological Science and Clinical Psychology faculty (https://louisville.edu/psychology/people/faculty/)for professors whose research interests you. Email them, and ask if they have openings for a 491 student (let them know you are considering applying for the Soaring Scholars program). Many faculty also post current openings on the Undergraduate Psychology Research page (https://louisville.edu/psychology/undergraduate/research/).

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor to determine eligibility and apply to the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

Admission to the major in Psychology requires:[2]

1. Completion of PSYC 201 with a minimum grade of C;[1]
2. Completion of General Education QR course with a minimum grade of C;[1, 2]
3. Completion of PSYC 301 with a minimum grade of C;[1]
4. Completion of PSYC 302 with a minimum grade of C;[1]
5. Completion of 30 hours of degree-applicable credit with a minimum grade point average of 2.0; and
6. A minimum grade point average of 2.0 in Psychology.

The Change Major Request form can be found under the Academic Progress tile on ULink.

1 Grades of C- are not accepted.
2 PSYC 205 does not count towards credit hours required for the Psychology major.

## Soaring Scholar Accelerated BS Psychology/MS Psychological Science Admission Requirements

Interested students must apply to the program by December 1 of their Junior year. Applicants must have completed PSYC 201, PSYC 301, PSYC 302*, and PSYC 491 or PSYC 492 prior to application. Applicants must have a minimum overall GPA of 3.0 and a 'C' grade or better in courses required for their BS. Students must maintain a GPA of greater than 2.5 during their enrollment in the Soaring Scholar program. Students must enter the Soaring Scholar program with no more than 24 credit hours remaining to complete their BS degree, and they must enter the program with 9 hours of elective credit remaining in their BS degree. Students interested in applying to Soaring Scholars program for Psychology should follow the application process outlined in the Soaring Scholars Application Checklist (https://graduate.louisville.edu/academics/programs/soaring/).

* Students may be currently enrolled in PSYC 302 when applying to the Soaring Scholar program.

- A minimum GPA of 2.0 in Psychology (PSYC) coursework

At least 50 of the total minimum hours required must be at the 300 level or above.
Students who wish to double major in the BS in Psychology and the BS in Neuroscience degrees must complete 18 credit hours toward the Psychology (PSYC) degree that do not count towards meeting the Neuroscience (NS) degree requirements. These 18 credit hours must include the following courses: PSYC 306, PSYC 307 and PSYC 308. If these courses are taken as electives for the NS degree, additional PSYC courses must be taken in their place. Students must also complete one PSYC CUE course and one NS CUE course. For elective courses that can count toward either degree, the student must specify whether each course will count for NS or PSYC.

# Public Health (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Public Health**
Unit: Public Health and Information Sciences (http://louisville.edu/sphis/)
Academic Plan Code: PH_ _BA, PH_ _ BA_SHE

# Program Information

The School of Public Health and Information Sciences (SPHIS) offers two undergraduate degree options: Bachelor of Science in Public Health for students focused on public health practice and Bachelor of Arts in Public Health for liberal studies.

A degree in public health provides students with the skills they need to improve the health of populations and communities, as well as alleviate suffering caused by disease, injuries and health disparities. Public Health majors learn how to inquire, challenge and explore options that promote the health and well-being of the community.

A BA in Public Health prepares students for positions in specific sectors of public health, health services, and public policy, with career opportunities in health education, health care administration, health research, environmental health, and more. Examples of job settings could include colleges and universities, federal and state health agencies, and community and international organizations. Both degrees prepare students for advanced degrees in public health, law, and clinical health professions (i.e., PA, PT, Nursing, Pharmacy, Medicine, and Dentistry).

**Accelerated Dual Bachelor's/Master's in Public Health**

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

Students are admitted to the School of Public Health and Information Sciences on either a degree seeking or non-degree seeking basis. High school visitors, visiting students from other institutions, auditors, post baccalaureate students, and continuing studies students are considered non-degree seeking. All other students are considered degree seeking. Applicants will be notified by the University's Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. Students planning to earn degrees from the School of Public Health and Information Sciences must be degree-seeking in order for the

credits they have earned to apply toward their degrees. Students remain in a degree-seeking status until they graduate, transfer to another college or university, or are suspended/dismissed.

All newly admitted students are required to meet with SPHIS Undergraduate Advising prior to enrolling in classes. Admission is granted to students meeting the following requirements:

### Entering First-Year Students and Transfer Students with Fewer than 24 Credit Hours

### - Good Standing

1. Must meet minimum university admissions requirements
2. One of the following:
   a. Graduation from accredited high school
   b. Successful completion of General Education Development (GED) tests
3. High school GPA of 2.5 or higher
4. ACT/SAT score of 20/1030 or higher (optional)
5. College GPA of 2.0 (if applicable)

### - Conditional Admission

Students who meet University minimum academic standards may be conditionally admitted (see **Undergraduate Catalog, Admission to the University of Louisville (https://catalog.louisville.edu/undergraduate/admission/)**).

### Transfer student with 24 credit hours or more

**- Good Standing**

Must meet minimum university admissions requirements, including a 2.0 Cumulative college GPA (includes UofL GPA).

### - Conditional Admission

Petition approved by Public Health Appeals Committee.

## Accelerated BA-MPH in Public Health Admissions Process

### Pre-Enrollment

Undergraduates who will have earned a minimum of 75 credit hours and an undergraduate cumulative GPA of 3.25 may pursue the accelerated degree program option. Eligible students who complete the following by February 1st of the student's sixth undergraduate semester can receive permission to enroll in MPH graduate level courses from the director of the MPH program:

- Submit an online program-petition (http://louisville.edu/sphis/current-students/accelerated-mph-program-petition-form/)
- Submit resume
- Submit a letter of recommendation, preferably from a UofL faculty member, that speaks to their academic abilities, to the SPHIS Academic Coordinator at ugsphis@louisville.edu (ugsphis@louisville.edu?subject=Accelerated%20LOR).

### Pre-Admission & Concentration Declaration

Students granted permission to enroll in graduate-level courses will need to declare a concentration for the Master of Public Health graduate degree by November 15 of the student's seventh undergraduate semester. The concentration options for an accelerated student are Epidemiology, Health Promotion and Behavioral Sciences, and Health Policy. Students applying to the epidemiology concentration will be required to have a strong quantitative background. ACT score, math placement score, and MATH 111 or higher course will be considered. A representative from the desired concentration will schedule an interview with the student to determine provisional admission and approval of concentration declaration for the students accelerated program.

### Provisional Admission

Once approved to declare a concentration, the student is now provisionally admitted to the MPH accelerated program and must complete the following steps no later than the final year of their undergraduate studies to formally apply to the MPH program:

- Submit a complete UofL Graduate School Application (https://louisville.edu/graduate/futurestudents/apply-materials/application/) no later than March 1st and apply for the Summer term unless the student is pursuing the Health Promotion & Behavioral Sciences concentration, in which case that student should apply for the Fall term.
  - Accelerated MPH students DO NOT submit a SOPHAS Application
- Submit two letters of recommendation written within the last twelve months (at least one must be a SPHIS faculty member).
- Overall GPA for the undergraduate degree (including the core courses) must be a minimum of 3.0, and students must have made a grade of B or better in each of the following MPH core courses:
  - PHST 500 Introduction to Biostatistics for Health Sciences I
  - PHPB 501 Introduction to Public Health Behavior
  - PHEP 501 Introduction to Epidemiology
  - PHMS 501 Introduction to Public Health Practice and Administration
  - PHST 501 Introduction to Biostatistics for Health Sciences II (if applicable to concentration)
- One-page personal statement written by the applicant that is a clear, substantive description of their goals in public health.
- Resume/CV
- There is no GRE requirement.

Upon receipt of MPH admissions materials students will remain provisionally admitted to the MPH program until successful completion of their undergraduate degree. Following the receipt of their undergraduate degree, their admission status will be updated accordingly.

## Accelerated BA-MPH for non-Public Health majors Admissions Process

### Pre-Enrollment

Undergraduates who will have earned a minimum of 75 credit hours and an undergraduate cumulative GPA of 3.25 may pursue the accelerated degree program option. Students must also have completed Cardinal Core math and English requirements before submission of online program petition. Eligible students who complete the following by February 1st of the student's sixth undergraduate semester can receive permission to enroll in MPH graduate level courses from the director of the MPH program:

- Submit an online program-petition (http://louisville.edu/sphis/current-students/accelerated-mph-program-petition-form/)

- Submit resume
- Submit a letter of recommendation, preferably from a UofL faculty member, that speaks to their academic abilities, to the SPHIS Academic Coordinator at ugsphis@louisville.edu (ugsphis@louisville.edu?subject=Accelerated%20LOR).
- Submit a letter from their academic advisor supporting this option and include their academic plan and how the MPH courses fit into the plan and they will stay on track to graduate: ugsphis@louisville.edu (ugsphis@louisville.edu?subject=Accelerated%20LOR)
- Students may be interviewed by the MPH program director following the submission of their petition and notified of petition acceptance no later than the end of the student's sixth semester.

***Academic Advising***

- Upon notification of petition acceptance, the undergraduate advisor will work directly with the student's academic advisor and student to review MPH core course sequencing and the scheduling to verify degree completion.
- General accelerated students will also be assigned a public health academic advisor for the undergraduate accelerated MPH portion of their degree.

***Pre-Admission & Concentration Declaration***

Students granted permission to enroll in graduate-level courses will need to declare a concentration for the Master of Public Health graduate degree by November 15 of the student's seventh undergraduate semester. The concentration options for an accelerated student are Epidemiology, Health Policy, and Health Promotion and Behavioral Sciences. Students applying to the epidemiology concentration will be required to have a strong quantitative background. ACT score, math placement score, and MATH 111 or higher course will be considered. A representative from the desired concentration will schedule an interview with the student to determine provisional admission and approval of concentration declaration for the students accelerated program.

***Provisional Admission***

Once approved to declare a concentration, the student is now provisionally admitted to the MPH accelerated program and must complete the following steps no later than the final year of their undergraduate studies to formally apply to the MPH program:

- Submit a complete UofL Graduate School Application (https://louisville.edu/graduate/futurestudents/apply-materials/application/) no later than March 1st and apply for the Summer term unless the student is pursuing the Health Promotion & Behavioral Sciences concentration, in which case that student should apply for the Fall term.
  - **Accelerated MPH students DO NOT submit a SOPHAS Application**
  - Pay the Graduate School Application fee
  - Submit two letters of recommendation written within the last 12 months (at least one must be a SPHIS faculty member)
  - Include a one-page personal statement with clear, substantive description of goals in public health.
  - Resume/CV
- Maintain a minimum graduate program GPA of 3.0
- Receive a grade of "B" or higher in the following MPH core courses:
  - PHST 500 Introduction to Biostatistics for Health Sciences I
  - PHPB 501 Introduction to Public Health Behavior
  - PHEP 501 Introduction to Epidemiology
  - PHMS 501 Introduction to Public Health Practice and Administration
  - PHST 501 Introduction to Biostatistics for Health Sciences II (if applicable to concentration)
- There is **NO GRE** requirement.

Upon receipt of MPH admissions materials students may be provisionally admitted to the MPH program based on receipt of their undergraduate degree. Following the receipt of their undergraduate degree, their admission status will be updated accordingly.

## Accelerated BA-MPH in Public Health

Academic Plan Code(s):

- Concentration in Epidemiology: PHBAMPHEPA
- Concentration in Health Policy: PHBAMPHHPA
- Concentration in Health Promotion and Behavioral Sciences: PHBAMPHHKA

The accelerated degree program allows a student to complete the Bachelor of Arts in Public Health (BA) and the Master of Public Health (MPH) over a five year period. The first four years consist of undergraduate studies, including up to 15 credit hours of public health graduate level courses taken during the senior year, culminating in the award of the Bachelors of Arts in Public Health degree.

The fifth year, including the summer following graduation with a bachelor's degree, consists of graduate coursework in public health, leading to completion of the Master of Public Health (MPH) degree. The Master of Public Health (MPH) degree program is designed to provide students with training in foundational MPH competencies as well as a specific area of concentration. MPH concentrations currently available for the accelerated program are:

- Epidemiology
- Health Policy
- Health Promotion and Behavior

MPH graduates are prepared for positions in the public health work force, health-related industries, academic organizations, or for further professional or academic education.

The accelerated curriculum allows students to take a maximum of 15 credit hours of the Master of Public Health course work during their undergraduate studies. The 15 graduate credits will count towards the completion of both the BA and MPH degrees and will substitute for required undergraduate courses as follows:

Fall Curriculum, all concentrations:

- Undergraduate course: PHST 301 (https://catalog.louisville.edu/search/?P=PHST%20301) Quantitative Methods in Public Health
  MPH replacement course: PHST 500 (https://catalog.louisville.edu/search/?P=PHST%20500) Introduction to Biostatistics for Health Sciences I
- Undergraduate course: PHPB 300 (https://catalog.louisville.edu/search/?P=PHPB%20300) Social and Behavioral Foundations of Public Health
  MPH replacement course: PHPB 501 (https://catalog.louisville.edu/search/?P=PHPB%20501) Introduction to Public Health Behavior

# Public Health (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Public Health**

Unit: Public Health and Information Sciences (http://louisville.edu/sphis/)
Academic Plan Code(s): PH_ _BS, PH_ _BS_PRE, PH_ _BS_ SHE

## Program Information

The School of Public Health and Information Sciences (SPHIS) offers two undergraduate degree options: Bachelor of Science in Public Health for students focused on public health practice and Bachelor of Arts in Public Health for liberal studies.

A degree in public health provides students with the skills they need to improve the health of populations and communities, as well as alleviate suffering caused by disease, injuries and health disparities. Public Health majors learn how to inquire, challenge and explore options that promote the health and well-being of the community.

A BS in Public Health prepares students for positions in specific sectors of public health, health services, and public policy, with career opportunities in health education, health care administration, health research, environmental health, and more. Examples of job settings could include colleges and universities, federal and state health agencies, and community and international organizations. Both degrees prepare students for advanced degrees in public health, law, and clinical health professions (i.e., PA, PT, Nursing, Pharmacy, Medicine, and Dentistry).

**Accelerated Dual Bachelor's/Master's in Public Health**

Undergraduate students interested in participating in an accelerated dual bachelor's/ master's degree offered through the Soaring Scholar program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program.

A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the school, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Students are admitted to the School of Public Health and Information Sciences on either a degree seeking or non-degree seeking basis. High school visitors, visiting students from other institutions, auditors, post baccalaureate students, and continuing studies students are considered non-degree seeking. All other students are considered degree seeking. Applicants will be notified by the University's Office of Admissions of their status and of the conditions of their enrollment at the time they are accepted. Students planning to earn degrees from the School of Public Health and Information Sciences must be degree-seeking in order for the credits they have earned to apply toward their degrees. Students remain in a degree-seeking status until they graduate, transfer to another college or university, or are suspended/dismissed.

All newly admitted students are required to meet with SPHIS Undergraduate Advising prior to enrolling in classes. Admission is granted to students meeting the following requirements:

## Entering First-Year Students and Transfer students with fewer than 24 credit hours

### - Good Standing

1. Must meet minimum university admissions requirements
2. One of the following:
   a. Graduation from accredited high school
   b. Successful completion of General Education Development (GED) tests
3. High school GPA of 2.5 or higher
4. ACT/SAT score of 20/1030 or higher (optional)
5. College GPA of 2.0 (if applicable)

### - Conditional Admission

Students who meet University minimum academic standards may be conditionally admitted (see **Undergraduate Catalog, Admission to the University of Louisville (https://catalog.louisville.edu/undergraduate/admission/)**).

## Transfer student with 24 credit hours or more

### - Good Standing

Must meet minimum university admissions requirements, including a 2.0 Cumulative college GPA (includes UofL GPA).

### - Conditional Admission

Petition approved by Public Health Appeals Committee.

## Accelerated BS-MPH in Public Health Admissions Process

### Pre-Enrollment

Undergraduates who will have earned a minimum of 75 credit hours and an undergraduate cumulative GPA of 3.25 may pursue the accelerated degree program option. Eligible students who complete the following by February 1st of the student's sixth undergraduate semester can receive permission to enroll in MPH graduate level courses from the director of the MPH program:

- Submit an online program-petition (http://louisville.edu/sphis/current-students/accelerated-mph-program-petition-form/)
- Submit resume
- Submit a letter of recommendation, preferably from a UofL faculty member, that speaks to their academic abilities, to the SPHIS Academic Coordinator at ugsphis@louisville.edu (ugsphis@louisville.edu?subject=Accelerated%20LOR).

### Pre-Admission & Concentration Declaration

Students granted permission to enroll in graduate-level courses will need to declare a concentration for the Master of Public Health graduate degree by November 15 of the student's seventh undergraduate semester. The concentration options for an accelerated student are Epidemiology, Health Promotion and Behavioral Sciences, and Health Policy. Students applying to the epidemiology concentration will be required to have a strong quantitative background. ACT score, math placement score, and MATH 111 or higher course will be considered. A representative from the desired concentration will schedule an interview with the student to determine provisional admission and approval of concentration declaration for the students accelerated program.

### Provisional Admission

Once approved to declare a concentration, the student is now provisionally admitted to the MPH accelerated program and must complete the following steps no later than the final year of their undergraduate studies to formally apply to the MPH program:

- Submit a complete UofL Graduate School Application (https://louisville.edu/graduate/futurestudents/apply-materials/application/) no later than March 1st and apply for the Summer term unless the student is pursuing the Health Promotion & Behavioral Sciences concentration, in which case that student should apply for the Fall term.
  - Accelerated MPH students DO NOT submit a SOPHAS Application
- Submit two letters of recommendation written within the last twelve months (at least one must be a SPHIS faculty member).
- Overall GPA for the undergraduate degree (including the core courses) must be a minimum of 3.0, and students must have made a grade of B or better in each of the following MPH core courses:
  - PHST 500 Introduction to Biostatistics for Health Sciences I
  - PHPB 501 Introduction to Public Health Behavior
  - PHEP 501 Introduction to Epidemiology
  - PHMS 501 Introduction to Public Health Practice and Administration
  - PHST 501 Introduction to Biostatistics for Health Sciences II (if applicable to concentration)
- One-page personal statement written by the applicant that is a clear, substantive description of their goals in public health.
- Resume/CV
- There is no GRE requirement.

Upon receipt of MPH admissions materials students will remain provisionally admitted to the MPH program until successful completion of their undergraduate degree. Following the receipt of their undergraduate degree, their admission status will be updated accordingly.

## Accelerated BS-MPH for non-Public Health majors Admissions Process

### Pre-Enrollment

Undergraduates who will have earned a minimum of 75 credit hours and an undergraduate cumulative GPA of 3.25 may pursue the accelerated degree program option. Students must also have completed Cardinal Core math and English requirements before submission of online program petition. Eligible students who complete the following by February 1st of the student's sixth undergraduate semester can receive permission to enroll in MPH graduate level courses from the director of the MPH program:

- Submit an online program-petition (http://louisville.edu/sphis/current-students/accelerated-mph-program-petition-form/)
- Submit resume
- Submit a letter of recommendation, preferably from a UofL faculty member, that speaks to their academic abilities, to the SPHIS Academic Coordinator at ugsphis@louisville.edu (ugsphis@louisville.edu?subject=Accelerated%20LOR).
- Submit a letter from their academic advisor supporting this option and include their academic plan and how the MPH courses fit into the plan and they will stay on track to graduate: ugsphis@louisville.edu (ugsphis@louisville.edu?subject=Accelerated%20LOR).
- Students may be interviewed by the MPH program director following the submission of their petition and notified of petition acceptance no later than the end of the student's sixth semester.

***Academic Advising***

- Upon notification of petition acceptance, the undergraduate advisor will work directly with the student's academic advisor and student to review MPH core course sequencing and the scheduling to verify degree completion.
- General accelerated students will also be assigned a public health academic advisor for the undergraduate accelerated MPH portion of their degree.

***Pre-Admission & Concentration Declaration***

Students granted permission to enroll in graduate-level courses will need to declare a concentration for the Master of Public Health graduate degree by November 15 of the student's seventh undergraduate semester. The concentration options for an accelerated student are Epidemiology, Health Policy, and Health Promotion and Behavioral Sciences. Students applying to the epidemiology concentration will be required to have a strong quantitative background. ACT score, math placement score, and MATH 111 or higher course will be considered. A representative from the desired concentration will schedule an interview with the student to determine provisional admission and approval of concentration declaration for the students accelerated program.

***Provisional Admission***

Once approved to declare a concentration, the student is now provisionally admitted to the MPH accelerated program and must complete the following steps no later than the final year of their undergraduate studies to formally apply to the MPH program:

- Submit a complete UofL Graduate School Application no later than March 1st and apply for the Summer term unless the student is an HP & BS concentration in which that student would apply for the Fall term louisville.edu/graduate/futurestudents/apply-materials/application (https://louisville.edu/graduate/futurestudents/apply-materials/application/)
  - **Accelerated MPH students DO NOT submit a SOPHAS Application**
  - Pay the Graduate School Application fee
  - Submit two letters of recommendation written within the last 12 months (at least one must be a SPHIS faculty member)
  - Include a one-page personal statement with clear, substantive description of goals in public health.
  - Resume/CV
- Maintain a minimum graduate program GPA of 3.0
- Receive a grade of "B" or higher in the following MPH core courses:
  - PHST 500 Introduction to Biostatistics for Health Sciences I
  - PHPB 501 Introduction to Public Health Behavior
  - PHEP 501 Introduction to Epidemiology
  - PHMS 501 Introduction to Public Health Practice and Administration
  - PHST 501 Introduction to Biostatistics for Health Sciences II (if applicable to concentration)
- There is **NO GRE** requirement.

Upon receipt of MPH admissions materials students may be provisionally admitted to the MPH program based on receipt of their undergraduate degree. Following the receipt of their undergraduate degree, their admission status will be updated accordingly.

## Track in Professional Health Studies

Academic Plan Code(s): PH_ _BS_PRE

The Accelerated BS in Public Health-MPH program is not available to students enrolled in this track.

Students must maintain a cumulative grade point average of 2.8 or higher during the program. If this is not met, students will be dismissed from the track and will be placed in the BS in public health.

**Admission**

Students must meet the minimum admissions requirements outlined below:

1. Completion of BIOL 240 and BIOL 241 lab and BIOL 242 and BIOL 243 with a grade of C or better.
2. Completion of MATH 111 with a grade of C or better OR placement into a mathematics course above the level of MATH 111 on the basis of either the University of Louisville mathematics placement examination or ACT/SAT score.
3. Minimum cumulative grade point average of 2.8.

### Accelerated BS-MPH for non-Public Health majors

Academic Plan Code(s):

- Concentration in Epidemiology: PHMPHEPA
- Concentration in Health Policy: PHMPHHPA
- Concentration in Health Promotion and Behavioral Sciences: PHMPHHKA

The accelerated degree program allows a student to complete any undergraduate major and the Master of Public Health (MPH) over a five-year period. The first four years consist of undergraduate studies, including up to 15 credit hours of public health graduate level courses taken during the senior year, culminating in the award of a Bachelor's degree.

The fifth year, including the summer following graduation with a bachelor's degree, consists of graduate coursework in public health, leading to completion of the Master of Public Health (MPH) degree. The Master of Public Health (MPH) degree program is designed to provide students with training in foundational MPH competencies as well as a specific area of concentration. MPH concentrations currently available for the accelerated program are:

- Epidemiology
- Health Policy
- Health Promotion and Behavior

The accelerated curriculum allows students to take a maximum of 15 credit hours of the Master of Public Health course work during their undergraduate studies. The 15 graduate credits will count towards the completion of both the BS and MPH degrees and will substitute for required undergraduate courses as follows:

Fall Curriculum, all concentrations:

- Undergraduate course: FREE 300+ Elective (3.0 credit hours)
  MPH replacement course: PHST 500 Introduction to Biostatistics for Health Sciences I
- Undergraduate course: FREE 300+ Elective (3.0 credit hours)
  MPH replacement course: PHPB 501 Introduction to Public Health Behavior
- Undergraduate course: FREE 300+ Elective (3.0 credit hours)
  MPH replacement course: PHEP 501 Introduction to Epidemiology
- Undergraduate course: FREE 300+ Elective (3.0 credit hours)
  MPH replacement course: PHMS 501 Introduction to Public Health Practice and Administration

Spring Curriculum Based on Concentration:

- Undergraduate course: FREE 300+ Elective (3.0 credit hours)
  MPH replacement course: PHST 501 Introduction to Biostatistics for Health Sciences II

## Program Information

*This program can be completed* 100% online. *(*https://louisville.edu/online/programs/bachelors/bachelor-of-social-work/*)*

The Bachelor of Social Work (BSW) Program at the Kent School of Social Work and Family Science is a full-time, campus-based and online program that prepares students for entry level professional social work practice. The Program also provides the foundation for graduate study in social work. Students may qualify for entry as Advanced Level students in graduate social work programs. The program is accredited by the Council on Social Work Education (CSWE).

The mission of the Kent School of Social Work & Family Science BSW program is to prepare students for generalist social work practice with vulnerable individuals, families, groups, organizations, and communities. We educate students to intervene at the micro, mezzo and macro levels through the application of critical thinking and the incorporation of available evidence to inform practice that responds to complex social problems. The program contributes to the mission of the University as a great place to learn, by providing engaged service and outreach that improves the quality of life for local and global communities. The educational part of our mission is accomplished through theoretically and empirically driven approach to pedagogy in our on campus and on-line instruction and transformative learning experiences.

**BSW Program Goals:**

- Prepare graduates for generalist social work practice with vulnerable individuals, families, groups, organizations, and communities through the acquisition and demonstration of social work practice behaviors

consistent with CSWE educational standards and policies and the NASW Code of Ethics.

- Prepare graduates to understand bio-psycho-social, spiritual, and cultural functioning and apply it to all client systems.
- Prepare graduates to promote social and economic justice through their practice with multifaceted client systems.
- Prepare graduates who continue to develop professionally throughout their careers to meet new challenges and opportunities.

## Accelerated BSW-MSSW Program

The Accelerated BSW to MSSW Program provides Kent School of Social Work and Family Science (KSSWFS) BSW students in good standing an opportunity to complete Master level elective courses that fulfill graduation requirements for both the BSW and the MSSW program. BSW students that apply and are accepted into the program will be able to register for up to three MSSW electives (9 credit hours). Successfully completed courses can be applied to both the BSW and MSSW programs' elective requirements.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

1 Six (6) hours of US and Global perspectives (P1/P2) coursework is required. If these competency areas are not covered as part of the program requirements and/or general elective coursework, 6 additional hours will be needed to fulfill the University of Louisville competency-area requirements.

2 Or equivalent as approved/decided by the unit

3 Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

4 Students must have a minimum total of 60 credit hours to complete the Lower Division requirements.

5 Two of the five Upper Division Social Work Elective courses must be from Social Work (minimum 300 level). Please contact the BSW Advising Team should you have questions.

6 Practicum is the Culminating Undergraduate Experience (CUE) for BSW students. As such, it is intentionally designed to provide students with an opportunity demonstrate mastery of the core competencies that they learn throughout the Program. Before beginning Practicum, students are expected to successfully complete all 300-level BSW Core requirements.

## Track in Alcohol and Drug Counseling

Students completing the BSW in Social Work may pursue the standard BSW track or a specialized track in Alcohol and Drug Counseling. Once accepted into the BSW Upper Division Alcohol and Drug Counseling Track, the following courses will be completed:

1. BSW 361 Intro Special Issues in Alcohol and Drug Counseling (mandatory)
2. BSW 362 Introduction to Substance Use and Substance Use Disorders (mandatory)
3. BSW 415 Intro Mental Health (mandatory)
4. BSW 460 Intro Motivation and Change (mandatory)

**Practicum:** Students are required to complete their practicum in a substance abuse setting. This placement will be within a setting where a substantial portion of the focus is identification, intervention, or case management of clients who are alcohol and or drug dependent. Wherever possible, students in practicum settings will receive supervision by a CADC with two years' experience.

## Accelerated Pathway: BSW/MSSW Social Work

Academic Plan Code(s): SW_ _ MSWACC

Students interested in the BSW/MSSW Social Work program should contact the Associate Director BSW Program in Year 3 to apply to the Soaring Scholars Program. With approval from the Kent School, successful applicants will identify up to 9 credit hours at the 600 level to complete during their final 2-3 semesters to count towards their current BSW and upcoming MSSW degree. The 9 graduate credit hours will count as Social Work electives in both the BSW and MSSW programs.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
    a. To run a Degree Audit report, click on "View my Degree Audit."
    b. To create a What-if report, click on "What-if Advisement Report."
    c. To run a Flight Planner report, click on "Use My Flight Planner."

The Bachelor of Social Work (SW BSW) program prepares students to meet the requirements for certification and/or licensure. If you plan to pursue professional licensure or certification you should first determine your state's criteria for examination and licensure to see how/if our program meets those requirements prior to enrollment. We recommend that you also contact your state's licensing board directly to verify that

the requirements have not changed recently and to answer any questions especially those regarding additional requirements beyond the degree.

More information about certification or licensure is available at the following website: https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure (https://louisville.edu/about/departments/academic-planning-accountability/disclosures/professional-licensure/).

For programs with an online option, more information about certification or licensure is available here: Professional Licensure Information — Office of Academic Planning & Accountability (https://louisville.edu/oapa/licensure-information/)

Academic Plan Code(s): SOC_BA, SOC_BA_O, SOC_BA_CUL, SOC_BA_CUO, SOC_BA_DIN, SOC_BA_DIO

# Program Information

*This program can be completed* 100% online *(*https://louisville.edu/online/programs/bachelors/bachelor-of-arts-in-sociology/*).* *(*https://louisville.edu/online/programs/bachelors/bachelor-of-arts-in-sociology/*)*

Students in the Bachelor of Arts (BA) in Sociology program learn to take an analytical, evidence-driven approach to social issues, as well as gain the interpersonal communication skills necessary to craft persuasive narratives grounded in critical thought. Sociology students focus on diversity and inequality and use their analytical insight into social structures for effective formulation and implementation of democratic social policy.

Those interested in sociology are intrigued by the challenging social issues pervading our world, how society influences and is influenced by them, and how to effectuate change. BA in Sociology students learn how to address these issues through scientific research and application, and, as our world continuously evolves, sociology students are well prepared to offer insight into these changes and how best to accommodate them.

Given the breadth, adaptability, and utility of sociology, employment opportunities are plentiful in social service agencies; federal, state, and local governments; non-profit organizations; and private enterprises

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

1 Completion of the intermediate level of a single foreign language
2 In addition to courses counted toward General Education; 6 hours must be at 300 level or above
3 May be incorporated into other degree requirements
4 May be used to satisfy a General Education: Cardinal Core requirement.
5 SOC 303 and SOC 320 must be completed with a grade of C or better.
6 The list of approved CUE courses appears above. At least one of the 400-level courses taken to satisfy track requirements must be a designated CUE course.
7 Students may be allowed to substitute a statistics course (specifically, ANTH 376, BIOL 350, CJ 326, HSS 377, or PSYC 301) for SOC 301 and/or a methods course (specifically, BSW 426 or CJ 325 for SOC 303 . Any other substitutions must be approved by the department undergraduate program mentor. If a student opts to substitute one or both of these courses with a course from the approved list above, they must take a 300+ level sociology elective in lieu of the required sociology course(s) and must also earn a C or better in the statistics and/or methods course from the other department for it to count it toward sociology degree requirements.

# Track Requirements

Students who satisfy General Education Requirements by courses defined by the program will require additional electives to complete the minimum hours for the degree.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Sociology (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Sociology**
Unit: College of Arts and Sciences (AS) (https://louisville.edu/artsandsciences/)
Department: Sociology (http://louisville.edu/sociology/)
Academic Plan Code(s): SOC_BS, SOC_BS_O, SOC_BS_HMW, SOC_BS_HMO

# Program Information

*This program can be completed* 100% online. *(*https://louisville.edu/online/programs/bachelors/bachelor-of-arts-in-sociology/*)*

Sociology students learn how to address these issues through scientific research and application, and, as our world continuously evolves. Sociology majors are well prepared to offer insight into these changes and how best to accommodate them. Sociology majors are offered a rich environment within which to develop skills in critical thinking, analytic problem-solving, and communication that are required by employers and/or that prepare them for a range of graduate programs.

Given the training in research methods, statistics, and topical areas, employment opportunities for sociology majors are plentiful in social service agencies; federal, state, and local governments; nonprofit organizations; and private enterprises. The emerging global economic order and the increased complexity of corporate cultures promise to open even more opportunities for our graduates. Some sociology majors help companies develop global marketing strategies, and others work to enhance the culture and organization of corporations.

Sociology students pursue careers in a variety of fields: business, child welfare, computer industry, criminal justice, education (teaching, evaluation research, consultation, research), gerontology, health care, international relations, law, law enforcement, leisure/recreation/sport, military/military intelligence, social work, and urban planning or management, and more.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

[2] PHIL 323 is an example of an appropriate ethics course. Other possible courses that may be used to satisfy this requirement should be discussed with the student's advisor.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in

another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

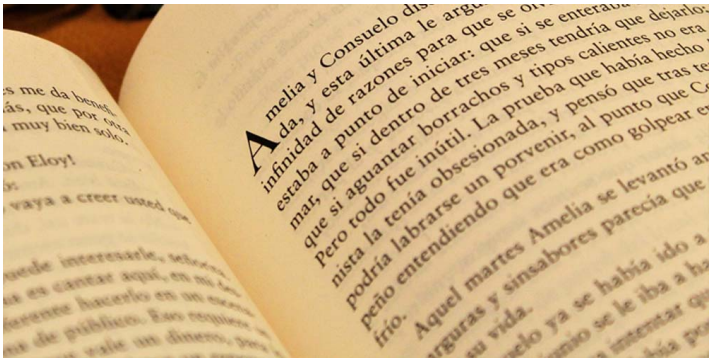
# Spanish (BA)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Spanish**
Unit: College of Arts and Sciences (AS) (https://louisville.edu/artsandsciences/home/)
Department: Classical and Modern Languages (https://louisville.edu/languages/)
Academic Plan Code(s): SPANBA

**Program Information**

The Spanish program offers two options for students wishing to complete the Spanish major.

The Spanish as a Second Language (SL) sequence serves students whose primary experience with Spanish has been in the classroom. Students may place into SPAN 201 or higher through the online placement exam (https://louisville.edu/languages/).

The Spanish as a Heritage Language (HL) sequence offers courses for individuals who grew up in Spanish-speaking environments and are able to communicate, to some extent, in more than one language. Some students are immigrants who have recently arrived in the United States and have had extensive schooling in their native countries. Others are first-, second-, or third-generation bilinguals whose abilities in the heritage language vary widely. Placement into Heritage Learner courses is done through departmental evaluation (http://louisville.edu/modernlanguages/placement-exam/spanish-heritage-learners/).

Both the Second Language (L2) and Heritage Language options offer 300-level courses that are designed to meet the language needs of both groups and to prepare them for the 400- and 500-level courses that are required for both tracks.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements | | 33-36 |
| Supporting Courses | | 32-35 |
| **Minimum Total Hours** | | **121** |

Specific coursework information can be found on the Degree Requirements tab.

## Departmental Admission Requirements

Admission to the BA in Spanish requires completion of SPAN 201 or higher with a minimum grade of C; a minimum cumulative grade point average of 2.0; and a minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## General Education Requirements

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) | | 31 |

All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.

# Sport Administration (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Sport Administration (SPADBS)**
Unit: College of Education and Human Development (http://www.louisville.edu/edu/)
Department: Health & Sport Sciences (http://louisville.edu/education/departments/hss/) (HSS)
Academic Plan Code(s): SPADBS, SPADBS_O

# Program Information

*This program can be completed* 100% online *(*https://louisville.edu/online/programs/bachelors/bachelor-of-science-in-sport-administration/*).*

Sport Administration (SPAD) is the business side of sport.

Sport managers work with all of the business aspects surrounding sport organizations and sporting events such as leadership, organizational behavior, marketing, finance, law, facility management, fundraising, event management, multimedia, sponsorships, and promotion.

The University of Louisville offers a Bachelor of Science in Sport Administration. The undergraduate program is designed to prepare students to enter careers in the sport industry. The SPAD program has a diverse student population representing a variety of geographical, cultural, educational, and professional backgrounds. Our students gain valuable experience working, interning, and volunteering on many significant service-learning projects for local and community agencies. We utilize many guest lecturers from sport business organizations each semester to speak with our students about how to excel as a business professional in the sport industry.

## Soaring Scholar Program in Sport Administration

Sport Administration (SPAD) majors who are considering pursuing a master's degree (MS) in SPAD can accelerate the process by applying 6 credits of undergraduate credit hours toward a master's degree.

Undergraduate students interested in participating in an accelerated dual bachelors/master's degree offered through the university's Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) Program (Accelerated BS to MS) must first meet with an HSS academic advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. Students accepted into the Accelerated BS/MS in SPAD can take six credits, two (2) graduate courses as an undergraduate that apply toward both the bachelor's degree and master's degree. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

See admissions requirements for the College of Education and Human Development at https://louisville.edu/admissions (https://louisville.edu/admissions/).

## Admission for the Soaring Scholar in Sport Administration

The Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program (Accelerated BS to MS) combines undergraduate and graduate education in a streamlined format, allowing students to earn a master's degree with just one additional year of study. This model supports students seeking to earn graduate level credit as an undergraduate student to help accelerate progress toward graduation. This program provides students the opportunity to complete six (6) credit hours of graduate level coursework as an undergraduate. Students interested in the accelerated option are encouraged to apply during their junior year.

- A maximum of five students will be admitted to the program in the 2025-2026 academic year
- To be considered for admission, a 3.00 cumulative undergraduate GPA is required
- SPAD faculty will review applicants and approve/deny admission
- Undergraduate students accepted into the accelerated option will be allowed to take up to two MS courses (6 credit hours) during their senior year

## Accelerated BA in Sustainability/Master of Urban Planning (MUP)

Sustainability majors who are considering pursuing a master's degree in Urban Planning (MUP) can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted in the accelerated BA/MUP take four graduate courses (12 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. Applicants must meet the general requirements for admission to the Graduate School.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Additional questions on the accelerated BS/MUP program should be directed to the undergraduate program director or the MUP program director.

# Departmental Admission Requirements

Admission to the BA in Sustainability requires a minimum cumulative grade point average of 2.0.

## Admission to the Accelerated BA in Sustainability and Master of Urban Planning (MUP)

Students interested in pursuing the accelerated BA/MUP degree should speak with their Academic Advisor and the undergraduate program director for Sustainability as early as possible in their undergraduate career. Application to the Soaring Scholar (https://graduate.louisville.edu/academics/programs/soaring/) program may be made once the student has completed 60 undergraduate credit hours.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

### Flight Planner

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Theatre Arts (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Theatre Arts**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Theatre Arts (http://www.louisville.edu/a-s/ta/)
Program Website (http://louisville.edu/theatrearts/undergraduates/)
Academic Plan Code(s): see Track Requirements tab.

## Program Information

As part of the College of Arts and Sciences, the Theatre Arts is committed to a liberal arts education and professional training for our undergraduate students. The ancient art of theatre is most fully understood and exists at its deepest form of expression through the creation of performances shared with an audience. Doing so demands a deep array of knowledge and skill combined with a professional attitude and work ethic that can serve students throughout their lives in whatever profession they pursue.

All Theatre Arts Undergraduate Majors are required to fulfill course requirements for the College of Arts and Sciences, General Education and Programmatic/Supporting Courses.

Theatre Arts Requirements are split into four core areas: Academics, Performance, Design and Technology, and Performance/Production. In addition, Theatre Arts undergraduate majors utilize 18 hours of department electives to specialize in one of five areas including African American Theatre, Performance, Design and Technology, Dramaturgy and Playwriting, and General Studies. All majors participate in the Culminating Undergraduate Experience in their final year.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

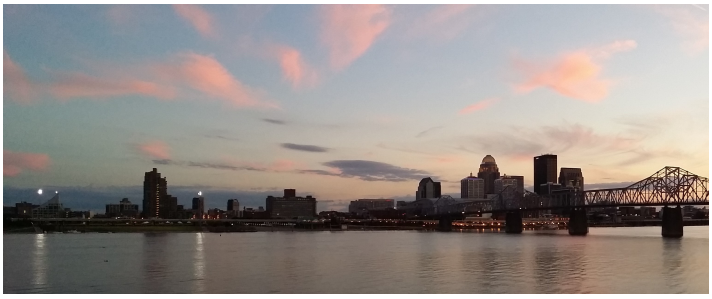
# Urban Studies (BS)



This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Urban Studies**

Unit: College of Arts and Sciences (http://www.louisville.edu/a-s/)

Department: Urban and Public Affairs (https://urbanlouisville.org/)
Academic Plan Code(s): US_ _BS

# Program Information

The Bachelor of Science in Urban Studies is designed to educate, train, and prepare students for future careers in municipal and metropolitan# related occupations, through the identification, interpretation, and analysis of historic and contemporary issues facing urban areas. Graduates will carry out research and service work benefitting local or regional communities.

Urban studies graduates often find careers as public administrators, policy analysts, community development specialists, or planning technicians. The program also provides students a strong foundation for future graduate training in affiliated disciplines, including urban planning, public administration, geography, or sociology.

The BS in Urban Studies is housed within the Department of Urban and Public Affairs in partnership with the Department of Geographic and Environmental Sciences and the Department of Sociology.

The Department offers Bachelor of Science degrees in four different tracks:

- **Urban Administration:** designed for students with interests in management, human resources, budgeting, and governance.
- **Urban Geography:** designed for students with interests in place dynamics, human-spatial interactions, and GIS.
- **Urban Planning:** designed for students with interests in land development and related topics, such as housing, design, and real estate.
- **Urban Sociology:** designed for students with interests in human and group interactions within an urban or metropolitan context.

## Accelerated BS/MUP in Urban Studies and Urban Planning

Urban Studies majors who are considering pursuing a master's degree (MUP) in Urban Planning can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted in the accelerated BS/MUP take four graduate courses (12 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. Applicants must meet the general requirements for admission to the Graduate School.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Additional questions on the accelerated BS/MUP program should be directed to the undergraduate program director or the MUP program director.

# Admission Requirements to the Urban Studies BS

Students will be selected through the standard University of Louisville College of Arts and Sciences admissions process.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Admission to the Accelerated BS/MUP in Urban Studies and Urban Planning

Students interested in pursuing the accelerated BS/MUP degree should speak with their Academic Advisor and the undergraduate program director for Urban Studies as early as possible in their undergraduate career. Application to the Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) may be made once the student has completed 60 undergraduate credit hours.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

# Women's, Gender and Sexuality Studies (BA)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Arts in Women's, Gender and Sexuality Studies**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Women's, Gender and Sexuality Studies (http://www.louisville.edu/a-s/ws/)

Academic Plan Code(s): WGSTBA, WGSTBA_O

## Program Information

*This program can be completed* 100% online *(*https://louisville.edu/online/programs/bachelors/bachelor-of-arts-in-womens-and-gender-studies/*).*

Women's, Gender and Sexuality Studies is an interdisciplinary major that draws its questions and approaches from the humanities, social sciences, natural sciences, and arts. It helps students to develop theoretical, empirical, and methodological perspectives for studying gender as a crucial category for understanding the world. We offer flexible scheduling for our majors: we have three core courses, offered regularly; for the remainder of their requirements, students have flexibility in selecting the classes that will be most helpful to them in their chosen career path. Our students have the opportunity to engage in service learning opportunities outside the university, giving them useful career experience. Students in our program also find it easy to double major, if they so desire.

WGST majors learn to:

1. Apply gender analytics at the micro and macro level for research and practices of social advancement;
2. Examine complex social problems using gender–informed analysis, research and design;
3. Select appropriate methodologies from the humanities and social sciences for analyzing data and texts;
4. Provide appropriate theoretical interpretation based on discipline-related concepts;
5. Draw conclusions based on the analyses of texts and qualitative and quantitative information;
6. Demonstrate effective written and oral communications tailored to specific audiences and contexts to increase the understanding and utilization of research findings;
7. Identify how social, cultural and scientific knowledges are produced by institutions such as academic disciplines, media, arts, and politics;
8. Understand how gender intersects with other social structures such as race, class, sexuality, disability in the U.S. and globally;
9. Draw from multiple fields of study to evaluate and generate information and experiences related to gender, race, class, sexuality, disability, etc.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Soaring Scholars Program Accelerated BA-BS/MA Women's, Gender and Sexuality Studies

Women's, Gender and Sexuality Studies majors who are considering pursuing a master's degree in Women's, Gender and Sexuality Studies can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA-BS/MA take four graduate courses (12 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master degree offered through the University's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/). A Soaring Scholar students is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Departmental Admission Requirements

Admission to the BA in Women's, Gender and Sexuality Studies requires a minimum cumulative grade point average of 2.0 and a minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Soaring Scholars Program Accelerated BA-BS/MA in Women's, Gender and Sexuality Studies

Students interested in applying to the Soaring Scholars program (https://graduate.louisville.edu/academics/programs/soaring/) should apply for entry no later than the end of their Junior year. Students should follow the application process outlined in the Soaring Scholars Application Checklist https://graduate.louisville.edu/academics/programs/soaring (https://graduate.louisville.edu/academics/programs/soaring/)

Admission to the Soaring Scholars program does not guarantee admission into the associated master's degree program.

To be considered for admission to the Accelerated Master of Arts in Women's, Gender and Sexuality Studies program, students must:

- Complete an application for admission to the Women's, Gender and Sexuality Studies Department's Master of Arts program (including transcripts, two letters of recommendation, a statement of purpose, and a writing sample) no later than the end of their junior year.
- Have a minimum overall grade point average (GPA) of 3.35, a Women's, Gender and Sexuality Studies GPA of 3.35, and meet all other requirements for admission to the Women's, Gender and Sexuality Studies Department's Master of Arts program.

## Soaring Scholar Accelerated BA/MA Women's, Gender and Sexuality Studies

Flight plan for the Soaring Scholars program is identical, with the exception that in the fourth year students would work with their advisor

and Director of Graduate Studies to select four electives at the graduate level.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

## Soaring Scholars Program Accelerated BA-BS/MA Women's, Gender and Sexuality Studies

Women's, Gender and Sexuality Studies majors who are considering pursuing a master's degree in Women's, Gender and Sexuality Studies can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA-BS/MA take four graduate courses (12 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master degree offered through the University's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/). A Soaring Scholar students is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

# Women's, Gender and Sexuality Studies with a 3+3 Track to Law (BA)

**Bachelor of Arts in Women's, Gender and Sexuality Studies with a 3+3 Track to Law**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Women's, Gender and Sexuality Studies (http://www.louisville.edu/a-s/ws/)
Academic Plan Code(s): WGSTBA_3+3

## Program Information

The College of Arts & Sciences and the Louis D. Brandeis School of Law have joined forces to create 3+3 Accelerated Law programs that allows eligible students in the College of Arts & Sciences to begin law school in their senior year of undergraduate study. Students substitute undergraduate major requirements with the first 30 hours of law school, earning an undergraduate degree after their first year of law school and a Juris Doctor (JD) degree two years later. Students must have completed three years (6 semesters) of undergraduate course work, including transfer credit and credit earned in summers, prior to enrollment at Brandeis.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

## Degree Summary

| Code | Title | Hours |
|---|---|---|
| General Education Requirements (https://catalog.louisville.edu/undergraduate/general-education-requirements/) [1] | | 31 |
| College/School Requirements | | 22 |
| Program/Major Requirements [1] | | 39 |
| Law School Courses | | 30 |
| **Minimum Total Hours** | | **122** |

[1] Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

# Departmental Admission Requirements

Admission to the BA in Women's, Gender and Sexuality Studies 3+3 track in law requires a minimum cumulative grade point average of 3.5 and a minimum grade point average of 3.5 on courses in the major. A 3.5 GPA is recommended by the School of Law (see below). Only 30 hours of Distance Education (DE) are allowed.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Admission to Law School

Admission to the 3+3 track does not guarantee admission to the law school. Students seeking admission to law school must complete a law school application and satisfy all of Brandeis' admissions requirements, including its median GPA and LSAT expectations.

The law school requires that students seeking admission through the 3+3 program have completed three years of undergraduate course work, including transfer credit and credit earned in summer. It is recommended that students planning to pursue this track have a minimum cumulative GPA of 3.5.

For more information on Brandeis and its admissions requirements, please contact the Brandeis School of Law Office of Admissions (https://louisville.edu/law/). A visit to the law school and an opportunity to observe a class can be arranged.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad,

internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

**Degree Audit Report**
Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."

# Women's, Gender and Sexuality Studies (BS)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Bachelor of Science in Women's, Gender and Sexuality Studies**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Women's, Gender and Sexuality Studies (http://www.louisville.edu/a-s/ws/)
Academic Plan Code(s): WGSTBS

## Program Information

Women's, Gender and Sexuality studies is an interdisciplinary major that draws its questions and approaches from the humanities, social sciences, natural sciences, and arts. It helps students to develop theoretical, empirical, and methodological perspectives for studying gender as a crucial category for understanding the world. We offer extremely flexible scheduling for our majors: we have three core courses, offered regularly. For the remainder of their requirements, students have flexibility in selecting the classes that will be most helpful to them in their chosen career path. Our students have the opportunity to engage in service learning opportunities outside the university, giving them useful career experience. Students in our program also find it easy to double major, if they so desire.

WGST Majors learn to:

1. Apply gender analytics at the micro and macro level for research and practices of social advancement;
2. Examine complex social problems using gender–informed analysis, research and design;
3. Select appropriate methodologies from the humanities and social sciences for analyzing data and texts;
4. Provide appropriate theoretical interpretation based on discipline-related concepts;
5. Draw conclusions based on the analyses of texts and qualitative and quantitative information;
6. Demonstrate effective written and oral communications tailored to specific audiences and contexts to increase the understanding and utilization of research findings;
7. Identify how social, cultural and scientific knowledges are produced by institutions such as academic disciplines, media, arts, and politics;
8. Understand how gender intersects with other social structures such as race, class, sexuality, disability in the U.S. and globally;
9. Draw from multiple fields of study to evaluate and generate information and experiences related to gender, race, class, sexuality, disability, etc.

Completion of this degree requires work to be submitted for the department's Student Learning Outcomes Measurement. For details, contact the department.

### Soaring Scholars Program Accelerated BA-BS/MA in Women's, Gender and Sexuality Studies

Women's, Gender and Sexuality Studies majors who are considering pursuing a master's degree in Women's, Gender and Sexuality Studies

can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA-BS/MA take four graduate courses (12 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admissions letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholars Program (https://graduate.louisville.edu/academics/programs/soaring/). A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Interested students must apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must complete an application for admission to the Women's, Gender and Sexuality Studies Department's Master of Arts program. Applicants must have a minimum overall grade point average and major grade point average of 3.35 and must meet all other requirements for admission to the Women's, Gender and Sexuality Studies Department's Master of Arts program.

Students must retain a 3.35 GPA in Women's, Gender and Sexuality Studies during their senior year to remain in the program.

# Departmental Admission Requirements

Admission to the BS in Women's, Gender and Sexuality Studies requires a minimum cumulative grade point average of 2.0 and a minimum grade point average of 2.0 on courses in the major.

The Change Major Request form can be found under the Academic Progress tile on ULink.

## Soaring Scholars Program Accelerated BA-BS/MA in Women's, Gender and Sexuality Studies

Students interested in the Soaring Scholars Program should apply for entry into the accelerated program no later than the end of their Junior year and follow the application process outlined in the Soaring Scholars Application Checklist (https://graduate.louisville.edu/academics/programs/soaring (https://graduate.louisville.edu/academics/programs/soaring/))

Admission to a Soaring Scholar program (https://graduate.louisville.edu/academics/programs/soaring/) does not guarantee admission into the associated master's degree program.

To be considered for admission to the Accelerated Master of Arts in Women's, ~~Women's and~~ Gender and Sexuality Studies program, students must:

- Complete an application for admission to the Women's, ~~Women's and~~ Gender and Sexuality Studies Department's Master of Arts program (including ~~GRE scores,~~ transcripts, two letters of recommendation, a statement of purpose, and a writing sample) no later than the end of their junior year.
- Have a minimum overall grade point average (GPA) of 3.35; a Women's, Gender ~~Women's~~ and Sexuality ~~Gender~~ Studies GPA of 3.35; and meet all other requirements for admission to the Women's, Gender ~~Women's~~ and Sexuality ~~Gender~~ Studies Department's Master of Arts program.

The Flight Plan outlined above is intended to demonstrate one possible path to completing the degree within four years. Course selection and placement within the program may vary depending on course offerings and schedule, elective preferences, and other factors (study abroad, internship availability, etc.). Please consult your advisor for additional information about building a flight plan that works for you.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan, and which requirements are still outstanding. Degree audits also take transfer credits and test credits into account. "What-if" reports allow you to compare the courses you have completed in your current academic plan to the courses required in

another academic plan. Should you have questions about either report, please consult with your academic advisor.

**Flight Planner**
The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

**To create these reports:**

1. Log into your ULink account.
2. Click on the Academic Progress tile.
3. Select the appropriate report.
   a. To run a Degree Audit report, click on "View my Degree Audit."
   b. To create a What-if report, click on "What-if Advisement Report."
   c. To run a Flight Planner report, click on "Use My Flight Planner."

### Soaring Scholars Program Accelerated BA-BS/MA in Women's, Gender and Sexuality Studies

The flight plan for the Soaring Scholars Program is the same for the bachelor's with the exception that, in the fourth year, students take four electives (12 hours) at the graduate level.

### Soaring Scholars Program Accelerated BA-BS/MA in Women's, Gender and Sexuality Studies

Women's, Gender and Sexuality Studies majors who are considering pursuing a master's degree in Women's, Gender and Sexuality Studies can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA-BS/MA take four graduate courses (12 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Undergraduate students interested in participating in an accelerated dual bachelor's/master's degree offered through the university's Soaring Scholar Program (https://graduate.louisville.edu/academics/programs/soaring/) must first meet with their Academic Advisor and be accepted into the program. Once accepted, students will receive an official admissions letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholars Program (https://graduate.louisville.edu/academics/programs/soaring/). A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

Interested students must apply to the program during their Junior year (i.e., when they have accumulated 60-90 hours of credit). Students must complete an application for admission to the Women's, Gender and Sexuality Studies Department's Master of Arts program. Applicants must have a minimum overall grade point average and major grade point average of 3.35 and must meet all other requirements for admission to the Women's, Gender and Sexuality Studies Department's Master of Arts program.

Students must retain a 3.35 GPA in Women's, Gender and Sexuality Studies during their senior year to remain in the program.

# Minors

## Undergraduate Minors

Minors are non-degree areas of academic focus that often complement a student's coursework in a primary program of study. Minors are not stand-alone programs— students must be enrolled in an degree-seeking, undergraduate (i.e., bachelor's degree) program of study.

### Minor In Accounting

Unit: College of Business (https://business.louisville.edu/)
Academic Plan Code(s): ACCTMIN

Students graduating with any degree are frequently required to make financial decisions for their department or areas of influence regardless of their undergraduate major. These decisions, for example consist of creating budgets and submitting proposals that require allocation of resources, cash, or other assets. An Accounting Minor will give students the skill and confidence to review budgets, ask the right business questions and make more informed business decisions in any field of their chosen endeavor.

The minor is open to all students at the University of Louisville. To be admitted, a student must have a B- or above in ACCT 201 and ACCT 202. Students must also maintain a cumulative 2.5 GPA in accounting classes to be awarded the minor.

## Program Requirements

# Archaeology (Minor)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Minor in Archaeology**

Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Anthropology (https://louisville.edu/anthropology/)

Archaeology examines the nature of societies of the past through recovery and study of their material remains. The minor in Archaeology gives students the opportunity to expand their knowledge of archaeology to complement their major studies in a wide range of disciplines. The curriculum is designed to give students a background in anthropological archaeology including introductory courses in the subdisciplines. The sets of elective courses provide flexible pathways to completing the minor. These courses range from surveys of regional archaeology to methods and practice courses that provide hands-on experience in the study of archaeological materials.

**Minor in Business Administration**
Unit: College of Business (http://business.louisville.edu/)
Academic Plan Code(s): BA_ _MINOR

The College of Business offers a minor in Business Administration for students in other colleges and schools at the University of Louisville. College of Business majors are not eligible for enrollment in the Business Administration minor. Enrollment is limited in the business minor because of the large demand for courses by business majors.

To be admitted to the minor in Business Administration and be permitted to pursue the program core coursework, a student must have completed the following:

- Fifty-one (51) or more semester hours with a cumulative grade point average of 2.5 or higher;
- ECON 201 and ECON 202; and
- The business program prerequisite coursework with a GPA of 2.5.

Upon completion of the admission requirements and formal application, the student is admitted into the Business Administration minor program based on the student's academic performance and the space available. An appointment may be made during the semester that the program prerequisites are being completed to begin the application process.

Academic Plan Code(s): BUCOMINOR

The College of Business offers a minor in Business Communication that provides students with the communication skills that are essential for success in the modern workplace. This practical minor in Business Communication provides a much needed resume credential to showcase skills in team building, persuasion, interpersonal communication, presentations with technology, and writing. The minor is available to all UofL students.

For non-business majors, a cumulative GPA of 2.5 is required for admittance to the program.

# Conservation Biology (Minor)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

### Minor in Conservation Biology

Unit: College of Arts and Sciences (AS) (https://louisville.edu/artsandsciences/home/)
Department: Biology (https://louisville.edu/biology/)
Academic Plan Code(s): BIOLMINCOB

The minor in Conservation Biology is a science degree designed to teach students the issues and ideas of conservation biology and to prepare them to use these concepts in the workplace. These concepts include the study of how environmental processes affect life on Earth and how humans are influencing these processes. An additional focus is on understanding the impacts of relevant current events on the environment and biodiversity, and ways to best alleviate stressors on the environment. Students with this minor are prepared for careers in the lab or field as well as consulting with companies and/or the media on environmental preservation.

The minor in Conservation Biology is open to all students not majoring or minoring in Biology at the University of Louisville.

### Minor in Disability Studies

Unit: College of Arts and Sciences (https://louisville.edu/artsandsciences/home/) (AS)
Department: Philosophy (https://louisville.edu/philosophy/)
Academic Plan Code(s): DISAMINOR

The minor in Disability Studies, housed within the Liberal Studies Program of the College of Arts & Sciences, seeks to provide students with a rich understanding of disability as a social, cultural, and political phenomenon. Utilizing the expertise of the Department of Special Education, Early Childhood & Prevention Science (College of Education and Human Development) and the departments of Philosophy, Sociology, and Classical and Modern Languages, the program introduces students to the diverse world of disability and accessibility. It delves into disability's intersections with education, society, language, culture, and ethics, promoting an inclusive view of human experiences.

The main learning objectives include fostering critical thinking about the societal constructs of disability, understanding the lived experiences of individuals with disabilities, and promoting advocacy for accessibility and inclusion. Students will acquire skills in critical analysis, interdisciplinary research, and effective communication. They will also gain knowledge about the historical and contemporary challenges faced by individuals with disabilities, the philosophical underpinnings of disability rights, and the social aspects of disability discourse. Moreover, students will have the opportunity to increase their cultural knowledge and understanding of the Deaf community and to be introduced to the field of special education.

# Finance (Minor)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Minor in Finance**
Unit: College of Business (http://business.louisville.edu/) (BU)
Department: Finance (http://business.louisville.edu/finance/)
Academic Plan Code(s): FIN_MINOR

The College of Business offers a minor in Finance available to all UofL students. Completion of program prerequisites with a 2.8 grade point average and a 2.8 cumulative grade point average is required before enrolling in the Finance minor program core courses. Actuarial majors who declare for the finance minor can waive the prerequisite statistics course below, since their actuarial program requires two rigorous statistics courses.

For graduation (in addition to all other degree requirements) a 2.0 GPA is required in the Finance minor courses.

# Japanese (Minor)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Minor in Japanese

Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Department: Classical and Modern Languages (https://louisville.edu/modernlanguages/)
Academic Plan Code(s): JAPNMIN

The Japanese minor introduces students to the foundations of the Japanese language and Japanese culture, as well as consideration of Japan within historical and global contexts. The Japanese language courses build language skills and help develop communication skills in listening, speaking, reading, and writing. Learning Japanese provides an excellent opportunity to not only add to a student's language abilities but to also deepen insight into a culture different from their own. Completing a minor in Japanese combined with a student's major could allow students the opportunity to go on to a variety of jobs such as working within Japanese companies or teaching abroad, and for further study in graduate programs. This minor would give students an academic and professional edge, as well as making them attractive prospects for Japanese companies.

# Multicultural Marketing (Minor)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Minor in Multicultural Marketing

Unit: College of Business (https://business.louisville.edu/)
Department: Marketing (https://business.louisville.edu/academics-programs/undergraduate-programs/marketing/)
Academic Plan Code(s): MKT_MINMCM

Both global and U.S. markets are increasingly diverse. In the U.S. alone, the minority population (or "emerging majority") makes up 38% of the population and is expected to exceed 50% by mid-century, a status already attained in California, Hawaii, New Mexico and Texas. Buying power is following suit.  Despite this evolution of the marketplace, marketing practices remain largely hegemonized – translating general market plans (predominantly targeting white populations) to minority audiences without nuanced insight into cultural differences. This program will help change that thinking and embrace a multicultural view of marketing.

## Admission Requirements

For business majors, enrollment in the College of Business is required.

For non-business majors, students must have completed 51 or more semester hours with a cumulative GPA of 2.5 or higher.

Students must complete the program prerequisites and earn a GPA of 2.5 or higher in those prerequisites in order to pursue the Marketing Core.

A formal application to the minor is required upon completion of the program prerequisites.

# Undergraduate Certificates

# Undergraduate Certificate Programs (non-degree)

Undergraduate certificates are coherent, distinct courses of study below the baccalaureate degree-level leading to mastery in a more narrowly defined set of program-learning outcomes than those obtained in a bachelor's degree program. Certificates are official credentials issued by the UofL Board of Trustees in accordance with the UofL Redbook.

Undergraduate certificates are generally a minimum of twelve (12) credit hours unless granted a standing variance by the Office of the Provost. The absolute minimum credit hours required for an undergraduate certificate are nine (9). Additionally, undergraduate certificates must have at least three core-credits and a culminating experience (e.g., exit exam, thesis, capstone project, capstone course, etc.). No limit exists

upon the number of credits that can be shared between a certificate program and a degree program, so certificate programs may be stackable toward a degree. However, no more than 30% of credits may be shared between certificate programs to maintain the distinction and integrity of the credentials.

Generally, undergraduate certificate programs may be completed as stand-alone credentials. However, students only enrolled as credential-seeking students (i.e., students only pursuing a certificate, not a degree) may not be eligible for financial aid. The students should consult with the Office of Financial Aid about eligibility guidelines.

The certificate in Equine Business is a post-baccalaureate certificate taught at the undergraduate level. This certificate is intended for individuals who have already completed an undergraduate degree in another area but are interested in a career in the equine industry.

## Program Information

*This program can be completed in a traditional classroom format or* entirely online *(*https://business.louisville.edu/learnmore/onlineaccountingcertificate/*).*

The Certificate in Accounting program is for those with non-accounting undergraduate degrees who are interested in an accounting career.

The University of Louisville's Certificate in Accounting Program is specifically designed to:

- Develop the basic skills needed for a career in accounting;
- Teach advanced accounting skills to those with non-accounting undergraduate degrees; and
- Meet the time demands of working professionals in a 27-credit hour curriculum.

## Admission Requirements

To be admitted to the Certificate in Accounting program offered by the College of Business at the University of Louisville, you must meet the following requirements:

1. Have earned a non-accounting undergraduate degree (e.g., bachelor's degree).
2. Complete ACCT 201 and ACCT 202 with a minimum cumulative GPA of 2.7 (on a 4.0 scale) (B-) in those courses.
3. Students who have not completed these courses by the time of application will be conditionally admitted into the program until the above requirements are met. Once these requirements are met, students will be fully admitted to the program.

## Certificate in Climate, Equity, and Opportunity in the Workplace

Unit: College of Education and Human Development (https://louisville.edu/education/)
Department: Educational Leadership, Evaluation and Organizational Development (http://louisville.edu/education/departments/eleod/)
Academic Plan Code(s): CEOWCUG, CEOWCUGO

# Program Information

*This program can be completed 100% online.*

The Certificate in Climate, Equity, and Opportunity in the Workplace will prepare leaders working in a multitude of fields (e.g., military, corporate, non-profit, healthcare, government, private sector, etc.) to implement best practices and strategies around diverse hiring, inclusive workplace environments, effectively engaging with marginalized communities through meaningful organizational partnerships, and equitable treatment among all employees in the workplace.

With ever-growing workplace changes (e.g., policies, hiring), the workplace is challenged to address matters of injustice, fairness, equality & equity, prejudice, discrimination, and cultural acceptance. The proposed certificate will allow students to study and explore the existing problems associated with the aforementioned areas. Students will explore policy, complete organizational analysis, and engage with marginalized communities through assignments to form a solid knowledge base towards practical application.

# Admission Requirements

Undergraduate students who are currently enrolled at UofL must submit a request to declare the certificate (https://louisville.edu/advising/students/change-major/) to enter the program. First time freshmen, transfer, and post-baccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-education-human-development/) of the College of Education and Human Development. This undergraduate certificate program may be completed as a stand-alone credential; however, it will not be eligible for federal financial aid. Students enrolled in degree programs and pursuing this certificate may be eligible for federal financial aid.

### Certificate in Ethics

Unit: College of Arts and Sciences (http://louisville.edu/artsandsciences/intro/) (AS)
Department: Philosophy (http://louisville.edu/philosophy/)
Academic Plan Code(s): ETHICUG

## Program Information

Many professions from tech to health care realize that ethics cannot be taken for granted but must be designed into organizations. From avoiding lawsuits and whistleblower complaints, to complying with the law, to maintaining quality organizational relations and relationships with clients, ethics is essential for firms and agencies in the 21st century. The certificate in ethics prepares graduates for ethical leadership roles in whatever field they enter. The program will train students in modes of ethical reasoning and in how to apply their ethical reasoning skills in the workplace and in daily life. The certificate provides graduates with a credential indicating their preparation for ethics compliance and other modes of demonstrating ethical practice in the professions. The program

is also of benefit to students with personal and/or intellectual interests in the study of ethics and moral reasoning.

Undergraduate students who are currently enrolled at UofL must be in good standing to enter the certificate in ethics program. First time freshmen, transfer, and postbaccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-arts-sciences/) of the College of Arts and Sciences. This undergraduate certificate program may be completed as a stand-alone credential; however, it will not be eligible for federal financial aid. Students enrolled in degree programs and pursuing this certificate may be eligible for federal financial aid.

Students are required to maintain at least a 3.0 GPA in the certificate, with no more than one grade of C in classes counted towards the certificate.

# Franchise Management (CERT)

## Certificate in Franchise Management

Unit: College of Business (https://business.louisville.edu/)
Department: Management (https://business.louisville.edu/academics-programs/undergraduate-programs/management/)
Academic Plan Code(s): FM CUGO

*This program is completed* 100% online *(*https://business.louisville.edu/learnmore/onlinefranchise/*).*

The Franchise Management Certificate curriculum is designed to prepare students to work in franchising, whether that involves becoming a franchisee, working for a franchisee, working for a franchisor, or working in the industry in an ancillary role such as for a service provider who assists the industry. This curriculum provides a strong overview and understanding of the franchise model and how it can be leveraged to lead a successful business in this growing field. This will provide a special certificate designation that can be used on resumes to emphasize this additional expertise.

The content has been adapted from the Graduate Certificate in Franchising to a 400-level curriculum with case studies and guest speakers in the courses (leveraging the Podcast format). The certificate requires completion of four courses and provides students with the option to select an experiential practicum for the final course in the program. A partnership with the International Franchise Association (IFA) ensures the curriculum remains up#to#date and aligned with “real world” industry needs. This undergraduate certificate be an added credential for those earning an undergraduate degree, allowing a stacked credential with employer interest. The franchise industry is growing with year-end projections (by the IFA) of 792,000 outlets and employment of 8.5 million.

## Departmental Admission Requirements

To be admitted to the Certificate in Franchise Management, students must have completed 60 credits of coursework from an accredited post-

secondary institution with a minimum cumulative GPA of 2.7 (on a 4.0 scale) or equivalent.

# Geospatial Technologies, Applied (CGT)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Certificate in Applied Geospatial Technologies**
**Unit:** College of Arts and Sciences (http://louisville.edu/artsandsciences/) (AS)
**Department:** Geographic and Environmental Sciences (http://louisville.edu/geogeo/undergraduate/)
Academic Plan Code(s): AGSTCGT, AGSTCGTO

## Program Information

*This program can be completed 100% online.*

This certificate program offers an additional layer of certification to undergraduate students seeking gainful employment in the growing field of geospatial technologies. The certificate will provide an introduction to the concepts and methods of map construction and visualization, including scale, location, projection, design, symbolism, and compilation. It will provide an introduction to geographic information systems and hands-on experience using ArcGIS software, management of relational databases, and the manipulation and graphical output of digital geospatial data. Upon completion of the program, students will be fully versed in the following key areas:

- Use and application of geographic information systems programs to solve complex geospatial problems
- Use, application, and interpretation of remotely sensed data and imagery
- Use of computer programming and scripting to create custom geospatial applications
- Database storage, retrieval, and statistical analysis
- Custom digital map presentation (paper, electronic, web)

The certificate requires the completion of 12 credit hours, of which 6 are required and 6 are elective hours. See the Certificate Requirements tab for details.

Students enrolled in stand-alone certificate programs are not eligible for federal financial aid. UofL students must be enrolled in a degree granting program in conjunction with the certificate program to receive federal aid.

## Admission Requirements

Students seeking the certificate must apply in, and be approved by, the Department of Geographic and Environmental Sciences. Admission to the certificate program is open to any undergraduate student with a cumulative GPA of 3.0 or higher.

Undergraduate students who are currently enrolled at UofL must be in good standing to enter certificate in Applied Geospatial Technologies program. First time freshmen, transfer, and postbaccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-arts-sciences/) of the College of Arts and Sciences. This undergraduate certificate program may be completed as a stand-alone credential; however, it will not be eligible for federal financial aid. substantive use of geospatial technologies such as GIS and/or remote sensing as an integral part of the curriculum.

Students must complete required courses for the certificate with a GPA of 2.75 or above.

Non-UofL students must meet the same requirements at an accredited institution.

# Healthcare Leadership (CERT)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

## Certificate in Healthcare Leadership

Unit: College of Education and Human Development (https://louisville.edu/education/)
Department: Educational Leadership, Evaluation and Organizational Development (http://louisville.edu/education/departments/eleod/)
Academic Plan Code(s): HCLSCUGO

*This program is completed 100% online.*

*This program offers academic flexibility; all program/major courses required for completion are routinely offered in accelerated format (e.g., during 8-week terms).*

The purpose of the certificate program is to prepare adult learners who are working in healthcare, public health, private health insurance, health-care billing and payment, and other health-related businesses. This program is ideal for individuals who have acquired experience in the healthcare field and desire another credential for promotions within their organization, increased pay, or management and leadership roles.

This certificate will also prepare students interested in the Work Ready Kentucky Scholarship (WRKS) Program from the Kentucky Higher Education Assistance Authority to pursue careers in organizational training.

The certificate requires 12 credit hours of coursework. See Certificate Requirements tab for more information.

The program is offered in in a term option. Students enroll in half-semester courses and complete each course within a predetermined time frame. This allows students to follow a more structured and traditional university schedule while taking advantage of accelerated sessions. Two half-term sessions will be available in Fall and Spring and one session will be available in the Summer.

Students may start the program at the beginning of the Fall and Spring terms, at the beginning of the second half of the Fall or Spring terms, or in the summer semester. This allows students to start the program several times per year, and enroll in half-semester session courses. All coursework in the must be completed within the half-semester session period. Tuition and fees in Term Option enrollments may be refunded in accordance with normal university policies.

Undergraduate students who are currently enrolled at UofL must submit a request to declare the certificate (https://louisville.edu/advising/students/change-major/) to enter the program. First time freshmen, transfer, and post-baccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-education-human-development/) of the College of Education and Human Development. This undergraduate certificate program may be completed as a stand-alone credential; however, it will not be eligible for federal financial aid. Students enrolled in degree programs and pursuing this certificate may be eligible for federal financial aid.

Students must have prior college experience (typically about 24 credits), a cumulative GPA of 2.25, and a minimum of one year's workplace experience. Applicants who do not meet these minimum requirements may be considered for conditional admission.

Students must complete an undergraduate application and provide official transcripts for all college credits earned at an accredited institution.

**Certificate in Healthcare Skills**
Unit: College of Arts and Sciences (https://louisville.edu/artsandsciences/home/)
Department: Biology (https://louisville.edu/biology/)
Academic Plan Code(s): HCSKCUG

Healthcare professions are among the fastest growing sector of the job market in our region. Most, if not all, health care professions require that successful job applicants have some clinical/laboratory/work experience.

The 9-credit undergraduate Certificate in Healthcare Skills provides early exposure to real-world clinical/work experiences and can typically be completed in 3 terms. The program focuses on developing laboratory skills and experience that will prepare students for the healthcare workforce marketplace. Courses emphasize understanding the healthcare marketplace, practicing basic lab skills needed for many healthcare laboratory jobs, and providing experience in healthcare arenas.

Participating students can be from any major and may include non-degree-seeking students who meet pre-requisites.

## Admission Requirements

Applicants must have completed 30 credits of college coursework. To remain in the certificate program, students must successfully complete prerequisites and course requirements for all required courses and meet university requirements for continuing enrollment. To earn the certificate, all required courses must be passed with a grade of D or better with a cumulative GPA of 2.0. To apply to the certificate program, students will need to have completed an introductory biology and an introductory chemistry course because these are prerequisites for BIOL 321, a required course for the certificate.

# Human Resource Leadership (CERT)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Certificate in Human Resource Leadership**
Unit: College of Education and Human Development (https://louisville.edu/education/)
Department: Educational Leadership, Evaluation and Organizational Development (http://louisville.edu/education/departments/eleod/)
Academic Plan Code(s): HRL_CUG, HRL_CUGO

*This program can be completed 100% online.*

*This program offers academic flexibility; all courses required for completion are routinely offered in accelerated format (e.g., during 3-week or 8-week terms).*

## Program Information

The Certificate in Human Resource Leadership will prepare those working in military, corporate, and other professional settings with some college but no degree, who wish to pursue human resource leadership. Students of the program will gain understanding in HR activities important to organizations, including job analysis and design, planning, recruitment, selection, performance management, training and development, and compensation.

The certificate requires 12 credit hours of coursework. Students may count the 12 credit hours toward the Bachelor of Science degree in Organizational Leadership and Learning.

## Admission Requirements

Undergraduate students who are currently enrolled at UofL must submit a request to declare the certificate (https://louisville.edu/advising/students/change-major/) to enter the program. First time freshmen, transfer, and post-baccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-education-human-development/) of the College of Education and Human Development. This undergraduate certificate program may be completed as a stand-alone credential; however, it will not be eligible for federal financial aid. Students enrolled in degree programs and pursuing this certificate may be eligible for federal financial aid.

Students must have prior college experience, a cumulative GPA of 2.5 and approximately five year's workplace experience. Applicants who do not meet these minimum requirements may petition for consideration of admission.

Students not already enrolled or admitted to the university must complete an undergraduate application and provide official transcripts for all college credits earned at an accredited institution.

# LGBTQ Health Studies (CERT)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Certificate in LGBTQ Health Studies**
Unit: College of Arts and Sciences (http://louisville.edu/artsandsciences/intro/) (AS)
Department: Women's, Gender & Sexuality Studies (http://louisville.edu/wgs/)
Academic Plan Code(s): LGBTCET

## Program Information

The expansion of health care in the United States and increased awareness of LGBTQ populations have created a need for anyone working in the field of health care (as a practitioner, an administrator, an insurer, or a non-profit) to understand the specific health care needs of LGBTQ persons and common biases against them. This undergraduate

certificate program provides students with knowledge about the unique healthcare needs of LGBTQ populations and the past and ongoing discrimination they face in society and the healthcare field.

The certificate requires 15 credit hours of coursework. Nine (9) hours are required, core coursework and six (6) are elective coursework. The required courses are taught by Women's, Gender, and Sexuality Studies (WGST) faculty and Philosophy (PHIL) faculty. Elective courses are taught by faculty in Communication, Philosophy, Sociology, and Women's, Gender and Sexuality Studies.

## Admission Requirements

Undergraduate students who are currently enrolled at UofL must be in good standing to enter the LGBTQ Health Studies certificate program.

First time freshmen, transfer, and postbaccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-arts-sciences/) of the College of Arts and Sciences. # Peace, Justice, and Conflict Transformation (CPC)

This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (p. 86).

**Certificate in Peace, Justice and Conflict Transformation**
Unit: College of Arts and Sciences (AS) (http://www.louisville.edu/a-s/)
Academic Plan Code(s): PSCRCPC

**Program Information**

The undergraduate certificate in Peace, Justice & Conflict Transformation is housed in the College of Arts and Sciences but also encompasses other colleges. It is intended for students who wish to supplement their planned major and minor with skills that enrich their lives as global citizens and better prepares them for prospective employers or graduate school.

The Peace Studies program offers a 12-hour undergraduate certificate. In addition to three required PEAC courses (325, 350, 550), students choose electives from approximately 150 courses offered by the following units:

- Anthropology
- Art
- Chinese Studies
- Communication
- Comparative Humanities
- Criminal Justice
- English
- Geography and Geosciences
- History
- Latin American and Latino Studies
- Pan-African Studies
- Philosophy
- Psychological and Brain Sciences
- Political Science
- Social Change
- Social Work
- Sociology
- Sport Administration
- Sustainability
- Theatre Arts
- Women's and Gender Studies

The certificate culminates with PEAC 550, Service Learning in Peacebuilding, with an approved local, national, or international

organization located off campus. PEAC 325, Peace, Justice & Conflict Transformation Fundamentals, and PEAC 350, Basic Mediation and Conflict Transformation, are prerequisites for PEAC 550 that may be taken in any order.

**Admission Requirements**

Undergraduate students who are currently enrolled at UofL must be in good standing to enter the PJCT certificate program. First time freshmen, transfer, and postbaccalaureate applicants must meet the regular admission standards (https://catalog.louisville.edu/undergraduate/admission/college-arts-sciences/) of the College of Arts and Sciences. This undergraduate certificate program may be completed as a stand-alone credential; however, it will not be eligible for federal financial aid. Students enrolled in degree programs and pursuing this certificate may be eligible for federal financial aid.

The certificate can be awarded upon graduation concurrent with a degree. To add the certificate in Peace, Justice & Conflict Transformation to your transcript you should visit the Advising website for an application for certificate in PJCT (http://louisville.edu/artsandsciences/advising/apply/PJCT-certificate/).

See also: How to Apply to Graduate from A&S with a PJCT Certificate (https://louisville.edu/peace/academic-programs/files/How-to-apply-for-PJCT-certificate.pdf)

You must also apply to graduate (https://louisville.edu/artsandsciences/advising/appts/final-degree-check/) with the certificate on Ulink at the beginning of the semester in which you intend to graduate with your major. You must fill out two graduation applications since this certificate is non-degree seeking. When you are ready to graduate the link to graduate with the certificate should appear just under the link to graduate with your major.

# Graduate Programs and Professional Study

## The Graduate School

The Graduate School administers graduate degree programs in arts & sciences, business, dentistry, education, engineering, interdisciplinary studies, medical sciences, music, nursing, public health and social work. There are over 40 doctoral programs, more than 90 master's-level programs, and over 35 graduate certificate programs, along with Rank I programs and Endorsements for certified teachers.

For more information on the Graduate School, please call (502) 852-6495 or, for a complete listing of programs, refer to the Graduate Catalog (https://catalog.louisville.edu/graduate/).

# Professional Schools

The University of Louisville includes three schools that offer professional degrees: the School of Dentistry, the Louis D. Brandeis School of Law, and the School of Medicine.

For information on pre-professional curriculum and admissions requirements of the professional schools, students should contact the Arts & Sciences Advising Center.

### The School of Dentistry

In addition to an undergraduate Bachelor of Science in Dental Hygiene, the School of Dentistry offers graduate and professional degree programs. They are the Doctor of Dental Medicine (DMD), Master of Science in Oral Biology (MS), and Master of Science in Dentistry (MSD) combined with an advanced specialty certificate in endodontics, orthodontics, pediatric dentistry, periodontics, and prosthodontics.

At the time of application, DMD applicants must have completed a minimum of 60 undergraduate credit hours and a minimum of 90 undergraduate credit hours at the time of matriculation. Of these hours, 38 credit must be of biomedical science course work, including courses in biology (16), general chemistry I and II with labs (8), organic chemistry I and II with labs (8), biochemistry (3) and physics (3), along with recommended coursework in microbiology, anatomy, physiology, histology and immunology.

The master's degree in oral biology program includes graduate level courses provided by graduate faculty within the School of Dentistry. This program is directed toward a general understanding of the biology of dental science. Students obtain detailed knowledge and necessary skills required to perform biologic research. For more information, see the UofL Graduate Catalog.

The School of Dentistry offers a program of study leading to the master of science degree in dentistry for postgraduate students/residents enrolled in the advanced specialty certificate programs in endodontics, orthodontics, pediatric dentistry, periodontics, and prosthodontics.

To apply, please contact the appropriate program director of each program at louisville.edu/dentistry or contact the Office of Postgraduate Education, School of Dentistry, (502) 852-5081.

The bachelor of science in dental hygiene program is a four year program with a lower and upper division. Students complete the lower division requirements on the Belknap Campus and then apply for competitive admission to the dental hygiene upper division which is housed in the School of Dentistry on the Health Sciences Center Campus.

More detailed information about admission requirements and application procedures may be obtained at the School of Dentistry website (https://louisville.edu/dentistry/) or by contacting the Office of Student Affairs, School of Dentistry, (502) 852-5081.

## The Louis D. Brandeis School of Law

**Degree Programs**

The Brandeis School of Law offers a Juris Doctor (JD) degree. The program accommodates both full-time and part-time study. Full-time students complete the JD program in three years; part time students complete in four or five years.

The School of Law also offers eight dual degree programs. These include:

- JD/Master of Arts in Healthcare Ethics
- JD/Master of Arts in Humanities
- JD/Master of Arts in Political Science
- JD/Master of Business Administration
- JD/Master of Public Administration
- JD/Master of Science in Social Work
- JD/Master of Urban Planning

**Admission Requirements**

To qualify for admission, candidates must earn a baccalaureate degree from an accredited institution prior to enrollment. There is no required undergraduate major and there are no pre-requisite courses. Students are encouraged to pick a major that suits their interests and to challenge themselves academically within that major. Students should choose courses that emphasize critical thinking, analysis, writing, and communication skills. These skills are necessary for the study of law. Except as noted below, all candidates must take the Law School Admission Test (LSAT) to qualify for admission.

More detailed information about admission requirements and application procedures can be obtained at louisville.edu/law/admissions (https://louisville.edu/law/admissions/), by contacting the Law School Office of Admissions at (502) 852-6391 or lawadmissions@louisville.edu.

**3+3 Accelerated Law Program**

The law school offers a 3+3 Accelerated Law Program for students pursuing certain undergraduate majors at the University of Louisville. Students studying Communication, Criminal Justice, History, or Women's and Gender Studies (through the College of Arts and Sciences) and Economics BA/BS (through the College of Business) may apply to begin law school during their senior year of undergraduate study. More information is available on the Accelerated Programs Page (p. 712) under 3+3 Accelerated Programs in the undergraduate catalog.

Interested students are encouraged to reach out to undergraduate advisors in one of the eligible majors for more information and to contact the Office of Admissions at the Brandeis School of Law at lawadmissions@louisville.edu.

## The School of Medicine

Applicants to the first-year class of the University of Louisville School of Medicine are considered individually and are selected based on merit without consideration of race, religion, sex, age, or national origin. The Admissions Committee evaluates an applicant's acceptability based on the premedical record, scores on the Medical College Admission Test (MCAT (https://students-residents.aamc.org/applying-medical-school/taking-mcat-exam/)), recommendations from Premedical Advisory Committees, established technical standards for admissions and the applicant's personality and motivation as evaluated by interviews with members of the committee. Complete four-year college preparation is encouraged. Early decision program is encouraged for stellar applicants. Inquiries concerning admission should be addressed to:

**Office of Admissions**
Health Sciences Building, Room 120
500 South Preston Street
Louisville, Kentucky 40202
(502) 852-5193 or medadm@louisville.edu

Programs of medical education that award the degree of doctor of medicine in the United States and Canada are accredited by the Liaison Committee on Medical Education (LCME). This agency is sponsored by the Association of American Medical Colleges and the American Medical Association. The University of Louisville School of Medicine is a member of the Association of American Medical Colleges and is accredited by LCME.

Application Process: The University of Louisville School of Medicine participates in the American Medical College Application Service (AMCAS). Application materials are available by May at the AMCAS website (https://students-residents.aamc.org/applying-medical-school/applying-medical-school-process/applying-medical-school-amcas/).

Upon receipt of the application from AMCAS, the University of Louisville School of Medicine Office of Admissions will email additional application materials to qualified applicants. Completed secondary applications are due in the Office of Admissions by December 1. A processing fee is charged and is not refundable, nor can it be credited toward tuition if the applicant is accepted. The fee may be waived, however, if the applicant has received a fee waiver from AMCAS. More information about the application process can be obtained at: louisville.edu/medicine/admissions (http://louisville.edu/medicine/admissions/).

Residence status: Although applications from nonresidents are accepted, residents of Kentucky are given preference for admission. This policy is consistent with the mission of the University of Louisville as a state university. Residency must be established prior to making application. Applications from international students, including those with "Deferred Action for Childhood Arrivals" status (DACA), are accepted. Consistent with the mission of the University of Louisville as a state university, those with significant academic, personal or family ties to Kentucky are given preference. International applicants are considered under the following circumstances:

- The applicant has a pending application for permanent residency status in the United States ***and*** A) is either married to a U.S. citizen who has an established residence in Kentucky and intends to remain in Kentucky, or B) has numerous members of his or her immediate family who have established residence in Kentucky indefinitely; or
- The applicant is married to the beneficiary of an approved I-140 Petition for Immigrant Worker ("I-140 spouse") and the applicant and the applicant's I-140 spouse are eligible for permanent residency except for delays stemming from backlogs in visa priority dates, and the applicant and the applicant's spouse are presently in an immigration status that is renewable until they obtain permanent residency ***and*** A) the applicant's I-140 spouse has an established residence in Kentucky and intends to remain in Kentucky, or B) the applicant has numerous members of his or her immediate family who have established residence in Kentucky indefinitely; or
- The applicant has been granted DACA status ***and*** A) is either married to a U.S. citizen who has an established residence in Kentucky and

intends to remain in Kentucky, or B) has numerous members of his or her immediate family who have established residence in Kentucky indefinitely.

All decisions as to whether consideration circumstances exist in a particular application for admission shall be made by the Admissions Dean or the Dean's designee.

International students, including those with a pending application for permanent residency or with DACA status, are not eligible for most federal benefits. Therefore, if these international students are offered admission, they must submit documentation of sufficient funds to cover the cost of completing a medical degree (see estimates (http://louisville.edu/medicine/financialaid/cost-of-attendance/)).

The process of selecting medical school applicants involves a variety of considerations including academic, non-academic, and personal characteristics. Admission to medical school requires a strong foundation in the natural sciences (biology, chemistry, mathematics, and physics), highly developed communication skills, and a solid background in the social sciences and humanities. Specific majors are not recommended, but the undergraduate major area of study should be a careful and considered decision. All applicants to medical school must take the Medical College Admission Test. Information about the MCAT and how to apply to medical school are available at AMCAS (https://students-residents.aamc.org/applying-medical-school/applying-medical-school-process/applying-medical-school-amcas/). Students considering making application to the University of Louisville School of Medicine should consult the school's website (http://louisville.edu/medicine/admissions/) for information about their program, in addition to contacting the College of Arts & Sciences Advising Center, (502) 852-5502, to meet with a pre-health advisor.

**Pre-Optometry**
Students who are planning to apply to schools of optometry can fulfill the pre-optometry course requirements at the University of Louisville. The only optometry school in the state of Kentucky is Kentucky College of Optometry at the University of Pikeville (https://www.upike.edu/KYCO/). Various contract spaces made available by the Kentucky Council on Postsecondary Education (http://cpe.ky.gov/acm/apply-cs.html). Since schools of optometry vary somewhat in their course requirements for admission, students interested in making application should select schools to which they have an interest in applying so that they can schedule courses to meet requirements for those schools. In general, students planning to make application to schools of optometry will need a minimum of three years of college coursework including a heavy concentration in the natural sciences (biology, chemistry, mathematics, and physics) as well as courses in social sciences and humanities. Many schools of optometry give preference to students who have completed a bachelor's degree; all schools require applicants to take the Optometry Admission Test.

Students considering making application to optometry school should contact the College of Arts and Sciences Pre-Health Professions Advisors (http://louisville.edu/artsandsciences/advising/student-services/pre-health/) for more information. Open advising sessions are scheduled during the academic year.

**Pre-Pharmacy**
Students who are interested in making application to a school of pharmacy can complete prerequisite course requirements at the University of Louisville. Although requirements for admission to pharmacy schools are similar, they do vary. Students should select schools to which they are interested in applying and schedule courses to meet those requirements. The University of Kentucky College of Pharmacy and Sullivan University are the only schools in Kentucky to offer a pharmacy degree. The degree program involves a four-year professional curriculum leading to the Doctor of Pharmacy degree. Pre-Pharmacy students at the University of Louisville should consult the pharmacy school's website for the undergraduate courses required for admission to this program. Admission to pharmacy schools is competitive.

Students will need two to three years of college coursework with a heavy concentration in the natural sciences in order to meet minimum prerequisites.

All applicants must take the Pharmacy College Admission Test. Students considering making application to pharmacy school should contact the College of Arts and Sciences Pre-Health Professions Advisors (http://louisville.edu/artsandsciences/advising/student-services/pre-health/) for more information. Open advising sessions are scheduled during the academic year.

**Pre-Veterinary Medicine**
Students planning to apply to schools of veterinary medicine can fulfill pre-veterinary course requirements at the University of Louisville. Since schools may vary somewhat in their requirements, students interested in making application should select schools to which they have an interest in applying so they can schedule courses to meet requirements for those schools.

There is not a school of veterinary medicine in Kentucky. However, Kentucky does have contracts with the following schools in Alabama to reserve spaces for students who are legal residents of Kentucky: Auburn University College of Veterinary Medicine (34 spaces; vetmed.auburn.edu (https://www.vetmed.auburn.edu/)) and Tuskegee University School of Veterinary Medicine (2 spaces; tuskegee.edu/cvm (https://www.tuskegee.edu/programs-courses/colleges-schools/cvm/)). Admission is competitive with selection made by the respective schools.

Students admitted to either the Auburn or Tuskegee program will be charged in-state tuition, with Kentucky making a payment for each enrolling student for up to four years. This is outlined by the Council on Post-Secondary Education and can be found here: cpe.ky.gov/acm/apply-cs.html (http://cpe.ky.gov/acm/apply-cs.html)

Students interested in making application to schools of veterinary medicine should contact the College of Arts and Sciences Pre-Health Professions Advisors (http://louisville.edu/artsandsciences/advising/student-services/pre-health/) for more information. Open advising sessions are scheduled during the academic year.

**Term Typically Offered:** Occasionally Offered
**Prerequisite(s):** ACCT 302.
**Fee:** An additional $30.00 is charged for this course.
**Description:** A study of partnerships, business combinations, consolidated financial statements, and accounting for multinational enterprises.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ACCT 402. CPA Prep: Financial Accounting and Reporting (FAR)** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Accounting Major or Minor Students.
**Fee:** An additional $30.00 is charged for this course.
**Description:** Financial Accounting and Reporting (FAR) is one of three core CPA Exam sections required of all CPA candidates. FAR focuses on the financial statements for both for-profit companies as well as not-for-profit organizations. That includes topics like SEC reporting and earnings per share; financial ratios and performance metrics, both calculating them and interpreting what they mean; deep dives into balance sheet accounts like cash, receivables, investments, payables, and equity; and a wide range of financial transactions like revenue recognition, accounting changes, and fair value measurement. Data and technology concepts: verifying the completeness and accuracy of source data used to prepare financial statements; using various sources of information to prepare supporting schedules for account balances.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ACCT 403. CPA Prep: Auditing and Attestation (AUD)** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Accounting Major or Minor Students.
**Fee:** An additional $30.00 is charged for this course.
**Description:** Auditing and Attestation (AUD) is one of three core CPA Exam sections required of all CPA candidates. AUD starts with the ABCs of auditing: the AICPA code of professional conduct and other ethical requirements. This section also covers the COSO framework, internal controls, and assessing risk and materiality. AUD follows the entire audit process, including pre-engagement activities and planning the audit; audit procedures, gathering appropriate evidence, and sampling; and forming audit opinions and preparing reports. Data and technology concepts: understanding how data is structured and flows through underlying systems; analyzing the outputs of data analytic tools to assist in risk assessment or audit procedures.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ACCT 404. CPA Prep: Taxation and Regulation (REG)** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Accounting Major or Minor Students.
**Fee:** An additional $30.00 is charged for this course.
**Description:** Taxation and Regulation (REG) is one of three core CPA Exam sections required of all CPA candidates. REG covers business law and U.S. federal tax requirements for individuals and entities. Federal taxation of individuals uses the individual tax formula to arrive at AGI and taxable income. Federal taxation of entities includes book to tax differences along with issues applicable to S and C corporations, LLCs, and tax-exempt organizations. Data and technology concepts: verifying the completeness and accuracy of source data used to prepare tax returns and supporting schedules; analyzing outputs of automated validation checks that highlight potential errors.

**ACCT 405. CPA Prep: Tax Compliance and Planning (TCP)** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Accounting Major or Minor Students.
**Fee:** An additional $30.00 is charged for this course.
**Description:** Tax Compliance and Planning (TCP) is one of three discipline CPA Exam sections available for CPA candidates to take (all candidates must pass one discipline section). The focus of the TCP discipline includes taxation topics involving more advanced individual and entity tax compliance. Content focused on personal financial planning and entity planning, inclusions and exclusions to gross income, and gift taxation compliance and planning could also be covered. Coverage of advanced entity tax compliance might include consolidated tax returns, multijurisdictional tax issues, and transactions between an entity and its owners. The tax treatments of the formation and liquidation of business entities could also be included in entity planning. Data and technology concepts: verifying the completeness and accuracy of source data used to prepare tax returns and supporting schedules.

**ACCT 406. CPA Prep: Information Systems and Controls (ISC)** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Accounting Major or Minor Students.
**Fee:** An additional $30.00 is charged for this course.
**Description:** Information Systems and Controls (ISC) is one of three discipline CPA Exam sections available for CPA candidates to take (all candidates must pass one discipline section). Technology and business controls is a focus of the ISC discipline. CPA candidates who are interested in assurance or advisory services related to business processes, information systems, information security and governance, and IT audits are encouraged to choose this discipline. Content for this discipline is focused on IT and data governance, internal control testing, and information system security, including network security, software access, and endpoint security. Data and technology concepts: understanding data management; recognizing the data life cycle, including data collection, storage, and usage.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ACCT 407. CPA Prep: Business Analysis and Reporting (BAR)** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Accounting Major or Minor Students.
**Fee:** An additional $30.00 is charged for this course.
**Description:** Business Analysis & Reporting (BAR) is one of three discipline CPA Exam sections available for CPA candidates to take (all candidates must pass one discipline section). CPA Candidates who are interested in assurance or advisory services, financial statement analysis and reporting, technical accounting, and financial and operations management should consider the BAR discipline. The content in the BAR discipline includes a data analytics focus and assesses topics like financial risk management and financial planning techniques. BAR could also include more advanced technical accounting and reporting topics, including assessment of revenue recognition and leases, business combinations, derivatives and hedge accounting, as well as employee benefit plan financial statements. Data and technology concepts: transforming data to make it useful for decision making; determining attribute structures, formats, and sources of data needed to prepare financial statement analysis; identifying patterns.

**Prerequisite(s):** ASL 302 with a B or better.
**Description:** Development of intermediate expressive and receptive ASL skills and language and community cultural features. Creative expression, classifiers, body posture, and signing space will be practiced.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASL 405. Advanced American Sign Language** **2 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Spring Only
**Prerequisite(s):** ASL 400 with a B or better.
**Corequisite(s):** ITP 495.
**Description:** This course is third in a series of courses designed to further development of comprehension and production abilities in American Sign Language (ASL). Lessons are designed around recognition and demonstration of more sophisticated grammatical features of ASL with focus on increasing fluency and accuracy in order to prepare for the Sign Language Proficiency Interview (SLPI). Cultural awareness of the diverse Deaf communities of the world is also instilled.

# Anatomical Sciences and Neurobiology (ASNB)

Subject-area course lists indicate courses currently active for offering at the University of Louisville. Not all courses are scheduled in any given academic term. For class offerings in a specific semester, refer to the Schedule of Classes

(https://csprd.louisville.edu/psp/ps_class/EMPLOYEE/PSFT_CS/c/COMMUNITY_ACCESS.CLASS_SEARCH./x/?state=62dab551a0d600a5e8237359c50704e59007&duo_code=sjUx2OSTj21blWVEuQ3Z1YRjHmfxpqoV).

500-level courses generally are included in both the undergraduate- and graduate-level course listings; however, specific course/section offerings may vary between semesters. Students are responsible for ensuring that they enroll in courses that are applicable to their particular academic programs.

## Course Fees

Some courses may carry fees beyond the standard tuition costs to cover additional support or materials. Program-, subject- and course-specific fee information can be found on the Office of the Bursar website (https://louisville.edu/bursar/tuitionfee/university-fees/).

**ASNB 491. Undergraduate Neuroscience Research** **1-3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** PSYC 201, or permission of instructor.
**Description:** This is the basic course for granting course credit to undergraduates participating in laboratory research. Students engage in laboratory research activities for 3 hours per week per credit hour (e.g., students enrolled in 3 credits complete 9 hours of laboratory research activities per week).
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 492. Undergraduate Neuroscience Research - CUE** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** PSYC 301 and PSYC 355; declared Neuroscience major.
**Description:** This course is a variation of ASNB 491, one that grants CUE credit. In addition to 9 hours per week of research activity, the student must read 10 research articles over the course of the semester, meet with their mentor regularly, and create and present their findings at a departments seminar or research symposium.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 495. Honors Neuroscience Research** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** Acceptance to the Neuroscience Honors Program (University Honors students can also enroll) and consent of instructor (i.
**Description:** e., consent of the faculty research mentor). This course involves the designing of experiments and collection of data in support of the honors thesis. This research course is the first in a series of two intended to yield a thesis for Honors in Neuroscience. The major focus in the first semester is to write a formal thesis proposal, have it approved, and begin data collection.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 496. Honors Neuroscience Thesis - CUE, WR** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Prerequisite(s):** ASNB 491 or ASNB 495; admission to Neuroscience Honors Program (University Honors students can also enroll) and consent of instructor (i.
**Description:** e., consent of the faculty research mentor). Students enroll in this course in the semester that they intend to submit their Honors thesis. In order to complete this course (and earn Neuroscience Honors), the student must: 1) Form a thesis committee of three faculty, including the mentor; 2) Write a thesis paper describing the methods and results of an independent research study; and 3) Complete an oral defense and adequately address committee requests for revisions to the written thesis document.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 502. Fundamentals of Neuroscience** **3 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** PSYC 355 or permission of instructor.
**Description:** Basics of cellular and systems neuroscience are taught through a combination of lectures and laboratories. Topics include: electrical potentials in the nervous system, synaptic transmission, somatosensory pathways, special senses (vision, hearing, balance, taste, and smell), eye movements, motor systems and higher functions (language, sleep and wakefulness, cognition, emotion and memory).
**Note:** Credit may not be earned in both ASNB 502 and ASNB 602.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 514. Molecular Neuroscience - CUE** **3 Units**
**Term Typically Offered:** Fall Odd Years
**Description:** Prerequisites or corequisites: ASNB 502, BIOL 241, BIOL 329, BIOL 415, Instructor Permission The purpose of this course in Molecular Neuroscience is to explore the molecular and cellular basis of nervous system development, function and diseases. The course will provide intellectual tools and skills to evaluate novel hypotheses and mechanisms in neuroscience. Special emphasis of the course will be to provide basic technical knowledge and tools to apply molecular biology concepts in the ongoing research in any area of neuroscience.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 517. Seminar on Developmental Neurobiology - CUE** **3 Units**
**Term Typically Offered:** Spring Even Years
**Prerequisite(s):** ASNB 502, and BIOL 329 or ASNB 514.
**Description:** The purpose of this course is to provide the student with a basic understanding of the processes and mechanisms of neural development. Specific topics include emergence of the neural primordium, patterning and growth of the nervous system, neuronal determination, axonal navigation and targeting, neuron survival and death, synapse formation, synaptic refinement and the formation of specific connections.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 530. Origin of Mammalian Sensory Systems and Comparative Neurobiology - CUE** **3 Units**
**Term Typically Offered:** Fall Even Years
**Prerequisite(s):** PSYC 305, or permission of instructor.
**Description:** This course examines the phylogenetic and developmental history of the mammalian senses with a focus on the integration of anatomy, neurobiology, and fossil evidence. We will study how our understanding of non-human vertebrates (both model and non-model organisms) can provide important insights into the structure and function of the modern mammalian senses and their brain correlates.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ASNB 566. Synaptic Organization of the Central Nervous System - CUE** **3 Units**
**Term Typically Offered:** Spring Odd Years
**Prerequisite(s):** ASNB 502.
**Description:** The purpose of this course is to provide the student with a basic understanding of synaptic circuits and the techniques used to study them. Each week we will focus on a different brain region or circuit. During the first meeting of each week the instructor will provide an overview of the topic which includes both lecture and reading material. During the second meeting of each week, students will meet with a graduate student teaching assistant to review and discuss the course material presented that week.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

**ANTH 111. Applied Mathematics for Understanding Science and Evolution - QR, S** **4 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** Appropriate placement score or equivalent coursework.
**Description:** Any understanding of human evolution requires knowing how each fact is supported by verifiable data, and mathematics is a primary tool for any scientific investigation of the evolution of human variation. This class will develop and apply mathematical techniques and models used to investigate and describe the distribution of human biological variation.
**Note:** Cross-listed with MATH 106.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 201. Introduction to Cultural Anthropology - P2, SB** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** This course introduces cultural anthropology and surveys its fundamental questions, concepts, methods, and data. The overall question it seeks to answer: what does it mean to be human? To answer this question and many related ones involves learning concepts such as culture, cultural relativism, universal-ism, evolution, race, gender, and class. The course explores the way cultural anthropologists develop their research questions and the methods and data they use to answer them.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 202. Biological Anthropology - S** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** This course provides a general introduction to biological anthropology through an examination of humans in the animal kingdom, the human evolutionary past, anthropological genetics, a comparative examination of primate and hominin fossils, and the dynamics of human variation and human adaptation.
**Note:** Credit is not allowed for both ANTH 202 and ANTH 207.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 203. Archaeology of Human History - P2, SBH** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** A global survey of the first 2 million years of human existence. We will trace the evolution of human culture through time, focusing on well-known archaeological sites in Africa, Asia, Europe and the Americas, examine long-term change in human societies focusing on the major developments in human physical and cultural evolution, such as tool-making, hunting, art, music, religion, the domestication of plants and animals, the rise of cities and states. Causes for these changes will be considered in detail.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 204. Archaeology - P2, SB** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** Archaeology is about discovery and learning how and why people of the past made things, what people ate, where they settled, how they used the land and sea, how they organized their societies and economies, and the nature of their religious practices and ideologies. This course emphasizes the history of archaeological endeavors, the theories that guide archaeological research and the methods and tools used by archaeologists to study the lifeways of the past.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 205. Music in World Cultures - P2, SB** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** General introduction to the world of music covering basic elements of music along with the socio-cultural aspects of music and music-making from an ethnomusicological perspective.
**Note:** Cross-listed with MUH 205.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 206. Principles of Archaeology - B** **4 Units**
**Description:** This course introduces students to the science of archaeology. We will cover the practical ways in which various sciences and technologies that contribute to our knowledge of how the world works also make possible our interpretation of the archaeological record. In addition to lecture, students will have the opportunity to actively explore and better understand archaeological methods in a laboratory setting.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 207. Principles of Biological Anthropology - B** **4 Units**
**Description:** This course provides a general introduction to biological anthropology through an examination of the place of humans in the animal kingdom, the human evolutionary past, a comparative examination of primate and hominid fossils, and the dynamics of human variation and human adaptation. In addition to lecture, students will have opportunity to actively explore and better understand the methods of biological anthropology in a laboratory setting.
**Note:** Credit is not allowed for both ANTH 202 and ANTH 207.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 252. People and Their Food - P2, SB** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** Everyone eats but we eat such different things. This course examines the reasons why, across the globe, we meet our common nutritional needs in so many different ways. We explore food and foodways as products of soil, politics, and culture.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 303. Human Origins** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** Study of the forces of evolution that shape both genetic and phenotypic human variability and exploration of the fossil record related to the evolution of modern humans.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 304. Prehistoric Archaeology of Europe - SBH** **3 Units**
**Term Typically Offered:** Spring, Fall Odd Years
**Description:** Prehistory of Europe from the earliest occupation around a million years ago to the Iron Age; includes peopling of Europe, Neanderthals' ecology, Upper Paleolithic creative explosion, spread of farming, trade, and rise of complex societies.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 307. Darwin** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** Darwin's work in its historical and intellectual milieu; his commitment to empirical support for his theory of evolution. The social controversy associated with misunderstanding evolution today.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 308. Primates** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** Survey of primate behavior, ecology, and culture. Focus on violence and aggression, kin selection, altruism, evolution and sex, the developmental cycle, language, cognition, and male and female social behavior.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 309. Sex, Gender and Culture** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** A cross-cultural perspective on the interactions among sex, gender, and culture, including feminist/gender theory, the socially-constructed aspects of biological sex, intersex and gender-non-binary, masculinity studies, sexuality, and heteronormativity, with emphasis on US and non-U.S. cultures. Course work will include independent reading and writing assignments.
**Note:** Cross-listed with WGST 300.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 310. Race, Culture, Identity** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** The course focuses on the concept of race--a key element in the social science and historical literature as well as a primary marker in the organization of American life. The course considers race as a historically constructed and defined concept and considers the way it is constructed in various societies. The course examines the use of racial categories over the last 200 years and their links to gender, political and social trends, ethnicity and nationalism.
**Note:** Cross-listed with PAS 368.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 311. Emergence of Human Culture - SBH** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** Origins and development of human culture from Paleolithic to 10,000 years ago; early hominid evolution, peopling of the world, Neanderthal behavior and replacement by modern humans; emergence of modern culture.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 312. Rise of Civilization** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** Focuses on sedentarization and rise of agriculture; resource intensification and domestication; emergence of inequality, complex societies, and states.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 313. Studies in Ethnomusicology - P2, SB** **3 Units**
**Term Typically Offered:** Fall, Spring, Summer
**Description:** General introduction to the world of music and field of Ethnomusicology. Students will learn basic elements of music and various socio-cultural aspects of music and music-making from ethnomusicological perspective.Not open to music majors.
**Note:** Cross-listed with MUH 313.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 314. Introduction to Japanese Society - P2, SB** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** This course introduces students to contemporary Japanese society through the lens of cultural anthropology. It examines a broad range of topics including demography, kinship and family, education, gender, minority and ethnicity, popular culture, and environmental issues.
**Note:** Cross-listed with AST 314.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 315. The Anthropology of Europe - SB** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** This course is an examination of how European cultural, social, political and economic systems vary across space and through time. It focuses attention on ethnography and historical ethnology, and draws on other social science resources, as well. The varying relationships between political, economic and cultural cores and edges are given special emphasis. Overall the course challenges a number of assumptions about what Europe is and has been.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 317. Contemporary Chinese Society - P2, SB** **3 Units**
**Term Typically Offered:** Fall, Spring
**Description:** It is widely acknowledged that China is a rising power in the global political economy. However, with the coexistence of tradition and modernity, the nature of Chinese culture and society remains heavily debated. This course introduces students to a wide range of topics and issues that constitute the socio-cultural fabric of contemporary mainland Chinese society. These topics include, but are not limited to, family, gender, ethnicity, religion, education, politics, and economics. Our investigation will focus on two broad themes: 1) the unity and diversity of Chinese society, and 2) the continuity and change that took place from late traditional China to the present. The goal of this course includes learning various aspects of Chinese culture and society, examining diverse anthropological approaches to the study of China, and exploring the political dimensions of representation.
**Note:** Cross-listed with AST 317.

**ANTH 318. African-American Cultural Traditions** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** This course is an intensive examination of the life and culture of people of African descent in the Americas. Drawing from historical and socio-cultural literature, students are introduced to the African origins of the Diaspora in North and South America, to their socio-cultural development in the American context including cultural traditions, urbanization and kinship, and to their contributions to the development of the history and culture of American countries.
**Note:** Cross-listed with PAS 318.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 319. Cultures of the Middle East** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** The term "Middle East" refers to a geopolitical and cultural area. This course examines the anthropological literature on the region to identify, probe, and analyze socio-cultural patterns and processes across a broad region of considerable complexity. The course explores what shared patterns of cultural and social life make this a region and promote cultural integration and what are the factors that produce difference and complexity. Focus is on local-level social and cultural processes contextualized within a regional and global framework.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 320. Indigenous Peoples of North America - P1, SBH** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** Survey of North American indigenous people before and after European contact with a focus on the impact of colonialism on Indian nations and their relationships with the American state.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 321. American Indian Women** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** This course analyses issues effecting contemporary American Indian women living and working in rural and urban communities throughout North America. In reading about lives, achievements, and contributions of American Indian women, often in their own words, we will see how they traveled the road to where they find themselves today and how their origins and traditions helped to shape their lives. The course will look at issues dealing with the roles of American Indian women within their societies, in education, in tribal politics, health issues, and stereotypes that persist in non-Indian societies.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 322. Archaeology of North America - SBH** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** North America was home to many dynamic prehistoric and historic cultural traditions expressed in the diversity of social, religious, and economic life ways. We will use archaeological and ethnohistorical data in a cross-cultural comparative examination of Native North American cultures from the initial peopling to European contact. More generally, we will explore ways in which the Native North American past has served as a laboratory for the development of anthropological theories of human behavior.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 323. Cultures of Africa - P2, SB** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** This course provides an introduction to the ethnography of postcolonial cultures in sub-Saharan Africa. We will examine cultural, historical, political, and socio-economic factors that shape life in several countries, specifically exploring the complexity and diversity of everyday life in urban areas. The course will be centered upon a series of ethnographic readings, films, and case studies meant to introduce students to the diversity of social worlds and experiences across this broad region. We will focus on a series of core concepts and topics across the semester, including post-coloniality, development and economics, globalization, migration and mobility, activism and politics, informality, and urban space.
**Note:** Cross-listed with PAS 383.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 324. Iberian Anthropology** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** Iberia's ambiguous status regarding Europe and North Africa, analyses of cultural, social, political, economic and ecological variation and continuities within Iberia and between the peninsula and other areas.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 325. The Anthropology of Latin America - P2, SB** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** Exploration of culture and society in South and Central America, Mexico, the Caribbean, and the U.S. An overview featuring in-depth case studies highlighting topical themes.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 326. African Archaeology** **3 Units**

**Description:** African hosts the oldest record of human biological and cultural evolution. This course provides a general survey of the African Archaeological record, covering the time span from 3.3 million years ago to the beginning of complex societies. Archaeological relics and hominin fossil remains from different parts of the continent will be considered in order to demonstrate how early human life-ways have changed over time in terms of cultural innovations, subsistence behavior and social organizations. An overview of major ancient African civilizations and their main achievements will be discussed in the concluding segment.

**Note:** There is no prerequisite to enroll in this course.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 327. The Human Skeleton** **3 Units**

**Term Typically Offered:** Spring Only

**Description:** The scientific and ethical use of human skeletal remains to determine specific information about a deceased individual. Emphasis will be placed on the musculo-skeletal system, bone identification, and bone development.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 328. Environmental Archaeology** **3 Units**

**Prerequisite(s):** Sophomore standing or above.

**Description:** This course addresses climate history and long-term patterns of change in human adaptation throughout the past 130,000 years, a time span that saw important milestones in human evolution. Common sources of data for reconstructing ancient climate and environments (such as botanical, faunal, geological and isotopic approaches) will be considered to demonstrate how archaeologists study past human relationship with the natural environment. Other topics to be discussed include causes and consequences of past glaciations, past human diet, and conditions that fostered the inception of food production. The course concludes with an overview of environmental disasters, global warming and the impacts of colonialism and industrialization on the environment.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 329. Zooarchaeology** **3 Units**

**Term Typically Offered:** Occasionally Offered

**Description:** Identification of animal remains at archaeological sites, examines approaches using bone data to construct and investigate archaeological questions.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 330. Urban and Historic Archaeology** **3 Units**

**Term Typically Offered:** Occasionally Offered

**Description:** An examination of the history of North America through archaeological remains. Includes historic artifacts, architecture, and settlement patterns as related to cultural history.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 331. Anthropology of Religion** **3 Units**

**Term Typically Offered:** Occasionally Offered

**Description:** This course in the anthropology of religion explores religious systems from a comparative and holistic perspective. We will look at how anthropologists approach the topic conceptually using case studies and examples from around the world. The course examines the psychology of religion, myths and symbols, rituals and art, religious language and beliefs, ethics, social behavior, and the effects of globalization and culture change on religious systems.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 332. Ecology, Politics and Culture** **3 Units**

**Term Typically Offered:** Fall Only

**Description:** Examines the interaction between natural environments, sociocultural systems and power relations. Uses case studies from around the globe to illustrate this interaction.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 333. Globalizing Inequalities - WR** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Prerequisite(s):** ANTH 201, or SOC 201, or SOC 202, or faculty consent.
**Description:** One popular story about globalization holds that human beings have been like boats all rising together on a globalizing tide. The course uses data and perspectives from across the social sciences to develop a more realistic story-one that understands that people are not boats and that tides can alternately lift them up or beat them down, refresh them or drown them depending on the circumstances. Questions about those circumstances structure the course. Another question addressed by the course; how can knowing more about globalization and in/equality help us develop the human career in different possible directions? The readings and other materials vary greatly by period, by geographical focus, and by analytical perspective.

**ANTH 337. Nationalism, Violence, and the State** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** This course examines the development of the modern nation-state and its connections to violence. The course considers the processes, ideologies, and mechanisms of state-sanctioned violence, interethnic/racial violence, pogroms, massacres and warfare in historical and contemporary contexts. The course also considers the efforts of international agencies in the establishment of courts and the allocation of punishments and formal mechanisms countries have utilized to resolve conflict.

**ANTH 338. Anthropology of Refugees** **3 Units**
**Term Typically Offered:** Spring Only
**Description:** The course addresses forms of forced migration, including refugees, internally displaced persons, and those displaced by development and disasters. The course is organized around four broad themes; defining and conceptualizing refugees and forms of international intervention; anthropological theory of mobilities and displacement; and applied anthropology. The course covers theoretical implications of displacement central to the anthropological concern with transnational movements, mobility, identity, and belonging and the notion of the ethnographic field.

**ANTH 346. Sustainability: Anthropological Perspectives** **3 Units**
**Description:** Decision makers often target growth, mostly measured by economic indicators, as the cure-all solution to a myriad of economic, ecological, and social challenges. However, growth without consideration of the environment or social equity often leads to recurring crises. This course considers environmental, social, and economic challenges that we face from a different angle: How can we meet the needs of the present without compromising the ability of future generations to meet their own needs? The goal of this course is to foster systems thinking and take a holistic approach to explore theoretical and practical issues and solutions related to environmental, social, and economic sustainability.

**ANTH 348. State & Empire** **3 Units**
**Description:** The argument: that states and empires lie at the heart of the social sciences, of the humanities, and of our everyday lives. The devil lies mainly in the details. Different states and empires serve as examples, with specific foci depending on the instructor's expertise. Stressed: how older empires haunt newer ones. Also emphasized: colonization and empire work as much "at home" as they do "abroad". The course is organized to keep problematical character of states and empires in our sights. It is organized, that is, to suggest that states and empires may often present where we ordinarily do not look for them.

**ANTH 349. Modes of Consciousness** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** This course is devoted to examining how consciousness mediates between humans and the wider material world. While all of the concepts central to anthropology and the other social sciences--culture, society, evolution, history, mind, politics, economics--are premised in consciousness, the premise receives attention only sporadically. The attention that has been paid reveals that consciousness is not uniform. It has various modes. Thus the course focuses on these.

**ANTH 352. Food and Body Politic** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** This course takes an interdisciplinary approach to the study of food. The course examines food and food-ways as products of soil, culture and politics. The study of food reveals much about social relations (family, gender and work) as well as national and international health, economic and environmental policy. Students will consider the forces that have shaped the food system and our daily food choices, or lack there of. In particular, the course traces the evolution of the industrial food system in America and the impact this system has on our health, identity, environment, worker's rights, natural resources, animals, crop diversity and more.

**ANTH 354. Anthropology of Infectious Disease** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** Anthropology helps us understand our species across time and space from cultural and biological perspectives, and when investigating how infectious disease affects our species we must use the same perspectives. A bio-cultural approach on past and present infectious disease creates a more comprehensive and holistic scenarios when reconstructing the impact of pathogens on human populations. The course covers four paradigmatic infectious diseases: plague, leprosy, tuberculosis, and cholera.

**ANTH 355. Black Death: The Pandemic that Changed Human History** **3 Units**
**Term Typically Offered:** Fall Even Years
**Description:** The Black Death of the fourteenth century is, perhaps, one of the most studied and discussed pandemics in human history, but still we are trying to answer different questions such as: Where did it start? How accurate is retrospective diagnosis? How did different societies and countries react against the Black Death? What were the religious and social responses to the Black Death? How did the Black Death change human populations and lifestyles? The interplay and dialogue among disciplines such as history, anthropology, and biology help us to understand how infectious diseases affect our species, and a bio-cultural approach will create a more comprehensive and holistic scenario when reconstructing the impact of epidemics on human populations.

**ANTH 376. Quantitative Analysis in Anthropology** **3 Units**
**Term Typically Offered:** Fall Even Years
**Description:** This course provides an introduction to the use of quantitative analysis methods in anthropological research. Topics will include descriptive statistics, hypothesis testing, and multivariant statistics. The course will focus on choosing the appropriate statistical tests to answer specific research questions, proper interpretation of results, and visual and graphical methods for displaying results. This course is not intended to be an advanced math class, and derivation of statistical tests will not be covered in detail. However, students will be expected to gain an understanding of the logic and assumptions behind each test, when it should be used, and how results should be interpreted.

**ANTH 378. Lithic Technology** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Prerequisite(s):** Sophomore standing or above.
**Fee:** An additional $25.00 is charged for this course.
**Description:** This course provides an introduction to the study of stone tool technology. Topics to be covered include broad examination of major changes in stone tool technology during the course of human prehistory (~3.3 million-10,000 years ago), analytical approaches commonly employed by archaeologist to interpret the lithic record, and experiential learning through knapping and lab exercises. In addition to the hands-on exercises, the course material is supported by films, and required readings from the textbooks and journal articles.

**ANTH 379. Ceramic Analysis** **3 Units**
**Description:** Pottery is abundant in many archaeological sites, and the study of pottery has a long history in archaeology. Analysis and interpretation of ceramics has been used by archaeologists to accomplish varied ends: to establish a time scale, to document interconnections between different areas, sites or groups of people,and to suggest what activities were carried out at particular sites. Archaeologists also use ceramics as a basis to understand the organization of ceramic production itself as an important activity. The varied means that archaeologists use to bridge the gap between the recovery of ceramics and their interpretation is the focus of this course.

**ANTH 380. Ice Age People: Colonization of the Americas - SB** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** It is widely accepted that the first Americans came into the New World sometime before 12,000 years ago, when the earth was in an Ice Age. Beyond this, little is certain. Anthropologists use artifacts to piece together the story of who the initial colonists were, where they originated, when and how they got here, and how they adopted to their new landscape. The goal of this course is to explore the contributions of archaeology, human genetics, paleoanthropology, linguistics, vertebrate paleontology, and paleogeography in peopling of the Americas research. We will discuss how the evidence provided by these disciplines is used in the search for Ice Age Americans. In other words, how researchers use prehistoric artifacts to build ideas about the prehistory of America.

**ANTH 381. Geoarchaeology** **3 Units**
**Term Typically Offered:** Spring Even Years
**Description:** A firm grasp of geologic principles is essential for interpreting prehistoric archaeological sites, and this course provides students with a basic understanding of geoarchaeology. No prior geologic or archaeological knowledge is required to take this course. The course begins with the basics of sediments, soils, stratigraphy, and dating. This is followed by discussion of different depositional environments and their impacts on the archaeological record. Key topics include site formation processes, landscape reconstruction, and interpretation of climate change.

**ANTH 475. Engaged Anthropology - CUE** **3 Units**
**Term Typically Offered:** Spring Only
**Prerequisite(s):** Junior standing and 15 credits in Anthropology or permission of instructor.
**Description:** In this course, students will explore anthropology as a profession and discipline that engages the public and contemporary issues and examine how majors use the knowledge and skills of an anthropology degree in the professional world. The purpose of this course is to enable students to make connections across sub fields, synthesize their understanding of anthropology, and think critically about its place in our communities and the world. The course will be team-taught and will cover the three sub-fields in the department: Cultural Anthropology, Biological Anthropology, and Archaeology. Course activities will include field trips, engagement with local organizations, and guest lectures. This course will also include a practicum intended to prepare anthropology majors for a successful job search or graduate school application in which students will learn to articulate the knowledge and skills they have acquired during their undergraduate degree.
**Course Attribute(s):** CUE - This course fulfills the Culminating Undergraduate Experience (CUE) requirement for certain degree programs. CUE courses are advanced-level courses intended for majors with at least 90 earned credits/senior-level status.

**ANTH 508. History of Anthropology - CUE, WR** **3 Units**
**Term Typically Offered:** Fall, Spring
**Prerequisite(s):** Anthropology majors or consent from instructor, and 18 hours of Anthropology credits.
**Description:** The course provides an integrated introduction to a history of theory and practice in anthropology. Interleaving examples from cultural, archaeological, and biological anthropology, the course delves into understanding anthropological work as the production of knowledge. Encountering elements from the traditional corpus of anthropological literature, as well as contrarian pieces, students will refine their abilities to hold an informed anthropological perspective, even as they reconcile and come to understand inconsistencies in the past practice of anthropology. This course is designed to furnish a strong basis for postbaccalaureate study and applied anthropological practice.Approved for the Arts and Sciences upper-level requirement in written communication (WR).
**Note:** Anthropology graduate students cannot enroll in this class.

**ANTH 517. Anthropology of China** **3 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** Graduate standing or permission of the instructor.
**Description:** It is widely acknowledged that China is a rising power in the global political economy. However, with the coexistence of tradition and modernity, the nature of Chinese culture and society remains heavily debated. This course explores a wide range of topics and issues that constitute the socio-cultural fabric of contemporary mainland Chinese society. These topics include, but are not limited to, family, gender, ethnicity, religion, education, politics, and economics. Our investigation will focus on two broad themes: 1) the unity and diversity of Chinese society, and 2) the continuity and change that took place from late traditional China to the present. The goal of this course includes learning various aspects of Chinese culture and society, studying diverse anthropological approaches to the study of China, and examining the political dimensions of representation.
**Note:** Cross-listed with AST 517.
**Note:** Students may not receive credit for this course and ANTH 317 or AST 317.

**ANTH 522. Ecology, Politics and Culture** **3 Units**
**Description:** This course examines the relations between ecology, economic system, culture, ideology and power relations. The focus moves back and forth between theoretical synthesis and case studies. The case studies are both ethnographic and historical. A few of the themes treated in detail: the role of religious ritual in regulating certain environments; the mutual influences of ecology and political economy in the making of "the Third World"; the local and global politics of national parks; combined and uneven development. Stress is laid on political ecology as a complex, shifting, analytical framework. Questions of sustainability weave in and out of the proceedings. Also emphasized: the story of ecological analysis over the last seventy years is a story about changing relations between anthropology and other social sciences.

**ANTH 526. Archaeology as Practice** **3 Units**
**Prerequisite(s):** ANTH 204.
**Description:** This course focuses on the analytical techniques that archaeologists use to study the past. Students will learn the practice of archaeology emphasizing modern methods of survey, excavation and analysis used to investigate the past. By the end of the course, students will have learned how to construct their own research plan, collect and analyze their data and draw inferences about the past.

**ANTH 528. Animals and Humans** **3 Units**

**Description:** This course explores the complex and often contradictory ways that humans interact with animals. We cover a range of topics emerging from a multidisciplinary perspective including the origins of hunting and domestication: modern animal economies; cross-cultural attitudes toward animals; symbolic representations of animals in art, literature, religion and folklore; animals as companions; and the status of animals, both wild and domestic, in contemporary society. Students will gain a broad, cross-cultural perspective on the relationship humans have with the rest of the animal kingdom, focused mainly on other mammals.

**ANTH 529. Zooarchaeology** **3 Units**

**Prerequisite(s):** Graduate student status.
**Description:** The course will provide basic instruction in the identification of animal remains commonly recovered from archaeological sites. It will follow a taphonomic approach to zooarchaeology with an emphasis on understanding and interpreting the formation of archaeological faunal assemblages. The course examines approaches to using bone data to construct and investigate archaeological questions. Students will engage in hands-on identification and interpretation of animal remains commonly found in archaeological sites.

**ANTH 530. Human Impacts on Past Environments** **3 Units**

**Prerequisite(s):** Graduate status, or consent of instructor.
**Description:** This course is about the archaeological and paleoecological record of past human impacts on Earth. We will explore a number of concepts regarding socio-natural systems including land degradation, perception, resilience and sustainability. The course will provide a background for understanding the ways archaeologists and paleoecologists reconstruct past environments and recognize human impacts. We will examine a number of global case studies and discuss the possible lessons for current and future decision-making in human land-use.

**ANTH 535. Nutritional Anthropology** **3 Units**

**Description:** This course provides students with a broad overview of topics in nutritional anthropology; an area of study that is highly multidisciplinary. Students will learn to critically think about the impact of culture concerning the current understanding of nutrition in a biocultural context. The course will range over nutritional aspects of human evolution, federal perspectives on nutrition, aspects of nutritional epidemiology, food and ethnicity, food and self, and obesity as culture bound syndrome.

**ANTH 540. Health and Civilization** **3 Units**

**Term Typically Offered:** Occasionally Offered
**Prerequisite(s):** Graduate status, or consent of instructor.
**Description:** The central goal of this course is to understand how at multiple bio-cultural levels human populations (past and present) respond to their surroundings and social contexts, and how their responses can affect human health, the environment, and their own adaptation. To achieve this goal, the course will be focused on human lifestyle changes, the emerging of new diseases, and epidemiological transitions developed after the agricultural revolution and after the rise of complex, interdependent, and crowded societies.

**ANTH 549. Modes of Consiousness** **3 Units**
**Term Typically Offered:** Occasionally Offered
**Description:** This course is devoted to examining how consciousness mediates between humans and the wider material world. While all of the concepts central to anthropology and the other social sciences-culture, society, evolution, history, mind, politics, economics-are premised in consciousness, the premise receives attention only sporadically. The attention that has been paid reveals that consciousness is not uniform. It has various modes. Thus the course focuses on these.

**ANTH 555. Black Death: The Pandemic that Changed Human History** **3 Units**
**Term Typically Offered:** Fall Even Years
**Description:** The Black Death of the fourteenth century is, perhaps, one of the most studied and discussed pandemics in human history, but still we are trying to answer different questions such as: Where did it start? How accurate is retrospective diagnosis? How did different societies and countries react against the Black Death? What were the religious and social responses to the Black Death? How did the Black Death change human populations and lifestyles? The interplay and dialogue among disciplines such as history, anthropology, and biology help us to understand how infectious diseases affect our species, and a bio-cultural approach will create a more comprehensive and holistic scenario when reconstructing the impact of epidemics on human populations.

**ANTH 562. Special Topics in Cultural Anthropology** **3 Units**
**Prerequisite(s):** Consent of instructor.
**Description:** An examination of one or more specific areas of social-cultural anthropology. Details announced each semester.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 563. Special Topics in Biological Anthropology** **1-3 Units**
**Description:** An examination of one or more specific areas of biological anthropology. Details announced each semester.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 564. Special Topics in Archaeology** **1-3 Units**
**Term Typically Offered:** Occasionally Offered
**Prerequisite(s):** ANTH 202 and ANTH 204.
**Description:** An examination of specific areas of archaeology. Details announced each semester.

**ANTH 576. Quantitative Analysis in Anthropology** **3 Units**
**Term Typically Offered:** Fall Even Years
**Description:** This course provides an introduction to the use of quantitative analysis methods in anthropological research. Topics will include descriptive statistics, hypothesis testing, and multivariant statistics. The course will focus on choosing the appropriate statistical tests to answer specific research questions, proper interpretation of results, and visual and graphical methods for displaying results. This course is not intended to be an advanced math class, and derivation of statistical tests will not be covered in detail. However, students will be expected to gain an understanding of the logic and assumptions behind each test, when it should be used, and how results should be interpreted.
**Note:** Cross-listed with ANTH 376.

**ANTH 578. Lithic Technology** **3 Units**
**Prerequisite(s):** Graduate status or consent of instructor.
**Fee:** An additional $25.00 is charged for this course.
**Description:** This course provides an introduction to the study of stone tool technology. Topics to be covered include broad examination of major changes in stone tool technology during the course of human prehistory (~3.3 million - 10,000 years ago), analytical approaches commonly employed by archaeologists to interpret the lithic record, and experiential learning through knapping and lab exercises. In addition to the hands-on exercises, the course material is supported by films, and readings from the textbooks, and journal articles. Students are required to submit a literature based term paper focusing on ethnographic or archaeological case studies that incorporate lithic datasets.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 579. Ceramic Analysis** **3 Units**

**Description:** Pottery is abundant in many archaeological sites, and the study of pottery has a long history in archaeology. Analysis and interpretation of ceramics has been used by archaeologists to accomplish varied ends: to establish a time scale, to document interconnections between different areas, sites or groups of people,and to suggest what activities were carried out at particular sites. Archaeologists also use ceramics as a basis to understand the organization of ceramic production itself as an important activity. The varied means that archaeologists use to bridge the gap between the recovery of ceramics and their interpretation is the focus of this course.

**ANTH 581. Geoarchaeology** **3 Units**

**Term Typically Offered:** Spring Even Years

**Description:** A firm grasp of geologic principles is essential for interpreting prehistoric archaeological sites, and this course provides students with a basic understanding of geoarchaeology. No prior geologic or archaeological knowledge is required to take this course. The course begins with the basics of sediments, soils, stratigraphy, and dating. This is followed by discussion of different depositional environments and their impacts on the archaeological record. Key topics include site formation processes, landscape reconstruction, and interpretation of climate change.

**Note:** Cross-listed with ANTH 381.

**ANTH 582. Kentucky Archaeology** **3 Units**

**Description:** This course introduces students to the archaeology of Kentucky with a focus on the precontact record. We begin with Paleoindian hunter-gatherers and end with Euro-American Settlement, Antebellum, Civil War, and Postbellum Records. We review key sites and assemblages and discuss models of cultural change. We situate past populations on the landscape by learning about biotic and geographic variation across the Commonwealth and consider how changes in resource availability impacted humans through time. We also visit archaeological sites and/or research laboratories.

**Note:** Cross-listed with ANTH 682.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 583. Who Owns the Past?** **3 Units**

**Prerequisite(s):** Instructor approval required.

**Description:** This course explores the complexity of how the past and cultural heritage are used in political, professional, and everyday contexts, focusing on archaeological case studies from the 19th-21st Centuries. Over the course of the semester, students explore questions like: How is the past defined, and who should own objects and information about it? How are these questions culturally determined, and how do nationalism and issues of representation factor into the discussion? Why should we preserve the past, and how do we do so in meaningful and culturally sensitive ways? Through readings, written assignments, and discussion with peers, students examine these key ethical and epistemological issues in anthropology. Students apply principles learned throughout the course to develop a research project that explores a particular issue in cultural heritage.

**Note:** Cross-listed with ANTH 683.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ANTH 584. Anthropology of Death** **3 Units**

**Description:** Students will learn how anthropologists (cultural anthropologists, biological anthropologists, and archaeologists) employ theory, methods, and data to understand past and present societies through their treatment of the dead. Through in-class discussions, community-engaged activities, and culminating projects, students will learn how death is fundamentally transformative - how it physically transforms human landscapes, how it inevitability transforms societies, and how its passage transforms populations directly and indirectly affected.

## Course Fees

Some courses may carry fees beyond the standard tuition costs to cover additional support or materials. Program-, subject- and course-specific fee information can be found on the Office of the Bursar website (https://louisville.edu/bursar/tuitionfee/university-fees/).

**AE 111. Fundamentals of Safety** **3 Units**
**Term Typically Offered:** Fall Only
**Fee:** An additional $60.00 is charged for this course.
**Description:** An introduction to safety, health, and environmental issues that impact people and workplaces. Includes the historical development of management's support of employee safety, the impact of accidents on society, a legislative overview, emergency management and basic principles of risk assessment. Restricted to students enrolled in the Speed School of Engineering.
**Note:** Restricted to students enrolled in the Speed School of Engineering.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 121. Computer-Aided Design** **4 Units**
**Term Typically Offered:** Fall Only
**Fee:** An additional $80.00 is charged for this course.
**Description:** Introduction to Computer-aided Design (CAD). Topics include geometric constructions, 2D Multiview projection, dimensioning, sectioning, and an introduction to developing electrical schematics. Restricted to students enrolled in Speed School of Engineering.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 122. Electronic Systems** **4 Units**
**Term Typically Offered:** Spring Only
**Fee:** An additional $80.00 is charged for this course.
**Description:** A survey of electricity and electronics, including typical direct current and alternating current applications, safe practices, and technological impacts. Practical applications include breadboarding, design and problem solving, use of test equipment, and electronic project assembly/troubleshooting. Restricted to students enrolled in Speed School of Engineering.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 123. Solid Modeling & Rapid Prototyping** **4 Units**
**Term Typically Offered:** Summer Only
**Prerequisite(s):** AE 121 The use of a parametric modeling software for the study of developing threads, gears, standard fasteners, and other related applications.
**Fee:** An additional $80.00 is charged for this course.
**Description:** Geometric dimension and tolerancing (GD&T) is covered along with the use of 3D rapid prototyping techniques and experiences. Restricted to students enrolled in Speed School of Engineering.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 221. Semiconductor Electronics** **4 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 122 An in-depth study of semiconductor theory.
**Fee:** An additional $80.00 is charged for this course.
**Description:** Discrete devices such as diodes, transistors, and silicon-controlled rectifiers among others are introduced. The major component of the course involves integrated circuits (ICs); both digital and linear ICs will be covered, along with the hybrid IC timer. Surface mount technology (SMT) and emerging technologies, such as nanotechnology and biotechnology, will be presented. Practical applications include prototyping circuits, design and problem solving, use of test equipment and troubleshooting.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 222. Power Conversion & Control** **4 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 122.
**Description:** Electric motors are explored as energy conversion devices. Applications of energy and power conversion devices as they relate to industrial control systems. Fluid and electrical energy conversion circuitry will be designed, implemented and tested to perform specific control applications.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 223. Industrial Robotics I** **4 Units**
**Term Typically Offered:** Spring Only
**Prerequisite(s):** AE 222.
**Description:** The study of industrial robotics. Topics include the history, classifications, evaluation, programming techniques, path control, and safety.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 224. Digital Electronics** **4 Units**
**Prerequisite(s):** AE 221.
**Description:** Practical applications of digital logic for processing electronically encoded information. Covering numbering systems, logic design, basic gates, sequential and combinational logic, and digital troubleshooting.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 288. Industry Experience Seminar** **0 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Fall, Spring
**Description:** Discussion of the policies and procedures for industry experience / experiential learning component of Applied Engineering program, and instruction in self- directed job search techniques, including interviewing skills, resume preparation, and guidelines for the reporting of industry hours.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 289. Industry Experience Hours Semester 1** **0 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 288.
**Fee:** An additional $150.00 is charged for this course.
**Description:** Technical work experience related to the student's Bachelor of Science in Applied Engineering academic program. Students do not need to have accumulated hours prior to enrolling in this course.
**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 290. Industry Experience Hours Semester 2** **0 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Spring Only
**Prerequisite(s):** AE 289.
**Fee:** An additional $150.00 is charged for this course.
**Description:** Technical work experience related to the student's Bachelor of Science in Applied Engineering academic program. Students should have accumulated between 250 and 600 hours prior to enrolling in this course.
**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 313. Quality & Lean Systems** **3 Units**
**Term Typically Offered:** Spring Only
**Prerequisite(s):** MATH 109 or equivalent.
**Fee:** An additional $60.00 is charged for this course.
**Description:** The history and development of the quality movements; factors influencing the total quality concept; the scope of modern quality systems; management organization and strategies for quality; engineering technology for quality; lean manufacturing systems; and an introduction to the statistical tools for measurement and monitoring of quality. Restricted to students in Speed School of Engineering.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 321. Mobile Robotics I** **4 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 123, AE 224, and CSE 130.
**Description:** The introductory study and development of autonomous mobile robotic solutions. Emphasis is placed on the programming and interfacing of microcontrollers with analog and digital sensors to control autonomous mobile robots in complex known environments.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 322. Programmable Logic Controllers** **4 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 222.
**Fee:** An additional $80.00 is charged for this course.
**Description:** The integration and application of the programmable logic controller (PLC) for process control. Students obtain an introduction to programming relay ladder logic, interfacing sensors and output devices, and solving basic digital and analog control problems.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 323. Programmable Logic Controllers II** **4 Units**
**Term Typically Offered:** Spring Only
**Prerequisite(s):** AE 223 and AE 322.
**Fee:** An additional $80.00 is charged for this course.
**Description:** The integration and application of the programmable logic controller (PLC) for advanced process control. Course focus will be on industrial networking techniques/protocols, Human-machine Interfaces (HMIs), supervisory control of industrial robots, and PID loop tuning.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 389. Industry Experience Hours Semester 3** **0 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 290.
**Fee:** An additional $150.00 is charged for this course.
**Description:** Technical work experience related to the student's Bachelor of Science in Applied Engineering academic program. Students should have accumulated between 500 and 750 hours prior to enrolling in this course.
**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 390. Industry Experience Hours Semester 4** **0 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Spring Only
**Prerequisite(s):** AE 389.
**Fee:** An additional $150.00 is charged for this course.
**Description:** Technical work experience related to the student's Bachelor of Science in Applied Engineering academic program. Students should have accumulated between 750 and 900 hours prior to enrolling in this course.
**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 421. Industrial Robotics II** **4 Units**
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 123, AE 223, and AE 323.
**Description:** The study of advanced industrial robotics. Topics include advanced programming techniques, financial justification, and integration of industrial robotic devices with machine vision. End-of-arm-Tooling design and development will also be incorporated along with an introduction to work cell design.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 431. Mobile Robotics II** **4 Units**
**Term Typically Offered:** Spring Only
**Prerequisite(s):** AE 321 and AE 411.
**Description:** The advanced study of the development of autonomous mobile robotic solutions. The course is a capstone experience focused on the planning and development of a fully autonomous mobile robotic system that utilizes machine vision in complex known environments. Students will utilize their project management and applied engineering skills throughout the experience.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 489. Industry Experience Hours Semester 5** **0 Units**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Fall Only
**Prerequisite(s):** AE 390.
**Fee:** An additional $150.00 is charged for this course.
**Description:** Technical work experience related to the student's Bachelor of Science in Applied Engineering academic program. Students should have accumulated between 1000 and 1200 hours prior to enrolling in this course.
**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**AE 499. Industry Experience Hours: Final Semester** **1 Unit**
**Grading Basis:** Pass/Fail
**Term Typically Offered:** Spring Only
**Prerequisite(s):** AE 489.
**Fee:** An additional $150.00 is charged for this course.
**Description:** AE 499 Industry Experience (1 credit hour): Certification of 2000 hours of technical work experience completed related to the student's Bachelor of Science in Applied Engineering academic program. Students should have accumulated between 1200 and 1700 hours prior to enrolling in this course.
**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

**AFS 301. Parent Education and Guidance** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** This course explores parent education and guidance through systems, lifespan, and developmental perspectives. Students will learn how parents teach, guide, and influence children, the changing nature of parent-child relationships across the lifespan, and best practices for supporting parents in diverse family structures. The course integrates research and theory on parenting practices, parent-child relationships, parenting rights and responsibilities, and the effectiveness of different parenting models and strategies.

**AFS 401. Family Life Education: Principles, Methods Development and Skill Application** **3 Units**
**Term Typically Offered:** Fall Only
**Description:** The purpose of Family Life Education is to help families build knowledge and skills so that they capitalize on their strengths to function at optimal levels. Students will learn the history, development, theory and principles of Family Life Education as well as the techniques and methods used in Family Life Education. Students will learn how to assess family-related educational needs (as related to improving current and future family functioning). Students will acquire the knowledge and skill to design, implement and evaluate family life education programs. Students will develop an understanding of how diversity and intersectionality influence family-life education so that they can develop and implement culturally competent educational materials and learning experiences.

**ARAB 121. Basic Arabic I** **4 Units**
**Term Typically Offered:** Fall, Spring
**Description:** Beginning course in Modern Standard Arabic that introduces sound and writing systems and certain morphological and syntactic features. Emphasis on reading, speaking, listening and writing skills.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ARAB 122. Basic Arabic II** **4 Units**
**Term Typically Offered:** Fall, Spring
**Prerequisite(s):** ARAB 121, placement, or permission of instructor.
**Description:** Second course in Modern Standard Arabic with continuing emphasis on listening, speaking, reading and writing skills, and vocabulary acquisition.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**ARAB 123. Basic Arabic III** **4 Units**
**Term Typically Offered:** Fall, Spring
**Prerequisite(s):** ARAB 122, or permission of instructor, or placement.
**Description:** Third course in Modern Standard Arabic that continues emphasizing listening, speaking, reading, and writing skills with advanced study of grammar.
