Department: Communication (<http://comm.louisville.edu/department/>)
Academic Plan Code(s): COMMBS, COMMBS_O

Program Information

This program can be completed 100% online (<http://louisville.edu/online/programs/bachelors/online-bachelor-of-arts-or-science-in-communication/>).

The Department of Communication offers both a Bachelor of Arts and a Bachelor of Science degree in Communication.

A Bachelor of Arts degree and a Bachelor of Science degree are equally valued. Both offer the students who earn them the opportunity to continue their education at the master's degree level if they are so inclined. But, the two tracks do tend to hone different strengths. The coursework required for a Bachelor of Arts degree generally allows students to sharpen their oral and written communication skills. The demands of a Bachelor of Science degree include sharpening basic Communication skills as well as developing analytical skills relevant to Communication in a more in-depth manner.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

Accelerated BS/MA (Master of Arts) in Communication

Communication majors who are considering pursuing a master's degree (MA) in Communication can speed up the process by applying some of their undergraduate credit hours toward a master's degree.

Undergraduate students interested in participating in an accelerated dual bachelors/master's degree offered through the University's Soaring Scholar Program must first meet with their academic advisor and be accepted into the program. Once accepted, students will receive an official admission letter outlining program policies and details. They will then work with their department and academic advisor to register for classes each semester, ensuring they meet the milestones and academic progress requirements of the Soaring Scholar program. Students accepted into the Accelerated BA/MA take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree. A Soaring Scholar student is considered an undergraduate student until their bachelor's degree is conferred. In their final undergraduate semester, they are expected to apply for admission to their respective master's program.

- ¹ Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.
- ² Includes 9-11 hours of electives

Specific coursework information can be found on the Degree Requirements tab.
